Resolution: 2012-08-08

State of California
State Allocation Board
School Facility Program

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on August 22, 2012.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.

2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.

3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.

4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3rd Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on August 22, 2012 at Sacramento, California.

Lisa Silverman
Executive Officer
State Allocation Board

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 22, 2012

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To present the Districts' requests for School Facility Program (SFP) eligibility approval.

DESCRIPTION

The school districts shown in the following section have complied with State Allocation Board (Board) regulations regarding new construction or modernization eligibility determinations for the projects listed.

RECOMMENDATIONS

1. Approve the eligibility determinations for the districts/projects shown on the Attachment.

2. Provide that this approval of eligibility determination for the districts/projects listed does not constitute a commitment for future funding by the Board.

3. For purposes of any application for funding, provide that the district must comply with all requirements of law and regulations pertaining to the SFP.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 22, 2012

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To adjust the baseline eligibility for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998.

DESCRIPTION

The districts listed on Attachment A have received eligibility approval for new construction. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.51.

The districts listed on Attachment B have received eligibility approval for modernization. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.61.

RECOMMENDATIONS

1. Approve an adjustment to the new construction eligibility baseline determination as shown on Attachment A.

2. Approve an adjustment to the modernization eligibility baseline determination as shown on Attachment B.

3. Provide that this approval of adjusted eligibility determination does not constitute a commitment for future funding by the State Allocation Board.

KEY TO ADJUSTMENTS: **NEW CONSTRUCTION ONLY:**

(a) Reduced by the number of pupils provided grants in a new construction School Facility Program (SFP) project and by the number of pupils that received a Preliminary Apportionment pursuant to Section 1859.140 or a Preliminary Charter School Apportionment pursuant to Regulation Section 1859.162.2.

(b) Reduced by the number of pupils housed, based on the loading standards pursuant to Ed. Code Section 17071.25(a)(2)(A), in a new construction LPP project funded under the provisions of the LPP pursuant to Regulation Section 1859.12 or 1859.13.

(c) Reduced by the number of pupils housed in additional classrooms constructed or purchased based on the loading standards, pursuant to Ed. Code Section 17071.25(a)(2)(A), in a modernization SFP project.

(d) Adjusted as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years, except as provided in (j) below.

(f) Adjusted as a result of errors or omissions by the district or by the Office of Public School Construction (OPSC).

(g) Adjusted as result of amendments to the SFP Regulations that affect the eligibility.

(h) Increased by the number of pupils eligible for grants pursuant to Regulation Section 1859.82(a).

(i) Reduced by the number of pupils housed in classrooms provided after the baseline eligibility was determined by the State Allocation Board, with 12 exceptions at Regulation Section 1859.51(i).

(j) For Small School Districts, following a 3-year period after the district's eligibility was approved by the Board, decreased by any reduction in projected enrollment, and by any increase in pupils in the latest CDE operational grant report per Ed. Code Sec. 42268.

(k) Adjusted for any changes in classroom inventory as a result of a reorganization election.

(l) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(m) As directed by the SAB due to finding a Material Inaccuracy pursuant to Section 1859.104.1.

(n) Increased by the number of pupils that received a Preliminary Apportionment that was rescinded pursuant to Section 1859.148 or a Preliminary Charter School Apportionment that was rescinded pursuant to Section 1859.166.

(o) Adjusted for operational grant changes as determined/provided by the California Department of Education.

(p) For High School Attendance Area (HSAA) districts with Preliminary Apportionments within the 2002 or 2004 Critically Overcrowded School Facilities Account, adjusted in accordance with Regulation Section 1859.51(p)(1), (2), or (3).

(q) Adjusted by the difference between the Alternative Enrollment Projection for the current enrollment reporting year and the projected enrollment determined pursuant to Section 1859.42 for the current enrollment reporting year, or by the eligibility remaining from this calculation that can no longer be utilized if the funds made available pursuant to EC Section 17071.75(a)(1)(A) have been exhausted.

(r) Adjusted per Ed. Code Sec. 17071.75(b)(2) by the number of pupils housed, based on the loading standards per Ed. Code Sec. 17071.25(a)(2)(A), in any classroom(s) where title was relinquished to the School District receiving the transferred classrooms.

MODERNIZATION ONLY:

(a) Reduced by the number of pupils provided grants in a modernization SFP project or CSFP Rehabilitation project at the specific site.

(b) Reduced by the number of pupils housed, based on the loading standard pursuant to EC Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Regulation Section 1859.14 and 1859.15.

(c) Increased by changes in projected enrollment in subsequent enrollment reporting years.

(d) (1) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or, (2) as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Adjusted as a result of errors or omissions by the district or by the OPSC.

(f) Adjusted as result of amendments to the Subgroup 5.5 Regulations that affect the eligibility.

(g) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(h) As directed by the SAB due to finding a Material Inaccuracy pursuant to Regulation Section 1859.104.1.

(i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Regulation Section 1859.78.8.

(j) Adjusted as a result of the Reconfiguration of an existing high school under the Small High School Program.

(k) Decreased for facilities that were deemed eligible for modernization pursuant to Regulation Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.

(l) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, per Ed. Code Section 17079 et seq.

(m) Adjusted as a result of classrooms demolished and replaced pursuant to Regulation Section 1859.82.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 22, 2012

PREVAILING WAGE MONITORING UNFUNDED APPROVALS

PURPOSE OF REPORT

To provide unfunded approvals for the prevailing wage monitoring (PWM) grant to projects on the Unfunded List.

DESCRIPTION

On December 14, 2011, the State Allocation Board (Board) approved amendments to the School Facility Program (SFP) regulations that implemented prevailing wage monitoring compliance requirements specified in Chapter 7, Statutes of 2010 (Senate Bill [SB] X2 9 - Padilla) and amended by Chapter 378, Statutes of 2011 (Assembly Bill [AB] 436 - Solorio). On March 26, 2012, the amended SFP regulations became effective, which authorize the Board to provide the new PWM grant. Staff is presenting increases to projects, as shown on Attachment A, to provide the PWM grant.

AUTHORITY

See Attachment B.

BACKGROUND

On December 14, 2011, the Board approved amendments to the SFP regulations that implemented PWM compliance requirements specified in SB X2 9 and amended by AB 436. On January 1, 2012, the Department of Industrial Relations' (DIR) regulations implementing the PWM requirements in this legislation went into effect. On March 26, 2012, the amended SFP regulations became effective, authorizing the Board to begin providing the new PWM grant for all SFP projects with a construction contract awarded on or after January 1, 2012 regardless of bond source. This grant is intended to assist districts in covering the DIR fee for monitoring and enforcement of the prevailing wage requirements for all State bond funded projects. The DIR fee is capped at one quarter of one percent of the total State bond apportionment. Staff is presenting increases to provide the PWM grant to projects that have received unfunded approvals on the Unfunded List.

STAFF ANALYSIS/STATEMENTS

Staff is presenting increases for the PWM grant in the form of unfunded approvals for those projects that are currently on the Unfunded List (Lack of AB 55 Loans). These projects awarded construction contracts after January 1, 2012 which triggered the new PWM requirement and are now eligible to receive the PMW grant adjustment. The grant increases total $542,754 for 145 projects. The additional grants range from $-0- to $25,806 per project. There are seven projects that are receiving $-0- in the "Unfunded Approval This Action" column due to the State and district share being limited to a certain dollar amount, based on SFP Regulation Section 1859.193. The PWM grant is provided for in each project's budget and the Board's action on this item will redistribute each project's funding to acknowledge the PWM grant. Additionally, the bond source of each of these apportionments is the Kindergarten-University Public Education Facilities Bond Act of 2006 (Proposition 1D). The amended adjusted grants are provided on Attachment A.

These amended adjusted grants are not changes for errors or omissions; therefore, the approvals are not being backdated to the original apportionment date due to the effective date of the amended regulations. These increases are new unfunded approvals and will receive an unfunded approval date of August 22, 2012.

RECOMMENDATION

Approve the increases for the PWM grant totaling $542,754 for the projects listed on Attachment A.

Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. does not constitute a guarantee or commitment of future State funding.

The District has requested a Reservation of Funds. Pursuant to Article 16, Section 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months of an apportionment; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, funding of this project is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. does not constitute a guarantee or commitment of future State funding.

The District has requested a Reservation of Funds. Pursuant to Article 16, Section 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months of an apportionment; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, funding of this project is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List.
This approval does not constitute a guarantee or commitment of future State funding.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List.
This approval does not constitute a guarantee or commitment of future State funding.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List.
This approval does not constitute a guarantee or commitment of future State funding.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List.
This approval does not constitute a guarantee or commitment of future State funding.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List.
This approval does not constitute a guarantee or commitment of future State funding.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List.
This approval does not constitute a guarantee or commitment of future State funding.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Total Project Cost			**$ 2,803,566.00**	**$ 3,504.00**	**$ 1,752.00**

Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. does not constitute a guarantee or commitment of future State funding.

