State Allocation Board
April 22, 2020

Upon notice duly given, the meeting of the State Allocation Board (SAB) was held at the Department of General Services, Ziggurat Building, located at 707 3rd Street, 8th Floor, Room 8-100, in West Sacramento, California on April 22, 2020 at 4:00 p.m.

Assembly Member Patrick O'Donnell, the Vice Chair of the SAB, announced that pursuant to Governor Newsom's Executive Order N-25-20, issued March 12, 2020, this meeting would be conducted by way of teleconference/Zoom meeting. The meeting was physically webcast from Room 8-100 in the Ziggurat Building in West Sacramento for anyone that would have liked to provide public comment in person.

Members of the SAB were in different areas throughout the State, but were present in order to establish a quorum for the meeting as follows:

- Jeff Bell, Program Budget Manager, Department of Finance, designated representative for Keely Bosler, Director, Department of Finance
- Daniel Kim, Director, Department of General Services
- Juan Mireles, Director, School Facilities and Transportation Services Division, California Department of Education (CDE), designated representative for Tony Thurmond, Superintendent of Public Instruction
- Senator Connie Leyva
- Senator Richard Roth
- Assembly Member Patrick O'Donnell
- Assembly Member Jordan Cunningham
- Assembly Member Autumn Burke

Member of the SAB absent was as follows:

- Senator Scott Wilk
- Vacant, Governor's appointee

Representative of the SAB was as follows:

- Lisa Silverman, Executive Officer

Representatives of the Department of General Services, Office of Public School Construction (OPSC), were as follows:

- Lisa Silverman, Executive Officer
- Barbara Kampmeinert, Deputy Executive Officer

Representative of the Department of General Services, Office of Legal Services, was as follows:

- Tom Patton, Assistant Chief Counsel

With a quorum present, Assembly Member O'Donnell, Vice Chair, called the meeting to order at 4:01 p.m.

PRIOR MINUTES

A motion was made, and seconded, to approve the March 25, 2020 monthly SAB Minutes, as well as the March 25, 2020 Emergency Meeting Minutes. The Vice Chair called for a roll-call vote and the motion carried per the following votes:

EXECUTIVE OFFICER'S STATEMENT

The Executive Officer informed the SAB of the following:

Emergency Regulation Approved

The Office of Administrative Law approved the emergency powers of the Executive Officer emergency regulation with an effective date of April 22, 2020.

Time Extension Requests

OPSC created an online extension request form for school districts that are unable to meet OPSC's response deadlines to request extensions of time. OPSC reviews the request and if approved sends the approval to the District's District Representative. As of the date of today's SAB meeting, 23 requests were approved so the process is working.

The Career Technical Education Facilities Program (CTEFP) Sixth Filing Round has been Extended

CTEFP Grant Applications were due to CDE December 2, 2019 and due to OPSC on or before April 6, 2020. The *Application for Career Technical Education Funding* (Form SAB 50-10) is now due to OPSC on or before June 30, 2020. As of today, April 22, 2020, OPSC received 188 electronic submittals.

Upcoming Priority Funding Filing Round – Extended Closing Date

The next Priority Funding filing period will begin on May 13, 2020 and close on August 28, 2020. All projects receiving an Unfunded Approval through the August 26, 2020 SAB meeting are eligible to submit a request. Projects on the OPSC Workload List cannot make this request and, if submitted, will be returned to the districts.

Future Priority Funding Apportionments

General Obligation Bond sales took place in March and April and provided enough bond proceeds to cover all of the Priorities in Funding projects, approximately $785 million for the SAB to take action.

Next SAB Meeting

The SAB and stakeholders were reminded that the next SAB meeting scheduled would be Wednesday, May 27, 2020 at 4:00 p.m.

CONSENT ITEMS

A motion was made, and seconded, to approve the Consent calendar as presented. The Vice Chair called for a roll-call vote and the motion carried per the following votes:

PRIORITY FUNDING APPORTIONMENTS

The Priority Funding Apportionment Action Item in this agenda includes $811.7 million in priority funding apportionments for 266 projects representing 127 applicants. Of these projects, applicants that are required to submit a *Fund Release Authorization* (Form SAB 50-05) containing an original signature of an Authorized District Representative must do so by the close of business on **Tuesday, August 25, 2020** to the Office of Public School Construction (OPSC).

TIME EXTENSION REQUESTS

An online extension request form is available for school districts that are unable to meet OPSC's response deadlines. OPSC will review the request and, if approved, will send an approval of the request to the District Representative. As of May 12, 2020, we have received and approved 61 requests.

The Online Extension Request Form Link can be found at:
https://tinyurl.com/ufrq6wm

CURRENT PRIORITY FUNDING FILING ROUND IS OPEN

As of May 13, 2020, the Priority of Funding filing period began and will **close on August 28, 2020.** Priority funding requests with original signatures must be received by OPSC before the close of business on **August 28, 2020**. These requests will be valid from July 1, 2020 through December 31, 2020.

All projects receiving an Unfunded Approval through the August 2020 State Allocation Board (SAB) meeting will be eligible to submit a request. Projects on the OPSC Workload List *cannot make this request*. Any priority funding requests received for projects on OPSC Workload List will be returned to the district.

NEXT STATE ALLOCATION BOARD MEETING

The next meeting is scheduled for Wednesday, June 24, 2020 at 4:00 p.m. via Zoom.

State of California
State Allocation Board

SCHOOL FACILITY PROGRAM

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on May 27, 2020.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds.

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2 and this Resolution does not bind the Board to make any additional apportionment or bind the State to incur any indebtedness.

2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project's cost prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.

3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable, laws and regulations.

4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 Third Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

5. Any eligibility determination does not constitute a commitment of future funding by the Board.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, May 27, 2020

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To present the Districts' requests for School Facility Program (SFP) eligibility approval.

DESCRIPTION

The school districts shown in the following sections have complied with State Allocation Board (Board) regulations regarding new construction or modernization eligibility determinations for the projects listed.

RECOMMENDATIONS

1. Approve the eligibility determinations for the districts/projects shown on the Attachment.
2. Provide that this approval of eligibility determination for the districts/projects listed does not constitute a commitment for future funding by the Board.
3. For purposes of any application for funding, provide that the district must comply with all requirements of law and regulations pertaining to the SFP.

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To adjust the baseline eligibility for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998.

DESCRIPTION

The districts listed on Attachment A have received eligibility approval for new construction. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.51.

The districts listed on Attachment B have received eligibility approval for modernization. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.61.

RECOMMENDATIONS

1. Approve an adjustment to the new construction eligibility baseline determination as shown on Attachment A.
2. Approve an adjustment to the modernization eligibility baseline determination as shown on Attachment B.
3. Provide that this approval of adjusted eligibility determination does not constitute a commitment for future funding by the State Allocation Board.

KEY TO ADJUSTMENTS

NEW CONSTRUCTION ONLY

(a) Reduced by the number of pupils provided grants in a new construction School Facility Program (SFP) project and by the number of pupils that received a Preliminary Apportionment pursuant to Section 1859.140 or a Preliminary Charter School Apportionment pursuant to Regulation Section 1859.162.2.

(b) Reduced by the number of pupils housed, based on the loading standards pursuant to Ed. Code Section 17071.25(a)(2)(A), in a new construction LPP project funded under the provisions of the LPP pursuant to Regulation Section 1859.12 or 1859.13.

(c) Reduced by the number of pupils housed in additional classrooms constructed or purchased based on the loading standards, pursuant to Ed. Code Section 17071.25(a)(2)(A), in a modernization SFP project.

(d) Adjusted as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years, except as provided in (j) below.

(f) Adjusted as a result of errors or omissions by the district or by the Office of Public School Construction (OPSC).

(g) Adjusted as result of amendments to the SFP Regulations that affect the eligibility.

(h) Increased by the number of pupils eligible for grants pursuant to Regulation Section 1859.82(a).

(i) Reduced by the number of pupils housed in classrooms provided after the baseline eligibility was determined by the State Allocation Board, with 12 exceptions at Regulation Section 1859.51(i).

(j) For Small School Districts, following a 3-year period after the district's eligibility was approved by the Board, decreased by any reduction in projected enrollment, and by any increase in pupils in the latest CDE operational grant report per Ed. Code Sec. 42268.

(k) Adjusted for any changes in classroom inventory as a result of a reorganization election.

