EXECUTIVE OFFICER STATEMENT  
State Allocation Board Meeting, October 24, 2018

**PRIORITY FUNDING APPORTIONMENTS**

The Consent portion of this agenda includes \$443.4 million in priority funding apportionments for 227 projects representing 105 school districts for the Board's approval. Of the 227 projects that are receiving an Apportionment, 205 are required to submit a *Fund Release Authorization* (Form SAB 50-05) containing an original signature of an Authorized District Representative by close of business on **Tuesday January 22, 2019** to the Office of Public School Construction (OPSC).

**UPCOMING PRIORITY FUNDING FILING ROUND**

The next priority funding filing period will begin on November 14, 2018 and will close on December 13, 2018. Priority funding requests with an original signature of an Authorized District Representative must be physically received by OPSC before the close of business on December 13, 2018. These requests will be valid from January 1, 2019 through June 30, 2019.

*Requirements for Participation in Priority Funding*

OPSC reminds school districts that the requirements for Participation in the Priority Funding Process are in effect (SFP Regulation Section 1859.90.3). There are two ways for a school district to not participate in the priority funding process as follows:

- Not submit a valid priority funding request in the 30-day filing period, or
- Submit a valid priority funding request but fail to submit a valid Form SAB 50-05 to request the release of funds after the Board approves an apportionment.

The second time that either of these occurs, the funding for the project will be rescinded without further action by the Board. For additional information, please refer to the [Procedures for School Facility Program Funding](#).

**FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM**

OPSC is pleased to announce that the program regulations necessary to implement the Full-Day Kindergarten Facilities Grant Program are included in this agenda for the Board's approval. In preparation for program implementation, OPSC conducted three stakeholder meetings to discuss the new program and elicit feedback from stakeholders to ensure that the Full-Day Kindergarten Facilities Grant Program provides funding as intended by the new statute. Overall the program was well-received and stakeholder feedback was incorporated.

**NEXT STATE ALLOCATION BOARD MEETING**

The next meeting is scheduled for December 11, 2018, at 2:00 pm

State of California  
State Allocation Board  
School Facility Program

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on October 24, 2018.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3<sup>rd</sup> Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.
5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on October 24, 2018 at Sacramento, California.

REPORT OF THE EXECUTIVE OFFICER  
State Allocation Board Meeting, October 24, 2018

PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

PURPOSE OF REPORT

To provide priority School Facility Program (SFP) funding Apportionments for \$443.4 million for the projects that submitted a valid certification.

DESCRIPTION

At the May 2011 State Allocation Board (Board) meeting, the Board approved proposed regulations establishing two annual filing periods for prioritizing school construction funding as cash proceeds became available to provide Apportionments. The Office of Administrative Law (OAL) then approved the regulations on July 27, 2011. The proposed regulations created two 30-day periods in which school districts could request to receive an Apportionment upon acknowledgement that a *Fund Release Authorization* (Form SAB 50-05) could be submitted within 90 days of receiving an Apportionment.

Based on the current regulations, the recent 30-day filing period began on May 9, 2018 and ended on June 7, 2018. Requests must have been physically received by the Office of Public School Construction (OPSC) on or before June 7, 2018 and are valid from July 1, 2018 through December 31, 2018.

By approving this item, the Board will provide approximately \$443.4 million in Apportionments for 227 projects that represents 105 school districts.

AUTHORITY

See Attachment A.

BACKGROUND

Requests/Acknowledgements

Pursuant to SFP Regulations, districts choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an Apportionment. As part of the request, districts are required to make the following acknowledgements:

- The district understands that the time limit on fund release shall be no more than 90 days from the date of Apportionment.
- The District acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded application will revert back to an Unfunded Approval at the bottom of the Unfunded List (Lack of AB 55 Loans) and cannot be guaranteed bond authority. The application will receive a new Unfunded Approval date of Tuesday, January 22, 2019.
- In the case that multiple rescissions are made by the SAB, each separate application will be placed at the bottom of the Unfunded List (Lack of AB 55 Loans) in the order of the original unfunded approval date. The district will not be required to resubmit the application and no further application review will be required.
- The district acknowledges that by participating in the priority funding process, the district is waiving its right to the 18-month timeline for fund release submittal
- The district acknowledges that a Grant Agreement must be submitted pursuant to SFP Regulation 1859.90.4 and physically received by OPSC prior to or concurrently with the Form SAB 50-05.

## BACKGROUND (cont.)

By approving this item, the Board will provide approximately \$443.4 million in Apportionments for 227 projects on the Unfunded List (Lack of AB 55 Loans) that are eligible for an Apportionment. Any requests by districts to participate in the priority funding process that are not converted to Apportionments shall retain their date order position on the Unfunded List (Lack of AB 55 Loans) unless the school district receives a second non-participation occurrence. Any project receiving a second non-participation occurrence will be rescinded without further Board action.

This priority funding round generated \$440.5 million in Apportionment requests from 100 school districts for 218 of 239 unique projects, which represents 91 percent of the projects on the Unfunded List (Lack of AB 55 Loans) that could have submitted requests. The Board is also providing additional Apportionments due to closeout review adjustments. In total, the Board is able to provide \$443.4 million in Apportionments. The attachments provide detailed lists of the Apportionment requests received during this filing period that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an Apportionment are highlighted in Attachments B, C, D, E, F, G, and H.

## STAFF ANALYSIS/STATEMENTS

### Current/Future Request Periods

Requests submitted during the 30-day period that ended on June 7, 2018 will expire on December 31, 2018. A new 30-day priority funding request filing period will begin on November 14, 2018 and will end on December 11, 2018. Requests submitted during that period will be valid from January 1, 2019 through June 30, 2019.

### Fund Release Requirements

Districts receiving Apportionments are required to submit a valid Form SAB 50-05 containing an original signature for each approved application. Forms SAB 50-05 must be physically received by OPSC at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on Tuesday, January 22, 2019. If a district fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new unfunded approval date of Tuesday January 22, 2019 on the Unfunded List (Lack of AB 55 Loans).

### Grant Agreement

Pursuant to action taken by the Board at the June 5, 2017 meeting a Grant Agreement for the project with an original signature by an authorized District Representative must be submitted prior to, or concurrently with, the Form SAB 50-05 in order for the Form SAB 50-05 to be considered valid for all projects that are approved for placement on the Unfunded List (Lack of AB 55 Loans) on or after June 5, 2017. Projects on the Unfunded List as of June 5, 2017 are exempt from this requirement.

### Non-Participation in Priority Funding Process

On March 25, 2013, regulation amendments regarding non-participation in the priority funding process became effective. The regulation changes limit the number of times a district can choose not to participate in the priority funding process for a project on the Unfunded List (Lack of AB 55 Loans). Projects receiving an Apportionment in this item but do not submit a valid Form SAB 50-05 by close of business on Tuesday, January 22, 2019 will receive one non-participation occurrence. If this is the project's second non-participation occurrence, the project will be fully rescinded without further Board action and will not return to the Unfunded List (Lack of AB 55 Loans). The bond authority associated with rescinded projects will return to the SFP.

