Resolution: 2012-09-09

State of California
State Allocation Board
School Facility Program

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on September 19, 2012.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.

2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.

3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.

4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3rd Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on September 19, 2012 at Sacramento, California.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, September 19, 2012

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the January 2012 Board meeting, the Board elected to provide an increase adjustment of 3.76 percent to SFP projects for calendar year 2012. The projects listed on the Attachment reflect the Board's action of the adoption of the 3.76 percent increase based on the Marshall & Swift Eight California Cities Index. In addition, the project applications represent SFP new construction and modernization projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion …, the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment will not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.

2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List. This approval does not constitute a guarantee or commitment of future State funding.

This project shall receive a State Allocation Board unfunded approval date of July 25, 2012.

Amounts shown for financial hardship assistance are subject to adjustment as a result of a review of the District's financial records pursuant to Regulation Section 1859.81(a) at the time of apportionment.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Emergency Repair Program

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, September 19, 2012

EMERGENCY REPAIR PROGRAM UNFUNDED APPROVALS

PURPOSE OF REPORT

To present a listing of Emergency Repair Program (ERP) applications to be considered for an unfunded approval.

DESCRIPTION

The Local Educational Agencies (LEAs) listed on the Attachment have submitted a *Grant Request* (Form SAB 61-03) for ERP funding. The applications have been reviewed by Staff and it has been determined that the applications meet the regulations and requirements of the ERP.

The Attachment includes 13 grant requests, designated by "g" for projects that are not completed and/or for which the funds have not been fully expended. It also includes nine reimbursement requests, designated by "e-r" as the projects are fully completed and paid for by the LEA. These reimbursement projects also include submittals of the *Expenditure Reports* (Form SAB 61-04) by the LEA in addition to the Form SAB 61-03.

AUTHORITY

Pursuant to Section 1859.322 (Emergency Repair Program Project Funding Order), "The Board shall make apportionments on a monthly basis for Grants in the order of receipt of an Accepted Application and for Grant Adjustments in the order of receipt of a complete Form SAB 61-04, as follows:
(b) If funding is insufficient in any given month:
(1) Grants will be provided to each application on a prorated basis with the balance placed on the Unfunded List, unless the proration will result in funding less than 25 percent of the eligible project costs. The proration shall be determined by dividing the total funds available by the total eligible costs of all applications ready for Apportionment. All Grant Adjustments will be placed on the Unfunded List.

When funds become available, projects on the Unfunded List will be apportioned in the order of date received. From available funds, Grants will be funded first and Grant Adjustments will be funded second. After an Apportionment has been made by the Board, funds will be released automatically by the OPSC. If local funds have been expended, the Apportionment must be used by the LEA to reimburse the special reserve fund and the original source of funds used to make the LEA expenditures for the ERP project.

Once all ERP funds have been depleted, any applications that have received a prorated Apportionment, a Grant, or a Grant Adjustment will be deemed a full and final Apportionment, any applications remaining fully unfunded on the Unfunded List will be returned to the LEA, and the Unfunded List shall be dissolved."

STAFF ANALYSIS/STATEMENTS

ERP Regulation Section 1859.322 requires the Board to make apportionments on a monthly basis and provides for an unfunded list to be generated when there is insufficient funding in any given month. The ERP currently has no funds available. Therefore, all projects are placed on the Unfunded List.

ERP Regulations further stipulate that when funds become available, projects on the Unfunded List will be apportioned in the order of date received. Once all ERP funds have been depleted, any applications remaining on the Unfunded List will be returned to the LEA, and the Unfunded List shall be dissolved.

(Continued on Page Two)

RECOMMENDATIONS

1. Approve the applications listed on the Attachment for inclusion on the ERP Unfunded List with a "SAB Unfunded Approval" date of September 19, 2012.

2. Provide that these unfunded approvals do not constitute a guarantee of future funding.
