THANK YOU!

I would like to express my wholehearted appreciation for the past and current Administrations (i.e., Governors Schwarzenegger, Brown, and Newsom), the State Allocation Board (SAB), numerous Chairs from the Department of Finance, numerous Directors at the Department of General Services, the legislature, school districts for entrusting my leadership ability to administer the School Facility Program (SFP), California Preschool, Transitional Kindergarten, and Full-Day Kindergarten Facilities Grant Program and numerous other programs.

I am proud to have led many changes in our organization that includes;

- Streamlining our processes;
- On-line platform for an electronic base grant processing that has incorporated nearly all our business processes;
- Office of Public School Construction's (OPSC) Data Dashboard;
- Electronic SAB agendas;
- Adopting changes to streamline the funding process with Priorities in Funding and Direct Apportionments;
- Created an appeals process that is fair and transparent to our clients;
- Created compliance audit procedures/processes including financial hardship reviews;
- Adoption of a grant agreement for all the programs;
- Created the K12 and Expanded Full-Day Kindergarten Audit Guides;
- Implemented key changes to the Facility Hardship, Seismic Mitigation and Career Technical Education Programs;
- Established new programs that included the California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program, and other programs outside of the board's purview such as the Regional K-16 Education Collaborative Grants Program, STEM Teachers Recruitment Grant Program, other budget appropriations tied to member requests; and
- Created a partnership with the Department of Defense's Office of Local Defense Community Cooperation, and vital economic development on CA bases (over \$555 million in federal funding contributed along with nearly \$80 million from SFP).

I have strived to build trust and developed key relationships with our stakeholders by conducting site visits, attending groundbreaking and ribbon cutting ceremonies, as well as provided important outreach to many communities statewide!

These opportunities forged important relationships ensuring that program funding reached every corner of our great state and allowed for nearly \$16.3 billion in state funding and close to 5,000 state grants be processed, over 369 thousand new classrooms, over 585 thousand pupils housed in modernized classrooms, 857 new classrooms for FDK, 19 program grants for base projects.

This has been an incredible journey of building trust, strong collaborations, integrity, accountability, transparency to ensuring that the funds are dispersed in an equitable manner, have great outcomes, and represent a grant process that meets platinum standards!

For my OPSC team/family, thank you for your unwavering support and for accomplishing what always seems to be the impossible task and deliver excellent outcomes! I have the utmost respect for their dedication, creativity, commitment, perseverance, and appreciate them for being part of my journey of making a difference for all California school children as part of the investment in public school education!

My journey started as a Student Assistant (single mother/college freshman) at the Franchise Tax Board and I am closing out my 39 years of service as the longest serving Executive Officer for nearly 14 years, the second female Executive Officer, and the only Latinx Executive Officer!

Lastly, I dedicate this 39-year journey to my three sons, Robert Unzueta, Chris Unzueta, Shaun Silverman, and husband Scott Silverman, who were my motivation and without their support this career would not have been possible! Thank you for the love and encouragement that you provide me each and every day. I am looking forward to the next chapter and exciting days ahead with my family that also includes my two lovely daughters in laws and five granddaughters as well as volunteering time with various community organizations!

Sincerely,

## SCHOOL FACILITY PROGRAM APPORTIONMENTS

### PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for Apportionment.

### DESCRIPTION

On September 21, 2022, the Board took action, due to the availability of General Fund proceeds, to return to making direct Apportionments while keeping the same benefits of the quick distribution of funds, as the priority funding system, by adopting proposed emergency regulations that revised the fund release deadlines from 18 months to either 180 calendar days for non-financial hardship school districts or 365 calendar days for school districts that qualify for financial hardship. The SFP new construction and modernization projects presented on the Attachment are in date order of a complete application being received by the Office of Public School Construction (OPSC) and are Ready for Apportionment. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date.

### AUTHORITY

SFP Regulation Section 1859.90 states:

- “(a) With the exception of an apportionment made pursuant to Sections 1859.81.1(e) or 1859.81.2, apportionments provided through the Priority Funding Process and subject to 1859.90.2, or of an Inactive Apportionment subject to Section 1859.96, the OPSC will release State funds that the Board has apportioned to the district after submittal, by the district, of the Form SAB 50-05 and a Grant Agreement, pursuant to Section 1859.90.4.
- (b) With the exception of an apportionment made for a Type II Joint-Use Project, not part of a qualifying SFP Modernization project, pursuant to Article 12 of these Regulations, a district must submit the Form SAB 50-05 and Grant Agreement, within 180 calendar days of the Apportionment of the SFP grant for the project or within 365 calendar days for Apportionments that include financial hardship assistance. If the district does not submit the Form SAB 50-05 and Grant Agreement within the above specified time, the entire New Construction Adjusted Grant, or Modernization Adjusted Grant or Type I or II, part of a qualifying SFP Modernization, or Joint-Use Project apportionment shall be rescinded without further Board action, and the pupils housed in the project, if applicable, will be

added back to the district’s baseline eligibility. The district may refile a new application for the project subject to district eligibility and available State funds at the time of resubmittal.

....“

## **BACKGROUND**

As part of the Governor’s approved Budget Act for the 2022-2023 fiscal year, one-time General Fund dollars were appropriated to the Board in the amount of \$1.3 billion for new construction and modernization projects under the SFP. As a result of receiving funding for the SFP that is not contingent on bond sales, the Board was able to return to using an existing regulatory process that allows for Apportionments to be made on a flow basis outside the current Priority Funding process, which is designed to accommodate twice yearly bond sales. Making Apportionments on a flow basis will enable school districts to more quickly and efficiently access much needed cash for construction projects. In order to ensure that cash moves quickly once allocated to school districts, regulations were changed to shorten the deadlines for fund release from 18 months to either 180 calendar days or 365 calendar days for districts that qualify for financial hardship.

School districts must submit the Grant Agreement and a valid *Fund Release Authorization* (Form SAB 50-05) 180 calendar days from Board approval for non-financial hardship projects and 365 calendar days from Board approval for financial hardship projects.

## **RECOMMENDATIONS**

1. Approve the SFP applications as presented on the Attachment.
2. Specify that the projects are subject to the fund release deadlines as outlined in SFP Regulation Section 1859.90.

## **SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS**

(Lack of AB 55 Loans)

### **PURPOSE OF REPORT**

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

### **DESCRIPTION**

At the January 2023 Board meeting, the Board elected to provide an increase adjustment of 9.30 percent to SFP projects for calendar year 2023. The projects listed on the Attachment reflect the Board's action of the adoption of the 9.30 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

### **AUTHORITY**

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

## **BACKGROUND**

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

## **RECOMMENDATIONS**

1. Approve the SFP application(s) as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

# CHARTER SCHOOL FACILITIES PROGRAM RESCISSION

## SCHOOL DISTRICT DATA

School District: San Lorenzo Unified  
Charter School: KIPP Bay Area Schools  
Application Number(s): 54/61309-00-003

County: Alameda  
School Name: KIPP Summit Academy

## PURPOSE OF REPORT

To present a Charter School Facilities Program (CSFP) Preliminary Charter School Apportionment for rescission.

