INSTRUCTIONS

1. Agency Name - List State of California Executive Branch Agency.
2. Department Name – State of California Executive Branch Department.
3. Title of Project(s) - Provide project titles i.e., "Sacramento Field Office Fixture Replacement".
4. DGS Project Tracking Number, for DGS use only.
5. Facility Name(s) - Name of structure or facility.
6. Type(s) of Facilities – List types of facilities included in this project (i.e., field offices, dormitory, etc.).
7. Project Location(s) - Provide Street address and city of facilities included in this project.
8. Building SPI number.
9. Estimated Start date.
10. Completion Date - Department's proposed completion date of project if funding is provided.
11. All applicable boxes should be checked for Required Disciplines. If you are contracting with one consultant such as an architect, you must still list the other disciplines (consultants) that the architect must use to produce a complete set of documents. List titles of Specialty Consultants in the Detailed Description box.
12. Construction Approach is looking for the answer of who will perform the physical work to complete the project. If "Other" is checked, include a description with the rest of the detailed scope.
13. Required AHJ Reviews must be fully indicated. The Division of the State Architect (DSA) reviews are required whenever a project changes anything related to ADA access issues including items as simple as door hardware and the placement of switches and receptacles.
14. Checking Regulations indicates that the requesting department or agency will be contracting with design consultants from outside of State service and possess the required approved regulations conforming to GC 4526. Documentation of these regulations must be provided.
15. Special Projects Consideration if Hazmat abatement will be required or demolition, these considerations must be detailed in the project description.
16. When any of the "Building Impacted Systems" boxes are checked detail the impacts in the project description.
17. Please indicate if the current fixtures being replaced meet ADA requirements.
18. Estimated Project Cost – Estimated total cost of work proposed in this project, including all sources (grant funding, department contribution, rebates if applicable).
19. Department share of project, if any.
20. Total of project rebates.
21. Project Funding Requested – Total amount of grant funding requested by Department for this project
22. Amount of landscape covered by this project in square feet.
23. Number of hydrozones. A hydrozone is a grouping of plants that have similar watering needs.
24. Number of trees to be planted.
25. Number of shrubs to be planted.
26. Number of native plants. Native plants are not required to receive grant funding but qualify for higher scoring. Native plants must be native to the California region in which they are planted. For example, dawn redwoods are native to California but are not eligible for grant funding in Sacramento.
27. Number of low water use plants. Low water use plants are required to receive grant funding. Low water use plants must be climate appropriate to the region in which they are planted. For example, cactus is not eligible for grant funding in Sacramento but would be allowed in Los Angeles.
28. Number of square feet of turf replaced by plants or mulch or rainwater harvesting project.
29. Cubic feet of mulch applied to total square footage of landscaping.
30. Other landscaping efforts.
