Your recommendation based on the criteria of Health and Safety Code Section 18930(a):

Approve as Amended

In support of your recommendation above, provide the rationale based on the criteria of Health and Safety Code Section 18930(a). If you recommend anything other than approve, cite the criteria in your comment. If you oppose a proposed building standard, offer a solution or alternative for the state agency to consider.

Tesla, Inc. recommends copying the proposed language from Section 1207.11.7.1 (as numbered in the Initial Express Terms) as modified by SEACs Public Comment 1 approved during the 2024 ICC Public Comment Hearings. Tesla does not support further modification at this time, and prefers consistency with the model code given the substantial change.
