REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 20, 2014

ADDITIONAL GRANT FOR GENERAL SITE DEVELOPMENT

PURPOSE OF REPORT

To request direction from the State Allocation Board (Board) regarding the General Site Development grant.

DESCRIPTION

The regulations authorizing the General Site Development grant will expire on January 1, 2015. Regulation amendments were approved by the Board on May 22, 2013 to extend the expiration date to January 1, 2015. This item provides the Board options for consideration to extend the authority to provide the grant or allow it to sunset on January 1, 2015.

AUTHORITY

School Facility Program (SFP) Regulation Section 1859.76 states in part:

In addition to any other funding authorized by these Regulations, the Board shall provide funding equal to 50 percent of the following approved site development and applicable design costs:

…

(d) General Site Development costs within school property lines for an addition to an existing school site project wherein additional acreage is acquired, with the exception of existing school site acreage that is leased pursuant to Section 1859.22, or a new school project, determined as follows:

(1) $19,200 per Useable Acre as approved by the California Department of Education (CDE). This sum may be increased by the percentage identified in Section 1859.83(b). The per acre amount shown above shall be adjusted annually in the manner prescribed in Section 1859.71.

(2) 6 percent of the State and district share for Elementary School Pupils and Middle School Pupils and 3.75 percent of the State and district share for High School Pupils of the New Construction Grant. For purposes of this calculation, the percentage amount for Severely Disabled Individuals with Exceptional Needs and Non- Severely Disabled Individuals with Exceptional Needs pupils shall be based on the type of project selected by the district on the Form SAB 50-04.

(3) 6 percent of the State and district share for Elementary School Pupils and Middle School Pupils and 3.75 percent of the State and district share for High School Pupils of the funding provided by Sections 1859.71.2, 1859.72, 1859.73, 1859.73.2, 1859.82, 1859.83(a), (b) and (c) and 1859.125(a)(1) through (a)(2). Subsection (d) of this section shall be suspended no later than January 1, 2014, unless otherwise extended by amendments as adopted by the Board.

BACKGROUND

When an applicant applies for SFP New Construction funding, supplemental site grants such as Service Site Development, Off-Site Development, Utilities, and General Site Development may be requested. A description of what is included in each of these grant categories follows.

Service Site Development prepares the site for building or infrastructure construction and is performed within school property lines. This includes items such as site demolition, rough grading, soil compaction, drainage and eligible erosion control.

Off-Site Development includes items such as preparatory grading, collection of site drainage to an existing point of connection, paving, curb, gutter, sidewalks, street lights and planting areas as mandated by local ordinances/authorities.

(Continued on Page Two)

BACKGROUND (cont.)

Utility costs are associated with installation of water, sewer, gas, electricity, and communication lines necessary to serve the master-planned capacity of the site.

General site includes, but is not limited to, finish grading, on-site hard surfaced areas for foot traffic, driveways, walkways, outdoor instructional play facilities, permanent playground equipment, athletic fields, and landscaping.

In December 2005, the Board requested that the OPSC create a committee to look at the adequacy of new construction grants. Specifically, the Board asked that the committee address two issues: the equitability of the SFP new construction base grant compared to the equivalent allowances provided under the Lease Purchase Program (LPP) when the State converted programs in 1998; and, if the grants are sufficient to build a complete new school.

In response, the OPSC assembled the Grant Adequacy Ad Hoc Committee (Committee), which included representatives from several school districts, architectural, construction and construction management firms, consultants, the California Building Industry Association, the Department of Finance, the California Department of Education, and OPSC staff. The committee took a two-step approach to the Board's request and its first step concentrated on determining if the SFP new construction base grant was equitable at the time of conversion from the LPP.

The report back to the Board in April 2006 identified that additional analysis was warranted to fully explore the complexities of the funding model and how the additional grants may make up for differences seen when comparing the SFP base grant to the LPP base grants. However, during the course of the analysis the Committee also determined that it was unable to definitively conclude whether the general site allowance was included in the SFP base grant. The Board requested that OPSC return the following month to present a proposal and recommendations regarding general site additional grants.

In May 2006 an item was presented to the Board for consideration of adding an additional grant for general site development. In the report, OPSC staff stated that "if general site development costs *were* factored into the development of the new construction base grant, then the new construction base grant does not take into account the size of the site." Because larger sites would incur more costs related to general site development, it was considered a reasonable conclusion that the general site costs were not fully factored into the development of the SFP new construction base grant. The Board adopted a temporary general site grant until a complete analysis of the new construction base grant could be completed.

SFP Regulation Section 1859.76(d) implementing this additional grant was effective beginning September 5th, 2006 with a suspension date of "no later than January 1, 2008, unless otherwise extended by the amendments as adopted by the Board." Since then, extensions have been approved on the following dates:

First Extension
At the December 12, 2007 meeting, these regulations were extended for the first time to have a new expiration date of "no later than January 1, 2009."

