School Facility Program
Gross Construction Expenditures by School Facility Program Service Region

The graphic below displays the gross construction expenditures ($16,434.4 million) for 944 School Facility Program new construction projects apportioned from January 2008 through July 2015 and for which a Project Information Worksheet (PIW) was submitted.* The data includes the state funding, required district match, and any additional district funding.

* The submittal of a PIW is required at three times for a new construction project: 1) the full grant fund release; 2) the first annual expenditure report (one year following the fund release); and 3) the final expenditure report (when the project is deemed complete). This graphic does not include any apportioned project for which a fund release was not submitted when the data was compiled.
