Administrative Hearings (TT CODE 5110, 5120, 5130)

The Office of Administrative Hearings (OAH) conducts administrative hearings and provides alternative dispute resolution services for a wide variety of state and local agencies.

OAH provides highly-trained, unbiased and professional administrative law judges, arbitrators, and mediators who preside over a wide variety of disputes and claims such as disputes involving professional and occupational licenses (doctors, dentists, real estate agents, vehicle salespersons, day care providers, registered nurses, etc.) developmental disability services, special education services, teacher disciplinary actions, teacher reduction in force (layoff), retirement, local ordinance violations, bid protests, audit appeals, etc.

For state agencies whose proceedings are subject to the Administrative Procedure Act (APA) (Gov. Code, §11370, et seq.), an interagency agreement is not required. Once an agency is established with OAH, OAH will direct-bill the state agencies using the agencies' bill code.

For state agencies and local agencies not subject to the APA, an interagency or local agency agreement is required before a case may be filed with OAH.

For additional information, please contact the Office of Administrative Hearings at (916) 263-0550 or visit our website at www.dgs.ca.gov/oah/About/OAHOffices.aspx

Return To "TABLE OF CONTENTS"

Automobile Rental (TT CODE 5640)

When use of a vehicle is essential for conducting state business, state employees can obtain a vehicle from the Sacramento State Garage.

To rent a vehicle on a short term basis you will need to provide the following:

- Complete a vehicle dispatch form.
- Present a valid driver's license.
- Present your department billing code.
- Sedan reservations may also be made via the internet (24 hours prior to travel to guarantee vehicle) at: www.dgs.ca.gov/ofam/Programs/FleetOps/VehicleLease.aspx

To rent a vehicle on a long term basis you will need to provide the following:

- Submit a Request on the OFA 160, to OFAM, 1700 National Drive, Sacramento, CA 95834.
- Upon approval of the request and availability of the vehicle, the employee shall go to the state garage and present a valid driver's license and department billing code.
- Present a valid A-card if an undercover plated vehicle is requested (CVC 5002).

For additional information, contact the Office of Fleet and Asset Management, (855) 611-6326 or view the OFAM website at www.dgs.ca.gov/ofam.

State Fleet Asset Management Program (TT CODE 5670)

The State Fleet Asset Management Program provides a variety of services aimed at controlling expenses and protecting the state's multi-billion dollar investment in its fleet assets, including:

1. Oversight of fleet acquisitions
2. Establishment of utilization criteria
3. Collection of statewide fleet information and trend analysis
4. Periodic assessment of fleet size and composition
5. Control of on-going fleet costs
6. Equipment and site inspection
7. Disposal of surplus fleet assets
8. Fleet related contract administration

Fleet Asset Management Fee: *This fee is based on the total number of motor vehicles and general purpose mobile equipment owned and leased by those state agencies governed by state mandates and rules (see Management Memo 05-09 at www.dgs.ca.gov/ofam for a listing of specific fleet mandates and rules). This fee supports the data collection, analysis, and inspections deemed necessary by the Office of Fleet and Asset Management to properly oversee the state fleet.*	**2013-2014:** $102.00 per asset annually.	**Proposed 2014-15:** $108.00 per asset annually.

For additional information, contact the Office of Fleet and Asset Management's State Fleet Asset Manager at (916) 928-5831 or view the OFAM website at *www.dgs.ca.gov/ofam*.

Return To "TABLE OF CONTENTS"

Surplus Property (TT CODE 5611)

State Surplus Property

The State Surplus Property and Reutilization (SP&R) Program is responsible for the proper disposal of all state-owned surplus personal property, vehicles, and other mobile equipment. Public auctions are held every six weeks for the disposal of state surplus property.

	2013-2014:	Proposed 2014-15:
Vehicle Disposition Fee:	$261.00 per vehicle.	$261.00 per vehicle.
Vehicle Decommissioning Fee:	$85.50 per vehicle.	$85.50 per vehicle.