At the May 28, 2008 meeting, Staff presented an item to seek direction on applications that were received by the Office of Public School Construction (OPSC) during the period of time where the regulations were expired from January 1, 2008 to March 2, 2008. Staff recommended that the Board apportion the projects with the General Site Development grant included. Staff cited the December 2007 meeting where the Board indicated that "it wanted the general site development allowance to be seamless with no gaps in funding." The Board approved Staff's recommendation.

(Continued on Page Three)

STAFF ANALYSIS/STATEMENTS (cont.)

Subsequent Extensions

At the February 25, 2009 meeting, the Board approved regulations to extend the expiration date to January 1, 2010.

At the November 4, 2009 meeting, the Board approved regulations to extend the expiration date to January 1, 2011.

At the June 23, 2010 meeting, the Board approved regulations to extend the expiration date to January 1, 2012.

At the July 12, 2011 meeting, the Board approved regulations to extend the expiration date to January 1, 2014.

At the May 22, 2013 meeting, the Board approved regulations to extend the expiration date to January 1, 2015.

Approval of an extension to the General Site Development grant regulation would prevent a lapse in regulatory authority and would continue to allow applications to be processed with the grant, provided that the regulation extension is approved by the Board, filed with the Office of Administrative Law (OAL) and in effect before the regulations expire. While there is no bond authority remaining to fund additional New Construction projects, there are other programs with available bond authority whose applications could qualify for the General Site Development grant. These include the Overcrowding Relief Grant Program, the Charter School Facilities Program, and some Facility Hardship projects. Funding applications received after January 1, 2015 would not be able to request this supplemental grant without the extension.

OPTIONS

Staff is seeking the Board's direction on how to proceed with the extension of the General Site Development grant regulations and is presenting two options for the Board's consideration:

OPTION 1 – To extend the expiration date of the General Site Development grant by at least one year or more, at the Board's discretion by approving the proposed regulation changes in the Attachment.

This would allow continued processing of applications that requested the General Site Development grant. Staff estimates that the regulation amendments could be effective by January 1, 2015 based on the standard approval timelines for non-emergency regulations at the OAL. Recent statutory changes limit the effective date of new regulations to January 1, April 1, July 1, and October 1 each year.

OPTION 2 – Do not extend the expiration date of the General Site Development grant which would allow the grant authority to lapse.

This option would allow the grant to sunset on January 1, 2015.

RECOMMENDATIONS

1. Adopt the proposed regulations as shown in the Attachment, which extends the General Site Development grant for one year.
2. Authorize the Executive Officer to file the proposed regulations with the OAL.

This Item was approved by the State Allocation Board on August 20, 2014.

ATTACHMENT

SCHOOL FACILITY PROGRAM REGULATORY AMENDMENTS

Section 1859.76. New Construction Additional Grant for Site Development Costs.
In addition to any other funding authorized by these Regulations, the Board shall provide funding equal to 50 percent of the following approved site development and applicable design costs:
…
(d) General Site Development costs within school property lines for an addition to an existing school site project wherein additional acreage is acquired, with the exception of existing school site acreage that is leased pursuant to Section 1859.22, or a new school project, determined as follows:
(1) $19,200 per Useable Acre as approved by the CDE. This sum may be increased by the percentage identified in Section 1859.83(b). The per acre amount shown above shall be adjusted annually in the manner prescribed in Section 1859.71.
(2) 6 percent of the State and district share for Elementary School Pupils and Middle School Pupils and 3.75 percent of the State and district share for High School Pupils of the New Construction Grant. For purposes of this calculation, the percentage amount for Severely Disabled Individuals with Exceptional Needs and Non-Severely Disabled Individuals with Exceptional Needs pupils shall be based on the type of project selected by the district on the Form SAB 50-04.
(3) 6 percent of the State and district share for Elementary School Pupils and Middle School Pupils and 3.75 percent of the State and district share for High School Pupils of the funding provided by Sections 1859.71.2, 1859.72, 1859.73, 1859.73.2, 1859.82, 1859.83(a), (b) and (c) and 1859.125(a)(1) through (a)(2). Subsection (d) of this section shall be suspended no later than January 1, ~~2015~~ 2016, unless otherwise extended by amendments as adopted by the Board.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 20, 2014

PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

PURPOSE OF REPORT

To provide priority School Facility Program (SFP) funding apportionments for $100.5 million for the projects that submitted a valid certification.

DESCRIPTION

At the May 2011 State Allocation Board (Board) meeting, the Board approved proposed regulations establishing two annual filing periods for prioritizing school construction funding as cash proceeds became available to provide apportionments. The proposed regulations created two 30-day periods in which school districts could request to receive an apportionment upon acknowledgement that a *Fund Release Authorization* (Form SAB 50-05) could be submitted within 90 days of receiving an apportionment.

The Office of Administrative Law (OAL) approved the regulations on July 27, 2011. Based on the current regulations, the current 30-day filing period began on May 14, 2014 and ended on June 12, 2014. Requests must have been physically received by the Office of Public School Construction (OPSC) on or before June 12, 2014 and are valid from July 1, 2014 through December 31, 2014.

By approving this item, the Board will provide approximately $100.5 million in apportionments for 34 projects that represents 21 school districts.

AUTHORITY

See Attachment A.

