**Funding Source: Proposition 51 Bonds/2016-Nov.**

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

This project is a Use of Grants under Regulation Section 1859.77.3(a).

Based on the Board's action on June 5, 2017, this project is subject to the Grant Agreement submittal pursuant to School Facility Program Regulation Section 1859.90.4.

The District is responsible to ensure that the project is compliant with all Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

REPORT OF THE EXECUTIVE OFFICER  
State Allocation Board Meeting, May 22, 2019

SCHOOL FACILITY PROGRAM  
CAREER TECHNICAL EDUCATION FACILITIES PROGRAM UNFUNDED APPROVALS

PURPOSE OF REPORT

To present unfunded approvals for the fifth funding cycle of the School Facility Program (SFP) Career Technical Education Facilities Program (CTEFP).

DESCRIPTION

In August 2017, the State Allocation Board (Board) approved a maximum of \$125 million for the fifth funding cycle of the CTEFP as a result of the passage of the Kindergarten through Community College Public Education Facilities Bond Act of 2016 (Proposition 51). Proposition 51 provided the CTEFP \$500 million in bond authority. This item requests the Board to approve 70 projects totaling \$122.4 million for placement on the Unfunded List (Lack of AB 55 Loans) for CTEFP grants as shown on Attachment A1.

AUTHORITY

See Attachment B.

BACKGROUND

Under the CTEFP, a local educational agency (LEA) operating a comprehensive high school may construct new or modernize existing facilities for career technical education programs. A Joint Powers Authority (JPA) operating career technical education programs as of May 20, 2006 may modernize existing facilities. The LEA is not required to demonstrate that it has unhoused pupils or that buildings are older than 25 years to be eligible for the program. The maximum grant for a new construction project is \$3 million. The maximum grant for a modernization project is \$1.5 million.

Projects are funded on a 50/50 state and local share basis. A financial contribution toward the cost of the CTEFP project must be equal to the State's grant. The local contribution toward the project cannot be waived. The applicant may request a loan for all or part of the local contribution if funds are not immediately available, as Financial Hardship is not an option under the CTEFP statute.

In August 2017, the Board approved an option to allocate \$125 million to the fifth funding cycle of the CTEFP. Applications were submitted as follows:

- Grant Applications were due to the California Department of Education (CDE) by October 19, 2018.
- *Applications for Career Technical Education Facility Funding* (Form SAB 50-10) were due to OPSC by close of business February 15, 2019.

Successful applicants, who achieved a minimum career technical education plan score of 105 on the Grant application submitted to CDE, were eligible to submit a Form SAB 50-10 to OPSC. The score is based on relevant career technical education curriculum and facility needs to increase student achievement as required by statute and determined by CDE.

## STAFF ANALYSIS/STATEMENTS

OPSC received 220 applications requesting approximately \$405 million for the fifth CTEFP funding cycle by February 15, 2019. In accordance with School Facility Program Regulations (SFP), the applications are ranked by highest career technical education plan score and locale (to determine locale, OPSC uses the National Center for Education Statistics). The highest scoring application in each of the three designated locales, urban, suburban and rural, is presented for funding and then the pattern repeats until applications or funding is exhausted, whichever comes first. Using this prescribed funding order, Staff is presenting 70 CTEFP projects for placement on the Unfunded List (Lack of AB 55 Loans) as shown in Attachment A1. The applications are within the maximum \$125 million allotted to this funding cycle.

After accounting for the 70 applications that can be fully funded within the \$125 million, there is a remaining balance of approximately \$2.6 million available for the next project in line. Pursuant to SFP Regulation Section 1859.196, "if a project within any funding cycle cannot be fully apportioned because insufficient funding is available, the applicant may either accept the available funding as the full and final apportionment for the project or refuse funding entirely". In the event that funding is refused, the regulation allows for the next project in line to be considered. Staff will work down the list of projects, shown on Attachment A2 to determine which district will accept the available authority and bring a funding item(s) back for approval at a future meeting.