## AUTHORITY (as of December 20, 2017)

Education Code Section 17070.35(a) states, "In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

- (1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter...
- (2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary...."

Government Code Section 15503 states:

Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.

Budget Letter 10-09 requires that if there are insufficient bond proceeds, departments and agencies are responsible for prioritizing the projects that will be funded consistent with the prioritization criteria outlined (including job creation). It also indicates that if bond proceeds are not managed efficiently, additional bonds may not be sold for the program.

School Facility Program (SFP) Regulation Section 1859.2 states:

'For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:...

"Unfunded List" means an information list of unfunded projects, with the exception of the unfunded list defined below as "Unfunded List (Lack of AB 55 Loans)".

"Unfunded List (Lack of AB 55 Loans)" means an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008."

SFP Regulation Section 1859.90.2, "Priority Funding Process" states:

The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and

Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period:
  - (1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and

## AUTHORITY (cont.)

(2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.

(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.

(e) For purposes of this section “rescinded” or “rescission” shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

SFP Regulation Section 1859.90.3, “Participation in the Priority Funding Process” states:

This section applies to Applications for funding for new construction, modernization, Overcrowding Relief Grant, Career Technical Education Facilities Program, Facility Hardship pursuant to Section 1859.82 and rehabilitation pursuant to Section 1859.83(e), and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment.

(a) For each Application on the Unfunded List (Lack of AB 55 Loans) for new construction, modernization, Facility Hardship pursuant to Section 1859.82 or rehabilitation pursuant to Section 1859.83(e), the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [March 25, 2013]. For each Application on the Unfunded List (Lack of AB 55 Loans) for Overcrowding Relief Grant, Career Technical Education Facilities Program, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [October 1, 2014]:

(1) The district abstains from participating in a priority funding 30-calendar day filing period described in Section 1859.90.2 for the Application on the Unfunded List (Lack of AB 55 Loans).

(2) The Application receives a priority funding Apportionment pursuant to Section 1859.90.2(a), and the district fails to meet the fund release requirements pursuant to Section 1859.90.2(c).

(b) The first occurrence of (a)(1) or (a)(2) shall result in the following, as applicable:

(1) If (a)(1) occurs, the Application shall retain its place on the Unfunded List (Lack of AB 55 Loans).

(2) If (a)(2) occurs, the priority funding Apportionment shall be rescinded and the Application shall be returned to the Unfunded List (Lack of AB 55 Loans) pursuant to Section 1859.90.2(c)(2).

(c) If subsection (b) has occurred, a subsequent occurrence of either (a)(1) or (a)(2) shall result in the rescission of the Application’s Apportionment and/or unfunded approval, as applicable, and the removal of the Application from the Unfunded List (Lack of AB 55 Loans) without further Board action. The Application shall be returned to the applicant.

(d) For purposes of subsection (c), “rescinded” or “rescission” of an unfunded approval shall mean that the bond authority associated with the Apportionment or unfunded approval, as applicable, returns to the appropriate School Facility Program bond authority source for reallocation. If applicable, the pupils housed in the project will be added back to the district’s baseline eligibility pursuant to Sections 1859.51(d) for new construction or 1859.61(d) for modernization.

SFP Regulation Section 1859.129(b)(2) states:

Has 18 months from the date the [Division of State Architect] DSA and [California Department of Education] CDE approved plans were submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment will be rescinded without further Board action. If the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the Apportionment.

REPORT OF THE EXECUTIVE OFFICER  
State Allocation Board Meeting, October 24, 2018

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS  
(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the January 2018 Board meeting, the Board elected to provide an increase adjustment of 4.17 percent to SFP projects for calendar year 2018. The projects listed on the Attachment reflect the Board's action of the adoption of the 4.17 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

REPORT OF THE EXECUTIVE OFFICER  
State Allocation Board Meeting, October 24, 2018

SCHOOL FACILITY PROGRAM  
SUBSTANTIAL PROGRESS RESCISSION/REDUCTION TO COSTS INCURRED

PURPOSE OF REPORT

To present School Facility Program (SFP) project apportionments to be rescinded or reduced to eligible costs incurred.

DESCRIPTION

The SFP projects listed on the Attachment are financial hardship County Offices of Education (COE) and financial hardship districts that received a separate design fund release. The COE and the Districts have either requested to have their projects reduced to costs incurred or rescinded or have not met the substantial progress requirement and have indicated that they will be unable to move forward with the SFP projects listed on the Attachment. The COE and the Districts have requested that the apportionments be rescinded or reduced to costs incurred to recognize eligible costs for the separate design phase.

AUTHORITY

Pursuant to Education Code Section 17076.10(b), sufficient evidence of substantial progress for the design and/or adjusted grant apportionments shall be due 18 months from the date any funds were released to the district. The SFP Regulation Section 1859.105 requires that when an apportionment is reduced to project costs incurred or rescinded, all State funds not used to finance eligible expenditures are to be returned to the State Allocation Board (SAB). The SFP Regulations also stipulate that interest earned on State funds, which is not used to finance eligible expenditures, is due to the SAB.

RECOMMENDATIONS

1. Find that the COE and the Districts are unable to meet the substantial progress requirements or indicated that they will be unable to move forward with the projects listed on the Attachment.
2. Reduce the funded apportionments to costs incurred or rescind the funded apportionments for the projects listed on the Attachment.
3. Direct Staff to adjust the district's baseline eligibility, according to the increases (identified in the "Pupils Returned to the District's Baseline" column) on the Attachment, once all funds due to the State have been received.

REPORT OF THE EXECUTIVE OFFICER  
State Allocation Board Meeting, October 24, 2018

CHARTER SCHOOL REQUEST TO HOLD TITLE TO PROJECT FACILITIES

PURPOSE OF REPORT

To present Bright Star Schools' and Libertas College Prep's (Charter Schools) requests to hold title to facilities related to the Charter School Facilities Program (CSFP) projects for the Rise Kohyang High and Libertas College Prep Charter Schools, Office of Public School Construction (OPSC) application numbers 54/64733-00-101 and 54/64733-00-102, respectively.

DESCRIPTION

In order for a charter school to hold title to the project facilities, it must submit a written request and the State Allocation Board (Board) must determine that the request contains all the necessary information required by law, including why title is not held by either the school district or a local governmental entity.