## DESCRIPTION

The CSFP permits a charter school or school district filing on behalf of a charter to apply for a Preliminary Charter School Apportionment for new construction projects and rehabilitation of district owned existing facilities that are at least 15 years old. The Preliminary Charter School Apportionment for a CSFP project must be converted within a four-year period to an adjusted grant apportionment meeting all School Facility Program (SFP) criteria, unless a single one-year extension is granted. This item rescinds a CSFP Preliminary Charter School Apportionment.

## AUTHORITY

See Attachment A.

## BACKGROUND

KIPP Bay Area Schools (Charter School) received an unfunded approval for a Preliminary Charter School Apportionment for its rehabilitation project at the December 11, 2018 State Allocation Board meeting. The project was located on a site owned by the San Lorenzo Unified School District. The Charter School's deadline to convert to an adjusted grant apportionment is December 11, 2023, which includes the eligible one-time, one-year extension. On September 25, 2023, the Charter School submitted a letter (Attachment B) requesting to rescind the project. The Charter School stated it did not have approved plans or a plan to proceed with the project in the current fiscal year.

## STAFF ANALYSIS/STATEMENTS

No funds were released to the Charter School. The entire amount of the Preliminary Charter School Apportionment will be unencumbered in the Charter School Facilities Account and may be used for charter school purposes.

### AUTHORITY

School Facility Program Regulation Section 1859.107. Amending and Withdrawal of Applications.

A funding application that received an apportionment under Chapter 12 or Chapter 12.5 may not be rescinded and re-approved under the provisions of any amended law or administrative regulation unless specifically authorized by other applicable law.

A funding application, with the exception of funding applications identified in Subsection (a) below, that has received an approval pursuant to Section 1859.95, but has not received an apportionment, may receive an adjustment as allowed under Sections 1859.71, 1859.71.2(c), 1859.78.4(b) or 1859.78 at the time the apportionment is made. If the adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date. No other adjustments may be made, including those resulting from changes to the regulations prior to final funding by the SAB. As an alternative, the application may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation that becomes effective prior to the apportionment for the project. The district must first request from the OPSC that the application be withdrawn and removed from the Unfunded List. The district may then resubmit the application to the OPSC under the provisions of the amended or new regulation once it is effective. The resubmitted application will receive a new processing date by the OPSC. School districts that have already received a site apportionment under Section 1859.81.1(a) may withdraw the application and file as an environmental hardship pursuant to Section 1859.75.1 without forfeiting their original site apportionment, provided that the new application does not exceed the amount already apportioned.

A funding application, with the exception of funding applications identified in Subsection (a) below, submitted to the OPSC that has not received an approval will receive funding under the provisions of the regulations that were in effect when the application was submitted to the OPSC and any funding adjustment authorized by Sections 1859.71.2(c) or 1859.78.4(b). If the funding adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date. At the option of the district, a funding application submitted to the OPSC that has not received an approval may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation once it is effective. The district must request that the application be withdrawn and removed from the OPSC workload list.

The resubmitted application will receive a new processing date by the OPSC.

At the option of the district, an Approved Application for Career Technical Education Facilities Project Funding submitted to OPSC prior to January 1, 2012 may be resubmitted for the purpose of requesting the funding as prescribed in Section 1859.71.6 or Section 1859.77.4, as applicable. To request that funding, the district must submit an amended Form SAB 50-10 at least 90 days prior to requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2 or receiving an Apportionment pursuant to Section 1859.195. The amended application shall retain its original OPSC processing date.

Section 1859.167.2. Preliminary Apportionment Rescissions.

(a) For projects apportioned on or before February 23, 2005 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the following will occur upon rescission:

(1) the SFP New Construction Eligibility will be increased for the pupils assigned to the Preliminary Charter School Application for the school district that physically contains the Charter School within its geographical boundaries.

(2) Those projects that have received an advanced release of funds as provided in Section 1859.164.2(a), shall be reduced to costs incurred and closed-out pursuant to Section 1859.106 with a corresponding SFP new construction baseline eligibility adjustment for the pupils assigned to the Preliminary Charter School Application.

(b) For projects apportioned on July 2, 2003 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the funds shall be returned to the program as follows:

(1) A fund shall be established within the 2002 Charter School Facilities Account to be known as the Conversion Increase Fund. An amount equal to \$16,634,364 from Preliminary Charter School Apportionments rescinded on or before April 25, 2007 shall be transferred, on a one time basis, from the Unrestricted Charter School Fund to the Conversion Increase Fund established within that same account. The Conversion Increase Fund shall be used for the purposes outlined in Section 1859.167(b)(4).

(2) Funds available due to projects that rescind after April 25, 2007 shall be transferred to the Unrestricted Charter School Fund within the 2002 Charter School Facilities Account.

(c) For projects apportioned on February 23, 2005 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the funds shall be returned to the program as follows:

## ATTACHMENT A

(1) A fund shall be established within the 2004 Charter School Facilities Account to be known as the Conversion Increase Fund. This fund shall be used for the purposes outlined in Section 1859.167(b)(4). This fund shall include all amounts from Preliminary Charter School Apportionments rescinded from the 2004 Charter School Facilities Account on or before April 25, 2007, plus the amounts initially reserved for the DTSC/Relocation Fund and the Hazardous Material/Waste Removal Fund established in Section 1859.163.3.

(2) Funds available due to project rescissions after April 25, 2007 including both the Preliminary Apportionment reservation and any amount available pursuant to subsection (c)(1) above that is not needed for a Final Charter School Apportionment, shall first be used to replenish the DTSC/Relocation Fund and the Hazardous Material/Waste Removal Fund until the cumulative deposits made back into the funds total the amount of funds initially reserved. Once these funds have been replenished, future rescinded amounts shall be returned to the Unrestricted Charter School Fund.

(d) The maximum amount available for each individual Final Charter School Apportionment from the 2002 and/or 2004 Conversion Increase Fund shall be equal to the ratio of the project's Preliminary Charter School Apportionment to the total value of preliminary charter school apportionments awarded on February 23, 2005, for those recipients eligible for these Conversion Increase Fund funds, multiplied by the sum of the amount of funds available for the Conversion Increase Fund in both the 2002 and 2004 Charter School Facilities Accounts.

(e) For projects apportioned after February 23, 2005 any rescinded amounts shall be transferred into the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account. Projects shall be rescinded pursuant to the process described in subsection (a) above with the exception that any adjustments to the baseline eligibility shall be based on the ratio of the number of unhoused pupils pursuant to Section 1859.162.2 and the project capacity which generated the project funding to the eligible expenditures.

Any funds released are subject to the fifty percent local matching share requirement as required by Education Code Section 17078.54(d).

# CHARTER SCHOOL REQUEST TO HOLD TITLE TO PROJECT FACILITIES

## PURPOSE OF REPORT

To present California Heritage YouthBuild Academy's (Charter School) request to hold title to facilities related to the Charter School Facilities Program (CSFP) new construction project, Office of Public School Construction (OPSC) application number 54/70136-02-001.

