All RFBI's received prior to deadline identified above, and responses from the State will be published on <http://www.caleprocure.ca.gov>. Click on "Start Search." In the event name field, enter the project number and click search. While viewing the Event Details, click on "View Event Package" to view RFBI responses.

Project No.: 000000000009324
Project Name: OES Security Upgrades
Location: Mather, Sacramento County, CA

Drawing Reference: None Project Manual Reference: Addendum #1

Question: Section 01 35 16 Alteration Project Procedure

Addendum #1 item 2, specification 01 35 16 add's 1.3C that the contractor shall coordinate project scope of work compatibility and integration with the security services vendor serving the existing system.

Electronic Innovations, (EI) an industrial security contractor, is bidding the security scope of this project to the select prime contractors.

EI is an experienced Software House Intergrator and is properly certified and licensed to perform the card access, intercom and surveillance scope of this project.

Is it acceptable for EI to provide this scope of work if they coordinate with DGS and/or Access Systems Inc?

DGS Response:

Contractor shall be a Software House authorized reseller, installer and servicer, proficient in the installation and programming of devices used with C-Cure 9000 Software systems. Contractor shall provide Submittal with documentation from Software House demonstrating such compliance. The current service contract between the State and Access Systems, Inc. does not prohibit work by other system integrators provided that the installers shall be certified by Software House. The scope of work to program new devices in existing C-Cure 9000 access control system shall be coordinated with the State.

- Jenny Li, Project Director, DGS, 12/3/2025

Bidder's Authorized Signature: Eric Bledsoe
