Resolution: 2018-10-09

State of California
State Allocation Board
School Facility Program

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on October 24, 2018.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.

2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.

3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.

4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3rd Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on October 24, 2018 at Sacramento, California.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, October 24, 2018

PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

PURPOSE OF REPORT

To provide priority School Facility Program (SFP) funding Apportionments for $443.4 million for the projects that submitted a valid certification.

DESCRIPTION

At the May 2011 State Allocation Board (Board) meeting, the Board approved proposed regulations establishing two annual filing periods for prioritizing school construction funding as cash proceeds became available to provide Apportionments. The Office of Administrative Law (OAL) then approved the regulations on July 27, 2011. The proposed regulations created two 30-day periods in which school districts could request to receive an Apportionment upon acknowledgement that a *Fund Release Authorization* (Form SAB 50-05) could be submitted within 90 days of receiving an Apportionment.

Based on the current regulations, the recent 30-day filing period began on May 9, 2018 and ended on June 7, 2018. Requests must have been physically received by the Office of Public School Construction (OPSC) on or before June 7, 2018 and are valid from July 1, 2018 through December 31, 2018.

By approving this item, the Board will provide approximately $443.4 million in Apportionments for 227 projects that represents 105 school districts.

AUTHORITY

See Attachment A.

BACKGROUND

Requests/Acknowledgements

Pursuant to SFP Regulations, districts choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an Apportionment. As part of the request, districts are required to make the following acknowledgements:

- The district understands that the time limit on fund release shall be no more than 90 days from the date of Apportionment.
- The District acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded application will revert back to an Unfunded Approval at the bottom of the Unfunded List (Lack of AB 55 Loans) and cannot be guaranteed bond authority. The application will receive a new Unfunded Approval date of Tuesday, January 22, 2019.
- In the case that multiple rescissions are made by the SAB, each separate application will be placed at the bottom of the Unfunded List (Lack of AB 55 Loans) in the order of the original unfunded approval date. The district will not be required to resubmit the application and no further application review will be required.
- The district acknowledges that by participating in the priority funding process, the district is waiving its right to the 18-month timeline for fund release submittal
- The district acknowledges that a Grant Agreement must be submitted pursuant to SFP Regulation 1859.90.4 and physically received by OPSC prior to or concurrently with the Form SAB 50-05.

BACKGROUND (cont.)

By approving this item, the Board will provide approximately $443.4 million in Apportionments for 227 projects on the Unfunded List (Lack of AB 55 Loans) that are eligible for an Apportionment. Any requests by districts to participate in the priority funding process that are not converted to Apportionments shall retain their date order position on the Unfunded List (Lack of AB 55 Loans) unless the school district receives a second non-participation occurrence. Any project receiving a second non-participation occurrence will be rescinded without further Board action.

This priority funding round generated $440.5 million in Apportionment requests from 100 school districts for 218 of 239 unique projects, which represents 91 percent of the projects on the Unfunded List (Lack of AB 55 Loans) that could have submitted requests. The Board is also providing additional Apportionments due to closeout review adjustments. In total, the Board is able to provide $443.4 million in Apportionments. The attachments provide detailed lists of the Apportionment requests received during this filing period that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an Apportionment are highlighted in Attachments B, C, D, E, F, G, and H.

STAFF ANALYSIS/STATEMENTS

Current/Future Request Periods
Requests submitted during the 30-day period that ended on June 7, 2018 will expire on December 31, 2018. A new 30-day priority funding request filing period will begin on November 14, 2018 and will end on December 11, 2018. Requests submitted during that period will be valid from January 1, 2019 through June 30, 2019.

Fund Release Requirements
Districts receiving Apportionments are required to submit a valid Form SAB 50-05 containing an original signature for each approved application. Forms SAB 50-05 must be physically received by OPSC at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on Tuesday, January 22, 2019. If a district fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new unfunded approval date of Tuesday January 22, 2019 on the Unfunded List (Lack of AB 55 Loans).

Grant Agreement
Pursuant to action taken by the Board at the June 5, 2017 meeting a Grant Agreement for the project with an original signature by an authorized District Representative must be submitted prior to, or concurrently with, the Form SAB 50-05 in order for the Form SAB 50-05 to be considered valid for all projects that are approved for placement on the Unfunded List (Lack of AB 55 Loans) on or after June 5, 2017. Projects on the Unfunded List as of June 5, 2017 are exempt from this requirement.

