REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, June 28, 2017

FINANCIAL HARDSHIP PROPOSED REGULATIONS

PURPOSE OF REPORT

To present proposed regulation amendments related to the submittal of requests for Financial Hardship approval pursuant to School Facility Program (SFP) Regulation Section 1859.81.

DESCRIPTION

Existing regulations require districts requesting Financial Hardship assistance to have pre-approved Financial Hardship status prior to submittal of an *Application for Funding* (Form SAB 50-04). The proposed regulatory amendments would allow districts seeking Financial Hardship assistance to submit a request for funding without a pre-approved Financial Hardship status. This would allow Staff to streamline the Financial Hardship approval process by accepting the Form SAB 50-04 when districts are ready to submit, and conducting a Financial Hardship review at the time the application is processed, prior to placement on the Unfunded List (Lack of AB 55 Loans).

Please see Attachment A for a visual comparison between the current and newly proposed Financial Hardship approval processes.

AUTHORITY

See Attachment B.

BACKGROUND

Financial Hardship assistance is available for districts that cannot provide their matching share for an SFP new construction or modernization project (including facility hardship projects). In order to receive Financial Hardship assistance, a district must have made all reasonable efforts to fund its local matching share of the project and must also demonstrate that it is unable to contribute all or a portion of the matching share requirement.

Currently, SFP Regulations state that a district must have an approved Financial Hardship status prior to submitting a Form SAB 50-04 requesting funding. Absent an amendment to this regulation, all new applicants seeking Financial Hardship must first have an analysis done by Staff to determine if the district meets the criteria in SFP Regulation Section 1859.81 and to determine the amount of any available local contribution. This analysis is done as a point in time analysis and Financial Hardship status is valid for any funding applications submitted within 6 months of Financial Hardship approval.

However, the OPSC workload list has projects on it that were received dating back to November 2012. As Staff moves forward with processing these applications, there will be a gap in time between when new applications are submitted to OPSC and when they are actually processed to the State Allocation Board (Board) for funding consideration. Without an amendment to regulations, by the time a funding application is processed, the analysis related to Financial Hardship status will be outdated. There is no process in current regulation to require an update to the financial analysis for projects on the workload list.

STAFF ANALYSIS/STATEMENTS

The current SFP Regulations do not contemplate the approval process for Financial Hardship when there is a large backlog of funding applications to process. In other areas of the program, such as for projects on the Unfunded List (Lack of AB 55 Loans), a re-review is required per regulation if the project remains on the list for longer than six months. The re-review process requires districts and staff to review a district's financial information to determine if additional funds have become available to fund their project. This is required for projects on an unfunded list, as it is unknown when apportionment will occur and when the six month Financial Hardship approval expires.

Because a period of time longer than six months will pass between when an application is submitted and is processed, Staff is concerned that absent a regulation change, the appropriate financial information will not be used to determine the amount of Financial Hardship assistance that is allowable for a project at the time the funding request is processed. Further, to perform a financial analysis prematurely will not benefit the district seeking this assistance. Rather it may result in a duplication of work, when it is known that funding applications will not be processed within the six month time period associated with Financial Hardship status. Staff also believes the process should be more streamlined, and it should not require districts to submit financial information multiple times when it is not known which time period is appropriate to the processing of the funding application. Staff also wants to ensure that districts will not be delayed in submitting their funding applications for placement on the workload list.

To address this issue Staff has prepared proposed amendments to SFP Regulations and the Form SAB 50-04 for the Board's consideration. The proposed amendments would allow OPSC to accept funding applications requesting Financial Hardship assistance prior to OPSC notification of approval of Financial Hardship status. Districts will not submit and OPSC will not process the documents necessary for a Financial Hardship approval until written notification is received from OPSC that the district's application will soon be processed.

In order to maintain the existing concept of applications within a six month time period using the original Financial Hardship approval, the regulations also propose that any funding applications that are expected to be *processed* within 180 calendar days of the OPSC approval of financial hardship will fall under the original hardship approval. Funding applications that are processed after the six month time period will require a new Financial Hardship approval.

Below is a summary of the proposed regulations.