(l) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(m) As directed by the SAB due to finding a Material Inaccuracy pursuant to Section 1859.104.1.

(n) Increased by the number of pupils that received a Preliminary Apportionment that was rescinded pursuant to Section 1859.148 or a Preliminary Charter School Apportionment that was rescinded pursuant to Section 1859.166.

(o) Adjusted for operational grant changes as determined/provided by the California Department of Education.

(p) For High School Attendance Area (HSAA) districts with Preliminary Apportionments within the 2002 or 2004 Critically Overcrowded School Facilities Account, adjusted in accordance with Regulation Section 1859.51(p)(1), (2), or (3).

(q) Adjusted by the difference between the Alternative Enrollment Projection for the current enrollment reporting year and the projected enrollment determined pursuant to Section 1859.42 for the current enrollment reporting year, or by the eligibility remaining from this calculation that can no longer be utilized if the funds made available pursuant to EC Section 17071.75(a)(1)(A) have been exhausted.

(r) Adjusted per Ed. Code Sec. 17071.75(b)(2) by the number of pupils housed, based on the loading standards per Ed. Code Sec. 17071.25(a)(2)(A), in any classroom(s) where title was relinquished to the School District receiving the transferred classrooms.

KEY TO ADJUSTMENTS

MODERNIZATION ONLY

(a) Reduced by the number of pupils provided grants in a modernization SFP project or CSFP Rehabilitation project at the specific site.

(b) Reduced by the number of pupils housed, based on the loading standard pursuant to EC Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Regulation Section 1859.14 and 1859.15.

(c) Increased by changes in projected enrollment in subsequent enrollment reporting years.

(d) (1) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or, (2) as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Adjusted as a result of errors or omissions by the district or by the OPSC.

(f) Adjusted as result of amendments to the Subgroup 5.5 Regulations that affect the eligibility.

(g) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(h) As directed by the SAB due to finding a Material Inaccuracy pursuant to Regulation Section 1859.104.1.

(i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Regulation Section 1859.78.8.

(j) Adjusted as a result of the Reconfiguration of an existing high school under the Small High School Program.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, May 27, 2020

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the January 2020 Board meeting, the Board elected to provide an increase adjustment of 2.08 percent to SFP projects for calendar year 2020. The projects listed on the Attachment reflect the Board's action of the adoption of the 2.08 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion …, the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

Funding Source(s): Proposition 51 Bonds/2016-Nov.

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Based on the Board's action on June 5, 2017, this project is subject to the Grant Agreement submittal pursuant to School Facility Program Regulation Section 1859.90.4.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

Senate Bill 584, Chapter 28, Statutes of 2014 repealed Labor Code (LC) Section 1771.3. As a result school districts awarding a public works contract on or requirements. Districts are still required to notify DIR within five days of initial contract award pursuant to LC Section 1773.3(a)(1).

PURPOSE OF REPORT

To present a School Facility Program (SFP) Career Technical Education Facilities Program (CTEFP) project for rescission of the loan portion of its prior Apportionment.

DESCRIPTION

From May to December 2019, the State Allocation Board (Board) approved CTEFP projects for the fifth funding cycle totaling approximately $125 million. The Board approved this project for placement on the Unfunded List (Lack of AB 55 Loans) on May 22, 2019. A priority funding apportionment in the amount of $1,493,738 and a state loan in the amount of $924,917 was approved on September 25, 2019. On April 7, 2020, the District submitted a request to the Office of Public School Construction to rescind only the loan portion of the Apportionment.

Therefore, Staff is presenting the attachment to reduce the project Apportionment for the amount of the original loan.

AUTHORITY

SFP Regulation Section 1859.198 states, in part, “Any Career Technical Education Facilities project funds returned due to projects being rescinded or reduced to cost incurred shall be made available for Apportionment in subsequent funding cycles.”

RECOMMENDATIONS

1. Rescind the loan portion of the District’s application listed above.
2. Approve a decrease of $924,917.00 in the State Apportionment [Bonds/2016-Nov.; 051-605] from $2,418,655.00 to $1,493,738.00, as shown on the Attachment.

Total District Enrollment: 3,902
County: Del Norte

School Name: Del Norte High School
Project Grade Level: 9-12
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Facility Hardship Rehabilitation project.

Total Project Cost: $1,511,557
Cost to the State: $906,934

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

The existing fire alarm system at Del Norte High School is manual and is a Signaling Line Circuit (wire based) fire notification system which currently has multiple ground fault issues. According to a report by Northridge Electric dated October 18, 2019, the conduit that services the fire alarm system at Del Norte High School is in poor condition due to exposure to “inclement salt air weather contamination” and the system is “obsolete, inoperable, and incapable of being serviced adequately.” Crescent City Fire & Rescue concurred that the condition of the system is “so fragile that failure is eminent” and is in “dire need of replacement to protect the students and staff.” Because of the state of the current fire alarm system, an insufficient margin of safety protection for students, faculty, staff, and facilities currently exists at this location.

SCOPE OF PROJECT

The scope of this project included the replacement of the fire alarm and detection system.

STATUS OF SCHOOL SITE

The Fire Alarm project at Del Norte High School was completed in 2016.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL OCCURENCE

Crescent City Fire & Rescue has provided written concurrence from their Chief supporting the industry specialist's findings and recommended work to mitigate the health and safety threat.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from an industry specialist in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATION

Approve the District's request for an unfunded approval for the replacement of the fire alarm system at the Del Norte High School site, pursuant to SFP Regulation Section 1859.83(e) as shown on Attachment B.

ATTACHMENT A

AUTHORITY

Education Code (EC) Section 17075.10(a) states:

> A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

> The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

> If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:
>
> a. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or
> b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

Regulation Section 1859.83(e) states:

> Excessive Cost for rehabilitation of facilities the Board has determined are a health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the cost/benefit analysis to mitigate the problem and remain in the facility is less than 50 percent of the Current Replacement Cost of the facility. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. If the district qualifies, the district is eligible for funding of Rehabilitation Costs as a modernization project. If the Approved Application is received on or before April 29, 2002, the grant amount provided is 80 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. If the Approved Application is received after April 29, 2002, the grant amount provided is 60 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. An additional grant may be provided for high performance incentive pursuant to Section 1859.77.4 provided that the high performance points attained are

related to the scope of the Facility Hardship project. For any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.78.1(a). For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the grant may be adjusted in the manner prescribed in Section 1859.78.1(b) and subject to the limitations established in Section 1859.78.1(c).

Total District Enrollment: 629
County: Siskiyou

School Name: Richmond Elementary
Project Grade Level: K-6
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Facility Hardship Rehabilitation project.

Total Project Cost: $63,427.00
Cost to the State: $38,056.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

The existing leech field system at Richmond Elementary School is beyond its functional life and cannot be repaired. According to a report by NST Engineering, INC. dated August 2, 2019, the existing leech field system “has dried up and measures have been taken to remove the possibility of students being exposed to any bacteria” and that ”the new leech field is required in order to continue to use restroom facilities.” In a letter dated August 19, 2019 the Lassen County Health and Social Services concurred that the condition of the system “created an extreme health hazard. The number of people that attend the school necessitated installing a large replacement leech field.”

SCOPE OF PROJECT

The scope of this project includes the construction of a new leech field.

STATUS OF SCHOOL SITE

The District completed this project in August 2019.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL OCCURENCE

The Lassen County Health and Social Services Department has provided written concurrence from their Chief supporting the industry specialist's findings and recommended work to mitigate the health and safety threat.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from an industry specialist in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATION

Approve the District's request for an unfunded approval for the construction of a new leech field system at the Richmond Elementary School site, pursuant to SFP Regulation Section 1859.83(e) as shown on Attachment B

AUTHORITY

Education Code (EC) Section 17075.10(a) states:

> A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

> The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

> If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:
>
> a. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or
> b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

Regulation Section 1859.83(e) states:

> Excessive Cost for rehabilitation of facilities the Board has determined are a health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the cost/benefit analysis to mitigate the problem and remain in the facility is less than 50 percent of the Current Replacement Cost of the facility. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. If the district qualifies, the district is eligible for funding of Rehabilitation Costs as a modernization project. If the Approved Application is received on or before April 29, 2002, the grant amount provided is 80 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. If the Approved Application is received after April 29, 2002, the grant amount provided is 60 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. An additional grant may be provided for high performance incentive pursuant to Section 1859.77.4 provided that the high performance points attained are

related to the scope of the Facility Hardship project. For any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.78.1(a). For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the grant may be adjusted in the manner prescribed in Section 1859.78.1(b) and subject to the limitations established in Section 1859.78.1(c).

