REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, November 25, 2014

LEGISLATIVE UPDATE

PURPOSE OF REPORT

To provide the State Allocation Board (Board) with an update on the passage of legislation in 2014 that impacts programs administered by the Board.

DESCRIPTION

Consistent with prior requests by the Board, the Office of Public School Construction (OPSC) presents a report on the chaptered bills that may impact the programs administered by the Board at the end of each legislative year. The Attachment provides a summary of the chaptered bills and preliminary comments by Staff. It is not a comprehensive study of the bills' ramifications or program implications.

RECOMMENDATION

Acknowledge this report.

This Report was acknowledged by the State Allocation Board on November 25, 2014.

BILL	SUMMARY	PRELIMINARY COMMENTS
Assembly Bill (AB) 1581 (Buchanan) Chapter 408	**School facilities: construction contracts.** Existing law requires standardized prequalification questionnaires and financial statements to be used by school district governing boards for public works projects projected to cost one million dollars or more, that use funds from the School Facility Program (SFP) or future state school bonds. The governing board applies a uniform system of rating bidders based on the completed documents. This bill clarifies that until January 1, 2019, the "lease-lease back" procurement and delivery method is included in the construction methods that must use this prequalification process. Education Code Sections 17406 and 17407 describe the lease-lease back method. The bill also requires the district to establish a process to prequalify a person, firm, or corporation, for one calendar year periods, including, but not limited to, prime contractors and, if used, an electrical, mechanical, and plumbing subcontractor, to construct the leased buildings using this method.	OPSC is currently reviewing this bill in order to determine possible impact.
AB 1664 (Hagman) Chapter 262	**School facilities: sale or lease of real property.** Existing law authorizes the Board to establish a program requiring a school district, county office of education (COE), or charter school to return to the Board its state school facilities funding for a purchase, construction, or modernization project if it sells the real property within ten years of receiving the state funding, under specified conditions. The requirement to return state funding will not apply if the property is sold to a charter school (Education Code Section 17457.5), or to a school district, COE, or an agency that will use the property exclusively for the delivery of child care and development services. If the school property to be sold is a playground, playing field, outdoor recreational land, or open space land suitable for recreational use, then it must be offered sequentially to specified government entities to avoid the requirement to return the state funding.	OPSC is currently reviewing this bill in order to determine possible impact.
AB 2720 (Ting) Chapter 510	**State agencies: meetings: record of action taken.** For purposes of the Bagley-Keene Open Meeting Act, this bill requires a state body to publicly report any action taken and the vote or abstention on that action of each member present for the action. "Action taken" by a state body is a collective decision, collective commitment or promise to make a positive or negative decision, or a vote upon a motion, proposal, resolution, order, or similar action.	OPSC is currently reviewing this bill in order to determine possible impact.

BILL	SUMMARY	PRELIMINARY COMMENTS
Senate Bill (SB) 854 (Senate Committee on Budget and Fiscal Review) Chapter 28	**State and Local Government. Urgency.** Among other changes in the Labor Code, this bill states that funds in the State School Site Utilization Fund (Unused Sites) will no longer revert to the Deferred Maintenance Fund, but will remain in the Unused Sites fund for purposes of administering the SFP. Unencumbered funds in the Deferred Maintenance Fund on July 1, 2014 are transferred into the Unused Sites Fund. The bill adds, amends, and repeals various Labor Code sections that have a direct impact on the SFP. Among these are: • School districts shall notify the Department of Industrial Relations (DIR) within five days of awarding a public works contract. • School districts awarding construction contracts on or before June 19, 2014 continue to comply with the Labor Code and prevailing wage provisions then in effect. • School districts awarding construction contracts on or after June 20, 2014 are no longer required to pay the DIR for its costs of monitoring and enforcing prevailing wage requirements. DIR costs will instead be supported by annual registration fees from contractors and subcontractors. • For public works contracts awarded on or after June 20, 2014, districts will no longer receive the SFP additional grant for costs of prevailing wage monitoring and enforcement.	The bill took effect immediately. The Board approved regulatory amendments to the SFP Regulations at its October 16, 2014 meeting regarding the changed funding method for DIR prevailing wage monitoring costs.
SB 858 (Senate Committee on Budget and Fiscal Review) Chapter 32	**Education Finance. Omnibus Trailer Bill. Urgency.** Repeals the continuous appropriation of the Deferred Maintenance Fund. Statutory fund transfers meeting specified criteria will each year go into the Emergency Repair Program Account rather than into the Deferred Maintenance Fund.	The bill took effect immediately. The bill does not require any action by the Board.