## DESCRIPTION

In order for a charter school to hold title to the project facilities, it must submit a written request and the State Allocation Board (Board) must determine that the request contains all the necessary information required by law, including why title is not held by either the school district or a local governmental entity.

## AUTHORITY

Education Code (EC) Section 17078.63(a)(3)(A) lists the following as an option an applicant can submit regarding title to the facilities:

"A request that the charter school be authorized to hold fee simple title to the subject property in trust for the benefit of the state public school system, on which a lien shall be recorded in favor of the board for the total amount of funds allocated pursuant to this article, including any loan received in lieu of a local matching share pursuant to Section 17078.57. The charter school shall include with the request a statement outlining the reasons why ownership of the project facilities is not vested with an entity set forth in paragraph (1) or (2) (the school district or local governmental entity). Prior to releasing any project funds, the board shall make findings that the applicant has submitted all of the information required by this paragraph."

EC Section 17078.63(a)(3)(B) provides for the following additional security requirements when a charter school holds title:

"The following shall be recorded in the chain of title for the property:

- i. A restrictive covenant specifying that the facility shall be used only for public school purposes as authorized in the California Constitution and statute.
- ii. A remainder interest to the school district in which the facility is physically located or, if the school district disclaims the interest to the facility, to the board. The remainder interest shall be triggered when the facility is no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6), inclusive, of subdivision (b) of section 17078.62 (reverting to a successor charter school, then the local school district or the board in the event the district disclaims interest.)"

School Facility Program (SFP) Regulation Section 1859.172(a)(3) provides for the following certification requirement:

“A written request that the charter school be authorized to hold fee simple title to the subject property signed by an authorized charter school representative pursuant to all of requirements set forth in the Education Code Section 17078.63(a)(3). The written request must include a statement justifying the reasons why ownership is not vested with an entity described in (a)(1) and why ownership will not be vested with an entity described in (a)(2). The written request must also include the statement: I certify, as the charter school representative, that the information reported in this document is true and correct.”

## **BACKGROUND**

Prior to 2010, title to CSFP project facilities was required to be held by the school district in which the project was physically located. The passage of Senate Bill 592 allowed for title to be held by the school district in which the project was located, the charter school, or a local governmental entity. The charter school must submit a written request and the Board must determine that the request contains all the necessary information required by law, including why title is not held by either the school district or a local governmental entity.

Additional security provisions required when a charter school holds title include the following:

- A lien on the property on behalf of the Board
- A restrictive covenant requiring that the facilities be used for public school purposes
- A remainder interest reverting to the local school district or the Board in the event the district disclaims the interest

The Charter School has not requested advance funding or submitted a conversion application as the title issue must be resolved prior to the receipt of any funds.

## **STAFF ANALYSIS / STATEMENTS**

The Charter School submitted a written request to hold title, signed by the authorized charter school representative. The request includes justifications as to why ownership was not vested in the local school district, or local government entity, and the request includes the required certification statement.

The Charter School's request to hold title is included as Attachment A and contains all the information required by the EC and SFP Regulation. Board approval of this request is contingent upon all the security provisions being applied, as required by the EC. If the Charter School does not allow for the recording of the lien, restrictive covenant, or remainder interest, staff will present an item to a future Board meeting recommending revocation of the original finding.

**RECOMMENDATIONS**

1. Make a finding that the Charter School has met all the requirements of EC Section 17078.63(a)(3)(A).
2. Direct staff to present an item recommending revocation of this Board finding should the Charter School fail to implement all the security provisions set forth in EC Section 17078.63(a)(3)(B).

RE: Request to Hold Title – California Heritage YouthBuild Academy II (CHYBA)  
(OPSC Application Number 54/70136-02-001.)

Dear Erin:

CHYBA received an award under the Charter School Facility Program (CSFP) to acquire and build a new campus for California Heritage YouthBuild Academy II (CHYBA). I am writing to request that in accordance with Education Code (EC) Section 17078.63(a)(3)(A), California Heritage YouthBuild Academy II (CHYBA) hold title to the project site for this new facility.

EC Section 17078.63(a)(3)(A) provides that “[t]he charter school shall include with the request a statement outlining the reasons why ownership of the project facilities is not vested with an entity set forth in paragraph (1) or (2) (the school district or local governmental entity).”

CHYBA is located within the Shasta Union High School District (“SUHSD”). The reason why ownership of the project is not vested in this school district is as follows:

1. CHYBA is authorized by the Trinity County Office of Education and not by SUHSD.
2. Even with the substantial CSFP award, CHYBA anticipates having to contribute its own equity to supplement any funding gaps, perhaps up to several million dollars. CHYBA is not receiving any supplemental funding (aka augmentation grants) for this project. Consequently, SUHSD has no involvement or interest in this project. Additionally, there is some concern regarding liabilities and obligation that would result from their involvement in this project.
3. Due to the sizable equity that CHYBA may have to contribute to fill in any funding gap, the CHYBA Board will require that CHYBA hold title to the property.

The reason why ownership of the project facilities is not vested in the City of Redding is as follows:

1. CHYBA feels strongly that asking the City of Redding to hold title will be a time-consuming process that will inhibit its ability to access site acquisition funds and complete this project in a timely manner.

I certify, as the charter school representative, that the information reported in this document is true and correct.

Sincerely,

Cathy Taylor  
Executive Director  
California Heritage YouthBuild Academy II

**SCHOOL FACILITY PROGRAM**  
**SUBSTANTIAL PROGRESS RECISSION/REDUCTION**  
**TO COSTS INCURRED**

**PURPOSE OF REPORT**

To present a School Facility Program (SFP) project apportionment to be rescinded or reduced to eligible costs incurred.

**DESCRIPTION**

The SFP project listed on the Attachment is a financial hardship District that received a separate design fund release. The District has either requested to have its project reduced to costs incurred or rescinded or have not meet the substantial progress requirement and have indicated that it will be unable to move forward with the SFP project listed on the Attachment. The District has requested that the apportionment be reduced to costs incurred to recognize eligible costs for the separate design phase.

**AUTHORITY**

Pursuant to Education Code Section 17076.10(b), sufficient evidence of substantial progress for the design and/or adjusted grant apportionments shall be due 18 months from the date any funds were released to the district. The SFP Regulation Section 1859.105 requires that when an apportionment is reduced to project costs incurred or rescinded, all State funds not used to finance eligible expenditures are to be returned to the State Allocation Board (SAB). The SFP Regulations also stipulate that interest earned on State funds, which is not used to finance eligible expenditures, is due to the SAB.

**RECOMMENDATIONS**

1. Find that the District indicated that it will be unable to move forward with the project listed on the Attachment.
2. Reduce the funded apportionments to costs incurred for the projects listed on the Attachment.
3. Direct Staff to adjust the District's baseline eligibility, according to the increases (identified in the "Pupils Returned to the District's Baseline" column) on the Attachment, once all funds due to the State have been received.