### *Tied Scores*

In some instances, two or more CTEFP applications have the same career technical education plan score. The criteria outlined in SFP Regulation Sections 1859.196 (d)(3)(A-C) were used to determine the final funding order on Attachment A1. The application with the highest points in all weighted areas identified in Education Code Section 17078.72(j) is the first criterion. That number appears next to the plan score. If the weighted scores are also equal, the second criterion applied looks at whether the applicant will receive funding within the same funding cycle for another project or has received funding in the immediate prior funding cycle. If the applicant has already or will receive funding for another project, Yes appears in the designated column. If not, No is entered.

### *Receiving an Apportionment*

All applicants must participate in priority funding to receive an Apportionment and are subject to the requirements for participation in priority funding. Some projects on Attachment A1 are requesting an unfunded approval with a "reservation of funds." This means that the applicant has not yet obtained the required Division of the State Architect plan approval and/or a CDE Plan approval for the project. In these instances, the applicants will have 12 months from the date of Apportionment to submit the required approval(s) pursuant to SFP Regulation Section 1859.193(d). Failure to submit the required approvals within the 12-month period will result in the rescission of the project without further Board action.

### *Summary*

Staff recommends approval of the CTEFP projects on Attachment A1 for placement on the Unfunded List (Lack of AB 55 Loans). The total funding requested is \$122.4 million, which is within the \$125 million approved by the Board for this cycle.

In accordance with SFP Regulations, the remaining, unprocessed applications will be returned to the applicants. Applicants have the option of resubmitting in a future funding cycle.

## RECOMMENDATION

Approve the CTEFP projects in the amount of \$122,362,947 as shown on Attachment A1 for placement on the Unfunded List (Lack of AB 55 Loans).

## CTEFP - ATTACHMENT B

### AUTHORITY

EC Section 101122(a)(4) states: "The amount of five hundred million dollars (\$500,000,000) for facilities for career technical education programs pursuant to Article 13 (commencing with Section 17078.70) of Chapter 12.5 of Part 10 of Division 1 of Title 1."

SFP Regulation Section 1859.193(d) states in part:

If an applicant meets the eligibility criteria in Section 1859.192, but does not have the necessary approvals from the [Division of the State Architect] and/or the [California Department of Education] CDE at the time of Apportionment, the Board may apportion funds for the Career Technical Education Facilities Project and reserve them for a period of up to 12 months. The grant amount to be reserved for the project will be the maximum funding as determined above in (a), (b), or (c).

SFP Regulation Section 1859.196(d) states in part:

(d) For the third and any subsequent cycles, the Board shall apportion funds regardless of Service Region.

(1) Funds shall be apportioned to the highest ranked project in each locale. In order to continue this funding process, one project from each locale must be apportioned. If there are no applications in a given locale(s), projects will be apportioned in the remaining locale(s).

(2) The process will continue until the applications or funds are exhausted, whichever comes first.

(3) In the event two or more applications have the same career technical education plan score, the Board shall approve the applications in the following order:

(A) The application with the highest total score in all weighted areas of the career technical education plan score identified in Education Code Section 17078.72(j).

(B) The applicant without a Career Technical Education Facilities Project in the immediate prior funding cycle or without an Approved Application for Career Technical Education Facilities Project Funding that will receive funding in the current cycle.

(C) After the above criteria have been applied, a lottery system may be used to determine the final funding order.

(e) If an Approved Application for Career Technical Education Facilities Project Funding within any funding cycle cannot be fully apportioned because insufficient funding is available, the applicant may either accept the available funding as the full and final apportionment for the project or refuse funding entirely. If funding is refused, the Board shall consider funding the next project eligible for an apportionment pursuant to this Section.

(f) For any Approved Application for Career Technical Education Facilities Project Funding not apportioned pursuant to this Section, the application shall be returned to the applicant. An Approved Application for Career Technical Education Facilities Project Funding returned to the applicant may be resubmitted during a subsequent application acceptance period identified in Section 1859.191, provided the application meets the eligibility criteria in Section 1859.192.

Note: Authority cited: Sections 17070.35 and 17078.72(k), Education Code.

Reference: Section 17078.72, Education Code.