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

Unused Sites Program

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, May 27, 2020

UNUSED SITES

EXHIBIT/APPL. NO. 92/66803-00-00

Dry Creek Joint Elementary – Placer County

PURPOSE OF REPORT

To present the District's request for the State Allocation Board (Board) to grant a refund of the 2018/2019 Fiscal Year unused site assessment fee.

DESCRIPTION

The District was assessed an unused site fee of $16,980 for the 2018/2019 Fiscal Year at the December 9, 2019 Board meeting and is scheduled to be deducted from the District's State School Fund Apportionment during the months of February through May 2020. Records show that the unused property assessed is currently being used as a school site and should not have been assessed a fee. Therefore, the District is eligible for a refund of the unused site assessment fee withheld for the 2018/2019 Fiscal Year.

Site	Year	Annual Payment	Recommendation
Morgan Creek Elem.	2018/2019	$16,980	Refund

AUTHORITY

Pursuant to Education Code (EC) Section 17223(a), "Whenever a school district has either begun to use an unused site or has sold that site within two years of the date the Controller, pursuant to Section 17222, has deducted a certified nonuse payment from the district's State School Fund apportionment, the State Allocation Board shall certify that fact to the Controller. The Controller shall then cease to withhold any additional payments and shall return to the district from the State School Site Utilization Fund the payments, without interest, which had been withheld for the particular site during the prior fiscal year … ."

BACKGROUND

As required by law, all school districts are required to report any unused school sites to the Board annually. The school districts self-certify requests for waivers and reduction of fees based on certain criteria outlined in EC Section 17219. EC Section 17223(a) allows for districts to receive a refund for sites that a district has begun to use or has sold during the previous fiscal year.

STAFF ANALYSIS/STATEMENTS

The District has provided documentation to support its request.

RECOMMENDATION

Approve the District's request for a refund of the 2018/2019 Fiscal Year unused site assessment fee in the amount of $16,980 and notify the State Controller's Office to refund the Annual Payment.

Emergency Repair Program

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, May 27, 2020

EMERGENCY REPAIR PROGRAM GRANT ADJUSTMENTS - SAVINGS

PURPOSE OF REPORT

To reduce grant apportionments for the attached listing of Emergency Repair Program (ERP) projects.

DESCRIPTION

The Local Educational Agencies (LEAs) listed on the Attachment have submitted the required *Expenditure Reports* (Form SAB 61-04) that indicate expenditures are less than the ERP funded grant (savings). In addition, any interest earned on the reported savings has been verified. The Attachment includes two ERP applications that require adjustments.

The purpose of this item is to request the State Allocation Board to reduce the grant apportionments by the savings and interest earned on ERP projects and require the LEAs to return State funds as listed on the Attachment.

AUTHORITY

California Code of Regulations (CCR) Title 2, Section 1859.330, states in part, that when expenditures have been determined to be less than the ERP funded grant, the apportionment for ERP funding should be reduced (adjusted) by the amount of the savings and any interest earned.

CCR Title 2, Section 1859.324.1(a), states in part, that when adjustments to apportionments are established, collection procedures must be initiated.

RECOMMENDATIONS

1. Reduce the grant apportionments by the savings and interest earned for the ERP applications listed on the Attachment.

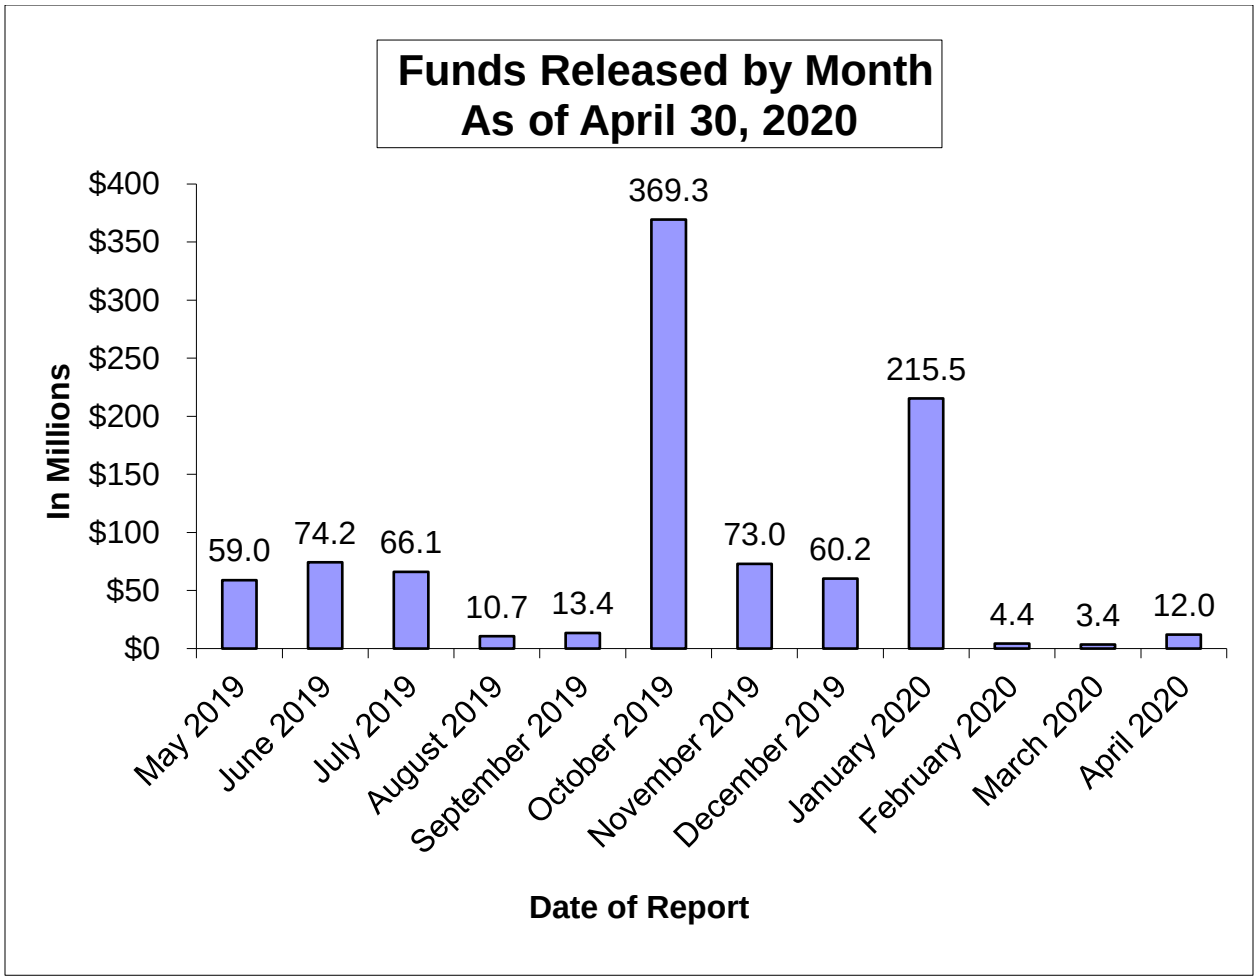

2. Require the LEAs to return State funds as indicated on the Attachment.

SCHOOL DISTRICT DATA

School District: LOMPOC UNIFIED
Application Number: 70/69229-00-001
Total District Enrollment: 10,045
County: SANTA BARBARA
School Name: ARTHUR HAPGOOD ELEM.
Project Grade Level: K-12
Financial Hardship: TBD

PURPOSE OF REPORT

To present the District's request to receive Financial Hardship status based upon "other evidence of reasonable effort as approved by the State Allocation Board".

DESCRIPTION

On October 11, 2019, the District submitted a *School District Appeal Request* (Attachment A) for Financial Hardship status. Approval of Financial Hardship status will be used for funding consideration of a Full-Day Kindergarten Facilities Grant Program (FDKFGP) project estimated at $2,554,928, inclusive of State Grant funding in the amount of $1,277,464 and $765,624 in financial hardship assistance for a total cost to the State of 2,043,088.

