Hello directors, chief deputy directors, and others:

The Department of General Services (DGS) and the California Department of Public Health (CDPH) are holding a second virtual town hall meeting on Thursday, July 13 at 10 a.m. to share the latest information about the actions being taken at the Mission Valley building to ensure it remains safe to occupy.

All tenants and staff of the Mission Valley Building are invited to attend the town hall, where CDPH will provide information about Legionella bacteria and Legionnaires' disease. The DGS Facilities Management Division deputy director, Jemahl Ämen, will also be present to give an overview of what FMD staff have done since the last town hall, and the environmental consultants FACS, who conducted the most recent testing of the building will also share an overview of their findings.

Questions can still be submitted ahead of time through the dedicated email box: SDMissionValleyBuilding@dgs.ca.gov. Attendees will also have the opportunity to ask additional questions during the town hall.

Please forward this message to your employees who work in the Mission Valley Building so they may attend the virtual town hall.

In the meantime, please visit DGS' [Legionella Action Plan page](#), which includes additional information, as well as a *Questions & Answers* document that provides responses to questions DGS has received.

We look forward to seeing you at the town hall. Thank you for your ongoing partnership as we navigate this situation together.