BILL	SUMMARY	PRELIMINARY COMMENTS
SB 869 (Senate Committee on Budget and Fiscal Review) Chapter 39	**School facilities: bond funds. Urgency.** High Performance Incentive (HPI) grants and Career Technical Education Facilities Program (CTEFP) grants may not be approved by the Board on or after January 1, 2015. Unencumbered balances in these accounts after that date will be transferred 50 percent to New Construction and 50 percent to Modernization. After January 1, 2015, HPI and CTEFP funds returned from rescissions can go toward New Construction and Modernization in any percentages desired by the Board. OPSC must report to the Board and to the Legislature by March 1, 2015 on efforts to streamline and speed up the award of seismic mitigation funds.	The bill took effect immediately. OPSC will ensure that funds are transferred to the appropriate programs and bond authority balances are updated on the Status of Funds document beginning in January 2015. OPSC will continue to review this bill in order to determine any additional program impact.
SB 971 (Huff) Chapter 923	**School finance: categorical programs.** This bill repeals references to funding from the now-inoperative Deferred Maintenance Program. It also repeals the Board's responsibility to make determinations regarding violations of clean restroom requirements. This bill repeals the provisions of various categorical programs that are no longer funded as a consequence of the enactment of the local control funding formula (LCFF). Conforming revisions are made to other programs and provisions, correcting cross-references, deleting funding-related references and changing references to revenue limits to references to the LCFF.	OPSC is currently reviewing this bill in order to determine possible program impact.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, November 25, 2014

SMALL HIGH SCHOOL PROGRAM STATUS REPORT

PURPOSE OF REPORT

To provide the State Allocation Board (Board) with a final report on the outcome of the Small High School Program.

DESCRIPTION

Assembly Bill (AB) 1465 (Chan), Chapter 894, Statutes of 2004, created a pilot program known as the Small High School Program (SHSP) as part of the School Facility Program (SFP). The program provided school districts access to $20 million of new construction funding to build small high schools, and $5 million of modernization funding to reconfigure existing high schools into two or more small high schools. A small high school means a high school with an enrollment of no greater than 500 pupils. The program was in effect from January 1, 2006 until December 31, 2007.

AB 1465 required the Board to conduct an evaluation on the cost of new construction and modernization of small high schools, and required the California Department of Education (CDE) to conduct an evaluation that focused on pupil outcomes at the small high schools, and on the reasons school districts do not currently opt to build small high schools.

AUTHORITY

See Attachment.

BACKGROUND

In passing AB 1465, the Legislature found and declared that, "the trend in California, over the last few decades, has been to build larger and larger schools... driven by California's rapidly growing population and by the assumption that large schools are more cost effective." Furthermore, the Legislature declared that "Research ... has also shown that small schools, due to lower dropout rates and factors such as reduced school violence, can be more cost effective in per pupil spending than large schools."

Districts were also able to reconfigure their modernization projects to create new small high schools, with enrollment of no greater than 500 pupils, out of a preexisting large high school that had existing enrollment of at least 1,000 pupils. The program provided an additional apportionment of up to $500,000 for each new small high school created.

