An aerial photograph of a city, likely San Francisco, with a red location pin marking a specific area in the center. The image is dark, with the red pin standing out. The text is overlaid on the left side of the image.

Uber & The Future of Urban Mobility

The world we live in today

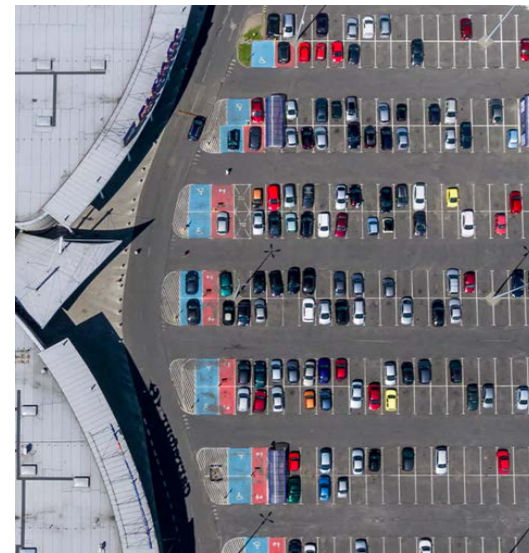

Cities can improve this world by providing affordable, reliable alternatives to individual car ownership

2,000,000,000 cars in the world

22% of all carbon emissions come from transportation

Cars sit idle 95% of the time

Uber's vision

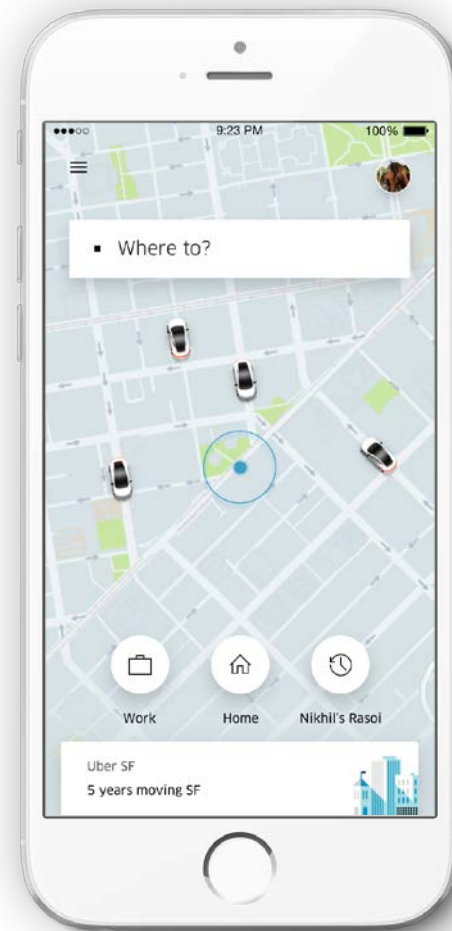

It all starts with technology

Finding better ways for cities to move, work, and thrive

Use technology to create the:

- **Safest**
- **Most affordable**
- **Most reliable way to move people**

*State of CA officially recognizes ridesharing in 2015!