The Office of Public School Construction (OPSC) has reviewed the Financial Hardship request and determined the District:

- Has long-term debt at 17% of debt capacity, which is below the 60% threshold,
- Has not passed a Proposition 39 bond measure within the last two years, and
- Has a debt capacity of $130,732,997 million which is in excess of the $5 million threshold.

As a result, the District is not eligible for Financial Hardship assistance under standard criteria. The District is therefore requesting consideration for Financial Hardship status based on "other evidence".

Financial hardship status as requested by the District in this appeal will only pertain to the FDKFGP project at Arthur Hapgood Elementary School. The District has submitted eight other applications under FDKFGP that are not eligible for funding regardless of the outcome of this appeal, as the funding cycle was oversubscribed. The District has no other funding applications pending under the School Facility Program (SFP) at this time. The District last submitted an application for SFP modernization in 2008.

The total District matching share for the FDKFGP project is $1,277,464. The District has $511,840 in available cash contribution towards the project; therefore, if the appeal request is approved, the Financial Hardship grant would be $765,624.

If the appeal request is not approved, the District will not receive any funding for the project as the District will not receive the preference points associated with being a Financial Hardship district. The funding would instead move to the next projects in line.

BACKGROUND

On May 24, 2019, the District submitted *Applications for Funding* (Form SAB 70-02) for nine FDKFGP projects. As part of the request, the District requested financial hardship status.

Attempts to Obtain Local Match

In 2002 the District successfully passed a local bond for $38 million with 69.6% of voters voting "yes". These funds were used for construction projects throughout the district, many of which also received matching SFP funds. Since 2016, the District has attempted three bonds initiatives, once in 2016 and twice in 2018. All three failed to obtain the percent of the "yes" votes needed to pass. The results of these prior attempts are listed below.

Election Date	Bond Amount	Yes	No	Percentage of Yes Votes Required to Pass	Passed
November 2002	$38,000,000	69.6% (9,049 votes)	30.4% (3,944 votes)	66.7%	Yes
November 2016	$65,000,000	58.53% (10,723 votes)	41.47% (7,598 votes)	66.7%	No

STAFF ANALYSIS/STATEMENTS

District's Position

Lompoc Unified School District is seeking Financial Hardship status under "other evidence". The District states that "the District has made every possible effort locally to raise the funds needed."

STAFF ANALYSIS/STATEMENTS (cont.)

The District highlights the following points in their request for Financial Hardship under "other evidence":

- Attempts to pass local bonds three times since November 2016 have all failed.
- The District has been collecting as much in developer fees as is possible.
- The District has determined, in the most recent needs assessment, over $221 million in upgrades, repairs, and improvements is needed District-wide.

The full text of the District's appeal request for Financial Hardship status is included as Attachment A.

Staff's Position

The District has requested consideration under the "other evidence" of reasonable effort provision in the Financial Hardship regulations, which requires Board approval.

Staff does not support the District's request.

Financial Hardship Qualification and History of "Other Evidence" Appeals

School districts may qualify for the Financial Hardship program by levying the maximum developer fees allowed by law and by meeting one of the four criteria outlined in regulation. The District is levying developer fees justified under law and meets this qualifying criterion; however, the District does not meet any of the secondary criteria, as illustrated below:

Secondary Qualifying Criteria	District Status	Meets Criteria	Does Not Meet Criteria
District has successfully passed a Proposition 39 within two previous years	The District has been unable to pass a local bond in three previous attempts. The last bond passed in 2002.		X
Total district bonding capacity of less than $5 million	The District's total bonding capacity is $130 million, which is in excess of the $5 million threshold set in statute.		X
Bonded indebtedness of at least 60% of the district's total bonding capacity	The District's current bonded indebtedness is at 17%, which is below the 60% requirement in School Facility Program (SFP) regulations.		X
Other evidence as approved by the Board	The District is currently appealing for approval under other evidence.	Under Appeal	

STAFF ANALYSIS/STATEMENTS (cont.)

There have been twelve prior requests for Financial Hardship status under "other evidence" considered by the Board. There are no set criteria to qualify for Financial Hardship status under "other evidence". Each district presented unique circumstances surrounding its request. Of these requests, five were approved as requested and three partially approved. The remaining four were not approved.

A full summary of all prior "other evidence" appeals and their outcomes is included as Attachment C.

District Funding Request

Approval of Financial Hardship status through this appeal will only apply to the FDKFGP as the District has not submitted any additional applications under the SFP. Based on the available funding under FDKFGP, the District is only eligible to receive funding for one project, and only if the District receives the preference points for districts that qualify for Financial Hardship assistance. The District currently offers a full-day kindergarten program for 130 pupils at the Arthur Hapgood Elementary site. These students are housed in six classrooms. Half of the classrooms were originally designed as kindergarten classrooms. The other half were originally designed for usage by students in grades 1-6. For the proposed FDKFGP project, the District plans to construct three new kindergarten classrooms that will meet kindergarten guidelines outlined in California Code of Regulations, Title 5, to replace three of the existing classrooms currently being used for kindergarten. The original classrooms will then return back to usage as 1st through 6th grade classrooms.

The District's share for the FDKFGP project is $1,277,464. If the District's appeal is approved, the FDKFGP project at Arthur Hapgood Elementary can be state funded in the second round and the District would contribute $511,840 towards the project and the total Financial Hardship grant would be $765,624. The remaining FDKFGP funding would then be offered to Alisal Union School District as partial funding ($573,468 shortfall) to construct new classrooms in order to convert their part-day kindergarten program to a full-day kindergarten program at the Oscar F. Loya Elementary site.

However, if the District's appeal is not approved, the Alisal Union project would receive full funding. In addition, the Armona Union Elementary School District would receive partial state funding in the amount of $1,469,620 to construct kindergarten classrooms for their existing full-day kindergarten program at Armona Elementary School.

STAFF ANALYSIS/STATEMENTS (cont.)

Summary

Staff believes that the District has not presented compelling evidence to support the "other evidence of reasonable effort". The District has a total of bond capacity of $130 million which is 26 times the threshold set in statute. In comparison, the District has a relatively low long-term debt of $22.2 million; the District would have to reach $78 million in long-term debt before it meets the bonded indebtedness requirement of at least 60 percent of the District's total bond capacity. Further, while the District's bond attempts in 2016 and 2018 failed, the community did support a $38 million bond in 2002 with a 69.6 percent "yes" vote. While this project is important, the District is currently able to house the Full-Day Kindergarten students in safe classrooms. Approving Financial Hardship for this project appears to be inequitable to the other districts that applied for FDKFGP funding that also do not meet the requirements for Financial Hardship assistance.

Conclusion

Staff is unable to administratively approve the District's request. Typically, Staff only supports requests for Financial Hardship status under "other evidence" in unique or severe circumstances and is therefore seeking Board direction.

BOARD OPTION

Pursuant to the Rules and Procedures of the State Allocation Board, "Staff is providing the following options for the Board's consideration. A positive vote by six members is required for the Board to take action that is an alternative to Staff's administrative action. Absent a positive vote by six members of the Board, Staff's administrative action will stand and the school district's appeal will be considered closed."

SCHOOL DISTRICT	APPLICATION NUMBER
Lompoc Unified School District	
SCHOOL NAME	COUNTY
	Santa Barbara
DISTRICT REPRESENTATIVE	E-MAIL ADDRESS
Dr. John Karbula	karbula.john@lusd.org

Purpose of Request:

Appeal to the State Allocation Board to grant the Lompoc Unified School District financial hardship status for state matching funds to make necessary improvements to its schools for safe and healthy learning environments.

Basis of Request:

- [x] Law (Statute) 17075.10b.1.B, 17075.15d.5
- [x] Regulation 1859.81c.5
- [ ] Other (specify) _____

Description:

The District is in dire need of assistance to improve their existing facilities for their school population. The District has made every possible effort locally to raise the funds needed. Attempts to pass local bonds three times since November 2016 have all failed. The District has filed applications in the Kindergarten funding program and requested financial hardship assistance, which was initially denied. As demonstrated in this appeal, it is much more than just the Kindergartens that are in such critical need. The District is and has been collecting as much in developer fees as is possible but those are not nearly enough to meet the massive needs of the school sites and as everyone knows, can only be applied toward projects that will accommodate enrollment growth. The District's finances only allow for a minimum of funding for deferred maintenance-type projects for basic repairs to keep the school sites functioning.

The financial hardship program is intended to aid districts that cannot contribute the full match for needed projects and the Lompoc USD believes that it does meet the criteria of the financial hardship program under the laws and regulations indicated above.