AUTHORITY

Education Code (EC) Section 17078.63(a)(3)(A) lists the following as an option an applicant can submit regarding title to the facilities:

"A request that the charter school be authorized to hold fee simple title to the subject property in trust for the benefit of the state public school system, on which a lien shall be recorded in favor of the board for the total amount of funds allocated pursuant to this article, including any loan received in lieu of a local matching share pursuant to Section 17078.57. The charter school shall include with the request a statement outlining the reasons why ownership of the project facilities is not vested with an entity set forth in paragraph (1) or (2) (the school district or local governmental entity). Prior to releasing any project funds, the board shall make findings that the applicant has submitted all of the information required by this paragraph."

EC Section 17078.63(a)(3)(B) provides for the following additional security requirements when a charter school holds title:

"The following shall be recorded in the chain of title for the property:

- i. A restrictive covenant specifying that the facility shall be used only for public school purposes as authorized in the California Constitution and statute.
- ii. A remainder interest to the school district in which the facility is physically located or, if the school district disclaims the interest to the facility, to the board. The remainder interest shall be triggered when the facility is no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6), inclusive, of subdivision (b) of section 17078.62 (reverting to a successor charter school, then the local school district or the board in the event the district disclaims interest.)"

School Facility Program (SFP) Regulation Section 1859.172(a)(3) provides for the following certification requirement:

"A written request that the charter school be authorized to hold fee simple title to the subject property signed by an authorized charter school representative pursuant to all of requirements set forth in the Education Code Section 17078.63(a)(3). The written request must include a statement justifying the reasons why ownership is not vested with an entity described in (a)(1) and why ownership will not be vested with an entity described in (a)(2). The written request must also include the statement: I certify, as the charter school representative, that the information reported in this document is true and correct."

## BACKGROUND

Prior to 2010, title to CSFP project facilities was required to be held by the school district in which the project was physically located. The passage of Senate Bill 592 allowed for title to be held by the school district in which the project was located, the charter school, or a local governmental entity. The charter school must submit a written request and the Board must determine that the request contains all the necessary information required by law, including why title is not held by either the school district or a local governmental entity.

Additional security provisions required when a charter school holds title include the following:

- A lien on the property on behalf of the Board
- A restrictive covenant requiring that the facilities be used for public school purposes
- A remainder interest reverting to the local school district or the Board in the event the district disclaims the interest

The Charter Schools have not requested advance funding or submitted conversion applications as the title issue must be resolved prior to the receipt of any funds.

## STAFF ANALYSIS / STATEMENTS

The Charter Schools submitted written requests to hold title, signed by authorized charter school representatives. The requests include justifications as to why ownership was not vested in the local school district, or local government entity, and the request includes the required certification statement.

The Charter Schools' requests to hold title are included as Attachment A and contain all of the information required by the EC and SFP Regulation. Board approval of these requests are contingent upon all of the security provisions being applied, as required by the EC. If the Charter Schools do not allow for the recording of the lien, restrictive covenant, or remainder interest, staff will present an item to a future Board meeting recommending revocation of the original finding.

## RECOMMENDATIONS

1. Make a finding that the Charter Schools have met all of the requirements of EC Section 17078.63(a)(3)(A).
2. Direct staff to present an item recommending revocation of this Board finding should the Charter Schools fail to implement all of the security provisions set forth in the EC Section 17078.63(a)(3)(B).

RE: Rise Kohyang High School, Application Number 54/64733-00-101

Dear Ms. Cunneen:

Pursuant to California Code of Regulations Section 1859.172(a)(3) ("the Regulation"), I am writing to request that Bright Star Schools hold title for a facility project for which we have been awarded a Proposition 51 award: Rise Kohyang High School, Application Number 54/64733-00-101. The address of the property currently under contract is 3500 W. 1<sup>st</sup> St., Los Angeles, CA 90004.

Per the Regulation, prior to the release of funds for site acquisition or new construction final apportionments, charter school applicants wishing to hold title must provide:

A written request that the Charter School be authorized to hold fee simple title to the subject property signed by an authorized Charter School representative pursuant to all of requirements set forth in Education Code Section 17078.63(a)(3). The written request must include a statement justifying the reasons why ownership will not be vested with an entity described in (a)(1) and why ownership will not be vested with an entity described in (a)(2). The written request must also include the statement: I certify, as the Charter School representative, that the information reported in this document is true and correct.

This letter shall be considered such a request.

Recorded in the chain of title for the property shall be both a restrictive covenant specifying that the facility shall be used only for public school purposes as authorized in the California Constitution and statute and a remainder interest to the school district in which the facility is physically located or, if the school district disclaims the interest to the facility, to the board. The remainder interest shall be triggered when the facility is no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6), inclusive, of subdivision (b) of Education Code Section 17078.62.

Bright Star Schools will apply to the Los Angeles Unified School District (LAUSD) for an Augmentation Grant, a program whereby charter schools authorized by LAUSD can apply for and use LAUSD general obligation bond funds for facilities projects. Bright Star Schools has had multiple meetings and calls as

part of the process of applying for the grant, and has discussed the issue of holding title for this project. LAUSD's policy is to hold title only after full grant funding has been received by Bright Star Schools from the State. This policy necessitates that Bright Star Schools hold title temporarily and up until the point LAUSD takes title.

Bright Star Schools will not pursue having a governmental entity hold title to the project because LAUSD will ultimately hold title once full grant funding has been received from the State. Pursuant to LAUSD's policy, Bright Star Schools respectfully requests that it be granted authority to hold title until LAUSD is ready to do so.

We are so grateful to have received Proposition 51 funding, and we look forward to working with you on this very meaningful project. Please contact me should you have any questions.

I certify, as the charter school representative, that the information reported in this document is true and correct.

Charter Schools Facility Program Supervisor

Dear Ms. Cunneen:

I am writing to request that Libertas College Prep (Libertas) hold title for a facility for which have been awarded a Proposition 51 award (OPSC Application Number 54/64733-00-102).

As you know, under SB 592 charter schools are authorized to hold title to facilities constructed with state bond funds under the School Facility Program. By the authority of this new bill, Libertas requests that the organization be authorized to hold fee simple title to the above property.

Per Education Code section 17078.63, prior to the release of funds for site acquisition or new construction final apportionments, applicants shall provide one of three options. This letter shall be considered as the third option, "A request that the charter school be authorized to hold fee simple title to the subject property in trust for the benefit of the state public school system, on which a lien shall be recorded in favor of the board for the total amount of funds allocated pursuant to this article, including any loan received in lieu of a local matching share pursuant to Section 17078.57."

Per the law, recorded in the chain of title for the property shall be both a restrictive covenant specifying that the facility shall be used only for public school purposes as authorized in the California Constitution and statute and a remainder interest to the school district in which the facility is physically located or, if the school district disclaims the interest to the facility, to the board. The remainder interest shall be triggered when the facility is no longer needed for charter school purposes and shall then be subject to paragraphs (2) to (6), inclusive, of subdivision (b) of Section 17078.62.

