Summary:

Existing law, the Bagley-Keene Open Meeting Act, requires that all meetings of a state body, as defined, be open and public, and that all persons be permitted to attend any meeting of a state body, except as otherwise provided in that act. Existing law requires the state body to provide notice of its meeting, including specified information and a specific agenda of the meeting, as provided, to any person who requests that notice in writing and to make that notice available on the internet at least 10 days in advance of the meeting.

This bill would require that notice to include all writings or materials provided for the noticed meeting to a member of the state body by the staff of a state agency, board, or commission, or another member of the state body that are in connection with a matter subject to discussion or consideration at the meeting. The bill would require those writings or materials to be made available on the state body's internet website, and to any person who requests the writings or materials in writing, on the same day as the dissemination of the writings and materials to members of the state body or at least 72 hours in advance of the meeting, whichever is earlier. The bill would prohibit a state body from discussing those writings or materials, or from taking action on an item to which those writings or materials pertain, at a meeting of the state body unless the state body has complied with these provisions.

09/02/2021 #271 SENATE ASSEMBLY BILLS – THIRD READING FILE

Summary:

Existing law, the California Emergency Services Act, establishes, within the office of the Governor, the Office of Emergency Services (OES) under the supervision of the Director of Emergency Services. Existing law makes OES responsible for addressing natural, technological, or manmade disasters and emergencies, including activities necessary to prevent, respond to, recover from, and mitigate the effects of emergencies and disasters to people and property. This bill instead would require the director to appoint representatives of the access and functional needs population, provided a majority of appointees are from specified groups, to serve on those committees and to ensure the needs of that population are met within that system. This bill contains other related provisions and other existing laws.
