SCHOOL FACILITY PROGRAM
CAREER TECHNICAL EDUCATION FACILITIES PROGRAM UNFUNDED APPROVALS

PURPOSE OF REPORT

To present the State Allocation Board (Board) with unfunded approvals for the seventh funding cycle of the School Facility Program (SFP) Career Technical Education Facilities Program (CTEFP).

DESCRIPTION

In April 2025, the Board approved a maximum funding allocation of $300 million for the seventh funding cycle of the CTEFP as a result of the passage of the Kindergarten through Community College Public Education Facilities Bond Act of 2024 (Proposition 2). Proposition 2 provided the CTEFP with $600 million in bond authority. This item seeks approval from the Board to approve 149 CTEFP applications as shown on Attachment B, totaling approximately $299.6 million, for placement on the Unfunded List (Lack of AB 55 Loans).

AUTHORITY

See Attachment A.

BACKGROUND

Under CTEFP, a local educational agency (LEA) operating a comprehensive high school may construct new or modernize existing facilities for career technical education programs. A Joint Powers Authority (JPA) operating career technical education programs as of May 20, 2006 may modernize existing facilities. The LEA is not required to demonstrate that it has unhoused pupils or that buildings are older than 25 years to be eligible for the program. The maximum grant for a new construction project is $3 million. The maximum grant for a modernization project is $1.5 million.

All projects are funded on a 50/50 state and local share basis. A financial contribution toward the cost of the CTEFP project must be equal to the state grant. The local contribution toward the project cannot be waived. However, the applicant may request a loan for all or part of the local contribution if funds are not immediately available, as Financial Hardship assistance is not an option under CTEFP statute.

BACKGROUND (cont.)

In April 2025, the Board approved an option to allocate $300 million to the seventh funding cycle of CTEFP. Applications were submitted as follows:

- Grant applications were due to the California Department of Education (CDE) by December 1, 2025.
- *Application for Career Technical Education Facility Funding* (Forms SAB 50-10) were due to the Office of Public School Construction (OPSC) by June 30, 2026.

Successful applicants, who achieved a minimum career technical education plan score of 105 points on the grant application submitted to CDE, were eligible to submit a Form SAB 50-10 to OPSC. The score is based on relevant career technical education curriculum and facility needs to increase student achievement as required by statute and determined by CDE.

For the seventh CTEFP funding cycle, all submittals from LEAs were required to include a governing board resolution acknowledging that if the applicant receives an apportionment, the applicant must submit a five-year school facilities master plan within 18 months of fund release, or concurrently with the submittal of the 100 percent complete *Expenditure Report* (Form SAB 50-06) if it is submitted less than 18 months following fund release, pursuant to SFP Regulation Section 1859.18.1(c). Joint Powers Authority applicants are exempt from this requirement.

STAFF ANALYSIS/STATEMENTS

OPSC received 178 applications requesting approximately $370.2 million for the seventh CTEFP funding cycle by June 30, 2026. In accordance with SFP Regulations, the applications were ranked by highest career technical education plan score and locale (as determined by the National Center for Education Statistics). The highest scoring application in each of the three designated locales (urban, suburban and rural), is presented for funding and then the pattern repeats until all applications are funded or funding is exhausted, whichever comes first. Using this prescribed funding order, staff is presenting 149 CTEFP applications for placement on the Unfunded List (Lack of AB 55 Loans) as shown on Attachment B. These applications can be funded within the available $300 million allotted to this funding cycle.

After accounting for the 149 applications that can be fully funded within the available $300 million, there is a remaining balance of $356,810.00 that will be included in the funding available for the eighth funding cycle in accordance with the Board’s action in January 2026.

STAFF ANALYSIS/STATEMENTS (cont.)

Tied Scores

In some instances, two or more CTEFP applications have the same career technical education plan score. The criteria outlined in SFP Regulation Sections 1859.196 (d)(3)(A-C) were used to determine the final funding order on Attachment B. The application with the highest total score in all weighted areas identified in Education Code Section 17078.72(j) is the first criterion. That number appears next to the career technical education plan score. If the weighted scores are also equal, the second criterion applied looks at whether the applicant will receive funding within the same funding cycle for another project or received funding in the immediate prior funding cycle. If the applicant has already or will receive funding for another project, “Y” appears in the designated column. If not, “N” appears.

Receiving an Apportionment

All applicants must participate in the priority funding process to receive an Apportionment and are subject to the requirements for participation in priority funding. Some projects on Attachment B are requesting an unfunded approval with a “reservation of funds.” This means that the applicant has not yet obtained the required Division of the State Architect plan approval and/or a CDE plan approval for the project. In these instances, the applicants will have 12 months from the date of Apportionment to submit the required approval(s) pursuant to SFP Regulation Section 1859.193(d). Failure to submit the required approvals within the 12-month period will result in the rescission of the project without further Board action.