In the most recent needs assessment, the District has estimated an amount of over $221 million in upgrades, repairs, and improvements needed District-wide. Without needed funding, the schools throughout the District must routinely deal with:

1) overheated or cold classrooms
2) outdated and failing fire alarm systems
3) leaking roofs
4) outdated security fencing and gates
5) rusted and deteriorated exterior storefront systems that allow vermin to enter the classrooms
6) rusted window systems that allow rain into the classrooms
7) crumbling and deteriorated floor coverings
8) inadequate and aging IT infrastructure
9) only 2-3 electrical outlets and multiple power strips in each classroom
10) playfields riddled with gopher holes that need substantial work to prevent injuries to students and staff.

Districtwide, estimated costs for just the scopes of work noted below are:

Fire alarm upgrades - $4.73M
Security fencing - $6.7M
Playfield improvements - $21.8M
Paving - $11.4M
HVAC - $3.6M
IT upgrades - $3.2M

In addition, portable classrooms District-wide are all between 24 and 35 years old and beyond their useful life. Many of those were purchased used from a nearby district, therefore, used when installed.

Details and photographs of needs and estimated costs at each site are attached.

AUTHORITY

Education Code Section 17075.10(b)(1)(B) states that "…the school district has made all reasonable efforts to impose levels of local debt capacity and developer fees, and that the school district is, therefore, unable to participate in the program pursuant to this chapter except as set forth in this article."

EC Section 17075.15(d) states:

> Further, regulations shall also specify a method for determining required level of local effort to obtain matching funds. The regulations shall include consideration of at least all of the following factors:
> (1) Whether the school district has passed a bond measure within the two-year period immediately preceding the application for funding under this article, the proceeds of which are substantially available for use in the project to be funded under this chapter, but remains unable to provide the necessary matching share requirement.
> (2) Whether the principal amount of the current outstanding bonded indebtedness issued for the purpose of constructing school facilities for the school district and secured by property within the school district or by revenues of, or available to, the school district, which shall include general obligation bonds, Mello-Roos bonds, school facility improvement district bonds, certificates of participation, and other debt instruments issued for the purpose of constructing school facilities for the school district and for which owners of property within the school district or the school district are paying debt service is at least 60 percent of the school district's total bonding capacity, as determined by the board.
> (3) Whether the total bonding capacity, as defined in Section 15102 or 15106, as applicable, is five million dollars ($5,000,000) or less, in which case, the school district shall be deemed eligible for financial hardship.
> (4) Whether the application for funding under this article is from a county superintendent of schools.
> (5) Whether the school district submits other evidence of substantial local effort acceptable to the board.
> (6) The value of any unused local general obligation debt capacity, and developer fees added to the needs analysis to reflect the district's financial hardship, available for the purposes of school facilities financing."

School Facility Program (SFP) Regulation Section 1859.81(c) states

> (c) "…The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:
> (1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.
> (2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).
> (3) It is a County Superintendent of Schools.
> (4) The district's total bonding capacity at the time of the request for financial hardship status is $5 million or less.
> (5) Other evidence of reasonable effort as approved by the SAB.

SCHOOL DISTRICT DATA

School District: PORTERVILLE UNIFIED
Application Number: 50/75523-00-007
Total District Enrollment: 23,387

County: TULARE
School Name: BELLEVIEW ELEMENTARY
Project Grade Level: K-12
Financial Hardship: NO

PURPOSE OF REPORT

To present the District's request to approve a new construction application for funding based on an enrollment period that differs from the enrollment period in which the application was processed.

DESCRIPTION

The District is requesting the Board's approval of a new construction project that consists of 11 classrooms. The District did not have any eligibility remaining to qualify for any of the School Facility Program (SFP) funding requested at the time the full funding application was being reviewed in May 2019.

The District requested 269 K-6 grade level pupil grants totaling $3,517,304 on its original application. The new construction eligibility update based on 2018/2019 enrollment resulted in the following available eligibility amounts:

Porterville Unified School District
New Construction Eligibility
(Based on 2018/2019 enrollment update)

K-6	7-8	9-12	Non-Severe	Severe
-668	-196	783	-83	0

As there were no available K-6 eligibility at the time the application was being processed in August 2019, the application was revoked and sent back to the District.

The District is requesting to use its new construction eligibility based on the current 2019/2020 enrollment year projection. If the Board approves the District's Appeal Request, the District will receive approximately $3,517,304 as the total State grant amount.

AUTHORITY

See Attachment A.

BACKGROUND

The Porterville Unified School District is in Tulare County and had a 2018/2019 student enrollment of 23,387. Belleview Elementary School is an existing school site located in Porterville that serves grades K-6.

In March 2016, the District submitted a new construction funding application for Belleview Elementary School, Application Number 50/75523-00-007, for the construction of two Kindergarten and 9 (1-6) grade level classrooms.

At that time, new construction bond authority was exhausted, and the application was placed on the Applications Received Beyond Bond Authority (ARBBA) List. In accordance with SFP Regulations, the District submitted the required board resolution acknowledging the following along with its application for funding:

- That the remaining SFP bond authority is currently exhausted for the funds being requested on these applications.
- That the State of California is not expected nor obligated to provide funding for the projects and the acceptance of the applications does not provide a guarantee of future State funding.
- That any future State bond measures for the SFP may not provide funds for the applications being submitted.
- That criteria under a future State school facilities program may be substantially different that the current SFP. The District's Approved Application(s) may be returned.
- That they are electing to commence any pre-construction or construction activities at the District's discretion and that the State is not responsible for any pre-construction or construction activities.

In November 2016 voters approved the Kindergarten Through Community College Public Education Facilities Bond Act of 2016 (Proposition 51) which provided $3 billion for new construction.

Demonstration of Current Need for New Construction Projects

Upon passage of Proposition 51, the Board endeavored to ensure that new bond funds were provided only for new construction projects with current unhoused pupil needs at the time the applications were processed. At the June 5, 2017 meeting, the Board took action to move all projects from the ARBBA list to OPSC's active workload list while also requiring districts to update new construction eligibility for the enrollment year in which the application is processed by OPSC in order to demonstrate a current need for additional classrooms. At the same meeting, the Board stated that it would consider appeals relating to eligibility on a case-by-case basis.

BACKGROUND (cont.)

In accordance with the Board's action, districts are required to submit an *Enrollment Certification/Projection* (Form SAB 50-01) to update their eligibility within 90 days of receiving notification from OPSC that an application will be processed.

During the beginning of the OPSC review period for this application, the District submitted the Form SAB 50-01 for the 2018/2019 enrollment period. Upon processing, OPSC determined that the updated new construction eligibility did not support the pupil grants requested, as it resulted in the following:

Porterville Unified School District
New Construction Eligibility
(Based on 2018/2019 enrollment update)

K-6	7-8	9-12	Non-Severe	Severe
-668	-196	783	-83	0

There was no existing K-6 eligibility, the project was revoked and sent back on July 19, 2019. On January 13, 2020, the District submitted a *School District Appeal Request* (Form SAB 189) to request to use the eligibility based on the 2019/2020 enrollment to demonstrate a current need for the facilities. If approved, the 2019/2020 enrollment projection would generate 1,599 K-6 grade level pupil grants, which is enough to justify the grants being requested on the District's application.

Status of the Project

The project was completed in 2017 using the District's local funds.

STAFF ANALYSIS/STATEMENTS

District Position

In its appeal request, the District requests to use eligibility to fund its project based on 2019/2020 enrollment projection as it shows a demonstrated current need for the project and is consistent with the Board's policy and reason for requiring the update of eligibility at the time of processing.

The full text of the District's request is included as Attachment B.

Staff Position

Application Timing and 2018/2019 Enrollment Projections

OPSC began processing the District's application in May 2019. The 2018/2019 enrollment update submitted to OPSC during processing did not generate new construction eligibility to support the pupil grants requested for this project. Therefore, the project was revoked, and the application was sent back to the District.

STAFF ANALYSIS/STATEMENTS (cont.)

Enrollment Projections & Cohort Method

To determine new construction eligibility, a district must demonstrate that existing seating capacity within the district is insufficient to house the anticipated future enrollment generated by the enrollment projection on the Form SAB 50-01 using the Cohort Survival Enrollment Projection (Cohort) method. Through this requirement, districts are afforded an opportunity to demonstrate continued district-wide unhoused pupil need for additional classroom capacity, and the requirement also ensures continued district compliance with the intent and spirit of the statute and supporting regulations.

