Application and Funding Criteria for the Full-Day Kindergarten Facilities Grant Program

PURPOSE

Discuss and review questions and input received at and since the August 28, 2018 and September 13, 2018 stakeholder meetings regarding the creation of the Full-Day Kindergarten Facilities Grant Program (FDKFGP). Review the proposed program Forms, Grant Agreement, and Regulations for FDKFGP.

DESCRIPTION

Assembly Bill (AB) 1808, adds Article 7 (commencing with Education Code Section 17375) to Chapter 3 of Part 10.5 of Division 1 of Title 1 of the Education Code (EC) to create FDKFGP. The FDKFGP allows school districts that lack the facilities to provide full-day kindergarten to apply for one-time grants to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms. AB 1808 requires the State Allocation Board to adopt regulations to administer the grant program. This item continues the discussion on proposed project criteria and proposes Forms, Grant Agreement, and Regulations that will be used in the program.

AUTHORITY

See Attachment F.

BACKGROUND

The Office of Public School Construction (OPSC) held public meetings on August 28, 2018 and September 13, 2018, to discuss proposed criteria for determining the eligibility and funding of FDKFGP applications, and to receive stakeholder input. Questions that were not answered at the meetings have been addressed in this item.

ATTACHMENTS

See Attachment A for the proposed *Application for Funding* (Form SAB 70-01).

See Attachment B for the proposed *Fund Release Authorization* (Form SAB 70-02).

See Attachment C for the proposed *Expenditure Report* (Form SAB 70-03).

See Attachment D for the proposed Grant Agreement.

See Attachment E for the proposed Regulations for FDKFGP.

See Attachment F for the previous items from the August and September stakeholder meetings.

## STAFF ANALYSIS

### **Questions and Answers**

Staff reviewed the questions presented at the August and September 2018 meetings and those submitted by email. The following responses are provided:

- Q. If a school is currently being demolished and rebuilt using modernization funding for replacement of like kind, would the Kindergarten classrooms at this site be eligible for FDKFGP funding?
- A. This type of project would qualify for FDKFGP funding for new Full-Day Kindergarten Classrooms as long as the district meets all of the criteria in FDKFGP such as the preexisting building(s) being out of compliance for Kindergarten curriculum and standards at the time they were constructed and that the site is not offering full-day kindergarten currently. Please note, OPSC will need to evaluate each project application on a case-by-case basis to determine if the proposed project is eligible.
- Q. Will FDKFGP take Transitional Kindergarten (TK) as well as Kindergarten classrooms into consideration for the program?
- A. Yes. TK pupils are considered kindergarten pupils. TK classrooms would also be counted as available space if they were not considered kindergarten compliant classrooms at the time they were constructed. Provided the district meets other application criteria, funding may be provided for full-day TK classrooms if there is still a need for the Kindergarten classrooms. Please note, the funding must be based on capacity needs for full-day kindergarten/TK enrollment in totality. Funding cannot be provided solely to separate TK and kindergarten students into two different classrooms.
- Q. Is there a specific format for FDKFGP Resolutions or can School Districts use formats from other OPSC programs?
- A. Not at this time. EC Section 17375 identifies what applicants need to do at a minimum, and it is up to the School District to determine the specifics of what is contained in the resolution.
- Q. If a district has approved a new master/implementation plan since the induction of the FDKFGP that includes grade reconfiguration at various school sites, would a school that does not currently but will soon house TK and kindergarten students under the new plan be eligible for this program? For example, if a school currently operates a site serving grades 3-6, but will soon operate as a K-6 site under the new plan, will that school site be considered eligible under the program. In this example, this school site will see growth in enrollment, which could make this specific site ineligible. However, is this criterion different if the district as a whole is not expecting growth but is realigning the grades their schools operate?
- A. Under this example, the school site would see a growth in kindergarten pupil enrollment. EC Section 17375 states that grant funds may be used for costs to adequately house existing kindergarten pupils. Additionally, to be eligible, the site must have a verifiable current enrollment. FDKFGP projects must house existing

students at the site and shall not provide classrooms for projected kindergarten students (growth). Therefore, this scenario would not be eligible for FDKFGP funding.

Q. Do projects have to participate in the priority in funding round?

A. No, they do not. As long as projects meet the requirements for the request for fund release, the funds can be released immediately, as OPSC has cash on hand to allocate.

### DISCUSSION

To ensure that the FDKFGP provides funding as intended by statute and that proposed program criteria are clear, Staff is requesting stakeholder feedback on topics outlined as part of this item.

### CLOSING REMARKS/NEXT STEPS

**APPLICATION FOR FUNDING****FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM**

SAB 70-01 (NEW 10/18)

**GENERAL INSTRUCTIONS**

If not previously submitted, a School District may file an application for new construction or retrofit funding by use of this form for projects that have awarded construction contracts on or after the inception of the Full-Day Kindergarten Facilities Grant Program (FDKFGP) on June 27, 2018.

**SPECIFIC INSTRUCTIONS**

The School District must assign a Project Tracking Number (PTN) to this project. The same PTN is used by the Office of Public School Construction (OPSC), the Division of the State Architect (DSA) and the California Department of Education (CDE) for all project applications submitted to those agencies to track a particular project through the entire state application review process. If the School District has already assigned a PTN to this project by prior submittal of the Plans and Specifications (P&S) to either DSA or CDE for approval, use that PTN for this application submittal. If no PTN has been previously assigned for this project, a PTN may be obtained from OPSC's website.

**1. Type of Application**

Check the appropriate box that indicates the type of FDKFGP funding the School District is requesting for purposes of new construction apportionment with or without an advance release of funds or retrofit apportionment with or without an advance release of funds. Requests for funding may be as follows:

a. A **New Construction Grant** pursuant to Section 1860.7(a)(1). If the funding request includes site acquisition, the proposed site must either be owned by the School District, in escrow, or the School District has filed condemnation proceedings and received an order of possession of the site. For purposes of this apportionment, the following documents must be submitted with this form:

- Site map that includes labelling of all current kindergarten classrooms and any kindergarten facilities that will not provide full-day kindergarten.
- Supporting documentation to substantiate the School District's kindergarten enrollment at the site.
- Narrative that explains the current kindergarten classroom usage at the site, what the School District plans to do with the project, and the resulting kindergarten usage at the completion of the project.
- DSA application number and plan approval letter date.
- CDE final plan approval letter date.
- P&S for the project that were approved by DSA. Submittal of plans may be on CD-ROM or flash drive readable in AutoCAD or Adobe Acrobat.
- CDE final site approval letter (site acquisition only).
- Appraisal of property, must be dated within 6 months prior to the received date of the Form SAB 70-01 (site acquisition only).

b. A **New Construction Grant with Advance** pursuant to section 1860.7(a)(2). If requesting this grant, check the appropriate box to specify if the School District is requesting advance funding for design and/or advance funding for site acquisition. School Districts may apply for both on the same project. For purposes of this apportionment, the following documents must be submitted with this form:

- Site map that includes labelling of all current kindergarten classrooms and any kindergarten facilities that will not provide full-day kindergarten.
- Supporting documentation to substantiate the School District's kindergarten enrollment at the site.
- Narrative that explains the current kindergarten classroom usage at the site, what the School District plans to do with the project, and the resulting kindergarten usage at the completion of the project.
- Contingent site approval letter from CDE (site acquisition only).
- Preliminary appraisal of property, must be dated within 6 months prior to the received date of the Form SAB 70-01 (site acquisition only).

c. A **Retrofit Grant** pursuant to Section 1860.7(a)(3). For purposes of this apportionment, the following documents must be submitted with this form:

- Site map that includes labelling of all current kindergarten classrooms, labelling of any kindergarten facilities that will not provide full-day kindergarten, and identification of any facilities that will be retrofitted in the project. If a School District is requesting a 50-year old utilities grant, identify the age of the building(s).
- Supporting documentation to substantiate the School District's kindergarten enrollment at the site.
- Narrative that explains the current kindergarten classroom usage at the site, what the School District plans to do with the project, and the resulting kindergarten usage at the completion of the project.
- DSA application number and plan approval letter date.
- CDE final plan approval letter date.
- P&S for the project that were approved by DSA. Submittal of plans may be on CD-ROM or flash drive readable in AutoCAD or Adobe Acrobat.

d. A **Retrofit Grant with Advance** pursuant to Section 1860.7(a)(4). For purposes of this apportionment, the following documents must be submitted with this form:

- Site map that includes labelling of all current kindergarten classrooms, labelling of any kindergarten facilities that will not provide full-day kindergarten, and identification of any facilities that will be retrofitted in the project. If a district is requesting a 50-year old utilities grant, identify the age of the building(s).
- Supporting documentation to substantiate the School District's kindergarten enrollment at the site.
- Narrative that explains the current kindergarten classroom usage at the site, what the School District plans to do with the project, and the resulting kindergarten usage at the completion of the project.

**2. Pupil Grant Request and Project Information**

- a. Enter the total number of pupils assigned to the project using state loading standards of 25 pupils per classroom pursuant to Section 1860.5(b).
- b. Enter the number of new kindergarten classrooms for which the School District is requesting funding as shown on the P&S.
- c. Enter DSA's application number for this project, if applicable.
- d. Enter the date(s) of DSA's final plan approval, if applicable.
- e. Enter the date(s) of CDE's final plan approval, if applicable. In addition, enter the:
  - (1) Recommended site size, as determined by CDE.
  - (2) Existing Useable Acres already owned at that location (if any).
  - (3) Proposed Useable Acres that was/will be purchased as part of the application (if any).
- f. If the School District is requesting site acquisition, enter the date(s) of CDE final site approval.
- g. If the School District is requesting site acquisition, enter the date(s) of CDE contingent site approval.

**3. Project Priority Funding Order**

Enter the priority order of this application in relation to other FDKFGP applications submitted by the School District during the same funding round.

**4. Preference Points**

- a. Enter the School District's Free and Reduced Price School Meals (FRPM) percentage if the School District is requesting to receive priority for having a high population of pupils who are FRPM eligible for as defined by Education Code Section 42238.01. Because a high FRPM percentage is required to receive priority, districts must have at least 60 percent FRPM to receive

**APPLICATION FOR FUNDING****FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM**

SAB 70-01 (NEW 10/18)

priority points. Points will be provided on the sliding scale listed in Section 1860.14. The School District can earn up to 40 preference points based on the School District's FRPM percentage.

- b. Check the box if the School District is requesting to receive priority because the School District qualifies for financial hardship and/or is requesting to receive priority for financial hardship because it is unable to meet its matching share requirement. To receive priority for financial hardship, a district must meet the criteria defined in Education Code Section 17375(b)(3) and 17075.10. Projects that meet these criteria will receive 40 preference points.

If the application includes a request for Financial Hardship, the School District must comply with the requirements of Section 1860.16.

**5. New Construction Additional Grant Request**

Check the appropriate box(es) if the School District requests an augmentation to the new construction grant for "additional" grants for the items listed. Refer to Sections 1860.9(b) through (f) for eligibility criteria. Enter the:

- Check the box(es) if the School District requests and the project qualifies for additional funding for fire code requirements authorized in Section 1860.9(b) and (c).
- Check the box if the School District is requesting additional funding for Site Development pursuant to Section 1860.9(d). The new construction base grant for all new construction projects will be increased by 35 percent.
- List the number of multilevel classrooms in the P&S pursuant to Section 1860.9(e).
- Check the box if the School District has an enrollment of 2,500 or less and is requesting project assistance pursuant to Section 1860.9(f).

**6. New Construction Additional Grant Request—Site Acquisition**

Complete the following sections if the School District requests an augmentation to the new construction grant for "additional" grants for the items listed below. Refer to Sections 1860.10 through 1860.10.3 for eligibility criteria. Enter the:

- If the School District is requesting funding for eligible site acquisition costs pursuant to Section 1860.10, enter the following information:
  - Enter 50 percent of the actual cost.
  - Enter 50 percent of the appraised value of the site. If the request is made pursuant to Regulation Section 1860.7(a)(2), enter 50 percent of the preliminary appraised value. Appraisals must be dated within 6 months prior to the received date of the Form SAB 70-01.
  - Enter two percent of the lesser of the actual cost or appraised value of the site (minimum \$25,000).
  - Enter 50 percent of the actual relocation cost.
  - Enter 50 percent of the estimated relocation cost. (advance only)
  - Enter 50 percent of the actual the Department of Toxic Substances Control (DTSC) fee for review and approval of the phase one environmental site assessment and preliminary endangerment assessment reports. Refer to Sections 1860.10.2 and 1860.10.3.
  - Enter 15 percent of the appraised value for DTSC fees. (advance only)
- Enter 50 percent of the actual amount allowable for hazardous materials/waste removal and/or remediation for the site acquired pursuant to Sections 1860.10.2 and 1860.10.3. Enter 50 percent of the estimated hazardous waste removal (advance only). If an RA is required, check the box.

**7. Retrofit Additional Grant Request**

- Check the box(es) if the School District requests and the project qualifies for additional funding for fire code requirements authorized in Section 1860.12(b)

- Check the box if the School District is requesting additional funding for site development pursuant to Section 1860.12(c). The retrofit base grant will be increased by 35 percent.
- Check the box if the School District is requesting additional funding for site development utility cost necessary for the retrofit of 50 years or older permanent building(s) pursuant to Section 1860.12(d). The retrofit base grant will be increased by 15 percent for 50 year-old utilities for projects that retrofit 50 years or older permanent buildings.
- Check the box if the School District has an enrollment of 2,500 or less and is requesting project assistance allowance pursuant to Section 1860.12(e).

