Proposed Building Standard

Title 24 Part #: Part 2

Section #: 35

Proposing State Agency: Division of the State Architect – SS and SS/CC This comment is intended for review during: 45-Day Comment Period

Your recommendation based on the criteria of Health and Safety Code Section 18930(a):

Approve as Amended

In support of your recommendation above, provide the rationale based on the criteria of Health and Safety Code Section 18930(a). If you recommend anything other than approve, cite the criteria in your comment. If you oppose a proposed building standard, offer a solution or alternative for the state agency to consider.

Chapter 35 contains a comprehensive list of all standards that are referenced in this code. OSHPD is proposing several changes in Chapter 35 that do not align with DSA. This involves adopting newer editions for several reference standards, including AAMA 501.4-18, AAMA 501.6-18, ACI 355.4-19, ICC-ES AC 01-21, ICC-ES AC 58-21, ICC-ES AC 70-21, ICC-ES AC 106-21, ICC-ES AC 193-21, ICC-ES AC 232-21, ICC-ES AC 308-21, and ICC-ES AC 446-21. For consistency, DSA should coordinate with OSHPD to achieve alignment for these reference standards.