The Cohort is the mathematical means used to determine a district's enrollment projection. It estimates what a district's enrollment will be in five or 10 years by observing the trend of enrollment (increasing or decreasing) between grade levels, projecting that the same trend will continue for five or 10 years and allows districts to plan future construction activities accordingly. If a district is experiencing a declining enrollment trend, any enrollment projections submitted during the period of decline would likely result in a downward projection of the district's future eligibility. Conversely, if district-wide enrollment is trending upwards, it is likely that a district's eligibility would also increase to account for the projected number of additional pupils.

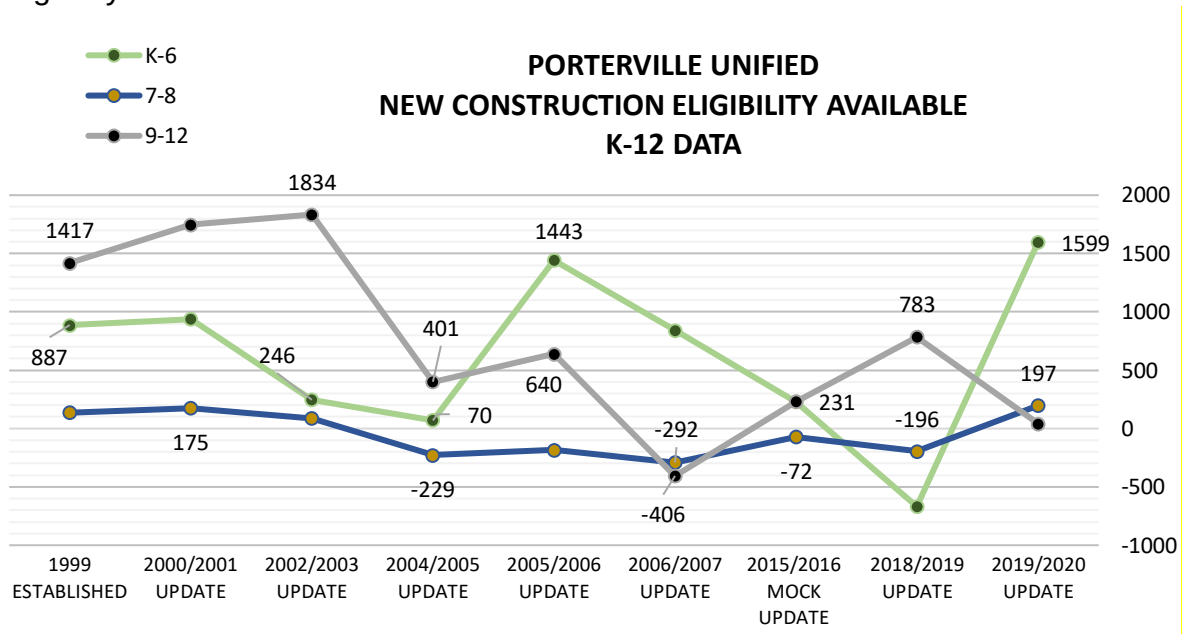

New Construction Eligibility is determined by calculating the average rate of change for each grade level, based on weighting mechanisms. In the standard calculation, the most recent year is weighted the heaviest. Therefore, the prior year's kindergarten enrollment has the largest impact on the enrollment projection and depending how much it has increased or decreased from the prior year could determine if the if the district's enrollment projection results in a positive or negative outcome.

Analysis of the District's New Construction Eligibility

From 2005/2006 to 2018/2019, the District's K-6 grade level projected enrollment was on a decline which resulted in a decrease in projected need from 1,443 to -668 K-6 pupils. However, the 2019/2020 enrollment projections increased the projected need to 1,599 K-6 pupil grants. The District has stated that the enrollment increased as a result of implementing new Pre-Kindergarten and Transitional Kindergarten programs at its sites.

STAFF ANALYSIS/STATEMENTS (cont.)

The following graph below demonstrate the District's resulting new construction eligibility from data available:

Use of 2019/2020 Enrollment

The District's funding request was originally based on the 2015/2016 enrollment period but the eligibility for that year in solely the K-6 pupil grants level would not have been enough to support the total pupil grants requested. The 2018/2019 enrollment update shows no available pupil grants in the K-6 pupil grants level whereas the 2019/2020 enrollment numbers demonstrate that the District will have 1,599 K-6 pupil grants available to use, which is more than enough to support all of the pupil grants requested.

Belleview Elementary Funding Comparison

Enrollment Year	K-6 Pupil Grants	SFP Grant Index	Total Estimated State Share
2018/2019	0	2019	$0
2019/2020	269	2019	$3,517,304

If the Board approves the District's Appeal Request, the District will receive approximately $3,517,304 in funding based on the 2019/2020 enrollment year eligibility.

STAFF ANALYSIS/STATEMENTS (cont.)

Prior New Construction Eligibility Appeals

The Board has heard four prior requests to fund applications based on eligibility generated from a different year than which an application was being processed. Of these requests, three of them were approved using the following enrollment year that became available during the processing of the appeal, demonstrating the most current eligibility available. One of the appeals was not approved because the District was unable to demonstrate a current need and was requesting eligibility based on a prior year. See Attachment C.

Conclusion

Staff supports the option below as it provides funding based on the most current enrollment projection available (2019/2020). The current enrollment projection generates the eligibility for facilities using methodologies supported by SFP Regulations and past Board action. Staff believes that this option conforms with the Board's intention of funding projects based on current facility needs at the time of application processing.

BOARD OPTION

Pursuant to the Rules and Procedures of the State Allocation Board, "Staff is providing the following option for the Board's consideration. A positive vote by six members is required for the Board to take action that is an alternative to Staff's administrative action. Absent a positive vote by six members of the Board, Staff's administrative action will stand, and the school district's appeal will be considered closed."

Board Option - Approve the District's use of pupil grant eligibility based on the current 2019/2020 enrollment period for the New Construction funding application at Belleview Elementary. A funding item for the new construction project will be presented at a future Board meeting.

AUTHORITY

Education Code (EC) Section 17071.75 states in part:

After a one-time initial report of existing school building capacity has been completed, the ongoing eligibility of a school district for new construction funding shall be determined by making all of the following calculations:

(a) A school district that applies to receive funding for new construction shall use the following methods to determine projected enrollment:

…

(g) For a school district with an enrollment of 2,500 or less, an adjustment in enrollment projections shall not result in a loss of ongoing eligibility to that school district for a period of three years from the date of the approval of eligibility by the board.

SFP Regulation Section 1859.2 Definitions states in part:

…

"Small School District" means a school district with current districtwide enrollment reported in Part A, the continuation high pupils reported in Part C, and the Special Day Class pupils reported in Part D on the latest Form SAB 50-01, used to determine or adjust the district's baseline eligibility pursuant to Sections 1859.50 and 1859.51 or submitted separately to the OPSC, that is 2,500 or less.

School Facility Program Regulation Section 1859.51. Adjustments to the New Construction Baseline Eligibility.

The baseline eligibility for new construction determined on the Form SAB 50-03 will be adjusted as follows:

…

(i) Reduced by the number of pupils housed, based on loading standards pursuant to Education Code Section 17071.25(a)(2)(A), in any Classroom Provided after the baseline eligibility was determined by the Board with the exception of those pupils housed or to be housed in a classroom:

(1) That is a trailer and transportable/towed on its own wheels and axles.

(2) Of less than 700 interior square feet.

(3) That is a portable classroom, leased pursuant to Chapter 14 (commencing with Section 17085) of the Education Code.

(4) That is a portable classroom leased for a period of less than five years, whether in a single lease or cumulative total of several leases.

(5) That is a portable classroom that needs to be leased beyond five years to provide interim housing in a modernization or new construction project provided the cumulative lease term does not exceed a specified time period as determined by the SAB not to exceed three years on each qualifying project. For this purpose, a project means all work contained in a single set of construction plans.

(6) Where the contract for the lease, lease-purchase, purchase, or construction of the classroom was made prior to January 1, 2000.

(7) That is included in a SFP project where the district has funded a portion of the project beyond its required district contribution and the pupil capacity of the classroom does not exceed 150 percent of the number of pupils receiving a new construction grant (rounded up) for the SFP project.