**8. Construction Information**

- Check the box that best represents the construction delivery method that the School District has or will use for this project, if known.
- Enter the date(s) the construction contract(s) was awarded for this project(s). If a construction contract has not been executed, enter N/A. (If the space provided is not sufficient for all applicable contract dates, please list all dates on a separate attachment to this form.)

**9. Architect of Record or Licensed Architect Certification**

The architect of record or the licensed architect must complete this section.

**10. Architect of Record or Design Professional Certification**

The architect of record or the appropriate design professional must complete this section.

**11. Certification**

The District Representative must complete this section.

- I am an authorized representative of the School District as authorized by the governing board of the School District; and
- The School District will comply with all laws pertaining to the construction or retrofit of its school building; and,
- A resolution or other appropriate documentation supporting this application under Chapter 3, Part 10.5, Division 1, commencing with Section 17375, et. seq., of the Education Code was adopted by the school district's governing board or the designee of the Superintendent of Public Instruction on, \_\_\_\_\_; and,
- The School District has established a "Restricted Maintenance Account" for exclusive purpose of providing ongoing and major maintenance of school buildings and has developed an ongoing and major maintenance plan that complies with and is implemented under the provisions of Section 1860.22); and,
- If this request is for new construction funding, the School District has received approval of the site and the plans from CDE. Plan approval with this application submittal is not required if the request is for apportionment with advance; and,
- If this request is for retrofit funding, the School District has received approval of the plans for the project from CDE. Plan approval with this application submittal is not required if the request is for apportionment with advance; and
- The School District has or will comply with the Public Contract Code regarding all laws governing the use of force account labor; and,
- The School District matching funds required pursuant to Sections 1860.11 or 1860.13 has either been expended by the School District, deposited in the County School Facility Fund or will be expended by the School District prior to fund release; and,
- The School District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.
- The School District has received the necessary approval of the plans and specifications from the Division of the State Architect unless the request is for an apportionment with advance. Plan approval is not required with this application submittal if the request is for apportionment with advance; and
- If the School District is submitting a request for an apportionment without advance, it will submit a fund release request for full funding with all required approvals within 180 days of apportionment. The School District understands that funds not released [or not requested] within 180 days of apportionment shall be rescinded (refer to Section 1860.17); or,
- If the School District is requesting an apportionment with advance, it will submit a final fund release request with all required approvals within 12 months of apportionment. The School District understands that funds not released within 12 months of apportionment shall be rescinded (refer to Section 1860.17); and,
- The School District understands that some or all of the State funding for the project must be returned to the State as a result of an audit pursuant to Sections 1860.21; and,
- If the School District requested additional funding for fire code requirements pursuant to Sections 1860.9(b) and (c) or 1860.12(b), the School District will include the automatic fire detection/alarm system and/or automatic sprinkler system in the project prior to completion of the project; and,
- If the School District requested additional funding for 50-year old utilities, the School District certifies that 50-year old utilities work required for the retrofit of 50-year old permanent buildings will be included in the project and done prior to completion of this project.
- If the School District requested additional funding for multi-level classroom construction, the School District certifies that multi-level classroom construction work will be included in the project and done prior to completion of this project.
- If this funding request is for the retrofit of kindergarten classrooms, the School District has considered the potential for the presence of lead-containing materials in the retrofit project and will follow all relevant federal, state, and local standards for the management of any identified lead; and,
- If this funding request is for the retrofit of kindergarten classrooms, the School District certifies that the classrooms did not meet design requirements for a kindergarten classroom at the time they were built or previously retrofitted to meet kindergarten standards; and,
- With regards to providing full-day kindergarten instruction, the School District certifies that:
  - ☐ A resolution or other appropriate documentation allowing the School District to provide full-day kindergarten at the project site was adopted by the school district's governing board (attached) on, \_\_\_\_\_; or,
  - ☐ Prior to the completion of the project, a resolution or other appropriate documentation allowing the School District to provide full-day kindergarten at the project site will be adopted by the school district's governing board and submitted with the Form SAB 70-03.
- The statements set forth in this application and supporting documents are true and correct to the best of my knowledge and belief; and,
- This form is an exact duplicate (verbatim) of the form provided by OPSC. In the event a conflict should exist, the language in OPSC's form will prevail.

SAB 70-03 (NEW 10/18)

**INSTRUCTIONS (Refer to Title 2, California Code of Regulations Sections 1860.19 through 1860.21)**

For purposes of completing this form enter the total amount spent for the project up to the total approved project cost authorized by the State Allocation Board, including interest.

1. Enter the date construction was completed as stated in the notice of completion on the last working contract.
2. Enter the amounts approved by the State Allocation Board. Interest earned on state funds should be reported in Part 2C.
3. If applicable, list the amount of savings from this project that will be used for other high priority capital facility needs of the School District. Savings must be used within one year of completion of the project pursuant to Section 1860.20(a). If completing Final Savings Report, only complete this section.
4. Check appropriate box if School District has attached written declaration of savings pursuant to Section 1860.20. While savings may be declared at any point within the one year of Final Fund Release, the final savings amount will be determined at audit.
5. Attach a copy of the approved School District board resolution approving a Full-Day Kindergarten Program pursuant to Education Code Section 8973, if not provided with the *Application for Funding* (Form SAB 70-01). Check appropriate box if the Board Resolution is attached.

Provide a detailed listing of each expenditure listing items by:

- Warrant, date of warrant, payee, warrant number, and description/purpose of the expenditure.
- The use of a transaction record, in lieu of warrant number, is acceptable for documenting actual force account labor expenditures.

Visit the Office of Public School Construction (OPSC) website at [www.dgs.ca.gov/opsc](http://www.dgs.ca.gov/opsc) for the Expenditure Worksheets (an Excel worksheet) which may be used to assist in reporting these expenditures.

(Authority: Regulation 1860.2)

## **B. Term of Grant Agreement**

The Grantee and the Executive Officer, or designee, of the Office of Public School Construction shall be the parties to this Agreement. This Agreement must be entered into by both parties prior to, and as a condition of, the release of any funding for the Project. This Agreement becomes effective on the date the Board approves the Project for Apportionment. This Agreement terminates once (1) all Grants and the Grantee’s matching funds, including interest generated by the Grants, is expended, and when all of the Parties’ obligations under this Grant Agreement are fully satisfied, or (2) if the Board rescinds the Apportionment, or (3) if the Grantee withdraws its Application for Funding.

## **C. Project Execution**

1. The Board hereby awards to the Grantee a sum of money (Grants)  
\$\_\_\_\_\_ in consideration of and on condition that the sum be expended in carrying out the purposes as set forth in the description of the Project in this Agreement and its attachments and under the Terms and Conditions set forth in this Agreement. Grants may also be expended for the purposes of a future high priority Capital Outlay project as the result of Savings, or for the purposes of reimbursement, pursuant to Regulation Section 1860.20.  
(Authority: Education Code Section 17375)
2. Prior to the release of any funding for the Project, Office of Public School Construction staff has completed the following steps to finalize the Project funding amount outlined in this Agreement, as necessary:
  - i. The Application for Funding was accepted on \_\_\_\_\_ (date) and deemed to meet the definition of an Approved Application. The Grantee was provided written notification of any deficiencies and given 24 hours to remedy the identified deficiency(s) in order to retain the date upon which it was received.
  - ii. Upon confirmation of an Approved Application, Office of Public School Construction staff reviewed the Application for Funding for compliance with Full-Day Kindergarten Facilities Grant Program Regulations and verified eligibility for all available program grants. The Grantee was provided written notification of all deficiencies and/or changes necessary and given 15 calendar days to respond and remedy the identified deficiencies and/or changes necessary.

---

Office of Public School Construction Application Number: \_\_\_\_\_

- iii. Upon review of the submitted corrections, Office of Public School Construction staff provided the Grantee written notification of any final deficiencies and required a response within four business days.
  - iv. Upon receipt of the final amendments to the Application for Funding, the Office of Public School Construction staff and the Grantee agreed that the Project was ready for presentation to the Board for Apportionment.  
*(Authority: Regulation Sections 1860.7, 1860.17 and Office of Public School Construction process)*
3. Grantee certifies that the Project complies with all laws and regulations applicable to the Project.  
*(Authority: Form SAB 70-01 certifications)*
4. Grantee certifies that the Project complies with all labor and public contract laws, as applicable, including, but not limited to:
- i. Public Contract Code Section 20111.6, as added by Chapter 808, Statutes of 2012 (Assembly Bill 1565), which became effective on September 30, 2012. Beginning January 1, 2014 through December 31, 2018, new contracting requirements are effective for School Districts with an average daily attendance of 2,500 or more for construction projects with estimated expenditures of at least \$1,000,000 that will be funded through any future state school bonds. These new Public Contract Code requirements require a standardized prequalification questionnaire and financial statement to be verified under oath from all bidders.
  - ii. Labor Code Section 1773.3, as amended by Senate Bill 877, Chapter 455, Statutes of 2018, which requires school districts to provide notice to Department of Industrial Relations of any public works contract subject to the requirements of that chapter, within 30 days of the award, but in no event later than the first day in which a contractor has workers employed upon the public work.

Project Execution Signature

All laws and regulations noted in Sections (i), and (ii) above have been, and will be, followed, as applicable.

#### **D. Receiving Board Approval**

1. Grantee must have (1) title or (2) other interest to Project lands. Title may include an order for pre-judgement possession issued by a court in an eminent domain proceeding.  
*(Authority: Education Code Section 17375; Regulation Section 1860.8)*
2. Grantee understands and agrees that the Grants, combined with local funds, shall be sufficient to complete the Project.  
*(Authority: Education Code Section 17375)*
3. The Grantee understands and agrees that (1) Grants required to be adjusted for site acquisition for New Construction projects, and (2) unspent Financial Hardship Grants must be returned to the state school facilities fund from which the Grants were apportioned as a result of an audit, pursuant to Education Code Section 17375 and Education Code Section 41024, as applicable.
4. The Grantee understands and agrees that, if it does not remit the amount of Ineligible Expenditures identified in the audit report within 120 days of being invoiced by the California Department of Education, and if no repayment plan has been approved pursuant to paragraph (d) of Section 41024 of the Education Code, then the Controller shall deduct the total amount of any Ineligible Expenditures from apportionments pursuant to paragraph (d) of Section 41024 of the Education Code. The Grantee may request a payment plan pursuant to paragraph (d) of Section 41024 of the Education Code.
5. The statutorily-required Grantee matching funds have either been expended by the Grantee, have been deposited by the Grantee in the county fund, or will be expended by the Grantee prior to notice of completion of the project.  
*(Authority: Education Code Sections 17375(b)(3); 1860.11, 1860.13, and Form SAB 70-01 certifications)*
6. Financial Hardship Review Process
  - i. If the Grantee has requested Financial Hardship Grants, the Financial Hardship approval from the Office of Public School Construction was valid.  
*[Authority: Regulation Section 1860.16]*
  - ii.
    - a) If the Grantee has requested Financial Hardship Grants and has a bridge financing debt instrument in place, or will have a bridge financing debt instrument in place in the future in order to move the Project forward until Grants become available, then the Grantee agrees that it has received, or will receive, bridge-financing approval from the Office of Public School Construction.
    - b) The Grantee also agrees to retire all bridge financing debt within 60 calendar days of receiving Grants. Failure to retire all bridge financing debt within 60 calendar days of receiving Grants will result in the amount of the Financial

---

Office of Public School Construction Application Number: \_\_\_\_\_

Hardship Grants in this Agreement being reduced by the amount of the bridge financing that was not retired.

7. [Instructions: The following sections only apply to the Program, or other circumstance, that is detailed in this Agreement.]

*New Construction:*

i. The Grantee has received approval of the plans from the California Department of Education and the Division of the State Architect, and approval of the site from the California Department of Education if the project included site acquisition. Plan approval is not required if request is for design or site advances. Site approval is not required if request is for design or site other two percent advances.

(Authority: Regulation Sections 1860.7, and 1860.10.1)

*Site Acquisition:* The Grantee has complied with Sections 1860.10 through 1860.10.3, as appropriate. The Grantee shall provide all applicable county assessor parcel numbers for the land being acquired for the Project. Grantee understands and agrees that Grants for site acquisition (i.e. site purchase, hazardous materials mitigation, relocation, etc.) as described in Section F (Accounting for Spent Funds) of this Agreement are limited to actual eligible expenditures. Therefore, the audit report may result in an adjustment (increase or decrease, if funds are available) to the Grant amount based on the final approved expenditures related to site acquisition separate and apart from all other Grants.

Office of Public School Construction Application Number: \_\_\_\_\_

### **E. Receiving an Apportionment and Receiving Funds**

The Grantee and the Executive Officer, or designee, of the Office of Public School Construction shall enter into this Agreement prior to, and as a condition of, the release of any funding for the Project.

