INFORMATIVE DIGEST

Reference: Government Code Section 11346.5(a)(3).

Summary of Existing Laws

HSC section 17921 and Government Code (GC) section 12955.1 require HCD to propose the adoption, amendment, or repeal of building standards by the CBSC.

HSC section 17922 requires that the building standards be essentially the same as the most recent editions of the uniform industry codes. CBSC is authorized to adopt these building standards under the authority granted by HSC section 18949.5.

HSC section 17922 states that the most recent editions of the uniform codes referred to in the section shall be considered to be adopted one year after the date of publication of the uniform codes.

HSC section 17040 requires HCD to adopt building standards for employee housing for "... the protection of the public health, safety, and general welfare of employees and the public, governing the erection, construction, enlargement, conversion, alteration, repair, occupancy, use, sanitation, ventilation, and maintenance of all employee housing."

HSC section 19990 requires HCD to adopt building standards for factory-built housing.

HSC sections 18620 and 18873 require HCD to adopt building standards for permanent buildings in mobilehome parks and special occupancy parks.

Summary of Existing Regulations

The 2019 California Electrical Code (CEC), CCR, Title 24, Part 3, adopted by reference the 2017 NEC with California amendments, effective on January 1, 2020.

Summary of Effect

HCD proposes to adopt by reference the 2020 NEC, with California amendments, into the 2022 CEC, CCR, Title 24, Part 3, for the following programs:

- State Housing Law Program: relative to residential occupancies, buildings or structures accessory thereto and as provided in HSC section 17921.
- Employee Housing Program: relative to any building or structure or outdoors on premises or property in accordance with HSC section 17040.
- Mobilehome Parks and Special Occupancy Parks Programs: relative to the design or construction of permanent buildings and accessory buildings and structures within the park in accordance with HSC sections 18620 and 18873.
- Factory-Built Housing Program: relative to residential buildings, dwellings or portions thereof, or building component, or manufactured assemblies in accordance with HSC section 19990.

The standards provide consistency with model code format, state and federal laws and regulations, and conditions unique to California. In addition, the amendments provide clarity and specificity, and give direction for the code user. A discussion of the effect of the regulations may be found in the Initial Statement of Reasons.

Comparable Federal Statute or Regulations

There are no comparable federal statutes or regulations.

Policy Statement Overview

The proposed regulations, as part of the update to the 2019 California Building Standards Code (CCR, Title 24), will adopt, amend, or repeal existing building standards and establish new building standards, which will affect residential occupancies and buildings or structures accessory thereto, as provided for by federal and state accessibility requirements; the use of general design, structural, and fire and life safety requirements in housing construction, buildings and structures accessory thereto; and permanent buildings in mobilehome parks and special occupancy parks. These updates will result in the 2022 California Building Standards Code.

The benefits anticipated from this proposed regulatory action include updating building standards, which will result in the protection of public health and safety, worker safety, the environment and general welfare of California residents. In addition, providing for use of the most recent building technology, methods and materials and applying those building standards on a statewide basis, as required by statute, results in uniformity in residential construction and promotes affordable costs.

Evaluation of Consistency

HCD has determined that the proposed regulations are not inconsistent or incompatible with existing state regulations.

OTHER MATTERS PRESCRIBED BY STATUTE APPLICABLE TO THE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS

Reference: Government Code Section 11346.5(a)(4).

None.

MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

Reference: Government Code Section 11346.5(a)(5).

HCD has determined that the proposed regulatory action would not impose a mandate on local agencies or school districts.

ESTIMATE OF COST OR SAVINGS

Reference: Government Code Section 11346.5(a)(6).

An estimate, prepared in accordance with instructions adopted by Department of Finance, of cost or savings to any state agency, local agency, or school district.

A. Cost or Savings to any state agency: None.

HSC section 17921 requires HCD to propose the adoption, amendment or repeal of building standards to CBSC pursuant to the provisions of Chapter 4 (commencing with section 18935) of GC Part 2.5. GC Part 2.5 requires state agencies to ensure that regulatory language meets the requirements of clarity and non-duplication. This proposed rulemaking incorporates specific provisions into one location in the California Building Standards Code to meet these requirements. This action will result in a minimal cost to HCD which will be absorbed in the current budget.