County: San Diego

School Name: Mountain Empire High  
Project Grade Level: 9-12

### TYPE OF REQUEST

State Allocation Board (Board) Conceptual Approval for a School Facility Program (SFP)  
Facility Hardship Program Replacement Project

Estimated Total Project Cost: \$28,780,244.00  
Estimated Cost to the State: \$14,390,122.00

### DESCRIPTION

#### DESCRIPTION OF HEALTH AND SAFETY THREAT

In January 2022, the District hired a structural engineering firm to conduct a structural evaluation of Building A, Building B, and the Wrestling & Weights Building. During this site visit, significant structural deficiencies were identified in each of the three buildings. All the identified structural deficiencies are such that the Division of the State Architect (DSA) stated that “the health and safety of the occupants is at risk and the deficiencies must be corrected”.

A report by Wiseman + Rohy Structural Engineers on February 25, 2022 indicated marked deterioration of the exterior sheathing panels and aggregate finish located on the majority of the perimeter of the three buildings, which are part of the structural lateral force resisting system, that appeared to be caused by design and construction issues in the three buildings’ original construction. The report notes that the aggregate finish has deteriorated to the point that much has fallen off and portions can even be removed by running a hand over it. The erosion of the aggregate finish exposes the plywood sheathing to weathering and water intrusion. The report goes on to say that the plywood in these areas appeared to no longer be “properly attached to the studs”, and because the plywood sheathing also serves as structural shear walls, the report concludes that “these walls likely would no longer perform as intended as the main lateral force resisting system for the perimeter of the buildings”. Significant issues were also identified in the roof systems for Building A and Building B, including the deterioration of asphalt shingle areas and marked deflection in several areas. Additionally, the report noted splitting in four glulam beams in the Gymnasium portion of Building B as well as a lack of any support or bracing in portions of Building A’s roof that contained interior non-bearing walls.

## ATTACHMENT A

### SCOPE OF PROJECT

Mitigation work would consist of the removal and replacement of the sheathing and aggregate finish, which are located on the majority of the perimeter of all three buildings. The structural lateral force resisting system would also have to be fully mitigated in full since the sheathing is also the structural shear wall sheathing for the exterior of all three structures. Due to the structural importance of the sheathing, a full structural rehabilitation of the building would be triggered, which would involve significant work to the buildings' systems, including roofing and foundation systems. OPSC has confirmed that the District's eligible rehabilitation costs exceed 50 percent of the Current Replacement Cost for each of the three buildings, and, as such, the project is eligible for replacement funding.

### STATUS OF SCHOOL SITE

The District is currently in the process of designing the plans for this project.

### QUALIFYING CRITERIA

#### GOVERNMENT/STATE LEVEL CONCURRENCE

The Division of the State Architect has provided written concurrence to the industry specialist's findings and proposed recommended work to mitigate the health and safety threat.

Staff Supports the District's Request: Yes

#### SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from an industry specialist in lieu of a site visit.

#### AUTHORITY

#### RECOMMENDATIONS

1. Approve the District's request for a conceptual approval for replacement funding to be used towards the replacement of Building A, Building B, and the Wrestling & Weights Building at the Mountain Empire High School site, pursuant to SFP Regulation Section 1859.82.1(b).
2. Provide that this conceptual approval does not guarantee a commitment for funding by the Board. Any possible future funding will be subject to all governing laws and regulations as well as the availability of funds.

### AUTHORITY

#### **Facility Hardship Program Conceptual Approval – Rehabilitation Projects**

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states:

“A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.1 states:

“A district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.”

SFP Regulation Section 1859.82.1(c) states:

Districts may qualify for funding to rehabilitate their School Buildings, components of School Buildings, or school site conditions. Factors to be considered by the Board may include (1) or (2) below:

- (1) School Buildings where the minimum cost to mitigate the health and safety threat and remain in the School Building is 50 percent or less of the Current Replacement Cost.
- (2) Components of the School Buildings or school sites conditions are causing a health and safety threat to students and/or staff.

SFP Regulation Section 1859.82.3 states:

A district may request approval from the Board to determine eligibility for facility hardship or seismic mitigation programs in advance of project funding. Board approval does not constitute a reservation of bond authority. Board approval only confirms the district meets the criteria in Section 1859.82.

(a) To request conceptual approval for facility hardship projects, the district must submit an *Application For Funding* (Form SAB 50-04) indicating the request for conceptual approval and all documents listed below:

- (1) For replacement projects, all of the documents listed in Section 1859.82.1(b)(2)(A) through Section 1859.82.1(b)(2)(D).
- (2) For rehabilitation projects, all of the documents listed in Section 1859.82.1(c)(3)(A) through Section 1859.82.1(c)(3)(D)3.

# Non-Conforming Buildings (Continued Use)

# EXEMPTION FOR INDEPENDENT STUDY FACILITIES

## PURPOSE OF REPORT

To present the Chico Unified School District's (District) request, as shown on the Attachment, for an exemption from the definition of "school buildings" for certain facilities used for independent study.

## DESCRIPTION

The District operates an independent study program at facilities that are not located at a regular school site and is requesting an exemption from the definition of "school building," as described in Education Code (EC) Section 17283, for the facility.

EC Section 17289 authorizes any school district or county office of education to request an exemption from the State Allocation Board (Board) for a building or structure or portion of a building or structure used for independent study from the definition of "school buildings." These buildings do not have to meet the Field Act requirements but must comply with local health and safety standards.

The District has certified that it has satisfied the legal requirements under EC Section 17289 for the exemption.

## AUTHORITY

EC Section 17283 states: "School building" as used in this article means and includes any building used, or designed to be used, for elementary or secondary school purposes and constructed, reconstructed, altered, or added to, by the state or any city or city and county, or by any political subdivision or by any school district of any kind within the state, or by any regional occupational center or program created by or authorized to act by an agreement under joint exercise of power, or by the United States government, or any agency thereof."

EC Section 17289 states "In order to provide alternative, community-based educational opportunities through independent study, any school district or county office of education may request an exemption from the State Allocation Board for a building or structure, or portion of a building or structure, from the definition of "school buildings" within the meaning of Section 17283. The exemptions may be granted for no longer than two years and exemptions are renewable. An exemption may only be granted if the school district or county office of education demonstrates to the satisfaction of the State Allocation Board all of the following:

- a) The building or structure, or portion of building or structure, satisfies all of the following:
  - i) It is not located on a regular school site.
  - ii) It complies with all applicable local building standards and all relevant local health and safety standards in the community in which it is located.
  - iii) It is used for independent study.

**AUTHORITY (cont.)**

- iv) It serves fewer than 25 pupils enrolled in kindergarten or any of the grades 1 to 12, inclusive, at any one time in the building or structure, or in a portion of a building or structure where the remainder of the building or structure is not used for instructional purposes.
- b) The use of the building or structure is critical to providing an effective alternative, community-based program.
- c) The use of other buildings or structures that would meet seismic safety standards for school facilities are not practical.”