The District has requested a Reservation of Funds. Pursuant to Article 16, Section 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months of an apportionment; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, funding of this project is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List.
This approval does not constitute a guarantee or commitment of future State funding.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. This approval does not constitute a guarantee or commitment of future State funding.

The District has requested a Reservation of Funds. Pursuant to Article 16, Section 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months of an apportionment; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, funding of this project is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications. Upon apportionment the District must submit a Form SAB 50-05 within 18 months of the OPSC acceptance.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. This approval does not constitute a guarantee or commitment of future State funding.

The District has requested a Reservation of Funds. Pursuant to Article 16, Section 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months of an apportionment; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, funding of this project is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications. Upon apportionment the District must submit a Form SAB 50-05 within 18 months of the OPSC acceptance.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List.
This approval does not constitute a guarantee or commitment of future State funding.

Pursuant to Regulation Section 1859.183, the District is required to remove from the eligible site and from classroom use all portables replaced in this project.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. This approval does not constitute a guarantee or commitment of future State funding.

The District has requested a Reservation of Funds. Pursuant to Article 16, Section 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months of an apportionment; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, funding of this project is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications. Upon apportionment the District must submit a Form SAB 50-05 within 18 months of the OPSC acceptance.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Cash Contribution			1,500,000.00	0.00	
Total Project Cost			**$ 3,000,000.00**	**$ 0.00**	**$ 0.00**

Funding Source: Proposition 1D Bonds/2006-Nov.

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. This approval does not constitute a guarantee or commitment of future State funding.

The District has requested a Reservation of Funds. Pursuant to Article 16, Section 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months of an apportionment; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, funding of this project is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications. Upon apportionment the District must submit a Form SAB 50-05 within 18 months of the OPSC acceptance.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

SAB Meeting: **August 22, 2012** **Career Technical Educational Facilities Program - Amended Adjusted Grant Approval**

Total Project Cost			$ **6,000,000.00**	$ **0.00**	**$** 0.00

Funding Source: Proposition 1D Bonds/2006-Nov.

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. This approval does not constitute a guarantee or commitment of future State funding.

The District has requested a Reservation of Funds. Pursuant to Article 16, Section 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months of an apportionment; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, funding of this project is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications. Upon apportionment the District must submit a Form SAB 50-05 within 18 months of the OPSC acceptance.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. This approval does not constitute a guarantee or commitment of future State funding.

The District has requested a Reservation of Funds. Pursuant to Article 16, Section 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months of an apportionment; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, funding of this project is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications. Upon apportionment the District must submit a Form SAB 50-05 within 18 months of the OPSC acceptance.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

ATTACHMENT B

AUTHORITY

Labor Code (LC) Section 1720 states:
"(a) As used in this chapter, "public works" means: (1) Construction, alteration, demolition, installation, or repair work done under contract and paid for in whole or in part out of public funds, except work done directly by any public utility company pursuant to order of the Public Utilities Commission or other public authority. For purposes of this paragraph, "construction" includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work…..

(b) For purposes of this section, "paid for in whole or in part out of public funds" means all of the following:

(1) The payment of money or the equivalent of money by the state or political subdivision directly to or on behalf of the public works contractor, subcontractor, or developer.

(2) Performance of construction work by the state or political subdivision in execution of the project.

(3) Transfer by the state or political subdivision of an asset of value for less than fair market price.

(4) Fees, costs, rents, insurance or bond premiums, loans, interest rates, or other obligations that would normally be required in the execution of the contract, that are paid, reduced, charged at less than fair market value, waived, or forgiven by the state or political subdivision.

(5) Money loaned by the state or political subdivision that is to be repaid on a contingent basis.

(6) Credits that are applied by the state or political subdivision against repayment obligations to the state or political subdivision."

LC Section 1771.3 (a)(1) states:
"The Department of Industrial Relations shall monitor and enforce compliance with applicable prevailing wage requirements for any public works project paid for in whole or part out of public funds, within the meaning of subdivision (b) of Section 1720, that are derived from bonds issued by the state, and shall charge each awarding body for the reasonable and directly related costs of monitoring and enforcing compliance with the prevailing wage requirements on each project."

LC Section 1771.3 (a)(3) states:
"The department, with the approval of the Director of Finance, shall determine the rate or rates, which the department may from time to time amend, that the department will charge to recover the reasonable and directly related costs of performing the monitoring and enforcement services for public works projects; provided, however, that the amount charged by the department shall not exceed one-fourth of 1 percent of the state bond proceeds used for the public works projects."

LC Section 1771.3 (a)(4) states:
"Notwithstanding any other provision of law, but subject to any limitations or restrictions of the bond act, the board, commission, department, agency, or official responsible for the allocation of bond proceeds from the bond funds shall consider and provide for amounts in support of the costs when allocating or approving expenditures of bond proceeds for the construction of the authorized project."

LC Section 1771.3 (b)(4) states:
"Paragraph (1) of subdivision (a) shall not apply to any contract for a public works project paid for in whole or part out of public funds, within the meaning of subdivision (b) of Section 1720, that are derived from bonds issued by the state if the contract was awarded under any of the following conditions:

(1) The contract was awarded prior to the effective date of implementing regulations adopted by the department pursuant to paragraph (3) of subdivision (a).

(2) The contract was awarded on or after the effective date of the regulations described in paragraph (1), if the awarding body had previously initiated a labor compliance program approved by the department for some or all of its public works projects and had not contracted with a third party to conduct such program, and requests and receives approval from the department to continue to operate its existing labor compliance program for its public works projects paid for in whole or part out of public funds, within the meaning of subdivision (b) of Section 1720, that are

derived from bonds issued by the state, in place of the department monitoring and enforcing compliance on projects pursuant to subdivision (a).

(3) The contract is awarded on or after the effective date of the regulations described in paragraph (1), if the awarding body has entered into a collective bargaining agreement that binds all of the contractors performing work on the project and that includes a mechanism for resolving disputes about the payment of wages."

School Facility Program (SFP) Regulation 1859.2 states in part:
'"Labor Compliance Program (LCP)" shall be as described in subdivision (b) of Labor Code Section 1771.5 and approved by the Department of Industrial Relations (DIR).
…
"Total Projected Bond Apportionment" means the total State bond funds to be apportioned for the project, including any Financial Hardship apportionment pursuant to Section 1859.81, any funds authorized by the Authority pursuant to Section 1859.168, and any funds provided pursuant to Section 1859.194, but excluding the prevailing wage monitoring and enforcement costs grant amount provided pursuant to Section 1859.71.4(c) or 1859.78.1(b).'

SFP Regulation Section 1859.71.4, "New Construction Additional Grant Increase for Labor Compliance Program or Prevailing Wage Monitoring and Enforcement Costs," states:
"(a) After determining all other funding authorized by these Regulations, for any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, and for which the district is required under Labor Code Section 1771.7(a) and (b) to initiate and enforce a LCP, the Board shall increase the per-unhoused pupil grant by 50 percent of the following calculation:

(1) Using the chart in (b) of this Section, determine the total amount of funding to be provided for the increased costs of a new construction project due to the initiation and enforcement of a LCP.

(2) Divide the amount determined in subsection (a)(1) by the total number of pupils, or by one if no pupils are assigned, in the approved application.

(b) The funding provided for a new construction project to initiate and enforce a LCP shall be calculated on the total project cost, exclusive of site acquisition costs, as follows:

$16,000	For the first $1 million or any part thereof, plus
1.6 percent	Of the next $1 million or any part thereof, plus
0.25 percent	Of the next $1 million or any part thereof, plus
0.15 percent	Of the next $1 million or any part thereof, plus
0.32 percent	Of the next $2 million or any part thereof, plus
0.31 percent	Of the next $2 million or any part thereof, plus
0.46 percent	Of the next $5 million or any part thereof, plus
0.44 percent	Of the next $5 million or any part thereof, plus
0.42 percent	Of the next $30 million or any part thereof, plus
0.4 percent	Of any remaining portion

(c) After determining all other funding authorized by these Regulations, the Board shall increase the grant by 50 percent of one-fourth of one percent of the Total Projected Bond Apportionment for any project for which the construction contract is awarded on or after January 1, 2012.

(d) Pursuant to Labor Code Section 1771.3, any public works project paid in whole or in part from public funds that are derived from bonds issued by the State and for which the construction contract is awarded on or after January 1, 2012, is subject to the DIR monitoring and enforcement of compliance with applicable prevailing wage requirements, unless the project is exempt from this requirement pursuant to Labor Code Section 1771.3(b).

(e) Any school district failing to meet the requirements in subsection (d) above shall return to the State any State funding for the project, including interest, at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of State general obligation bonds as established pursuant to the Chapter 4 (commencing with Section 16720), of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. Interest to be returned shall be calculated from the date at which funds were received by the school district until the date of the Board's finding.

