EXECUTIVE OFFICER STATEMENT
State Allocation Board Meeting, December 9, 2019

NEW STATE ALLOCATION BOARD AGENDA FORMAT

Beginning with this month's State Allocation Board (Board) agenda, the agenda will have a new look and feel to ensure the Board's agendas are more accessible to people with disabilities. The Board's agendas meet the Web Content Accessibility Guidelines 2.0, Level AA, set by the World Wide Web Consortium (W3C).

PRIORITY FUNDING APPORTIONMENTS

At the September 25, 2019 meeting, the Board approved \$771.7 million in priority funding apportionments for 193 projects representing 106 school districts. Of these projects, applicants that are required to submit a *Fund Release Authorization* (Form SAB 50-05) containing an original signature of an Authorized District Representative must do so by the close of business on **Tuesday, December 24, 2019** to the Office of Public School Construction (OPSC).

For CTEFP projects that were approved as a reservation of funds, the school districts have 12 months from the Apportionment date to submit the required California Department of Education and/or Division of the State Architect approvals to OPSC, which is **September 24, 2020**. If an applicant does not submit the required approvals the project will be rescinded without further Board action. Once the required documents are submitted, the applicant has 90 days to submit a valid Form SAB 50-05 to OPSC.

As of November 15, 2019, funds have been released for a total of \$387.1 million, which included four projects that did not require a Form SAB 50-05 and 78 of the required 188 Forms SAB 50-05. Additionally, staff is currently processing an additional \$44.3 million in fund release requests.

If an applicant does not submit a valid fund release request by close of business **December 24, 2019**, the project will be given an occurrence and will receive a new Unfunded Approval date of December 24, 2019. If a second occurrence is received, the project will be rescinded without further action by the Board.

CURRENT PRIORITY FUNDING FILING ROUND

The current priority funding filing period began on November 13, 2019 and will close December 12, 2019. School districts and charter schools whose projects received an unfunded approval from July 1, 2019 through December 9, 2019 will have the ability to submit a certification for the Spring 2020 bond sale. Priority funding requests with an original signature of an Authorized District Representative must be physically received by OPSC before the close of business on December 12, 2019. These requests will be valid from January 1, 2020 through June 30, 2020.

Requirements for Participation in Priority Funding

OPSC reminds school districts that the requirements for Participation in the Priority Funding Process are in effect (School Facility Program Regulation Section 1859.90.3). There are two ways for a school district to not participate in the priority funding process as follows:

- Not submit a valid priority funding request in the 30-day filing period, or
- Submit a valid priority funding request but fail to submit a valid Form SAB 50-05 to request the release of funds after the Board approves an apportionment.

The second time that either of these occurs, the funding for the project will be rescinded without further action by the Board. For additional information, please refer to the [Procedures for School Facility Program Funding](#).

SIXTH CAREER TECHNICAL EDUCATION FACILITIES PROGRAM (CTEFP) FILING ROUND IS OPEN

OPSC would like to remind everyone that the Sixth CTEFP Filing Round is open until April 6, 2020. CTE Grant Applications were due to the California Department of Education (CDE) on or before December 2, 2019. The *Application for Career Technical Education Funding* (Form SAB 50-10) is due to OPSC on or before April 6, 2020.

CDE will be providing scores on a flow basis. OPSC encourages all applicants with projects with a score of 105, or higher, to submit the Form SAB 50-10 immediately upon receipt of the CDE's score letter for the project.

OPSC has contacted all prior applicants that submitted in the Fourth and Fifth CTEFP Filing Rounds and did not receive funding, advising of the ability to reapply in this current round using the same CTE score letter. Applicants using the same CTE score letter must use copies of the same supporting documents such as the CDE application and the cost estimate that were previously submitted in the past round.

OPSC Online is available for all applicants to complete the Form SAB 50-10. Once the score is known, it can then be entered into OPSC Online and the application can be electronically submitted to OPSC immediately.

OPSC and CDE hosted a joint workshop on November 6, 2019 to provide an overview of both agency's application processes. A recording of the workshop can be found [here](#) or at

FACILITY HARDSHIP PROGRAM REGULATION AMENDMENTS

OPSC would like to share with Board members and stakeholders that there will be public stakeholder meetings in January to discuss potential amendments to the Facility Hardship Program regulations, with the goal of bringing an item before the Board soon after. The dates for the meetings will be forthcoming, and once finalized, will be announced on OPSC's website and through email blasts as well. The amendments center around streamlining the application process, clarifying existing regulations, and addressing several other issues and concerns. OPSC looks forward to public and Board Member input as we work towards improvements in this critical program.

FALLBROOK UNION ELEMENTARY SCHOOL – SAN ONOFRE SCHOOL RIBBON CUTTING CEREMONY

On November 15, 2019, Staff participated in the Ribbon Cutting ceremony for the San Onofre School in San Clemente, CA on Marine Corps Base Camp Pendleton.

The project received approximately \$10.4 million in state funding from the State Allocation Board.

The ribbon cutting marks the completion of a ten-year effort to replace San Onofre Elementary School on Marine Corps Base Camp Pendleton. In 2014, the Fallbrook Union Elementary School District was the fourth California school district to be awarded a design grant from the U.S. Department of Defense (DOD) through its Office of Economic Adjustment for the Construction, Renovation, Repair or Expansion of Public Schools Located on Military Installations Program. The District is the fifth in California to receive full construction funding, and from both grants has been awarded a total of \$45 million in federal funding by the Office of Economic Adjustment to upgrade facilities and modernize its schools. An additional \$11.25M in state and local funding was provided to meet the required local matching contribution for the project for a total project cost of \$56.25 million. The completed project will serve up to 800 military connected students at Camp Pendleton and the surrounding community.

3. The Board, acting on behalf of the State, hereby declares that it is the State’s official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable, laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 Third Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the January 2019 Board meeting, the Board elected to provide an increase adjustment of 5.45 percent to SFP projects for calendar year 2019. The projects listed on the Attachment reflect the Board's action of the adoption of the 5.45 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. Funding Source: Proposition 1D Bonds/2006-Nov.
Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

Pursuant to Regulation Section 1859.183, the District is required to remove from the eligible site and from classroom use all portables replaced in this project.

Senate Bill 584, Chapter 28, Statutes of 2014, repealed Labor Code (LC) Section 1771.3 which required school districts to provide payment to Department of Industrial Relations (DIR) for prevailing wage monitoring. As a result, school districts awarding a construction contract on or after June 20, 2014 are not mandated to provide payment for DIR monitoring and enforcement of prevailing wage requirements. Projects with an initial public works project awarded on or after June 20, 2014 are not eligible to receive an additional grant for prevailing wage monitoring; however, school districts are still required to notify DIR within five days of initial contract award pursuant to LC Section 1773.3(a)(1).