*(Authority: Regulation Sections 1860.7 and 1860.17)*

Additionally:

1. Any Grants provided to Grantee under this Agreement will be disbursed upon receipt of a complete Fund Release Authorization, unless for design or site other two percent advance funding, and shall not exceed \$\_\_\_\_\_  
except for \_\_\_\_\_.  
(site-related exceptions)  
*(Authority: Education Code Section 17375(c)(1) and (2), Regulation Sections 1860.17 and Form SAB 70-02)*
2. Supplementary documentation submitted with, or prior to, a Fund Release Authorization must include this Agreement as well as documentation, including but not limited to, that proves the Grantee has entered into a binding contract(s) for the completion of the project included in the plans and specification applicable to this Project.  
*(Authority: Education Code Section 17375(c)(1) and (2), Form SAB 70-02 certifications)*
3. If the Office of Public School Construction finds that the Fund Release Authorization is incomplete, inadequate or inaccurate, it will notify the Grantee that the Grantee has ten (10) business days to address the issue(s). If the issue(s) has not been addressed after ten (10) business days, the Office of Public School Construction will consider the submittal to be invalid and the request will be returned to the Grantee. The Grantee will retain the opportunity to submit a valid Fund Release Authorization within 180 days of Apportionment if the Project had Division of the State Architect Approval at the time of Apportionment and 12 months from Apportionment if the Project did not have Division of the State Architect approval at the time of Apportionment. However, if the Grantee does not submit a valid Fund Release Authorization by the applicable deadline, the Apportionment shall be rescinded by the Board.  
*(Authority: Education Code Section 17375(c)(1) and (2), Regulation Section 1860.17)*

Office of Public School Construction Application Number: \_\_\_\_\_

## **F. Accounting for Spent Funds**

1. For purposes of completing the Expenditure Report required pursuant to Education Code Section 17375, at the completion of the Project, the Grantee shall maintain a general ledger at a Project-specific level that includes fund, resource, project year, goal, function, and object codes for all expenditures for the Project, including furniture and equipment, as they are described in the *California School Accounting Manual, Procedure 301: Overview of the Standardized Accounting Code Structure and Procedure 345: Illustrations Using Account Code Structure*.  
(Authority: Education Code Section 17375(f), Regulation Sections 1860.19, Form SAB 70-03)

2. Project Audit

The Grantee understands and agrees to the following:

- i. Upon Project completion pursuant to Regulation Section 1860.21, the Office of Public School Construction may notify the Grantee, the Grantee's County Office of Education, and the State Controller's Office that the Grantee is subject to an audit of the Project by a local auditor that is in accordance with the Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. The Grantee shall retain all financial accounts, documents, and records necessary for an audit pursuant to Education Code Section 41024(a)(4) and shall provide Project documentation, if requested by the local auditor.  
(Authority: Regulation Section 1860.21)
- ii. Project documentation that the Grantee shall provide when requested by the local auditor, for the purposes of the audits described in Education Code Section 41024, shall include, but is not limited to:
  - a) Proof of acreage purchased
  - b) Proof of site costs and adjusted site grants, where applicable
  - c) Copy of Form SAB 70-01
  - d) Copy of SAB Board item(s) (Approval of project Apportionment)
  - e) DSA Approval Letter, if for New Construction Grant or Retrofit Grant Apportionment
  - f) Preliminary or Final CDE Approval Letter, as applicable
  - g) Architect Final Billing
  - h) Proof of Routine Restricted Maintenance Account
    - i) Project-specific accounting records, such as a general ledger, as described in Spending Funds (Section F, paragraph 1), for all sources of funding
  - j) Final construction billing and invoices,
  - k) Any and all change orders
  - l) Proof the School District implemented full-day kindergarten
  - m) If the Grantee's matching funds have already been expended for this Project or have been deposited in the County School Facility Fund, the Grantee shall provide accounting records, such as a general ledger, for all sources of funding,

---

Office of Public School Construction Application Number: \_\_\_\_\_

verifying those previous expenditures or deposits. If the matching funds have been or will be spent from a Certificate of Participation (COP), then the Grantee shall indicate the fund that the proceeds from the COP were originally deposited into or will be deposited into. The Grantee shall also include a copy of the COP booklet. Providing the official notice of intent to sell bonds may be provided to prove that the Grantee will expend the Grants prior to the time the project is completed, as described complete pursuant to Regulation Section 1860.17. If the Grantee has funds from another source not listed here, the Grantee shall provide the accounting records, such as a general ledger verifying the expenditures and deposits.

*(Authority: Education Code Section 17375 and Regulation Section 1860.17)*

- iii. During the local auditor's audit and/or upon completion of the audit report, the Grantee understands and agrees that its Expenditure Report is final and may not be subsequently adjusted or amended.
- iv. The Grantee understands and agrees that:
  - (a) Should the audit report determine that the Grantee spent Grants on Ineligible Expenditures, the local auditor will inform the California Department of Education of the amount of the Ineligible Expenditure. The amount to be remitted will be limited to the proportionate percentage of Grants and Financial Hardship Grants. Grantees will not be required to provide the state with payments related to the amount of their matching funds. Ineligible Expenditures funded by Grants will not be considered Savings.
  - (b) The Grantee may appeal the finding of any Ineligible Expenditures, as described in Education Code Section 41024(d).
  - (c) The California Department of Education will recover Grants spent on Ineligible Expenditures, pursuant to Education Code Section 41024(d)(1).
  - (d) The Grantee may request a repayment plan from the California Department of Education related to the recovery of Grants described in (c).
  - (e) In order to recover funds as part of a repayment plan described in (d), the California Department of Education will notify the State Controller of the repayment plan and the State Controller will withhold funds from the Grantee's principal apportionment or Education Protection Account payments, pursuant to Education Code Section 41024(d).

*(Authority: Education Code Sections 17375(f) and 41024; FDKFGP Regulation Section 1860.21)*
- v. The Grantee shall provide its Expenditure Report for a Project deemed complete pursuant to FDKFGP Regulation Section 1860.19, and any and all audit reports, including the audits of Savings, to the Office of Public School Construction.

*(Authority: Education Code Section 17375(f))*

---

Office of Public School Construction Application Number: \_\_\_\_\_

- vi. The Grantee shall also provide site access to the local auditor to determine if the project work is in accordance with the Board-approved project scope, including a final inspection for a Project deemed complete pursuant to Regulation Section 1860.19.

*(Authority: Education Code Section 17375(h),)*

### 3. Savings Audit(s)

Grantees may retain Savings for expenditure for other high priority capital outlay with the exception of when unexpended funds remain on project that received Financial Hardship funding. Savings must be spent within one year of the completion of the project.

*(Authority: Education Code Section 17375 and Regulation Section 1860.20)*

The Grantee understands and agrees to the following:

- i. Upon the Grantee declaring Savings pursuant to Regulation Section 1860.20, the Office of Public School Construction may notify the Grantee, the Grantee's County Office of Education, and the State Controller's Office, that the Grantee is subject to annual audits of the Savings by a local auditor that is in accordance with the Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting until the Grantee has expended all Savings. The Grantee shall retain all financial accounts, documents, and records necessary for an audit pursuant to Education Code Section 41024(a)(4) and shall provide documentation related to the use of Savings, when requested by the local auditor.  
*(Authority: Regulation Section 1860.20)*
- ii. Savings documentation that the Grantee shall provide when requested by the local auditor, for the purposes of the audits described in Education Code Section 41024, shall include, but is not limited to:
  - a) The Grantee's expenditure report with actual savings submitted to the Office of Public School Construction, and
  - b) Project-specific accounting records, such as a general ledger, as described in Spending Funds (Section F, paragraph 1), and
  - c) General ledger report verifying that the Savings has been deposited to county school facilities fund and detail verifying the expenditure of the funds for high priority Capital Outlay, and
  - d) Construction billing and related invoices.

*(Authority: Education Code Section 17375(h) and Regulation Section 1860.21)*

- iii. The Grantee understands and agrees that its Savings expenditure reports submitted to the local auditor are final and may not be subsequently adjusted or amended.
- iv. The Grantee understands and agrees that:
  - (a) Should the audit report determine that the Grantee spent Savings on Ineligible Expenditures, the local auditor will inform the California Department of Education of the amount of the Ineligible Expenditure. The amount to be remitted will be limited to

---

Office of Public School Construction Application Number: \_\_\_\_\_

the Savings. Grantees will not be required to provide the state with payments related to the amount of their matching funds.

(b) The Grantee may appeal the finding of any Ineligible Expenditures, as described in Education Code Section 41024(d).

(c) The California Department of Education will recover Grants spent on Ineligible Expenditures, pursuant to Education Code Section 41024(d)(1).

(d) The Grantee may request a repayment plan from the California Department of Education related to the recovery of Grants described in (c).

(e) In order to recover funds as part of a repayment plan described in (d), the California Department of Education will notify the State Controller of the repayment plan and the State Controller will withhold funds from the Grantee's principal apportionment or Education Protection Account payments, pursuant to Education Code Section 41024(d).

*(Authority: Education Code Sections 17375(h) and 41024; Regulation Section 1860.21)*

- v. The Grantee shall provide its Savings expenditure reports, and any and all audit reports, to the Office of Public School Construction, pursuant to Education Code Section 17375(h).

- vi. The Grantee shall also provide site access to the local auditor to determine if the project work is in accordance with eligible uses of Savings.

*(Authority: Education Code Sections 14042, and 17375(h))*

4. Site Adjustments

Should the audit report determine that the amount of Grants received for site acquisition requires adjustment, then, upon receipt of the audit, the Office of Public School Construction will present the Project to the State Allocation Board for an adjustment to the Apportionment, in accordance with Education Code Section 41024 (c)(2). Adjustments resulting in an increase to the amount of funding provided will only be made if funds are available.

*(Authority: Education Code Sections 14024, and 17375(h))*

5. Financial Hardship

Should the audit report determine that there are unspent Financial Hardship Grants, then the Grantee agrees to repay the unspent Financial Hardship Grants pursuant to Education Code Section 41024(c)(2)

*(Authority: Education Code Sections 41024, and 17375(h), and FDKFGP Regulation Section 1860.16)*

## **I. Record Retention**

Grantee shall maintain satisfactory financial accounts, documents, and records for the Project, at a Project-specific level of detail. Grantee shall also retain such financial accounts, documents, and records necessary for an audit, pursuant to Education Code Section 41024(a)(4).

Financial accounts, documents, and records may be retained electronically.  
(Authority: Government Code Section 12275(a) and (b), and Education Code Section 41024)

## **K. Conflict of Interest**

All Grantees are subject to State and Federal conflict of interest laws. Failure to comply with these laws, including business and financial disclosure provisions, will result in the application being rejected and any subsequent contract being declared void. Other legal action may also be taken. Applicable statutes include, but are not limited to, Government Code, Section 1090 and Public Contract Code, Sections 10410 and 10411, for State conflict of interest requirements.

1. Employees of the Grantee: Employees of the Grantee shall comply with all applicable provisions of law pertaining to conflicts of interest, including, but not limited to any applicable conflict of interest provisions of the California Political Reform Act, Cal. Gov't Code § 87100 et seq.
2. Employees and Consultants to the Grantee: Individuals working on behalf of the Grantee may be required by the Department to file a Statement of Economic Interests (Fair Political Practices Commission Form 700) if it is determined that an individual is a consultant for Political Reform Act purposes.

## **L. Severability**

If any provision of this Agreement or the application thereof is held invalid, that invalidity shall not affect other provisions or applications of this Agreement which can be given effect without the invalid provision or application, and to this end the provisions of this Agreement are severable.

## **M. Disputes**

1. Any claim that the Grantee may have regarding performance of this agreement including, but not limited to, claims for additional compensation or extension of time, shall be submitted to the Office of Public School Construction. The Office of Public

Chapter 3. Department of General Services  
Subchapter 4. Office of Public School Construction  
Group 1. State Allocation Board  
Subgroup 5.8. Regulations Relating to the Full-Day Kindergarten Facilities Grant Program

### Article 1. Full-Day Kindergarten Facilities Grant Program

#### Section 1860. Purpose.

These regulations implement the Full-Day Kindergarten Facilities Grant Program (FDKFGP), which establishes a State program to provide one-time grant funding to School Districts to construct new school facilities or retrofit existing school facilities, up to one hundred million dollars (\$100,000,000), for the purpose of providing full-day kindergarten classrooms pursuant to Education Code (EC) Section 8973.

Note: Authority cited: Section 17375, Education Code

Reference: Sections 8973 and 17375, Education Code.

#### Section 1860.1. General Services Director.

Pursuant to Government Code Section 15490(c), the Director of General Services shall provide assistance to the State Allocation Board (Board) as the Board requires.

The General Services Director, or his or her legal designee, shall perform all acts necessary to carry out the provisions of the Program except such functions as are reserved to the Board and to other agencies by law or by Sections 1860.1 through 1860.22 inclusive. The acts to be performed include, but are not limited to, entering into contracts to administer the Program.

"Small School District" means a School District with current districtwide enrollment, including pupils enrolled in grades K-12, continuation high pupils and special day class pupils, that is 2,500 or less.

"Useable Acres" means the gross acreage of a school site less any portion of the site publicly dedicated for off-site street improvements and any portion of the site not available for school purposes as determined by the CDE because of topological impediments or because of other unique circumstances.

Note: Authority cited: Sections 17280 and 17375, Education Code.

Reference: Sections 17280 and 17375, Education Code; 1771.5, Labor Code.

A School District seeking funding for a new construction or retrofit project pursuant to the provisions of Education Code Section 17375 shall complete and file with OPSC, the Form SAB 70-01 and all necessary documents, as defined by Approved Applications.

This Program takes effect June 27, 2018. New Construction Grant and Retrofit Grant funding may be provided for a project if the district entered into a construction contract for that project on or after June 27, 2018.