**STAFF ANALYSIS/STATEMENTS**

The District has provided certification that it has met the criteria as stated in EC Section 17289. An exemption has been requested for two years.

**RECOMMENDATION**

Approve the District’s request for an exemption from the definition of "school buildings" for the site listed on the Attachment from January 20, 2024 to January 19, 2026.

# Unused Sites Program

# UNUSED SITES PROGRAM ASSESSMENTS, ADDITIONS, WAIVERS, REDUCTION OF FEES AND DELETIONS

## PURPOSE OF REPORT

To request the State Allocation Board (Board) approve the following reports:

- Unused School Site Payments (Attachment B)
- Waivers of Assessment of Fees for Unused School Sites (Attachment C)
- Reduction of Fees for Unused School Sites (Attachment D)
- Added Unused School Sites (Attachment E)
- Deleted Unused School Sites (Attachment F)

## DESCRIPTION

Current statute requires all school districts to report their unused sites to the Board on an annual basis. Using the information provided, the school districts are assessed a fee for each unused site equal to one percent of the value of the site. A school district may request a waiver or a reduction of the fee for any site, provided that the school district meets certain criteria for the use of the site. School districts are also required to report any newly acquired site or sites that are no longer being used for school purposes. A site may be deleted from the Unused Sites Program when a school district sells a site, begins construction on a site or reopens a site for school purposes.

This item is requesting the Board approve the nonuse payments, waivers, reduction of fees, additions and deletions for unused school sites as shown on the attachments.

## AUTHORITY

Please see Attachment A.

## BACKGROUND

As required by law, all school districts are required to report any unused school sites to the Board annually. The school districts self-certify requests for waivers and reduction of fees based on certain criteria outlined in Education Code Section 17219. In addition, school districts are required to report any newly acquired or closed school sites. An unused school site may be deleted if a school district has sold, constructed a new school or reopened a previously closed school site.

Funds collected by the State Controller's Office are transferred to the State School Site Utilization Fund.

## **STAFF ANALYSIS/STATEMENTS**

### **Unused School Site Payments**

The school districts on Attachment B are being assessed unused school site fees based on the self-certified reports submitted to the Office of Public School Construction. This information will authorize the State Controller's Office to withhold an amount equal to the school districts' total assessed fee, in four equal installments, during the months of February through May as prescribed in law. A total of \$6,812,741 will be withheld for the Fiscal Year 2022/2023.

### **Waivers of Assessment of Fees for Unused School Sites**

Attachment C lists school districts that have submitted self-certified documents requesting a waiver of the unused school site assessment due to the State. The school districts must meet any one of the following conditions to be eligible for a waiver:

- a) The school district has resolved to use the site for the purpose for which it was intended within a specified period of time (will be used within 1, 2 or 3 years);
- b) The site has a value less than the exemption amount of \$55,941 for the current Fiscal Year (below minimum);
- c) The school district has advertised the school site for sale and received no bids that, in the judgment of the Board, reflect the fair market value of the property (Attempted to sell);
- d) The site was used for at least one-half of the year for purposes as specified in law (community use, child care program);
- e) The site was leased for at least one-half of the year to a tenant that is paying possessory taxes on the site (leased to tenant); or,
- f) Nonuse payments would cause the school district to receive less than \$120 per pupil in average daily attendance in the school district during the preceding school year (Basic Aid).

### **Reduction of Fees for Unused School Sites**

The school district listed on Attachment D is requesting a reduction of unused school site fees for either of the following reasons as self-certified by the school district:

- a) The payment of bond debt service costs that are directly related to the actual construction of school facilities; or,
- b) A modification of the adjusted value of the site.

If the debt service amount is less than the unused school site fee assessment, the specific percentage of reduction will be reflected on Attachment D.

### Added Unused School Sites

The school districts on Attachment E have reported newly acquired school sites or closed school sites, as required by law. Newly acquired school sites will not be subject to an unused school site fee for a period of five years from the date of acquisition for elementary school districts with any grade combination of Kindergarten (K) through eight and for all unified school districts with sites designated for K through six. Any high school districts or unified school districts with sites designated for grades seven through twelve will not be assessed an unused school site fee for a period of seven years. Any unused school site that has previously been utilized as a school but is no longer in use for school purposes, will not be subject to an unused school site fee for a period of five years.

### Deleted Unused School Sites

Attachment F lists the unused school sites that have been sold, have begun or completed construction, opened or reopened for school purposes, based on self-certification by the school districts. These school sites will no longer be assessed an unused school site fee.

## **RECOMMENDATIONS**

1. Authorize the State Controller's Office to withhold each school district's nonuse payments as listed on Attachment B.
2. Approve the waivers as shown on Attachment C.
3. Approve the nonuse payment reductions as shown on Attachment D.
4. Approve the added unused school sites as shown on Attachment E.
5. Approve the deletion of unused school sites as shown on Attachment F.

## ATTACHMENT A

**Education Code (EC) Section 17219.** (a) Whenever a school district acquires or has acquired a site for school purposes, as determined by the State Allocation Board, and does not use the site within (1) five years of the date of acquisition for the kindergarten, if any, and any of grades 1 to 8, inclusive, maintained by an elementary school district or a unified school district, or, (2) seven years of the date of acquisition for any of grades 7 to 12, inclusive, maintained by a high school district or a unified school district, or if a school district has a site at any grade level that has previously been used but has not been used for school purposes within the preceding five years, the school district shall be subject to nonuse payments, unless the State Allocation Board, from time to time, makes a determination that the school district will utilize the property for the purpose for which it was intended within a reasonable period of time, in a specific amount for each additional year in which the site is retained and not used by the district beyond the foregoing specified periods, except the first additional year shall be deemed to end not earlier than April 30, 1973.

(b) Payment shall not be required under this section as to any site having a value of twenty thousand dollars (\$20,000) or less. Commencing on January 1, 1988, and annually thereafter, the State Allocation Board shall increase this exemption figure by the amount of the current fiscal year inflation adjustment specified in Section 42238.1, if any.

(c) The payments required shall be computed by the Executive Officer of the State Allocation Board and certified to the Controller, and payments shall be equal to one one-hundredth (1/100) of the original purchase price of the site modified by either a factor reflecting the change in assessed value of all lands in the state from the date of purchase of the site to the current date or any other factor that in the determination of the State Allocation Board is applicable to the site under consideration.

(d) Whenever the State Allocation Board has determined that a school district in good faith has, within the preceding year, advertised the schoolsite for sale to the highest bidder pursuant to the provisions of Article 4 (commencing with Section 17455) of Chapter 4 of Part 10.5 and has received no bids that in the judgment of the State Allocation Board reflect the fair market value of the property, the Executive Officer of the State Allocation Board shall not compute any nonuse payments for the site for a period of one year beyond the date of the determination.

(e) Nonuse payments shall not be required for any year with respect to a schoolsite that for one-half or more of the number of days of that year has been utilized for any of the following purposes:

(1) By the school district, or by any other governmental entity pursuant to agreement with the school district, for school purposes, for use as a civic center, or for community playground, playing field, or other outdoor recreational purposes, "civic center," for this purpose, means a site used for one or more of the purposes described in Section 40041.