For more information, contact the State Surplus Property Program at (916) 928-5800, or visit our website at www.dgs.ca.gov/ofam/Programs/StSurplus.aspx or www.dgs.ca.gov/ofam.

Federal Surplus Property

	2013-2014:	Proposed 2014-15:
The Federal Surplus Property Program Office allocates federal surplus personal property to the State of California's qualified recipients. The program office determines an organization's eligibility to receive federal surplus personal property based on stringent federal government guidelines, and ensures that allocated property is being used as the recipient represented it would be used within the time period restrictions established by the federal government.	9.00% of acquisition cost	9.00% of acquisition cost

Travel Management

	2013-2014:	Proposed 2014-15:
Travel Management Service Fee – The Statewide Travel and Meeting Management Program procures and manages the Statewide Airline Contracts (currently Alaska, Jet Blue, Southwest, United, and Virgin Airlines), the Statewide Rental Car Contract (currently Enterprise Rental Car), the Statewide Travel Payment Vendor (currently AMEX) and the State Travel Agency Vendor (currently Travel Store) for use by all state and local government agencies. For information contact the Statewide Travel Program at (916) 376-3998.	1.00% of total travel related spend	1.00% of total travel related spend
Fuel and Maintenance Service Fee – The Statewide Travel Program along with the Office of Fleet and Asset Management procures and manages the Statewide Fuel Card vendor (currently Voyager) for use by all state and local government agencies to purchase fuel, preventative maintenance services and authorized repairs for state and local government vehicles. For information contact the Office of Fleet and Asset Management at (855) 611-6326.	1.00% of total fuel, maintenance and repair spend	1.00% of total fuel related spend and repair spend

For more information, contact the Statewide Travel and Meeting Management Program at (916) 376-3998, or visit our website at www.dgs.ca.gov/travel/home.aspx or www.dgs.ca.gov/ofam.

Return To "TABLE OF CONTENTS"

Transit Storage (TT CODE 5612)

The Transit Storage Program offers client agencies quality supplemental storage at very competitive rates. Located in Sacramento, the Transit Storage Program can provide either pallet racking or high security storage. We can receive your materials directly from the supplier. There are no hidden charges or access fees, just low rates based on cubic feet.

2013-2014:
$0.26 per cu. ft. unsecured and secured ($5.00 Minimum).

Proposed 2014-15:
$0.29 per cu. ft. unsecured and secured ($5.00 Minimum).

For more information, contact the Transit and Surplus Property Programs at (916) 928-5839 or view the OFAM website at www.dgs.ca.gov/ofam/Programs/StSurplus/TranStor.aspx or www.dgs.ca.gov/ofam.

Return To "TABLE OF CONTENTS"

Human Resources Services (TT Code 8210)

Provides a full range of human resources services to various boards and commissions on a reimbursable basis. The services include: position classification, recruitment, examining, salary administration, payroll documentation, grievance handling, labor relations consulting, and performance consultation. These services are especially helpful to newly established boards and commissions.	**2013-2014:** Information on costs available upon request.	**Proposed 2014-15:** Information on costs available upon request.

Information and Records Management Services

	2013-2014:	Proposed 2014-15:
1. Records management services. 2. Review agencies' records management programs and provide training in records programs. 3. Records management consultants will be available through Master Service Agreements (MSA). MSA provides for evaluation of records management programs by pre-qualified contractors. State agencies, cities, counties, special districts, and public education institutions may use this contract.	Based on number of positions per Agency	Based on number of positions per Agency

Records Center Services (TT CODE 6451)

Operate records centers for the economical storage of records which must be retained, but which need not be kept in high cost office areas.

Provide vault facilities for the permanent storage of the state's vital or essential records in case of a disaster (microfilm copies only).

