2. Repealed text: All such language appears in ~~strikeout~~.
[Information for the reader is bracketed and in red italics]

5.408 Construction Waste Reduction, Disposal and Recycling

- **Statement of specific purpose, problem, rationale and benefits:**
CBCS is proposing to increase the percentage of nonhazardous construction waste and demolition waste from 50% to 65%, moving the current tier 1 voluntary measure of 65% to mandatory. Additionally, BSC is proposing to increase the Tier 1 65% to 80% and Tier 2 80% to 90%. During the 2013 intervening code cycle, BSC withdrew this exact proposed amendment during the Code Advisory Committee (CAC) as a result of comments received. It was recommended by the CAC that we bring back the proposed code amendment as for the 2015 Triennial code adoption cycle.

SECTION 5.408

CONSTRUCTION WASTE REDUCTION, DISPOSAL AND RECYCLING

5.408.1 Construction waste management. Recycle and/or salvage for reuse a minimum of ~~50~~ **65** percent of the nonhazardous construction and demolition waste in accordance with Section 5.408.1.1, 5.408.1.2 or 5.408.1.3; or meet a local construction and demolition waste management ordinance, whichever is more stringent.

5.408.1.1 Construction waste management plan...

5.408.1.2 Waste management company...

5.408.1.3 Waste stream reduction alternative...

SECTION A5.408
