Subject: QUALITY CONTROL REVIEW OF CONTRACT APPROVAL EXEMPTION
AUDIT

This report presents the results of our quality control review of an internal audit conducted of the California Department of Transportation's (Caltrans) contracting program. The audit was conducted by Caltrans' Audits and Investigations (A&I) office.

As a condition of Caltrans' exemption (Exemption Letter No. 11.9) from the Department of General Services' (DGS) approval of its contracts under \$75,000, two audits are required to be performed of the department's contracting program during the exemption period of July 1, 2008 through June 30, 2012. On June 30, 2010, the A&I issued an audit report which presented the results of the first audit required under the terms of the exemption. Public Contract Code Section 10352 requires the DGS to perform a quality control review of the audit.

The objectives of our quality control review were to determine: (1) if the internal audit was conducted in accordance with an audit guide issued by the DGS; and, (2) if reported findings are being appropriately addressed by Caltrans' management. Based on our interviews of audit staff and review of the working papers prepared to support audit tests, and our performance of other procedures as deemed necessary, we concluded that the audit was conducted in accordance with the DGS' audit guide and that management indicated a commitment to take appropriate actions to address reported findings.

We greatly appreciated the cooperation and assistance provided by Caltrans' audit staff.