The District's unfunded approval is conditional upon the Office of Public School Construction's receipt of outstanding Account Receivables relating to the Overcrowding Relief Grant Program. The project will not receive an Apportionment until such time when sufficient bond authority is available for the project.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

SCHOOL DISTRICT DATA

School District: LOS ANGELES UNIFIED

Application Number: 54/64733-00-064

County: LOS ANGELES

School Name: LOU DANZLER MIDDLE SCHOOL

PURPOSE OF REPORT

To present a Charter School Facilities Program (CSFP) project for partial rescission.

DESCRIPTION

The CSFP permits a charter school or school district filing on behalf of a charter to apply for a Preliminary Charter School Apportionment for the rehabilitation of district owned existing facilities that are at least 15 years old and new construction projects. The Preliminary Charter School Apportionment for a CSFP project must be converted within a four-year period to an adjusted grant apportionment meeting all the School Facility Program (SFP) criteria, unless a single one-year extension is granted. This item rescinds the funding received for design and site costs on an adjusted grant apportionment.

AUTHORITY

See Attachment A.

BACKGROUND

The Inner City Education Foundation (Charter School) received a Preliminary Apportionment for a new construction project at the Lou Danzler Middle School at the May 2008 State Allocation Board meeting. The Charter School was approved to hold title to the project site in April 2012, and received \$6,706,904 for advance design and site acquisition costs in June 2013. The Charter School purchased a site, designed the project and received all necessary approvals from the California Department of Education and Division of the State Architect. Due to the Charter School's conversion timeline being frozen during the fiscal crisis and a request for a one-time, one-year extension, the Charter School's deadline to convert to an adjusted grant apportionment was November 13, 2016. The Charter School met this deadline and participated in the Priority Funding process. However, the Charter School was unable to submit a Fund Release Authorization (Form SAB 50-05) and received two non-participation occurrences. The unreleased adjusted grant was rescinded without board action on June 19, 2018.

STAFF ANALYSIS/STATEMENTS

The Charter School is rescinding the advance funding received for design and site acquisition costs. Prior to returning the funds received, the Charter School had to sell the site that was acquired. Escrow for the sale of the site closed on November 4, 2019. At that time, the Charter School returned to the state \$6,379,782.40, which was the CSFP Lease and state grant amounts received for site acquisition, plus interest charged from the date site acquisition funds were released to the date escrow closed, and the CSFP Lease portion of the design advance. The state grant portion of the design advance will be reduced to eligible costs incurred at a later board.

The state has received \$6,379,782.40 from the Charter School. The total amount of funds received will be returned to the corresponding Charter School Facilities Account and may be used for charter school purposes.

Design CSFP Lease Amount	Site CSFP Lease Amount	Site State Share Amount	Interest on Site Loan and State Share Amount	Total Amount Returned
\$418,511	\$2,934,941	\$2,934,941	\$91,389.40	\$6,379,782.40

RECOMMENDATIONS

1. Rescind the design advance CSFP Lease amount of \$418,511 [Bonds/2006-Nov.; 057-540] from \$418,511 to \$0.
2. Rescind the site advance SFP State Share and CSFP Lease amount of \$5,869,882 [\$4,877,317.10 Bonds/2006-Nov.; 057-540 and \$992,564.90 Bonds/2002-Nov.;047-510] from \$5,869,882 to \$0.
3. Return interest in the amount of \$91,389.40 to the Charter School Facilities Account [\$76,964.43 Bonds/2006-Nov.; 057-540 and \$14,424.97 Bonds/2002-Nov.; 047-510].

ATTACHMENT A

AUTHORITY

School Facility Program Regulation Section 1859.107. Amending and Withdrawal of Applications.

A funding application that received an apportionment under Chapter 12 or Chapter 12.5 may not be rescinded and re-approved under the provisions of any amended law or administrative regulation unless specifically authorized by other applicable law.

A funding application, with the exception of funding applications identified in Subsection (a) below, that has received an approval pursuant to Section 1859.95, but has not received an apportionment, may receive an adjustment as allowed under Sections 1859.71, 1859.71.2(c), 1859.78.4(b) or 1859.78 at the time the apportionment is made. If the adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date. No other adjustments may be made, including those resulting from changes to the regulations prior to final funding by the SAB. As an alternative, the application may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation that becomes effective prior to the apportionment for the project. The district must first request from the OPSC that the application be withdrawn and removed from the Unfunded List. The district may then resubmit the application to the OPSC under the provisions of the amended or new regulation once it is effective. The resubmitted application will receive a new processing date by the OPSC. School districts that have already received a site apportionment under Section 1859.81.1(a) may withdraw the application and file as an environmental hardship pursuant to Section 1859.75.1 without forfeiting their original site apportionment, provided that the new application does not exceed the amount already apportioned.

A funding application, with the exception of funding applications identified in Subsection (a) below, submitted to the OPSC that has not received an approval will receive funding under the provisions of the regulations that were in effect when the application was submitted to the OPSC and any funding adjustment authorized by Sections 1859.71.2(c) or 1859.78.4(b). If the funding adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date.

At the option of the district, a funding application submitted to the OPSC that has not received an approval may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation once it is effective. The district must request that the application be withdrawn and removed from the OPSC workload list.

The resubmitted application will receive a new processing date by the OPSC.

At the option of the district, an Approved Application for Career Technical Education Facilities Project Funding submitted to OPSC prior to January 1, 2012 may be resubmitted for the purpose of requesting the funding as prescribed in Section 1859.71.6 or Section 1859.77.4, as applicable. To request that funding, the district must submit an amended Form SAB 50-10 at least 90 days prior to requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2 or receiving an Apportionment pursuant to Section 1859.195. The amended application shall retain its original OPSC processing date.

- (a) A district that submitted an Approved Application request for either a Modernization Adjusted Grant or a Separate Design Apportionment for a modernization project pursuant to Section 1859.81.1 that meets the criteria in (1) and (2) below must submit a new Form SAB 50-04 that meets the criteria in Subsections (b) or (c) no later than 60 calendar days after the effective date (September 16, 2002) of this Subsection:
- (1) The Approved Application was received by the OPSC after April 29, 2002 but no later than the date this Subsection becomes effective (September 16, 2002).
 - (2) The Approved Application has not received an approval or has received an approval pursuant to Section 1859.95, but has not received an apportionment.

- (b) The new Form SAB 50-04 identifies the same number of pupils assigned to the original project or a lesser amount that is not less than 37.5 percent of the pupils originally assigned to the project (round up). In this case, the district will be required to contribute additional funds to the project to meet the 40 percent district contribution required pursuant to Section 1859.79(b). If the project was approved as a financial hardship project under the provisions of Section 1859.81, the project shall maintain its financial hardship status, however, the district will be subject to a financial review pursuant to Section 1859.81(a) to determine if there are additional district funds available for the project.
- (c) The new Form SAB 50-04 identifies a lesser number of pupils assigned to the project that does not exceed an amount determined by multiplying the pupils assigned to the original project by 37.5 percent (round down). In this case, the district will not be required to contribute additional funds to the project to meet the 40 percent district contribution required pursuant to Section 1859.79(b).
- (d) If a new Form SAB 50-04 is submitted under the provisions of subsection (b), the Architect of Record or Design Professional certification made on the original Form SAB 50-04 will be accepted as satisfying the requirements of the new Form SAB 50-04.
- (e) Any Approved Application request that meets the requirements of Subsection (a) will be withdrawn 60 calendar days after the date Subsection (a) becomes effective (September 16, 2002) if the district does not submit a new Form SAB 50-04 conforming to either Subsections (b) or (c).