Libertas reached out to Los Angeles Unified (LAUSD) and the Los Angeles Department of City Planning regarding the issue of holding title for this project. As of October 3, 2018 we have not heard back.

Libertas feels strongly that asking the City of Los Angeles or the Los Angeles School District to hold title to a project that is developed by the LEA will be a time consuming process that will inhibit our ability to access site acquisition funds from the state and complete this project in a timely fashion.

Libertas believes it has exhausted all reasonable avenues for a governmental entity to hold title to the project and respectfully requests that it be granted authority to hold title.

We look forward to working through the details of this process and look forward to hearing from you. Please contact me with your suggestions for how to proceed in this matter.

I certify, as the charter school representative, that the information reported in this document is true and correct.

Best regards,

REPORT OF THE EXECUTIVE OFFICER  
State Allocation Board Meeting, October 24, 2018

EMERGENCY RE-ADOPTION OF  
SCHOOL FACILITY PROGRAM REGULATION SECTION 1859.51(e)

PURPOSE OF REPORT

To seek approval from the State Allocation Board (Board) to re-adopt School Facility Program Regulation Section 1859.51(e).

DESCRIPTION

At its January 2018 meeting, the Board adopted regulations on an emergency basis regarding the Seismic Mitigation Program and other technical conforming regulatory amendments. The other technical conforming regulatory amendments pertained to the processing of School Facility Program (SFP) New Construction eligibility determinations. The Office of Administrative Law (OAL) approved all of the regulatory amendments as emergency regulations, effective April 16, 2018. On September 26, 2018, Regulation Section 1859.51(e) was withdrawn by Office of Public School Construction (OPSC) staff based on conversations with OAL. This item seeks re-adoption of Regulation Section 1859.51(e) by the Board on an emergency basis.

AUTHORITY

Education Code Section 17070.35 states in part:

- (a) In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:
  - (1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter . . . .

STAFF ANALYSIS/STATEMENTS

Staff submitted the Certificate of Compliance rulemaking file to OAL on August 14, 2018 in order to make the emergency regulations permanent. During OAL's review, it was determined that the language in Regulation Section 1859.51(e) regarding "current enrollment year" required additional clarification. Staff provided the amended language and OAL believes the language to be a substantive change, which requires Board approval.

**Approved Existing Language**

The language below for Regulation Section 1859.51(e) is the approved existing language and is currently printed in the California Code of Regulations:

(e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years for all districts using a fifth-year projection or a tenth-year projection, except decreases as provided in (j) below. For all funding requests received by OPSC on or after June 6, 2017, OPSC will notify the School District in writing that OPSC is scheduled to begin processing the School District's Form SAB 50-04 and that the School District shall submit the Form SAB 50-01 for the current enrollment year. OPSC may return the Form SAB 50-04 to the School District for failure to submit the Form SAB 50-01 within 90 calendar days of OPSC's notification. Form SAB 50-01 filed on or after November 1 must include the current enrollment year.

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17052, 17070.51, 17071.25, 17071.75, 17071.76, 17072.20, 17077.40, 17078.72, 17079.20, 42268, and 42270, Education Code.

STAFF ANALYSIS/STATEMENTS (cont.)**Amended Language**

The language below is the clarifying language and requires Board approval for resubmitting Regulation Section 1859.51(e) to OAL:

(e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years for all districts using a fifth-year projection or a tenth-year projection, except decreases as provided in (j) below.

For all funding requests received by OPSC on or after June 6, 2017, OPSC will notify the School District in writing that OPSC is scheduled to begin processing the School District's Form SAB 50-04 and that the School District shall submit the Form SAB 50-01 for the current enrollment year based on school district enrollment data, as shown in the table below:

OPSC Received Date of Form SAB 50-01	Enrollment Reporting Year
July 1 through October 31	Submit Prior Fiscal Year Enrollment Data
November 1 through June 30	Submit Current Fiscal Year Enrollment Data

OPSC may return the Form SAB 50-04 to the School District for failure to submit the Form SAB 50-01 within 90 calendar days of OPSC's notification. ~~Form SAB 50-01 filed on or after November 1 must include the current enrollment year.~~

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17052, 17070.51, 17071.25, 17071.75, 17071.76, 17072.20, 17077.40, 17078.72, 17079.20, 42268, and 42270, Education Code.

**Conclusion**

The amended language resolves the clarity issue identified by OAL and reiterates to the school district community what is meant by current enrollment year and prior/past enrollment year.

**RECOMMENDATIONS**

1. Adopt the amended language to Regulation Section 1859.51(e) as shown above under "Amended Language."
2. Authorize the Executive Officer to file Regulation Section 1859.51(e) with the OAL on an emergency basis and make the regulation section permanent.

Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:

- a. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or
- b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

Regulation Section 1859.83(e) states:

Excessive Cost for rehabilitation of facilities the Board has determined are a health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the cost/benefit analysis to mitigate the problem and remain in the facility is less than 50 percent of the Current Replacement Cost of the facility. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. If the district qualifies, the district is eligible for funding of Rehabilitation Costs as a modernization project. If the Approved Application is received on or before April 29, 2002, the grant amount provided is 80 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. If the Approved Application is received after April 29, 2002, the grant amount provided is 60 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. An additional grant may be provided for high performance incentive pursuant to Section 1859.77.4 provided that the high performance points attained are related to the scope of the Facility Hardship project. Approve the District's request for an unfunded approval for SMP rehabilitation funding for the Industrial Arts Building on the Monroe High School site, pursuant to the SFP Regulation Section 1859.82(a)(1)(A)1.b. as shown on Attachment B.

## AUTHORITY

### ATTACHMENT A

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:

- a. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e),  
or
- b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

SFP Regulation Section 1859.82(a)(1)(C) states,

The seismic mitigation projects must meet all of the following requirements:

1. The construction contract was executed on or after May 20, 2006;
2. The project funding provided shall be for the minimum work necessary to obtain DSA approval;
3. The building is designed for occupancy by students and staff; and
4. The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geologic hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with the concurrence of the California Geological Survey.

REPORT OF THE EXECUTIVE OFFICER  
State Allocation Board Meeting, October 24, 2018

IMPLEMENTATION OF THE FULL-DAY KINDERGARTEN  
FACILITIES GRANT PROGRAM PROPOSED REGULATIONS

PURPOSE OF REPORT

To present and request adoption of proposed program Regulations, Forms, and a Grant Agreement for the Full-Day Kindergarten Facilities Grant Program (FDKFGP).

DESCRIPTION

Assembly Bill (AB) 1808, adds Article 1 (commencing with Education Code Section 17375) to Chapter 3 of Part 10.5 of Division 1 of Title 1 of the Education Code (EC) to create the Full-Day Kindergarten Facilities Grant Program. The FDKFGP allows school districts that lack the facilities to provide full-day kindergarten to apply for one-time grants to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms. AB 1808 requires the State Allocation Board (Board) to adopt regulations to administer the grant program and authorizes these regulations to be filed on an emergency basis.