	2013-2014:	Proposed 2014-15:
1. Storage of Records in Records Centers The basic annual service charge, per cubic foot per year, covers storage and all services at the Records Center.	$4.29 per cu. ft. per year	$4.29 per cu. ft. per year
2. Surcharge for Long-Term Records In addition to the billing rates, a surcharge will be placed on all records stored in records centers 20 years and beyond. The charge is based on the rationale that records centers are not designed to offer permanent storage. This responsibility rests with the State Archives, Office of the Secretary of State. Agencies having long term records should plan to (a) reduce retention periods, (b) microfilm files, or (c) transfer records to the State Archives.	$0.89 per cu. ft. per year	$0.89 per cu. ft. per year
3. Offsite Storage of Essential Records This annual service charge covers delivery, storage, and retrieval of essential records, which are maintained in a controlled environment.	$23.38 per cu. ft. per year	$23.38 per cu. ft. per year

Destruction Center Services (TT CODE 6453)

	2013-2014:	Proposed 2014-15:
1. Destruction of Confidential Records This service charge covers the cost of shredding confidential paper documents by state personnel.	$0.11 per pound	$0.11 per pound
2. Destruction of Confidential Plastics Destruction of microfilm, microfiche, cassette tapes, computer tapes, and other like materials.	$0.33 per pound	$0.33 per pound

For additional information, contact the Office of State Publishing at (916)322-1031 or (800) 963-7860 or visit our website at www.dgs.ca.gov/osp.

Contract Advertising

The Procurement Division (PD) publishes state contracting opportunities daily on the Internet California State Contracts Register (CSCR). State law requires agencies to advertise their construction and service contracting opportunities of $5,000 or more and commodity contracts over $50,000 in the CSCR. Advertising exemptions may be requested based upon legal exemption criteria. CSCR services are available to local government and special districts.

CALIFORNIA STATE CONTRACTS REGISTER (TT CODE 6150) Agency Advertising/Exemption Fee	**2013-2014:** $45.00 each	**Proposed 2014-15:** $45.00 each

For additional information, contact the Procurement Division at (916) 375-2000 or visit our website www.dgs.ca.gov/pd/home.aspx.

Asset Management Branch (TT CODE 2910)

*An additional surcharge will be included on all invoices. The reason for, and amount of, this surcharge can be viewed at Small Business Certification and Resources (TT 2830).

	2013-2014:	Proposed 2014-15:
Asset Enhancement The Asset Management Branch (AMB) is available to help identify and assist in the enhancement of the value of state-owned property prior to disposition.	Estimates available upon request.	Estimates available upon request.

Portfolio Management
The AMB conducts regional facilities planning and maintains a regional profile of the state's real estate portfolio, including the status of state-owned and leased facilities, Real Estate Services Division projects, agency office space occupancy information and utilization, and short and long-term office space requirements. Staff provides administrative support and coordination related to joint powers authorities, business improvement districts, local assessment districts, and other unique facility needs beyond on-site property management. Staff also reviews and assesses relevant local government planning and development proposals that could impact state government properties.

A rental surcharge of .38% in 2013-2014 and .38% in 2014- 2015 will apply to leases, lease consolidate, and DGS state-owned space for regional facilities planning services in lieu of the hourly rate.

For additional information, contact the Asset Management Branch in the Real Estate Services Division at (916)376-1799 or visit our website www.dgs.ca.gov/resd/Programs/AssetManagement.aspx.

Construction Services Branch (TT Code 3100)

Construction Services (TT Code 3109):

	2013-2014:	Proposed 2014-15:
Construction Supervision Provision of on-site inspection, contract administration, and/or construction management services through the direct assignment of a Construction Supervisor or Inspector to each project during construction period.	$150.00 per hour	$150.00 per hour
Direct Construction Direct accomplishment of high quality, rapid response construction work in state-owned buildings, with minimum client disruption, as follows: *Emergency Work* - necessary to correct or mitigate fire, life safety or security issues officially declared as an "emergency" caused by a variety of reasons. *Urgent Work* - necessary to correct or mitigate fire, life safety or security issues which are urgent (not official emergencies) caused by a variety of reasons. *Standard Work* - necessary to complete construction solutions to a wide variety of construction challenges including: historic restoration and renovation, alteration, repair, tenant improvement, Americans with Disability Act (ADA) compliance.		

