In the Matter of: PARENT ON BEHALF OF STUDENT, v. TORRANCE UNIFIED SCHOOL DISTRICT.	OAH Case No. 2017100395 ORDER OF DETERMINATION OF SUFFICIENCY OF DUE PROCESS COMPLAINT

On October 9, 2017, Parent on behalf of Student filed a Due Process Hearing Request[1] with the Office of Administrative Hearings, naming Torrance Unified School District. On October 24, 2017, District timely filed a Notice of Insufficiency as to Student's complaint.

APPLICABLE LAW

The named parties to a due process hearing request have the right to challenge the sufficiency of the complaint. (20 U.S.C. § 1415(b) & (c).) The party filing the complaint is not entitled to a hearing unless the complaint meets the requirements of title 20 United States Code section 1415(b)(7)(A).

A complaint is sufficient if it contains: (1) a description of the nature of the problem of the child relating to the proposed initiation or change concerning the identification, evaluation, or educational placement of the child, or the provision of a free appropriate public education to the child; (2) facts relating to the problem; and (3) a proposed resolution of the problem to the extent known and available to the party at the time. (20 U.S.C. § 1415(b)(7)(A)(ii)(III) & (IV).) These requirements prevent vague and confusing complaints, and promote fairness by providing the named parties with sufficient information to know how to prepare for the hearing and how to participate in resolution sessions and mediation. (See H.R.Rep. No. 108-77, 1st Sess. (2003), p. 115; Sen. Rep. No. 108-185, 1st Sess. (2003), pp. 34-35.)

The complaint provides enough information when it provides "an awareness and understanding of the issues forming the basis of the complaint." (Sen. Rep. No. 108-185, *supra*, at p. 34.) The pleading requirements should be liberally construed in light of the broad remedial purposes of the IDEA and the relative informality of the due process hearings

[1] A request for a due process hearing under Education Code section 56502 is the due process complaint notice required under title 20 U.S.C. section 1415(b)(7)(A).

DISCUSSION

Student's complaint identifies two issues. Issue one alleges that District denied Student a free appropriate public education by failing to assess him in all areas of suspected disability, which are identified, from October 2015 to the present. Issue two alleges that District denied Student a FAPE by failing to design and implement an individualized education program that was reasonably calculated to enable Student to make appropriate progress in light of his circumstances, from October 2015 to the present. The complaint alleges that, since the 2011-2012 school year, District has failed to formulate or implement a comprehensive and successful IEP. Specifically, Student alleges that District failed to support Student's academic and behavior needs. Additional facts allege problems with IEP goals from the 2015-2016 school year; academic testing in April 2016; his transition to middle school in April 2016; and an April 2017 IEP.

Consequently, the facts alleged in Student's complaint are sufficient to put District on notice of the issues forming the basis of the complaint. Student has alleged issues and adequate related facts about those issues to permit District to respond to the complaint and participate in a resolution session and mediation. Therefore, Student's complaint is sufficient.

ORDER

1. The complaint is sufficient under title 20 United States Code section 1415(b)(7)(A)(ii).

2. All mediation, prehearing conference, and hearing dates in this matter are confirmed.
