The Division of the State Architect is proposing this regulatory action based on Education Code sections 17310 and 81142.

## **INFORMATIVE DIGEST**

Reference: Government Code Section 11346.5(a)(3).

### **Summary of Existing Laws**

Health and Safety Code, Section 18949.1, transfers the responsibilities of DSA to adopt regulations relating to building standards, to the California Building Standards Commission.

Sections 17280-17317 and 81130-81147 are known and cited as the “Field Act”. Sections 17310 and 81142 of the Education Code authorize the State Architect to establish building standards for public elementary and secondary schools, and community colleges.

Section 17372 of the Education Code requires that buildings not constructed to “Field Act” standards shall not be used for elementary or secondary school purposes. It also stipulates that buildings examined and found to be unsafe for school use shall not be used until repaired or reconstructed in accordance with requirements.

Section 81050 defines buildings used, or designed to be used, for community colleges purposes as a “school building” and therefore must satisfy “Field Act” requirements. Section 81050.5 stipulates that buildings used or intended to be used by a community college district as “residential housing” are not a “school building”.

### **Summary of Existing Regulations**

Existing building standards which prescribe the administrative requirements for building design and construction of state-owned or state-leased essential services buildings, public elementary and secondary schools, and community colleges are promulgated by the Division of the State Architect. These regulations are contained in California Code of Regulation, title 24, part 1, and are based on provisions within the adopted model building code.

### **Summary of Effect**

The proposed action amends the current 2022 edition of the California Administrative Code (CAC) (Title 24, Part 1, California Code of Regulations). In addition to editorial updates, the proposed action will:

- Modify Section 4-310 and definition of “school building” in 4-314 to align with new Education Code Sections 17283.5 and 81050.5 that were enacted because

of AB 306 (2021), excluding teacher and district employee personal residences from compliance with the Field Act.

### **Comparable Federal Statute or Regulations**

There are no comparable federal regulations or statutes.

### **Policy Statement Overview**

The broad objective of the proposed action is to maintain building regulations in conformance with current state law by amending the current edition of the California Administrative Code.

### **Evaluation of Consistency**

There are no regulations being proposed that will be inconsistent or incompatible within this submittal and with current California Administrative Code and statutory requirements of the Education Code and Health and Safety Code.

### **OTHER MATTERS PRESCRIBED BY STATUTE APPLICABLE TO THE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS**

Reference: Government Code Section 11346.5(a)(4).

DSA has determined that there are no other matters prescribed by statute applicable to the agency or to any specific regulation or class of regulations.

### **MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS**

Reference: Government Code Section 11346.5(a)(5).

DSA has determined that the proposed regulatory action would not impose a mandate on local agencies or school districts.

### **ESTIMATE OF COST OR SAVINGS**

Reference: Government Code Section 11346.5(a)(6).

An estimate, prepared in accordance with instructions adopted by Department of Finance, of cost or savings to any state agency, local agency, or school district.

- A. Cost or Savings to any state agency: **No**
- B. Cost to any local agency required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: **No**
- C. Cost to any school district required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: **No**
- D. Other nondiscretionary cost or savings imposed on local agencies: **No**
- E. Cost or savings in federal funding to the state: **No**

Estimate: DSA has determined that this proposed action makes only clarifying changes to existing code language and would have no change in regulatory effect. This proposal does not impose new mandates on local agencies that would require state reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

## **INITIAL DETERMINATION OF NO SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESSES**

Reference: Government Code Section 11346.5(a)(8).

If the agency makes an initial determination that the adoption/amendment/repeal of this regulation will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states, it shall make a declaration to that effect.

DSA has made an initial determination that the adoption and amendment of this regulation will not have a significant statewide adverse economic impact on businesses, including the ability of California businesses to compete with businesses in other states.

### **Declaration of Evidence**

Reference: Government Code Section 11346.5(a)(8).

In making the declaration, the agency shall provide in the record of facts, evidence, documents, testimony, or other evidence that the agency relied upon to support its initial determination of no effect.

DSA has not relied on any other facts, evidence, documents, testimony, or other evidence to make its initial determination of no statewide adverse economic impact. The scope of the proposed action is to make editorial and technical modifications to the existing code that are in alignment with statutory requirements and national referenced standards.

## **FINDING OF NECESSITY FOR THE PUBLIC'S HEALTH, SAFETY, OR WELFARE**

Reference: Government Code Section 11346.5(a)(11).

Any regulation that requires a report shall not apply to businesses, unless the agency makes a finding that it is necessary for the health, safety, or welfare of the public that the regulations apply to businesses.

The proposed regulatory action does not require a report by any business or agency, so the Division of the State Architect has not made a finding of necessity for public's health, safety or welfare.

## **COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS**

Reference: Government Code Section 11346.5(a)(9).

Describe all cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. If no cost impact, provide the following statement:

DSA is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

## **ASSESSMENT OF EFFECT OF REGULATIONS UPON JOBS AND BUSINESS EXPANSION, ELIMINATION OR CREATION**

## **ESTIMATED COST OF COMPLIANCE OF STANDARDS THAT WOULD IMPACT HOUSING**

Reference: Government Code Section 11346.5(a)(12).

DSA has determined that this proposed action has no effect on housing.

## **CONSIDERATION OF ALTERNATIVES**

Reference: Government Code Section 11346.5(a)(13).

DSA has determined that no reasonable alternative considered by DSA or that has otherwise been identified and brought to the attention of DSA would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action. In addition, no reasonable alternative considered by DSA or that has otherwise been identified and brought to the attention of DSA would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.
