

## **CCDA ACCESSIBLE PARKING CAMPAIGN**

### **Business Owners/ Operators and Property Owners**

In an effort to generate stakeholder guidance with the development of the Accessible Parking Campaign, the California Commission on Disability Access (CCDA) sent approximately 20,000 Questionnaires to three groups. These questionnaires were designed to determine what information would be pertinent to include in an accessible parking checklist. The three groups targeted for this project were: ADA Coordinators/Local Governments, Business Owners/Operators and Building/Construction Specialists. Below is a summary of the top selections from the Building Owner/Operators and Property Owners Questionnaire.
