AUDITOR'S REPORT

DATE: September 19, 2018

TO: **DAVID KILGORE**, Director
Department of Child Support Services

This report presents the results of our compliance audit of the business management functions and services of the Department of Child Support Services (DCSS). These audits are routinely performed under the authority granted to the Department of General Services (DGS) by Government Code Sections 14615 and 14619. The objective of our audit was to determine compliance with policies set forth in the State Administrative Manual, and the terms and conditions of any specific delegations of authority or exemptions from approval granted by DGS.

As applicable, the scope of our audits of state agencies includes, but is not limited to, compliance with policies governing contracting, fleet administration, small business (SB) and disabled veteran business enterprises (DVBE) usage, driver safety and insurance, surplus property and real estate. Our audit was conducted in accordance with U.S. generally accepted auditing standards.

To determine compliance, we reviewed policies and procedures, interviewed parties involved, tested records and transactions and performed other tests as deemed necessary. The period covered by our testing varied depending upon the area of review and the type of transactions involved; however, the emphasis of our review and testing was with current procedures and transactions completed during the 2016/17 and 2017/18 fiscal years.

Based on the results of our fieldwork conducted over the period April 06, 2018 through July 17, 2018, we concluded that DCSS is conducting its business management functions and services in compliance with state requirements.

We are pleased with how receptive and responsive DCSS staff and management were to our suggestions for improvement and with the prompt actions taken to address issues identified and discussed during our audit fieldwork. However, we did not perform subsequent effectiveness tests to determine whether the corrective actions were functioning as intended. DCSS' management has the ongoing responsibility for ensuring that its business management policies and procedures are functioning as prescribed and are modified, as appropriate, for changes in conditions.

We greatly appreciated the cooperation and assistance provided by DCSS' personnel.
