Report on the

Disability Access and Education Revolving Fund 2025 Activity Report – Issued 2026

State of California
Gavin Newsom, Governor

Government Operations Agency
Nick Maduros, Secretary

Department of General Services
Ana M. Lasso, Director

Division of the State Architect
Ida A. Clair, FAIA, State Architect

LEGISLATIVE BACKGROUND

Senate Bill 1186 (Steinberg, Chapter 383, Statutes of 2012) created Government Codes §4465, §4467, §4469, and §4470. These provisions require applicants for local business licenses or equivalent instruments to pay an additional fee to local governments for deposit into a local Access Compliance Fund (ACF), with a portion submitted to the Division of the State Architect (DSA) for deposit into the state's Disability Access and Education Revolving Fund (Fund).

Assembly Bill 1379 (Thurmond, Chapter 667, Statutes of 2017) increased the fee from $1 to $4 and changed the revenue distribution from 70/30 to 90/10 (local/state). The bill also added a requirement for local governments that do not issue business licenses to levy the fee on building permits. It originally included sunset provisions to revert to original terms on January 1, 2024.

Assembly Bill 2164 (Lee, Chapter 895, Statutes of 2022) made the $4 fee and 90/10 split permanent by repealing sunset provisions. The bill also expanded allowable ACF uses to include financial assistance to small businesses for accessibility-related improvements.

Senate Bill 748 (Roth, Chapter 76, Statutes of 2023) made amendments to Government Code §4469 requiring local governments to provide applicants for a business license or equivalent permit with a mandatory disclosure statement about disability access requirements, available resources, and related compliance obligations.

FUND PURPOSE

Government Code §4465 establishes the Fund's purpose to increase compliance with accessibility requirements by:

1. Increasing the number of Certified Access Specialists (CASp).

2. Maintaining DSA oversight of the CASp program including adopting best practices guidelines, providing continuing education on construction-related accessibility requirements, and performing audit and discipline functions.
3. Expanding education and outreach efforts to facilitate compliance with accessibility requirements, including consultation and collaboration with the Department of Rehabilitation and the California Commission on Disability Access (CCDA).

REPORTING REQUIREMENTS

Pursuant to Government Code §4470(c), DSA is required to submit an annual report that includes the following:

I. TOTAL FEES COLLECTED BY EACH CITY AND COUNTY

The total fees collected by each local government for the ACF during the previous calendar year.

II. TOTAL FEES TRANSMITTED TO THE FUND

The total fees transmitted by each local government to DSA for the Fund during the previous calendar year.

III. DISTRIBUTION OF FUND RESOURCES

A breakdown of how Fund resources were distributed, including expenditures for:

A. Administrative services by DSA
B. Moderating CASp certification and examination fees
C. Establishing and maintaining CASp program oversight
D. Developing and disseminating educational materials

I. TOTAL FEES COLLECTED BY EACH CITY AND COUNTY

DSA received 321 annual reports from local governments, documenting a total of $6,355,424 in ACF fees collected for the 2025 calendar year. Of the jurisdictions that submitted fees, 59 percent also submitted an annual report. While not all jurisdictions collect fees or submit reports, overall local government participation remained strong at 89 percent.

DSA does not have any enforcement authority over local governments for collection of the fee. Fee submittal and annual collection reporting are dependent on the local governments' execution of the law. Attempts are made to maintain contact with all 541 local governments in California, regardless of previous participation in fee submittal, to remind local governments of the current requirements and to alert them of statutory changes.

Two notifications were sent to local governments reminding them of the 2025 annual report submittal deadline of March 1, 2026, and the option of submitting their annual report electronically. The first notification was sent on January 8, 2026, the second was sent on February 26, 2026. The information was also posted to DSA's website.

The following is an explanation of the breakdown demonstrated in the appendices:

- Appendix A lists the 2025 annual collection amounts, as reported by each local government that submitted fees by the deadline to DSA in the 2025 calendar year.
- Appendix B lists the local governments that reported their 2025 annual collection amounts but did not submit fees to DSA.
- Appendix C lists the local governments that submitted fees to DSA in the 2025 calendar year but did not report their annual collection amount.
- Appendix D lists the local governments that neither transmitted 2025 collections nor submitted an annual report before the March deadline.

