EXECUTIVE OFFICER'S STATEMENT

The Executive Officer informed the Board of the following:

Joint-Use Funding Update
On June 27, 2012, the SAB approved nearly $4.6 million in apportionments for Joint-Use projects that had been received as of March 1, 2011, leaving $536,974 available for the next project on the list of Joint-Use applications. It was stated that the Redondo Beach Unified School District accepted the remaining funds, which provided partial funding for its project. The OPSC will present the final apportionment item in the September 19, 2012 Consent agenda. All remaining Joint-Use applications that did not receive funding were returned to the school districts.

EXECUTIVE OFFICER'S STATEMENT (cont.)

Update on Priority Funding Certification Period
The recent 30-day priority funding certification filing period ended on August 9, 2012. School districts and charter schools submitted requests to be eligible to receive priority funding apportionments for projects on the Unfunded List (Lack of AB 55 Loans). The OPSC received requests for 217 projects from 103 school districts, representing nearly $534.3 million in unfunded approvals (54 percent of eligible projects). Approximately $995.3 million of unfunded approvals for 402 projects from 141 school districts were eligible to participate in this filing period. This was the lowest rate of requests since the SAB approved the Priority Funding Round process.

	Total $ Requested (in millions)	Total $ Eligible (in millions)	Percent Requesting Funding
April 2010	$1,612.2	$2,180.8	73.9%
October 2010	$1,983.8	$2,595.8	76.4%
July 2011	$1,318.5	$1,766.0	74.7%
January 2012	$710.1	$1,289.2	55.1%
July 2012	$534.3	$995.3	53.7%

Requests were valid until January 8, 2013. The next 30-day priority funding certification filing period will begin on Wednesday, January 9, 2013.

In response to this topic, Mr. Almanza requested that the Non-Participation in the Priority Funding Process Report that was presented to the SAB at the June 2012 SAB meeting, be brought back to the SAB as an Action Item for further discussion. He indicated that because bond authority is declining rapidly the SAB should address those projects that have not been participating in the Priority Funding Rounds.

Fund Releases for June 2012 Priority Funding Apportionments
At the June 27, 2012 SAB meeting, the Board approved $637.6 million in priority funding apportionments for 196 projects in 96 school districts. As of August 17, 2012, the OPSC received fund release requests for $357.9 million for 139 projects, and nearly $268.9 million has been released for 117 projects.

School districts that received a priority funding apportionment on June 27, 2012 must complete a *Fund Release Authorization* (Form SAB 50-05) containing an original signature, and submit it to the OPSC by Tuesday, September 25, 2012. If the Form SAB 50-05 is not physically received at the OPSC by 5:00 p.m. on Tuesday, September 25, 2012, the project will be rescinded without further Board action and will receive a new Unfunded Approval date of September 25, 2012.

Washington Unified/Fresno 50/76778-00-001

This item was withdrawn at the request of the Santa Clara County Office of Education.

Methods for Accepting School Facility Program Applications Once Bond Authority Has Been Exhausted

Mr. Michael Watanabe, representing the SAB staff, presented this item to the SAB and laid out the four options to the SAB. He stated that: 1) Option #1 would be where the OPSC continues to accept applications in date order received and publish them with the amounts requested by the school district (SFP Workload List, which is currently located in the Information section of the SAB agenda), but the applications have not been reviewed by the OPSC; 2) Option #2 would take Option #1 a step further by moving the SFP Workload List to an Action Item in the SAB agenda where the SAB would formally acknowledge the workload list; 3) Option #3 would be where the OPSC receives the application and processes it and once processed, the OPSC would create a new list (known as the Ready for SAB Approval Lilst) that would be published in the Information section of the SAB agenda but it would not be approved, accepted, or acknowledged by the SAB; and 4) Option #4 would be where the SAB does take an action on the list, whether it be a Consent or Action Item. The Chair asked for public comment and the following individuals addressed the SAB regarding this topic:

- Mr. Tom Duffy, representing the Coalition for Adequate School Housing (CASH) organization, stated support for Option #1.
- Mr. Lyle Smoot, representing Lyle Smoot Consulting, indicated support for Option #1 but create two lists; one as an unfunded list for school districts that met the 90-day certification period requirement and the other list would be for school districts that did not meet the requirement. He also stated that the SAB is required to continue accepting and processing applications for approval, according to Education Code Section 17072.20, so he was not sure how proposed regulations would work given the statutory framework.
- Mr. Eric Bakke, representing the Los Angeles Unified School District, stated that the conversation needs to continue because if the SFP is going to change, what is the point in the SAB accepting applications?
- Ms. Susan Stuart, representing the Contra Costa County Superintendents Coalition, stated her agreement with many of the discussions surrounding this topic.

