Current Statutory Authority

Education Code Section 17251

(b) "...develop standards for use by school districts in the selection of school sites in accordance with the objectives set forth in subdivision (a)."

(c) "Establish standards for use by school districts to ensure that the design and construction of school facilities are educationally appropriate and promote school safety."

Current Statutory Authority

(Continued from Slide 4)

Education Code Section 17251

(a)“...advise the governing board (of a school district) on the acquisition of new school sites...(and) give the governing board in writing a list of the recommended locations in the order of their merit, considering especially the matters of educational merit, safety, reduction in traffic hazards, and conformity to the land use element of the general plan...”

CDE Involvement in State Funded Projects

If funds are to be requested from the State Allocation Board (SAB), a district must receive:

- CDE approval of the plans based on Title 5 standards (*Education Code Section 17070.50*)
- CDE approval of sites based on Title 5 standards (*Education Code Section 17070.50*)

Non State Funded Projects

Regardless of funding source, all school districts must:

- Select sites and design plans consistent with the standards in Title 5 regulations (except charter schools)
- Meet California Environmental Quality Act requirements
- Meet all other applicable laws