Note: Authority cited: Section 17375(g), Education Code.

Reference: Section 17375(g), Education Code.

#### Section 1860.4. Funding Guidelines

Funds available for the Full-Day Kindergarten Facilities Grant Program must be encumbered by the Board on June 30, 2021. Funds that are not completely encumbered or that return to the program through project rescissions may be applied as follows:

- (a) Any funds that return on or before June 30, 2021 shall be returned to the Full-Day Kindergarten Facilities Grant Program Account and may be used to provide additional Apportionments.
- (b) Any funds that return on or after June 30, 2021 shall be returned to the General Fund.

Note: Authority cited: Section 17375, Education Code; Sections 16304 and 16304.1, Government Code

Reference: Section 17375, Education Code.

#### Section 1860.5. Program Eligibility Criteria.

A School District may apply for funding made available pursuant to EC Section 17375 by submittal of a Form SAB 70-01, if all of the following requirements are met:

- (a) The School District has a school board resolution providing approval to provide full-day kindergarten instruction at the project school site, or will have approval to provide full-day kindergarten instruction at the completion of the project.
- (b) The School District lacks the facilities to provide full-day kindergarten instruction at the project school site.

A project school site will be considered lacking full-day kindergarten facilities if the kindergarten enrollment, based on the most current CBEDS Report or School District documents such as registration for the school or classroom attendance rosters, exceeds the existing kindergarten classroom capacity prior to the construction of the project. For purposes of determining classroom capacity, a loading standard of 25 kindergarten pupils per classroom will be used and all kindergarten classrooms will be loaded for full-day instruction, unless the School District indicates that an existing classroom(s) will continue to be used for non-full-day instruction at the completion of the project.

- (c) The Approved Application shall include a description of the proposed project including, but not limited to, the following information:
  - (1) The total number of kindergarten classrooms on the site prior to the FDKFGP project.
  - (2) The kindergarten enrollment at the site, based on the CBEDS report or district documents such as registration for the school or classroom attendance rosters, as of the earlier of:
    - A. The date the Approved Application is received by OPSC, or
    - B. The date the contract for the project was awarded.
  - (3) The total number of kindergarten classrooms on the site after the completion of the FDKFGP project.
  - (4) The total number of kindergarten classrooms that will be used for full-day kindergarten instruction after the completion of the FDKFGP project.

Note: Authority cited: Section 17375(a) and 17375(b), Education Code.

Reference: Section 17375(a) and 17375(b), Education Code.

## Section 1860.6. Application Submittals.

The Board shall accept Approved Applications for Full-Day Kindergarten Facilities Grant Program funding during specified funding rounds:

- (a) Approved Applications for Full-Day Kindergarten Facilities Grant Program funding for the first funding round must be received by OPSC on or after January 2, 2019 and on or before January 31, 2019. Applications that do not receive an Apportionment during this round will be returned to the School District.
- (b) Approved Applications for Full-Day Kindergarten Facilities Grant Program funding for the second funding round must be received by OPSC on or after May 1, 2019 and on or before May 30, 2019. Applications that do not receive an Apportionment during this round will be returned to the School District.

Note: Authority cited: Section 17375(g), Education Code.

Reference: Section 17375(g), Education Code.

## Section 1860.7. Application Types.

- (a) The following Application types may be requested with the submittal of a Form SAB 70-01. To become an Approved Application, the School District must also submit all necessary documents, as defined by Approved Applications:
  - (1) A New Construction Grant may be requested if the following conditions exist:
    - (A) The School District has received final plan approval by DSA and CDE for the project.
    - (B) The School District has received final site approval by the CDE if the project includes site acquisition.
    - (C) The School District has a final appraisal, if the project includes site acquisition.
    - (D) The School District has entered into escrow, if the project includes site acquisition.
  - (2) A New Construction Grant with an advance fund release(s) for design and/or site acquisition may be requested with the submittal of a Form SAB 70-01, and preliminary appraisal if purchasing a site.
  - (3) A Retrofit Grant may be requested if the School District has received final plan approval by the DSA and CDE for the project.
  - (4) A Retrofit Grant with an advance fund release for design may be requested with the submittal of a Form SAB 70-01.
- (b) For an Apportionment received pursuant to Section 1860.7(a)(2) and 1860.7(a)(4), where submittal of the necessary CDE plan approval and/or DSA-approved plans and specifications were not required at the time the Board granted an Apportionment, then the School District has up to 12 months to submit the required approvals from the date of Apportionment. If the required submittals are not received within 12 months, the Apportionment shall be rescinded and the Full-Day Kindergarten Facilities Grant will return to the Program for reallocation.

Note: Authority cited: Section 17375(g), Education Code.

Reference: Section 17375(g), Education Code

## Regulation Section 1860.8. Application for Funding on School District-Owned Land.

Prior to the School District requesting FDKFGP funds for facilities, the School District must hold title to the real property where the facilities will be located.

Note: Authority cited: Section 17375(f) and 17375(g), Education Code.

Reference: Section 17375(f), Section 17375(g), Education Code.

#### Section 1860.9. New Construction Apportionment Determination.

The New Construction Apportionment shall be equal to the sum of (a) through (f) below:

- (a) For applications funded with 2018 grant amounts, \$11,567 for each elementary school pupil.
- (b) For applications funded with 2018 grant amounts, \$14 for each elementary school pupil if the project includes an automatic fire detection and alarm system and is requested by the School District on the Form SAB 70-01.
- (c) For applications funded with 2018 grant amounts, \$194 for each elementary school pupil if the project includes an automatic sprinkler system and is requested by the School District on the Form SAB 70-01.
- (d) An amount equal to 35 percent of the amount determined in (a) for costs associated with site development, demolition, landscaping and other costs incurred when adding a kindergarten classroom(s) to a site, utility costs, utility connections and other related fees necessary for the FDKFGP project, if requested by the applicant on the Form SAB 70-01.
- (e) An amount equal to 12 percent of the amount determined in (a) for each pupil housed in a multilevel building that will house pupils in all levels of the building if the usable site acreage is less than 75 percent of the site size recommended by CDE for the master planned project capacity, if requested by the School District on the Form SAB 70-01.
- (f) For applications funded with 2018 grant amounts, \$7,074 for Small School Districts for the cost necessary for project assistance.

The grant amounts shown in (a), (b), (c) and (f) above shall be adjusted annually based on the change in the Class B Construction Cost Index as approved by the Board each January, pursuant to Education Code Section 17072.10.

Note: Authority cited: Section 17375, Education Code.

Reference: Sections 17072.10(b), 17375(d), 17375(f) and 17375(g), Education Code.

#### Section 1860.10. New Construction Additional Grant for Site Acquisition Cost.

The Board shall provide funding, in addition to any other funding authorized by these Regulations, for the lesser of one half of the actual cost of the site or one-half of the appraised value of the site acquired adjacent to an existing Schools site as described in (a) and (b) of this Section.

##### (a) Actual Site Cost

The actual cost of the site shall be the purchase price as shown on the escrow documents or other appropriate documents such as court orders in condemnation or as specifically identified in agreements when the site is transferred in lieu of other legally required payments or fees due to the district. The actual cost shall be adjusted for the following:

- (1) Increased by the approved relocation expenses that conform to Title 25, California Code of Regulations, Section 6000, et seq. The reasonable and necessary relocation costs for purchasing fixtures and equipment, personal property, new machinery/equipment and the installation of any improvements at the replacement residence or business location may be included as relocation assistance.
- (2) Site Other - Increased by four percent of the actual amount determined in (a) above, but not less than \$50,000. This amount shall provide an allowance for any appraisal, escrow, survey, site testing, CDE review/approvals and the preparation of the POESA and the PEA.
- (3) Increased by the DTSC costs for review, approval, and oversight of the POESA and the PEA.

##### (b) Appraised Value of the Site

The value determined by an appraisal made or updated no more than six months prior to application submittal to OPSC for funding. The appraisal may be reviewed by OPSC for conformance with Section 1860.20.1. The approved appraised value shall be adjusted for the following:

- (1) Increased by the approved relocation expenses that conform to Title 25, California Code of Regulations, Section 6000, et seq. The reasonable and necessary relocation costs for purchasing fixtures and equipment, personal property, new machinery/equipment and the installation of any improvements at the replacement residence or business location may be included as relocation assistance.

- (2) Increased by four percent of the appraised value determined in (b) above, but not less than \$50,000. This amount shall provide an allowance for appraisals, escrow, survey, site testing, CDE review/approvals and the preparation of the POESA and the PEA.
- (3) Increased by the DTSC costs for review, approval, and oversight of the POESA and the PEA.

If actual DTSC, hazardous waste removal, and relocation costs are not available at the time of Apportionment, an amount equal to 15 percent of the amount determined in 1860.9(a) will be provided for DTSC and the School District may provide an estimated amount for Hazardous waste removal and relocation expenses. These costs will be reviewed by OPSC prior to the final fund release and an adjustment shall be made, if necessary.

The actual site cost or the appraised value of the site shall be reduced, on a prorated basis, by the percentage of the excess acreage of the site that exceeds the eligible acreage shown below for a kindergarten classroom project, or as approved by CDE, pursuant to Title 5, California Code of Regulations Section 14010(a):

1 Classroom	2 Classrooms	3 Classrooms	4 Classrooms
.3 acres	.5 acres	.9 acres	1.6 acres

Note: Authority cited: Section 17375(f) and 17375(g), Education Code.

Reference: Sections 17375(f) and 17375(g), Education Code.

#### Section 1860.10.1. Site Acquisition Guidelines.

To receive the funding authorized by Section 1860.10, the School District must certify on the Form SAB 70-01, that the appraisal of the property was made utilizing the following criteria:

- (a) The land improvements and appurtenances, excluding fixtures, equipment and personal property, were appraised in an as is condition with the following exceptions:
  - (1) The site shall be appraised as if it were a clean site, safe of all toxic contaminants in accordance with CDE guidelines and pursuant to Title 5, California Code of Regulations commencing with Section 14001.
  - (2) The site valuation included only proposed site improvements associated with grading the site to a mass graded or super pad condition, defined as a site graded to construction readiness without foundation or paving and proposed utilities stubbed to the site. Any proposed site improvements or utilities not covered by a performance bond equal to 100 percent of the estimated cost of the site improvements and utilities must be completed prior to the close of escrow and detailed separately in the report.
- (b) Consideration in the appraisal was made for net useable acreage and severance damages.
- (c) The School District or its legal counsel has contracted for appraisal services.
- (d) The appraiser has certified to the School District that the appraisal complies with the Uniform Standards of Professional Appraisal Practices as promulgated by the Appraisal Standards Board of the Appraisal Foundation.
- (e) The amount of a court award for a site acquired in condemnation may be used in lieu of the appraised value determined in (a) through (d) above, when specifically approved by the Board.

Note: Authority cited: Section 17375(f) and 17375(g), Education Code.

Reference: Sections 17375(f) and 17375(g), Education Code.

#### Section 1860.10.2. New Construction Additional Grant for Hazardous Waste Removal on an Acquired Site.

The Board shall provide funding, in addition to any other funding authorized by these Regulations for the allowable costs of hazardous materials/waste removal and/or remediation costs. The allowable site costs shall not exceed 50 percent of one and one half times the value of an appraisal that conforms to Section 1860.10.1 for the costs in subsections (a), (a)(1) and (a)(2) plus the additional costs included in (b) and (c). The costs in (b) and (c) are in addition to 50 percent of one and one half times the appraisal value cap:

- (a) The costs associated with the site acquisition and to implement the RA as determined necessary in the PEA that has been approved by the DTSC subject to the following:

- (1) The costs for preparation of the RA.
- (2) The DTSC costs for review and oversight of the preparation and implementation of the RA. The costs may not include continuous operational and maintenance costs associated with the RA.
- (b) Fifty percent of the approved relocation expenses that conform to Title 25, Division 1, Chapter 6, Subchapter 1, California Code of Regulations, (Section 6000, et seq.). The reasonable and necessary relocation costs for purchasing fixtures and equipment, personal property, new machinery/equipment and the installation of any improvements at the replacement residence or business location may be included as relocation assistance.
- (c) Site Other - Not less than 50 percent of \$50,000 or 50 percent of four percent of the appraised value. This amount shall provide an allowance for any appraisal, escrow, survey, site testing, CDE review/approvals and the preparation of the POESA and the PEA.
- (d) The limitation of 50 percent of one and one half times the value of an appraisal for costs in subsections (a), (a)(1), and (a)(2) may be exceeded when the Board finds that unforeseen circumstances exist, and when both of the following exist:
  - (1) CDE determines that the site is adjacent to the existing Schools site and is the best available site for meeting the educational and safety needs of the School District.
  - (2) Substantiation that the costs are limited to the minimum required to complete the evaluation and RA approved by the DTSC.

The actual site cost or the appraised value of the site shall be reduced, on a prorated basis, by the percentage of the excess acreage of the site that exceeds the eligible acreage shown below for a kindergarten classroom project, or as approved by CDE, pursuant to Title 5, California Code of Regulations Section 14010(a):

1 Classroom	2 Classrooms	3 Classrooms	4 Classrooms
.3 acres	.5 acres	.9 acres	1.6 acres

Note: Authority cited: Sections 17375(f) and 17375(g), Education Code.

Reference: Sections 17375(f) and 17375(g), Education Code.