(f) If the DIR revokes the district's internal LCP's approval and the district fails to provide appropriate prevailing wage monitoring through the DIR or other exemptions as specified in Labor Code Section 1771.3, the school district shall return to the State any State funding received for the project, including interest, as calculated in (e), for any construction projects for which the violations occurred."

SFP Regulation Section 1859.78.1, "Modernization Additional Grant for Labor Compliance Program or Prevailing Wage Monitoring and Enforcement Costs" states:
"(a) After determining all other funding authorized by these Regulations, for any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, and for which the district is required under Labor Code Section 1771.7(a) and (b) to initiate and enforce a labor compliance program, the Board shall increase the per-unhoused pupil grant by the following calculation, less the district matching share required in Section 1859.79:
(1) Using the chart in Section 1859.71.4(b), determine the total amount of funding to be provided for the increased costs of a modernization project due to the initiation and enforcement of a LCP.
(2) Divide the amount determined in subsection (a)(1) by the total number of pupils, or by one if no pupils are assigned, in the approved application.
(b) After determining all other funding authorized by these Regulations, the Board shall increase the grant by 60 percent of one-fourth of one percent of the Total Projected Bond Apportionment for any project for which the construction contract is awarded on or after January 1, 2012.
(c) Pursuant to Labor Code Section 1771.3, any public works project paid in whole or in part from public funds that are derived from bonds issued by the State and for which the construction contract is awarded on or after January 1, 2012, is subject to the DIR monitoring and enforcement of compliance with applicable prevailing wage requirements, unless the project is exempt from this requirement pursuant to Labor Code Section 1771.3(b).
(d) Any school district failing to meet the requirements of (c) shall return to the State any State funding for the project, including interest, at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of State general obligation bonds as established pursuant to the Chapter 4 (commencing with Section 16720), of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. Interest to be returned shall be calculated from the date at which funds were received by the school district until the date of the Board's finding.
(e) If the DIR revokes the district's internal LCP's approval and the district fails to provide appropriate prevailing wage monitoring through the DIR or other exemptions as specified in Labor Code Section 1771.3, the school district shall return to the State any State funding received for the project, including interest, as calculated in (d), for any construction projects for which the violations occurred."

SFP Regulation Section 1859.90.2, "Priority Funding Process" states,
"The priority funding process allows the Board to distribute available funds to districts or charter schools who request an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July each calendar year. Certifications are valid until the next filing period begins. Requests must be physically received by the OPSC by the 30th calendar day to be considered valid. During any priority funding process a district or charter school must submit the Form SAB 50-05 within a specified time period of the Apportionment or approved advance release of funds request, pursuant to (a)(2) or (b)(2) of this section. Projects receiving an apportionment as part of the priority funding process for which the OPSC does not physically receive an original signature copy of the Form SAB 50-05 within the appropriate time limit shall be rescinded without further Board action.
(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a written statement signed by an authorized representative that includes each of the project application numbers, and the type of apportionment request (e.g., Apportionment, separate apportionment for design or site acquisition), within the 30 calendar day filing period that contains all of the following:

ATTACHMENT B

AUTHORITY (cont.)

(1) Request to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and
(2) Concurrence with a 90 calendar day time limit on fund release; and
(3) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within the 90 calendar day time limit and failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and
(4) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to a standard 18 month timeline for fund release submittal.
(b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a written statement signed by an authorized representative within the 30 calendar day filing period that contains all of the following:
(1) Request to convert the advance release of funds to an approved advance release of funds request; and,
(2) Concurrence with a 180 calendar day time limit on fund release; and
(3) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within the 180 calendar day time limit and failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and
(4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and failure to do so will result in the rescission of the approval without further Board action.

In the event that the amount of requests received during a specific 30-day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List. Request letters of projects not converted to apportionments will not be returned to the district or kept by the Office of Public School Construction.

For purposes of this section "rescinded" or "rescission" shall mean that the apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date. The new unfunded approval date will be 90 calendar days after the apportionment date. The district or charter school will not be required to re-submit the application and no further application review will be required."

SFP Regulation Section 1859.82, "Facility Hardship" states in part:
"A district is eligible for facility hardship funding to replace or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils. A facility hardship is available for:
(a) New classrooms and/or subsidiary facilities (corridors, toilets, kitchens and other non-classroom space) or replacement facilities if either (1) or (2) are met:
(1) The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk. The total available funding for seismic mitigation related and ancillary costs for the Most Vulnerable Category 2 Buildings is $199.5 million.
…
(2) The classroom or related facility was lost or destroyed as a result of a disaster such as fire, flood or earthquake and the district has demonstrated satisfactorily to the Board that the classroom or related facility was uninsurable or the cost for insurance was prohibitive.

ATTACHMENT B

AUTHORITY (cont.)

If the district qualifies for a new or replacement school pursuant to either (1) or (2) above, the district is eligible for a New Construction Grant as a new construction project for the lesser of the pupils housed in the replaced facility based on loading standards pursuant to Education Code Section 17071.25(a)(2) or the latest CBEDS enrollment at the site.

If the district qualifies for replacement facilities on the same site pursuant to either (1) or (2) above, the district is eligible for funding as a new construction project. Replacement facilities shall be allowed in accordance with the square footage amounts provided in the chart in Section (b) below. If the facility eligible for replacement is not shown in the chart in Section (b) below, the replacement facility shall be limited to the square footage replaced. The grant amount provided shall be $173.30 per square foot for Toilet Facilities and $96.30 per square foot for all other facilities. Additional funding may be provided for applicable site development costs pursuant to Section 1859.76, New Construction Excessive Cost Hardship Grant(s) pursuant to Section 1859.83(a), (b) or (d), therapy room pursuant to Section 1859.72, multilevel construction pursuant to Section 1859.73 and project assistance pursuant to Section 1859.73.1. The amounts shown will be adjusted in the manner prescribed in Section 1859.71. For any project funded in whole or in part from any State bond funds for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.71.4(a). For any project for which the construction contract is awarded on or after January 1, 2012, the grant may be adjusted in the manner prescribed in Section 1859.71.4(c) and subject to the limitations established in Section 1859.71.4(d).

…

(b) A multi-purpose room, toilet, gymnasium, school administration or library/media center, facility that meets all the following:

(1) The facility was lost or destroyed as a result of a disaster, including but not limited to fire, flood or earthquake.

(2) The facility is no longer useable for school purposes as recommended by the California Department of Education and approved by the Board.

(3) The district has demonstrated satisfactorily to the Board that the facility was uninsurable or the cost of insurance was prohibitive.

If the district qualifies, the district is eligible for funding as a new construction project. The funding amount provided shall be $96.30 per square foot for library/media center, school administration, gymnasium and multi-purpose facilities, and/or $173.30 per square foot for Toilet Facilities. A New Construction Additional Grant may be provided for applicable site development costs pursuant to Section 1859.76, New Construction Excessive Cost Hardship Grant(s) pursuant to Section 1859.83(a) and (d), therapy room pursuant to Section 1859.72, multilevel construction pursuant to Section 1859.73 and project assistance pursuant to Section 1859.73.1. The amounts shown will be adjusted in the manner prescribed in Section 1859.71. For any project funded in whole or in part from any State bond funds for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.71.4(a). For any project for which the construction contract is awarded on or after January 1, 2012, the grant may be adjusted in the manner prescribed in Section 1859.71.4(c) and subject to the limitations established in Section 1859.71.4(d)…."

SFP Regulation Section 1859.83, "Excessive Cost Hardship Grant" states in part:
"In addition to any other funding authorized by these Regulations, a district is eligible for funding as a result of unusual circumstances that created excessive project costs beyond the control of the district. The Excessive Cost Hardship Grant shall be based on any of the following:…

(e) Excessive Cost for rehabilitation of facilities the Board has determined are a health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the cost/benefit analysis to mitigate the problem and remain in the facility is less than 50 percent of the Current Replacement Cost of the facility. If the district qualifies, the district is eligible for funding of rehabilitation costs as a modernization project. If the Approved Application is received on or before April 29, 2002, the grant amount provided is 80 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. If the Approved Application is received after April 29, 2002, the grant amount provided is 60 percent of the amount of the cost estimate required

in Section 1859.82(a) (1) that has been reviewed by the OPSC and approved by the Board. For any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.78.1(a). For any project for which the construction contract is awarded on or after January 1, 2012, the grant may be adjusted in the manner prescribed in Section 1859.78.1(b) and subject to the limitations established in Section 1859.78.1(c)."

SFP Regulation Section 1859.106, "Program Accountability Expenditure Audit" states:
"The projects will be audited to assure that the expenditures incurred by the district were made in accordance with the provisions of Education Code Section 17072.35 for new construction projects, Section 1859.120 for Joint-Use Projects, Section 1859.140 for Critically Overcrowded School projects, Section 1859.160 for Charter School projects, and Education Code Section 17074.25 and Section 1859.79.2 for modernization projects. The audit will also assure that the district complied with all site acquisition guidelines as provided in Education Code Sections 17072.13 and 17072.14 and Sections 1859.74, 1859.74.1, 1859.74.2, 1859.74.3, 1859.74.4, 1859.75 and 1859.75.1.