Non-Participation in Priority Funding Process
On March 25, 2013, regulation amendments regarding non-participation in the priority funding process became effective. The regulation changes limit the number of times a district can choose not to participate in the priority funding process for a project on the Unfunded List (Lack of AB 55 Loans). Projects receiving an Apportionment in this item but do not submit a valid Form SAB 50-05 by close of business on Tuesday, January 22, 2019 will receive one non-participation occurrence. If this is the project's second non-participation occurrence, the project will be fully rescinded without further Board action and will not return to the Unfunded List (Lack of AB 55 Loans). The bond authority associated with rescinded projects will return to the SFP.

The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.

Budget Letter 10-09 requires that if there are insufficient bond proceeds, departments and agencies are responsible for prioritizing the projects that will be funded consistent with the prioritization criteria outlined (including job creation). It also indicates that if bond proceeds are not managed efficiently, additional bonds may not be sold for the program.

School Facility Program (SFP) Regulation Section 1859.2 states:

> 'For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:…
> "Unfunded List" means an information list of unfunded projects, with the exception of the unfunded list defined below as "Unfunded List (Lack of AB 55 Loans)".
> "Unfunded List (Lack of AB 55 Loans)" means an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008."

SFP Regulation Section 1859.90.2, "Priority Funding Process" states:

Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and

the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following:
(1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and
(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and
(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and
(4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and

(A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197(c)(1); and
(B) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and

(b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following:
(1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,
(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and
(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and
(4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.
(c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2) as applicable, and a Grant Agreement, pursuant to (a)(3), (a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period:
(1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and

(2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.
(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.

The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, October 24, 2018

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS
(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the January 2018 Board meeting, the Board elected to provide an increase adjustment of 4.17 percent to SFP projects for calendar year 2018. The projects listed on the Attachment reflect the Board's action of the adoption of the 4.17 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion …, the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.

2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, October 24, 2018

SCHOOL FACILITY PROGRAM
SUBSTANTIAL PROGRESS RESCISSION/REDUCTION TO COSTS INCURRED

PURPOSE OF REPORT

To present School Facility Program (SFP) project apportionments to be rescinded or reduced to eligible costs incurred.

DESCRIPTION

The SFP projects listed on the Attachment are financial hardship County Offices of Education (COE) and financial hardship districts that received a separate design fund release. The COE and the Districts have either requested to have their projects reduced to costs incurred or rescinded or have not met the substantial progress requirement and have indicated that they will be unable to move forward with the SFP projects listed on the Attachment. The COE and the Districts have requested that the apportionments be rescinded or reduced to costs incurred to recognize eligible costs for the separate design phase.

AUTHORITY

Pursuant to Education Code Section 17076.10(b), sufficient evidence of substantial progress for the design and/or adjusted grant apportionments shall be due 18 months from the date any funds were released to the district. The SFP Regulation Section 1859.105 requires that when an apportionment is reduced to project costs incurred or rescinded, all State funds not used to finance eligible expenditures are to be returned to the State Allocation Board (SAB). The SFP Regulations also stipulate that interest earned on State funds, which is not used to finance eligible expenditures, is due to the SAB.

RECOMMENDATIONS

1. Find that the COE and the Districts are unable to meet the substantial progress requirements or indicated that they will be unable to move forward with the projects listed on the Attachment.
2. Reduce the funded apportionments to costs incurred or rescind the funded apportionments for the projects listed on the Attachment.
3. Direct Staff to adjust the district's baseline eligibility, according to the increases (identified in the "Pupils Returned to the District's Baseline" column) on the Attachment, once all funds due to the State have been received.

To present Bright Star Schools' and Libertas College Prep's (Charter Schools) requests to hold title to facilities related to the Charter School Facilities Program (CSFP) projects for the Rise Kohyang High and Libertas College Prep Charter Schools, Office of Public School Construction (OPSC) application numbers 54/64733-00-101 and 54/64733-00-102, respectively.

DESCRIPTION

In order for a charter school to hold title to the project facilities, it must submit a written request and the State Allocation Board (Board) must determine that the request contains all the necessary information required by law, including why title is not held by either the school district or a local governmental entity.

AUTHORITY

Education Code (EC) Section 17078.63(a)(3)(A) lists the following as an option an applicant can submit regarding title to the facilities:
"A request that the charter school be authorized to hold fee simple title to the subject property in trust for the benefit of the state public school system, on which a lien shall be recorded in favor of the board for the total amount of funds allocated pursuant to this article, including any loan received in lieu of a local matching share pursuant to Section 17078.57. The charter school shall include with the request a statement outlining the reasons why ownership of the project facilities is not vested with an entity set forth in paragraph (1) or (2) (the school district or local governmental entity). Prior to releasing any project funds, the board shall make findings that the applicant has submitted all of the information required by this paragraph."

