Full-Day Kindergarten Facilities Grant Program

PURPOSE

To discuss and receive stakeholder input regarding program changes to the Full-Day Kindergarten Facilities Grant Program as a result of Senate Bill 75, Chapter 51, Statutes of 2019.

DESCRIPTION

Senate Bill (SB) 75, amended Article 7 (commencing with EC Section 17375) Chapter 3 of Part 10.5 of Division 1 of Title 1 of the Education Code (EC) to allocate additional funds for and modify program eligibility and funding criteria for the Full-Day Kindergarten Facilities Grant Program (FDKFGP). The FDKFGP allows school districts that lack the facilities to provide full-day kindergarten to apply for one-time grants to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classroom programs. The State Allocation Board (SAB) must amend the Program Regulations, Forms, and Grant Agreement in order to administer the grant program according to new statutory requirements.

AUTHORITY

See Attachment A.

BACKGROUND

SB 75, the Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on July 1, 2019. This bill appropriated an additional \$300,000,000 from the General Fund for the 2019-20 fiscal year to the SAB to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classroom programs. The amended statute limits a portion of the program's funding to school districts that will use the funding to convert part-day kindergarten programs to full-day kindergarten programs.

Additionally, the amended statute changes the fund matching requirement for school districts that are converting a part-day program to a full-day program. The matching requirement for these conversion projects has changed from 50 percent of the total approved project cost for new construction projects and 40 percent of the total approved project cost for retrofit projects to 25 percent of the total approved project cost for both types of project scopes. Non-conversion projects will continue to abide by the 50 percent or 40 percent matching share requirement, respectively. Additional changes were made regarding the use of savings and interest, application submittal requirements, and the effect of newly constructed facilities on the school district's eligibility determination for the School Facility Program.

## Major Differences Among Funding Rounds

Program Changes	Round 1	Round 2	Round 3	Round 4	Round 5
Only part-day kindergarten to full-day kindergarten conversion projects will be funded.			X	X	
Total project cost will be split 75/25 between the State and School District.	X*	X*	X*	X*	X*
All school districts (including those that receive financial hardship assistance) may retain project savings and interest.			X	X	X
New school facilities built with FDKFGP funds <u>will not</u> impact a school district's SFP New Construction eligibility.	X	X	X	X	X

\*Only applies if the school district is using FDKFGP funds to convert a part-day kindergarten program to a full-day kindergarten program.

## STAFF ANALYSIS

Staff has identified necessary regulatory amendments to implement the statutory changes to program eligibility, funding criteria, eligible expenditures and use of savings.

### Program Eligibility Criteria

For the 2019-20 and 2020-21 fiscal years, funding from the 2019-20 Budget is limited to school districts who meet the following criteria:

- 1) The application site must not have offered a full-day kindergarten program as of July 1, 2019. School districts will certify to this requirement on the *Application for Funding* (Form SAB 70-01).
- 2) The school district must only use FDKFGP funds to convert a part-day kindergarten program to a full-day kindergarten program.

For any funds remaining after the 2020-21 fiscal year, funding will be open to all school districts that do not have the facilities to adequately house kindergarten students that currently attend or will attend a full-day kindergarten program.

### Application Submittal Requirements

To support that a school district's project is eligible to receive FDKFGP funding, school districts must submit documentation to identify the current kindergarten enrollment and classroom inventory at a site.

Statute now requires school districts to provide schoolsite enrollment data for the year in which the application(s) is processed as well as enrollment data for the three immediately preceding years. School districts will provide this information on the amended *Application for Funding* (Form SAB 70-01).

Additionally, school districts will need to provide more detailed site maps and project narratives. On the site maps, school districts must note the current use of all facilities on the site. Any facilities that the school district plans to retrofit with FDKFGP funding must identify the use of all facilities on the site following the FDKFGP project, specifically noting, which kindergarten classrooms will and will not be used for full-day kindergarten instruction.

OPSC will use the enrollment data and site map to verify a schoolsite's overall need for FDKFGP funding based off of enrollment patterns and capacity at the site. Part of the verification process will be consulting with the California Department of Education (CDE) to determine if an application should be limited to a retrofit project.

### **Funding**

\$300 million is appropriated from the General Fund to the Board and was deposited in the Full-Day Kindergarten Facilities Account. EC Section 17375(j) allows the Department of General Services (DGS) to charge its administrative costs against the Full-Day Kindergarten Facilities Account for an amount not to exceed 2.5 percent.

The following amount of funding will be available to applicants for FDKFGP:

Funds Deposited into the Full-Day Kindergarten Facilities Account	\$300.0
Less: DGS Administrative Costs	\$7.5
<b>Funding Available for FDKFGP Applications</b>	<b>\$ 292.5</b>

OPSC proposes that the establishment of three potential funding rounds to apportion the \$292.5 million available in FDKFGP funds. The establishment of a fourth and a fifth funding round will be contingent upon the availability of FDKFGP funds. The total amount made available for the funding round(s) will be reduced by any administrative costs of the program.