An adjustment in the SFP grant will be made for the following:
(a) The difference in the value of the site, relocation costs, DTSC fees, and hazardous waste/materials removal costs that were used to determine the New Construction Additional Grant and the actual amount paid by the district for the site, relocation costs, DTSC fees, and hazardous waste/materials removal costs. For applications received on or after January 1, 2004, the adjustment may be made regardless of whether the hazardous waste/materials removal costs were requested on the application for funding.
(b) For 50 percent of any insurance proceeds collectable by the district for displaced facilities and 50 percent of the net proceeds available from the disposition of displaced facilities pursuant to Section 1859.82(a) or (b).
(c) For any project that received funding pursuant to 1859.71.4(c) or 1859.78.1(b), 50 percent of one-fourth of one percent of the difference between the original Total Projected Bond Apportionment and the newly calculated amount.
(d) Any adjustments made pursuant to this Section will be made only if sufficient bond authority is available for the adjustment. If an Unfunded List has been created by the Board, then any adjustments made pursuant to this Section will be placed on the Unfunded List…."

SFP Regulation Section 1859.125, "Joint-Use Project Grant Determination Based on Square Footage" states in part:
"The dollar amounts shown in (a) are adjusted in a manner prescribed in Section 1859.71 and are eligible for Excessive Cost Hardship Grant(s) pursuant to Section 1859.83 (a), (b) and (d). For any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.71.4(a). For any project for which the construction contract is awarded on or after January 1, 2012, the grant may be adjusted in the manner prescribed in Section 1859.71.4(c) and subject to the limitations established in Section 1859.71.4(d).

The Joint-Use Grant amounts provided in this Section and Section 1859.125.1, if applicable, shall be deemed the full and final apportionment for the application. Any costs incurred by the district beyond the Joint-Use Grant amount and the Joint-Use Partner(s) and district financial contribution pursuant to Section 1859.127, shall be the responsibility of the district and/or the Joint-Use Partner(s)."

SFP Regulation Section 1859.125.1, "Additional Type I Joint-Use Project Extra Cost Grant" states in part:
"In addition to the square footage Joint-Use Grant provided in Section 1859.125, a Type I Joint-Use Project may receive funding for Extra Cost equal to the lesser of (a) or (b):
(a) An amount determined by subtracting (a)(2) from (a)(1):
…
(b) An amount determined by subtracting (b)(2) from (b)(1):
…
The amounts shown in (a) are adjusted in a manner prescribed in Section 1859.71. For any project funded in whole

or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.71.4(a). For any project for which the construction contract is awarded on or after January 1, 2012, the grant may be adjusted in the manner prescribed in Section 1859.71.4(c) and subject to the limitations established in Section 1859.71.4(d).

The Joint-Use Grant amount provided in this Section and Section 1859.125, if applicable, shall be deemed the full and final apportionment for the application. Any costs incurred by the district beyond the Joint-Use Grant amount and the Joint-Use Partner(s) and district financial contribution pursuant to Section 1859.127, shall be the responsibility of the district and/or the Joint-Use Partner(s)."

SFP Regulation Section 1859.145 "Preliminary Apportionment Determination" states in part:
"The Preliminary Apportionment shall be equal to the sum of the following:
(a) The amounts shown below for each pupil included in a Preliminary Application:
(1) $5,226.82 for each elementary school pupil.
(2) $5,533.65 for each middle school pupil.
(3) $7,225.94 for each high school pupil.
(4) $16,653.06 for each pupil that is a Severely Disabled Individual with Exceptional Needs.
(5) $11,137.37 for each pupil that is a Non-Severely Disabled Individual with Exceptional Needs.
…
(j) If the district received an apportionment prior to November 5, 2002 pursuant to Section 1859.81.1(e), an amount equal to the sum of the amounts determined in (a) through (i) less the previously authorized apportionment amount.

The amounts shown in (a) are adjusted in a manner prescribed in Section 1859.71. For any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.71.4(a). For any project for which the construction contract is awarded on or after January 1, 2012, the grant may be adjusted in the manner prescribed in Section 1859.71.4(c) and subject to the limitations established in Section 1859.71.4(d)."

SFP Regulation Section 1859.163.1, "Preliminary Charter School New Construction Apportionment Determination" states in part:
"The Preliminary Charter School New Construction Apportionment shall be determined as follows:
(a) The Preliminary Charter School Apportionment for construction costs shall be equal to the sum of (1) through (8) below:
(1) The amounts shown below for each pupil, based on the project capacity, included in a Preliminary Charter School Application:
(A) $5,227 for each elementary school pupil.
(B) $5,534 for each middle school pupil.
(C) $7,226 for each high school pupil.
…
(8) For all Preliminary Apportionments received after February 23, 2005, an amount equal to the sum of the amounts determined in (1) through (6) multiplied by a factor determined as follows:
(A) Divide the January Class B Construction Cost Index in effect at the time of the Preliminary Apportionment by the January Class B Construction Cost Index in effect four years prior to the Preliminary Apportionment. Round to four decimal places.
(B) Subtract 1 from the quotient in (A). Round to two decimal places.
(9) If the Charter School is paying its matching share through the form of lease payments, pursuant to Section 1859.168, the value of the lease as determined by the Authority attributable to the items in (1) through (8) above.
(b) The Preliminary Charter School Apportionment for site acquisition costs shall be:
(1) Equal to one-half of the site acquisition value determined in Section 1859.163.2(a) and (c).

(2) If the Charter School is paying its matching share through the form of lease payments, pursuant to Section 1859.168, the value of the lease as determined by the Authority attributable to (1) above.
(c) The Preliminary Charter School Apportionment to initiate and enforce a LCP or to provide for the prevailing wage monitoring and enforcement costs shall be:
(1) 50 percent of the amount to initiate and enforce a LCP as prescribed in Section 1859.71.4(a), if required by the Labor Code, or
(2) 50 percent of the amount of the prevailing wage monitoring and enforcement costs as prescribed in Section 1859.71.4(c), if required by the Labor Code, and
(3) If the Charter School is paying its matching share through the form of lease payments, pursuant to Section 1859.168, the value of the lease as determined by the Authority attributable to either (1) or (2) above, as applicable.
(d) The total amount calculated in (a) above will be added to any amount calculated in (b) and (c) above, which will provide the Preliminary Charter School Apportionment amount.
…
(e) Pursuant to Labor Code Section 1771.3, any public works project paid in whole or in part from public funds that are derived from bonds issued by the State and for which the construction contract is awarded after January 1, 2012, is subject to DIR monitoring and enforcement of compliance with applicable prevailing wage requirements, unless the project is exempt from this requirement pursuant to Labor Code Section 1771.3(b).
(f) Any school district failing to meet these requirements shall return to the State any State funding for the project, including interest, at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of State general obligation bonds as established pursuant to the Chapter 4 (commencing with Section 16720), of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. Interest to be returned shall be calculated from the date at which funds were received by the school district until the date of the Board's finding.
(g) If the DIR revokes the district's internal LCP's approval and the district fails to provide appropriate prevailing wage monitoring through the DIR or other exemptions as specified in Labor Code Section 1771.3, the school district shall return to the State any State funding received for the project, including interest, as calculated in subsection (f) above for any construction projects for which the violations occurred."

SFP Regulation Section 1859.163.5, "Preliminary Charter School Rehabilitation Apportionment Determination" states:
"The Preliminary Charter School Rehabilitation Apportionment will be determined based on the eligible square footage included in the project. For purposes of the Preliminary Charter School Rehabilitation Apportionment, eligible square footage is defined as the total enclosed exterior square footage of the school buildings. For multilevel buildings, include the square footage at each level.

The amount of funding for each Preliminary Charter School Rehabilitation Apportionment will be equal to the sum of the amounts determined in (a)(1) through (a)(6) and (b) below:
(a)(1) The lesser of the amount determined in (A) or (B) below:
(A) The dollar value calculated using a per square foot amount and the total eligible square footage for the site as follows:
1. Determine the total square footage for each classroom included in the project (limited by the Charter School's projected enrollment).
2. Determine the total square footage for any multi-purpose room included in the project.
3. Determine the total square footage for any gymnasium included in the project.
4. Determine the total square footage for any library included in the project.
5. Determine the total square footage for any administration building included in the project.
6. Add the total square footage in 1. through 5. above to obtain the total square footage for the project.
7. From the total determined in 6., determine the total square footage for toilet facilities and the total square footage for other facilities. Multiply the toilet facilities square footage by $173.30 and the other facilities square footage by $96.30. The sum of these figures is the square footage dollar value for the project.
(B) The dollar value calculated using the new construction grant amount and the project capacity based on the State

loading standards as follows:

1. Determine the proposed grade level usage of each classroom in the project (limited by the Charter School's projected enrollment).

2. Multiply the number of classrooms at the K-6 grade level by 25, the number of classrooms at the 7-12 grade level by 27, the number of non-severe classrooms by 13, and the number of severe classrooms by 9.