(2) By the State Allocation Board, pursuant to agreement with the school district, for the storage of emergency portable classrooms.

(3) By the school district, or by any other public or private entity pursuant to agreement with the school district, for the operation of a child care program.

(f) Nonuse payments shall not be required for any year with respect to a schoolsite that was leased at least one-half of the days in that year in a manner that subjected the

## ATTACHMENT A

site to property taxes equal to the taxes that would have been paid if the site had been sold.

**EC Section 17221.** The amount of any nonuse payments required of any school district under Section 17219 shall be reduced, without regard to fiscal year, by the amount of the proceeds, resulting from the lease of district property that is subject to that section, that are expended by the district the payment of bond debt service costs that are directly related to the actual construction of school facilities.

**EC Section 17222.** The Controller shall, during the next fiscal year following that in which the Executive Officer of the State Allocation Board certifies to him or her the amount of payment, deduct the total amount of the payment of each district in equal amounts from each of the February, March, April and May installments of the apportionments made to the district from the State School Fund under Sections 46304, 46305, and 41050, Sections 41330 to 41343, inclusive, and Sections 41600 to 41972, inclusive, whichever are in effect. However, in no event shall the deductions exceed an amount which would result in a district's receiving, in any school year, from the State School Fund, less than one hundred twenty dollars (\$120) per pupil in average daily attendance in the district during the preceding school year. On order of the Controller, the amount so deducted shall be transferred to the State School Site Utilization Fund which is hereby created.

**EC Section 17223.** (a) Whenever a school district has either begun to use an unused site or has sold that site within two years of the date the Controller, pursuant to Section 17222, has deducted a certified nonuse payment from the district's State School Fund apportionment, the State Allocation Board shall certify that fact to the Controller. The Controller shall then cease to withhold any additional payments and shall return to the district from the State School Site Utilization Fund the payments, without interest, which had been withheld for the particular site during the prior fiscal year and the current fiscal year.

(b) If the school district begins to use or has sold the site more than two years after the aforesaid date, the State Allocation Board shall so certify to the Controller and no further payments shall be withheld as specified in Section 17222.

**EC Section 17224.** Any funds in the State School Site Utilization Fund, including interest, that are not subject to return to a school district pursuant to Section 17223 shall revert to the Deferred Maintenance Fund.

## UNUSED SITES

### EXHIBIT/APPL. NO. 92/73825-00-000

North Monterey County Unified – Monterey County

### PURPOSE OF REPORT

To present the District's request for the State Allocation Board (Board) to grant a stop of the 2022/23 Fiscal Year unused site assessment fee.

### DESCRIPTION

The District was assessed an unused site fee of \$25,365 for the 2022/23 Fiscal Year at the December 4, 2023 Board meeting, and it is scheduled to be deducted from the District's State School Fund Apportionment during the months of February through May 2024. The District recently submitted documentation indicating that this district "attempted to sell the site" Therefore, the District is eligible for a stop of the unused site assessment fee that will be withheld for the 2022/23 Fiscal Year.

<u>Site</u>	<u>Year</u>	<u>Annual Payment</u>	<u>Recommendation</u>
Oak Hills Subdivision	2022/23	\$25,365	Stop

### AUTHORITY

Pursuant to Education Code (EC) Section 17219, "whenever the State Allocation Board has determined that a school district in good faith has, within the preceding year, advertised the schoolsite for sale to the highest bidder pursuant to the provisions of Article 4 (commencing with Section 17455) of Chapter 4 of Part 10.5 and has received no bids that in the judgment of the State Allocation Board reflect the fair market value of the property..."

### BACKGROUND

As required by law, all school districts are required to report any unused school sites to the Board annually. The school districts self-certify requests for waivers and reduction of fees based on certain criteria outlined in EC Section 17219. EC Section 17219 allows for districts to receive a waiver if the district in good faith attempted to sale the site. The District recently submitted documentation certifying that it "attempted to sale", which is an allowable waiver and, therefore, should not be charged unused site assessment fees on this site.

### STAFF ANALYSIS/STATEMENTS

The District has provided documentation to support its request.

### RECOMMENDATION

Approve the District's request for a stop of the 2022/23 Fiscal Year unused site assessment fee in the amount of \$25,365 and notify the State Controller's Office to stop the Annual Payment.

## PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

### PURPOSE OF REPORT

To provide priority School Facility Program (SFP) funding Apportionments for \$167.2 million for the projects that submitted a valid certification.

### DESCRIPTION

At the May 2011 State Allocation Board (Board) meeting, the Board approved proposed regulations establishing two annual filing periods for prioritizing school construction funding as cash proceeds became available to provide Apportionments. The Office of Administrative Law (OAL) then approved the regulations on July 27, 2011. The proposed regulations created two 30-day periods in which school districts could request to receive an Apportionment upon acknowledgement that a *Fund Release Authorization* (Form SAB 50-05) could be submitted within 90 days of receiving an Apportionment.

Based on SFP regulations, the recent filing period began on May 10, 2023 and closed on June 8, 2023. Requests must have been received by OPSC on or before June 8, 2023 and are valid from July 1, 2023 through December 31, 2023.

By approving this item, the Board will provide approximately \$167.2 million in Apportionments for 16 unique projects that represents 10 school districts and qualifying applicants.

### AUTHORITY

See Attachment A.

### BACKGROUND

#### *Requests/Acknowledgements*

Pursuant to SFP Regulations, applicants choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an Apportionment. As part of the request, applicants are required to make the following acknowledgements:

- The applicant understands that the time limit on fund release shall be no more than 90 days from the date of Apportionment.

BACKGROUND (cont.)

- The applicant acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded application will revert to an Unfunded Approval at the bottom of the Unfunded List (Lack of AB 55 Loans) and cannot be guaranteed bond authority. The application will receive a new Unfunded Approval date of March 3, 2024.
- In the case that multiple rescissions are made by the SAB, each separate application will be placed at the bottom of the Unfunded List (Lack of AB 55 Loans) in the order of the original unfunded approval date. The district will not be required to resubmit the application and no further application review will be required.
- The applicant acknowledges that by participating in the priority funding process, the applicant is waiving its right to the timeline for fund release submittal.
- The applicant acknowledges that a Grant Agreement must be submitted pursuant to SFP Regulation 1859.90.4 and received by OPSC prior to or concurrently with the Form SAB 50-05.

By approving this item, the Board will provide approximately \$167.2 million in Apportionments for 16 unique projects on the Unfunded List (Lack of AB 55 Loans) that are eligible for an Apportionment. Any requests by applicants to participate in the priority funding process that are not converted to Apportionments shall retain their date order position on the Unfunded List (Lack of AB 55 Loans) unless the applicant receives a second non-participation occurrence. Any project receiving a second non-participation occurrence will be rescinded without further Board action.