<b>Round Dates</b>
Third Round: April 1, 2020 - April 30, 2020
Fourth Round (if funds are available): January 4, 2021 – February 2, 2021
Fifth Round (if funds are available): July 1, 2021 to July 30, 2021

\*If funding is not exhausted and a fifth funding round does occur, applications remaining in the fifth funding cycle will be retained through June 30, 2022 to enable the Board to continue down the funding order to allocate any authority that may remain.

Any applications that do not receive FDKFGP funding at the end of the funding round(s) will be returned to the school district without further Board action, and any funds remaining by June 30, 2022 will return to the General Fund.

### *Matching Share Requirement*

Except for school districts receiving financial hardship funding, school districts' required matching share will be equal to the following:

Converting From Part-Day to Full-Day Kindergarten Program	New Construction or Retrofit Project?	State Share	District Share
No	New Construction	50%	50%
Yes	New Construction	75%	25%
No	Retrofit	60%	40%
Yes	Retrofit	75%	25%

School districts receiving financial hardship funding may not be required to fund all or a portion of the matching share requirement.

For school districts that received funding during the first two FDKFGP funding rounds and were converting a part-day kindergarten program to a full-day kindergarten program, funding will be adjusted retroactively in order to adjust for the new 25 percent matching share requirement.

### *Calculating the FDKFGP Grant*

For projects that qualify for the 75/25 state and school district matching share requirement, the methodology for calculating the FDKFGP grant will be executed in two steps. Step one will mirror the current methodology for calculating the grants. Step two will then take the overall project cost calculated in step one and multiply this amount by 75 percent to determine the Total State Share and 25 percent to determine the Total District Share of the project cost.

<b>Total Project Cost</b>	<b>\$547,467</b>
<b>Total State Share (75%)</b>	<b>\$410,600</b>
<b>Total District Share (25%)</b>	<b>\$136,867</b>

### *Funding Order and Tie Breakers*

Projects will continue to be funded in preference point order. For applications that have the same preference points, applications will be funded in order of the school districts' Free and Reduced-Price Meals (FRPM) percentages. OPSC will round the percentages to one decimal place. If a tie still remains, a lottery will be used to determine school district funding order. Funding applications in this manner maintains the intent of program statute to prioritize school districts that have a higher population of pupils are eligible for FRPM.

### *After Project Completion*

For program funds provided from the 2018-2019 Budget Act, school districts, except those that received financial hardship funding, can expend project savings and interest on only other high priority capital facility needs of the school district. Any savings and interest not expended or encumbered after one year of project completion must be returned to the State. For the funds provided from the 2018-2019 Budget Act, school districts that did receive financial hardship funding must return any unexpended funds to the State.

### *New Savings Use*

For program funds provided from the 2019-2020 Budget Act, all school districts, including those that receive financial hardship funding, can expend savings and interest, as follows:

- 1) Professional development to build capacity for the implementation of a full-day kindergarten program.
- 2) Instruction materials to build capacity for the implementation of a full-day kindergarten program.
- 3) Other high priority capital facility needs of the school district.
- 4) Any savings and interest not expended or encumbered after one year of project completion must be returned to the State.

Statute stipulates that new facilities built with any FDKFGP funds will not reduce a school district's School Facility Program (SFP) new construction eligibility. OPSC has already reversed all reductions made to the SFP new construction eligibility of the school districts that received FDKFGP funding in May 2019.

#### DISCUSSION

To ensure that the FDKFGP provides funding as intended by statute, Staff is requesting stakeholder feedback on topics outlined as part of this item.

#### Section 1860.14. Hardship Assistance and Financial Hardship

A School District shall qualify for hardship assistance by demonstrating a Financial Hardship, as provided in this Section, which prevents the School District from funding all or a portion of the matching share requirement for a Program grant.

A School District is eligible for a financial hardship grant to fund all or a portion of its matching share requirement after demonstrating the requirements of subsections (a), (b), and (c) below:

- (a) The School District has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the School District meets at least one of the following:
  - (1) The current outstanding bonded indebtedness of the School District issued for the purpose of constructing school facilities at the time of request for financial hardship status, is at least 60 percent of the District's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.
  - (2) The School District had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the School District's matching share requirement for the Program project(s).
  - (3) The School District's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.
  - (4) Other evidence of reasonable effort as approved by the SAB, such as a district's inability to pass local bonds, health and safety projects, and the instability of a district's fiscal situation.
- (b) The School District is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the School District's financial records by OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the School District's latest Independent Audit regarding funds available from all capital facility accounts, such as bridge financing, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds and sale proceeds from surplus property, the appraised value of facilities approved for replacement, and bond funds either encumbered, unencumbered or authorized but unsold. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by OPSC and all prospective revenue made available to the School District's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
  - (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (c) If the School District meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the School District's matching share less funds deemed available in (b).
    - (1) Once a School District has been notified that OPSC is scheduled to begin processing the School District's Form SAB 70-01, the School District must submit documentation to support the Financial Hardship request within 30 calendar days.
    - (2) If the School District does not submit documentation within 30 calendar days, the School District will be ineligible to receive a Financial Hardship grant for their project(s) and preference points as provided in Section 1860.15.