3. Multiply the number of pupils calculated pursuant to 2. by the appropriate dollar value determined in Section 1859.163.1(a)(1).

(2) If the Preliminary Application request is for a small project that will house no more than 200 pupils, an amount pursuant to the following:

(A) If the project will house less than 101 pupils, the district is eligible for an amount equal to 12 percent of the funding provided by (a)(1).

(B) If the project will house between 101 and 200 pupils, the district is eligible for an amount equal to four percent of the funding provided by (a)(1).

(3) An amount due to urban location, security requirements and impacted site equal to 15 percent of the amount determined in (a)(1) and (a)(2), plus for a project with a site that is 60 percent or less of the CDE recommended site size plus 0.333 percent for each percentage decrease in the CDE recommended site size below 60 percent.

(4) An amount for the geographic location of the proposed project equal to the sum of the amounts determined in (a)(1), (a)(2), (a)(3), and (a)(5) multiplied by the indicated percentage factor in the Geographic Percentage Chart shown in Section 1859.83(a).

(5) $60,000 for each new two-stop elevator required to be included in the project by the DSA, and $10,800 for each additional stop.

(6) For all Preliminary Apportionments received after February 23, 2005, an amount equal to the sum of the amounts determined in (a)(1) through (a)(5) multiplied by a factor determined as follows:

(A) Divide the January Class B Construction Cost Index in effect at the time of the Preliminary Apportionment by the January Class B Construction Cost Index in effect four years prior to the Preliminary Apportionment. Round to four decimal places.

(B) Subtract 1 from the quotient in (A). Round to two decimal places.

(7) If the Charter School is paying its matching share through the form of lease payments, pursuant to Section 1859.168, the value of the lease as determined by the Authority attributable to the items in (a)(1) through (a)(6) above.

(b) The Preliminary Charter School Rehabilitation Apportionment to initiate and enforce a LCP or to provide for the prevailing wage enforcement costs shall be:

(1) 50 percent of the amount to initiate and enforce a LCP as prescribed in Section 1859.71.4(a), if required by the Labor Code, or

(2) 50 percent of the amount of the prevailing wage monitoring and enforcement costs as prescribed in Section 1859.71.4(c), if required by the Labor Code, and

(3) If the Charter School is paying its matching share through the form of lease payments, pursuant to Section 1859.168, the value of the lease as determined by the Authority attributable to either (1) or (2) above, as applicable. The amounts determined in (a)(1) and (a)(5) shall be adjusted annually in the manner prescribed in Section 1859.71.

(c) Pursuant to Labor Code Section 1771.3, any public works project paid in whole or in part from public funds that are derived from bonds issued by the state and for which the construction contract is awarded on or after January 1, 2012, is subject to DIR monitoring and enforcement of compliance with applicable prevailing wage requirements, unless the project is exempt from this requirement pursuant to Labor Code Section 1771.3(b).

(d) Any school district failing to meet these requirements shall return to the State any State funding for the project, including interest, at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of State general obligation bonds as established pursuant to the Chapter 4 (commencing with Section 16720), of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. Interest to be returned shall be calculated from the date at which funds were received by the school district until the date of the Board's finding.

(e) If the DIR revokes the district's internal LCP's approval and the district fails to provide appropriate prevailing

wage monitoring through the DIR or other exemptions as specified in Labor Code Section 1771.3, the school district shall return to the State any State funding received for the project, including interest, as calculated in subsection (d) above for any construction projects for which the violations occurred."

SFP Regulation Section 1859.193, "Career Technical Education Facilities Grant Determination" states:
"A Career Technical Education Facilities Project may construct a new facility or modernize or Reconfigure an existing school building. The application for Career Technical Education Facility funding may accompany an application for new construction funding pursuant to Section 1859.70 or may be submitted independently.

The applicant must identify square footage of the Career Technical Education Facility being constructed, modernized, reconfigured or equipped, on the funding application. Equipment purchased under the Career Technical Education Facilities Program must have an average useful life expectancy of at least ten years pursuant to Education Code 17078.72(a). An application for a Career Technical Education Facilities Project may consist entirely of equipment. All equipment must be purchased on or after May 20, 2006, unless the Career Technical Education Facilities Project is combined with a qualifying SFP new construction project pursuant to Section 1859.193.1.

(a) For new construction of a Career Technical Education Facilities Project included in a qualifying New Construction Grant, the Career Technical Education Facilities grant amount shall be the lesser of either (1) or (2):
(1) The sum of the costs uniquely related to facilities required to provide Career Technical Education as determined below:
(A) 50 percent of the cost of construction of the Career Technical Education Facilities Project, as determined by the project architect, subject to OPSC review and approval.
(B) 50 percent of the cost to equip the Career Technical Education Facilities Project with necessary equipment.
(C) For public works projects awarded on or after January 1, 2012, the prevailing wage monitoring and enforcement costs as prescribed in Section 1859.71.4(c), if required by the Labor Code.
(D) Minus an allowance for New Construction Grants provided for Career Technical Education classrooms, determined by:
1. Multiplying 960 square feet by the number of classrooms in the Career Technical Education Facilities Project that were included in the New Construction project.
2. Multiplying the amount determined in (a)(1)(C)1 by 50 percent of the Current Replacement Cost for non-Toilet Facilities.
(2) $3 million per Career Technical Education Facilities Project.
(3) Site development work is not allowed as part of a Career Technical Education Facilities Project included in a New Construction Grant. Site development work necessary pursuant to Section 1859.76, may be requested by the district under the qualifying SFP New Construction.
(4) Pursuant to Labor Code Section 1771.3, any public works project paid in whole or in part from public funds that are derived from bonds issued by the State and for which the construction contract is awarded on or after January 1, 2012, is subject to DIR monitoring and enforcement of compliance with applicable prevailing wage requirements, unless the project is exempt from this requirement pursuant to Labor Code Section 1771.3(b).
(5) Any school district failing to meet the requirements of (a)(4) shall return to the State any State funding for the project, including interest, at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of State general obligation bonds as established pursuant to the Chapter 4 (commencing with Section 16720), of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. Interest to be returned shall be calculated from the date at which funds were received by the school district until the date of the Board's finding.
(6) If the DIR revokes the district's internal LCP's approval and the district fails to provide appropriate prevailing wage monitoring through the DIR or other exemptions as specified in Labor Code Section 1771.3, the school district shall return to the State any State funding received for the project, including interest, as calculated in subsection (a)(5) above, for any construction projects for which the violations occurred.
(b) For stand-alone new construction of a Career Technical Education Facilities Project, the grant amount shall be the lesser of either (1) or (2):

AUTHORITY (cont.)

(1) The sum of the costs uniquely related to facilities required to provide Career Technical Education as determined below:

(A) 50 percent of the cost of construction of the Career Technical Education Facilities Project, as determined by the project architect, subject to OPSC review and approval.

(B) 50 percent of the cost to equip the Career Technical Education Facilities Project with necessary equipment.

(C) 50 percent of site development work that meets the following criteria:

1. It is necessary and applicable to the Career Technical Education Facilities Project.

2. It meets the requirements for site development costs as outlined in Section 1859.76.

(D) For public works projects awarded after January 1, 2012, the prevailing wage monitoring and enforcement costs as prescribed in Section 1859.71.4(c), if required by the Labor Code.

(2) $3 million per Career Technical Education Facilities Project.

(3) If the district is requesting funding for site development work applicable to the Career Technical Education Facilities Project, the district must submit a detailed cost estimate and appropriate DSA approved plans with the Form SAB 50-10. The cost estimate must include appropriate justification documents that indicate the work is necessary to complete the Career Technical Education Facilities Project and conform to the requirements in Section 1859.76.

(4) Utility service(s) cost shall be prorated, if necessary, for any excess capacity not needed to service the Career Technical Education Facilities Project.

(5) Pursuant to Labor Code Section 1771.3, any public works project paid in whole or in part from public funds that are derived from bonds issued by the State and for which the construction contract is awarded on or after January 1, 2012, is subject to DIR monitoring and enforcement of compliance with applicable prevailing wage requirements, unless the project is exempt from this requirement pursuant to Labor Code Section 1771.3(b).

(6) Any school district failing to meet the requirements of (b)(5) shall return to the State any State funding for the project, including interest, at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of State general obligation bonds as established pursuant to the Chapter 4 (commencing with Section 16720), of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. Interest to be returned shall be calculated from the date at which funds were received by the school district until the date of the Board's finding.

(7) If the DIR revokes the district's internal LCP's approval and the district fails to provide appropriate prevailing wage monitoring through the DIR or other exemptions as specified in Labor Code Section 1771.3, the school district shall return to the State any State funding received for the project, including interest, as calculated in subsection (b)(6) above, for any construction projects for which the violations occurred.