#### Section 1860.10.3. New Construction Additional Grant for Hazardous Waste Removal Required on an Existing School Site.

- (a) The Board shall provide funding, in addition to any other funding authorized by these Regulations for the necessary hazardous waste materials/waste removal and/or remediation costs on an existing school site where the New Construction funding will be used if all the following are met:
  - (1) The New Construction funding request is for additional school facilities on an existing school site.
  - (2) The New Construction Grant request does not include a funding request for initial site acquisition costs allowed pursuant to Sections 1860.10.
  - (3) The existing school site where the New Construction Grant will be expended has a functioning school on the site or the site had a closed school that will again be used as a functioning school.
  - (4) The hazardous material cleanup costs are required by the DTSC.
- (b) If all the criteria in subsection (a) are met, the allowable hazardous waste removal cleanup costs shall be one half of all the following:
  - (1) The costs for preparation of the POESA, the PEA and the RA.
  - (2) The costs to implement the RA as determined necessary in the PEA that has been approved by the DTSC subject to the following:
    - (A) The costs may include the DTSC costs for review and oversight of the preparation and implementation of the RA.
    - (B) The costs may not include continuous operational and maintenance costs associated with the RA.
  - (c) In advance of the New Construction Adjusted Grant, districts performing a RA on additions to existing school sites shall be eligible for the costs associated with evaluation and RA required by the DTSC.

Note: Authority cited: Sections 17375(f) and 17375(g), Education Code.

Reference: Sections 17375(f) and 17375(g), Education Code.

#### Section 1860.11. New Construction School District Matching Share Requirement.

Any funding provided by these Regulations shall require a School District matching share contribution on a dollar-for-dollar basis with the exception of School Districts that qualify for Financial Hardship provided by Section 1860.16.

Note: Authority cited: Section 17375(b)(3), Education Code.

Reference: Section 17375(b)(3), Education Code.

#### Section 1860.12. Retrofit Apportionment Determination.

The Retrofit Apportionment shall be equal to the sum of (a) through (e) below:

- (a) For applications funded with 2018 grant amounts, \$4,404 for each elementary school pupil.
- (b) For applications funded with 2018 grant amounts, \$143 for each elementary school pupil if the project includes an automatic fire detection and alarm system and is requested by the School District on the Form SAB 70-01.
- (c) An amount equal to 35 percent of the amount determined in (a) for costs associated with demolition, landscaping, playground safety improvements and other costs incurred when adding a kindergarten classroom(s) to a site, utility costs, utility connections and other related fees necessary for the project, if requested by the applicant on the Form SAB 70-01.
- (d) An amount equal to 15 percent of the amount determined in (a) for upgrading existing site development (utilities) work as necessary for the retrofit of 50 years or older permanent buildings, if requested by the School District on the Form SAB 70-01.
- (e) For applications funded with 2018 grant amounts, \$3,772 for Small School Districts for the cost necessary for project assistance.

The grant amounts shown in (a), (b) and (e) above shall be adjusted annually based on the change in the Class B Construction Cost Index as approved by the Board each January, pursuant to Education Code Section 17074.10(b).

Note: Authority cited: Section 17375(g), Education Code.

Reference: Sections 17074.10, 17375(d), 17375(f) and 17375(g),

Education Code.

#### Section 1860.13. Retrofit School District Matching Share Requirement.

With the exception of Financial Hardship funding provided by Section 1860.16, any funding provided by these Regulations shall require a School District matching share equal to 40 percent of those amounts which, combined with the State's Retrofit Grant, shall represent 100 percent of the total project cost.

Note: Authority cited: Section 17375(b)(3), Education Code.

Reference: Section 17375(b)(3), Education Code.

#### Section 1860.14. Application Funding Criteria.

If the estimated total Apportionments of all Approved Applications received within a funding round specified in Section 1860.6 exceed the funds available in that funding round, OPSC will calculate preference points for all Approved Applications. An Approved Application shall receive preference points based on the total of (a) and (b) up to a maximum of 80 points, as follows:

- (a) Low Income: Up to 40 points based on the percentage of pupils at the School District meeting the definition of Low Income. The following sliding scale shall be used to determine the number of preference points:

Percentage Receiving Free and Reduced Price School Meals	Preference Points Assigned
60-65%	4
66-70%	8
71-75%	15
76%	16
77%	17
78%	18
79%	19

- (b) Financial Hardship: 40 points if a School District demonstrates it meets the requirements under Section 1860.16.

The Board shall first apportion the project with the highest total preference points based upon the sum of subdivisions (a) and (b) above. If two or more Approved Applications have the same total preference points, a lottery system will be used to select the project that is funded.

In the event the tie involves multiple applications submitted by the same School District, OPSC will use the priority order assigned to those applications by the School District on the Form SAB 70-01 prior to the lottery.

Note: Authority cited: Sections 17375(b)(2) and 17375(g), Education Code.

Reference: Sections 17375(b)(2), 17375(g), and 42338.01. Education Code.

#### Section 1860.15. Hardship Assistance.

A School District shall qualify for hardship assistance by demonstrating a Financial Hardship, as provided in Section 1860.16, which prevents the School District from funding all or a portion of the matching share requirement for a FDKFGP grant.

Note: Authority cited: Sections 17375(b), Education Code.

Reference: Sections 17075.10 and 17070.15, Education Code.

## Section 1860.16. Financial Hardship.

A School District is eligible for a financial hardship grant to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (b), and (c) below:

- (a) The School District is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the School District's financial records by OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the School District's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds and sale proceeds from surplus property, the appraised value of facilities approved for replacement, and bond funds either encumbered, unencumbered or authorized but unsold. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by OPSC and all prospective revenue made available to the School District's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.

The financial hardship analysis is subject to approval by the Board.

- (b) The School District has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the School District meets at least one of the following:
  - (1) The current outstanding bonded indebtedness of the School District issued for the purpose of constructing school facilities at the time of request for financial hardship status, is at least 60 percent of the District's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.
  - (2) The School District had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the School District's matching share requirement for the FDKFGP project(s).
  - (3) It is a County Superintendent of Schools.
  - (4) The School District's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.
  - (5) Other evidence of reasonable effort as approved by the SAB.
- (c) If the School District meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the School District's matching share less funds deemed available in (a).
  - (1) Once a School District has been notified that OPSC is scheduled to begin processing the School District's Form SAB 70-01, the School District must submit documentation to support the Financial Hardship request within 30 calendar days.
  - (2) If the School District does not submit documentation within 30 calendar days, the School District will be ineligible to receive a Financial Hardship grant for their project(s) and preference points as provided in Section 1860.14.

Financial hardship approval status by OPSC for a design and/or site advance will apply to any subsequent funding for the project(s) received by OPSC during the same application filing round, as established in Section 1860.6.

Note: Authority cited: Section 17375(b)(2)(A), Education Code.

Reference: Sections 17075.10, 17075.15, 17375(b)(2)(A), Education Code.

#### Section 1860.17. Fund Release Process.

OPSC will release State funds that have been Apportioned by the Board pursuant to Sections 1860.9 and 1860.12 when the following requirements have been satisfied:

- (a) For an advance fund release for design costs, 40 percent of the grant determined in 1860.9(a) or 25 percent of the grant determined in 1860.12(a) will be released once an executed design, or design and site, Grant Agreement, as required by Section 1860.18, has been received by OPSC.
- (b) For an advance fund release for two percent site other costs, funds will be released once an executed site, or design and site, Grant Agreement, as required by Section 1860.18, has been received by OPSC.
- (c) For an advance fund release for site acquisition costs, other than two percent site other, funds will be released once an executed site, or design and site, Grant Agreement, as required by Section 1860.18, has been received by OPSC and the following requirements have been met:
  - (1) The School District has entered escrow for the site.
  - (2) There has been a final appraisal of the site.
  - (3) The School District received either contingent or final site approval from the California Department of Education.
  - (4) A valid Form SAB 70-02 has been received by OPSC.
- (d) For New Construction Grant or Retrofit Grant funding, all unreleased funds will be released once an executed full grant agreement, as required by Section 1860.18, has been received by OPSC and the following requirements have been met:
  - (1) The School District's applicable matching share has already been deposited or expended by the School District for the project, unless the School District meets the requirements for Financial Hardship pursuant to Section 1860.16.
  - (2) The School District has entered into a binding contract(s) for the completion of the project.
  - (3) The plans and specifications applicable to the state funded project have been approved by DSA.
  - (4) If the project includes site acquisition, there has been a final appraisal of the site, the site received written final approval by CDE and the School District has entered escrow for the site.
  - (5) A valid Form SAB 70-02 has been received by OPSC.

Subject to available funds, site acquisition grants shall be adjusted based on actual costs prior to the release of funds.

Prior to fund release, OPSC will verify that the district has included multilevel classrooms in the plans for the project if multilevel funding was requested.

Note: Authority cited: Section 17375(c), Education Code.

Reference: Section 17375(c), Education Code.

#### Section 1860.18. Grant Agreement Submittal.

A Grant Agreement for the project with an original signature by an authorized District Representative must be submitted prior to the release of any funds.

Note: Authority cited: Section 17375(g), Education Code.

Reference: Section 17375(g), Education Code.

#### Section 1860.19. Program Reporting Requirements.

A School District receiving funds in accordance with the Program shall submit an expenditure report from the district on the Form SAB 70-03 at the completion of the project. A project shall be deemed complete when either of the following occur:

- (a) When the notice of completion for the project has been filed; all outstanding invoices, claims, and change orders have been satisfied and the facility is currently in use by the district.
- (b) One year from the date of the final fund release.

Note: Authority cited: Section 17375(f), Education Code.

Reference: Section 17375(f), Education Code.

#### Section 1860.20. Project Savings and Unexpended Funds.

- (a) Project Savings - With the exception of School Districts that receive Financial Hardship funding, a School District may expend the savings, an interest earned on State funds, not needed for a project on other high priority capital facility needs of the School District. Any savings remaining after one year from the completion of the project, as specified in Section 1860.19, must be returned to the State.
- (b) Unexpended Funds - For a project that receives a Financial Hardship grant, any funding not expended on eligible project expenditures prior to completion of the project, as specified in Section 1860.19, must be returned to the State.
  - 1. Any interest earned State funds on a project that received Financial Hardship grant funding, that is not expended on eligible project expenditures, must be returned to the state to reduce the Financial Hardship grant for that project.
  - 2. A School District is only required to return unexpended funds up to the amount of Financial Hardship grant funding provided by the Board.

Note: Authority cited: Section 17375(g), Education Code.

Reference: Sections 17375(g), Education Code.

#### Section 1860.21. Program Accountability Expenditure Audit.

Projects will be subject to audit conducted pursuant to Education Code Section 41024 to assure that the expenditures incurred by the district were made in accordance with the provisions of Education Code Section 17375. The audit will also assure that the district complied with all site acquisition guidelines as provided in Sections 1860.10, 1860.10.1, 1860.10.2, and 1860.10.3.

Districts shall retain all financial accounts, documents, and records necessary for an audit of completed projects pursuant to Education Code Section 41024(a)(4) and shall provide project documentation, if requested by the local auditor.

Pursuant to Education Code Section 41024(c)(5), should an audit of the School District certifications or the expenditures for the project make a finding that some or all of the expenditures were not made in accordance with the provisions of Education Code Section 17375 and Sections 1860.9 to 1860.13, the Department of Education shall ensure that the School District has corrected the audit exception by implementing a required penalty payment of funds equal to the amount of funds disallowed in the audit exception. Subject to available funds, site acquisition grants shall be adjusted based on actual costs.

Note: Authority cited: Section 17375(h), Education Code.

Reference: Sections 17375(h) and 41024 Education Code; Section 1771.3, Labor Code.

#### Section 1860.22. On-going Routine Maintenance.

A School District, regardless of size, shall certify on the Form SAB 70-01 that a restricted account within the School District's general fund has been established for the exclusive purpose of providing on-going and major repair of its facilities.

Note: Authority cited: Section 17375(g), Education Code.

#### Application and Funding Criteria for the Full-Day Kindergarten Facilities Grant Program

##### PURPOSE

Discuss and review questions and input received at and since the August 28, 2018 stakeholder meeting regarding the creation of the Full-Day Kindergarten Facilities Grant Program. Continue to discuss and receive stakeholder input regarding the Program.

##### DESCRIPTION

Assembly Bill (AB) 1808, adds Article 7 (commencing with Education Code Section 17375) to Chapter 3 of Part 10.5 of Division 1 of Title 1 of the Education Code (EC) to create the Full-Day Kindergarten Facilities Grant Program (FDKFGP). The FDKFGP allows school districts that lack the facilities to provide full-day kindergarten to apply for one-time grants to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms. AB 1808 requires the State Allocation Board to adopt regulations to administer the grant program. This item continues the discussion on proposed project criteria.

##### AUTHORITY

See the Attachment.

##### BACKGROUND

The Office of Public School Construction (OPSC) held a public meeting on August 28, 2018, to discuss proposed criteria for determining the eligibility and funding of FDKFGP applications, and to receive stakeholder input. Questions that were not answered at the meeting have been addressed in this item. Additionally, information regarding tie breakers has been provided.