Summary

Staff recommends approval of the CTEFP applications listed on Attachment B for placement on the Unfunded List (Lack of AB 55 Loans). The total funding requested is approximately $299.6 million, which exhausts the majority of the available CTEFP funding as approved by the Board for this cycle. Applicants who are not approved for funding in this cycle may apply in the eighth CTEFP funding cycle, provided all conditions for that cycle are met.

RECOMMENDATION

Approve the CTEFP applications in the amount of approximately $299.6 million, as shown on Attachment B, for placement on the Unfunded List (Lack of AB 55 Loans).

AUTHORITY

Education Code (EC) Section 17078.72

(a) The Career Technical Education Facilities Program is hereby established to provide funding to qualifying local educational agencies for the purpose of constructing new facilities or reconfiguring existing facilities, including, but not limited to, purchasing equipment with an average useful life expectancy of at least 10 years, to enhance educational opportunities for pupils in existing high schools in order to provide them with the skills and knowledge necessary for the high-demand technical careers of today and tomorrow.

(b) The State Department of Education, in cooperation with the Chancellor's Office of the California Community Colleges, the Labor and Workforce Development Agency, and industry groups, shall develop criteria and pupil outcome measures to evaluate the program. The criteria shall ensure equity, program relevance to industry needs, and articulation with more advanced coursework at the partnering community colleges or private institutions.

(c) The program shall be based on grant applications administered by the board.

(d) Grants shall be allocated on a per-square-foot basis for the applicable type of construction proposed or deemed necessary by the board consistent with the approved application for the project.

(e) New construction grants shall not exceed three million dollars ($3,000,000) per project per schoolsite, inclusive of equipment, and shall only be allocated to comprehensive high schools that have an active Career Technical Advisory Committee pursuant to Section 8070, in either of the following methods:

(1) For a stand-alone project on a per-square-foot basis for the applicable type of construction proposed, based on the criteria established pursuant to subdivision (b), consistent with the approved application for the project.

(2) For new school projects, as a supplement to the per pupil allocation pursuant to Section 17072.10. The supplement is intended to cover excess costs uniquely related to the facilities required to provide the career technical education program or programs.

(f) Modernization grants shall not exceed one million five hundred thousand dollars ($1,500,000) per project per schoolsite, inclusive of equipment and may be awarded to comprehensive high schools or joint power authorities currently operating career technical education programs that have an active Career Technical Advisory Committee pursuant to Section 8070 for the purpose of reconfiguration. For comprehensive high schools, the grant shall be supplemental to the per pupil allocation pursuant to Section 17074.10. The supplement is intended to cover excess costs uniquely related to the facilities required to provide the career technical education program or programs.

(g) (1) A school district shall contribute from local resources a dollar amount that is equal to the amount of the grant of state funds awarded under subdivisions (d), (e), and (f). The required local contribution may be provided by private industry groups, the school district, or a joint powers authority.

(2) A school district shall not be required to demonstrate that it has unhoused pupils or that a permanent school building is more than 25 years old in order to receive a grant under the program.

(h) The program shall allow the required local contribution to be paid over time if sufficient local funds are not immediately available. The board may provide for a repayment schedule consistent with subparagraphs (C) and (D) of paragraph (1)

of subdivision (a) of Section 17078.57. The board shall not waive the required local contribution on the basis of financial hardship or on any other basis.
(i) Applications shall meet the criteria developed under subdivision (b) and shall require all of the following:
(1) A clear and comprehensive career technical education plan for each course of study applicable to the instructional space.
(2) Projections of pupil enrollment.
(3) Identification of feeder schools, industry partners, and community colleges or other postsecondary schools participating in the development, articulation, and review of the educational program.
(4) Evidence of approval of the plan by the entities listed in paragraph (3).
(5) The method by which accountability for pupil enrollments and outcomes will be maintained. Outcomes shall include, but are not limited to, certificate completion, the successful entry of pupil to employment in the applicable industry, and successful transition to post-secondary institutions for work in the applicable industry or other areas of study.
(6) Evidence of coordination with all feeder schools, middle schools, and high schools within the area to ensure that the project and programs complement career technical education offerings in the area.
(7) Evidence that upon completion of the project the local educational agency will meet all of its obligations under Section 51228 relating to career technical education.
(j) Applications shall give weight to the number of pupils expected to attend, the cost per pupil, financial participation by industry partners in the construction and equipping of the facility, commitment to accountability for outcomes and participation, the strength and relevance of the educational plans to the needs of industry for qualified technical employees applicable to the economic development needs of the region in which the project will be located, and coordination and articulation with feeder schools, other high schools, and community colleges.
(k) The Office of Public School Construction shall develop and the board shall approve regulations to implement this article on or before April 19, 2007, and the board may promulgate those regulations first on an emergency basis, which shall be effective for no more than 12 months, after which any permanent regulations shall be promulgated in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).
(l) Notwithstanding paragraphs (e) and (f), a project approved pursuant to this section is also eligible for an incentive grant from the funds specified in paragraph (8) of subdivision (a) of Section 101012 if the project meets the criteria prescribed in that section.