Any application for eligibility determination that has received an approval may be amended to comply with provisions of an amended or new regulation once it is effective. The amended application will receive a new processing date by the OPSC.

Any application for eligibility determination that has not received an approval may be amended at any time to conform to an amended or new regulation. The application shall retain its OPSC processing date.

Any application for new construction eligibility determination that has received an approval must be amended to conform to Regulation Section 1859.51(l) prior to submittal of Form SAB 50-04.

Any application for new construction eligibility determination that has not received an approval must be amended to conform to Form SAB 50-02 and Form SAB 50-03 prior to submittal of Form SAB 50-04.

Any application for modernization eligibility determination that has received an approval must be amended to conform to Regulation Section 1859.61(g) prior to submittal of Form SAB 50-04.

Any application for modernization eligibility determination that has not received an approval must be amended to conform to Form SAB 50-03 prior to submittal of Form SAB 50-04.

Districts that have received an approval of eligibility on a HSAA or Super HSAA are not required to re-establish eligibility under the provisions of Section 1859.41(a).

Districts that have requested eligibility determination on a HSAA or Super HSAA that have not received an approval must comply with the provisions of Section 1859.41(a) prior to submittal of Form SAB 50-04. The amended eligibility application shall retain its original OPSC processing date.

A district that has received an approval of its eligibility determination on a district-wide, HSAA or Super HSAA basis, but received no New Construction Grant(s), may re-file on another eligibility determination basis provided it withdraws all previously submitted Form SAB 50-04 requests for New Construction Grant(s), including those on the Unfunded List.

 - (1) the SFP New Construction Eligibility will be increased for the pupils assigned to the Preliminary Charter School Application for the school district that physically contains the Charter School within its geographical boundaries.
 - (2) Those projects that have received an advanced release of funds as provided in Section 1859.164.2(a), shall be reduced to costs incurred and closed-out pursuant to Section 1859.106 with a corresponding SFP new construction baseline eligibility adjustment for the pupils assigned to the Preliminary Charter School Application.
- (b) For projects apportioned on July 2, 2003 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the funds shall be returned to the program as follows:
 - (1) A fund shall be established within the 2002 Charter School Facilities Account to be known as the Conversion Increase Fund. An amount equal to \$16,634,364 from Preliminary Charter School Apportionments rescinded on or before April 25, 2007 shall be transferred, on a one time basis, from the Unrestricted Charter School Fund to the Conversion Increase Fund established within that same account. The Conversion Increase Fund shall be used for the purposes outlined in Section 1859.167(b)(4).
 - (2) Funds available due to projects that rescind after April 25, 2007 shall be transferred to the Unrestricted Charter School Fund within the 2002 Charter School Facilities Account.
- (c) For projects apportioned on February 23, 2005 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the funds shall be returned to the program as follows:
 - (1) A fund shall be established within the 2004 Charter School Facilities Account to be known as the Conversion Increase Fund. This fund shall be used for the purposes outlined in Section 1859.167(b)(4). This fund shall include all amounts from Preliminary Charter School Apportionments rescinded from the 2004 Charter School Facilities Account on or before April 25, 2007, plus the amounts initially reserved for the DTSC/Relocation Fund and the Hazardous Material/Waste Removal Fund established in Section 1859.163.3.
 - (2) Funds available due to project rescissions after April 25, 2007 including both the Preliminary Apportionment reservation and any amount available pursuant to subsection (c)(1) above that is not needed for a Final Charter School Apportionment, shall first be used to replenish the DTSC/Relocation Fund and the Hazardous Material/Waste Removal Fund until the cumulative deposits made back into the funds total the amount of funds initially reserved. Once these funds have been replenished, future rescinded amounts shall be returned to the Unrestricted Charter School Fund.
- (d) The maximum amount available for each individual Final Charter School Apportionment from the 2002 and/or 2004 Conversion Increase Fund shall be equal to the ratio of the project's Preliminary Charter School Apportionment to the total value of preliminary charter school apportionments awarded on February 23, 2005, for those recipients eligible for these Conversion Increase Fund funds, multiplied by the sum of the amount of funds available for the Conversion Increase Fund in both the 2002 and 2004 Charter School Facilities Accounts.
- (e) For projects apportioned after February 23, 2005 any rescinded amounts shall be transferred into the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account. Projects shall be rescinded pursuant to the process described in subsection (a) above with the exception that any adjustments to the baseline eligibility shall be based on the ratio of the number of unhoused pupils pursuant to Section 1859.162.2 and the project capacity which generated the project funding to the eligible expenditures.

Any funds released are subject to the fifty percent local matching share requirement as required by Education Code Section 17078.54(d).

SCHOOL FACILITY PROGRAM

SUBSTANTIAL PROGRESS REDUCTION TO COSTS INCURRED

PURPOSE OF REPORT

To present School Facility Program (SFP) project apportionment to be reduced to eligible costs incurred.

DESCRIPTION

The SFP project listed on the Attachment is a financial hardship County Office of Education (COE) that received a separate design fund release. The COE has either requested to have their project reduced to costs incurred or has not met the substantial progress requirement or has indicated that they will be unable to move forward with the SFP project listed on the Attachment. The COE has requested that their apportionment be reduced to costs incurred to recognize eligible costs for the separate design phase.

AUTHORITY

Pursuant to Education Code Section 17076.10(b), sufficient evidence of substantial progress for the design, site and adjusted grant apportionments shall be due 18 months from the date any funds were released to the district. The SFP Regulation Section 1859.105 requires that when an apportionment is reduced to project costs incurred or rescinded, all State funds not used to finance eligible expenditures are to be returned to the State Allocation Board (SAB). The SFP Regulations also stipulate that interest earned on State funds, which is not used to finance eligible expenditures, is due to the SAB.

RECOMMENDATIONS

1. Find that the COE is unable to meet the substantial progress requirements or indicated that they will be unable to move forward with the project listed on the Attachment.
2. Reduce the funded apportionment to costs incurred for the project listed on the Attachment.
3. Direct Staff to adjust the COE baseline eligibility, according to the increases (identified in the "Pupils Returned to the District's Baseline" column) on the Attachment, once all funds due to the State have been received.