##### STAFF ANALYSIS

##### **Questions and Answers**

Staff reviewed the questions presented at the August 2018 meeting and submitted by email. The following responses are provided:

- Q. Will additional funding be provided to account for such items as new playgrounds, added restrooms, additional parking and/or drop off areas, and food service areas for projects that retrofit facilities that were not originally built for kindergarten use?
- A. Yes. In consideration of this request, OPSC proposes to add a site development grant in the amount of 35% of the retrofit base grant to address these costs.
- Q. Will funding be retroactive for projects that have recently been completed or have already started construction?
- A. Yes. Districts may submit applications for projects that have awarded construction contracts on or after the inception of FDKFGP on June 27, 2018.

- Q. Is there a minimum length of time that a district funded under the FDKFGP must offer full-day kindergarten?
- A. No. Statute does not state a length of time that a district funded under FDKFGP must continue to offer full-day kindergarten. School districts should be prepared at audit to document that full-day kindergarten was provided upon completion of the project.
- Q. Is there information available to help determine if existing kindergarten classrooms met the design requirements at the time they were built?
- A. For projects that include retrofitting a kindergarten classroom, districts will need to certify that the classroom did not meet kindergarten design requirements when it was built or previously retrofitted to meet kindergarten standards. OPSC will work with the California Department of Education (CDE) to confirm this information as part of processing the application. Districts may also work with CDE to determine if a kindergarten classroom met kindergarten design requirements at the time it was built.
- Q. Can districts submit applications on behalf of charter schools?
- A. Yes. Districts may submit applications for charter schools that are located in Field Act and Title 5 compliant district-owned facilities. Additionally, only a school district that provides kindergarten (such as an elementary or unified district) may apply on behalf of a charter school that is seeking full-day kindergarten facilities.
- Q. Will preference points for free and reduced lunch percentages (FRL%) be based on the school district or the school site?
- A. FRL% will be based on the district, not the school site. EC Section 17375(b)(2)(B) states that priority will be given to school districts located in an underserved community with a high population of pupils who are eligible for free or reduced-price meals. It does not allow for the percentage to be site specific. FRL% can be found on the CDE website by going to <https://dq.cde.ca.gov/dataquest/>. Using the DataQuest reporting system, select "District" from the Level category and select the "Create your own report" option from the Subject category.
- Q. Does the program provide funding for transitional kindergarten facilities?
- A. Yes. Transitional kindergarten pupils are considered kindergarten pupils. Provided the district meets other application criteria, funding may be provided for full day transitional kindergarten classrooms. Please note, the funding must be based on capacity needs for full-day kindergarten/transitional kindergarten enrollment in totality. Funding cannot be provided solely to separate transitional kindergarten and kindergarten students into two different classrooms.
- Q. Will the costs to replace a classroom in scenarios where non-kindergarten classrooms are reconfigured to create one or more kindergarten classrooms and the reconfiguration results in the net loss of a classroom(s) be considered an eligible expenditure?
- A. No. Per EC Section 17375(f), funding may only be used to construct or retrofit facilities that will house kindergarten pupils.

Q. Will project savings need to be returned?

- A. EC Section 17375 does not address savings. OPSC proposes to adopt the same model used in the School Facility Program (SFP). Per SFP Regulation Section 1859.103, Financial Hardship projects must return project savings. Non-Financial Hardship projects may keep project savings for other high priority capital facility needs of the district.

Q. How will the proration for site acquisition be calculated?

- A. When calculating the recommended acreage for a project containing kindergarten classrooms, CDE applies .3 acres per kindergarten classroom. This amount is increased by 80 percent for each additional kindergarten classroom. Based on this calculation, the following acreage amounts would be eligible for site acquisition funding:

1 CR	2 CRs	3 CRs	4 CRs
.3 acres	.5 acres	.9 acres	1.6 acres

According to CDE, the acreage amounts account for the kindergarten classroom and any necessary paved or turfed area, playground and lunch area, parking and drop off and parking related circulation. It also includes a percentage factor to account for unusable area due to site layout. OPSC proposes to use the acreage amounts listed above to determine the prorate for calculating the amount of acreage eligible for funding in a new construction FDKFGP project. The following is an example on how the prorate would be calculated:

Kindergarten classrooms in project	=	2
Acreage eligible for funding	=	.5
Acreage acquired	=	1.7
Prorate to be applied	=	29.41% (.5/1.7)
Un-prorated site acquisition cost	=	\$1,000,000
<b>Prorated site acquisition cost</b>	=	<b>\$294,100 (\$1,000,000 X 29.41%)</b>

Q. Can you please clarify why new construction eligibility will be adjusted when projects do not add capacity to a site?

- A. EC Section 17071.75(b)(1) requires that an adjustment to the new construction baseline eligibility must be made for facilities that are provided from any state or local funding source after the existing school building capacity is determined. FDKFGP projects will result in an adjustment to the new construction eligibility baseline because of the added facility with state funding.

Q. Can a new construction project replace excluded portables?

- A. No. SFP Regulation Section 1859.73.2 provides for the replacement of excluded portables in a new construction project. However, EC Section 17375 is not under the SFP. While statute for the FDKFGP refers to the SFP in some areas, it does not provide for the replacement of excluded portables in a new construction project. If the excluded portable currently houses kindergarteners but is not designed for that purpose a district could construct a new classroom. This would require an SFP new construction eligibility adjustment as a result of EC Section 17071.75(b)(1).

- Q. Can a FDKFGP be combined with an SFP modernization and/or new construction project at the same site?
- A. Statute does not prevent a FDKFGP project from being combined with an SFP modernization and/or new construction project at the same site. However, EC Section 17375(k) does state that FDKFGP funds may only supplement, not supplant, existing funds available for school facilities construction. The district would need to clearly delineate what is part of the FDKFGP project and what is part of the SFP modernization and/or new construction project and keep the scope and expenditures separated to ensure no aspect of the projects were double-funded.

### **Tie Breakers**

If a priority points system needs to be used and two or more FDKFGP applications have the same points, OPSC proposes that applications will be funded in the following order:

1. Projects submitted by districts that have not previously received funding under the FDKFGP, either in a prior round, or for another project in the same round;
2. Projects that have a lower district contribution.

In the event that a tie remains after the above tie breakers have been applied, a lottery system will be used to select the project that is funded.

### **DISCUSSION**

To ensure that the FDKFGP provides funding as intended by statute and that proposed program criteria are clear, Staff is requesting stakeholder feedback on topics outlined as part of this item.

Application and Funding Criteria for the Full-Day Kindergarten Facilities Grant Program

PURPOSE

To discuss proposed criteria for determining the eligibility and funding of Full-Day Kindergarten Facilities Grant Program applications.

DESCRIPTION

Assembly Bill (AB) 1808, adds Article 7 (commencing with EC Section 17375) to Chapter 3 of Part 10.5 of Division 1 of Title 1 of the Education Code (EC) to create the Full-Day Kindergarten Facilities Grant Program (FDKFGP). The FDKFGP allows school districts that lack the facilities to provide full-day kindergarten to apply for one-time grants to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms. AB 1808 requires the State Allocation Board (SAB) to adopt regulations to administer the grant program.

AUTHORITY

See Attachment A.

BACKGROUND

In a recent survey performed by the California Department Education (CDE), districts cited lack of facilities as the main reason for not offering full-day kindergarten instruction. AB 1808, the Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on June 27, 2018. This bill appropriated \$100,000,000 General Fund from the 2018/2019 fiscal year to the SAB to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms. A "full-day kindergarten classroom," for purposes of this bill, must satisfy the design requirements required for new kindergarten classrooms as specified in paragraph (2) of subdivision (h) of Section 14030 of Title 5 of the California Code of Regulations (CCR).

STAFF ANALYSIS

Staff has developed a proposal to administer the FDKFGP using the following guidelines and requirements:

**Who May Apply**

School districts serving kindergarten pupils may apply to the FDKFGP. County Offices of Education (COEs), Local Education Agencies (LEAs) and charter schools may not apply.

*EC Section Reference*

*17375(a) For the 2018–19 fiscal year, the sum of one hundred million dollars (\$100,000,000) is hereby appropriated from the General Fund to the State Allocation Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms pursuant to Section 8973. Funds appropriated pursuant to this subdivision shall be deposited in the Full-Day Kindergarten Facilities Account, hereby created in the State Treasury, administered by the State Allocation Board. The grant program shall be administered by the State Allocation Board.*

COEs, and charter schools are not included in EC Section 17375(a). Under the School Facility Program (SFP), EC Sections 17070.15(m) expressly defines “school district” as a school district or COE and 17073.25 expressly defines “school districts” as a school district or COE, or CDE (for modernization projects for facilities of the California School for the Deaf and the California School for the Blind). However, Article 7 of Chapter 3 of Part 10.5 of Division 1 of Title 1 will not fall within SFP statute (Article 1 of Chapter 12.5 of Part 10). Since COEs and charter schools are not expressly identified in statute, they may not apply.

The district must provide full-day kindergarten and submit a school board certification at the completion of the project, that makes a formal declaration as required by EC Section 8973. If a district is currently approved by their school board to provide full-day kindergarten, they must submit a copy of the declaration adopted by the school board as required by EC Section 8973 with their application.

### **Fund Availability**

\$100 million will be appropriated from the General Fund to the SAB and deposited in the Full-Day Kindergarten Facilities Account. EC Section 17375(j) allows the Department of General Services (DGS) to charge its administrative costs against the Full-Day Kindergarten Facilities Account for an amount not to exceed 2.5 percent.

The following amount of funding will be available to applicants for the FDKFGP:

Funds Deposited into the Full-Day Kindergarten Facilities Account	\$100.0
Less: DGS Administrative Costs	2.5
<b>Funding Available for FDKFGP Applications</b>	<b>\$ 97.5</b>

OPSC proposes that the \$97.5 million available for FDKFGP applications will be split between two rounds in the following manner:

<b>Round</b>	<b>Available Funds</b>
First Round: January 2, 2019 - January 31, 2019	\$37.5
Second Round: May 1, 2019 – May 30, 2019	\$60.0

A two-round system will account for any districts that were not ready to submit an application during the first round. Any funds that return to the program after the first round is awarded will be included in the amount available for the second round. The second round will then be left open after the remaining funding is awarded for 18 months to allow for the SAB to continue providing apportionments should funds return to the program. If necessary, a third funding round may be considered. Any funds that remain as of July 1, 2021 will return to the General Fund.

Applications that do not receive an award during the first round will be returned to the district. The district may then re-file the application during the second round. Applications that do not receive an award during the second round by the end of the 18 months will be recycled by OPSC.

### **Project Criteria**

The proposed FDKFGP project must increase the number of kindergarten classrooms meeting current design requirements at the site by either an addition to an existing school site or retrofit of an existing facility that is not a kindergarten classroom. The project may not retrofit an existing kindergarten classroom that meets the current design requirements in statute or that met the design requirements for a kindergarten classroom when it was built.

FDKFGP projects shall meet the following criteria:

A. Located at a site that lacks the facilities to provide full-day kindergarten

Per EC Section 17375(b)(1), grants shall only be awarded to districts that lack the facilities to provide full-day kindergarten or that lack facilities that satisfy the design requirements required for new kindergarten classrooms as specified in CCR Section 14030(h)(2). The latter is intended to address situations where a district may be providing full-day kindergarten instruction, but in a non-kindergarten facility such as an administrative building or classroom intended for use by grades other than kindergarten. For the purpose of this grant, a kindergarten classroom that met the design requirements for a kindergarten classroom at the time it was built but does not meet the new design requirements would not qualify for funding.

To support that a site is lacking full-day kindergarten facilities, districts must submit documentation to identify the current kindergarten enrollment and kindergarten classroom inventory at a site. Districts may use either current enrollment data posted on California Department of Education's (CDE) website at the time the application is submitted, registration lists, or classroom rosters to support enrollment. Districts must also submit a current site map identifying all classrooms currently being used for kindergarten instruction to support classroom inventory. A narrative should accompany the map that describes if the kindergarten classrooms are used for half-day or full-day kindergarten and if they meet the design requirements outlined above. The narrative should also explain the type of kindergarten instruction the district currently provides and intends to provide at the completion of the project as it relates to facility usage.

A project site will be considered lacking full-day kindergarten facilities if the kindergarten enrollment at the site exceeds the kindergarten classroom capacity at the site using the SFP loading standard of 25 (K-6) pupils per classroom. For purposes of determining existing classroom capacity, all kindergarten classrooms will be loaded for full-day instruction unless the district intends to continue to use any classrooms for non-full-day kindergarten instruction.

Example:

Current kindergarten enrollment at site	=	100
Current Kindergarten classrooms at site	=	2
Current full-day kindergarten capacity at site	=	50
Unhoused full-day kindergarten capacity at site	=	50
Number of classrooms eligible for FDKFGP funding	=	2

**B. Construct or retrofit classrooms for full-day kindergarten use**

Projects funded by the FDKFGP must either construct new kindergarten classrooms or retrofit existing non-kindergarten facilities into kindergarten classrooms. Kindergarten classrooms must satisfy the design requirements for new kindergarten classrooms in CCR Section 14030(h)(2) at the completion of the project.

The purpose of this program is to provide full-day kindergarten classrooms for existing kindergarten students; not to provide classrooms for projected kindergarten students (growth). Because of that, SFP new construction eligibility is not required and districts are not required to update their new construction eligibility prior to submitting an FDKFGP application. However, an adjustment to the new construction baseline will be made for any new classrooms in a new construction project as required by statute. EC Section 17071.75(b)(1) requires that an adjustment to the new construction baseline eligibility must be made for facilities that are provided from any state or local funding source after the existing school building capacity is determined. Modernization eligibility at the site is also not required and an adjustment will not be made.