This item seeks Board approval for the following:

- proposed program Regulations (included as Attachment B);
- Form SAB 70-01 "Application for Funding" (included as Attachment C);
- Form SAB 70-02 "Fund Release Authorization" (included as Attachment D);
- Form SAB 70-03 "Expenditure Report" (included as Attachment E); and,
- Grant Agreement (included as Attachment F).

This item also seeks Board approval for the amount of funding to be provided for each funding round for FDKFGP.

AUTHORITY

See Attachment A.

BACKGROUND

AB 1808, the Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on June 27, 2018. This bill appropriated \$100,000,000 out of the General Fund from the 2018/2019 fiscal year to the Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms to house existing kindergarten students. A "full-day kindergarten classroom," for purposes of this bill, must satisfy the design requirements for new kindergarten classrooms as specified in paragraph (2) of subdivision (h) of Section 14030 of Title 5 of the California Code of Regulations (CCR).

STAFF ANALYSIS/STATEMENTS

Staff has analyzed the legislation establishing the FDKFGP and conducted three stakeholder meetings to develop and refine the criteria for providing grants to school districts under the FDKFGP. An overview of the proposed program criteria is included below. The corresponding proposed program Regulations are included as Attachment B. The proposed program forms are included as Attachments C, D, and E. The proposed program Grant Agreement template is included as Attachment F. An example explaining the program's funding order is included as Attachment G.

STAFF ANALYSIS/STATEMENTS (cont.)

**Summary of Proposed Program Criteria**

*Program Eligibility Criteria*

School Districts currently serving kindergarten pupils may apply to the FDKFGP. Per FDKFGP statute, county offices of education, local educational agencies, charter schools, joint powers of authority, and the State Department of Education may not apply. Projects submitted by school districts are eligible for funding if they meet the following requirements:

(a) District Intends to Provide Full-Day Kindergarten

The school district currently has passed, or will pass by the completion of the project, a school board resolution providing approval to provide full-day kindergarten instruction.

(b) District Lacks Facilities to Provide Full-Day Kindergarten

The school district currently lacks the facilities to adequately and appropriately provide full-day kindergarten instruction for existing kindergarten pupils at the project school site. A project site will be considered lacking full-day kindergarten facilities if the kindergarten enrollment at the site exceeds the existing kindergarten classroom capacity using the School Facility Program (SFP) loading standard of 25 K-6 pupils per classroom.

Proposed FDKFGP projects must increase the number of kindergarten classrooms meeting current kindergarten design requirements at the site by either the addition of a classroom(s) to an existing school site or by retrofitting an existing facility that is not a currently designed as a kindergarten classroom. If requesting funding for a retrofit project, School Districts must certify that the existing classroom to be retrofitted did not meet kindergarten design requirements when it was built, or that it was not previously retrofitted to meet kindergarten design standards.

Projects may consist of the construction of a new facility or the acquisition and conversion of an existing building for public school use. Projects may not consist of purchasing a portable classroom building. Projects must be on or adjacent to existing sites; new school projects are not allowed. Projects should provide classrooms to house existing kindergarten students, not add capacity to the school site

*Funding Availability/Funding Rounds*

\$100 million has been appropriated from the General Fund to the Board and deposited in the Full-Day Kindergarten Facilities Account. EC Section 17375(j) allows the Department of General Services (DGS) to charge its administrative costs against the Full-Day Kindergarten Facilities Account for an amount not to exceed 2.5 percent.

The following amount of funding will be available to applicants for the FDKFGP:

Funds Deposited into the Full-Day Kindergarten Facilities Account	\$100.0 million
Less: DGS Administrative Costs	\$ 2.5 million
Funding Available for FDKFGP Applications	\$ 97.5 million

STAFF ANALYSIS/STATEMENTS (cont.)

OPSC proposes that the \$97.5 million available for FDKFGP applications will be split between two rounds in the following manner:

Round	Available Funds
First Round: January 2, 2019 - January 31, 2019	\$37.5
Second Round: May 1, 2019 – May 30, 2019	\$60.0

The \$100 million allocated for the FDKFGP must be encumbered by the Board by June 30, 2021. A two-round system will allow the Board to promptly expend the FDKFGP funds within this given time frame. The two-round system will also provide more time for districts to plan and prepare a project submittal so as to encourage full participation in the program. Any funds that return to the program after the first round is awarded, and/or any funds that remain from the first round if the round is undersubscribed will be included in the amount available for the second round. Any program funds remaining by June 30, 2021 will be returned to the General Fund.

*Types of Projects/Grant Calculations*

Districts may apply for funding with or without an advance release of funds.

- New construction or retrofit grant requests *without* an advance release of funds are for school districts that have all of the required supporting documentation at the time the application is submitted to OPSC, including Division of State Architecture (DSA) plan approval and CDE final plan approval.
- New construction or retrofit grants requests *with* an advance fund release are for school districts that have none or only a portion of the required supporting documentation and approvals.

There are two FDKFGP project types, new construction and retrofit. Per EC Section 17375(d), the most current School Facility Program Grade K-6 new construction per pupil grant amount will be used to calculate the new construction base grant and the most current School Facility Program modernization grade K-6 per pupil grant amount will be used to calculate the retrofit base grant. The School Facility Program loading standard of 25 pupil grants per K-6 classroom will be applied to each classroom in the project. Program grants will be provided on a 50/50 state and local share basis for new construction projects and 60/40 state and local share basis for retrofit of existing facilities. Financial Hardship assistance is available for those districts that cannot make their local matching share contribution. Financial Hardship requirements mirror those of the School Facility Program.

The base grant may be increased by the following additional grants supported by the project.

New Construction	Retrofit
Site Acquisition	Automatic fire detection/alarm system
Hazardous waste removal	Site Development*
Automatic fire detection/alarm system.	50-year old utilities**
Automatic sprinkler system	Project Assistance
Site Development*	
Multilevel classroom construction	
Project assistance	

\* The new construction and retrofit base grants for all projects will be increased by 35 percent (the historic average of School Facility Program site development costs) if there is site development in the approved project plans.

\*\*50-year old utilities. The retrofit base grant will be increased by 15 percent for 50-year old utilities for projects that retrofit 50 years or older permanent buildings if there is utility work in the approved plans.

STAFF ANALYSIS/STATEMENTS (cont.)

*Preference Points and Funding Order*

If funds are insufficient to fully fund all Approved Applications for FDKFGP funding, approved applications will receive preference points based on the total of (a) and (b) up to a maximum of 80 points, as follows:

- (a) 40 points if a school district demonstrates it meets the requirements for a financial hardship grant.
- (b) Up to 40 points based on the percentage of pupils who are eligible for Free and Reduced-Price School Meals. The percentage will be based on the most recent school district data on file with CDE at the close of the funding round. The percentage will be determined by school district data, not school site specific data.