Appeal Request for Belleview Elementary Project 50/75523-00-007

We respectfully request approval of this project using the eligibility resulting from the 2019/2020 CALPADS enrollment data. 2019/2020 enrollment projection shows a demonstrated current need for the project, consistent with the Board's policy and reason for requiring the update of eligibility at the time of processing.
The district submitted its new construction application for funding on March 29, 2016 for 11 classrooms. At that time the enrollment projection used was based on the 2015/16 school year data. The elementary projection was relatively stable, however there was adequate eligibility at that time for this project that requested 269 grants. The funding request for this project is $3,236,061 and is a critical need for the facilities program in Porterville.

This project has been completed using the District's local general funds as the District was unsuccessful on two separate attempts to pass local school bonds for such needed improvements. The project was necessary in order to replace older portable classrooms, as well as, relieve the use of portable classroom buildings located diagonally across an intersection where students would cross multiple times a day for lunch services, school recess, and after school programs. This reimbursement will allow for several additional projects to move forward as there are significant facility needs for both new construction and modernization in the District.
The District was able to reduce the use of portable buildings at this one site, yet numerous older portable buildings still exists within the District and need replacing. The current enrollment projection requested by OPSC for the 2018/19 school year showed a decline in the K-6 population of 543 students or 9.7%. This is due to the fact the current kindergarten class saw a drop of 79 students (8.4%) this year compared to 2017. In reality, the District is anticipating a small decline in K-6 enrollment, but not to the level the 50-01 is currently projecting.

If OPSC would have processed this project a year earlier (or even a year later) then there would have been adequate eligibility at grades K-6 for this project. It is not fair for a project that has been in line for funding for over three years to be denied simply due to the date that is was decided to get processed when there was adequate eligibility in every year except the time it was processed.
Approval of this project is being requested as is was built with the anticipation of reimbursement of State funding at a point to be determined when the next bond passed (which occurred with Prop 51 in November 2016) and this project was a major priority as it was needed in order to provide a safer location and environment for our students attending Belleview.

Sincerely,

Brad Rohrbach, Ed.D.

PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

PURPOSE OF REPORT

To provide priority School Facility Program (SFP) funding Apportionments for $811.7 million for the projects that submitted a valid certification.

DESCRIPTION

At the May 2011 State Allocation Board (Board) meeting, the Board approved proposed regulations establishing two annual filing periods for prioritizing school construction funding as cash proceeds became available to provide Apportionments. The Office of Administrative Law (OAL) then approved the regulations on July 27, 2011. The proposed regulations created two 30-day periods in which school districts could request to receive an Apportionment upon acknowledgement that a *Fund Release Authorization* (Form SAB 50-05) could be submitted within 90 days of receiving an Apportionment.

Based on SFP regulations, the recent 30-day filing period began on November 13, 2019 and ended on December 12, 2019. Requests must have been physically received by the Office of Public School Construction (OPSC) on or before December 12, 2019 and are valid from January 1, 2020 through June 30, 2020.

By approving this item, the Board will provide approximately $811.7 million in Apportionments for 266 projects that represents 127 school districts and qualifying applicants.

AUTHORITY

See Attachment A.

BACKGROUND

Requests/Acknowledgements

Pursuant to SFP Regulations, applicants choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an Apportionment. As part of the request, applicants are required to make the following acknowledgements:

- The applicant understands that the time limit on fund release shall be no more than 90 days from the date of Apportionment.
- The applicant acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded

BACKGROUND (cont.)

application will revert to an Unfunded Approval at the bottom of the Unfunded List (Lack of AB 55 Loans) and cannot be guaranteed bond authority. The application will receive a new Unfunded Approval date of Tuesday, August 25, 2020.

- In the case that multiple rescissions are made by the SAB, each separate application will be placed at the bottom of the Unfunded List (Lack of AB 55 Loans) in the order of the original unfunded approval date. The district will not be required to resubmit the application and no further application review will be required.
- The applicant acknowledges that by participating in the priority funding process, the applicant is waiving its right to the 18-month timeline for fund release submittal.
- The applicant acknowledges that a Grant Agreement must be submitted pursuant to SFP Regulation 1859.90.4 and physically received by OPSC prior to or concurrently with the Form SAB 50-05.

By approving this item, the Board will provide approximately $811.7 million in Apportionments for 266 projects on the Unfunded List (Lack of AB 55 Loans) that are eligible for an Apportionment. Any requests by applicants to participate in the priority funding process that are not converted to Apportionments shall retain their date order position on the Unfunded List (Lack of AB 55 Loans) unless the applicant receives a second non-participation occurrence. Any project receiving a second non-participation occurrence will be rescinded without further Board action.

This priority funding round generated $811.7 million in Apportionment requests from 127 applicants for 266 of 291 unique projects, which represents 91.4% percent of the projects on the Unfunded List (Lack of AB 55 Loans) that could have submitted requests. In total, the Board can provide $811.7 million in Apportionments. The attachments provide detailed lists of the Apportionment requests received during this filing period that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an Apportionment are highlighted in Attachments B, C, D, E, F, and G.

STAFF ANALYSIS/STATEMENTS

Current/Future Request Periods

Requests submitted during the 30-day period that ended on December 12, 2019 will expire on June 30, 2020. A new 30-day priority funding request filing period began on May 13, 2020 and will end on August 28, 2020. Requests submitted during that period will be valid from July 1, 2020 through December 31, 2020.

STAFF ANALYSIS/STATEMENTS (cont.)

Fund Release Requirements

Unless the applicant was funded for Design only, applicants receiving Apportionments are required to submit a valid Form SAB 50-05 for each approved application. Forms SAB 50-05 must be received by end of the day on Tuesday, August 25, 2020. If an applicant fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new unfunded approval date of August 25, 2020 on the Unfunded List (Lack of AB 55 Loans).

Grant Agreement

Pursuant to action taken by the Board at the June 5, 2017 meeting a Grant Agreement for the project with a signature by an authorized District Representative must be submitted prior to, or concurrently with, the Form SAB 50-05 in order for the Form SAB 50-05 to be considered valid for all projects that are approved for placement on the Unfunded List (Lack of AB 55 Loans).

Non-Participation in Priority Funding Process

On March 25, 2013, regulation amendments regarding non-participation in the priority funding process became effective. The regulation changes limit the number of times a district can choose not to participate in the priority funding process for a project on the Unfunded List (Lack of AB 55 Loans). Projects receiving an Apportionment in this item but do not submit a valid Form SAB 50-05 by end of the day on Tuesday, August 25, 2020 will receive one non-participation occurrence. If this is the project's second non-participation occurrence, the project will be fully rescinded without further Board action and will not return to the Unfunded List (Lack of AB 55 Loans). The bond authority associated with rescinded projects will return to the SFP.

RECOMMENDATIONS

1. Approve Apportionments for the projects as shown on Attachment B in the amount of $811.7 million.

2. Declare that all applications receiving Apportionments are subject to the new construction grant adjustment pursuant to EC Section 17072.11(b) and are not considered full and final until the Board has made the adjustment.

ATTACHMENT A

AUTHORITY
(as of January 24, 2019)

Education Code Section 17070.35(a) states, “In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter…

(2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary….”

Government Code Section 15503 states:

> Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.

Budget Letter 10-09 requires that if there are insufficient bond proceeds, departments and agencies are responsible for prioritizing the projects that will be funded consistent with the prioritization criteria outlined (including job creation). It also indicates that if bond proceeds are not managed efficiently, additional bonds may not be sold for the program.

School Facility Program (SFP) Regulation Section 1859.2 states:

> ‘For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:
>
> …
>
> “Unfunded List” means an information list of unfunded projects, with the exception of the unfunded list defined below as “Unfunded List (Lack of AB 55 Loans)”.
>
> “Unfunded List (Lack of AB 55 Loans)” means an information list of unfunded projects that was created due to the State’s inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.”

SFP Regulation Section 1859.90.2, “Priority Funding Process” states:
The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue

with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following:
(1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and
(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and
(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and
(4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and
(5) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the 18 month timeline for fund release submittal described in Section 1859.90.
(6) For a Career Technical Education Facilities Project that was granted an unfunded approval without the required CDE plan approval and/or required DSA-approved plans and specifications, the applicant's request must include:
(A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197(c)(1); and
(B) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and
(C) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(6)(B).