The additional grants were to be used in conjunction with funding from an SFP modernization project; however, pursuant to SFP Regulation section 1859.79, the district's modernization matching share (for SFP projects) were not to be expended on costs included in a SHSP reconfiguration project. After a reconfiguration project, districts were required to update their modernization eligibility.

Per SFP Regulation Section 1859.78.9 or 1859.93.2 (since repealed), a cost evaluation report shall be due to the OPSC no later than two complete school years after the occupancy of the approved project.

(Continued on Page Two)

STAFF ANALYSIS/STATEMENTS

It is not truly possible to conduct an evaluation on the cost of small high schools due to low participation in the program. Staff is able to provide information related to the only project that applied for the program funds.

Porterville Unified School District (District) submitted an application for Harmony Magnet Academy (project number 50/75523-00-005). The District received $11,710,855 in state funding and provided a matching share of $7,807,237 toward the project, for a total approved project cost in the amount of $19,518,092. The District reported expenditure in the amount of $18,440,690. This project housed 499 students in 19 classrooms on 17.15 acres on a new site.

This school is an academy with two main pathways: Performing Arts and Engineering. The instruction style is project-based learning which has improved academic achievement for this high school. In fact, according to CDE's Academic Performance Index (API) Report,* through school year 2012/13, this school has the highest API scores of all high schools in the county and has maintained this level of performance since the school was opened in 2008.
* http://dq.cde.ca.gov/dataquest/acnt2014/apiavgdst.aspx?cYear=&allcds=5475523&cChoice=2013BDst

The major challenge reported by the District when using the SHSP was the 13-month time frame following program inception in which to get plans approved by the Division of State Architect in order to submit an application for funding to OPSC. The District was able to reuse plans from a prior design of a recently built a middle school and adapted those plans for the high school. The District stated its success for participation in this program was in large part due to the fact that both the school board and district administration widely supported building a small high school.

RECOMMENDATION

Acknowledge this report.

AUTHORITY

The following statutory authority commenced January 1, 2006 and was repealed on January 1, 2008.

Education Code (EC) Section 17072.10(c) and (g) stated:
"(c) (1) Commencing January 1, 2006, notwithstanding subdivisions (a) and (b), for a small high school, the maximum total new construction grant shall be adjusted to reflect 120 percent of the amounts determined pursuant to subdivisions (a) and (b). The board shall adopt regulations, in consultation with the Superintendent of Public Instruction, to establish criteria to ensure that this adjustment is available to multiple small high schools on a pilot program basis and only for those applicant school districts that propose to build a small high school as part of an academic reform strategy that focuses on the positive outcomes that small high schools encourage. The board shall set aside a total amount of twenty million dollars ($20,000,000) for this purpose from the proceeds of state bonds approved by the voters pursuant to the Kindergarten-University Public Education Facilities Bond Act of 2002 (Part 68.1 (commencing with Section 100600)) and the Kindergarten-University Public Education Facilities Bond Act of 2004 (Part 68.2 (commencing with Section 100800)). The board shall also adopt regulations, in consultation with the Superintendent of Public Instruction, to implement the pilot program, including, but not limited to, allowing a sufficient filing period for applications in order to ensure that the pilot program encompasses school districts from the northern, southern, and central regions of the state and from urban, suburban, and rural areas so that the pilot program participants are broadly representative of the state.
(2) Paragraph (1) does not apply in those circumstances where a small high school would otherwise have been built because of sparse population in the geographical area.
(d) The board may adopt regulations to be effective until July 1, 2000, that adjust the amounts identified in this section for qualifying individuals with exceptional needs, as defined in Section 56026. The regulations shall be amended after July 1, 2000, in consideration of the recommendation provided pursuant to Section 17072.15.
(e) The board may establish a single supplemental per-unhoused-pupil grant in addition to the amounts specified in subdivision (a) based on the statewide average marginal difference in costs in instances where a project requires multilevel school facilities due to limited acreage. The district's application shall demonstrate that a practical alternative site is not available.
(f) For a school district having an enrollment of 2,500 or less for the prior fiscal year, the board may approve a supplemental apportionment of up to seven thousand five hundred dollars ($7,500) for any new construction project assistance. The amount of the supplemental apportionment authorized pursuant to this subdivision shall be adjusted in 2001 and every year thereafter by an amount equal to the percentage adjustment for class B construction.
(g) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2008, deletes or extends that date."

