**A5.602 Nonresidential Occupancies Application Checklists**

- **Statement of specific purpose, problem, rationale and benefits:**  
CBSC is proposing to amend Section A5.602 Nonresidential Occupancies Application Checklists by repealing and reformatting the checklist to simplify them. Separate checklists will be added to show compliance with; mandatory measures only, Tier 1 measures only and the Tier 2 measures only. This proposed code change will give guidance to the local jurisdictions for determining if they are achieving a Tier 1 or Tier 2 reach standard and provide a useful checklist that can be used by in the construction documents.

**NOTE: Checklists will be provided at the workshop**
