

**FINAL STATEMENT OF REASONS
FOR PROPOSED BUILDING STANDARDS
OF THE CALIFORNIA BUILDING STANDARDS COMMISSION
REGARDING THE 2025 CALIFORNIA GREEN BUILDING STANDARDS CODE,
CALIFORNIA CODE OF REGULATIONS, TITLE 24, PART 11
(BSC 03/25)**

The Administrative Procedure Act requires that every agency shall maintain a file of each rulemaking that shall be deemed to be the record for that rulemaking proceeding. The rulemaking file shall include a Final Statement of Reasons. The Final Statement of Reasons shall be available to the public upon request when rulemaking action is being undertaken. The following are the reasons for proposing this particular rulemaking action:

UPDATES TO THE INITIAL STATEMENT OF REASONS:

Government Code Section 11346.9(a)(1) requires an update of the information contained in the Initial Statement of Reasons. If the update identifies any data or any technical, theoretical or empirical study, report, or similar document on which the state agency is relying that was not identified in the Initial Statement of Reasons, the state agency shall comply with Government Code Section 11347.1.

The California Building Standards Commission (BSC) has not added any data (including technical, theoretical, or empirical studies, reports, or similar documents relied upon) that would necessitate an update of the information contained in the Initial Statement of Reasons.

MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

Pursuant to Government Code Section 11346.9(a)(2), if the determination as to whether the proposed action would impose a mandate, the agency shall state whether the mandate is reimbursable pursuant to Part 7 of Division 4. If the agency finds that the mandate is not reimbursable, it shall state the reasons for the finding(s).

BSC has determined that the proposed regulatory action WOULD NOT impose a mandate on local agencies or school districts.

BSC does not have authority to adopt regulations for school districts. As the proposed amendments have only clarifying, conforming, or coordinating changes that do not materially alter the substance or intent of the existing code provisions, no mandate would be imposed on local agencies.

OBJECTIONS OR RECOMMENDATIONS MADE REGARDING THE PROPOSED REGULATION(S).

Government Code Section 11346.9(a)(3) requires a summary of EACH objection or recommendation regarding the specific adoption, amendment, or repeal proposed, and an explanation of how the proposed action was changed to accommodate each objection or recommendation, or the reasons for making no change. This requirement applies only to objections or recommendations specifically directed at the agency's proposed action or to the procedures followed by the agency in proposing or adopting the action, or reasons for

making no change. Irrelevant or repetitive comments may be aggregated and summarized as a group.

The text with proposed changes was made available to the public for a 45-day comment period from March 27, 2026, until May 11, 2026. No comments were received in opposition to the proposed changes and there were no additional comment periods.

ITEMS 1, 4-3, 5, 6, 9-4, 13 and 15-4

Chapter 2, Section 202, Definitions

Chapter 5, Sections 5.106.5.4, 5.304.2, 5.402 and 5.409.3

Appendix A5, Sections A5.402 and A5.409.3

Measures related to definitions of Energy Commission and Salvaged Material or Product, photovoltaic systems that cover existing parking spaces, and nonfunctional turf.

Commenter(s) and Recommendation:

Bob Raymer on behalf of Industry Coalition recommends to approve all listed items.

Agency Response:

BSC appreciates the comments and the support from Mr. Raymer and the Industry Coalition. Additionally, BSC appreciates the participation of every member of the Industry Coalition who participated in CALGreen related workshops and the CAC meeting.

DETERMINATION OF ALTERNATIVES CONSIDERED AND EFFECT ON PRIVATE PERSONS

Government Code Section 11346.9(a)(4) requires a determination with supporting information that no alternative considered would be more effective in carrying out the purpose for which the regulation is proposed, or would be as effective and less burdensome to affected private persons than the adopted regulation, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.

BSC has determined that no alternative considered would be more effective in carrying out the purpose for which the regulations are proposed or would be as effective and less burdensome to affected private persons than the adopted regulations, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.

No adverse impact on private persons due to these proposed changes is expected, as the amendments have only clarifying, conforming, or coordinating changes that do not materially alter the substance or intent of the existing code provisions.

REJECTED PROPOSED ALTERNATIVE THAT WOULD LESSEN THE ADVERSE ECONOMIC IMPACT ON SMALL BUSINESSES:

Government Code Section 11346.9(a)(5) requires an explanation setting forth the reasons for rejecting any proposed alternatives that would lessen the adverse economic impact on small businesses, including the benefits of the proposed regulation per 11346.5(a)(3).

No alternatives were identified to lessen the adverse economic impact on small businesses. The BSC has determined that the proposed regulations will have no adverse economic impact on small businesses. The amendments have clarifying, conforming, or coordinating changes that do not materially alter the substance or intent of the existing code provisions.