BACKGROUND

Communication

Since the Board approved the establishment of two priority funding request periods per year, the OPSC continues to actively communicate the information to all school districts as follows:

- Staff sends electronic notifications of upcoming/current filing periods to all school districts in the state.
- Staff created a page on the OPSC website dedicated to comprehensive information on the priority funding process.
- Articles are included in the monthly OPSC publication, *Building Blocks,* which is displayed on the OPSC website. Email notifications with a link to new issues of *Buildings Blocks* are sent to all school districts.
- Staff provides outreach at monthly county office of education meetings held throughout the state.

Requests/Acknowledgements

Pursuant to SFP Regulations, districts choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an apportionment. As part of the request, districts are required to make the following acknowledgements:

- The district understands that the time limit on fund release shall be no more than 90 days from the date of Apportionment.

(Continued on Page Two)

BACKGROUND (cont.)

Requests/Acknowledgements (cont.)

- The District acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded application will revert back to an Unfunded Approval at the bottom of the unfunded list and cannot be guaranteed bond authority. The application will receive a new Unfunded Approval date of Tuesday, November 18, 2014.
- In the case that multiple rescissions are made by the SAB, each separate application will be placed at the bottom of the unfunded approvals list in the order of the original unfunded approval date. The district will not be required to resubmit the application and no further application review will be required.

  (Example: Two applications are rescinded with unfunded approval dates of January 27, 2010 and February 24, 2010. The application that received an unfunded approval on January 27 would be placed on the unfunded list first, followed by the application that received an unfunded approval on February 24).
- The district acknowledges that by participating in the priority funding process, the district is waiving its right to the 18-month timeline for fund release submittal.

Staff anticipates that $73.7 million in proceeds will be provided by a general obligation bond sale scheduled in September 2014. In addition, there is $35.8 million in cash available, less $4.6 million in administrative costs. This will allow the Board to provide apportionments to all requests received in the current filing period. Historically, less than seven percent of projects request a fund release in the first four weeks following a priority funding apportionment. Therefore, staff anticipates little risk and will process fund releases with existing cash available until the bond proceeds are deposited into our accounts in early October.

With the $73.6 million in anticipated proceeds and the $35.8 million cash available, there will be close to$104.9 million in available cash in Propositions 1A, 47, 55, and 1D. By approving this item, the Board will provide approximately $100.5 million in apportionments for 34 projects on the Unfunded List (Lack of AB 55 Loans) that have submitted priority funding requests and are eligible for an apportionment. Any requests by districts to participate in the priority funding process that are not converted to apportionments shall retain their date order position on the Unfunded List (Lack of AB 55 Loans) unless the school district receives a second non-participation occurrence. Any project receiving a second non-participation occurrence will be rescinded without further Board action.

This priority funding round generated $100.5 million in apportionment requests from 21 school districts for 34 out of 91 unique projects, which represent 37 percent of the projects on the Unfunded List (Lack of AB 55 Loans) that could have submitted requests. In this round, the Board is able to provide apportionments for all $100.5 million in apportionment requests. The attachments provide detailed lists of the apportionment requests received during this filing period that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an apportionment are highlighted in Attachments B, C D, E, F and G.

Available Cash Proceeds

As mentioned above, there will be an estimated $104.9 million available for the current priority funding apportionments. The chart below details the funding authority available by bond source:

(Continued on Page Three)

BACKGROUND (cont.)

Proposition	Cash Available as of August 5, 2014	+	Anticipated Fall 2014 Cash Proceeds	-	2nd Half of SFP Administrative Cost - Fiscal Year 2014-2015	=	Anticipated Available Cash
1A	$1,350,179	+	$0	-	$0	=	$1,350,179
47	$6,041,070	+	$0	-	$92,500	=	$5,948,570
55	$16,080,071	+	$29,820,707	-	$2,630,500	=	$43,270,278
1D	$12,291,637	+	$43,838,733	-	$1,848,500	=	$54,281,869
	$35,762,957	+	$73,659,440	-	$4,571,500	=	$104,850,896

STAFF ANALYSIS/STATEMENTS

The following table contains a detailed breakdown of the requests receiving an apportionment at the August 20, 2014 Board meeting.

Actual State Apportionments for the Priority Funding Round

Type of Application	Number of Applications	Total Dollar Amount	Number of Districts
New Construction (NC)	4	$ 29,961,105	4
Modernization	1	1,055,947	1
New Construction – Closeout	3	940,865	3
Career Tech – NC	6	11,100,675	4
Career Tech - Rehabilitation	5	3,179,538	4
Overcrowding Relief Grant	5	26,637,573	3
Charter – Final Apportionment	2	20,344,091	2
Facility Hardship	1	3,481,036	1
Facility Hardship - Rehabilitation	7	3,764,676	6
Total	**34***	**$ 100,465,506**	*

*34 unique application numbers from 21 unique districts are recommended for apportionment. Districts and applications that have unfunded approvals in multiple program categories may be counted more than once in the above table.