For additional information, contact the Construction Services Branch in the Real Estate Services Division at (916)375-4838 or visit our website at www.dgs.ca.gov/resd/programs/constructioninspection.aspx

Return To "TABLE OF CONTENTS"

Professional Services Branch

Included in cost estimates is the Procurement Division's, Office of Small Business and Disabled Veteran Business Enterprise Services surcharge of .46% in 2013-2014 and 2014-2015 on the dollar value of construction and private architectural and engineering contract awards.

Design Services (TT CODE 2820):

	2013-2014:	Proposed 2014-15:
Architecture and Engineering Project Management - Basic Services Develops program budget plans, schematic plans, preliminary plans, working drawings, technical specifications, and cost estimates, and construction phase architectural and engineering services for Capital Outlay and Special Repair Construction Projects. Pre-design architectural programming, facility evaluations, construction, feasibility and infra-structure studies are also available.	$178.00 per hour	$179.00 per hour
Space Planning-State Leased Facilities (TT CODE 2810): Provides programming, space planning, interior design, and project management services for state leased facilities. These services include the site search and survey, evaluation of available properties, the layout, design, plans, specifications, and building review of tenant improvements for new facilities, expansion and/or alterations of existing space, and build-to-suit projects; new and reconfigured conventional and modular systems furniture (MSF); cost and time estimates for the acquisition, relocation, and construction of state leased facilities. Provides programming, space planning, interior design, and project management services for state leased facilities. These services include the site search and survey, evaluation of available properties, the layout, design, plans, specifications, and building review of tenant improvements for new facilities, expansion and/or alterations of existing space, and build-to-suit projects; new and reconfigured conventional and modular systems furniture (MSF); cost and time estimates for the acquisition, relocation, and construction of state leased facilities.	$120.00 per hour	$124.00 per hour
State-Owned Facilities Planning (TT CODE 2810) Provides programming, space planning, interior design, construction documents and project management services for tenants in DGS operated state office buildings. Services include the evaluation of existing spaces, layout, design, plans specifications, schedules, estimates and construction management of tenant improvements, alterations, and modular systems furniture projects.	$120.00 per hour	$124.00 per hour
Architectural Design Architectural design concepts illustrated by plans, elevations, sections, and other graphic representations and technical specifications describing the type of construction, occupancy, building materials, and special features required to meet the facility program requirements of the client.	$178.00 per hour	$179.00 per hour

	2013-2014:	Proposed 2014-15:
Civil Engineering Site development work including site clearing and grading; retaining walls, roadways, parking, and yard paving; storm water collection, drainage and disposal systems; water supply, treatment, and conveyance facilities; waste water collection, treatment, and disposal facilities; topographic surveys; underground storage tanks and pollution control measures; plans and specifications for budget level, design development, and construction documents; construction phase support services; field investigations, surveys, special studies, and reports.	$178.00 per hour	$179.00 per hour
Cost Engineering Prepares construction cost estimates for various phases of project development. Value engineering analysis. Life cycle cost analysis. Verification and review of estimates prepared by other agencies and private consultants.	$178.00 per hour	$179.00 per hour
Electrical Engineering Electrical designs for primary and secondary electrical distribution systems, standby and emergency power systems, power quality for computers, interior and exterior lighting and illumination, telecommunications and data systems, fire/life safety systems, security surveillance systems; plans and technical specifications for budget level, design development, and construction documents; construction phase support services; field investigations, surveys, special studies, and reports.	$178.00 per hour	$179.00 per hour
Graphic Architecture Services Architectural/engineering physical and 3-dimensional computer assistant design and drafting (CADD) models and renderings; architectural and site signage; architectural photography; exhibit design, and publication design.	$178.00 per hour	$179.00 per hour
Landscape Architecture Landscape design services for site landscaping, hardscaping and irrigation systems to enhance aesthetic and functional aspects and minimize maintenance requirements of site development; budget level, design development, construction documents and construction phase support services; site surveys, program and cost information, design consultation and plan checking services; field investigations, surveys, special studies, and reports.	$178.00 per hour	$179.00 per hour
Mechanical Engineering Mechanical designs, calculations and drawings for heating, ventilation, air conditioning, refrigeration, plumbing, chiller and steam generating plants and mechanical distribution systems; energy management control systems, computer calculations and data analysis; plans and specifications for budget level, design development, and construction documents; construction phase support services; field investigations, surveys, special studies and reports. Mechanical designs, calculations and drawings for heating, ventilation, air conditioning, refrigeration, plumbing, chiller and steam generating plants and mechanical distribution systems; energy management control systems, computer calculations and data analysis; plans and specifications for budget level, design development, and construction documents; construction phase support services; field investigations, surveys, special studies, and reports.	$178.00 per hour	$179.00 per hour