(c) For Modernization of a Career Technical Education Facilities Project, the grant amount shall be the lesser of either (1) or (2):

(1) The sum of the costs uniquely related to facilities required to provide Career Technical Education Facilities Project as determined below:

(A) 50 percent of the cost to modernize or Reconfigure the Career Technical Education Facilities, as determined by the project architect, subject to OPSC review and approval.

(B) 50 percent of the cost to equip the Career Technical Education Facilities with necessary equipment.

(C) For public works projects awarded on or after January 1, 2012, the prevailing wage monitoring and enforcement costs as prescribed in Section 1859.71.4(c), if required by the Labor Code

(2) $1.5 million per Career Technical Education Facilities Project.

(3) Reconfiguring an existing school building must not displace a minimum essential facility. In any case involving the replacement of a minimum essential facility due to the reconfiguration of an existing building, the replacement must be part of the plans submitted in support of the Career Technical Education Facilities Application, must occur concurrently, and cannot be part of a SFP Application for new construction.

(4) Utility service(s) cost shall be prorated, if necessary, for any excess capacity not needed to service the Career Technical Education Facilities Project.

(5) Pursuant to Labor Code Section 1771.3, any public works project paid in whole or in part from public funds that are derived from bonds issued by the State and for which the construction contract is awarded on or after January 1, 2012, is subject to DIR monitoring and enforcement of compliance with applicable prevailing wage requirements,

unless the project is exempt from this requirement pursuant to Labor Code Section 1771.3(b).

(6) Any school district failing to meet the requirements of subsection (c)(5) above, shall return to the State any State funding for the project, including interest, at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of State general obligation bonds as established pursuant to the Chapter 4 (commencing with Section 16720), of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater. Interest to be returned shall be calculated from the date at which funds were received by the school district until the date of the Board's finding.

(7) If the DIR revokes the district's internal LCP's approval and the district fails to provide appropriate prevailing wage monitoring through the DIR or other exemptions as specified in Labor Code Section 1771.3, the school district shall return to the State any State funding received for the project, including interest, as calculated in subsection (c)(6) above, for any construction projects for which the violations occurred.

(d) If an applicant meets the eligibility criteria in Section 1859.192, but does not have the necessary approvals from the DSA and/or the CDE at the time of apportionment, the Board may apportion funds for the Career Technical Education Facilities Project and reserve them for a period of up to 12 months. The grant amount to be reserved for the project will be the maximum funding as determined above in (a), (b), or (c)."

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 22, 2012

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the January 2012 Board meeting, the Board elected to provide an increase adjustment of 3.76 percent to SFP projects for calendar year 2012. The projects listed on the Attachment reflect the Board's action of the adoption of the 3.76 percent increase based on the Marshall & Swift Eight California Cities Index. In addition, the project applications represent SFP new construction and modernization projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion …, the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment will not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.

2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. This approval does not constitute a guarantee or commitment of future State funding.

Amounts shown for financial hardship assistance are subject to adjustment as a result of a review of the District's financial records pursuant to Regulation Section 1859.81(a) at the time of apportionment.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

Funding Source: Proposition 1D Bonds/2006-Nov.

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. This approval does not constitute a guarantee or commitment of future State funding.

This project shall receive a State Allocation Board unfunded approval date of July 25, 2012.

Amounts shown for financial hardship assistance are subject to adjustment as a result of a review of the District's financial records pursuant to Regulation Section 1859.81(a) at the time of apportionment.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

Provide that the State portion of the project savings which may be realized from the funding of a facility hardship or rehabilitation project must be returend to the State.

SCHOOL DISTRICT DATA

School District: …….LOS ANGELES UNIFIED County:……..…….LOS ANGELES

Application Number:……..……..……56/64733-00-003 School Name:.....CENTRAL LOS ANGELES HIGH #12

PURPOSE OF REPORT

To present an Overcrowding Relief Grant (ORG) Program project for rescission.

DESCRIPTION

The ORG Program provides qualified school districts with the ability to replace portable classrooms with permanent classroom facilities. An unfunded approval for this project was approved by the State Allocation Board (Board) at the August 4, 2010 meeting. There were no ORG funds released.

The District submitted a letter to the Office of Public School Construction stating it would not be moving forward with its project, as listed below, and requested that the unfunded approval for the project be rescinded. This project was resubmitted with a new scope for funding consideration in the 10th ORG cycle.

Application No.	Number of Pupils	Board Approval Date	State Share Unfunded Amount
56/64733-00-003	486	08-04-10	$13,502,722

AUTHORITY

School Facility Program Regulation Section 1859.107(a)(2) states that an application may be withdrawn if "The Approved Application has not received an approval or has received an approval pursuant to Section 1859.95, but has not received an apportionment."

RECOMMENDATIONS

1. Approve the rescission of the unfunded approval for the project in the amount of $13,502,722 [Bonds/2006-Nov.; 957-531] from $13,502,722 to $0.

2. Approve the reinstatement of 486 pupil grants for the project to the District's ORG eligibility baseline.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 22, 2012

SCHOOL FACILITY PROGRAM
CAREER TECHNICAL EDUCATION FACILITIES PROGRAM RESCISSIONS

PURPOSE OF REPORT

To present rescissions under the School Facility Program (SFP) Career Technical Education Facilities Program (CTEFP).

DESCRIPTION

The CTEFP projects listed on the Attachments are districts that requested to rescind their applications. These applications received unfunded approvals at the December 10, 2008 State Allocation Board meeting. No State funds were released on these projects.

AUTHORITY

SFP Regulation Section 1859.198 states that "any Career Technical Education Facilities Project funds returned due to projects being rescinded or reduced to costs incurred shall be made available for apportionment in subsequent funding cycles."

STAFF ANALYSIS/STATEMENTS

The Districts are requesting to rescind their projects due to construction issues at the site and unavailability to match the required funds.

RECOMMENDATIONS

1. Approve the rescission for the Santa Rosa High School District as shown on the Attachment.

2. Approve the rescission for the Sierra-Plumas Joint Unified School District as shown on the Attachment.

Funding Source: Bonds/2006-Nov.

The District has requested to decline the apportionment that was approved at the December 10, 2008 SAB. No State funds have been released.
The apportionment is amended to return the funds to the CTEFP fund.

The District has requested a Reservation of Funds. Pursuant to Article 16, Sections 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months; otherwise, the apportionment will be rescinded without further Board action.
Pursuant to Section 1859.194, the District has requested a loan which shall be made available to supplement the District's required matching share. The District is required to submit a complete and executed loan agreement within 30 days of the date that the OPSC provides the loan agreement to the District. The loan agreement shall include interest set at the same rate as charged by the Pooled Money Investment as Board of the date of apportionment.

Since the District has requested a loan equal to the District's entire matching share, the OPSC will release ten percent of the CTEFP grant to the applicant within 30 calendar days of the apportionment, once funding becomes available pursuant to Section 1859.197. If the District does not meet the time requirements of Section 1859.197 related to a reservation and/or release of funds, the District is required to return the ten percent amount including interest in accordance with the repayment provisions identified in Section 1859.106.1.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, the retention of the apportionment is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications.

Pursuant to Section 1859.197, the District is required to submit a complete Fund Release Authorization (Form SAB 50-05) within 18 months of the OPSC acceptance of the California Department of Education plan approval and the Division of the State Architect approved plans and specifications; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 22, 2012

SCHOOL DISTRICT DATA	
School District:…….....LIVERMORE VALLEY JOINT UNIFIED	County: …….…….. ALAMEDA
Application Number:……... 55/61200-00-001	School Name: ……..……..LIVERMORE HIGH SCHOOL
Total District Enrollment…… 12,781	Project Grade Level: ..…….….. 9-12
District Eligibility:……	K-6, -854, 7-8, 177, 9-12, 0, Non-Sev, -177, Severe, 70

PURPOSE OF REPORT

To present the District's request to demonstrate under other evidence that substantial progress has been made.

DESCRIPTION

The District received a School Facility Program (SFP) Career Technical Education (CTE) adjusted grant apportionment on March 26, 2008, for the Livermore High School. Pursuant to SFP Regulation Section 1859.105(a)(1-4), the District was required to show that it had met substantial progress on this project by May 12, 2012.

BACKGROUND

The SFP regulations require that Districts which receive an adjusted grant approval must demonstrate that substantial progress has been made on the project within 18 months of receiving the fund release. Evidence of substantial progress can be demonstrated by showing any of the following:

1. At least 75 percent of all site development work that is necessary prior to building construction activity is complete.
2. At least 90 percent of the building construction activities are under contract, unless the building construction activities are delayed as a result of necessary site development work.
3. All construction activities are at least 50 percent complete.
4. Other evidence satisfactory to the State Allocation Board (SAB) of circumstances beyond the control of the district that precludes substantial progress being met.