Description

Description of Health and Safety Threat

A Structural Engineer's Report by Parrish Hansen, Inc. Structural Engineers, dated February 6, 2019 identified structural deficiencies in the concrete block retaining wall below the basketball courts at the Big Creek Elementary School site. The report describes "excessive out-of-plane deflections" and "vertical fracture lines indicating masonry shear failure" caused by extreme soil pressures. Based on this structural analysis, the report concludes that "the wall is considered to be in a state of imminent safety threat" and due to the type of failures observed, mitigation "should be performed immediately".

Recommendation

Approve the District's request for an unfunded approval for rehabilitation funding to be used for the removal and replacement of the retaining wall at Big Creek Elementary School, pursuant to the SFP Regulation Section 1859.83(e) as shown on Attachment B.

AUTHORITY

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils.”

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:

- a. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or
- b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

Regulation Section 1859.83(e) states:

Excessive Cost for rehabilitation of facilities the Board has determined are a health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the cost/benefit analysis to mitigate the problem and remain in the facility is less than 50 percent of the Current Replacement Cost of the facility. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. If the district qualifies, the district is eligible for funding of Rehabilitation Costs as a modernization project. If the Approved Application is received on or before April 29, 2002, the grant amount provided is 80 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. If the Approved Application is received after April 29, 2002, the grant amount provided is 60 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. An additional grant may be provided for high performance incentive pursuant to Section 1859.77.4 provided that the high performance points attained are related to the scope of the Facility Hardship project. For any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is

awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.78.1(a). For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the grant may be adjusted in the manner prescribed in Section 1859.78.1(b) and subject to the limitations established in Section 1859.78.1(c).

Description

Description of Health and Safety Threat

The Structural Engineer's Reports by Barrish Pelham Consulting Engineers, dated June 11 and June 15, 2018, identified structural problems in the Multi-Purpose Building at Blue Oak Elementary School. The industry specialist determined that the "as-built conditions compromised the structural integrity to the roof framing over the [Multi-Purpose] room, kitchen roof, southwest wall framing, and lateral resisting system (shear walls) at the building's southwest corner." As such, it was concluded that the conditions "presented a threat to the health and safety of the building's occupants."

Based on the Cost-Benefit Analysis, this application qualified for rehabilitation funding for the minimum work required to mitigate the structural deficiencies. The District will use this funding toward the replacement and repair of the wall framing and sheathing as well as the joists over the kitchen and the high roof parapet at the building's southwestern corner.

Scope of Project

The project consists of the replacement and repair of the southwestern corner of the Multi-Purpose Building at Blue Oak Elementary.

Status of School Site

The District completed the project in October of 2018.

Qualifying Criteria

Government/State Level Concurrence

The Division of the State Architect has provided written concurrence on June 3, 2019 that supports the industry specialist's findings and recommended work to mitigate the health and safety threat present at the Multi-Purpose Building.

Recommendation

Approve the District's request for an unfunded approval for rehabilitation funding to be used towards the rehabilitation of the Multi-Purpose Building (Building B) at Blue Oak Elementary School, pursuant to SFP Regulation Section 1859.83(e) as shown on Attachment B.

AUTHORITY

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils.”

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:

- a) Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or
- b) A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

Regulation Section 1859.83(e) states:

Excessive Cost for rehabilitation of facilities the Board has determined are a health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the cost/benefit analysis to mitigate the problem and remain in the facility is less than 50 percent of the Current Replacement Cost of the facility. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. If the district qualifies, the district is eligible for funding of Rehabilitation Costs as a modernization project. If the Approved Application is received on or before April 29, 2002, the grant amount provided is 80 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. If the Approved Application is received after April 29, 2002, the grant amount provided is 60 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. An additional grant may be provided for high performance incentive

ATTACHMENT A

pursuant to Section 1859.77.4 provided that the high performance points attained are related to the scope of the Facility Hardship project. For any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.78.1(a). For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the grant may be adjusted in the manner prescribed in Section 1859.78.1(b) and subject to the limitations established in Section 1859.78.1(c).

Description

Description of Health and Safety Threat

A report by Roesling Nakamura Terada Architects, Inc. dated March 1, 2019, identified critical failures with the window glazing compound in the windows of Building D at the Montecito Union School site. The report indicates that the windows on the South and East faces of the building “have the greatest exposure to weathering and panes of glass are falling due to the warping of the wood sashes and the failure of glazing compound” which holds the panes of glass in place. The report stresses that the windows have “begun to fail at a rate that now presents a threat to the safety of students and must be replaced without delay.”

Description

Description of Health and Safety Threat

The existing fire alarm system at the Montecito Union School site is non-functional and generating multiple false alarms that interrupt students and staff throughout the week. A report by Budlong & Associates, Inc. dated March 1, 2019, identified critical failures of the existing system due to the electrical conduit filling up with water during rain and corroding the wires servicing the system. Replacement parts are no longer available. The report indicates that the system "is a constant maintenance issue for facilities personnel. Description

Description of Health and Safety Threat

A report by Miller Pacific Engineering Group, dated February 20, 2018, identified the presence of several active fault traces of the West Napa Fault running through the Snow Elementary School site. The faults were found to have the potential for surface rupture near and underneath existing structures which would result in heavy damage including complete collapse of the facility. A supplementary letter from Miller Pacific Engineering Group dated July 23, 2019 further states "we are unaware of any cost-effective structural solution which could be reasonably expected to provide adequate protection of life-safety risks in the event of fault rupture occurring beneath buildings."

Scope of Project

The project consists of the demolition and replacement of all affected structures onto a reconfigured site to remove teaching stations from the proximity of the fault line.

Status of School Site

The District completed construction in October of 2019.

AUTHORITY

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.81 states:

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

- (a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education....
- (b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district....
- (c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:
 - (1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.
 - (2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).
 - (3) It is a County Superintendent of Schools.
 - (4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.
 - (5) Other evidence of reasonable effort as approved by the SAB....

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(2) states in part, “If the total cost to remain in the classroom or related facility is greater than 50 percent of the Current Replacement Cost and the Application is for replacement facilities, the district may qualify for a grant for a new or replacement school or replacement facilities as a new construction project.”

SFP Regulation Section 1859.82 further states, “If the district qualifies for repair of a Qualified Historical School Building pursuant to (a)(1)(A)3. or replacement facilities on the same site pursuant to either (a)(1)(A)2. or (a)(2) above, the district is eligible for funding as a new construction project. Replacement facilities and square footage amounts used to determine funding for a Qualified Historical School Building shall be allowed in accordance with the square footage amounts provided in the chart in Section (b) below...The square footage provided, after accounting for all useable facilities on the site, shall not exceed the following:”

Facility	Elementary School Pupils	Middle School Pupils	High School Pupils

Description

Description of Health and Safety Threat

A report by R. M. Byrd and Associates, dated August 3, 2012 identifies several structural deficiencies with the shear wall support system in Buildings B and C located at the Serrano Middle School site. The report references material insufficiencies with the wall anchorage and load path transfer designs of the building's structure that render the facility at high risk of collapse in the event of seismic activity. The building qualifies for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.

Scope of Project

The project consists of structural retrofitting of Buildings B and C at Serrano Middle School.