	2013-2014:	Proposed 2014-15:
Structural Engineering Prepare structural designs, calculations and drawings for new construction and alterations/additions to existing state buildings; structural studies and reports on existing buildings where structural problems may arise or where upgrading is anticipated; construction phase support services; field investigation, surveys, special studies, and reports.	$178.00 per hour	$179.00 per hour
Vault Services Provides storage of building design and construction plans. Services include records management, storage, duplication, and maintenance.	Cost available upon request.	Cost available upon request.
Environmental Services Section (TT CODE 2840): Serves all departments, boards, and commissions with environmental studies and contracts, regulatory agency consultation, and permitting compliance. ESS experienced staff can prepare environmental documents required by the CEQA and NEPA, provide special studies (hazardous materials, due diligence, cultural and natural resources, site suitability, etc.), and manage professional consultant services. CEQA/NEPA and environmental consultants are maintained under retainer contracts for a broad range of specialized assessments and studies, for securing environmental permits, and implementing monitoring requirements. Project-specific environmental services contractors can be secured at the client's request for all project types including CEQA/NEPA, site investigations, adoption of regulations, facility operation permit compliance (monitoring well reporting, UST Designated Operator, Air Quality permits, etc.). ESS offers permit application and compliance assistance (SWPPPs, 404/401s, 1601/1603, storage tank abandonment, site closures, etc.) from Regional Water Quality Control Boards, US Army Corps of Engineers, California Department of Fish and Game, and other state and local regulatory agencies; staff also has expertise in environmental due diligence required for land acquisition including management of preliminary site assessments and reports required by the State Public Works Board.	$120.00 per hour	$124.00 per hour

Special Programs Section:

	2013-2014:	Proposed 2014-15:
Access Compliance Program Including surveying, recommendations for conformance and managing the design and construction process; special repair program including managing the design and construction process at multiple sites throughout the state.	$178.00 per hour	$179.00 per hour
Energy Management Program Retro commissioning projects, energy audits and Implementation along with solar.	$178.00 per hour	$179.00 per hour
Hazardous Waste Management Programs Asbestos survey, underground storage tank, mold, lead related issues; action plans and specifications; remedial investigation, construction work; monitoring and certification. Maintains a data base of all state-owned facilities with asbestos.	$178.00 per hour	$179.00 per hour

	2013-2014:	Proposed 2014-15:
Seismic Retrofit Provide structural evaluations of buildings including recommendations for retrofit solutions, manage the retrofit process from design through construction, maintain a database on the structural status of all state-owned buildings.	$178.00 per hour	$179.00 per hour
Project Management - Special Repairs Projects Provides management for a multitude of special repair projects and programs that consist of all types of renovations to existing facilities which encompass all aspects, from feasibility studies through project completion.	$178.00 per hour	$179.00 per hour
Leasing Services (TT CODE 3430): Site survey and search, solicitation, evaluation of available properties, preparation of bid packages, conduct competitive bidding, lease negotiation and preparation for office, warehouse, laboratory space, lease-purchase, and ongoing lease management.* *	1.50% of monthly rent	1.51% of monthly rent