This priority funding round generated \$167.2 million in Apportionment requests from 10 applicants for 16 out of 22 unique projects, which represents 72.7 percent of the projects that could have submitted requests. 1 of the 22 unique projects that could have submitted a request was previously rescinded without further Board action for receiving a second non-participation occurrence. The attachments provide detailed lists of the Apportionment requests received during this filing period, as well as projects that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an Apportionment are highlighted in Attachments B and C. In addition, Attachment C includes 10 projects that will remain on the Unfunded List (Lack of AB 55 Loans). The 10 remaining projects represent unfunded approvals for site or design funding for the Charter School Facilities Program that are not subject to rescission after two occurrences of non-participation in the priority funding process.

## STAFF ANALYSIS/STATEMENTS

### Current/Future Request Periods

Requests submitted during the period that ended on June 8, 2023 expire on December 31, 2023. A new 30-day priority funding request filing period will begin on November 8, 2023 and will end on December 7, 2023. Requests submitted during that period will be valid from January 1, 2024 through June 30, 2024.

### Fund Release Requirements

Applicants receiving Apportionments are required to submit a valid Form SAB 50-05 containing an original or electronic signature for each approved application. The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on March 3, 2024. The form may be submitted electronically via OPSC Online or via email to [OPSCApplicationReviewTeam@dgs.ca.gov](mailto:OPSCApplicationReviewTeam@dgs.ca.gov). OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 4<sup>th</sup> Floor, West Sacramento, CA 95605. If a district fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new unfunded approval date of March 3, 2024 on the Unfunded List (Lack of AB 55 Loans).

### Grant Agreement

Pursuant to action taken by the Board at the June 5, 2017 meeting a Grant Agreement for the project with an original or electronic signature by an authorized District Representative must be submitted prior to, or concurrently with, the Form SAB 50-05 in order for the Form SAB 50-05 to be considered valid for all projects that are approved for placement on the Unfunded List (Lack of AB 55 Loans) on or after June 5, 2017.

### Non-Participation in Priority Funding Process

On March 25, 2013, regulation amendments regarding non-participation in the priority funding process became effective. The regulation changes limit the number of times a district can choose not to participate in the priority funding process for a project on the Unfunded List (Lack of AB 55 Loans). Projects receiving an Apportionment in this item but do not submit a valid Form SAB 50-05 prior to 11:59 p.m. on March 3, 2024 will receive one non-participation occurrence. If this is the project's second non-participation occurrence, the project will be fully rescinded without further Board action and will not return to the Unfunded List (Lack of AB 55 Loans). The bond authority associated with rescinded projects will return to the SFP.

Education Code Section 17070.35(a) states, "In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

- (1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter...

The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.

Budget Letter 10-09 requires that if there are insufficient bond proceeds, departments and agencies are responsible for prioritizing the projects that will be funded consistent with the prioritization criteria outlined (including job creation). It also indicates that if bond proceeds are not managed efficiently, additional bonds may not be sold for the program.

School Facility Program (SFP) Regulation Section 1859.2 states:

'For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:

...

"Unfunded List" means an information list of unfunded projects, with the exception of the unfunded list defined below as "Unfunded List (Lack of AB 55 Loans)".

"Unfunded List (Lack of AB 55 Loans)" means an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008."

SFP Regulation Section 1859.90.2, "Priority Funding Process" states:

The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue

with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following: (1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and

(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and

(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and

(4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and

(5) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the 18 month timeline for fund release submittal described in Section 1859.90.

(6) For a Career Technical Education Facilities Project that was granted an unfunded approval without the required CDE plan approval and/or required DSA-approved plans and specifications, the applicant's request must include: (A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197(c)(1); and

(B) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and (C) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(6)(B).

(b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following: (1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and, (2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and (3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and (4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.

(c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2), as applicable, and a Grant Agreement, pursuant to (a)(3), (a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period: (1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and

(2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.

(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.

(e) In the event that unexpected cash proceeds from sources other than bond funds become available for use for priority funding Apportionments, at a public meeting the Board may waive the 30-calendar day filing provision specified in this section for impacted school districts to provide funds more rapidly.

(1) OPSC shall identify and invite impacted school districts to submit a priority funding request that meets all other criteria in (a) above.

(2) Requests submitted under this provision shall be valid from the date the priority funding request is submitted until the end of the regularly scheduled filing round specified above.

(3) Requests submitted under this provision must comply with all other requirements of the priority funding process in this Section and Section 1859.90.3.

(4) District's may decline to submit a request outside the normal 30-day filing period without consequence. If the option to submit a request is declined, the requirements to participate in the standard 30-day filing periods specified in (a) above remain in effect.

(5) Unexpected proceeds from sources other than bond funds include, but are not limited to, the \$250 million in General Fund monies provided to the 2016 School Facilities Account as a result of the 2021-2022 Budget Act.

(f) For purposes of this section "rescinded" or "rescission" shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

SFP Regulation Section 1859.90.3, "Participation in the Priority Funding Process" states:

(2) The Application receives a priority funding Apportionment pursuant to Section 1859.90.2(a), and the district fails to meet the fund release requirements pursuant to Section 1859.90.2(c).

(b) The first occurrence of (a)(1) or (a)(2) shall result in the following, as applicable:

(1) If (a)(1) occurs, the Application shall retain its place on the Unfunded List (Lack of AB 55 Loans).

(2) If (a)(2) occurs, the priority funding Apportionment shall be rescinded and the Application shall be returned to the Unfunded List (Lack of AB 55 Loans) pursuant to Section 1859.90.2(c)(2).

(c) If subsection (b) has occurred, a subsequent occurrence of either (a)(1) or (a)(2) shall result in the rescission of the Application's Apportionment and/or unfunded

(d) For purposes of subsection (c), “rescinded” or “rescission” of an unfunded approval shall mean that the bond authority associated with the Apportionment or unfunded approval, as applicable, returns to the appropriate School Facility Program bond authority source for reallocation. If applicable, the pupils housed in the project will be added back to the district’s baseline eligibility pursuant to Sections 1859.51(d) for new construction or 1859.61(d) for modernization.

SFP Regulation Section 1859.129(b)(2) states:

Has 18 months from the date the DSA and CDE approved plans were submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment will be rescinded without further Board action. If the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the apportionment.

SFP Regulation Section 1859.197 (b)(2) states:

Has 18 months from the date the CDE plan approval and DSA-approved plans and specifications, as needed, are submitted to the OPSC to submit a completed Form SAB 50-05 or the Apportionment shall be rescinded without further Board action. If the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the Apportionment.

**CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN  
AND FULL-DAY KINDERGARTEN FACILITIES GRANT  
PROGRAM APPORTIONMENTS**

**PURPOSE OF REPORT**

To present California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program (Program) Apportionments for the fourth funding cycle.

**DESCRIPTION**

The applications that are included on Attachment B underwent a thorough review process by the Office of Public School Construction (OPSC) and have been determined to meet all Program requirements.

This item requests the State Allocation Board (Board) to approve seven projects totaling \$28,786,513.28 for Apportionment for the Program grants as shown on Attachment B.