SFP Regulation Section 1859.81 – Financial Hardship

The proposed amendments add language that would establish a new process for submitting a funding application requesting Financial Hardship.

Under the proposed amendments, districts would not submit their financial records until a written notification from OPSC is received by the district. Approximately 90 days before OPSC intends to commence processing of an application requesting Financial Hardship assistance, OPSC will send a written notification to the District to provide all documentation needed for a Financial Hardship review. To this end, OPSC has added paragraph (h) to the current Financial Hardship regulations in Section 1859.81. This new section describes the steps that need to be taken by a district when requesting Financial Hardship assistance and the process OPSC will use to notify a district when a review will take place. Additionally, there is new language that provides districts with options should they not be eligible for Financial Hardship status. This section also states that funding applications that are processed by OPSC within 180 calendar days of the Financial Hardship approval will be included and that OPSC will not accept any financial analysis documents in advance of OPSC's notification to submit the

STAFF ANALYSIS/STATEMENTS (cont.)

documentation needed for Financial Hardship review. Lastly, there is a change to Section 1859.81(e) that strikes out language no longer needed as it relates to the existing pre-approval process.

*Application for Funding (Form SAB 50-04) Amendments***Instructions Section**

- The proposed amendment deletes language that requires the district to obtain pre approval for Financial Hardship status in the General Information Section and the Specific Instruction Section.
- The proposed amendment adds language to the General Information Section and the Specific Instruction Section to coincide with the proposed SFP Regulations to allow submittal pending OPSC approval of Financial Hardship.

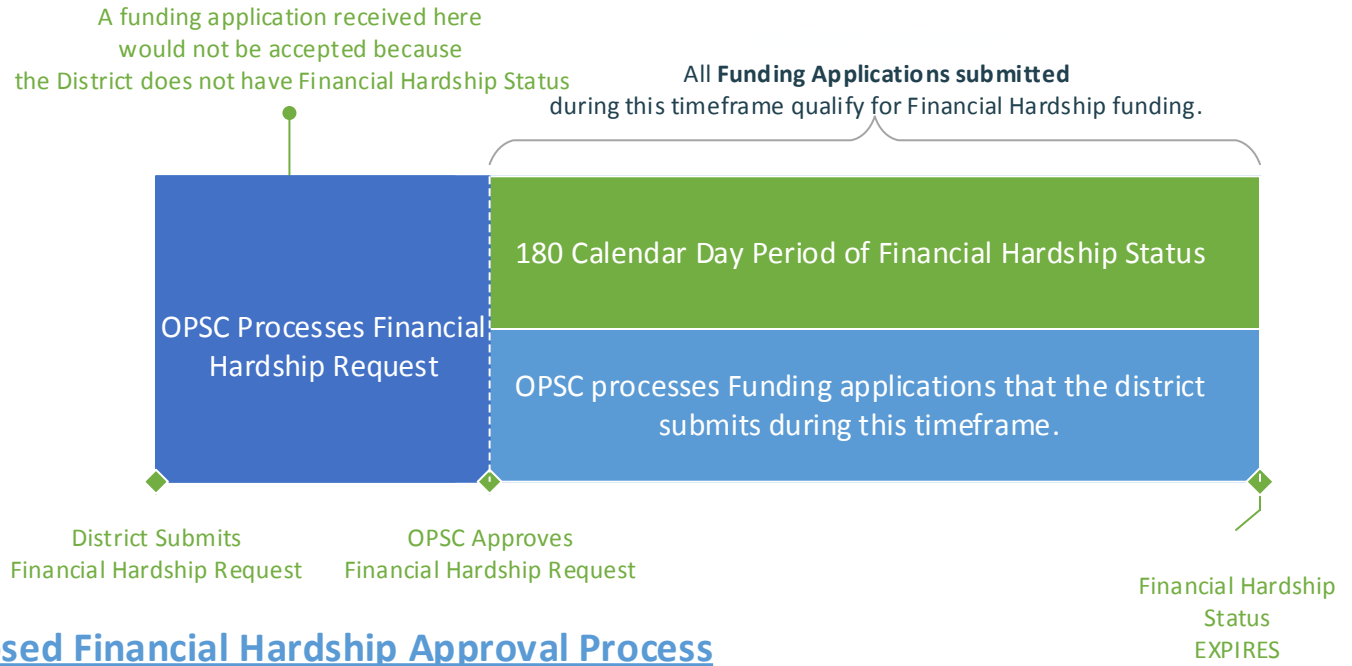

Application Section

- The proposed amendment removes a checkbox on the Application for Funding that requires a “pre-approval letter” for financial hardship applications.
- The proposed amendment adds a new checkbox to coincide with proposed SFP Regulations to allow submittal pending OPSC approval of Financial Hardship.