**PROJECT FINANCING**

	Fund Code	Proposition	
<b>State Share (50%)</b>			
<b>This Project</b>	<b>951-600</b>	<b>51</b>	<b>\$ 2,364,422.00</b>
<b>District Share (50%)</b>			
<b>Cash Contribution</b>			2,364,422.00
<b>Total Project Cost</b>			<b>\$ 4,728,844.00</b>

**Funding Source: Proposition 51 Bonds/2016-Nov.**

Pursuant to the Board's action on March 11, 2009, this application is presented for unfunded approval and placement on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

Pursuant to School Facility Program Regulation Section 1859.90.4, the applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a request for the release of funds.

Pursuant to School Facility Program Regulation Section 1859.199, the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment. If this requirement is not met, the Apportionment will be rescinded without further Board action.

Cash Contribution 3,000,000.00

Total Project Cost \$ **6,000,000.00**

**Funding Source: Proposition 51 Bonds/2016-Nov.**

Pursuant to the Board's action on March 11, 2009, this application is presented for unfunded approval and placement on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

Pursuant to School Facility Program Regulation Section 1859.90.4, the applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a request for the release of funds.

Pursuant to School Facility Program Regulation Section 1859.199, the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment. If this requirement is not met, the Apportionment will be rescinded without further Board action.

Career Technical Education Facilities Program - Grant Approval

**APPLICANT DATA**

Application No: 55/61424-00-006  
County: Butte  
Applicant: Chico Unified

Site Name: Inspire School Of Arts And Sciences  
Industry Sector: Arts, Media, and Entertainment  
Pathway: Design, Visual, and Media Arts

**PROJECT DATA**

Type of Project: New Construction  
Reservation of Funds: Y  
Loan Requested: N  
Qualifying SFP Project: n/a  
Number of CTE Classrooms: 1  
SFP Classroom Allowance Deduction: n/a

**GRANT DATA**

Eligible Project Costs (50%)  
Construction: \$ 552,751.00  
Equipment: 195,888.00  
Site Development: -  
SFP Deduction: 0.00  
Total State Share (50%) 748,639.00  
District Share (50%) 748,639.00  
Total Project Costs \$ 1,497,278.00

**PROJECT FINANCING**

**Fund Code**

State Share (50%)  
This Project 951-600 \$ 748,639.00

District Share (50%)  
Cash Contribution 748,639.00

Total Project Cost \$ 1,497,278.00

**Funding Source: Proposition 51 Bonds/2016-Nov.**

Pursuant to the Board's action on March 11, 2009, this application is presented for unfunded approval and placement on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

Pursuant to School Facility Program Regulation Section 1859.90.4, the applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a request for the release of funds.

Pursuant to School Facility Program Regulation Section 1859.199, the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment. If this requirement is not met, the Apportionment will be rescinded without further Board action.

**Funding Source: Proposition 51 Bonds/2016-Nov.**

Pursuant to the Board's action on March 11, 2009, this application is presented for unfunded approval and placement on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

Pursuant to School Facility Program Regulation Section 1859.90.4, the applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a request for the release of funds.

Pursuant to School Facility Program Regulation Section 1859.199, the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Y+A1

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

Pursuant to School Facility Program Regulation Section 1859.194, the Applicant has requested a loan to supplement the Applicant's required matching share. The loan agreement shall include interest set at the same rate as charged by the Pooled Money Investment Board as of the date of Apportionment.

The Applicant is required to submit complete and executed loan and grant agreements within 30 days of the date that the Office of Public School Construction provides these agreements to the Applicant.

Since the Applicant has requested a loan equal to the Applicant's entire matching share, Office of Public School Construction will release ten percent of the CTEFP grant amount to the applicant within 30 calendar days of the Apportionment pursuant to School Facility Program Regulation Section 1859.197.

Release of funds is contingent upon the Office of Public School Construction's receipt of the signed and executed loan and grant agreements.

If the Applicant does not meet the requirements of School Facility Program Regulation Section 1859.197 related to a reservation and the requirements for a release of funds, the Applicant is required to return the amount released, plus interest, in accordance with the repayment provisions identified in School Facility Program Regulation Section 1859.106.1.