## Section 1860.15. Application Funding Criteria.

If the estimated total Apportionments of all Approved Applications received within a funding round specified in Section 1860.6 exceed the funds available in that funding round, OPSC will calculate preference points for all Approved Applications. An Approved Application shall receive preference points based on the total of (a) and (b) up to a maximum of 80 points, as follows:

- (a) Financial Hardship: 40 points if a School District demonstrates it meets the requirements under Section 1860.14.
- (b) Low Income: Up to 40 points based on the percentage of pupils at the School District meeting the definition of Low Income. The following sliding scale shall be used to determine the number of preference points:

Percentage Eligible for Free and Reduced Price School Meals	Preference Points Assigned
60-65%	4
66-70%	8
71-75%	15
76%	16
77%	17
78%	18
79%	19
80%	20
81%	21
82%	22
83%	23
84%	24
85%	25
86%	26
87%	27
88%	28
89%	29
90%	30
91%	31
92%	32
93%	33
94%	34
95%	35
96%	36
97%	37
98%	38
99%	39
100%	40

(c) The Board shall apportion projects in the following order:

(1) School Districts will be funded based on the total preference points, determined by the sum of subdivisions (a) and (b) above. If School Districts submit multiple applications in the same funding round, OPSC will use the priority order assigned to each application by the School Districts on the Form SAB 70-01 and then fund Approved Applications in the following order:

(A) School Districts shall have their first priority projects funded in order based on total preference points until all School Districts have had their first priority project funded, or until all funds are exhausted for that funding round, whichever comes first.

(B) School Districts with the same total preference points ~~with Approved Applications~~ will be funded in order of the higher Low Income percentage reported to one decimal place. The School District with the higher Low Income percentage will be funded first placed into a lottery system to determine School District funding order.

(C) If School Districts have the same total preference points and the same Low Income percentage reported to one decimal

place, projects will then be placed into a lottery system to determine the School District funding order.

(2) If sufficient funding remains after funding first priority projects pursuant to 1860.15(c)(1)(A), School Districts with multiple Approved Applications will be funded in the following order:

(A) The School District with the highest total preference points shall have their remaining projects funded in priority order until all projects are funded, or until all funds are exhausted for that funding round, whichever comes first. Funding shall then be provided to the School District with the next highest total preference points.

(B) A tie breaker will be used for School Districts with the same total preference points by using the exact Low Income percentage to one decimal place, as identified in the most recent Free and Reduced Price School Meals data on file at the CDE. The School District with the higher Low Income percentage will be funded first.

(C) If School Districts with the same total preference points with Approved Applications are still tied after the review of the Low Income percentages, projects will be placed into a lottery system to determine School District funding order. The highest remaining priority project for each School District participating in the lottery will be funded until all projects from each School District participating in the same lottery round have been funded, or until all funds are exhausted for that funding round, whichever comes first.

(3) If the Board does not have sufficient funding to fully apportion a School District's Approved Application, that School District may elect to either:

(A) Accept partial funding for the project. If partial funding is accepted, the Apportionment shall become the full and final apportionment for the project.

(B) Decline to accept funding for the project. If partial funding is declined, the Board may offer partial funding to the next Approved Application, based on funding order determined in (c)(1) and (c)(2) above.

- (c) For an advance fund release for site acquisition costs, other than two percent site other, funds will be released once an executed site, or design and site, Grant Agreement, as required by Section 1860.17, has been received by OPSC and the following requirements have been met:
  - (1) The School District has entered escrow for the site.
  - (2) There has been a final appraisal of the site.

If a valid Form SAB 70-02 is not received within 180 days of Apportionment, the Apportionment shall be rescinded.

- (f) For an Apportionment received pursuant to Section 1860.7(b) and 1860.7(d), where submittal of the necessary CDE plan approval and/or DSA-approved plans and specifications were not required at the time the Board granted an Apportionment, then the School District has up to 12 months to submit the required approvals from the date of Apportionment. If the required submittals are not received within 12 months, the Apportionment shall be rescinded and the Full-Day Kindergarten Facilities Grant will return to the Program for reallocation.
- (g) Subject to available funds, site acquisition grants shall be adjusted based on actual costs prior to the release of funds.