The Board will fund projects in the following order. An example further explaining the program's funding order is included as Attachment G.

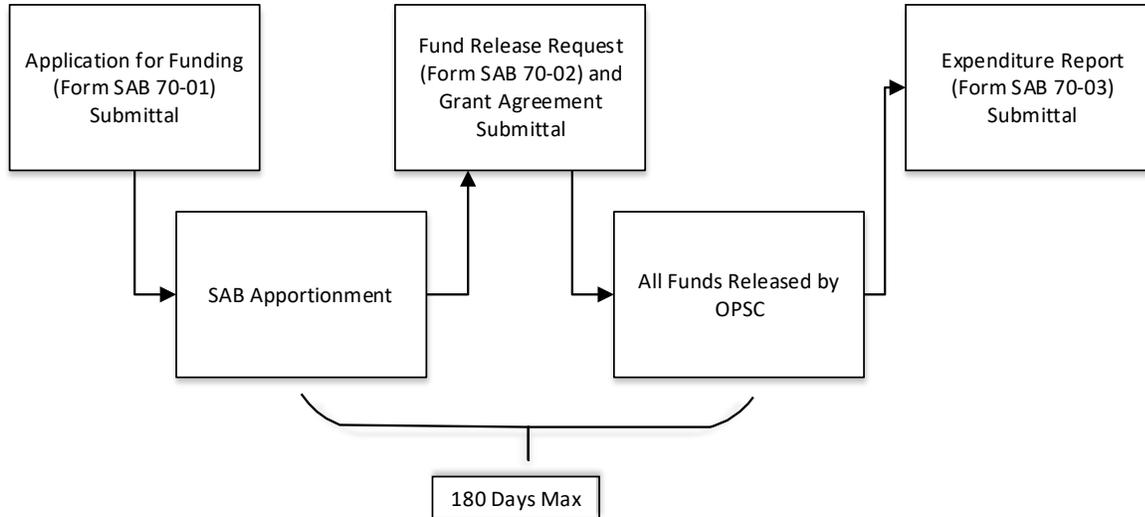

1. School districts will first be funded based on the total preference points. If school districts submit multiple Approved Applications in the same funding round, projects will be funded using the priority order assigned to each Approved Application by the school districts on the Form SAB 70-01.
  - (A) The Board shall fund Approved Applications based on the total preference points and priority order. School districts shall have their first priority projects funded in order based on total preference points until all school districts have had their first priority project funded, or until all funds are exhausted for that funding round, whichever comes first.
  - (B) School districts with Approved Applications with the same total preference points will be placed into a lottery system to determine school district funding order.
2. If sufficient funding remains after funding first priority projects pursuant to 1860.15(c)(1)(A), school districts with multiple Approved Applications will be then funded in order of total preference points.
  - (A) The school district with the highest total preference points shall have their remaining Approved Applications funded in priority order until all projects are funded, or until all funds are exhausted for that funding round, whichever comes first. Funding shall then be provided to the school district with the next highest total preference points.
  - (B) School districts with Approved Applications with the same total preference points will be placed into a lottery system to determine school district funding order. One Approved Application at a time (based on district assigned priority order) for each school district participating in the lottery will be funded until all Approved Applications from each school district participating in the same lottery round have been funded, or until all funds are exhausted for that funding round, whichever comes first.
3. If the Board does not have sufficient funding to fully apportion a school district's Approved Application, that school district may elect to either accept or decline to accept partial funding for the project. If partial funding is declined, the Board may offer partial funding to the next Approved Application, based on the funding order determined above.

*Fund Release Process*

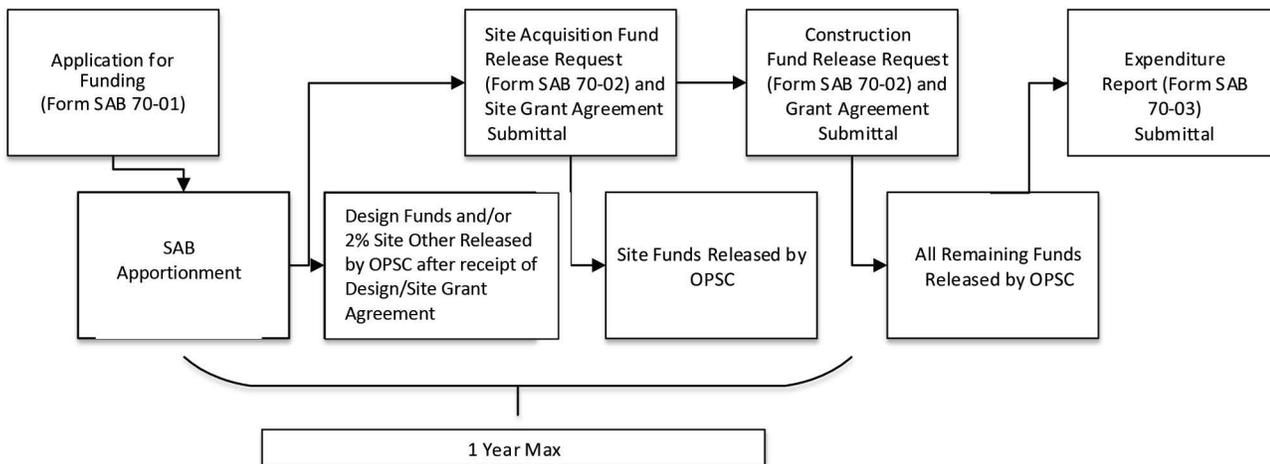

A grant agreement must be submitted prior to the release of any funds. Cash proceeds are immediately available upon project apportionment. Districts will not need to participate in the priority funding certification process that is used for the School Facility Program.

STAFF ANALYSIS/STATEMENTS (cont.)

School districts who receive new construction or retrofit grants *without* an advance release of funds must submit a valid Fund Release (Form SAB 70-02) with all required approvals within 180 days of apportionment.

School districts who receive new construction or retrofit grants *with* an advance release of funds must then submit a valid Fund Release (Form SAB 70-02) with all required approvals within 12 months of apportionment.

*Program Reporting/Audits*

A school district that receives FDKFGP funding must submit a valid Expenditure Report (Form SAB 70-03) at the completion of the project. Projects will be deemed complete either when the notice of completion for the project has been filed or one year from the date of the final fund release. Excluding school districts that received a financial hardship grant, school districts must report the expenditure of project savings within one year of project completion. A project that received a financial hardship grant must return any unexpended funds to the State upon completion of the project. Projects will be subject to a local audit conducted pursuant to EC Section 41024 to assure that the expenditures incurred by the school district were made in accordance with the provisions of EC Section 17375.