*** If there are substantial changes in program scope which require extensive re-planning and/or leasing effort, the project in hand will be canceled and billed at the hourly rate for actual time spent.*

	2013-2014:	Proposed 2014-15:
Build to suit facilities: Hourly leasing services as outlined above, obtaining assignable options, and zoning coordination.	$123.00 per hour	$126.00 per hour
Hourly leasing services, which include client document review, land lease, parking, telecommunication sites, and special studies.	$123.00 per hour	$126.00 per hour
Modular Buildings and Mobile Units leasing services: Hourly leasing services as outlined in (1) will apply if the state lease provides an equity position or option to purchase at any time during the lease term. (1) Site survey and search, solicitation, evaluation of available properties, preparation of bid packages, conduct competitive bidding, lease negotiation and preparation for office, warehouse, laboratory space, lease-purchase, and ongoing lease management.* *	$123.00 per hour	$126.00 per hour

*** If there are substantial changes in program scope which require extensive re-planning and/or leasing effort, the project in hand will be canceled and billed at the hourly rate for actual time spent.*

	2013-2014:	Proposed 2014-15:
Real Property Services (TT CODE 2920): Provide Technical real property services including site selection, acquisition/ review in support of the State Public Works Board, title due diligence, appraisal review, transfer of property rights, relocation assistance, telecommunication leasing and leasing of state-owned property.	$123.00 per hour	$126.00 per hour

Statewide Property Inventory (TT CODE 2830): An inventory of all state proprietary land holdings and leases are maintained and available for reference. Agencies are assessed an annual per record surcharge on proprietary land holding records for maintenance of the inventory system.	**2013-2014:** $1.85 per record Ad hoc and standard reports available upon request w/o charge. Fee may be required if request involves a large amount of research.	**Proposed 2014-15:** $1.85 per record Ad hoc and standard reports available upon request w/o charge. Fee may be required if request involves a large amount of research.

Support services for all leasing activities and the inventory of state leases and property holdings. Agencies are assessed a percentage of .09% that is based on the rental amount to state leases with private entities.

Other Services:

Architectural programming, feasibility studies for new facilities, special studies and evaluations of existing facilities for infra-structure, State Fire Marshal and ADA compliance; site suitability reports, soil investigations, project analysis, contract management and administration, and document retrieval.

For additional information, contact the Professional Services Branch in the Real Estate Services Div. at (916) 375-4700 or visit our website www.dgs.ca.gov/resd/AboutUs.aspx

Project Management Branch (TT Code 2310)

Provides project management services for various types of construction projects. It provides consulting services for scheduling and estimating the cost of construction of capital outlay projects and manages the preparation of budget packages for capital outlay projects. It also provides management services for plan preparation (architectural services) and construction management. Details of these services are listed below:

For additional information, contact the Project Management Branch in the Real Estate Services Division at (916) 376-1700.

	2013-2014:	Proposed 2014-15:
Capital Project Delivery: PMB provides consultation on the various methods of Capital Project Delivery. Includes such items as the capital outlay process, design-build process, bond financing, joint powers authorities projects, and federal-state funded projects.	Estimates available upon request.	Estimates available upon request.
Claims Management: PMB provides consultation on the methods to avoid costly claims on construction contracts. PMB is also available to consult on the resolution of claims.	Estimates available upon request.	Estimates available upon request.
Contracting Services: PMB provides services related to the process for contracting for professional services, service agreements, memorandum of understandings, interagency agreements, and construction contracts.	Estimates available upon request.	Estimates available upon request.
Cost Estimating: PMB provides cost estimating services for facilities plans, environmental planning assessments, design and construction of new construction and renovations for buildings and infrastructure projects, cash flow projections, review of consultant or contractor-prepared cost estimates. All levels of cost estimates are available, including conceptual estimate, schematic design estimate, design development, construction document estimate, change order estimate, and claims analysis.	Estimates available upon request.	Estimates available upon request.
Project Scheduling: The PMB provides computerized scheduling services for planning, design and construction of capital projects. Schedules include bar chart schedules, critical path method (CPM) schedules, resource allocation schedules, and cash flow reports.	Estimates available upon request.	Estimates available upon request.
Renovation: The PMB provides consultation on the planning, financing, phasing, scheduling, design, and construction of major renovation projects.	Estimates available upon request.	Estimates available upon request.

