

## CALIFORNIA BUILDING STANDARDS COMMISSION

August 20, 2019  
GREEN BUILDING  
WORKSHOP  
Agenda Item 7

DRAFT EXPRESS TERMS  
CALIFORNIA GREEN BUILDING STANDARDS CODE,  
(CALGreen), PART 11,  
CALIFORNIA BUILDING STANDARDS CODE,  
TITLE 24, CALIFORNIA CODE OF REGULATIONS

### LEGEND FOR EXPRESS TERMS

1. New California amendments: All such language appears (begin underline) underlined (end underline).
2. Repealed text: All such language appears in (begin strikeout) ~~strikeout~~ (end strikeout).

**A5.303.3 Pre-rinse spray valves.**  
(Voluntary Measures)

- **Statement of specific purpose, problem, rationale and benefits:**

CBSC proposes to amend Chapter A5, Section A5.303.3 item 2(a) by repealing the provision for Residential dishwashers as this specific Appendix Chapter 5 only addresses nonresidential occupancies. Additionally, CBSC proposes to amend item 7 Commercial pre-rinse spray valves to align with Title 20 Appliance Efficiency Regulations to avoid conflict and to maintain consistency between the codes and regulations.

The California Energy Commission updated Title 20 (2018) Appliance Efficiency Regulations for commercial pre-rinse spray valves to align with Environmental Protection Agency (EPA) water sense requirements. The new adopted Title 20 regulation differs from the current *CALGreen* code language so an amendment is needed to avoid conflict. The new proposal will simply refer to Title 20 regulations.

**SECTION A5.303.3**  
**INDOOR WATER USE**

...  
**A5.303.3 Appliances and fixtures for commercial application.** Appliances and fixtures shall meet the following:

1. Clothes washers shall have a maximum...