STAFF ANALYSIS/STATEMENTS (cont.)

**Summary of Stakeholder Feedback on the Program Criteria**

On August 28, September 13, and October 4, 2018, Staff held meetings to obtain stakeholder feedback on proposed project criteria for the FDKFGP.

At the first meeting, Staff provided an overview of proposed criteria for determining the eligibility and funding of FDKFGP applications. At the second meeting, Staff reviewed questions and input received at and since the previous meeting regarding the proposed program criteria. At the third and final meeting, Staff presented proposed program Forms, Grant Agreement, and Regulations for the program. Nearly all of the feedback Staff received has been incorporated into the final proposed program Forms, Grant Agreement and Regulations.

Participating stakeholders were generally in favor of the proposed program criteria. Staff incorporated stakeholder feedback whenever possible. For example, several participating stakeholders expressed concern regarding the costs that would be incurred for FDKFGP retrofit projects that were outside of the classroom, such as drop-off areas and playgrounds. In consideration of this request, Staff added a site development additional grant to the retrofit grant to address these costs.

**Summary of Changes Made Since October 4th Stakeholder Meeting**

Since the proposed Regulations were posted online for the Stakeholder Meeting on October 4<sup>th</sup>, a few changes have been made to the proposed program Regulations that are included as a part of this item for Board approval:

- Regulations allowing construction of FDKFGP projects on leased sites were removed as statute does not permit funding on leased sites.
- Authority references have been corrected.
- The program funding order and how tied scores are funded have been clarified.
- Savings expenditure reporting requirements have been clarified.
- Regulations explaining the funding process in the event that the Board does not have sufficient funding to fully apportion a school district's application were added.

**CONCLUSION**

Staff is presenting the attached proposed FDKFGP Regulations, Forms, and Grant Agreement for approval on an emergency basis. Approving the Regulations, Forms, and Grant Agreement will enable the Board to administer the program.

RECOMMENDATIONS

1. Adopt the proposed Regulations, Forms, and Grant Agreement as shown in Attachments B through F.
2. Authorize the Executive Officer to file the proposed Regulations, Forms, and Grant Agreement with the Office of Administrative Law on an emergency basis and make the regulations permanent.
3. Authorize \$37.5 million from the Full-Day Kindergarten Facilities Account to administer the first funding round.
4. Authorize \$60 million, or all remaining funds, from the Full-Day Kindergarten Facilities Account to administer the second funding round.

This Item was approved by the State Allocation Board on October 24, 2018.

  - (2) Substantiation that the costs are limited to the minimum required to complete the evaluation and RA approved by DTSC.

The actual site cost or the appraised value of the site shall be reduced, on a prorated basis, by the percentage of the excess acreage of the site that exceeds the eligible acreage shown below for a kindergarten classroom project, or as approved by CDE, pursuant to Title 5, California Code of Regulations Section 14010(a):

#### Section 1860.13. Retrofit School District Matching Share Requirement.

With the exception of Financial Hardship funding provided by Section 1860.14, any funding provided by these Regulations shall require a School District matching share equal to 40 percent of those amounts which, combined with the State's Retrofit Grant, shall represent 100 percent of the total project cost.

Note: Authority cited: Section 17375(b)(3), Education Code.

#### Section 1860.14. Hardship Assistance and Financial Hardship

A School District shall qualify for hardship assistance by demonstrating a Financial Hardship, as provided in this Section, which prevents the School District from funding all or a portion of the matching share requirement for a Program grant.

A School District is eligible for a financial hardship grant to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (b), and (c) below:

- (a) The School District is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the School District's financial records by OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the School District's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds and sale proceeds from surplus property, the appraised value of facilities approved for replacement, and bond funds either encumbered, unencumbered or authorized but unsold. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by OPSC and all prospective revenue made available to the School District's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.

The financial hardship analysis is subject to approval by the Board.

- (b) The School District has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the School District meets at least one of the following:
  - (1) The current outstanding bonded indebtedness of the School District issued for the purpose of constructing school facilities at the time of request for financial hardship status, is at least 60 percent of the District's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.
  - (2) The School District had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the School District's matching share requirement for the Program project(s).
  - (3) The School District's total bonding capacity at the time of the request for financial hardship status is \$5 million or less

- (4) Other evidence of reasonable effort as approved by the SAB.
- (c) If the School District meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the School District's matching share less funds deemed available in (a).
- (1) Once a School District has been notified that OPSC is scheduled to begin processing the School District's Form SAB 70-01, the School District must submit documentation to support the Financial Hardship request within 30 calendar days.
- (2) If the School District does not submit documentation within 30 calendar days, the School District will be ineligible to receive a Financial Hardship grant for their project(s) and preference points as provided in Section 1860.15.

Note: Authority cited: Section 17375(b)(2)(A), 17375(b), Education Code.

**Section 1860.15. Application Funding Criteria.**

If the estimated total Apportionments of all Approved Applications received within a funding round specified in Section 1860.6 exceed the funds available in that funding round, OPSC will calculate preference points for all Approved Applications. An Approved Application shall receive preference points based on the total of (a) and (b) up to a maximum of 80 points, as follows:

- (a) Financial Hardship: 40 points if a School District demonstrates it meets the requirements under Section 1860.14(b).
- (b) Low Income: Up to 40 points based on the percentage of pupils at the School District meeting the definition of Low Income. The following sliding scale shall be used to determine the number of preference points:

Percentage Eligible for Free and Reduced Price School Meals	Preference Points Assigned

(c) The Board shall apportion projects in the following order:

(1) School Districts will be funded based on the total preference points, determined by the sum of subdivisions (a) and (b) above. If School Districts submit multiple applications in the same funding round, OPSC will use the priority order assigned to each application by the School Districts on the Form SAB 70-01 and then fund Approved Applications in the following order:

(A) School Districts shall have their first priority projects funded in order based on total preference points until all School Districts have had their first priority project funded, or until all funds are exhausted for that funding round, whichever comes first.

(B) School Districts with the same total preference points with Approved Applications will be placed into a lottery system to determine School District funding order.

(2) If sufficient funding remains after funding first priority projects pursuant to 1860.15(c)(1)(A), School Districts with multiple Approved Applications will be funded in the following order:

(A) The School District with the highest total preference points shall have their remaining projects funded in priority order until all projects are funded, or until all funds are exhausted for that funding round, whichever comes first. Funding shall then be provided to the School District with the next highest total preference points.

(B) School Districts with the same total preference points with Approved Applications will be placed into a lottery system to determine School District funding order. The highest remaining priority project for each School District participating in the lottery will be funded until all projects from each School District participating in the same lottery round have been funded, or until all funds are exhausted for that funding round, whichever comes first.

(3) If the Board does not have sufficient funding to fully apportion a School District's Approved Application, that School District may elect to either:

(A) Accept partial funding for the project. If partial funding is accepted, the Apportionment shall become the full and final apportionment for the project.