**AUTHORITY**

See Attachment A.

**BACKGROUND**

Assembly Bill (AB) 1808, added Article 1 (commencing with Education Code Section 17375) to Chapter 3 of Part 10.5 of Division 1 of Title 1 of the Education Code (EC) to create the Full-Day Kindergarten Facilities Grant Program (FDKFGP). AB 1808 provided \$100 million for FDKFGP from the General Fund. FDKFGP allows school districts that lack the facilities to provide full-day kindergarten to apply for one-time grants to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms.

AB 130, Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on July 9, 2021. This bill appropriated an additional \$490,000,000 from the General Fund for the 2021-22 fiscal year to the Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing California preschool, transitional kindergarten and full-day kindergarten programs.

AB 181, Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on June 30, 2022. For the 2022-23 fiscal year, this bill appropriated an additional \$100 million from the General Fund of the 2021-22 fiscal year to the Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing California preschool, transitional kindergarten and full-day kindergarten programs. The bill also states the intent to appropriate an additional \$550 million from the General Fund to the Program in the 2023-24 fiscal year.

The third funding round for the Program approved 72 projects for \$224,960,572.67 in 2022.

## BACKGROUND (Cont.)

The fourth funding round for the Program opened on February 1, 2023, and closed on March 2, 2023. OPSC received 446 applications, requesting \$1,467,165,743.00 in funding. At the September 27, 2023, Board meeting funding was provided for 84 projects totaling \$346,557,573.80 in approvals. Staff is now presenting an additional seven projects totaling \$28,786,513.28.

## STAFF ANALYSIS/STATEMENTS

### *Funding Order*

Due to the number of applications and respective grant amounts, funding order was based on total preference points for each school district and their first priority project. In accordance with Program Regulation Section 1860.15, the applications were ranked by preference points. Approved Applications receive preference points based on the total of (a) and (b) up to a maximum of 80 points, as follows:

- (a) 40 points if a school district demonstrates it meets the requirements for financial hardship.
- (b) Up to 40 points based on the percentage of pupils in the school district who are eligible for Free and Reduced-Price School Meals, as identified in the most recent data on file at the California Department of Education (CDE).

Once the preference points were determined, all approved applications were prioritized based on the following order per Program regulations:

1. School districts will have their first priority projects funded in order based on total preference points until all school districts have had their first priority project funded.
2. School districts with the same total preference points will be funded in order of the higher Low Income percentage reported to one decimal place. The school district with the higher Low Income percentage will be funded first, as identified in the most recent Free and Reduced Price School Meals data on file at the CDE. If school districts have the same total preference points, and the same Low Income percentage reported to one decimal place, projects will then be placed into a lottery system to determine the school district funding order.
3. The school district with the highest total preference points shall have their remaining projects funded in priority order until all of the school district's projects are funded, or until all funds are exhausted for that funding round, whichever comes first. Funding shall then be provided to the school district with the next highest total preference points.
4. A tie breaker will be used for school districts with the same total preference points by using the exact Low Income percentage to one decimal place. The school district with the higher Low Income percentage will be funded first.

## STAFF ANALYSIS/STATEMENTS (cont.)

5. If school districts with the same total preference points are still tied after the review of the Low Income percentages, projects will be placed into a lottery system to determine school district funding order. The highest remaining priority project for each school district participating in the lottery will be funded until all projects from each school district participating in the same lottery round have been funded, or until all funds are exhausted for that funding round, whichever comes first.

After accounting for the 84 projects funded in September and 6 of the additional 7 applications that can be fully funded in this item, there is a remaining balance of \$2,218,458.00 available for the next project in line. Pursuant to Program Regulation Section 1860.15, if the Board does not have sufficient funding to fully apportion a school district's Approved Application, that school district may elect to either accept or decline to accept partial funding for the project. If partial funding is declined, the Board may offer partial funding to the next Approved Application, based on the funding order determined above.

Pittsburg Unified School District has elected to accept a partial apportionment in the amount of \$2,218,458.00 for the project located at the Los Medanos Elementary. The amount shown in Attachment B reflects this amount, which is a partial Apportionment and represents the full and final amount that will be approved for this project.

### *Receiving an Apportionment*

Under current regulations, school districts who receive a Program Apportionment *without* an advance release of funds must submit a valid *Fund Release Authorization* (Form SAB 70-02) within 180 days of Apportionment. School districts who receive a Program Apportionment *with* an advance release of funds must submit a valid Form SAB 70-02 with all required approvals within 12 months of Apportionment. Failure to submit the Form SAB 70-02 and required approvals within the prescribed period will result in the rescission of the project without further Board action.

Under current regulations, a school district that has received funds in accordance with the Program must submit a valid *Expenditure Report* (Form SAB 70-03) within 12 months of the final fund release or at the completion of the project, whichever occurs first. A final savings report stating any use of savings shall be due 12 months after the first expenditure report. Any savings remaining at the end of the 12 months must be returned to the State.

All school districts that receive a Board approval for an Apportionment must execute and submit a Grant Agreement prior to any release of funds. Cash proceeds are immediately available upon project Apportionment.

At the September 27, 2023 Board, Staff presented regulation changes that increase the timelines associated with the following requirements after receiving an Apportionment. The following changes will be made for future rounds and a policy item approved by the Board will be applied to applications who received an Apportionment in rounds 3 and 4:

- Program Apportionments for projects *without* an advance release of funds would have 18 months, rather than 180 days, to submit a valid Form SAB 70-02.

### STAFF ANALYSIS/STATEMENTS (cont.)

- Program Apportionments for projects *with* an advance release of funds would have 18 months, rather than 12 months, to obtain all project approvals and submit a valid Form SAB 70-02.
- A valid Form SAB 70-03 must be submitted within three years from the date of the first Apportionment, rather than one year from the date of the final fund release.

#### *Summary*

Staff recommends approval of the 7 Program projects on Attachment B for Apportionment. In accordance with Program Regulations, the remaining applications will be returned to the applicants. Applicants may resubmit in the future funding rounds that will follow.

### RECOMMENDATIONS

1. Approve the Program projects in the amount of \$28,786,513.28 as shown on Attachment B for Apportionment.
2. For an Apportionment with request for an advance fund release for design, pursuant to Regulation Section 1860.16(f), the school district must submit a valid *Fund Release Authorization* (Form SAB 70-02) within 12 months of the first Apportionment.
3. For an Apportionment without a request for an advance fund release for design, pursuant to Regulation Section 1860.16(f), the school district must submit a valid *Fund Release Authorization* (Form SAB 70-02) within 180 days of the first Apportionment.

This Item was approved by the State Allocation Board on December 4, 2023.

(d) The State Allocation Board shall allocate funds to school districts using the same maximum grant eligibility amounts that are used for purposes of the Leroy F. (B) Grant funds awarded for a retrofit project shall not be used for costs associated with acquisition and development of real property or for routine maintenance and repair.

(3) A school district shall not use funds to purchase or install portable classrooms. ## **Section 1859.81. Financial Hardship.**

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