Status of School Site

Seismic rehabilitation and required ancillary work was completed in October of 2019.

Qualifying Criteria

Government/State Level Concurrence

These buildings are a Most Vulnerable Category 2 Building type as defined in SFP regulations and have met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation), Phase Three (Seismic Rehabilitation Pre-Application), Phase Four (Project Application) and final plan approval. These approvals enable the District to apply for funding from the Board.

Recommendation

Approve the District's request for an unfunded approval for SMP rehabilitation funding for Buildings B and C at Serrano Middle School, pursuant to the SFP Regulation Section 1859.82(a)(1)(A)(1)(b) as shown on Attachment B.

AUTHORITY

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils.”

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:

- a) Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or
- b) A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

SFP Regulation Section (a)(1)(C) states,

The seismic mitigation projects must meet all of the following requirements:

- 1. The construction contract was executed on or after May 20, 2006;
- 2. The project funding provided shall be for the minimum work necessary to obtain DSA approval;
- 3. The building is designed for occupancy by students and staff; and
- 4. The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geologic hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with the concurrence of the California Geological Survey.

WAIVER OF THE SUBSTANTIAL ENROLLMENT REQUIREMENT

PURPOSE OF REPORT

To present requests to waive the substantial enrollment requirement and subsequent increase in district building capacity under the School Facility Program (SFP).

DESCRIPTION

The school districts listed on the Attachment have been reviewed by the State Allocation Board (Board) Waiver and Review Committee (Committee) and found to meet the requirements of the Board to receive a waiver from the adjustment to the existing school building capacity. The policy basis for each waiver is contained in the "waiver code" on the Attachment. The Committee recommends approval of the waiver request.

AUTHORITY

Education Code Section 17017.7(c)

(c) "Substantial enrollment," for the purposes of this section, means enrollment of at least 30 percent of district pupils in kindergarten and grades 1 to 6, inclusive, or 40 percent of pupils in kindergarten and grades 1 to 12, inclusive, in the high school attendance area for which the school district is applying for new facilities. The calculation set forth in this subdivision, as to a self-certifying district, shall be made by the district, in accordance with any standards governing that calculation that are adopted by the board. The calculation shall be certified by the district to the board and used by the board for the purposes of this section. The self-certifying district shall maintain documentation of the calculation as may be required by the board, and the calculation shall be subject to subsequent audit as the board may direct. If a self-certifying district is found by the board to have materially misrepresented its pupil enrollment pursuant to this subdivision, the board may impose either or both of the penalties set forth in paragraphs (1) and (2) of subdivision (b) of Section 17041.2, in accordance with that section.

SFP Regulation Section 1859.35. Calculation of Existing School Building Capacity.

The district's existing school building capacity shall be determined by totaling the amount calculated in (a) and (b).

- (a) With the exception of classrooms for Special Day Class pupils for which the multiplier is indicated on the Form SAB 50-02, multiply the number of available classrooms in the district, the HSAA or the Super HSAA by the following: 25 for each K-6 classroom and 27 for each 7-12 classroom. Available classrooms shall be determined by the reduction of classrooms identified in Section 1859.32 from the gross classroom inventory prepared pursuant to Section 1859.31 and the inclusion of portable classrooms as provided pursuant to Education Code Section 17071.30 (a) or (b).
- (b) Multiply the K-6 pupil capacity of the elementary district, the unified district, the HSAA or the Super HSAA in a unified district as determined by the results of the calculations in (a) at the time of the initial determination of eligibility by six percent. **When the elementary or unified district meets the Substantial Enrollment Requirement (SER) or qualifies for a waiver of the SER authorized by Education Code Sections 17017.6 and 17017.7(c), the amount reported in (b) shall be zero.** For High School Districts, the amount reported in (b) shall be zero.

BACKGROUND

The SFP requires that the existing school building capacity of a district be adjusted using the Board's priority one requirements for funding as those requirements existed under the Lease-Purchase Program. The relevant priority one requirement at that time was that a district has thirty-percent of their K-6 enrollment attending schools operating on a year-round calendar or accepts an increase in capacity equal to six percent of the district's K-6 students. Districts that did not meet the Multi-Track Year-Round Education (MTYRE) requirement could request a waiver of the reduction if they could demonstrate that certain financial or educational hardships existed that prevented the district from operating MTYRE programs.

As the district capacity increases, the net eligibility available in the SFP decreases.

STAFF ANALYSIS/STATEMENTS

The Board's Committee is comprised of the Supervising Field Representative of the California Department of Education's School Facilities and Transportation Services division. The Committee has reviewed the districts' requests and recommends the Board approve the requests.

RECOMMENDATION

Approve the requests as shown on the Attachment.

RECOMMENDATION

Approve the adjustment on Attachment B for Woodville Elementary New Construction project.

ATTACHMENT A

AUTHORITY

Article 1. Full-Day Kindergarten Facilities Grant Program 17375.

Education Code (EC) Section 17375 states, “The State Allocation Board shall award grants to school districts that lack the facilities to provide full-day kindergarten as required for eligibility pursuant to Sections 17071.25 and 17072.10 or that lack facilities that satisfy the design requirements required for new kindergarten classrooms as specified in paragraph (2) of subdivision (h) of Section 14030 of Title 5 of the California Code of Regulations.

(2) Priority for grants shall be given to school districts that meet either of the following criteria:

(A) The school district is financially unable to contribute a portion of, or all of, the local matching share required pursuant to paragraph (3), and meets the requirements for financial hardship pursuant to Section 17075.10.

(B) The school district is located in an underserved community with a high population of pupils who are eligible for free or reduced-price meals pursuant to Section 42238.01.

(3) Except for school districts that meet the requirements for financial hardship pursuant to Section 17075.10, a school district that applies for a grant pursuant to this section for new construction shall provide 50 percent of the cost of the project, and a school district that applies for a grant pursuant to this section for a retrofit project shall provide 40 percent of the cost of the project.

(c) (1) The State Allocation Board shall release disbursements of grant funds to school districts with approved applications for new construction, to the extent funds are available for the state’s 50 percent matching share, if the school district has provided its 50 percent local matching share, unless the school district meets the requirements for financial hardship pursuant to Section 17075.10, and upon certification by the school district that the school district has entered into a binding contract for completion of the approved project.”

FDKFGP Regulation Section 1860.9(c) states, “For applications funded with 2018 grant amounts, \$194 for each elementary school pupil if the project includes an automatic sprinkler system and is requested by the School District on the Form SAB 70-01.”

The remaining funds in the amount of \$2,121,152.00 (\$2,487,062.00 less advance funds released and available district contribution) will be released by OPSC upon the receipt of a valid, signed, Grant Agreement as specified in Regulation Section 1860.17 and a complete Fund Release Request (Form SAB 70-02).