EC Section 17072.30(b) and (c) stated:
"(b) Notwithstanding subdivision (a), subject to the availability of funds, the board shall, for a project to construct a small high school pursuant to subdivision (c) of Section 17072.10, apportion funds to an eligible school district only upon approval of the project by the Department of General Services pursuant to the Field Act, as defined in Section 17281, and certification by the school district that the required 40 percent matching funds from local sources have been expended by the district for the project, or have been deposited in the county fund, or will be expended by the district by the time the project is completed, in an amount at least equal to 40 percent of the total project costs pursuant to this chapter, prior to release of the state funds.
(c) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2008, deletes or extends that date."

ATTACHMENT

EC Section 17072.32(b) and (c) stated:
"(b) Notwithstanding subdivision (a), for any project for construction of a small high school, pursuant to subdivision (c) of Section 17072.10, that has received an apportionment pursuant to subdivision (b) of Section 17072.30, funding shall be released in amounts equal to 60 percent of the total project costs upon certification by the school district that the school district has entered into a binding contract for completion of the approved project.
(c) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2008, deletes or extends that date."

EC Section 17074.32 stated:
"(a) A high school with an enrollment of 1,000 or more pupils that is seeking to reconfigure into two or more small high schools, as defined in subdivision (m) of Section 17070.15, shall be eligible for additional modernization funding to assist with costs generated by the reconfiguration. Reconfiguration can specifically allow some limited new construction necessary to accommodate the reconfiguration.
The board shall set aside a total amount of five million dollars ($5,000,000), from the proceeds of state bonds approved by the voters pursuant to the Kindergarten-University Public Education Facilities Bond Act of 2002 (Part 68.1 (commencing with Section 100600)) and the Kindergarten-University Public Education Facilities Bond Act of 2004 (Part 68.2 (commencing with Section 100800)), for purposes of this additional modernization funding and no single project shall be granted, in the aggregate, more than five hundred thousand dollars ($500,000).
(b) The board shall adopt regulations to implement this section.
(c) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2008, deletes or extends that date."

EC Section 17070.99(a) and (b) states:
"(a) The board shall conduct an evaluation on the cost of new construction and modernization of small high schools in conjunction with the pilot program established pursuant to subdivision (c) of Section 17072.10, as it read on January 1, 2005.
(b) The State Department of Education shall conduct an evaluation that focuses on pupil outcomes, including, but not limited to, academic achievement and college attendance rates, at the small high schools constructed pursuant to subdivision (c) of Section 17072.10, as it read on January 1, 2005, and on the reasons school districts do not currently opt to build small high schools."

OVERVIEW

Due to the past fiscal environment, school districts were faced with limited funding sources for their General Fund obligations. Chapter 2, Statutes of 2009 (Assembly Bill X4 2 – Evans) added Section 17463.7 to the Education Code (EC) to permit school districts to transfer surplus site sale proceeds into their general fund accounts from July 28, 2009 through January 1, 2012. Chapter 48, Statutes of 2013 (Assembly Bill 86 - Committee on Budget) amended Section 17463.7 to extend the transfer of surplus site sale proceeds into the districts' general fund accounts through January 1, 2016. Districts must meet certain conditions prior to transferring the funds. In addition, the surplus property must have been purchased entirely with local funds, and the proceeds must be used for a one-time general fund purpose. Pursuant to Section 1700 of Title 2 of the California Code of Regulations, "one-time expenditures" are defined as costs paid by the general fund of a school district that are nonrecurring in nature, do not commit the school district to incur costs in the future, and are exclusive of ongoing expenditures.

