v.

TAHOE TRUCKEE UNIFIED SCHOOL DISTRICT.

OAH CASE NUMBER 2026081000

ORDER GRANTING REQUEST FOR CLARIFICATION OF STATEMENT OF ISSUES

OCTOBER 20, 2026

On October 12, 2026, an administrative law judge from the Office of Administrative Hearings, called OAH, held a prehearing conference by videoconference in this matter. At the prehearing conference, the administrative law judge clarified the issue in this case with the parties and stated in the Order Following Prehearing Conference that the issue was:

> "Did Tahoe Truckee, in its May 1, 2026, assessment plan, impermissibly offer to assess Student for special education and related services because they did not have the requisite information necessary to suspect Student had a disability?"

On October 16, 2026, Parent for Student requested clarification of the issue. On October 20, 2026, at the beginning the due process hearing day one, the undersigned administrative law judge, called ALJ, granted Student's motion to request clarification. After discussion and argument by Parent and Tahoe Truckee Unified School District's counsel, the issue was clarified as follows:

"Did Tahoe Truckee Unified School District's May 1, 2026, assessment plan and accompanying prior written notice comply with the legal requirements governing assessment plans and prior written notices by adequately identifying and explaining the information and circumstances relied upon."

The parties did not object the clarification of the issue as stated above. The issue was agreed upon by the parties and restated to the parties multiple times. Parent requested the clarified issue in writing. The ALJ stated the parties could recess for the day so that the clarified issue order could be written and served on the parties. Both parties agreed to go forward with the hearing and receive the clarified issue order the following day.