The following table contains a breakdown of the apportionments within each proposition:

Proposition	Anticipated Available Cash	-	August 20, 2014 PIF Projects	=	Remaining Cash Proceeds
1A	$1,350,179	-	$876,167	=	$474,012
47	$5,948,570	-	$2,037,192	=	$3,911,378
55	$43,270,278	-	$43,270,278	=	$0
1D	$54,281,869	-	$54,281,869	=	$0
	$104,850,896	-	$100,465,506	=	$4,385,390

(Continued on Page Four)

STAFF ANALYSIS/STATEMENTS (cont.)

Unallocated Proceeds
Unallocated proceeds will be available for future apportionments. Requests submitted during the 30-day period that ended on June 12, 2014 will expire on December 31, 2014. A new 30-day priority funding request filing period will begin on November 12, 2014 and will end on December 11, 2014. Requests submitted during this period will be valid from January 1, 2015 through June 30, 2015.

Financial Hardship Project Apportionments
Of the 35 applications receiving an apportionment, one application is for one school district that received financial hardship funding. The project required a re-review of their financial hardship approval.

Fund Release Requirements
Districts receiving apportionments are required to submit a valid Form SAB 50-05 containing an original signature for each approved application. Forms SAB 50-05 must be physically received by the OPSC at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on November 18, 2014. If a district fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new Unfunded Approval date of November 18, 2014 on the Unfunded List (Lack of AB 55 Loans).

Non-Participation in Priority Funding Process
On March 25, 2013, regulation amendments regarding non-participation in the priority funding process became effective. The regulation changes limit the number of times a district can choose not to participate in the priority funding process for a project on the Unfunded List (Lack of AB 55 Loans). Projects receiving an apportionment in this item but do not submit a valid Form SAB 50-05 by close of business on November 18, 2014 will receive one non-participation occurrence. If this is the project's second non-participation occurrence, the project will be fully rescinded without further Board action and will not return to the Unfunded List (Lack of AB 55 Loans). The bond authority associated with rescinded projects will return to the SFP. Currently, there are two school districts with three projects at risk for receiving a second non-participation occurrence. Collectively, they could return up to $2.2 million in bond authority to the SFP (as highlighted in blue on Attachment G).

Listing of Attachments

Attachment A	Authority
Attachment B	Unfunded Approvals Receiving Priority Funding Apportionments
Attachment C	Proposition 1A Unfunded Approvals as of June 25, 2014
Attachment D	Proposition 47 Unfunded Approvals as of June 25, 2014
Attachment E	Proposition 55 Unfunded Approvals as of June 25, 2014
Attachment F	Proposition 1D Unfunded Approvals as of June 25, 2014
Attachment G	All Unfunded Approvals as of June 25, 2014

RECOMMENDATIONS

1. Approve apportionments for the projects as shown on Attachment B in the amount of $100.5 million.

2. Declare that all applications receiving apportionments are subject to the new construction grant adjustment pursuant to EC Section 17072.11(b) and are not considered full and final until the Board has made the adjustment.

This Item was approved by the State Allocation Board on August 20, 2014.

ATTACHMENT A

AUTHORITY

Education Code Section 17070.35(a) states, "In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter…

(2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary…."

Government Code Section 15503 states:

> Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.

Budget Letter 10-09 requires that if there are insufficient bond proceeds, departments and agencies are responsible for prioritizing the projects that will be funded consistent with the prioritization criteria outlined (including job creation). It also indicates that if bond proceeds are not managed efficiently, additional bonds may not be sold for the program.

School Facility Program (SFP) Regulation Section 1859.2 states:

> 'For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:…
>
> "Unfunded List" means an information list of unfunded projects, with the exception of the unfunded list defined below as "Unfunded List (Lack of AB 55 Loans)".
>
> "Unfunded List (Lack of AB 55 Loans)" means an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.'

SFP Regulation Section 1859.90.2, "Priority Funding Process" states:

> The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.
>
> (a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project application numbers, and the type of apportionment request (e.g., Apportionment, separate apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain all of the following:

AUTHORITY (cont.)

(1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and
(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and
(3) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and
(4) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the 18 month timeline for fund release submittal described in Section 1859.90.

(b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following:
(1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,
(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and
(3) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.

(c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2) or (b)(2) as applicable. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period:
(1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and
(2) If the application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.

(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to apportionments will not be returned to the district or kept by the OPSC.

(e) For purposes of this section “rescinded” or “rescission” shall mean that the apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date. The new unfunded approval date will be 90 calendar days from the apportionment date. The district or charter school will not be required to re-submit the application and no further application review will be required.

ATTACHMENT A

AUTHORITY (cont.)

SFP Regulation Section 1859.90.3, "Participation in the Priority Funding Process" states:

This section applies only to applications for new construction, modernization, Facility Hardship pursuant to Section 1859.82 and rehabilitation pursuant to Section 1859.83(e), and specifically excludes applications for the Charter School Facilities and Career Technical Education Facilities Programs.

(a) For each application on the Unfunded List (Lack of AB 55 Loans) for new construction, modernization, Facility Hardship pursuant to Section 1859.82 or rehabilitation pursuant to Section 1859.83(e), the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [March 25, 2013]:

(1) The district abstains from participating in a priority funding 30-calendar day filing period described in Section 1859.90.2 for the application on the Unfunded List (Lack of AB 55 Loans).