II. TOTAL FEES TRANSMITTED TO THE FUND

DSA received $939,385 in payments from local governments during the 2025 calendar year for deposit in the Fund. This represents a 9.2 percent decrease from the fees collected in 2024, reflecting market-based fluctuations in business-license activity.

	2018	2019	2020	2021	2022	2023	2024	2025
Fees Received	$818,600	$1,074,000	$905,400	$894,100	$984,900	$941,700	$1,034,000	$939,385

III. DISTRIBUTION OF FUND RESOURCES

In 2025, DSA spent $574,432 of Fund resources on the activities prescribed under Government Code §4465. These activities include:

A. Administration Services by DSA

DSA spent $238,905 of Fund resources on administrative services in 2025 through the following activities:

- **DSA maintained active correspondence with all 541 city and county jurisdictions.** DSA responded to inquiries related to DSA Form 786 Quarterly Fee Payments, Form 787 Annual Report requirements, and general questions about the Fund. Staff provided clarification on reporting

procedures, statutory obligations, and timelines to support accurate and timely submissions. DSA also regularly assisted jurisdictions in understanding the allowable uses of ACF revenue under Government Code §4467, helping ensure consistent and compliant implementation across the state. Through this ongoing communication, DSA strengthened statewide engagement and improved the reliability of reporting data.

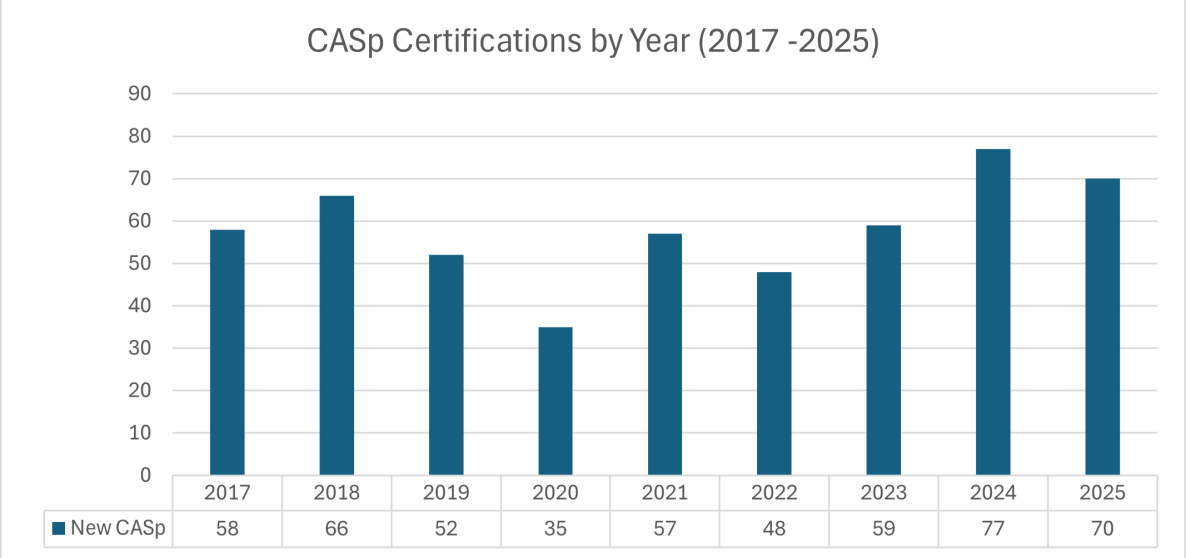
- **DSA transitioned its Form 786 and Form 787 to a modern online reporting platform to streamline end user experience**. The new platform offers improved functionality for local jurisdictions through guided data entry, automated validation, and immediate confirmation of successful submissions. It also strengthens data protection by incorporating enhanced security features. This transition supports more accurate reporting by local jurisdictions.