A motion was made, and seconded, that the SAB approve Option #2 with the condition that the school district's governing board pass a resolution that indicates that the school district understands that there is no guarantee of program eligibility or program funding. In addition, Option #2 provides that proposed regulations be developed to implement the mechanics of Option #2 and be presented to the SAB at its next monthly meeting.

Options for Administrative Costs

The Executive Officer presented this item to the SAB and set forth four options for the SAB to discuss; 1) Option #1 would reserve $53.7 million in bond authority for administrative costs for Fiscal Years 2012/13, 2013/14 and 2014/15 in each Proposition 1D except for Modernization and New Construction, prorated by each program's remaining bond authority. It was noted that the Budget Act of 2012 appropriated $18.942 million for administrative costs, of which $17.916 million was appropriated from the 2006 School Facilities Bond Fund (Proposition 1D) but it did not specify the program source (i.e., New Construction, Modernization, etc.). 2) Option #2 would reserve $53.7 million in bond authority for administrative costs for Fiscal Years 2012/13, 2013/14 and 2014/15 in each Proposition 1D program, prorated by each program's remaining bond authority (New Construction, Modernization, Seismic, Career Technical Education Facilities, High Performance, and Overcrowding Relief Grant Programs); 3) Option #3 would reserve $53.7 million in bond authority for administrative costs for Fiscal Years 2012/13, 2013/14 and 2014/15 from the Overcrowding Relief Grant Program; and 4) Option #4 would reserve $53.7 million in bond authority for administrative costs for Fiscal Years 2012/13 (already allocated exclusively to Proposition 1D through the Budget Act of 2012), 2013/14 and 2014/15 in Propositions 47, 55, and 1D programs, prorated by each program's remaining bond authority. A motion was made, and seconded, to approve Option #4 and rather than prorating the costs by each program's remaining bond authority, distribute the costs based on workload and where the bond dollars are being spent. The Chair called for a roll-call vote, and the motion carried per the following votes:

ACTION ITEMS (cont.)

State Allocation Board Military Base/Department of Defense Sub-Committee

Mr. Watanabe, representing the SAB staff, provided brief background on this item and introduced Ms. Kathleen Moore who presented this item to the SAB. Ms. Moore had been the CDE representative working in conjunction with the Department of Defense (DOD) in providing federal funding (approximately $200 million) for seven military base schools in California. Mr. Robert Hertzveld, representing the DOD, Office of Economic Adjustment, provided the SAB with a status update of where the DOD program currently is in the funding process. A motion was made, and carried (with six ayes and two abstentions), that the SAB elects to recommend to the State Legislature to provide funding for military base schools in California in the next bond proposal in order to cover the total need for these types of projects.

South Whittier Elementary/Los Angeles 58/65037-00-001

Mr. Juan Mireles, representing the SAB staff, presented this item to the SAB. A motion was made, and carried, to approve Option #2, which approved the District's request and included a State share of $137,665. Mr. Ray Coco, representing the South Whittier Elementary School District, expressed his appreciation to the OPSC staff and to the SAB in approving the project.

Final Adoption of Proposed Emergency Regulatory Amendments Relating to the Prevailing Wage Monitoring Compliance Requirements

This item was withdrawn.

REPORTS, DISCUSSION, AND INFORMATION ITEMS

State Allocation Board Three-Month Projected Workload

Mr. Diaz made a motion, and it was seconded, to remove the Implementation of Assembly Bill (AB) 436 – Prevailing Wage Monitoring report from the "Tentative Workload for September 19, 2012." The Chair remarked that this particular issue was not under the purview of the SAB to have the Department of Industrial Relations report on the implementation of the compliance monitoring unit. Mr. Diaz indicated that since AB 436 affects every single State bond that is available, it is not specific to just the SAB. The SAB acquiesced with the motion.