(2) The application receives a priority funding Apportionment pursuant to Section 1859.90.2(a), and the district fails to meet the fund release requirements pursuant to Section 1859.90.2(c).

(b) The first occurrence of (a)(1) or (a)(2) shall result in the following, as applicable:

(1) If (a)(1) occurs, the application shall retain its place on the Unfunded List (Lack of AB 55 Loans).

(2) If (a)(2) occurs, the priority funding Apportionment shall be rescinded and the application shall be returned to the Unfunded List (Lack of AB 55 Loans) pursuant to Section 1859.90.2(c)(2).

(c) If subsection (b) has occurred, a subsequent occurrence of either (a)(1) or (a)(2) shall result in the rescission of the application's Apportionment and/or unfunded approval, as applicable, and the removal of the application from the Unfunded List (Lack of AB 55 Loans) without further Board action. The application shall be returned to the applicant.

(d) For purposes of subsection (c), "rescinded" or "rescission" of an unfunded approval shall mean that the bond authority associated with the Apportionment or unfunded approval, as applicable, returns to the appropriate School Facility Program bond authority source for reallocation. If applicable, the pupils housed in the project will be added back to the district's baseline eligibility pursuant to Sections 1859.51(d) for new construction or 1859.61(d) for modernization.

SFP Regulation Section 1859.129(b)(2) states:

Has 18 months from the date the [Division of State Architect] DSA and [California Department of Education] CDE approved plans were submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment will be rescinded without further Board action. If the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the apportionment.

SFP Regulation Section 1859.197 (b)(2) states:

Has 18 months from the date the CDE plan approval and DSA-approved plans and specifications, as needed, are submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment shall be rescinded without further Board action. If the district is requesting an apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the apportionment.

Pursuant to the Board's action on August 20, 2014, the District is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before November 18, 2014; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of November 18, 2014.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on November 18, 2014.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District has certified it is enforcing a Labor Compliance Program (LCP). Please be advised this project has been apportioned with funds that require a LCP pursuant to Labor Code Section 1771.7.

Provide that the State portion of the project savings which may be realized from the funding of a facility hardship or rehabilitation project must be returend to the State.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.

Pursuant to the Board's action on August 20, 2014, the District is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before November 18, 2014; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of November 18, 2014.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on November 18, 2014.

The District has requested a Reservation of Funds. Pursuant to Article 16, Section 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months of an apportionment; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, funding of this project is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications. Upon apportionment the District must submit a Form SAB 50-05 within 18 months of the OPSC acceptance.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Pursuant to the Board's action on August 20, 2014, the District is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before November 18, 2014; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of November 18, 2014.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on November 18, 2014.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 1D Bonds/2006-Nov.

Pursuant to the Board's action on August 20, 2014, the District is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before November 18, 2014; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of November 18, 2014.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on November 18, 2014.

The District has requested a Reservation of Funds. Pursuant to Article 16, Section 1859.197, the District is required to submit the California Department of Education Plan Approval and the Division of the State Architect approved plans and specifications within 12 months of an apportionment; otherwise, the apportionment will be rescinded without further Board action.

Pursuant to the District's certifications on the Form SAB 50-10 and to Section 1859.199, funding of this project is subject to OPSC verification of the eligible project costs, as identified in Section 1859.193, contained in the California Department of Education Plan Approval and final Division of the State Architect approved plans and specifications. Upon apportionment the District must submit a Form SAB 50-05 within 18 months of the OPSC acceptance.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

Pursuant to Section 1859.199, provide that the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Funding Source: Proposition 55 Bonds/2004-Mar.; Proposition 1D Bonds/2006.Nov.

Pursuant to the Board's action on August 20, 2014, the District is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before November 18, 2014; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of November 18, 2014.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on November 18, 2014.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(3). The District qualifies as a County Superintendent of Schools and has demonstrated it is financially unable to provide all or a part of the matching funds.

This project is being adjusted for the current year Construction Cost Index adjustment and shall maintain the SAB approval date of January 22, 2014.

SAB Meeting: **August 20, 2014** **New Construction - Adjusted Grant Approval**

High Performance	**057-700**	**1D**		351,084.00	351,084.00
District Share					
Cash Contribution			2,247,804.00		
Total			$ **4,495,608.00**	$ **0.00**	$ **2,247,804.00**

Funding Source: Proposition 1D Bonds/2006-Nov.

Pursuant to the Board's action on August 20, 2014, the District is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before November 18, 2014; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of November 18, 2014.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on November 18, 2014.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 20, 2014

OVERCROWDING RELIEF GRANT PROGRAM

PURPOSE OF REPORT

To request direction from the State Allocation Board regarding remaining bond authority in the Overcrowded Relief Grant (ORG) Program.

DESCRIPTION

Since the ORG program was established, there have been 12 funding cycles. The 12th funding cycle was oversubscribed. There are eight unprocessed applications that were received in the 12th funding cycle. Since the approval of the 12th funding cycle applications, an additional $8.4 million has returned to the program resulting in approximately $21.5 million now in available ORG bond authority. This item seeks the Board's direction regarding the process for allocating the remaining ORG bond authority.