- **DSA maintained and regularly updated the CASp Program's online resources**. This included posting current CASp examination details, such as exam dates, locations, and project-type formats, as well as managing and uploading form DSA 608: Voluntary Listing of CASp Inspected Business and form DSA Form 610: Notice of Access Inspection and 120-Day Grace Period. Staff conducted bi-weekly updates to the shareable online Excel database to maintain accuracy and public transparency. DSA also updated and maintained core CASp resources, including materials related to the CASp examination, certification processes, and supporting consistent statewide access to reliable program guidance.

B. Moderation of Certification and Examination Fees for CASp

DSA spent $28,952 of Fund Resources on streamlining the CASp certification process and continued to monitor areas for improvement in 2025 through the following activity:

- **Multiple examination offerings, examination locations, and CASp certifications without increasing fees:** In 2025, DSA continued to streamline and enhance the CASp certification process while maintaining stable examination and certification fees. DSA offered 24 CASp examinations statewide, supporting increased accessibility for candidates by expanding testing opportunities across regional offices. A total of 70 newly certified CASps were added and 293 renewals were processed in 2025. DSA's ongoing efforts to expand examination access and maintain stable fees help ensure a strong, reliable pipeline of qualified CASp professionals.



- **Explored fee reduction strategies through sustainable technology acquisition:** In 2025 DSA established a Strategic Goal of electronic delivery of its CASp examinations using its Learning Management

System through acquisition of a new, secure, computer-based exam delivery platform by 2027.

C. Maintaining Oversight of the CASp Program

The CASp program provides an essential resource to the public, and DSA's oversight of the program ensures individuals certified are held accountable to rigorous standards and are tested for their specialized expertise. CASps offer accessibility inspection services for hire, and inspection reports inform business and facility owners of their compliance status to applicable construction-related accessibility standards and their obligation to provide access to their goods and services to the public. Compliance with applicable standards significantly limits the owner's liability exposure thereby reducing unnecessary litigation in the court system.

DSA spent $39,999 of Fund resources on oversight of the CASp program through the following activities:

- **Providing technical guidance to CASps:** DSA provided technical support to CASps on the accessibility standards, best practices for inspection reports, and reporting requirements established in state law.

- **Providing technical guidance to local jurisdictions and the public:** DSA provided guidance to local jurisdictions and the public on CASp services and accessibility compliance. This guidance was provided through a variety of channels, including the CASp 101 webinar offered three times per year, presentations at conferences, town halls in partnership with the CCDA and local jurisdictions, and through its technical assistance services via phone and email.

- **Updating the online database:** DSA updated the online database of CASps. This database includes information on each CASp's qualifications,

experience, and availability. The database is used by businesses and individuals to find qualified CASps to inspect their properties.

- **Responding to occasional complaints filed against CASps**: DSA investigated and responded to occasional complaints filed against CASps.

D. Developing and Disseminating Educational Materials to Facilitate Compliance

DSA spent $266,576 of Fund resources on expanded education and outreach for CASps and accessibility standards through the following activities:

- **Updating educational content for the Learning Management System (LMS):** DSA's office ensured educational resources for CASps and examination candidates were current and effective by reviewing and updating course material for CASp.

- **CASp Code Discussion Group (CCDG):** DSA continued to offer the CCDG, a monthly webinar series organized by DSA which serves as a platform for CASps, design professionals, and code enforcers to engage in discussions about state and federal laws, regulations, building standards for accessibility and engage with local and national accessibility specialists who provide insights on accessibility topics. In 2025, 12 sessions were conducted, attracting a total of 2,431 individual registrants, showcasing strong interest and engagement in accessibility education provided by DSA. Participation in these sessions offers attendees the opportunity to earn continuing education units, thereby supporting their professional development and knowledge of applicable construction-related accessibility standards. This reflects an increase from 2024, with registrants rising by about 6.9 percent (from 2,274 to 2,431) and the number of sessions increasing by roughly 9.1 percent (from 11 to 12)

- **CASp 101 Certification and Practice (CASp 101): ** DSA hosted three CASp 101 live webinars in 2025 through its LMS. The course includes six hours of instruction, hosted over three sessions and includes time for questions of DSA accessibility Senior Architects. The course provides training for CASps, candidates interested in seeking CASp certification, and individuals who want to find out more about the CASp program. The course is offered for free to those who are in the process of initial certification, and continuing education credit is offered for those who pay a nominal fee and complete the course. In 2025, DSA registered 247 individuals for the webinar series.