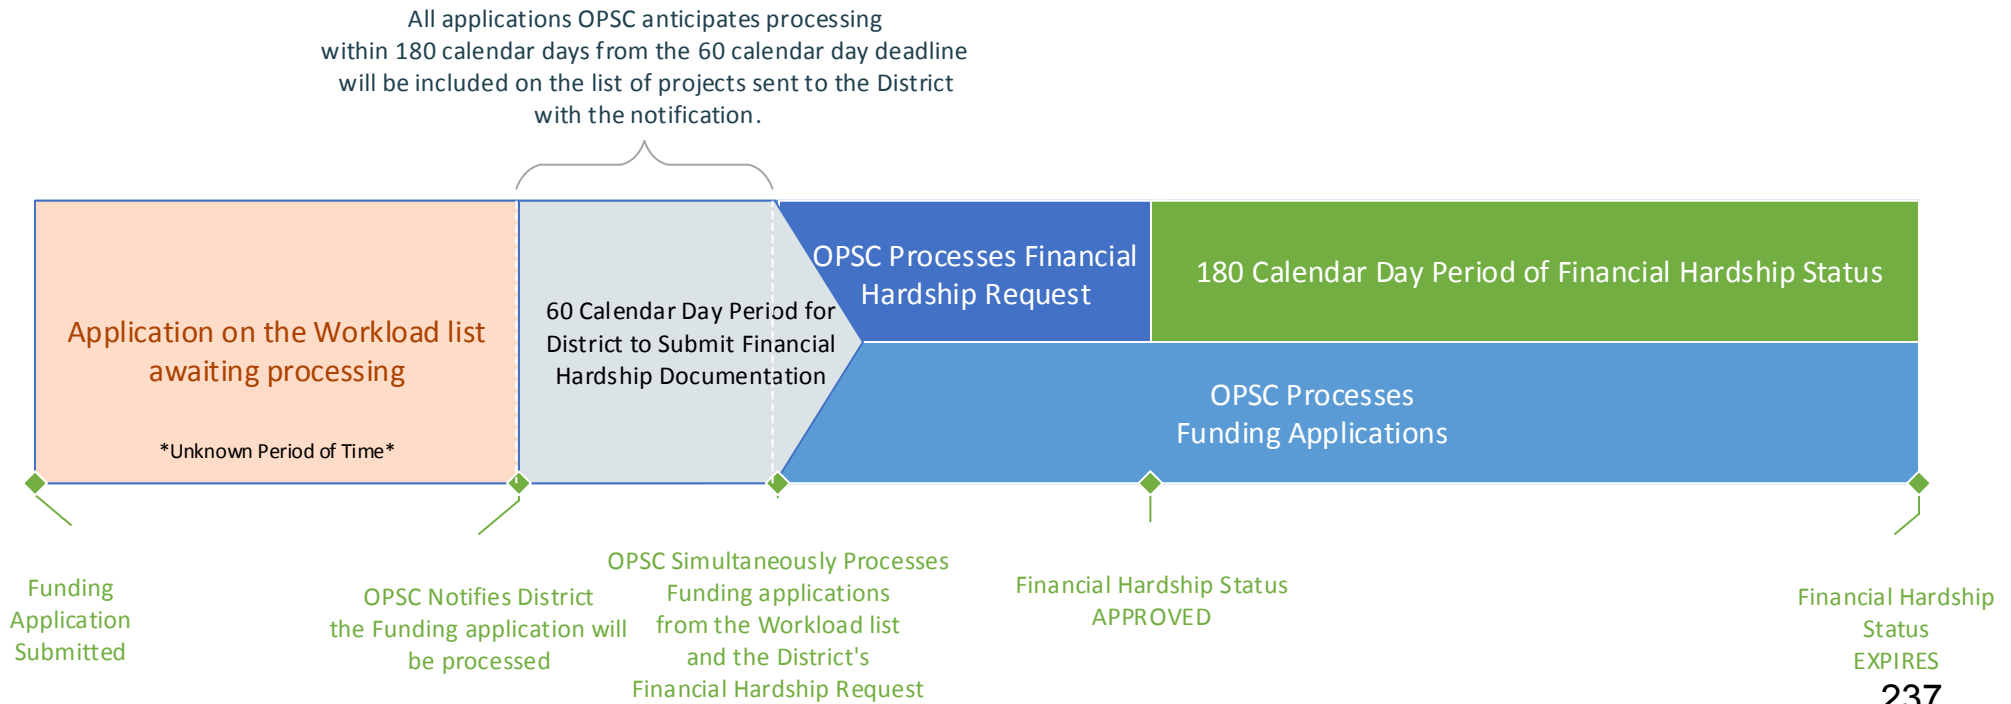

RECOMMENDATIONS

1. Adopt the proposed regulations as shown in Attachments C.
2. Authorize the Executive Officer to file the proposed regulations with the Office of Administrative Law on an emergency basis.

Education Code Section 17070.35.

(a) In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter. However, the board shall have no authority to set the level of the fees of any architect, structural engineer, or other design professional on any project. The initial regulations adopted pursuant to this chapter shall be adopted as emergency regulations, and the circumstances related to the initial adoption are hereby deemed to constitute an emergency for this purpose. The initial regulations adopted pursuant to this chapter shall be adopted by November 4, 1998. If the initial regulations are not adopted by that date, the board shall report to the Legislature by that date, explaining the reasons for the delay.

Education Code Section 17075.10.

(a) A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

(b) A school district applying for hardship state funding under this article shall comply with either paragraph (1) or (2).

(1) Demonstrate both of the following:

(A) That due to extreme financial, disaster-related, or other hardship the school district has unmet need for pupil housing.

(B) That the school district is not financially capable of providing the matching funds otherwise required for state participation, that the district has made all reasonable efforts to impose all levels of local debt capacity and development fees, and that the school district is, therefore, unable to participate in the program pursuant to this chapter except as set forth in this article.

(2) Demonstrate that due to unusual circumstances that are beyond the control of the district, excessive costs need to be incurred in the construction of school facilities. Funds for the purpose of seismic mitigation work or facility replacement pursuant to this section shall be allocated by the board on a 50-percent state share basis from funds reserved for that purpose in any bond approved by the voters after January 1, 2006. If the board determines that the seismic mitigation work of a school building would require funding that is greater than 50 percent of the funds required to construct a new facility, the school district shall be eligible for funding to construct a new facility under this chapter.

(c) The board shall review the increased costs that may be uniquely associated with urban construction and shall adjust the per-pupil grant for new construction or modernization hardship applications as necessary to accommodate those costs. The board shall adopt regulations setting forth the standards, methodology, and a schedule of allowable adjustments, for the urban adjustment factor established pursuant to this subdivision.

Education Code Section 17075.15 (b)

The board shall adopt regulations for determining the amount of funding that may be provided to a district, and the eligibility and prioritization of funding, under this article.

ATTACHMENT C

Section is amended and a new sub-section is added

Section 1859.81 Financial Hardship

...

- (e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).
 - (1) Once a district has been notified by the OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.
 - (2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.
 - (3) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).
-
- (h) On or after June 28, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.
 - (1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.
 - (2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:
 - a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.
 - b. OPSC will return the request for funding and related materials to the district.
 - (3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.
 - (4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.

GENERAL INFORMATION

If this application is submitted when there is Insufficient Bond Authority, as defined in Regulation Section 1859.2, the School District must adopt and submit a school board resolution, pursuant to Regulation Section 1859.95.1. For information regarding remaining bond authority, contact the Office of Public School Construction (OPSC) prior to submittal of this application.