Pursuant to Regulation Section 1860.19(b) any funding not expended on eligible project expenditures prior to completion of the project, as specified in Regulation Section 1860.18, must be returned to the State.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

Unused Sites Program

UNUSED SITES PROGRAM ASSESSMENTS, ADDITIONS, WAIVERS, REDUCTION OF FEES AND DELETIONS

PURPOSE OF REPORT

To request the State Allocation Board (Board) approve the following reports:

- Unused School Site Payments (Attachment B)
- Waivers of Assessment of Fees for Unused School Sites (Attachment C)
- Reduction of Fees for Unused School Sites (Attachment D)
- Added Unused School Sites (Attachment E)
- Deleted Unused School Sites (Attachment F)

DESCRIPTION

Current statute requires all school districts to report their unused sites to the Board on an annual basis. Using the information provided, the school districts are assessed a fee for each unused site equal to one percent of the value of the site. A school district may request a waiver or a reduction of the fee for any site, provided that the school district meets certain criteria for the use of the site. School districts are also required to report any newly acquired site or sites that are no longer being used for school purposes. A site may be deleted from the Unused Sites Program when a school district sells a site, begins construction on a site or reopens a site for school purposes.

This item is requesting the Board approve the nonuse payments, waivers, reduction of fees, additions and deletions for unused school sites as shown on the attachments.

AUTHORITY

Please see Attachment A.

BACKGROUND

As required by law, all school districts are required to report any unused school sites to the Board annually. The school districts self-certify requests for waivers and reduction of fees based on certain criteria outlined in Education Code Section 17219. In addition, school districts are required to report any newly acquired or closed school sites. An unused school site may be deleted if a school district has sold, constructed a new school or reopened a previously closed school site.

Funds collected by the State Controller's Office are transferred to the State School Site Utilization Fund.

STAFF ANALYSIS/STATEMENTS

Unused School Site Payments

The school districts on Attachment B are being assessed unused school site fees based on the self-certified reports submitted to the Office of Public School Construction. This information will authorize the State Controller's Office to withhold an amount equal to the school districts' total assessed fee, in four equal installments, during the months of February through May as prescribed in law. A total of \$5,518,827 will be withheld for the Fiscal Year 2018/2019.

Waivers of Assessment of Fees for Unused School Sites

Attachment C lists school districts that have submitted self-certified documents requesting a waiver of the unused school site assessment due to the State. The school districts must meet any one of the following conditions to be eligible for a waiver:

- a) The school district has resolved to use the site for the purpose for which it was intended within a specified period of time (will be used within 1, 2 or 3 years);
- b) The site has a value less than the exemption amount of \$48,861 for the current Fiscal Year (below minimum);
- c) The school district has advertised the school site for sale and received no bids that, in the judgment of the Board, reflect the fair market value of the property (Attempted to sell);
- d) The site was used for at least one-half of the year for purposes as specified in law (community use, child care program);
- e) The site was leased for at least one-half of the year to a tenant that is paying possessory taxes on the site (leased to tenant); or,
- f) Nonuse payments would cause the school district to receive less than \$120 per pupil in average daily attendance in the school district during the preceding school year (Basic Aid).

Reduction of Fees for Unused School Sites

The school district listed on Attachment D is requesting a reduction of unused school site fees for either of the following reasons as self-certified by the school district:

- a) The payment of bond debt service costs that are directly related to the actual construction of school facilities; or,
- b) A modification of the adjusted value of the site.

If the debt service amount is less than the unused school site fee assessment, the specific percentage of reduction will be reflected on Attachment D.

Added Unused School Sites

The school districts on Attachment E have reported newly acquired school sites or closed school sites, as required by law. Newly acquired school sites will not be subject to an unused school site fee for a period of five years from the date of acquisition for elementary school districts with any grade combination of Kindergarten (K) through eight and for all unified school districts with sites designated for K through six. Any high school districts or unified school districts with sites designated for grades seven through twelve will not be assessed an unused school site fee for a period of seven years. Any unused school site that has previously been utilized as a school but is no longer in use for school purposes, will not be subject to an unused school site fee for a period of five years.

Deleted Unused School Sites

Attachment F lists the unused school sites that have been sold, have begun or completed construction, opened or reopened for school purposes, based on self-certification by the school districts. These school sites will no longer be assessed an unused school site fee.

RECOMMENDATIONS

1. Authorize the State Controller's Office to withhold each school district's nonuse payments as listed on Attachment B.
2. Approve the waivers as shown on Attachment C.
3. Approve the nonuse payment reductions as shown on Attachment D.
4. Approve the added unused school sites as shown on Attachment E.
5. Approve the deletion of unused school sites as shown on Attachment F.

PURPOSE OF REPORT

To present the District's request to approve a new construction application for funding based on an enrollment period that differs from the enrollment period in which the application was processed.

DESCRIPTION

The District is requesting the Board's approval of a new construction project that consists of 20 classrooms. The District had sufficient new construction eligibility for the project at the time the funding application was submitted on February 23, 2015, but did not have the sufficient eligibility required to qualify for all School Facility Program (SFP) funding requested at the time the full funding application was processed in February 2019.

The District requested 488 K-6 pupils grant totaling to \$5,952,136 but only received 259 K-6 pupil grants totaling to \$3,159,023, as 259 was the maximum number of K-6 grants available from the new construction eligibility at the time application was processed using the 2018/2019 enrollment year projection.

The District is requesting to use its new construction eligibility based on the current 2019/2020 enrollment year projection. If the Board approves the District's Appeal Request, the District will receive approximately \$3,165,421 more than the funding already provided based on the 2018/2019 enrollment year projection.

AUTHORITY

See Attachment A.

BACKGROUND

The McFarland Unified School District is located in Kern County and had a 2018/2019 student enrollment of 3,396. The Horizon Elementary School is a new school site located in McFarland that opened in August 2016 and serves grades K-6 as well as Special Day Class (SDC) pupils. The District established district-wide SFP New Construction eligibility in August 2000. Prior to the submittal of this new construction funding application, the last update to the New Construction eligibility was in 2008 using the 2007/2008 enrollment year resulting in the following eligibility:

BACKGROUND (cont.)

McFarland Unified School District New Construction Eligibility (Based on 2007/2008 enrollment update)				
K-6	7-8	9-12	Non- Severe	Severe
463	73	342	238	0

In February 2015, the District submitted a new construction funding application for Horizon Elementary School, Application Number 50/73908-00-010, for the construction of 19 K-6 classrooms and 1 Non-Severe SDC classroom with an initial request of 488 K-6 pupils grants*.

*Note: The request should have been for 475 K-6 and 13 SDC Non-Severe pupil grants, instead of all 488 pupil grants in the K-6 category.