AUTHORITY

See Attachment A.

BACKGROUND

ORG Program
The ORG program enables districts to reduce the number of portable classrooms on eligible overcrowded school sites by replacing them with permanent classrooms. An overcrowded school site is defined as a school site pupil population density that is equal to or greater than 175 percent of the pupil density recommended by the California Department of Education (CDE). Funding for the program is made through funding cycles. A maximum of two funding cycles can be held each year until bond authority is depleted. School Facility Program (SFP) Regulation Section 1859.184(b)(7) states, "The Board may accept applications every six months that are received by the last business day of January and July until the ORG funds are exhausted."

In September 2012, the Board established the 11th and 12th funding cycles based on remaining program bond authority totaling approximately $104.6 million. The eleventh cycle was fully funded. At the close of the 12th filing period, Staff received applications exceeding the available bond authority. Since the approval of six of the 14 applications submitted as part of the 12th funding cycle, additional funds have returned to the program. As the 12th cycle was oversubscribed, no additional funding cycles have been established.

Participation in Priority Funding
On March 26, 2014 the Board approved regulations requiring ORG projects to participate in the priority funding process. Staff anticipates these regulations to become effective on October 1, 2014. There are 24 ORG applications totaling $103.1 million currently on the Unfunded List (Lack of AB 55 Loans). Eight of these applications participated in the most recent priority funding request period that ended June 12, 2014.

If the regulations become effective on October 1, 2014, the first priority funding filing period in which ORG projects will be required to participate would be open from November 12, 2014 through December 11, 2014, and the second would be open from May 13, 2015 to June 11, 2015. Two occurrences of non-participation in these filing periods could result in project rescissions as early as June 2015 or as late as March 2016.

(Continued on Page Two)

STAFF ANALYSIS/STATEMENTS

Status of the 12th Funding Cycle
For the 12th ORG funding cycle, the Board approved approximately $34.0 million (which included approximately $2.2 million in High Performance Incentive grants). As required by statute and SFP Regulations, the 14 qualifying applications were placed on a list in descending order based on site density (Attachment B). There was sufficient bond authority to fund the first six of the 14 applications. One of these projects received a partial unfunded approval, for which the remaining amount is currently under appeal ($3.0 million). This item will be presented at a future Board meeting.

Options for Allocating Remaining Bond Authority
At this time, the Board has two options for allocating the remaining ORG bond authority:

- Continue funding down the list of applications received in the 12th cycle, or
- Schedule a new funding cycle.

With each option, the Board will also need to make a determination on providing partial unfunded approvals.

Continue Funding the 12th Cycle
No official action has been taken to close the 12th ORG funding cycle and there are no additional funding cycles scheduled at this time. As a result, OPSC has eight unprocessed applications that were received during the 12th cycle. The applications have met the initial eligibility criteria to receive an unfunded approval as part of the 12th funding cycle, until the cycle is officially closed. The remaining eight projects requested approximately $46.7[1] million; however, there is only $21.5 million in available bond authority for ORG. There is only sufficient bond authority to fully fund the next project in line for $12.3 million (estimated), leaving a balance of approximately $9.2 million, which includes $3.0 million being held in reserve for a pending appeal.

Remaining ORG Bond Authority	Next Project on the List (Estimated)	Remaining Balance
$21.5 million	**~$12.3 million**	**$9.2 million**

Staff anticipates some bond authority coming back to the program through project savings returned during the closeout process. Bond authority could also return to the program through rescissions.

Schedule a New Funding Cycle
The Board could elect to open a new ORG funding cycle. This would require the Board to officially close the 12th funding cycle. Districts that did not receive an unfunded approval in the 12th cycle would have the option to have their application(s) remain with the OPSC for consideration in the next cycle pursuant to ORG Regulations. These applications would then need to compete with additional applications, not submitted during the 12th funding cycle, for bond authority.

Pursuant to Education Code Section 17079 (b), "The board shall create a list of projects eligible for funding and shall approve applications semiannually on a schedule determined by the board". In addition, according to SFP Regulation Section 1859.184, districts not receiving an ORG approval can request their projects be held for consideration in the next semi-annual funding cycle.

(Continued on Page Three)

[1] Further processing will be required to determine the eligible funding for each application.

STAFF ANALYSIS/STATEMENTS (cont.)

Since inception, the average ORG funding cycle total has been approximately $72.8 million. The average grant provided per project over the12 cycles has been approximately $6.1 million.

Partial Funding
Whether the Board decides to continue providing unfunded approvals in the current cycle or open a new filing round, eventually, there will not be sufficient bond authority to fully fund the next application on the list. SFP Regulations for ORG do not address partial funding situations. The chart below provides a comparison of the processes for SFP programs that use funding cycles.