Risk and Insurance Management

Defensive Driver Training (TT CODE 5720) The Defensive Driver Training Program is designed to encourage drivers to think in terms of managing risks while driving in order to avoid or reduce the severity of accidents. The Office of Risk and Insurance Management has implemented an online defensive drivers training course available to all state employees at no cost.

Additional courses offered include:

	2013-2014:	Proposed 2014-15:
Van Driver Classroom Training	Available upon request.	Available upon request.
Behind-the-Wheel Training	Available upon request.	Available upon request.
One-on-One Behind-the-Wheel Training	Available upon request.	Available upon request.

For additional information, contact the Office of Risk and Insurance Management, at (916) 376-5297.

	2013-2014:	Proposed 2014-15:
Equipment Maintenance Management Program (TT CODE 5714) The Office of Risk and Insurance Management has implemented an insurance based Equipment Maintenance Management Insurance Program (EMMP) that replaces existing equipment manufacturer and third party service contracts and enables departments to reduce the annual cost of maintaining equipment, improve service performance, and enhance tracking of maintenance events and costs. *For additional information, contact the Office of Risk and Insurance Management, at (916) 376-5278 or email riskmanagement@dgs.ca.gov.*	3.50% of premium	3.50% of premium
Hazardous Contract Review (TT CODE 5710) Review of contracts that include hazardous activities to ensure that insurance certificates and forms meet all insurance requirements in the contract. *For additional information, contact the Office of Risk and Insurance Management, at (916) 376-5278 or email riskmanagement@dgs.ca.gov.*	$52.00 per contract	$56.00 per contract
Risk Management and Insurance Consulting (TT CODE 5710) Risk management and insurance consulting projects may be contracted through interagency agreements for extraordinary policy administration or for special services on risk, insurance, and employee benefit problems. *For additional information, contact the Office of Risk and Insurance Management, at (916) 376-5278 or email riskmanagement@dgs.ca.gov.*	$75.00 per hour	$75.00 per hour

Return To "TABLE OF CONTENTS"

Insurance Procurement (TT CODE 5710) Commercial insurance is purchased to protect state property or to protect from tort liability required by specific statute or contractual agreement. Included in purchasing is policy administration for term of the policy; administration of claims presented under the policy; loss and accident prevention advice which will improve the risk. *For additional information, contact the Office of Risk and Insurance Management, at (916) 376-5278 or email riskmanagement@dgs.ca.gov.*	**2013-2014:** 5.95% of premium	**Proposed 2014-15:** 5.95% of premium
Motor Vehicle Liability (TT CODE 5799) Insured agencies will be charged a variable rate based on past actual accident and loss experience. *For additional information, contact the Office of Risk and Insurance Management, at (916) 376-5425 or email riskmanagement@dgs.ca.gov.*	**2013-2014:** Varies	**Proposed 2014-15:** Varies

Natural Gas Services Program

Reliable natural gas service is available for all large public sector facilities with risk management services that help to stabilize the cost of this volatile commodity. This is the state's largest public sector gas-purchasing program. We obtain competitive bids from private sector gas suppliers for our customers. Where possible, we make advanced purchases of natural gas at favorable prices to help avoid some of the effects of sudden price increases. All necessary purchasing and transportation services are provided, as well as market information, and CPUC representation services. Program costs to public sector members are less than 1/2% of total gas costs, currently $.0065 per therm delivered. *For additional information, contact national Gas Services at (916) 375-5990 or e-mail* ngs@dgs.ca.gov	**2013-2014:** $.0065/Therm	**Proposed 2014-15:** $.0065/Therm

