Proposed Building Standard

Title 24 Part #: Part 2

Section #: Chapter 21, Section 2115.9

Proposing State Agency: DSA

This comment is intended for review during: 45-Day Comment Period

Your recommendation based on the criteria of Health and Safety Code Section 18930(a):

Approve as Amended

In support of your recommendation above, provide the rationale based on the criteria of Health and Safety Code Section 18930(a). If you recommend anything other than approve, cite the criteria in your comment. If you oppose a proposed building standard, offer a solution or alternative for the state agency to consider.

Section 2115 contains alternative provisions for Community Colleges [DSA-SS/CC]. DSA and OSHPD proposals for adjustments to Chapter 21 and 21A amendments have been prepared in response to public comment from the Masonry Institute of America (MIA) and Concrete Masonry Association of California and Nevada (CMACN) to provide better clarity and alignment with TMS 402/602. The language in the [DSA-SS/CC] provisions in 2115.9 parallels the [DSA-SS] provisions in 2106A.1. Therefore, for consistency, DSA should include in its rulemaking package, proposed adjustments to the language in 2115.9 in order to align with what DSA and OSHPD are proposing for 2106A.1 [DSA-SS, OSHPD 1 & 4] and what OSHPD is proposing for 2106.1 [OSHPD 1R, 2 & 5].