B. Cost to any local agency required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: None.

HSC section 17951 provides that local enforcement agencies may prescribe fees to defray the costs of enforcement of the State Housing Law including compliance with these regulations.

C. Cost to any school district required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: None.

D. Other nondiscretionary cost or savings imposed on local agencies: None.

E. Cost or savings in federal funding to the state: None.

Estimate: \$0. HCD believes that any additional expenditure resulting from this proposed action will be minimal and will be able to be absorbed within existing budgets and resources.

Reference: Government Code Section 11346.5(a)(8).

If the agency makes an initial determination that the adoption/amendment/repeal of this regulation will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states, it shall make a declaration to that effect.

HCD has made an initial determination that the adoption, amendment or repeal of these regulations will not have a significant statewide adverse economic impact on businesses, including the ability of California businesses to compete with businesses in other states.

DECLARATION OF EVIDENCE

Reference: Government Code Section 11346.5(a)(8).

In making the declaration, the agency shall provide in the record of facts, evidence, documents, testimony, or other evidence that the agency relies upon to support its initial determination of no effect.

HCD has determined that there are minimal facts, evidence, documents, testimony, or other evidence upon which the agency relied to support its initial determination of no effect pursuant to GC section 11346.5(a)(8). The public is welcome to submit any information, facts or documents either supporting HCD's initial determination or finding to the contrary.

Pursuant to GC section 11346.2(b)(5)(B)(ii) adoption of the model codes is exempt from identification of the estimated cost of compliance, the estimated potential benefits, and the related assumptions used to determine the estimates in the Initial Statement of Reasons.

FINDING OF NECESSITY FOR THE PUBLIC'S HEALTH, SAFETY, OR WELFARE

Reference: Government Code Section 11346.5(a)(11).

Any regulation that requires a report shall not apply to businesses, unless the agency makes a finding that it is necessary for the health, safety, or welfare of the public that the regulations apply to businesses.

HCD has made an assessment of the proposal regarding the economic impact of recordkeeping and reporting requirements and has determined that a report pursuant to GC section 11346.3(c) is not required.

ASSESSMENT OF EFFECT OF REGULATIONS UPON JOBS AND BUSINESS EXPANSION, ELIMINATION OR CREATION

Reference: Government Code Section 11346.5(a)(10).

HCD has assessed whether or not and to what extent this proposal will affect the following:

- A. The creation or elimination of jobs within the State of California.**
These regulations will not affect the creation, or cause the elimination, of jobs within the State of California.
- B. The creation of new businesses or the elimination of existing businesses within the State of California.**
These regulations will not affect the creation or the elimination of businesses within the State of California.
- C. The expansion of businesses currently doing business within the State of California.**
These regulations will not affect the expansion of businesses currently doing business within the State of California.
- D. The benefits of the regulation to the health and welfare of California residents, worker safety, and the state's environment.**

The adoption of the 2020 NEC by reference with California amendments will provide practical safeguarding of persons and property from hazards arising from the use of electricity. The NEC contains provisions that are considered necessary for safety and compliance and proper maintenance will result in an installation that is essentially free from hazard. These regulations will also update and improve minimum existing building standards, which will provide increased protection of public health and safety, worker safety and the environment.

ESTIMATED COST OF COMPLIANCE OF STANDARDS THAT WOULD IMPACT HOUSING

Reference: Government Code Section 11346.5(a)(12).

- No increased cost of compliance for those regulations that make only technical and nonsubstantive changes.
- GC section 11346.2(b)(5)(B)(ii) provides that the model codes adopted pursuant to HSC section 18928 shall be exempt from the requirements of GC section 11346.2(b)(5)(B) unless upon request as specified. The purpose of this rulemaking is to adopt the 2020 NEC which is a model code setting forth requirements for electrical systems in structures.
- The potential benefits provide recognition and appropriate use of new technologies and materials, clarity for the code users and local enforcement agencies, and may increase business due to the adoption of new building standards.
- Protection of public health and safety, worker safety and the environment.

CONSIDERATION OF ALTERNATIVES

Reference: Government Code Section 11346.5(a)(13).

HCD has determined that no reasonable alternative considered by HCD or that has otherwise been identified and brought to the attention of HCD would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.