At that time, new construction bond authority was exhausted and the application was placed on the Applications Received Beyond Bond Authority (ARBBA) List. In accordance with SFP Regulations, the District submitted the required board resolution acknowledging the following along with its application for funding:

- That the remaining SFP bond authority is currently exhausted for the funds being requested on these applications.
- That the State of California is not expected nor obligated to provide funding for the projects and the acceptance of the applications does not provide a guarantee of future State funding.
- That any future State bond measures for the SFP may not provide funds for the applications being submitted.
- That criteria under a future State school facilities program may be substantially different than the current SFP. The District's Approved Application(s) may be returned.
- That they are electing to commence any pre-construction or construction activities at the District's discretion and that the State is not responsible for any pre-construction or construction activities.

In November 2016 voters approved the Kindergarten Through Community College Public Education Facilities Bond Act of 2016 (Proposition 51) which provided \$3 billion for new construction.

Demonstration of Current Need for New Construction Projects

Upon passage of Proposition 51, the Board endeavored to ensure that new bond funds were provided only for new construction projects with current unhoused pupil needs. At the June 5, 2017 meeting, the Board took action to move all projects from the ARBBA list to OPSC's active workload list while also requiring districts to update new construction eligibility for the enrollment year in which the application is processed by OPSC in order to demonstrate a current need for additional classrooms.

BACKGROUND (cont.)

At the same meeting, the Board stated that it would consider appeals relating to eligibility on a case-by-case basis.

In accordance with the Board's action, districts are required to submit an *Enrollment Certification/Projection* (Form SAB 50-01) to update their eligibility within 90 days of receiving notification from OPSC that a project will be processed.

During the beginning of the OPSC review period for this project, the District submitted the Form SAB 50-01 for the 2018/2019 enrollment period. Upon processing, OPSC determined that the updated new construction eligibility was not enough to support the entire pupil grant amount requested.

McFarland Unified School District New Construction Eligibility (Based on 2018/2019 enrollment update)				
K-6	7-8	9-12	Non- Severe	Severe
259	35	-1	-8	0

The District revised the pupil grants request to exhaust the available 259 K-6 pupil grants and the project was approved by the Board at the April 2019 meeting for placement on the Unfunded List (Lack of AB 55 Loans). On May 13, 2019, the District submitted a *School District Appeal Request* (Form SAB 189) to request to use the eligibility that may have been available at the time of application submittal in 2014/2015 to support its request for new construction funding. However, the District has since revised the appeal request to use the eligibility based on the 2019/2020 enrollment that has become available during the appeal review process.

To demonstrate a current need for the facilities, the District submitted a 2019/2020 enrollment projection that, if approved, would generate 604 K-6 pupil grants and 23 Non-Severe pupil grants, which is more than the funding that was originally requested.

Status of the Project

The project was completed in 2016 and the school opened with 514 students. The District received a Priority Funding Apportionment at the September 2019 Board meeting and the funds have been released for the eligible grants based on the 2018/2019 enrollment year. The project was not considered full and final pending the outcome of the District's appeal.

STAFF ANALYSIS/STATEMENTS

District Position

In its appeal request, the District requests to use eligibility to fund its project based on 2019/2020 enrollment projection as it shows a demonstrated current need for the project and is consistent with the Board's policy and reason for requiring the update of eligibility at the time of processing.

The full text of the District's request is included as Attachment B.

Staff Position

Application Timing and 2018/2019 Enrollment Projections

On November 1, 2012, the Board's regulations to create the ARRBA List were approved by the Office of Administrative Law. The ARRBA List was created by the Board to allow school districts to continue to submit applications when bond authority has been exhausted. The District adopted a resolution in February 2014 acknowledging the lack of bond authority in anticipation of submitting an application to OPSC. In May 2014, the District obtained plan approval for the project from the Division of the State Architect and entered into the construction contract for the project on September 11, 2014. The Notice to Proceed was issued on September 15, 2014. The District submitted an *Application for Funding* on February 23, 2015.

OPSC began processing the District's application in February 2019. The enrollment update submitted to OPSC during processing for 2018/2019 did not generate sufficient new construction eligibility to support all of the pupil grants requested for this project. Therefore, the District reduced the funding requested from 488 K-6 pupils down to the remaining 259 K-6 pupil grants that were available at the time of processing, and reduced the Non-Severe pupil grants down to zero as there was no eligibility for Non-Severe.

Enrollment Projections & Cohort Method

To determine new construction eligibility, a district must demonstrate that existing seating capacity within the district is insufficient to house the anticipated future enrollment generated by the enrollment projection on the Form SAB 50-01 using the Cohort Survival Enrollment Projection (Cohort) method. Through this requirement, districts are afforded an opportunity to demonstrate continued district-wide unhoused pupil need for additional classroom capacity, and the requirement also ensures continued district compliance with the intent and spirit of the statute and supporting regulations.

STAFF ANALYSIS/STATEMENTS (cont.)

The Cohort is the mathematical means used to determine a district’s enrollment projection. It estimates what a district’s enrollment will be in five or 10 years by observing the trend of enrollment (increasing or decreasing) between grade levels, projecting that the same trend will continue for five or 10 years, and allows districts to plan future construction activities accordingly. If a district is experiencing a declining enrollment trend, any enrollment projections submitted during the period of decline would likely result in a downward projection of the district’s future eligibility. Conversely, if district-wide enrollment is trending upwards, it is likely that a district’s eligibility would also increase to account for the projected number of additional pupils.

New Construction Eligibility is determined by calculating the average rate of change for each grade level, based on weighting mechanisms. In the standard calculation, the most recent year is weighted the heaviest. Therefore, the prior year’s kindergarten enrollment has the largest impact on the enrollment projection and depending how much it has increased or decreased from the prior year could determine if the if the district’s enrollment projection results in a positive or negative outcome.

Analysis of the District’s New Construction Eligibility

From 2014/2015 to 2018/2019, the District’s K-6 grade level projected enrollment was on a decline which resulted in a decrease in projected need from 514 to 259 K-6 pupils. Non-severe enrollment projections decreased from -6 to -8 pupils in the same time period. However, the 2019/2020 enrollment projections increased the projected need to 604 K-6 pupil grants and 23 Non-Severe pupils.

The following two graphs below demonstrate the District’s resulting new construction eligibility from data available:

STAFF ANALYSIS/STATEMENTS (cont.)

Use of 2019/2020 Enrollment

As OPSC was reviewing the appeal, the 2019/2020 enrollment information became available. The District’s original appeal request was for funding based on the 2014/2015 enrollment period, but the 2019/2020 enrollment numbers demonstrate that the District would have 604 K-6, and 23 Non-Severe pupil grants available to use, which is more than the total amount of pupil grants the District is requesting in its appeal.

Horizon Elementary Funding Comparison

Enrollment Year	K-6 Pupil Grants	Non-Severe Pupil Grants	SFP Grant Amount	Total State Share
2018/2019	259	0	2019	\$5,283,612
2019/2020	475	13	2019	\$8,449,033

If the Board approves the District’s Appeal Request, the District will receive approximately \$3,165,421 more in additional funding than what was already provided based on the 2018/2019 enrollment year eligibility.