(B) Decline to accept funding for the project. If partial funding is declined, the Board may offer partial funding to the next Approved Application, based on funding order determined in (c)(1) and (c)(2) above.

(a) For an advance fund release for design costs, 40 percent of the grant determined in 1860.9(a) or 25 percent of the grant determined in 1860.12(a) will be released once an executed design, or design and site, Grant Agreement, as required by Section 1860.17, has been received by OPSC.

(b) For an advance fund release for two percent site other costs, funds will be released once an executed site, or design and site, Grant Agreement, as required by Section 1860.17, has been received by OPSC.

(c) For an advance fund release for site acquisition costs, other than two percent site other, funds will be released once an executed site, or design and site, Grant Agreement, as required by Section 1860.17, has been received by OPSC and the following requirements have been met:

(1) The School District has entered escrow for the site.

(2) There has been a final appraisal of the site.

(3) The School District received either contingent or final site approval from the California Department of Education.

(4) A valid Form SAB 70-02 has been received by OPSC.

(d) For New Construction Grant or Retrofit Grant funding, all unreleased funds will be released once an executed full grant agreement, as required by Section 1860.17, has been received by OPSC and the following requirements have been met:

(1) The School District's applicable matching share has already been deposited or expended by the School District for the project, unless the School District meets the requirements for Financial Hardship pursuant to Section 1860.14.

(2) The School District has entered into a binding contract(s) for the completion of the project.

(3) The plans and specifications applicable to the state funded project have been approved by DSA.

(4) If the project includes site acquisition, there has been a final appraisal of the site, the site received written final approval by CDE and the School District has entered escrow for the site.

(5) A valid Form SAB 70-02 has been received by OPSC.

- (e) For New Construction Grant or Retrofit Grant funding, without a request for an advance release of funds pursuant to Sections 1860.7(a) and 1860.7(c), a valid *Fund Release Request* (Form SAB 70-02) with all required approvals must be submitted within 180 days of Apportionment. If a valid Form SAB 70-02 is not received within 180 days of Apportionment, the Apportionment shall be rescinded.
- (f) For an Apportionment received pursuant to Section 1860.7(b) and 1860.7(d), where submittal of the necessary CDE plan approval and/or DSA-approved plans and specifications were not required at the time the Board granted an Apportionment, then the School District has up to 12 months to submit the required approvals from the date of Apportionment. If the required submittals are not received within 12 months, the Apportionment shall be rescinded and the Full-Day Kindergarten Facilities Grant will return to the Program for reallocation.

Subject to available funds, site acquisition grants shall be adjusted based on actual costs prior to the release of funds.

Prior to fund release, OPSC will verify that the School District has included multilevel classrooms in the plans for the project, if multilevel funding was requested.

Financial hardship approval status by OPSC for a design and/or site advance will apply to any subsequent funding for the project(s) received by OPSC during the same application filing round, as established in Section 1860.6.

**Application Funding Order Scenario**

The Full-Day Kindergarten Facilities Grant Program (FDKFGP) Regulations Section 1860.15(c) explains the order in which participating School Districts and their approved applications will be funded.

**REGULATION SECTION 1860.15(c)**

(c) The Board shall apportion projects in the following order:

(1) School Districts will be funded based on the total preference points, determined by the sum of subdivisions (a) and (b) above. If School Districts submit multiple applications in the same funding round, OPSC will use the priority order assigned to each application by the School Districts on the Form SAB 70-01 and then fund Approved Applications in the following order:

(A) School Districts shall have their first priority projects funded in order based on total preference points until all School Districts have had their first priority project funded, or until all funds are exhausted for that funding round, whichever comes first.

(B) School Districts with the same total preference points with Approved Applications will be placed into a lottery system to determine School District funding order.

(2) If sufficient funding remains after funding first priority projects pursuant to 1860.15(c)(1)(A), School Districts with multiple Approved Applications will be funded in the following order:

(A) The School District with the highest total preference points shall have their remaining projects funded in priority order until all projects are funded, or until all funds are exhausted for that funding round, whichever comes first. Funding shall then be provided to the School District with the next highest total preference points.

(B) School Districts with the same total preference points with Approved Applications will be placed into a lottery system to determine School District funding order. The highest remaining priority project for each School District participating in the lottery will be funded until all projects from each School District participating in the same lottery round have been funded, or until all funds are exhausted for that funding round, whichever comes first.

(3) If the Board does not have sufficient funding to fully apportion a School District's Approved Application, that School District may elect to either:

(A) Accept partial funding for the project. If partial funding is accepted, the Apportionment shall become the full and final apportionment for the project.

(B) Decline to accept funding for the project. If partial funding is declined, the Board may offer partial funding to the next Approved Application, based on funding order determined in (c)(1) and (c)(2) above.

**FUNDING SCENARIO**

The following five school districts have applied to FDKFGP, and all applications from these school districts were approved for funding. School districts B, C, and D all have the same total preference points, so they were placed into a lottery system, to determine the order within the funding round. School district B was picked first. School district C was picked second. School district D was picked third. This same order was picked for the funding order of the first priority projects, pursuant to 1860.15(c)(1) and for the subsequent funding order lottery, pursuant to 1860.15(c)(2).

<i>School District Name</i>	<i>Total Preference Points</i>	<i>Number of Approved Applications</i>	<i>Position in Lottery</i>
School District A	75	3	N/A
School District B	70	3	1
School District C	70	2	2
School District D	70	4	3
School District E	68	3	N/A

Assuming there is enough funding for all approved applications, the approved applications will be funded in the following order, pursuant to Regulation Section 1860.15(c):

1. School District A's 1st Priority	6. School District A's 2nd Priority	11. School District B's 3rd Priority
2. School District B's 1st Priority	7. School District A's 3rd Priority	12. School District D's 3rd Priority
3. School District C's 1st Priority	8. School District B's 2nd Priority	13. School District D's 4th Priority
4. School District D's 1st Priority	9. School District C's 2nd Priority	14. School District E's 2nd Priority
5. School District E's 1st Priority	10. School District D's 2nd Priority	15. School District E's 3rd Priority

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

- (a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

- (b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:
- (1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.
  - (2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.
  - (3) Subtract (b)(2) from (b)(1).
  - (4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.
  - (5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.
  - (6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.
  - (7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

- (c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:
- (1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.
  - (2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).
  - (3) It is a County Superintendent of Schools.
  - (4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.
  - (5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when

relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

- (A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.
- (B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.
- (d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).
- (e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).
- (1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.
- (2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.
- (3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

- (f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.
- (g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.
- (h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.
  - (1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.
  - (2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:
    - a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.
    - b. OPSC will return the request for funding and related materials to the district.
  - (3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.
  - (4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