EC Section 101412(a)(4) states: “The amount of six hundred million dollars ($600,000,000) for facilities for career technical education programs pursuant to Article 13 (commencing with Section 17078.70) of Chapter 12.5 of Part 10 of Division 1 of Title 1.”

SFP Regulation Section 1859.18 states in part:

> For Approved Applications submitted on or after October 31, 2024, as a condition of participating in the SFP, a School District must submit a complete and valid Master Plan to OPSC pursuant to Education Code Section 17070.54. A copy of the local governing board approval or board minutes and Form SAB 50-MP must be submitted with the Master Plan...

SFP Regulation Section 1859.18.1(c) states:

> (c) School District applicants to the Career Technical Education Facilities Program, beginning with Section 1859.190, must submit a Master Plan as follows:
> (1) A complete and valid Master Plan must be submitted within 18 months of fund release, or concurrently with submittal of the 100 percent complete Form SAB 50-06 if it is submitted less than 18 months following fund release.
> (2) A local governing board resolution acknowledging the Apportionment may be rescinded for failure to submit a complete and valid Master Plan within the timeline specified in (c)(1) must be submitted with the Approved Application for Career Technical Education Facilities Project Funding.

SFP Regulation Section 1859.193(d) states:

> If an applicant meets the eligibility criteria in Section 1859.192, but does not have the necessary approvals from the [Division of the State Architect] and/or the [California Department of Education] at the time of Apportionment, the Board may apportion funds for the Career Technical Education Facilities Project and reserve them for a period of up to 12 months. The grant amount to be reserved for the project will be the maximum funding as determined above in (a), (b), or (c).

SFP Regulation Section 1859.196 states in part:

> (d) For the third and any subsequent cycles, the Board shall apportion funds regardless of Service Region.
> (1) Funds shall be apportioned to the highest ranked project in each locale. In order to continue this funding process, one project from each locale must be apportioned. If there are no applications in a given locale(s), projects will be apportioned in the remaining locale(s).
> (2) The process will continue until the applications or funds are exhausted, whichever comes first.
> (3) In the event two or more applications have the same career technical education plan score, the Board shall approve the applications in the following order:
> (A) The application with the highest total score in all weighted areas of the career technical education plan score identified in Education Code Section 17078.72(j).
> (B) The applicant without a Career Technical Education Facilities Project in the immediate prior funding cycle or without an Approved Application for Career Technical Education Facilities Project Funding that will receive funding in the current cycle.
> (C) After the above criteria have been applied, a lottery system may be used to determine the final funding order.
>
> (e) If an Approved Application for Career Technical Education Facilities Project Funding within any funding cycle cannot be fully apportioned because insufficient funding is available, the applicant may either accept the available funding as the full and final apportionment for the project or refuse funding entirely. If funding is refused, the Board shall consider funding the next project eligible for an apportionment pursuant to this Section.
>
> (f) For any Approved Application for Career Technical Education Facilities Project Funding not apportioned pursuant to this Section, the application shall be returned to the applicant. An Approved Application for Career Technical Education Facilities Project Funding returned to the applicant may be resubmitted during a subsequent application acceptance period identified in Section 1859.191, provided the application meets the eligibility criteria in Section 1859.192.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

Construction Cost	**$**	1,740,427.00
Equipment Cost	**$**	99,331.00
Project Assistance	**$**	10,037.00
Site Development Cost	**$**	500,198.00
Total State Share (50%)		2,349,993.00
Applicant Share (50%)		2,349,993.00
Total Project Cost	**$**	**4,699,986.00**

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

The Applicant has requested a loan pursuant to School Facility Program Regulation Section 1859.194 to supplement the Applicant's required matching share. The loan agreement shall include interest set at the same rate as the interested earned in the Pooled Money Investment Board as of the date of Apportionment.

The Applicant is required to submit a complete and executed loan agreement within 30 days of the date that the Office of Public School Construction provides the loan agreement to the Applicant.