Prior New Construction Eligibility Appeals

The Board has heard three prior requests to fund applications based on eligibility generated from a different year than which an application was being processed. Of these requests, two of them were approved using the following enrollment year that became available during the processing of the appeal, demonstrating current eligibility. The most recent appeal was not approved because the District was unable to demonstrate a current need and was requesting eligibility based on a prior year. A summary of these prior appeals can be found in Attachment C.

STAFF ANALYSIS/STATEMENTS (cont.)Conclusion

Staff is providing the Board with an option below to address the District's request. Staff supports this option as it provides funding based on current enrollment (2019/2020) projections. The current enrollment projection generates the eligibility for facilities using methodologies supported by SFP Regulations and past Board action. Staff believes that this option conforms with the Board's intention of funding projects based on current facility needs at the time of application processing.

BOARD OPTION

Pursuant to the Rules and Procedures of the State Allocation Board, "Staff is providing the following option for the Board's consideration. A positive vote by six members is required for the Board to take action that is an alternative to Staff's administrative action. Absent a positive vote by six members of the Board, Staff's administrative action will stand and the school district's appeal will be considered closed."

Board Option - Approve the District's use of pupil grant eligibility based on the current 2019/2020 enrollment period for the New Construction funding application at Horizon Elementary. In addition, approve the Amended Unfunded Approval for this application, as shown on Attachment D.

AUTHORITY

Education Code (EC) Section 17071.75 states in part:

After a one-time initial report of existing school building capacity has been completed, the ongoing eligibility of a school district for new construction funding shall be determined by making all of the following calculations:

- (a) A school district that applies to receive funding for new construction shall use the following methods to determine projected enrollment:

...

- (g) For a school district with an enrollment of 2,500 or less, an adjustment in enrollment projections shall not result in a loss of ongoing eligibility to that school district for a period of three years from the date of the approval of eligibility by the board.

SFP Regulation Section 1859.2 Definitions states in part:

...

“Small School District” means a school district with current districtwide enrollment reported in Part A, the continuation high pupils reported in Part C, and the Special Day Class pupils reported in Part D on the latest Form SAB 50-01, used to determine or adjust the district’s baseline eligibility pursuant to Sections 1859.50 and 1859.51 or submitted separately to the OPSC, that is 2,500 or less.

SFP Regulation Section 1859.51(j) Adjustments to the New Construction Baseline Eligibility states:

...

(j) For Small School Districts:

(1) Decreased by any reduction in projected enrollment that follows a three-year period after the district’s eligibility was approved by the Board, and either (A) or (B), as applicable:

(A) Increased/decreased by changes in projected enrollment in the 2016/2017 enrollment year using a fifth-year

projection or a tenth-year projection if the Form SAB 50-01 was received at OPSC by October 31, 2017.

(B) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years following

2016/2017 using a fifth-year projection or a tenth-year projection.

(2) If the Small School District does not submit an adjustment under (A) or (B) prior to OPSC notification of its

schedule to begin processing the School District’s request for new construction funding that was received by

OPSC on or after November 1, 2012, then the requirements of (e) shall apply.

School Facility Program Regulation Section 1859.51. Adjustments to the New Construction Baseline Eligibility.

The baseline eligibility for new construction determined on the Form SAB 50-03 will be adjusted as follows:

...

(i) Reduced by the number of pupils housed, based on loading standards pursuant to Education Code Section 17071.25(a)(2)(A), in any Classroom Provided after the baseline eligibility was

determined by the Board with the exception of those pupils housed or to be housed in a classroom:

- (1) That is a trailer and transportable/towed on its own wheels and axles.
- (2) Of less than 700 interior square feet.
- (3) That is a portable classroom, leased pursuant to Chapter 14 (commencing with Section 17085) of the Education Code.
- (4) That is a portable classroom leased for a period of less than five years, whether in a single lease or cumulative total of several leases.
- (5) That is a portable classroom that needs to be leased beyond five years to provide interim housing in a modernization or new construction project provided the cumulative lease term does not exceed a specified time period as determined by the SAB not to exceed three years on each qualifying project. For this purpose, a project means all work contained in a single set of construction plans.
- (6) Where the contract for the lease, lease-purchase, purchase, or construction of the classroom was made prior to January 1, 2000.
- (7) That is included in a SFP project where the district has funded a portion of the project beyond its required district contribution and the pupil capacity of the classroom does not exceed 150 percent of the number of pupils receiving a new construction grant (rounded up) for the SFP project.

SCHOOL DISTRICT McFarland Unified	APPLICATION NUMBER 5073908-00-010
SCHOOL NAME Horizon Elementary	COUNTY Kern
DISTRICT REPRESENTATIVE Samuel A. Resendez	E-MAIL ADDRESS saresendez@mcfarland.k12.ca.us

Purpose of Request:

To request funding for a new construction project that has been built and occupied and has been impacted by a loss of eligibility due to SFP Regulation Section 1859.51(e).

Basis of Request:

- Law (Statute) _____
- Regulation SFP Regulation Section 1859.51(e)
- Other (specify) _____

Description:

We respectfully request approval of this project using the eligibility resulting from the 2019/2020 CALPADS enrollment data. 2019/2020 enrollment projection shows a demonstrated current need for the project, consistent with the Board's policy and reason for requiring the update of eligibility at the time of processing.

The project was submitted to OPSC for funding on 2/23/15 at which point the District had a total 3,469 K-12 students and 1,156 K-5 students housed at Kern Ave Elementary which was designed for a maximum of 950 students. Kern Ave first exceeded its capacity in 2007 and had been consistently growing.

The new school (Horizon Elem) opened for the 2016/17 school year with 514 students.

The District has seen continued growth and reached an enrollment of 3,588 for the 2017/18 school year. The District saw a drop in enrollment of 104 students in 2018/19 due to the expansion to grades K-5 of the Wonderful College Prep Academy, a charter school located in Delano. The impact on the eligibility for new construction resulted in a loss of 700 students compared to the 2017/18 school year.

If the Horizon project would have been processed during any other school year, the eligibility for this project would have been sufficient to fully fund the project at 488 K-6 grants. The project is currently on the unfunded list for funding of only 259 K-6 grants.

Without full funding of this project, the District will not have the matching funds needed for its upcoming new construction projects planned at McFarland High which has grown from 770 students in 2012 to 932 students this year and is projected to exceed 1,000 in the next two years.

The District also faces significant modernization needs at its schools that will require local matching funds.

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

- (a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

- (b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:
- (1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.
 - (2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.
 - (3) Subtract (b)(2) from (b)(1).
 - (4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.
 - (5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.
 - (6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.
 - (7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

- (c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:
- (1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.
 - (2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).
 - (3) It is a County Superintendent of Schools.
 - (4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.
 - (5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

- (A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.
 - (B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.
- (d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).
- (e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).
- (1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.
 - (2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

- (3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

- (f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.
- (g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.
- (h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.
 - (1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.
 - (2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:
 - a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.
 - b. OPSC will return the request for funding and related materials to the district.
 - (3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.
 - (4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