EC Section 17078.63(a)(3)(B) provides for the following additional security requirements when a charter school holds title:
"The following shall be recorded in the chain of title for the property:

i. A restrictive covenant specifying that the facility shall be used only for public school purposes as authorized in the California Constitution and statute.
ii. A remainder interest to the school district in which the facility is physically located or, if the school district disclaims the interest to the facility, to the board. The remainder interest shall be triggered when the facility is no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6), inclusive, of subdivision (b) of section 17078.62 (reverting to a successor charter school, then the local school district or the board in the event the district disclaims interest.)"

School Facility Program (SFP) Regulation Section 1859.172(a)(3) provides for the following certification requirement:
"A written request that the charter school be authorized to hold fee simple title to the subject property signed by an authorized charter school representative pursuant to all of requirements set forth in the Education Code Section 17078.63(a)(3). The written request must include a statement justifying the reasons why ownership is not vested with an entity described in (a)(1) and why ownership will not be vested with an entity described in (a)(2). The written request must also include the statement: I certify, as the charter school representative, that the information reported in this document is true and correct."

BACKGROUND

Prior to 2010, title to CSFP project facilities was required to be held by the school district in which the project was physically located. The passage of Senate Bill 592 allowed for title to be held by the school district in which the project was located, the charter school, or a local governmental entity. The charter school must submit a written request and the Board must determine that the request contains all the necessary information required by law, including why title is not held by either the school district or a local governmental entity.

Additional security provisions required when a charter school holds title include the following:

- A lien on the property on behalf of the Board
- A restrictive covenant requiring that the facilities be used for public school purposes
- A remainder interest reverting to the local school district or the Board in the event the district disclaims the interest

The Charter Schools have not requested advance funding or submitted conversion applications as the title issue must be resolved prior to the receipt of any funds.

STAFF ANALYSIS / STATEMENTS

The Charter Schools submitted written requests to hold title, signed by authorized charter school representatives. The requests include justifications as to why ownership was not vested in the local school district, or local government entity, and the request includes the required certification statement.

The Charter Schools' requests to hold title are included as Attachment A and contain all of the information required by the EC and SFP Regulation. Board approval of these requests are contingent upon all of the security provisions being applied, as required by the EC. If the Charter Schools do not allow for the recording of the lien, restrictive covenant, or remainder interest, staff will present an item to a future Board meeting recommending revocation of the original finding.

RECOMMENDATIONS

1. Make a finding that the Charter Schools have met all of the requirements of EC Section 17078.63(a)(3)(A).

2. Direct staff to present an item recommending revocation of this Board finding should the Charter Schools fail to implement all of the security provisions set forth in the EC Section 17078.63(a)(3)(B).

RE: Rise Kohyang High School, Application Number 54/64733-00-101

Dear Ms. Cunneen:

Pursuant to California Code of Regulations Section 1859.172(a)(3) ("the Regulation"), I am writing to request that Bright Star Schools hold title for a facility project for which we have been awarded a Proposition 51 award: Rise Kohyang High School, Application Number 54/64733-00-101. The address of the property currently under contract is 3500 W. 1st St., Los Angeles, CA 90004.

Per the Regulation, prior to the release of funds for site acquisition or new construction final apportionments, charter school applicants wishing to hold title must provide:

> A written request that the Charter School be authorized to hold fee simple title to the subject property signed by an authorized Charter School representative pursuant to all of requirements set forth in Education Code Section 17078.63(a)(3). The written request must include a statement justifying the reasons why ownership will not be vested with an entity described in (a)(1) and why ownership will not be vested with an entity described in (a)(2). The written request must also include the statement: I certify, as the Charter School representative, that the information reported in this document is true and correct.

This letter shall be considered such a request.

Recorded in the chain of title for the property shall be both a restrictive covenant specifying that the facility shall be used only for public school purposes as authorized in the California Constitution and statute and a remainder interest to the school district in which the facility is physically located or, if the school district disclaims the interest to the facility, to the board. The remainder interest shall be triggered when the facility is no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6), inclusive, of subdivision (b) of Education Code Section 17078.62.

