

Creating a Concur Profile: A Step-by-Step Guide

To begin, you will need to request a Concur account from your department/entity's travel coordinator. Once the registration process is completed, you will receive an email from Concur with your Concur Account Information. You can access Concur and change your password using the link in the email.

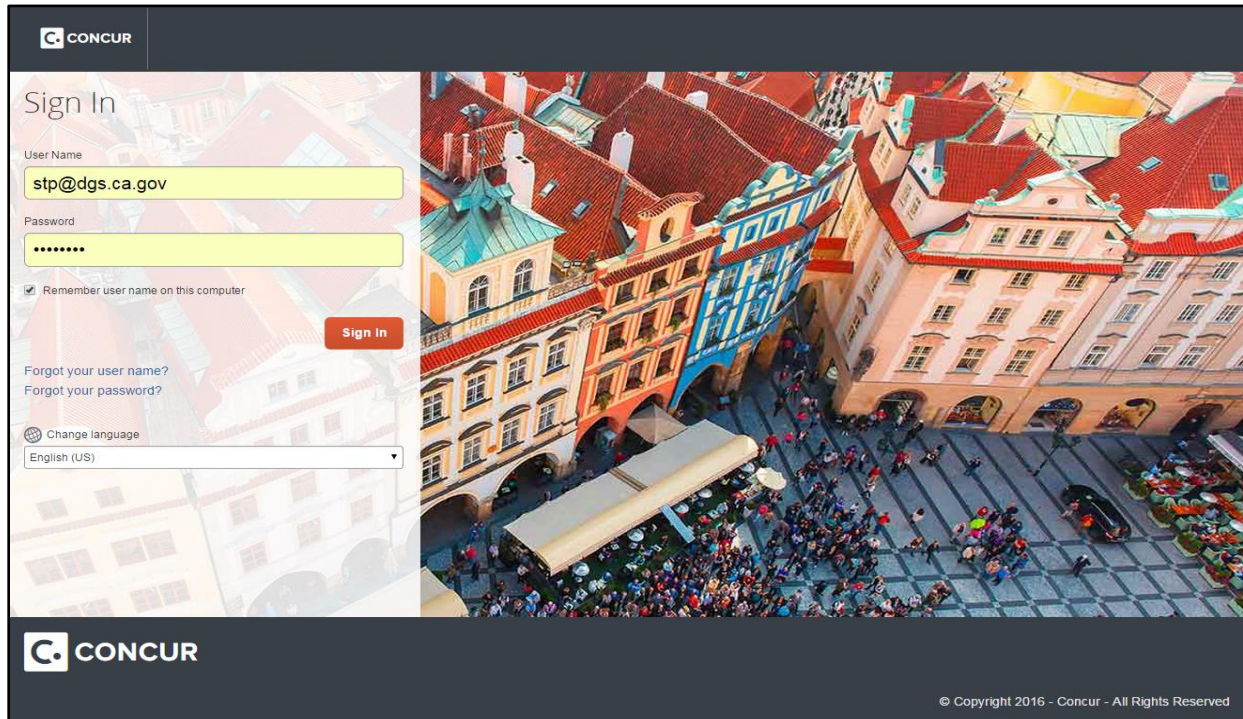

When you click the link you will be taken directly into your Profile where you need to change your password.

The image shows the Concur 'Change Password' web form. At the top left is the Concur logo. The main heading is 'Change Password'. Below the heading is a yellow warning box with a triangle icon and the text: 'Your password has expired. Please change your password.' Below the warning box is a note: 'A password must be at least 7 characters. It can contain numbers (0-9), upper and lower case characters (A-Z, a-z), and symbols (such as ^%*#@#). It cannot contain spaces. All fields are required.' Below this note is another note: 'Note: Passwords are case sensitive.' The form contains two input fields: 'New Password' and 'Re-enter New Password'. Below these fields is a 'Password Hint (we will email this to you if you forget your password)' field. At the bottom left of the form is a blue 'Submit' button.

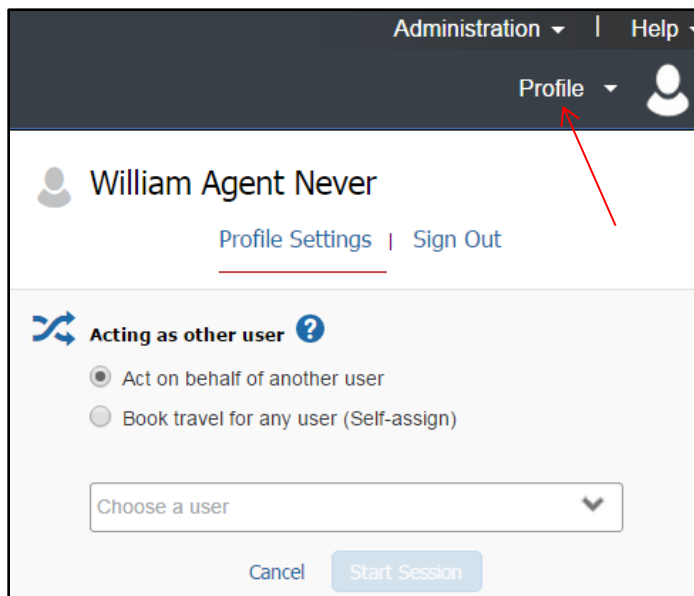

All future logins can be done by going to CalTravelStore or www.caltravelstore.com and clicking on the Concur link for access to the login screen, or going directly to the Concur login screen (www.concursolutions.com).

After you log in, you will be brought to the home page. In the upper right-hand corner, click on the down arrow next to “Profile” and select “Profile Settings.”

IMPORTANT NOTE: You must complete the required fields of the Profile before you can book a trip.

You will then be brought to the Profile page. There are only a few required fields, but you may make your Profile as thorough or as limited as you would like. To make edits or

complete your profile, click the appropriate links on the left or in the center of the page. We recommend starting with the “Personal Information” section.

Disabled fields (gray) cannot be changed. If there are errors in these fields, contact your company's travel administrator.

Fields marked **[Required]** and **[Required**]** (validated and required) must be completed to save your profile.

When you enter your name, it is important that you enter it EXACTLY how it shows on your photo identification, such as your driver license. The name you enter here is how your name will be printed on your ticket.

If after you have saved your Profile, you realized that you had a typo in the spelling of your name or in any other grayed-out area, you will need to contact the Statewide Travel Program at (916) 376-3974 in order for it to be changed.

 **Important Note**
Your Name and Airport Security: Please make certain that the first, middle, and last names shown below are identical to those on the photo identification that you will be presenting at the airport. Due to increased airport security, you may be turned away at the gate if the name on your identification does not match the name on your ticket.

The next section is your company information. This may or may not be a required field for your department, but it allows you to enter in some of your department information.

While there is an option to save after every section, when you are first creating your Profile, you will not be able to use it because there are required fields not filled in yet. However, after your Profile is complete, you can go to any section that needs to be changed, make the change, and save immediately without scrolling down to the bottom of the page.

The next section is your work address. This is the physical address of the department where you work. If you work in a satellite office, enter your office’s address, not the department headquarters.

Please select any discount programs you may belong to, but be prepared to show the proper identification/membership cards. If you choose a rate with an AARP discount, you will need to show your AARP membership card at the counter. The government discount refers to federal government rates so you do not need to check the box unless you have a Federal ID; otherwise, Concur automatically searches for the state government rates.