Since the Applicant has requested a loan equal to the Applicant's entire matching share, the Office of Public School Construction will release ten percent of the Career Technical Education Facilities Program grant amount to the applicant within 30 calendar days of the Apportionment pursuant to School Facility Program (SFP) Regulation Section 1859.197. If the Applicant does not meet the requirements of SFP Regulation Section 1859.197 related to a reservation and the requirements for a release of funds, the Applicant is required to return the amount released, plus interest, in accordance with the repayment provisions identified in SFP Regulation Section 1859.106.1.

Applicant Share (50%)	3,000,000.00
Total Project Cost	**$ 6,000,000.00**

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

The Applicant has requested a loan pursuant to School Facility Program Regulation Section 1859.194 to supplement the Applicant's required matching share. The loan agreement shall include interest set at the same rate as the interested earned in the Pooled Money Investment Board as of the date of Apportionment.

The Applicant is required to submit a complete and executed loan agreement within 30 days of the date that the Office of Public School Construction provides the loan agreement to the Applicant.

Since the Applicant has requested a loan equal to the Applicant's entire matching share, the Office of Public School Construction will release ten percent of the Career Technical Education Facilities Program grant amount to the applicant within 30 calendar days of the Apportionment pursuant to School Facility Program (SFP) Regulation Section 1859.197. If the Applicant does not meet the requirements of SFP Regulation Section 1859.197 related to a reservation and the requirements for a release of funds, the Applicant is required to return the amount released, plus interest, in accordance with the repayment provisions identified in SFP Regulation Section 1859.106.1.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

The Applicant has requested a loan pursuant to School Facility Program Regulation Section 1859.194 to supplement the Applicant's required matching share. The loan agreement shall include interest set at the same rate as the interested earned in the Pooled Money Investment Board as of the date of Apportionment.

The Applicant is required to submit a complete and executed loan agreement within 30 days of the date that the Office of Public School Construction provides the loan agreement to the Applicant.

Since the Applicant has requested a loan equal to the Applicant's entire matching share, the Office of Public School Construction will release ten percent of the Career Technical Education Facilities Program grant amount to the applicant within 30 calendar days of the Apportionment pursuant to School Facility Program (SFP) Regulation Section 1859.197. If the Applicant does not meet the requirements of SFP Regulation Section 1859.197 related to a reservation and the requirements for a release of funds, the Applicant is required to return the amount released, plus interest, in accordance with the repayment provisions identified in SFP Regulation Section 1859.106.1.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

The Applicant has requested a loan pursuant to School Facility Program Regulation Section 1859.194 to supplement the Applicant's required matching share. The loan agreement shall include interest set at the same rate as the interested earned in the Pooled Money Investment Board as of the date of Apportionment.

The Applicant is required to submit a complete and executed loan agreement within 30 days of the date that the Office of Public School Construction provides the loan agreement to the Applicant.

Since the Applicant has requested a loan equal to the Applicant's entire matching share, the Office of Public School Construction will release ten percent of the Career Technical Education Facilities Program grant amount to the applicant within 30 calendar days of the Apportionment pursuant to School Facility Program (SFP) Regulation Section 1859.197. If the Applicant does not meet the requirements of SFP Regulation Section 1859.197 related to a reservation and the requirements for a release of funds, the Applicant is required to return the amount released, plus interest, in accordance with the repayment provisions identified in SFP Regulation Section 1859.106.1.

The Applicant has requested a loan pursuant to School Facility Program Regulation Section 1859.194 to supplement the Applicant’s required matching share. The loan agreement shall include interest set at the same rate as the interested earned in the Pooled Money Investment Board as of the date of Apportionment.

The Applicant is required to submit a complete and executed loan agreement within 30 days of the date that the Office of Public School Construction provides the loan agreement to the Applicant.

Since the Applicant has requested a loan equal to the Applicant's entire matching share, the Office of Public School Construction will release ten percent of the Career Technical Education Facilities Program grant amount to the applicant within 30 calendar days of the Apportionment pursuant to School Facility Program (SFP) Regulation Section 1859.197. If the Applicant does not meet the requirements of SFP Regulation Section 1859.197 related to a reservation and the requirements for a release of funds, the Applicant is required to return the amount released, plus interest, in accordance with the repayment provisions identified in SFP Regulation Section 1859.106.1.

PROGRAM GRANT DATA

Eligible Project Costs (50%)	
Construction Cost	$ 250,400.00
Total State Share (50%)	250,400.00
Applicant Share (50%)	250,400.00
Total Project Cost	**$ 500,800.00**

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.