This new construction CTE Agriculture Science and Technology project consists of constructing a 13,280 sq. ft. Agriculture Science and Technology Building at the Livermore High School, which includes four teaching stations comprised of classrooms/lecture and laboratory/work space and auxiliary facilities. The District received funds from the State on November 12, 2010. The District's progress thus far on the project is as follows:

- Submitted the building plans to the Division of the State Architect.
- Submitted the project plans to the California Department of Education and received Final Plan approval from the agency.
- Submitted their annual Expenditure Report which reflects the project is seven percent complete.

(Continued on Page Two)

BACKGROUND (cont.)

The District has put all projects on hold at this time due to the financial stress that has been placed on the District by the State of California's budget troubles. The District's funding has dropped over ten percent in the past four years and the deferrals of over 38 percent of its revenue has forced the District to rely on other funds, which would include the District's match for cash flow.

AUTHORITY

Pursuant to Education Code Section 17076.10(b) and the SFP Regulation Section 1859.105(a)(4), sufficient evidence of substantial progress shall include other evidence satisfactory to the SAB of circumstances beyond the control of the district that precludes substantial progress being met. If the SAB determines that no substantial progress toward completing the project has been made, the Board shall rescind/reduce the project to costs incurred. The District may file a new application for the project, subject to district eligibility and priority funding at the time of submittal.

STAFF ANALYSIS

This project application represents a District that has received a CTE adjusted grant apportionment. The District submitted an acceptable explanation of circumstances beyond the control of the District that precludes substantial progress being met. Staff recommends approval of the request that substantial progress has been met for this project.

RECOMMENDATION

Approve the District's request that substantial progress has been met on this project.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 22, 2012

SCHOOL DISTRICT DATA	
School District: ..... …….EL MONTE UNION HIGH	County: …….…….. LOS ANGELES
Application Number:…….…..... 59/64519-00-005	School Name: ..…….…….MOUNTAIN VIEW HIGH
Total District Enrollment…….10,056	Project Grade Level: …….…… 9-12
District Eligibility:…… 9-12, -1, Non-Sev, -157, Severe, 46	

PURPOSE OF REPORT

To present the District's request to demonstrate under other evidence that substantial progress has been made.

DESCRIPTION

The District received a School Facility Program (SFP) Career Technical Education (CTE) adjusted grant apportionment on December 10, 2008, for the El Monte High School. Pursuant to SFP Regulation Section 1859.105(a)(1-4), the District was required to show that it had met substantial progress on this project by June 6, 2012.

BACKGROUND

The SFP regulations require that Districts which receive an adjusted grant approval must demonstrate that substantial progress has been made on the project within 18 months of receiving the fund release. Evidence of substantial progress can be demonstrated by showing any of the following:

1. At least 75 percent of all site development work that is necessary prior to building construction activity is complete.
2. At least 90 percent of the building construction activities are under contract, unless the building construction activities are delayed as a result of necessary site development work.
3. All construction activities are at least 50 percent complete.
4. Other evidence satisfactory to the State Allocation Board (SAB) of circumstances beyond the control of the district that precludes substantial progress being met.

This modernization CTE Culinary Arts, Hospitality and Restaurant Management Academy project consists of renovating and upgrading a 1,516 sq. ft. kitchen and selected kitchen equipment to industry standards. Additionally, the classroom adjacent to the kitchen would be converted into the Viking Cafe to be operated by the restaurant management class. The project includes a 1,120 sq. ft. lecture area and a 67 sq. ft. dry storage area used for food and supply storage. The District received funds from the State on December 6, 2010. The District's progress thus far on the project is as follows:

- Submitted the building plans to the Division of the State Architect (DSA) and pending approval from the agency.
- Submitted the project plans to the California Department of Education and received Final Plan approval from the agency.
- Submitted their annual Expenditure Report which reflects project is 20 percnet complete.

(Continued on Page Two)

BACKGROUND (cont.)

The District's former Construction Management (CM) consulting firm filed a lawsuit on January 20, 2011, against the District seeking the court's determination of the rights of the parties under a 2004 agreement between themselves and the District. The parties ultimately settled the dispute, but not without causing significant disruption and delay to the progress toward completion of the District's construction project.

In early 2011, the District began investigating allegations of over-billing, improper use of bond funds, and conflict of interest allegations against the District's CM firm. During the course of the investigation, the CM was told not to proceed with any projects not already under construction. The District and the CM ended their contract for mutual convenience on/or about September 2011. A new CM team began reviewing the project design and documentation in November 2011. In late November/early December 2011, the CM informed the District that the existing project design included a deferred approval requirement for the fire sprinkler design. The contractor building the project is responsible for designing the fire sprinkler system and obtaining DSA approval prior to commencement of construction.

In January 2012, the DSA's regulations changed to require DSA approval of fire sprinkler designs prior to commencement of construction rather than a deferred approval. The District's Board of Trustee's determined that by complying with the latest DSA regulations and receiving fire sprinkler system approval prior to construction, the project duration could be shortened and there would be less disruption to students and staff. The DSA approval is expected in June 2012.

AUTHORITY

Pursuant to Education Code Section 17076.10(b) and the SFP Regulation Section 1859.105(a)(4), sufficient evidence of substantial progress shall include other evidence satisfactory to the SAB of circumstances beyond the control of the district that precludes substantial progress being met. If the SAB determines that no substantial progress toward completing the project has been made, the Board shall rescind/reduce the project to costs incurred. The District may file a new application for the project, subject to district eligibility and priority funding at the time of submittal.

STAFF ANALYSIS

This project application represents a District that has received a CTE grant apportionment. The District submitted an acceptable explanation of circumstances beyond the control of the District that precludes substantial progress being met. Staff recommends approval of the request that substantial progress has been met for this project.

RECOMMENDATION

Approve the District's request that substantial progress has been met on this project.

District Eligibility:…….. 9-12, -1, Non-Sev, -157, Severe,	

PURPOSE OF REPORT

To present the District's request to demonstrate under other evidence that substantial progress has been made.

DESCRIPTION

The District received a School Facility Program (SFP) Career Technical Education (CTE) adjusted grant apportionment on December 10, 2008, for the South El Monte High School. Pursuant to SFP Regulation Section 1859.105(a)(1-4), the District was required to show that it had met substantial progress on this project by May 8, 2012.

BACKGROUND

The SFP regulations require that Districts which receive an adjusted grant approval must demonstrate that substantial progress has been made on the project within 18 months of receiving the fund release. Evidence of substantial progress can be demonstrated by showing any of the following:

1. At least 75 percent of all site development work that is necessary prior to building construction activity is complete.
2. At least 90 percent of the building construction activities are under contract, unless the building construction activities are delayed as a result of necessary site development work.
3. All construction activities are at least 50 percent complete.
4. Other evidence satisfactory to the State Allocation Board (SAB) of circumstances beyond the control of the district that precludes substantial progress being met.

This modernization CTE Theatre Arts and Design Academy project consists of renovating a 15,860 sq. ft. multipurpose facility shared by other instructional, co-curricular and community activities. The project scope will acquire and install industry-standard equipment for sound, lighting and stage sets for drama and musical performances. The project includes a Theatre Stage of 11,800 sq. feet, a Workshop totaling 3,100 sq. ft. and two outdoor storage containers for storage and props and curtains, which total 960 sq. ft.

The District received funds from the State on November 8, 2010. The District's progress thus far on the project is as follows:

- Submitted the building plans to the Division of the State Architect (DSA) and pending approval from the agency.
- Submitted the project plans to the California Department of Education and received Final Plan approval from the agency.

The District's former Construction Management (CM) consulting firm filed a lawsuit on January 20, 2011, against the District seeking the court's determination of the rights of the parties under a 2004 agreement between themselves and the District. The parties ultimately settled the dispute, but not without causing significant disruption and delay towards completion of the District's construction project.

RECOMMENDATION

Approve the District's request that substantial progress has been met on this project.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 22, 2012

SCHOOL FACILITY PROGRAM
SUBSTANTIAL PROGRESS TIME EXTENSION

PURPOSE OF REPORT

To present the Contra Costa County Office of Education's (COE) request for a time extension to show substantial progress for the School Facility Program (SFP) project.

DESCRIPTION

The SFP regulations require that COE's which receive a design grant approval must demonstrate substantial progress has been made on the project within 18 months of receiving the fund release. Evidence of substantial progress can be demonstrated by showing any of the following:

1. Submittal of an approved New Construction or Modernization Adjusted Grant funding application.
2. Submittal of a district certification that the final building plans for the project have been submitted to and accepted by the Division of the State Architect (DSA) for review and approval.
3. Submittal of an approved separate site funding application pursuant to Section 1859.81.1(a) or an approved environmental hardship funding application pursuant to Section 1859.75.1.
4. Submittal to the Office of Public School Construction of evidence satisfactory to the State Allocation Board (SAB) detailing the reason(s) that plans have not been completed and accepted by the DSA.

AUTHORITY

Pursuant to Regulation Section 1859.105 (c)(4), sufficient evidence of substantial progress shall include other evidence satisfactory to the SAB detailing the reason(s) that plans have not been completed and accepted by the DSA. If the SAB determines that substantial progress has been made, the SAB shall condition its finding of substantial progress upon the District's commitment to complete and submit an Approved Adjusted Grant application within 18 months from the date of the SAB's determination of substantial progress.