**State Loan** 951-605 1,096,916.00  
**Total Project Cost** \$ **2,193,832.00**

**Funding Source: Proposition 51 Bonds/2016-Nov.**

Pursuant to the Board's action on March 11, 2009, this application is presented for unfunded approval and placement on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

Pursuant to School Facility Program Regulation Section 1859.90.4, the applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a request for the release of funds.

Pursuant to School Facility Program Regulation Section 1859.199, the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment; otherwise, the Apportionment will be rescinded without further Board action.

Pursuant to School Facility Program Regulation Section 1859.194, the Applicant has requested a loan to supplement the Applicant's required matching share. The loan agreement shall include interest set at the same rate as charged by the Pooled Money Investment Board as of the date of Apportionment.

The Applicant is required to submit complete and executed loan and grant agreements within 30 days of the date that the Office of Public School Construction provides these agreements to the Applicant.

Since the Applicant has requested a loan equal to the Applicant's entire matching share, Office of Public School Construction will release ten percent of the CTEFP grant amount to the applicant within 30 calendar days of the Apportionment pursuant to School Facility Program Regulation Section 1859.197. Release of funds is contingent upon the Office of Public School Construction's receipt of the signed and executed loan and grant agreements.

If the Applicant does not meet the requirements of School Facility Program Regulation Section 1859.197 related to a reservation and the requirements for a release of funds, the Applicant is required to return the amount released, plus interest, in accordance with the repayment provisions identified in School Facility Program Regulation Section 1859.106.1.

Career Technical Education Facilities Program - Grant Approval

**APPLICANT DATA**

Application No: 55/67314-00-012  
County: Sacramento  
Applicant: Elk Grove Unified

Site Name: Florin High  
Industry Sector: Engineering and Architecture  
Pathway: Engineering Design

**PROJECT DATA**

Type of Project: New Construction  
Reservation of Funds: Y  
Loan Requested: N  
Qualifying SFP Project: n/a  
Number of CTE Classrooms: 2  
SFP Classroom Allowance Deduction: n/a

**GRANT DATA**

Eligible Project Costs (50%)  
Construction: \$ 1,552,478.00  
Equipment: 249,319.00  
Site Development: 76,351.00  
  
SFP Deduction: 0.00  
Total State Share (50%) 1,878,148.00  
District Share (50%) 1,878,148.00  
Total Project Costs \$ **3,756,296.00**

**PROJECT FINANCING**

**Fund Code**

State Share (50%)  
This Project 951-600 \$ 1,878,148.00

District Share (50%)  
Cash Contribution 1,878,148.00

Total Project Cost \$ **3,756,296.00**

**Funding Source: Proposition 51 Bonds/2016-Nov.**

Pursuant to the Board's action on March 11, 2009, this application is presented for unfunded approval and placement on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

Pursuant to School Facility Program Regulation Section 1859.90.4, the applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a request for the release of funds.

Pursuant to School Facility Program Regulation Section 1859.199, the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment. If this requirement is not met, the Apportionment will be rescinded without further Board action.

Funding Source: Proposition 51 Bonds/2016-Nov.

Pursuant to the Board's action on March 11, 2009, this application is presented for unfunded approval and placement on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

Pursuant to School Facility Program Regulation Section 1859.90.4, the applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a request for the release of funds.

Pursuant to School Facility Program Regulation Section 1859.199, the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment. If this requirement is not met, the Apportionment will be rescinded without further Board action.

This Project 951-600 \$ 363,922.00  
District Share (50%)  
Cash Contribution 363,922.00  
Total Project Cost \$ 727,844.00

Funding Source: Proposition 51 Bonds/2016-Nov.

Pursuant to the Board's action on March 11, 2009, this application is presented for unfunded approval and placement on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

Pursuant to School Facility Program Regulation Section 1859.90.4, the applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a request for the release of funds.

Pursuant to School Facility Program Regulation Section 1859.199, the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment. If this requirement is not met, the Apportionment will be rescinded without further Board action.