- **Speaking Event:** DSA is actively engaged in the Green Schoolyards Network discussion group, coordinated by CalFire. This network supports the implementation of green schoolyard projects across California, funded through CalFire-administered grants, with DSA reviewing grant applications to ensure projects comply with accessibility requirements. Throughout the year, DSA Certified Access Specialists collaborated with CalFire to provide technical guidance and resources to grantees, ensuring that accessibility requirements were integrated into project planning and execution. DSA staff contributed by delivering two presentations and regularly attending monthly virtual meetings, where DSA provided an overview of the DSA the submittal process, California Building Code 11B accessibility standards, and answered questions related to inclusive design for outdoor learning environments. These sessions fostered collaboration among state agencies, grantees, and design professionals, promoting both environmental sustainability and accessibility in schoolyard projects statewide.

- **Collaborative Outreach with CCDA:** DSA participated in the 2025 Kern County ADA Conference in Bakersfield, held in recognition of the 35th anniversary of the Americans with Disabilities Act. The event brought

together accessibility professionals, civic leaders, and advocates to discuss ensuring equal access for individuals with disabilities and improving accessibility within the built environment. DSA contributed to panel discussions on kiosk accessibility and the roles of the ACF and the Fund, offering guidance on compliance responsibilities, funding mechanisms, and the role of Certified Access Specialists.

DSA collaborated with the CCDA throughout this engagement to support unified outreach and provide consistent information on accessibility requirements and available resources. This partnership strengthened DSA's outreach to both the disability and business communities and supported broader statewide education and compliance initiatives.

- **Electronic Communications:** DSA continued its broad outreach to design professionals, businesses, and accessibility stakeholders through targeted electronic communications. In 2025, the division issued 35 mass email campaigns focused on both the CASp program and statewide accessibility initiatives, including updates and announcements related to CASp 101 training opportunities, the CASp CCDG webinar series, CASp examination information, and resources supporting compliance with state and federal accessibility standards. These campaigns collectively distributed approximately 355,000 messages, ensuring that design professionals, candidates, practicing CASps, businesses, and public entities had consistent access to current educational resources, training schedules, program requirements, and information on construction-related accessibility compliance.

APPENDIX A

SB 1186 COLLECTION RESULTS FOR 2025

ANNUAL FEE COLLECTION REPORTED BY PAYING JURISDICTION

Fee Status: Paid **Report Status: Submitted**

LOCAL GOVERNMENT (Organized by City, then County)	TOTAL FEE COLLECTION REPORTED
Agoura Hills	$ 8,141.00
Albany	$ 10,872.00
Alhambra	$ 25,248.00
Aliso Viejo	$ 3,075.00
American Canyon	$ 7,241.00
Anaheim	$ 80,390.44
Anderson	$ 5,108.00
Angels Camp	$ 1,692.00
Antioch	$ 39,668.00
Arcata	$ 8,871.00
Arroyo Grande	$ 4,604.00
Arvin	$ 2,444.00
Atascadero	$ 16,412.00
Auburn	$ 8,656.00
Avalon	$ 3,224.00
Avenal	$ 932.00
Barstow	$ 6,028.00
Beaumont	$ 64,880.70
Bellflower	$ 17,020.00
Benicia	$ 12,031.00
Beverly Hills	$ 43,652.00
Big Bear Lake	$ 4,748.00
Biggs	$ 540.00
Bishop	$ 3,284.00
Bradbury	$ 156.00
Brawley	$ 3,205.50
Brea	$ 29,898.10
Brentwood	$ 28,096.00
Brisbane	$ 4,804.00
Buena Park	$ 17,392.00
Calimesa	$ 2,770.80

Camarillo	$	32,217.00
Canyon Lake	$	4,152.00