**Project Types**

The FDKFGP provides funding for the following project types:

**A. New Construction**

Projects may consist of the construction of a new facility or the acquisition and conversion of an existing building for public school use. Projects may not consist of purchasing a portable classroom building. Projects must be on or adjacent to existing sites; new school projects are not allowed. Projects should provide classrooms to house existing kindergarten students, not add capacity to the school site.

*EC Section Reference*

*17375(f)(1) A school district may use grant funds awarded for new construction on costs necessary to adequately house kindergarten pupils in an approved project, which may include only the following:*

*(A) The costs of design, engineering, testing, inspections, plan checking, construction management, site acquisition and development, evaluation and response action costs relating to hazardous substances at a new or existing school site, demolition, construction, landscaping, necessary utility costs, utility connections and other related fees, equipment including telecommunication equipment to increase school security, furnishings, the upgrading of electrical systems, and the wiring or cabling of classrooms in order to accommodate educational technology.*

*(B) The costs of acquiring an existing government-owned or privately owned building, or a privately financed school building, and the necessary costs of converting the government-owned or privately owned building for public school use.*

**B. Retrofit**

Projects may consist of retrofitting an existing school facility, including a portable facility, to meet the design requirements for a new kindergarten classroom. Projects may not consist of replacing a portable facility, retrofitting an existing kindergarten classroom that met the design requirements for a kindergarten classroom at the time it was built, or costs associated with site acquisition, site development, routine maintenance or promoting energy efficiency.

### EC Section Reference

17375(f)(2)(A) A school district may use grant funds awarded for a retrofit project to retrofit an existing school facility to adequately house kindergarten pupils, which may only include the costs of design, engineering, testing, inspection, plan checking, construction management, demolition, construction, necessary utility costs, utility connection and other related fees, the purchase and installation of air-conditioning equipment and insulation materials and related costs, furniture and equipment, including telecommunication equipment to increase school security, fire safety improvements, playground safety improvements, the identification, assessment, or abatement of hazardous asbestos, seismic safety improvements, the upgrading of electrical systems, and the wiring or cabling of classrooms in order to accommodate educational technology.

(B) Grant funds awarded for a retrofit project shall not be used for costs associated with acquisition and development of real property or for routine maintenance and repair.

### District Match

Districts are required to provide 50 percent of the cost of a new construction project and 40 percent of the cost of a retrofit project. Districts that qualify for financial hardship under EC Section for their FDKFGP application(s) may request funding for all or a portion of their match.

### Application Types

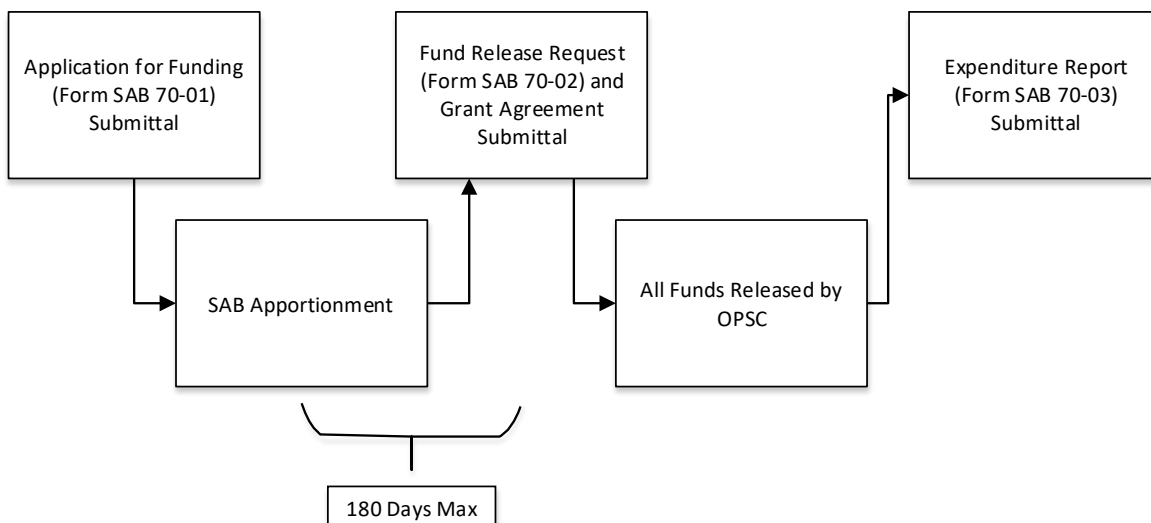

The FDKFGP is funded from the state's General Fund; therefore, all Apportionments will result in cash proceeds being immediately available for the project. Fund releases will vary dependent on the application type.

There will be two possible application types:

#### A. Apportionment (all funds released at once)

Districts that have all of the required supporting documentation, including Division of the State Architect (DSA) approved plans, (see **Application Submittal Requirements**) at the time the application is submitted may request an apportionment based on the funding formula described later in this report. For new construction projects, the district's SFP new construction baseline eligibility will be adjusted at the time an apportionment is approved by the SAB.

#### *Application/Funding Process – Apportionment (all funds released at once)*

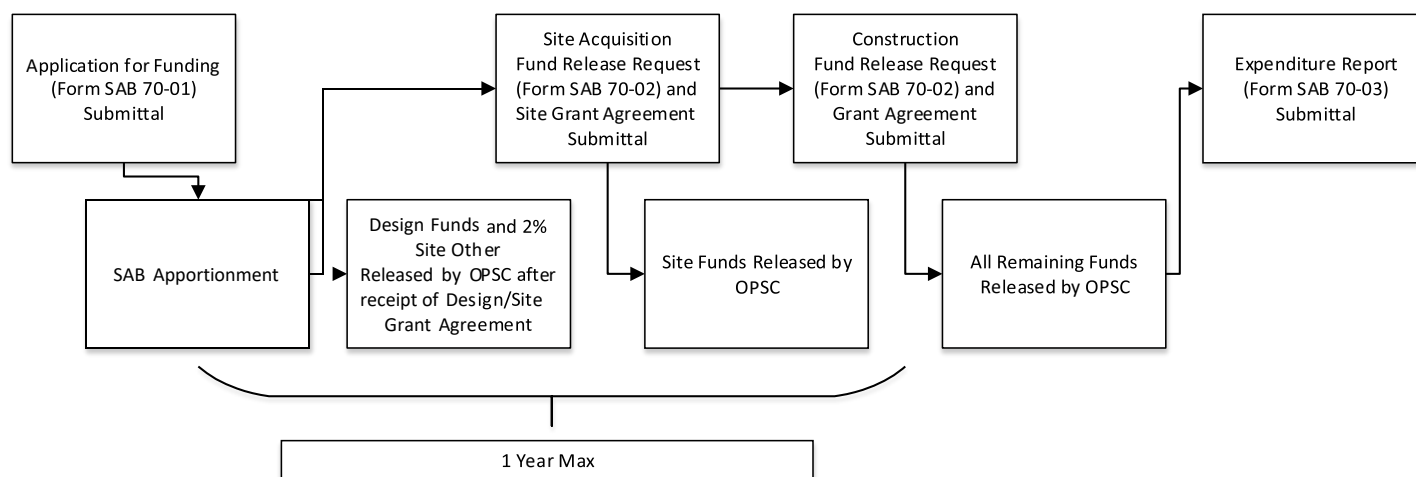

**B. Apportionment with Advanced Design and/or Site (funds released in phases)**

Districts that have none or only a portion of the required supporting documentation may request advance funding for design and site acquisition costs. The design grant will be 25 percent of the new construction base grant (see ***Calculating the FDKFGP***) and the site acquisition grant will be the amount of the submitted preliminary appraisal. Districts must submit a *Fund Release Request* (Form SAB 70-02) with all required supporting documentation within one-year of receiving the apportionment.

When a fund release for site acquisition or full grant is submitted, the only grants that will be re-verified are the grants for site acquisition. The amount originally approved for site acquisition may be adjusted and increased if it is supported by the application and there are sufficient funds available in the Full-Day Kindergarten Facilities Account to fund the increase. If funds are not available, funding for the project will be capped at the original amount reserved. If the application supports a lower cost than what was originally reserved, the excess funding will be returned to the Full-Day Kindergarten Facilities Account. If all funds are not requested to be released within one year of apportionment, the apportionment will be rescinded and the funds will be returned to the Full-Day Kindergarten Facilities Account. Any eligibility adjustments will be returned.

Prior to the submittal of final fund release documents, districts that previously qualified for financial hardship will not be subject to a re-review.

**Apportionment with Advanced Design and/or Site (funds released in phases)**

**Application Submittal Requirements**

To be eligible for funding, a district must physically submit a complete and valid *Application for Funding* (Form SAB 70-01) with all required supporting documentation to OPSC by 5:00 p.m. on the application submittal deadline. The following items are required for an application to be considered complete:

- *Application for Funding* (Form SAB 70-01)
  - The form will include a section for the applicant to provide the DSA application number, date of final DSA plan approval letter, and the date of the final CDE plan approval letter, if available. Applicants will not be required to submit hardcopies of the DSA approved plans, specifications, or DSA/CDE approval letters.
- District's Full-Day Kindergarten declaration (or certification of future declaration)

- Site Map
  - Label all current kindergarten classrooms
  - Identify any facilities that will be retrofitted in the project
  - Label any kindergarten facilities that will not provide full-day kindergarten
- Enrollment documentation
- Narrative
  - Explain the current kindergarten classroom usage at site
  - Explain what the district plans to do with the project
  - Explain the resulting kindergarten usage at the completion of the project
- DSA application number and plan approval date must be provided on *Fund Release Request (Form SAB 70-02)* if not available when original application is submitted
- CDE final plan approval letter date must be provided on the *Fund Release Request (Form SAB 70-02)* if not available when original application is submitted
- Financial Hardship application package (if applicable)

*Additional items if requesting site acquisition (new construction only)*

- CDE final/contingent site approval letter date must be provided on the *Fund Release Request (Form SAB 70-02)* if not available when original application is submitted
- Preliminary Appraisal (or final appraisal with Form SAB 70-02)
- Escrow opening/closing statement if available (must submit with Form SAB 70-02 if not available when original application is submitted)
- Department of Toxic Substances Control (DTSC) invoices, if applicable (must submit with Form SAB 70-02 if not available when original application is submitted)
- Hazardous waste removal invoices, if applicable (must submit with Form SAB 70-02 if not available when original application is submitted)

## Calculating the FDKFGP Grant

The methodology for calculating the FDKFGP grant will be similar to existing SFP criteria for new construction or modernization projects, as applicable. The FDKFGP grant will consist of a base grant and any applicable supplemental grants provided for in EC Section 17375.

### Base Grant

Per EC Section 17375(d), the SFP grade K-6 new construction pupil grant will be used to calculate the new construction base grant and the SFP modernization grade K-6 pupil grant will be used to calculate the retrofit base grant. The SFP loading standard of 25 pupil grants per K-6 classroom will be applied.

Example #1: 2 Classroom new construction project using 2018 pupil grant amounts

2 CRs X 25 pupil grants		50
(K-6) new construction pupil grant	X	\$11,567
New construction base grant (state share)		\$578,350

Example #2: 2 Classroom retrofit project using 2018 pupil grant amounts

2 CRs X 25 pupil grants		50
(K-6) modernization pupil grant	X	\$4,404
Retrofit base grant (state share)		\$220,200

### Supplemental Grants

The base grant may be increased by the following grants supported by the project:

Grant	Retrofit Projects	New Construction Projects	Authority
Site Development		X	Provided per EC Section 17375(f)(1)(A)
Site Acquisition		X	
DTSC Fees		X	
Hazardous Waste Removal		X	
Fire Alarm	X	X	EC Section 17074.56 allows the Board to adjust the pupil grant amount to account for fire alarm and sprinkler. These grants are an adjustment to the base grant; not a supplemental grant.
Fire Sprinkler		X	
Project Assistance (Districts with less than 2,500 pupils)	X	X	Provided per EC Section 17375(d) (included in EC Section 17072.10(e))
Multilevel Construction		X	Provided per EC Section 17375(d) (included in EC Section 17072.10(d))

### Site Development

The new construction base grant for all new construction projects will be increased by 35 percent for site development costs (Service Site, Offsite, Utilities and General Site). The retrofit base grant will be increased by 15 percent for 50 year-old utilities for projects that retrofit 50 year-old buildings.

### Site Acquisition Cost

To be eligible for site acquisition, the proposed site must be adjacent to the existing elementary school site that is lacking full-day kindergarten classrooms. While districts may be approved by CDE to acquire additional acreage, site acquisition, general site, DTSC fees and hazardous waste removal funding under this program will be prorated to account for only the students to be housed in the kindergarten classroom(s).

Site acquisition is the only grant that will be funded based on actual costs. The requirements for requesting site acquisition funding will be similar to what is required under the SFP and provided for in EC Section 17375(f)(1)(A).

If the district has final CDE site approval and has entered into escrow for the site, funding for the acquisition of the site will be the lesser of the actual cost or the appraised value of the site. The documentation to justify the site acquisition cost will be similar to what is required for site acquisition under the SFP new construction program, as outlined in SFP Regulation Sections 1859.74 and 74.1. The site acquisition cost will be increased by two percent, but not less than \$25,000, to provide funding for costs associated with the appraisal, escrow, survey, site testing, CDE review/approvals and the preparation of the Phase One Environmental Site Assessment and the Preliminary Environmental Assessment. The school district may also request funding for DTSC fees and hazardous waste removal costs meeting the requirements outlined in SFP Regulations Sections 1859.74.2 and 74.3. OPSC will conduct an analysis to determine the approvable site acquisition costs.