Program	Partial Approvals		Applications Held to Keep Funding Cycle Open		Applications Ranked
	Policy	Regulation	Policy	Regulation	
ORG	TBD	TBD	TBD	TBD	X
CTE		X		X	X
Charter	X		X (Eight months)		X
Joint Use		X		X	X

Providing partial unfunded approvals would allow the Board to completely exhaust the remaining ORG authority in any funding cycle. If bond authority is returned, the applicants accepting a partial unfunded approval could have their grant adjusted to reflect the difference in project that was not processed to the Board due to lack of bond authority. In order to keep the funding process moving forward, applicants that elect to pass on a partial apportionment could be returned to the district.

OPTIONS

For the Board's consideration, Staff has prepared the following options to allocate remaining ORG bond authority. The first two options (1A and 1B) provide the option to keep the 12th funding cycle open or approve a new funding cycle. The next two options (2A and 2B) provide options for partial funding of applications when there is insufficient bond authority to fully fund the next project.

FUNDING CYCLE OPTIONS: CONTINUE THE 12th FUNDING CYCLE OR OPEN A NEW FUNDING CYCLE

Option 1A – Continue to process funding applications (from 12th cycle) with the existing bond authority and continue to fund projects on the list when bond authority becomes available. Report back to the Board in 12 months.

In this option, the Board would direct Staff to keep the 12th cycle applications that did not receive funding in house and fund down the list of remaining applications as bond authority becomes available. Staff does not know when or how much authority will return to the program. Staff would bring an ORG program status report back in one year, allowing the Board the opportunity to assess the status of 12th cycle applications at that time.

(Continued on Page Four)

OPTIONS (cont.)

In conjunction with this option, the Board would need to make a determination on providing partial unfunded approvals as outlined in Options 2A or 2B in the partial approvals section below.

Considerations
The OPSC has eight applications in house that meet all of the necessary submittal requirements. The next project on the list could receive an unfunded approval at a future Board meeting.

Bond authority could be allocated to the next eligible project on the list as soon as it becomes available.

A new funding cycle would not be needed.

Higher density sites would not have the opportunity to apply for funding unless sufficient bond authority is returned to the ORG program to fund all in house projects and the Board creates a new filing round.

Option 1B – Close the 12th funding cycle, return applications, and approve a new funding cycle.

With this option, the Board would approve an additional funding cycle. This option would require the Board to officially close the 12th funding cycle. Districts that did not receive an unfunded approval in the 12th cycle would have the option to have their application(s) remain with the OPSC for consideration in the next cycle pursuant to ORG Regulations or be returned unprocessed.

SFP Regulation Section 1859.184 states that the Board may accept applications every six months that are received by the last business day of January and July. If Board chooses to open a new funding cycle, Staff proposes an application filing deadline of July 31, 2015.

In conjunction with this option, the Board would need to make a determination on providing partial unfunded approvals as outlined in Option 2B.

Considerations
Higher density projects would have the opportunity to apply for funding. Thus, ensuring funding is provided to the most competitive applications.

The eight remaining applications from the 12th funding cycle would have to compete with applications in the next funding cycle application and may not receive bond authority if the new applications have a higher density level.

In the past, the Board as approved an average of $72.8 million per funding cycle. Due to the small amount of remaining authority ($21.5 million), it may be an extended period of time before bond authority returns to the program to reach that amount.

PARTIAL FUNDING OPTIONS: VOLUNTARY PARTIAL FUNDING OR ACCEPT PARTIAL FUNDING AND CLOSE THE ROUND.

Option 2A – Allow the district to take partial unfunded approvals (upon district request) with the available bond authority – fund remaining portion of the project when future funds become available.

(Continued on Page Five)

OPTIONS (cont.)

With this option, the Board would provide an unfunded approval when there is sufficient bond authority to provide full funding to the next application on the list, unless that district voluntarily requests a partial approval.

This option would allow a school district to request an unfunded approval with the available bond authority. Districts would have the ability to increase their unfunded approval or make the project whole in the event that authority returns to the program before their project received an apportionment. Districts electing to take a partial approval would do so with the knowledge the funding may not increase in advance of receiving an apportionment and that a partial apportionment would represent the full and final amount for the project.

Under this option, the 12th cycle would remain open until all of the applications have received an unfunded approval or the Board closes the funding cycle.

Considerations
Districts would have the ability to select the best option for their project.

Districts would have the opportunity to receive an unfunded approval even if it is not for the full amount they are eligible for.

If districts do not accept partial funding, the process of allocating the remaining bond authority could be prolonged for an unknown period of time.

Option 2B – Allow the district to take a partial unfunded approval based upon available bond authority – close the 12th funding cycle.

In this option, the Board would provide a partial unfunded approval as part of the funding cycle approval item. The partial unfunded approval would be offered to the next eligible application in the event that an ORG project cannot be provided a full unfunded approval because insufficient bond authority is available.

This option would provide districts the opportunity to accept the available funding or refuse it in its entirety. If the funding is refused, the application would be returned to the applicant. The Board could then consider the next eligible project. This process could continue until bond authority and/or applications are exhausted. This method would be consistent with other SFP processes.

Considerations
All remaining authority would be exhausted at the end of a funding cycle.

This could require additional funding cycles if bond authority returns to the program.

Projects not receiving authority in a specific funding cycle would have to compete with applications in the next funding cycle and may not receive any funding if the new applications have a higher density level.