Once the Board has determined or adjusted the district's eligibility for either new construction or modernization funding, the district may file an application for funding by use of this form. The Board will only provide new construction funding if this form is submitted prior to the date of occupancy of any classrooms included in the construction contract. If the district has a pending reorganization election that will result in the loss of eligibility for the proposed project, the district may not file an application for funding until the Board has adjusted the district's new construction baseline eligibility as required in Section 1859.51. This may be accomplished by completion of Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03.

For purposes of Education Code Section 17073.25, the California Department of Education (CDE) is permitted to file modernization applications on behalf of the California Schools for the Deaf and Blind.

For a list of the documents that must be submitted in order for the OPSC to deem a funding request for new construction or modernization complete and ready for OPSC

processing, consult the SFP handbook and other information located on the OPSC Web site at www.dgs.ca.gov/opsc.

For purposes of completing this form for a Final Charter School Apportionment, a charter school shall be treated as a school district.

SPECIFIC INSTRUCTIONS

The district must assign a Project Tracking Number (PTN) to this project. The same PTN is used by the OPSC, the DSA and the CDE for all project applications submitted to those agencies to track a particular project through the entire state application review process. If the district has already assigned a PTN to this project by prior submittal of the P&S to either the DSA or the CDE for approval, use that PTN for this application submittal. If no PTN has been previously assigned for this project, a PTN may be obtained from the OPSC Web site at www.dgs.ca.gov/opsc "PT Number Generator."

1. Type of Application

Check the appropriate box that indicates the type of School Facility Program (SFP) grant the district is requesting for purposes of new construction, modernization, a separate design and/or site apportionment, site apportionment as an environmental hardship or New Construction (Final Apportionment). If the application is for the modernization of school facilities and includes facilities that are eligible for an additional apportionment pursuant to Section 1859.78.8, include a site diagram with this application that specifies the age of each facility eligible for modernization. The diagram should also indicate the date of its original DSA plan approval and the date the facility received its prior modernization apportionment. If known include the project modernization number on the diagram. If the application is for modernization of a California School for the Deaf or Blind, the CDE shall check the box identified as Modernization of California Schools for the Deaf/Blind. If the request is for a separate design apportionment, the CDE shall check the appropriate box. If the eligibility for this project was established as a result of the need for new or replacement facilities pursuant to Section 1859.82 (a) and (b), seismic replacement or seismic rehabilitation for the Most Vulnerable Category 2 Buildings, or rehabilitation pursuant to Section 1859.83 (e), check the appropriate box(es).

If this request is for an addition to an existing site and advance funding for the evaluation and RA costs, check the appropriate box and refer to Section 1859.74.4.

If this request is for an Overcrowding Relief Grant, check the New Construction (Overcrowding Relief Grant) box.

If this request is to convert a Preliminary Apportionment or a Preliminary Charter School Apportionment to a Final Apportionment, check the New Construction Final Apportionment, New Construction Final Charter School Apportionment or the Rehabilitation Final Charter School Apportionment box, as appropriate.

If the district is requesting a separate site and/or design apportionment, complete boxes 2a, 3, 4, the site acquisition data in box 5 (d and e), and boxes 13, 14, 15, 16, and 24 only.

2. Type of Project

- a. Select the type of project that best represents this application request and enter the total number of pupils assigned to the project for each grade group. Include pupils to be housed in a new or replacement school authorized by Section 1859.82 (a). The amount entered cannot exceed the district's baseline

eligibility determined on Form SAB 50-03 and will be the basis for the amount of the new construction or modernization grants provided for the project.

If this request is for a Final Apportionment, the pupils assigned to the project must be at least 75 percent, but not more than 100 percent, of the pupils that received the Preliminary Apportionment. Refer to Section 1859.147.

For ORG projects, the amount entered cannot exceed the Overcrowding Relief Pupil Eligibility (pursuant to Section 1859.182 and 1859.183) as reflected in the total number of eligible pupils determined by the Form SAB 50-11 or the CDE Overcrowding Relief Grant Eligibility Determination form.

For Charter School Facilities Program Rehabilitation, leave the number of pupils blank.

