IN THE MATTER OF:

PARENTS ON BEHALF OF STUDENT,

v.

WILLIAM S. HART UNION HIGH SCHOOL DISTRICT.

OAH CASE NUMBER 2022040887

FURTHER ORDER ON MOTION TO QUASH SUBPOENAS

AUGUST 12, 2022

The Prehearing Conference Order dated August 8, 2022 stated as follows:

"The subpoenas that were subject to the Motions to Quash may not have complied with OAH requirements, including (1) not having been filed with OAH; (2) not containing a completed proof of service; (3) not containing the subpoenaed parties' email addresses. No ruling is made as to any of the subpoena's timeliness, enforceability or procedural compliance. No email invites to upload documents will be send to any subpoenaed parties until all OAH requirements for issuance of subpoenas have been met."

The PHC Order also stated that "Hart is ordered to inform the subpoenaed parties that that [certain] language is deleted from the subpoena's Attachment A's."

OAH has received calls from an SDT recipient who is awaiting an email evites to comply with an SDT that has apparently been served on them. However, OAH will not send email evites regarding SDT's until all OAH requirements for proper filing of the SDT's with OAH have been met. The parties are hereby ordered to immediately inform all SDT recipients that email evites will not be sent to them until the parties have first complied with all OAH requirements.

IT IS SO ORDERED.