STAFF COMMENTS

The Attachment represents a project application in which the Contra Costa COE had received a design grant apportionment and a subsequent fund release. The Contra Costa COE has submitted an acceptable explanation of why a substantial progress extension is required. Staff recommends approval of the request for additional time to submit evidence that substantial progress has been met on the design grant.

RECOMMENDATIONS

1. Approve the Contra Costa COE's request for a determination of substantial progress with regard to the SFP application, as indicated on the Attachment.
2. Failure to comply with either requirement as indicated on the Attachment will result in the project apportionment being reduced to costs incurred or rescinded.

ATTACHMENT

Substantial Progress Time Extension
SCHOOL FACILITY PROGRAM
State Allocation Board Meeting, August 22, 2012

	Project Number(s)	***County Office of Education (COE) / County / School Name(s)***	***Summary of COE Narrative***	***Staff Recommendation(s)***
Design Grant	50/10074-98-005	Contra Costa County Office of Education Contra Costa Special Education Center	The project received a Design Grant apportionment on December 15, 2010. The Contra Costa County Office of Education (CCCOE) was delayed in proceeding with their design plans due to locating and obtaining an appropriate site for their project. The Antioch Unified School District has agreed to allow the CCCOE to develop their school on district owned land. In 2011, the CCCOE began working with Antioch Unified to plan the county special education facility on an unused portion of their Park Middle School site. The CCCOE anticipates the formal approval of the project by Antioch Unified's Board of Education in the near future. Therefore, the District is requesting an 18-month extension to demonstrate substantial progress.	1. Require the District to submit acceptable plans to the DSA by July 1, 2013. 2. Require the District to submit a complete and approvable Adjusted Grant funding application to the OPSC by December 30, 2013. If both conditions are not met by December 30, 2013, the OPSC will proceed to rescind or reduce this project to costs incurred.

Emergency Repair Program

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 22, 2012

EMERGENCY REPAIR PROGRAM UNFUNDED APPROVALS

PURPOSE OF REPORT

To present a listing of Emergency Repair Program (ERP) applications to be considered for an unfunded approval.

DESCRIPTION

The Local Educational Agencies (LEAs) listed on the Attachment have submitted a *Grant Request* (Form SAB 61-03) for ERP funding. The applications have been reviewed by Staff and it has been determined that the applications meet the regulations and requirements of the ERP.

The Attachment includes 16 grant requests, designated by "g" for projects that are not completed and/or for which the funds have not been fully expended. It also includes two reimbursement requests, designated by "e-r" as the projects are fully completed and paid for by the LEA. These reimbursement projects also include submittals of the *Expenditure Reports* (Form SAB 61-04) by the LEA in addition to the Form SAB 61-03.

AUTHORITY

Pursuant to Section 1859.322 (Emergency Repair Program Project Funding Order), "The Board shall make apportionments on a monthly basis for Grants in the order of receipt of an Accepted Application and for Grant Adjustments in the order of receipt of a complete Form SAB 61-04, as follows:
(b) If funding is insufficient in any given month:
(1) Grants will be provided to each application on a prorated basis with the balance placed on the Unfunded List, unless the proration will result in funding less than 25 percent of the eligible project costs. The proration shall be determined by dividing the total funds available by the total eligible costs of all applications ready for Apportionment. All Grant Adjustments will be placed on the Unfunded List.

When funds become available, projects on the Unfunded List will be apportioned in the order of date received. From available funds, Grants will be funded first and Grant Adjustments will be funded second. After an Apportionment has been made by the Board, funds will be released automatically by the OPSC. If local funds have been expended, the Apportionment must be used by the LEA to reimburse the special reserve fund and the original source of funds used to make the LEA expenditures for the ERP project.

Once all ERP funds have been depleted, any applications that have received a prorated Apportionment, a Grant, or a Grant Adjustment will be deemed a full and final Apportionment, any applications remaining fully unfunded on the Unfunded List will be returned to the LEA, and the Unfunded List shall be dissolved."

STAFF ANALYSIS/STATEMENTS

ERP Regulation Section 1859.322 requires the Board to make apportionments on a monthly basis and provides for an unfunded list to be generated when there is insufficient funding in any given month. The ERP currently has no funds available. Therefore, all projects are placed on the Unfunded List.

ERP Regulations further stipulate that when funds become available, projects on the Unfunded List will be apportioned in the order of date received. Once all ERP funds have been depleted, any applications remaining on the Unfunded List will be returned to the LEA, and the Unfunded List shall be dissolved.

(Continued on Page Two)

RECOMMENDATIONS

1. Approve the applications listed on the Attachment for inclusion on the ERP Unfunded List with a "SAB Unfunded Approval" date of August 22, 2012.

2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 22, 2012

EMERGENCY REPAIR PROGRAM GRANT ADJUSTMENTS

PURPOSE OF REPORT

To adjust the grant apportionments for Emergency Repair Program (ERP) projects.

DESCRIPTION

The purpose of this item is to request the State Allocation Board adjust the previously approved grant apportionments for the ERP projects on the Attachment. The grant apportionments were incorrectly reduced by the amount of savings and interest earned on the project. This item reverses the adjustment due to interest which must be retuned to the State but does not offset the project apportionment.

The Local Educational Agencies (LEAs) listed on the Attachment have submitted the required *Expenditure Reports* (Form SAB 61-04) that indicate expenditures are less than the ERP grant. The Attachment includes 210 ERP applications that require corrections to previous grant apportionments.

AUTHORITY

ERP Regulation Section 1859.324.1. Grant Adjustments

"After review of a Form SAB 61-04, projects that require a Grant Adjustment will be presented to the Board for approval based upon one of the following review determinations:
(a) If the expenditures are less than the Grant, the Grant will be deemed the full and final apportionment for the project and the OPSC shall recommend to the Board that the Apportionment be reduced by the amount of savings realized by the LEA. The savings, which include any interest earned on the Grant funds, either declared by the LEA or determined by the OPSC, must be returned to the State when the LEA submits the Form SAB 61-04 to the OPSC. If the LEA fails to make the required payment, the OPSC shall notify the Controller and the LEA in writing, and the Controller shall deduct an amount equal to the amount due by the LEA under this subdivision from the LEA's next principal apportionment or apportionments of state funds to the LEA, other than basic aid apportionments required by Section 6 of Article IX of the California Constitution. Any amounts obtained pursuant to this Section shall be deposited into the School Facilities Emergency Repair Account and will be made available for the funding of future ERP Grants and Grant Adjustments."

ERP Regulation Section 1859.324.2. Interest Earned on ERP Grants

"All interest earned on ERP Grant funds provided pursuant to Section 1859.324 shall be:
(a) Applied to eligible project costs for the projects, as approved by the SAB, and pursuant to Section 1859.323; or
(b) Returned to the State."

RECOMMENDATION

Approve the grant adjustments for the ERP applications listed on the Attachment in the amount of $1,421,292.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 22, 2012

EMERGENCY REPAIR PROGRAM GRANT ADJUSTMENTS - RESCISSIONS

PURPOSE OF REPORT

To request rescission of grant apportionments and collection of interest earned for eight Emergency Repair Program (ERP) projects.

DESCRIPTION

The eight Local Educational Agencies (LEAs) listed on the Attachment have not submitted the required *Expenditure Reports* (Form SAB 61-04) within the specified time frames in the ERP regulations and have not completed the projects for which the grant apportionments were awarded; all of them have remitted the funds back, including any interest earned on the apportioned funds.

AUTHORITY

ERP Regulation Section 1859.330. Time Limit on Grant Apportionment.

"The LEAs that receive ERP Grants shall comply with all of the following provisions:
(a) When the Division of the State Architect's review and approval is not required, within 15 months of the Grant apportionment the LEA shall:
(1) Complete the emergency repair or replacement; and
(2) Submit the Form SAB 61-04 to the OPSC.
(b) When the Division of the State Architect's review and approval is required, within 21 months of the Grant apportionment the LEA shall:
(1) Complete the emergency repair or replacement; and
(2) Submit the Form SAB 61-04 to the OPSC.

If the LEA does not meet the Time Limit on Grant Apportionment, the Apportionment will be rescinded without further Board action. Within 60 days of the OPSC notification, the LEA must submit to the State a warrant for the amount of the Apportionment and any interest earned on State funds. If this does not occur, the OPSC shall initiate collection procedures as delineated in 1859.324.1(a). Any rescinded funds returned to the State will be made available for the funding of future ERP Grants and Grant Adjustments. The LEA may re-file Form SAB 61-03 to request a Grant for the rescinded projects provided it meets the provisions of Section 1859.324 at the time of re-filing."

RECOMMENDATIONS

1. Rescind the grant apportionments for the eight ERP applications listed on the Attachment.

2. Require the LEAs to return the interest earned on State funds as indicated on the Attachment.