- b. Check the box if the project is eligible for funding for 50 year or older permanent buildings and report, at the option of the district:
- The total number of eligible classrooms or the total eligible square footage building area at the site. Refer to Section 1859.78.6(b)(1)(A) or (b)(2)(A).
 - The total number of permanent classrooms or the total permanent square footage building area that is at least 50 years old and not been previously modernized with state funds. Refer to Section 1859.78.6(b)(1)(B) or (b)(2)(B).
 - Enter the greater percentage as calculated under Regulation Section 1859.78.6(b)(1)(C) or Regulation Section 1859.78.6(b)(2)(C).
 - If this project includes eligible 50 year or older pupil grants, enter the appropriate number assigned to the project for each grade group. The number of pupils entered cannot exceed the cumulative number of 50 year or older permanent buildings pupil grants requested for all modernization funding applications for the site as determined by using the percentage factor above.
- c. If this request includes pupil grants generated by an Alternative Enrollment Projection Method, enter the number of pupils by grade level.
- d. Indicate if this request is for funding of a 6–8 school and/or an Alternative Education School.
- e. Check the applicable box if the district is requesting additional pupil grants assigned to the project that exceed the capacity of the project or if the pupils assigned represent eligibility determined at another grade level and check the appropriate box to indicate under which regulation the district is applying. The pupil capacity of the project may be determined by multiplying the classrooms reported in box 3 by 25 for K–6; 27 for 7–8, 9–12 grades; 13 for non-severe and 9 for severe.
- f. If the request is for replacement facilities pursuant to Section 1859.82 (a) or (b) on the same site, check the facility hardship box.
- g. Enter the square footage of the non-toilet area and toilet area contained in the Charter School Facilities Program Rehabilitation project.
- h. Indicate the site scenario that best represents the project request.
- i. For ORG projects, the district must provide the following information in the space provided:
- Name of the eligible school site(s) where portables will be replaced in this project
 - Number of portables being replaced at each school site
 - Number of site specific eligible pupils being requested for this project for each school site. The total number of site specific eligible pupils assigned to this project must equal the total number of pupils in Section 2a.

3. Number of Classrooms

Enter the:

- Number of classrooms as shown on the plans and specifications (P&S). If there was demolition at the site, report the net increase in the number of classrooms showing in the P&S.
- Master plan site size, as recommended by the California Department of Education.
- Recommended site size, as determined by the California Department of Education.
- Existing Useable Acres already owned at that location (if any).
- Proposed Useable Acres that was/will be purchased as part of the application (if any).

4. Financial Hardship Request

Check the appropriate box(es) if the district is requesting financial hardship assistance because it is unable to meet its matching share requirement.

- **If the district is submitting this form pursuant to Section 1859.81, the district must have received a pre-approval for financial hardship status by the OPSC. Consult the OPSC Web site at www.dgs.ca.gov/opsc for details and necessary documentation needed in order to determine eligibility.**
- **If the application includes a request for Financial Hardship, the district must comply with the requirements of Section 1859.81.**
- If there is Insufficient Bond Authority for the type of application, check the second box and attach a school board resolution pursuant to Section 1859.95.1(b).

5. New Construction Additional Grant Request

Check the appropriate box(es) if the district requests an augmentation to the new construction grant for “additional” grants for the items listed or for replacement facilities pursuant to Section 1859.82(a) and (b). Refer to Sections 1859.72 through 1859.76 and 1859.82(a) and (b) for eligibility criteria. Enter the:

- d. If the project the district is requesting SFP funding for does not require an RA, refer to Section 1859.74. If a RA is required on a site that is not leased or an addition to an existing site, refer to Section 1859.74.2. If RAs are required on a leased site or an addition to an existing site, refer to Sections 1859.74.3 or 1859.74.4, respectively. The limitation of 50 percent may be exceeded when unforeseen circumstances exist, the CDE determines that the site is the best available site, and substantiation that the costs are the minimum required to complete the evaluation and RA.
 - 1) Enter 50 percent of the actual cost.
 - 2) Enter 50 percent of the appraised value of the site. If the request is made pursuant to Regulation Section 1859.74.5, enter 50 percent of the appraised value.