Bright Star Schools will apply to the Los Angeles Unified School District (LAUSD) for an Augmentation Grant, a program whereby charter schools authorized by LAUSD can apply for and use LAUSD general obligation bond funds for facilities projects. Bright Star Schools has had multiple meetings and calls as

part of the process of applying for the grant, and has discussed the issue of holding title for this project. LAUSD's policy is to hold title only after full grant funding has been received by Bright Star Schools from the State. This policy necessitates that Bright Star Schools hold title temporarily and up until the point LAUSD takes title.

Bright Star Schools will not pursue having a governmental entity hold title to the project because LAUSD will ultimately hold title once full grant funding has been received from the State. Pursuant to LAUSD's policy, Bright Star Schools respectfully requests that it be granted authority to hold title until LAUSD is ready to do so.

We are so grateful to have received Proposition 51 funding, and we look forward to working with you on this very meaningful project. Please contact me should you have any questions.

I certify, as the charter school representative, that the information reported in this document is true and correct.

Ms. Erin Cunneen
Charter Schools Facility Program Supervisor
Office of Public School Construction
707 Third Street
West Sacramento, CA 95605

Dear Ms. Cunneen:

I am writing to request that Libertas College Prep (Libertas) hold title for a facility for which have been awarded a Proposition 51 award (OPSC Application Number 54/64733-00-102).

As you know, under SB 592 charter schools are authorized to hold title to facilities constructed with state bond funds under the School Facility Program. By the authority of this new bill, Libertas requests that the organization be authorized to hold fee simple title to the above property.

Per Education Code section 17078.63, prior to the release of funds for site acquisition or new construction final apportionments, applicants shall provide one of three options. This letter shall be considered as the third option, "A request that the charter school be authorized to hold fee simple title to the subject property in trust for the benefit of the state public school system, on which a lien shall be recorded in favor of the board for the total amount of funds allocated pursuant to this article, including any loan received in lieu of a local matching share pursuant to Section 17078.57."

Per the law, recorded in the chain of title for the property shall be both a restrictive covenant specifying that the facility shall be used only for public school purposes as authorized in the California Constitution and statute and a remainder interest to the school district in which the facility is physically located or, if the school district disclaims the interest to the facility, to the board. The remainder interest shall be triggered when the facility is no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6), inclusive, of subdivision (b) of Section 17078.62.

Libertas reached out to Los Angeles Unified (LAUSD) and the Los Angeles Department of City Planning regarding the issue of holding title for this project. As of October 3, 2018 we have not heard back.

Libertas feels strongly that asking the City of Los Angeles or the Los Angeles School District to hold title to a project that is developed by the LEA will be a time consuming process that will inhibit our ability to access site acquisition funds from the state and complete this project in a timely fashion.

LIBERTAS
COLLEGE PREP

Libertas believes it has exhausted all reasonable avenues for a governmental entity to hold title to the project and respectfully requests that it be granted authority to hold title.

We look forward to working through the details of this process and look forward to hearing from you. Please contact me with your suggestions for how to proceed in this matter.

I certify, as the charter school representative, that the information reported in this document is true and correct.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, October 24, 2018

EMERGENCY RE-ADOPTION OF
SCHOOL FACILITY PROGRAM REGULATION SECTION 1859.51(e)

PURPOSE OF REPORT

To seek approval from the State Allocation Board (Board) to re-adopt School Facility Program Regulation Section 1859.51(e).

DESCRIPTION

At its January 2018 meeting, the Board adopted regulations on an emergency basis regarding the Seismic Mitigation Program and other technical conforming regulatory amendments. The other technical conforming regulatory amendments pertained to the processing of School Facility Program (SFP) New Construction eligibility determinations. The Office of Administrative Law (OAL) approved all of the regulatory amendments as emergency regulations, effective April 16, 2018. On September 26, 2018, Regulation Section 1859.51(e) was withdrawn by Office of Public School Construction (OPSC) staff based on conversations with OAL. This item seeks re-adoption of Regulation Section 1859.51(e) by the Board on an emergency basis.

AUTHORITY

Education Code Section 17070.35 states in part:

(a) In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:
(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter . . . .

STAFF ANALYSIS/STATEMENTS

Staff submitted the Certificate of Compliance rulemaking file to OAL on August 14, 2018 in order to make the emergency regulations permanent. During OAL's review, it was determined that the language in Regulation Section 1859.51(e) regarding "current enrollment year" required additional clarification. Staff provided the amended language and OAL believes the language to be a substantive change, which requires Board approval.