RECOMMENDATIONS

1. Approve Options 1A and 2A.

2. Direct Staff to report back on the status of ORG program in 12 months.

This Item was approved by the State Allocation Board on August 20, 2014.

ATTACHMENT A

Education Code (EC) Section 101012 states,

> "(a) The proceeds from the sales of bonds, issued and sold for the purposes of this chapter, shall be allocated in accordance with the following schedule:
> …
> (7) The amount of one billion dollars ($1,000,000,000) shall be available for providing new construction funding to severely overcrowded school sites pursuant to Article 14 (commencing with Section 17079) of Chapter 12.5 of part 10.
> …
> (d) (1) The Legislature may amend this section to adjust the funding amounts specified in paragraphs (1) to (8), inclusive, of subdivision (a), only by either of the following methods:
> (A) By a statute, passed in each house of the Legislature by roll call vote entered in the respective journals, by not less than two-thirds of the membership in each house concurring, if the statute is consistent with, and furthers the purposes of, this chapter.
> (B) By a statute that becomes effective only when approved by the voters.
> (2) Amendments pursuant to this subdivision may adjust the amounts to be expended pursuant to paragraphs (1) to
> (8), inclusive, of subdivision (a), but may not increase or decrease the total amount to be expended pursuant to that subdivision.
> (e) Funds available pursuant to this section may be used for acquisition of school facilities authorized pursuant to Section 17280.5."

School Facility Program Regulation Section 1859.126, Joint-Use Project Funding Priority and Funding Availability. states,

> If a Joint-Use Project cannot be fully apportioned because of the funding available, the district may either accept the available funding as the full and final apportionment for the project or refuse funding. If funding is refused, the application will be returned to the district and the Board shall consider funding the next project eligible for an apportionment based on the above funding priority mechanism.
>
> Any Joint-Use Project not considered for an apportionment because of the above funding priority mechanism shall be returned to the district. A district may resubmit a returned Joint-Use Project application during the subsequent application acceptance period identified in Section 1859.121(b), if the application meets the eligibility criteria at the time of re-submittal.
>
> Any funds not apportioned in the application acceptance period identified in Section 1859.121(a) or any Joint-Use Project funds returned due to projects being rescinded or reduced to cost incurred shall be made available for apportionment in the application acceptance period identified in Section 1859.121(b).

School Facility Program Regulation Section 1859.184, Overcrowding Relief Grant Application Submittals and Apportionments states,

> "(a) The Board shall accept approved applications for Overcrowding Relief Grants as follows:
> (1) For the funding made available for this purpose for the first funding cycle, the School District shall submit an approved application by January 31, 2008.
> (2) The Board shall accept approved applications on a semi-annual basis thereafter.

The Board shall apportion Overcrowding Relief Grants based upon the highest density of the eligible schools that have submitted an approved application. Any School District that does not receive an Overcrowding Relief Grant due to low school density and insufficient funds may request that its application remain with the OPSC for consideration in the following semiannual funding cycle.

(b) The Board shall apportion the Overcrowding Relief Grants as follows:
(1) For the first funding cycle, up to a maximum of $500 million for all approved applications that are received by January 31, 2008.
(2) For the second funding cycle, up to a maximum of $300 million for all approved applications that are received by July 31, 2008, plus any remaining funds not apportioned during the previous funding cycle.
(3) Approved applications that are received by January 30, 2009 shall be apportioned any remaining funds not allocated at the previous funding cycles, plus an additional $200 million.
(4) Approved applications that are received by July 31, 2009 shall be apportioned any remaining funds not allocated at the previous funding cycles.
(5) Approved applications that are received by January 29, 2010 shall be apportioned any remaining funds not allocated at the previous funding cycles.
(6) Approved applications that are received by July 30, 2010 shall be apportioned any remaining funds not allocated at the previous funding cycles.
(7) The Board may accept applications every six months that are received by the last business day of January and July until the Overcrowding Relief Grant funds are exhausted.

The approved applications for Overcrowding Relief Grants filed after July 31, 2008 must provide a narrative that demonstrates that the project will relieve overcrowding at the eligible school, by increasing useable outdoor space for uses such as play areas, green space, or outdoor lunch areas.

A School District may submit an approved application to request an Overcrowding Relief Grant from the funding provided under Proposition 1D for a project that has been occupied, if the construction contract for the project was signed after Board approval of these regulations. The School District must have obtained all project approvals required for a new construction funding application prior to the construction contract date."

School Facility Program Regulation Section 1859.196, Career Technical Education Facilities Program Funding Order states,

If a Career Technical Education Facilities Project within any funding cycle cannot be fully apportioned because insufficient funding is available, the applicant may either accept the available funding as the full and final apportionment for the project or refuse funding entirely. If funding is refused, the Board shall consider funding the next project eligible for an apportionment pursuant to this Section.

For any Career Technical Education Facilities Project not apportioned pursuant to this Section, the application shall be returned to the applicant. A Career Technical Education Facilities Project returned to the applicant may be resubmitted during a subsequent application acceptance period identified in Section 1859.191, provided the application meets the eligibility criteria in Section 1859.192.