If the district has not received CDE final site approval nor entered into escrow, site acquisition costs will be based on a preliminary appraisal for the site to be acquired. The appraisal amount will be increased by two percent, but not less than \$25,000. Additionally, the district may request that 15 percent of the appraised value be reserved for costs associated with DTSC fees and may request a specified amount be reserved for hazardous waste removal. These amounts will then be adjusted based on actual costs at the time an updated application is submitted.

As previously stated, the amount provided for site acquisition, DTSC fees and hazardous waste removal will be prorated to account for only the students housed by the kindergarten classroom(s) in the project.

#### Multilevel Construction

It is anticipated that most FDKFGP projects will not contain multilevel construction due to kindergarten facility requirements in Title 5, Section 14030, of the CCR and the California Building Code Section 452.1.4.

#### Project Grant Calculation Examples

Example #1: 2 Classroom new construction project

New construction base grant	\$578,350
Site development (35% of base grant)	202,423
Fire alarm (\$14 X 50 pupil grants)	700
Fire sprinkler (\$194 X 50 pupil grants)	9,700
Project Assistance	+
	7,074
Total state grant (50%)	\$798,247
District match (50%)	\$798,247
Total project cost	\$1,596,494

Example #2: 2 Classroom retrofit project

Retrofit base grant	\$220,200
Fire alarm (\$143 X 50 pupil grants)	7,150
Project Assistance	+
	3,772
Total state grant (60%)	\$231,122
District match (40%)	\$154,081
Total project cost	\$385,203

#### Ineligible Grants

The following supplemental grants that are provided under the SFP new construction and modernization programs will not be provided, as there is no statutory basis to support them for FDKFGP:

- **50-year or older building:** Modernization eligibility will not be used for retrofit projects. Districts may not request 50-year old pupil grants.
- **Relocation:** It is anticipated that applications will not consist of site acquisition through eminent domain, which is a requirement to receive funding for relocation costs.
- **New School:** EC Section 17375(f) states that new construction grant funds may be used for costs to adequately house kindergarten pupils. It does not state that these may be new pupils. Projects must house existing students and not provide for growth.
- The following grants are not provided for in EC Section 17375:
  - **Urban/Security/Impacted Site**

- **Small Size Project**
- **Geographic Percent Factor**
- **Accessibility/Fire Code (includes 2-stop elevator)**

**Priority Points (maximum of 80 points)**

If there are sufficient funds to apportion all submitted valid and complete applications, projects will be funded in date order based on the OPSC application receive date. Per EC Section 17375(b)(2), if funds are insufficient to fully fund all of the applications, priority will be given to school districts that meet either of the following criteria:

**A. Financial Hardship**

To receive priority for financial hardship, a district must meet both of the following criteria:

- Financially unable to contribute a portion of, or all of, the local matching share required pursuant to EC Section 17375(b)(3).
- Meet the requirements for financial hardship pursuant to EC Section 17075.10.

Projects that meet both of these criteria will receive 40 points.

**B. Underserved Community**

To receive priority for being an underserved community, the school district must have a high population of pupils who are eligible for Free and Reduced-Price Meals (FRPM) as defined by EC Section 42238.01. The FRPM percentages published on CDE's website at the time the application is submitted will be used to determine the points received for this category. If the FRPM percentages on CDE's website are updated prior to the deadline to submit an application, applicants must revise their application to reflect the most current data. Applications will not be revised to reflect data updated after the deadline in order to submit applications has passed.

Because a high FRPM percentage is required to receive priority, districts must have at least 60 percent FRPM to receive priority points. Decimal percentages with an amount of .5 or higher will be rounded to the next highest full percentage. Points will be provided on the following sliding scale based on the district's current FRPM percentage posted on CDE's web page:

<b>Percentage Eligible Free/Reduced Lunch</b>	<b>Preference Points Assigned</b>
60-65%	4
66-70%	8
71-75%	16
76%	17
77%	18
78%	19
79%	20
80%	21
81%	22
82%	23
83%	24

Percentage Eligible Free/Reduced Lunch	Preference Points Assigned
84%	25
85%	26
86%	27
87%	28
89%	29
90%	30
91%	31
92%	32
93%	33
94%	34
95%	35
96%	36
97%	37
98%	38
99%	39
100%	40

### Tie Breakers

After the initial priority point system has been determined, OPSC will bring back a discussion item if needed to address a potential tie breaker system.

### Fund Release

Funding for the FDKFGP has been transferred from the General Fund to the Full-Day Kindergarten Facilities Account. Applicants will not need to participate in the SFP priority funding process to receive funding. The following outlines the fund release process by approval type:

A. Design and 2 percent for "Site Other"

Funds will be automatically released after an apportionment and upon receipt of executed design/site grant agreement. A *Fund Release Request* (Form SAB 70-02) does not need to be submitted.

B. Site

- Remaining site acquisition funds will be released after an apportionment upon receipt of an executed site acquisition grant agreement and a *Fund Release Request* (Form SAB 70-02) has been submitted with the following:
  - Appraisal
  - Evidence the district has entered into escrow (such as escrow instructions)

C. Full Adjusted Grant

Applicants may request a fund release after an apportionment once the following requirements are met:

- A Form SAB 70-02 has been submitted with all required information and documentation (if applicable).
- The district's matching share has been deposited in the County School Facility Fund or has already been expended by the district for the project; or the district met the

requirements for financial hardship. The district has entered into binding contracts for completion (100 percent) of the project.

- The district has executed a grant agreement for the full adjusted grant.

The district must submit the following documents to request funds for the full adjusted grant:

- Complete and valid *Fund Release Request* (Form SAB 70-02)
- Copy of all executed contracts
- Executed full adjusted grant, grant agreement

For projects approved without DSA-approved plans, all phases of fund release requests must be submitted within one-year of apportionment or the apportionment will be rescinded. If design and/or site funds are not released separately, they will be released as part of the full adjusted grant request. For projects with DSA-approved plans, a complete and valid Form SAB 70-02 and supporting documentation for a full adjusted grant must be submitted within 180 days of receiving an apportionment or the apportionment will be rescinded.

### **Eligible/Ineligible Expenditures**

Statute states that FDKFGP funds shall be used on specified costs. These costs are identified in EC Section 17375(f)(1) and (2) and will be discussed at a future meeting.

### **Audit**

Per EC Section 17375(h), districts will need to conduct an audit pursuant to EC Section 41024.

### **DISCUSSION**

To ensure that the FDKFGP provides funding as intended by statute, Staff is requesting stakeholder feedback on topics outlined as part of this item.

### **CLOSING REMARKS/NEXT STEPS**

## ATTACHMENT A

### **Education Code (EC) Section 17375.**

(a) For the 2018–19 fiscal year, the sum of one hundred million dollars (\$100,000,000) is hereby appropriated from the General Fund to the State Allocation Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms pursuant to Section 8973. Funds appropriated pursuant to this subdivision shall be deposited in the Full-Day Kindergarten Facilities Account, hereby created in the State Treasury, administered by the State Allocation Board. The grant program shall be administered by the State Allocation Board.

(b) (1) The State Allocation Board shall award grants to school districts that lack the facilities to provide full-day kindergarten as required for eligibility pursuant to Sections 17071.25 and 17072.10 or that lack facilities that satisfy the design requirements required for new kindergarten classrooms as specified in paragraph (2) of subdivision (h) of Section 14030 of Title 5 of the California Code of Regulations.

(2) Priority for grants shall be given to school districts that meet either of the following criteria:

(A) The school district is financially unable to contribute a portion of, or all of, the local matching share required pursuant to paragraph (3), and meets the requirements for financial hardship pursuant to Section 17075.10.

(B) The school district is located in an underserved community with a high population of pupils who are eligible for free or reduced-price meals pursuant to Section 42238.01.

(3) Except for school districts that meet the requirements for financial hardship pursuant to Section 17075.10, a school district that applies for a grant pursuant to this section for new construction shall provide 50 percent of the cost of the project, and a school district that applies for a grant pursuant to this section for a retrofit project shall provide 40 percent of the cost of the project.

(c) (1) The State Allocation Board shall release disbursements of grant funds to school districts with approved applications for new construction, to the extent funds are available for the state's 50 percent matching share, if the school district has provided its 50 percent local matching share, unless the school district meets the requirements for financial hardship pursuant to Section 17075.10, and upon certification by the school district that the school district has entered into a binding contract for completion of the approved project.

(2) The State Allocation Board shall release disbursements of grant funds to school districts with approved applications for retrofit projects, to the extent funds are available for the state's 60 percent matching share, if the school district has provided its 40 percent local matching share, unless the school district meets the requirements for financial hardship pursuant to Section 17075.10, and upon certification by the school district that the school district has entered into a binding contract for completion of the approved project.

(d) The State Allocation Board shall allocate funds to school districts using the same maximum grant eligibility amounts that are used for purposes of the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10), as set forth in Sections 17072.10 and 17072.11 for new construction, and as set forth in Section 17074.10 for retrofit projects.

(e) As a condition of receiving grant funds pursuant to this section, and before the release of those funds, the school district shall execute and submit a grant agreement consistent with the applicable sections of the grant agreement specified in Section 1859.90.4 of Title 2 of the California Code of Regulations.

(f) (1) A school district may use grant funds awarded for new construction on costs necessary to adequately house kindergarten pupils in an approved project, which may include only the following:

(A) The costs of design, engineering, testing, inspections, plan checking, construction management, site acquisition and development, evaluation and response action costs relating to hazardous substances at a new or existing schoolsite, demolition, construction, landscaping, necessary utility costs, utility connections and other related fees, equipment including telecommunication equipment to increase school security, furnishings, the upgrading of electrical systems, and the wiring or cabling of classrooms in order to accommodate educational technology.

(B) The costs of acquiring an existing government-owned or privately owned building, or a privately financed school building, and the necessary costs of converting the government-owned or privately owned building for public school use.

(2) (A) A school district may use grant funds awarded for a retrofit project to retrofit an existing school facility to adequately house kindergarten pupils, which may only include the costs of design, engineering, testing, inspection, plan checking, construction management, demolition, construction, necessary utility costs, utility connection and other related fees, the purchase and installation of air-conditioning equipment and insulation materials and related costs, furniture and equipment, including telecommunication equipment to increase school security, fire safety improvements, playground safety improvements, the identification, assessment, or abatement of hazardous asbestos, seismic safety improvements, the upgrading of electrical systems, and the wiring or cabling of classrooms in order to accommodate educational technology.

(B) Grant funds awarded for a retrofit project shall not be used for costs associated with acquisition and development of real property or for routine maintenance and repair.

(g) The State Allocation Board may adopt regulations to implement this section. Any regulations adopted pursuant to this section may be adopted as emergency regulations in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Title 2 of the Government Code). The adoption of these regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(h) Notwithstanding any other law, a school district shall be subject, with regard to this section, to audit conducted pursuant to Section 41024.

(i) The Office of Public School Construction shall report to the Director of Finance, and shall post on its Internet Web site, information regarding the use of grant funds that have been made available to school districts during the fiscal year pursuant to this section.

(j) The Department of General Services may charge its administrative costs against the Full-Day Kindergarten Facilities Account, which shall be subject to the approval of the Department of Finance and which shall not exceed 2.5 percent of the account.

(k) Funds made available to school districts pursuant to this article shall supplement, not supplant, existing funds available for school facilities construction.

**EC Section 8973.**

Notwithstanding any other provision of law, the kindergarten schoolday in an early primary program conducted pursuant to Section 8972 may exceed four hours, exclusive of recesses, provided that both of the following conditions are met:

- (a) The governing board of a school district declares that the extended-day kindergarten program does not exceed the length of the primary schoolday.
- (b) The extended-day kindergarten program takes into account ample opportunity for both active and quiet activities within an integrated, experiential, and developmentally appropriate educational program.

**CCR Section 14030****(h) Specialized Classrooms and Areas.**

Specialized classrooms shall be designed to reflect the function planned for that portion of the educational program. If any of the following classrooms are needed, these standards apply:

**(1) Small-Group Areas.**

(A) Small-group instruction areas are not included in the computation of classroom size unless the area is an integral part of the classroom and can be visibly supervised by a teacher from the classroom.

(B) Small-group instruction areas are designed to allow for collaborative learning opportunities where appropriate to support the regular education program and are located in the vicinity of classrooms.

**(2) Kindergarten Classrooms.**

(A) Kindergarten classroom size for permanent structures is not less than 1350 square feet, including restrooms, storage, teacher preparation, wet and dry areas.

(B) Kindergarten classrooms are designed to allow supervision of play yards (unless prevented by site shape or size) and all areas of the classroom.

(C) Play yard design provides a variety of activities for development of large motor skills.

(D) Classrooms are located close to parent drop-off and bus loading areas.

(E) Storage, casework, and learning stations are functionally designed for use in free play and structured activities; e.g., shelves are deep and open for frequent use of manipulative materials.

(F) Windows, marking boards, sinks, drinking fountains, and furniture are appropriate heights for kindergarten-age students.

(G) Restrooms are self-contained within the classroom or within the kindergarten complex.
