## **Overview**

The Department of General Services (DGS) prepares the Surplus Real Property Annual Report to the state Legislature pursuant to Government Code Section 11011.

The 2022 Surplus Property Annual Report contains a summary of the status of the following categories of surplus real properties:

- Properties that have been sold or otherwise removed from the state's property rolls since the 2021 report. In 2022, there were no property sales.
- Properties that will be leased for affordable housing. There are currently six properties in this category.
- Properties that have been authorized as surplus and are pending disposition. There are currently nine properties in this category.
- Properties that have been identified as excess and are pending surplus authorization. There are currently eight properties in this category.
- Properties that have been identified for rescission of prior surplus designation. There are currently no properties in this category.

## **The Asset Enhancement and Surplus Sales Program**

The Asset Enhancement and Surplus Sales Unit of DGS' Asset Management Branch (AMB) is responsible for the disposition of state-owned real property that has been declared surplus to future state needs. The Legislature must declare the real property to be surplus and must authorize the director of DGS to sell, exchange, lease, or transfer the surplus real property pursuant to Government Code Section 11011 et seq. The objective of the program is to sell or otherwise dispose of surplus property in the best interest of the state by achieving maximum value; maximizing job creation; creating affordable housing; facilitating historic preservation and reuse; and returning property to local tax rolls.

## **Executive Order N-06-19**

On Jan. 15, 2019, Governor Gavin Newsom signed Executive Order N-06-19 to address the acute affordable housing crisis in California. The executive order directed DGS to inventory excess state real property, including property that had been authorized for disposition as surplus, that may be suitable for the development of affordable housing. Pursuant to Government Code Section 14671.2, the Director of DGS is authorized to offer excess property for long-term lease for affordable housing. DGS has thus far selected sixteen developers to lease excess parcels through 2022. The projects are estimated to create over 5,000 units of new housing. Additional sites will be offered for lease in 2023.

For more information on surplus property, visit the [DGS surplus property](#) website. Questions or comments regarding the 2022 Surplus Real Property Annual Report to the State Legislature can be directed to contact Kerry Zadel, Assistant Branch Chief, Asset Management Branch, Real Estate Services Division, Department of General Services at (916) 376 -1617 or by email at [Kerry.Zadel@dgs.ca.gov](mailto:Kerry.Zadel@dgs.ca.gov).