EC Section 17463.7 requires the Office of Public School Construction (OPSC) to submit a final report to the State Allocation Board (SAB) and the Budget, Education Policy, and Fiscal Committees of the Legislature by January 1, 2015, to identify school districts that have exercised the authority granted by this section, the amount of proceeds involved, and the purpose for which those proceeds were used.

Fourteen school districts utilized the authority granted by EC Section 17463.7 between July 28, 2009 and October 16, 2014. The total amount of proceeds requested for transfer by the districts is approximately $84 million.

This report has been prepared by the OPSC in compliance with EC Section 17463.7 to report the proceeds and how they were used.

California Education Code 17463.7

(a) Notwithstanding any other law, a school district may deposit the proceeds from the sale of surplus real property, together with any personal property located on the property, purchased entirely with local funds, into the general fund of the school district and may use the proceeds for any one-time general fund purpose. If the purchase of the property was made using the proceeds of a local general obligation bond or revenue derived from developer fees, the amount of the proceeds of the transaction that may be deposited into the general fund of the school district may not exceed the percentage computed by the difference between the purchase price of the property and the proceeds from the transaction, divided by the amount of the proceeds of the transaction. For the purposes of this section, proceeds of the transaction means either of the following, as appropriate:

(1) The amount realized from the sale of property after reasonable expenses related to the sale.

(2) For a transaction that does not result in a lump-sum payment of the proceeds of the transaction, the proceeds of the transaction shall be calculated as the net present value of the future cashflow generated by the transaction.

(b) The State Allocation Board shall reduce an apportionment of hardship assistance awarded to the particular school district pursuant to Article 8 (commencing with Section 17075.10) by an amount equal to the amount of the sale of surplus real property used for a one-time expenditure of the school district pursuant to this section.

(c) If the school district exercises the authority granted pursuant to this section, the district is ineligible for hardship funding from the State School Deferred Maintenance Fund under Section 17587 for five years after the date proceeds are deposited into the general fund pursuant to this section.

(d) Before a school district exercises the authority granted pursuant to this section, the governing board of the school district shall first submit to the State Allocation Board documents certifying the following:

(1) The school district has no major deferred maintenance requirements not covered by existing capital outlay resources.

(2) The sale of real property pursuant to this section does not violate the provisions of a local bond act.

(3) The real property is not suitable to meet projected school construction needs for the next 10 years.

(e) Before the school district exercises the authority granted pursuant to this section, the governing board of the school district at a regularly scheduled meeting shall present a plan for expending one-time resources pursuant to this section. The plan shall identify the source and use of the funds and describe the reasons why the expenditure will not result in ongoing fiscal obligations for the school district.

(f) The Office of Public School Construction shall submit an interim and a final report to the State Allocation Board and the budget, education policy, and fiscal committees of the Legislature that identifies the school districts that have exercised the authority granted by this section, the amount of proceeds involved, and the purpose for which those proceeds were used. The interim report shall be submitted by January 1, 2011, and the final report by January 1, 2015.

(g) This section shall remain in effect only until January 1, 2016, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2016, deletes or extends that date.

FINANCIAL HARDSHIP PROGRAM QUALIFYING CRITERIA

Regulation Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

(1) Approved interim housing expenditures.
(2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
(3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
(4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
(5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
(6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
(7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
(8) Funding to pay for obtaining a structural report pursuant to Section 1859.82 for an approvable and funded seismic mitigation project.
(9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that

time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain $19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.
(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.
(3) Subtract (b)(2) from (b)(1).
(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.
(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.
(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.
(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain $19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain $19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.
(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).
(3) It is a County Superintendent of Schools.
(4) The district's total bonding capacity at the time of the request for financial hardship status is $5 million or less.
(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of $2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the $2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by the OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.