Division of the State Architect

Regulation Services

Access Compliance:

Review construction plans and specifications for all state funded buildings and facilities. Review is required prior to entering into a construction contract and is necessary to assure compliance with state accessibility requirements for persons with disabilities	**2013-14:** 0.5% of first $500,000 of construction value plus 0.25% of next 1.5 million plus 0.10% of amount over $2.0 million (Minimum Fee $500.00)	**Proposed 2014-15:** 0.5% of first $500,000 of construction value plus 0.25% of next 1.5 million plus 0.10% of amount over $2.0 million (Minimum Fee $500.00).
Review construction plans and specifications for public schools, community colleges, and universities that are funded by any California city, county, or special district. Review is necessary to assure compliance with state accessibility requirements for persons with disabilities.	**2013-14:** 0.5% of first $500,000 of construction value plus 0.25% of next 1.5 million plus 0.10% of amount over $2.0 million (Minimum Fee $500.00).	**Proposed 2014-15:** 0.5% of first $500,000 of construction value plus 0.25% of next 1.5 million plus 0.10% of amount over $2.0 million (Minimum Fee $500.00).
Provide plan review and code analysis consulting services as required by local agencies and design professionals.	**2013-2014:** Estimates available upon request.	**Proposed 2014-15:** Estimates available upon request.

Fire and Life Safety:

Review plans and specifications for the construction of public schools and universities and state-owned/occupied essential services buildings for compliance with the California State Fire Marshal's building standards (authority: California Health and Safety Code). Compliance analysis includes the application of national standards for fire related appliances, systems, and equipment. Review also includes analysis for non-building fire protection measures related to site access, on-site fire emergency roads, fire hydrants, and water fire flow systems. Authority extends to all accessory buildings and structures owned or occupied by the school district.	**2013-2014:** Fees for these services are included in the Structural Safety rate structure.	**Proposed 2014-15:** Fees for these services are included in the Structural Safety rate structure.

Historical Building Safety Review: (TT CODE 2800)

Review plans and specifications for all state historical buildings to assure compliance with State Historical Building Code.	**2013-2014:** Estimates available upon request.	**Proposed 2014-15:** Estimates available upon request.

For additional information contact the Division of the State Architect at (916) 445-8100 or visit our website www.dgs.ca.gov/dsa.

Structural Safety:

Review plans and specifications and inspect school building construction to assure structural safety as defined in the "Field Act".	**2013-2014:** 0.7% of the first $1.0 million in construction value or $7,000 PLUS 0.5% of the construction value exceeding $1.0 million (Minimum Fee $250.00).	**Proposed 2014-15:** 0.7% of the first $1.0 million in construction value or $7,000 PLUS 0.5% of the construction value exceeding $1.0 million (Minimum Fee $250.00).
Review plans and specifications and inspect essential services building construction to assure structural safety as defined in the "Essential Services Building Act". This fee includes a charge for Access Compliance review services.	**2013-2014:** 1.5% of the first $1.0 million in construction value or $15,000 plus 1.25%of construction value exceeding $1.0 million (Minimum Fee $250.00).	**Proposed 2014-15:** 1.5% of the first $1.0 million in construction value or $15,000 plus 1.25%of construction value exceeding $1.0 million (Minimum Fee $250.00).
Examine and report on the structural safety of such buildings, including previously constructed California public school buildings.	**2013-2014:** Estimates available upon request.	**Proposed 2014-15:** Estimates available upon request.

DSA Certification and Training Programs

Programs including Certified Access Specialist program (CASp) and Inspector Program. For more information visit our website www.dgs.ca.gov/dsa for current offerings and fees.

For additional information contact the Division of the State Architect at (916) 445-8100.