Approved Existing Language

The language below for Regulation Section 1859.51(e) is the approved existing language and is currently printed in the California Code of Regulations:

(e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years for all districts using a fifth-year projection or a tenth-year projection, except decreases as provided in (j) below. For all funding requests received by OPSC on or after June 6, 2017, OPSC will notify the School District in writing that OPSC is scheduled to begin processing the School District's Form SAB 50-04 and that the School District shall submit the Form SAB 50-01 for the current enrollment year. OPSC may return the Form SAB 50-04 to the School District for failure to submit the Form SAB 50-01 within 90 calendar days of OPSC's notification. Form SAB 50-01 filed on or after November 1 must include the current enrollment year.

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17052, 17070.51, 17071.25, 17071.75, 17071.76, 17072.20, 17077.40, 17078.72, 17079.20, 42268, and 42270, Education Code.

STAFF ANALYSIS/STATEMENTS (cont.)

Amended Language

The language below is the clarifying language and requires Board approval for resubmitting Regulation Section 1859.51(e) to OAL:

(e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years for all districts using a fifth-year projection or a tenth-year projection, except decreases as provided in (j) below.

For all funding requests received by OPSC on or after June 6, 2017, OPSC will notify the School District in writing that OPSC is scheduled to begin processing the School District's Form SAB 50-04 and that the School District shall submit the Form SAB 50-01 ~~for the current enrollment year.~~based on school district enrollment data, as shown in the table below:

OPSC Received Date of Form SAB 50-01	Enrollment Reporting Year
July 1 through October 31	Submit Prior Fiscal Year Enrollment Data
November 1 through June 30	Submit Current Fiscal Year Enrollment Data

OPSC may return the Form SAB 50-04 to the School District for failure to submit the Form SAB 50-01 within 90 calendar days of OPSC's notification. ~~Form SAB 50-01 filed on or after November 1 must include the current enrollment year.~~

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17052, 17070.51, 17071.25, 17071.75, 17071.76, 17072.20, 17077.40, 17078.72, 17079.20, 42268, and 42270, Education Code.

Conclusion

The amended language resolves the clarity issue identified by OAL and reiterates to the school district community what is meant by current enrollment year and prior/past enrollment year.

RECOMMENDATIONS

1. Adopt the amended language to Regulation Section 1859.51(e) as shown above under "Amended Language."

2. Authorize the Executive Officer to file Regulation Section 1859.51(e) with the OAL on an emergency basis and make the regulation section permanent.

> A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

> The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

> If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:

>
> b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

Regulation Section 1859.83(e) states:

> Excessive Cost for rehabilitation of facilities the Board has determined are a health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the cost/benefit analysis to mitigate the problem and remain in the facility is less than 50 percent of the Current Replacement Cost of the facility. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. If the district qualifies, the district is eligible for funding of Rehabilitation Costs as a modernization project. If the Approved Application is received on or before April 29, 2002, the grant amount provided is 80 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. If the Approved Application is received after April 29, 2002, the grant amount provided is 60 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. An additional grant may be provided for high performance incentive pursuant to Section 1859.77.4 provided that the high performance points attained are related to the scope of the Facility Hardship project. For any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.78.1(a). For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the grant may be adjusted in the manner prescribed in Section 1859.78.1(b) and subject to the limitations established in Section 1859.78.1(c).

DESCRIPTION

Description of Health and Safety Threat	The Industrial Arts Building at Monroe High School in North Hills, California was originally built in 1957 and is of the Most Vulnerable Category 2 Building Type. The District's structural engineer has prepared structural evaluations for the building which identified critical deficiencies in its wall, floor, and roof systems. The Division of the State Architect (DSA) has concurred with the presence of the threat of a local or global collapse of the facility in the event of seismic activity, as outlined in the Eligibility Evaluation Report filed by the same structural engineer.
Scope of Project	The District has chosen to use the rehabilitation funding towards the costs of the replacement of the Industrial Arts Building.
Status of School Site	The project was awarded on April 25, 2017, with Notice to Proceed issued on May 12, 2017. The project is currently in construction and it is anticipated to be completed in November 2018.

Education Code (EC) Section 17075.10(a) states:

> A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

> The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

> If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:
>
> a. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or
>
> b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

SFP Regulation Section 1859.82(a)(1)(C) states,

> The seismic mitigation projects must meet all of the following requirements:
>
> 1. The construction contract was executed on or after May 20, 2006;
> 2. The project funding provided shall be for the minimum work necessary to obtain DSA approval;
> 3. The building is designed for occupancy by students and staff; and
> 4. The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geologic hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with the concurrence of the California Geological Survey.
