In the Matter of:

PARENT ON BEHALF OF STUDENT,

v.

TORRANCE UNIFIED SCHOOL
DISTRICT.

OAH Case No. 2015060687

ORDER OF DETERMINATION OF
SUFFICIENCY OF DUE PROCESS
COMPLAINT

On June 10, 2015, Parent on behalf of Student (Student) filed a Due Process Hearing Request¹ (complaint) naming Torrance Unified School District (District). On June 22, 2015, District timely filed a Notice of Insufficiency (NOI) as to Student's complaint. For the reasons discussed below, Student's complaint is sufficient.

APPLICABLE LAW

The named parties to a due process hearing request have the right to challenge the sufficiency of the complaint.² The party filing the complaint is not entitled to a hearing unless the complaint meets the requirements of Title 20 United States Code section 1415(b)(7)(A).

A complaint is sufficient if it contains: (1) a description of the nature of the problem of the child relating to the proposed initiation or change concerning the identification, evaluation, or educational placement of the child, or the provision of a free appropriate public education (FAPE) to the child; (2) facts relating to the problem; and (3) a proposed resolution of the problem to the extent known and available to the party at the time.³ These requirements prevent vague and confusing complaints, and promote fairness by providing the

named parties with sufficient information to know how to prepare for the hearing and how to participate in resolution sessions and mediation.⁴

The complaint provides enough information when it provides “an awareness and understanding of the issues forming the basis of the complaint.”⁵ The pleading requirements should be liberally construed in light of the broad remedial purposes of the IDEA and the relative informality of the due process hearings it authorizes.⁶ Whether the complaint is sufficient is a matter within the sound discretion of the Administrative Law Judge.⁷

DISCUSSION

Student’s complaint identifies Student as a nine year old second grade boy residing with his parents within District. The complaint alleges District denied Student a free appropriate public education by failing to: provide appropriate placement, goals, services and supports to meet Student’s needs in the areas of behavior, speech and social skills; provide educational and related services during Student’s diagnostic behavioral placement; implement his individualized education program; and evaluate Student, and provide for, ongoing in-home behavior services. The complaint alleges a factual basis for these issues including: Student’s eligibility categories; school and classrooms attended; dates of, and participants in, IEP meetings; dates and contents of correspondence about the events at issue; dates and details about assessments and assessors; the results of the assessments; and particulars about Student’s non-educational diagnostic placement resulting from the settlement of a case filed by District on January 31, 2014. Student’s proposed resolutions include direct and supervisory behavior services to be provided in the home; and compensatory services for behavior, speech and language, social skills training, and education.

Student's complaint identifies the issues and adequate related facts about the problem to permit District to respond to the complaint, participate in a resolution session and mediation, and to prepare for a due process hearing. Therefore, Student's complaint is sufficient.