(b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following:
(1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,
(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and
(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and
(4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.
(c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2), as applicable, and a Grant Agreement, pursuant to (a)(3), (a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period:
(1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and
(2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.
(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.
(e) For purposes of this section “rescinded” or “rescission” shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

SFP Regulation Section 1859.90.3, “Participation in the Priority Funding Process” states:

This section applies to Applications for funding for new construction, modernization, Overcrowding Relief Grant, Career Technical Education Facilities Program, Facility Hardship pursuant to Section 1859.82 and rehabilitation pursuant to Section 1859.83(e), and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment.

(a) For each Application on the Unfunded List (Lack of AB 55 Loans) for new construction, modernization, Facility Hardship pursuant to Section 1859.82 or rehabilitation pursuant to Section 1859.83(e), the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [March 25, 2013]. For each Application on the Unfunded List (Lack of AB 55 Loans) for Overcrowding Relief Grant, Career Technical Education Facilities Program, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [October 1, 2014]:
(1) The district abstains from participating in a priority funding 30-calendar day filing period described in Section 1859.90.2 for the Application on the Unfunded List (Lack of AB 55 Loans).
(2) The Application receives a priority funding Apportionment pursuant to Section 1859.90.2(a), and the district fails to meet the fund release requirements pursuant to Section 1859.90.2(c).
(b) The first occurrence of (a)(1) or (a)(2) shall result in the following, as applicable:
(1) If (a)(1) occurs, the Application shall retain its place on the Unfunded List (Lack of AB 55 Loans).
(2) If (a)(2) occurs, the priority funding Apportionment shall be rescinded and the Application shall be returned to the Unfunded List (Lack of AB 55 Loans) pursuant to Section 1859.90.2(c)(2).
(c) If subsection (b) has occurred, a subsequent occurrence of either (a)(1) or (a)(2) shall result in the rescission of the Application's Apportionment and/or unfunded approval, as applicable, and the removal of the Application from the Unfunded List (Lack of AB 55 Loans) without further Board action. The Application shall be returned to the applicant.
(d) For purposes of subsection (c), "rescinded" or "rescission" of an unfunded approval shall mean that the bond authority associated with the Apportionment or unfunded approval, as applicable, returns to the appropriate School Facility Program bond authority source for reallocation. If applicable, the pupils housed in the project will be added back to the district's baseline eligibility pursuant to Sections 1859.51(d) for new construction or 1859.61(d) for modernization.

SFP Regulation Section 1859.129(b)(2) states:

> Has 18 months from the date the DSA and CDE approved plans were submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment will be rescinded without further Board action. If the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the apportionment.

SFP Regulation Section 1859.197 (b)(2) states:

> Has 18 months from the date the CDE plan approval and DSA-approved plans and specifications, as needed, are submitted to the OPSC to submit a completed Form SAB 50-05 or the Apportionment shall be rescinded without further Board action. If

the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the Apportionment.

Pursuant to the Board's action on May 27, 2020, the District is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before August 25, 2020; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of August 25, 2020.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on August 25, 2020.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Based on the Board's action on June 5, 2017, this project is subject to the Grant Agreement submittal pursuant to School Facility Program Regulation Section 1859.90.4.

Financial hardship funding is provided pursuant to the conditions outlined in the November 28, 2018 approval letter.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(1). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's outstanding bonded indebtedness (as of September 30, 2018) is at least 60 percent of its total bonding capacity.

Pursuant to the Board's action on May 27, 2020, the District is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before August 25, 2020; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of August 25, 2020.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on August 25, 2020.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Based on the Board's action on June 5, 2017, this project is subject to the Grant Agreement submittal pursuant to School Facility Program Regulation Section 1859.90.4.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(1). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's outstanding bonded indebtedness (as of September 26, 2019) is at least 60 percent of its total bonding capacity.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Based on the Board's action on June 5, 2017, this project is subject to the Grant Agreement submittal pursuant to School Facility Program Regulation Section 1859.90.4.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

Pursuant to Regulation Section 1859.183, the District is required to remove from the eligible site and from classroom use all portables replaced in this project.

Senate Bill 584, Chapter 28, Statutes of 2014, repealed Labor Code (LC) Section 1771.3 which required school districts to provide payment to Department of Industrial Relations (DIR) for prevailing wage monitoring. As a result, school districts awarding a construction contract on or after June 20, 2014 are not mandated to provide payment for DIR monitoring and enforcement of prevailing wage requirements. Projects with an initial public works project awarded on or after June 20, 2014 are not eligible to receive an additional grant for prevailing wage monitoring; however, school districts are still required to notify DIR within five days of initial contract award pursuant to LC Section 1773.3(a)(1).

The District's unfunded approval is conditional upon the Office of Public School Construction's receipt of outstanding Account Receivables relating to the Overcrowding Relief Grant Program. The project will not receive an Apportionment until such time when sufficient bond authority is available for the project.

Pursuant to the Board's action on May 27, 2020, the District is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before August 25, 2020; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of August 25, 2020.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on August 25, 2020.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Based on the Board's action on June 5, 2017, this project is subject to the Grant Agreement submittal pursuant to School Facility Program Regulation Section 1859.90.4.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(1). However, the District has demonstrated it is financially able to provide all of the matching funds and thus did not receive any Financial Hardship funds.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, May 27, 2020

PROPOSED AMENDMENTS TO THE SCHOOL FACILITY PROGRAM FOR THE FACILITY HARDSHIP PROGRAM AND SEISMIC MITIGATION PROGRAM

PURPOSE OF REPORT

To present the following for State Allocation Board (Board) approval:

- Proposed School Facility Program (SFP) regulatory amendments for the Facility Hardship Program and the Seismic Mitigation Program; and,

- A new form for use and submission of a cost estimate with Facility Hardship and Seismic Mitigation Program applications (Form SAB 58-01)

DESCRIPTION

The Facility Hardship Program provides funding assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat to students and staff. Extraordinary circumstances may include seismic mitigation of the Most Vulnerable Category 2 facilities. Qualified projects may receive Facility Hardship funding to repair, replace, or construct school buildings or related required components.

This item seeks Board approval for proposed amendments to the SFP regulations for the Facility Hardship Program and the Seismic Mitigation Program and a new cost estimate form to be required for Facility Hardship and Seismic Mitigation application submissions under these proposed regulations. This item includes the following Attachments:

- See Attachment A1 through A3 for the proposed regulation packet including:
  - Attachment A1– Proposed Regulations
  - Attachment A2 – *Facility Hardship Cost Estimate* (SAB 58-01)
  - Attachment A3 – *Application for Funding* (Form SAB 50-04)
- See Attachment B – Outline of the proposed regulation's structure
- See Attachment C – Source document used to determine the proposed Portable Replacement grants
- See Attachment D – Existing Authority

AUTHORITY

See Attachment D.

BACKGROUND

With the increased number of applications received under the Facility Hardship Program, the Office of Public School Construction (OPSC) has identified a number of areas of opportunity to provide clarity, increase consistency, and improve user readability of the SFP regulations governing this program.

BACKGROUND (cont.)

OPSC held three public meetings on January 10, 2020, January 31, 2020, and February 7, 2020 to discuss the proposed amendments of the Facility Hardship Program and Seismic Mitigation Program regulations. The meetings were webcast live and the recordings are available on OPSC's website to provide access to all stakeholders. Staff invited stakeholders to provide feedback regarding the proposed regulation text as well as changes to the program.

Clarifying Edits to Proposed Regulations Published at the February 26, 2020 State Allocation Board Meeting

Based upon additional stakeholder feedback, OPSC has made the following changes to improve clarity:

- New Construction and Modernization eligibility adjustments as a result of Facility Hardship or Seismic Mitigation Program projects (Sections 1859.51(s) and 1859.61(l))
- Technical cleanup to the explanation of purpose of Facility Hardship Program (1859.82)
- Cost Estimate requirements (1859.82.1, 1859.82.1, 1859.82.2, and 1859.82.2)

STAFF ANALYSIS/STATEMENTS

Notable Program Changes

To provide increased clarity to school districts applying to the programs, the proposed regulation amendments incorporate changes to the overall organization and structure of the regulation text. Additionally, the proposed regulations expand flexibility in program options, and increase funding for some areas of these programs. In some circumstances, the proposed changes may limit funding opportunities by providing stricter accountability for state bond funds.

The chart below summarizes the main changes:

Program Funding (additional grants)

Existing Regulations	Proposed Regulations
Rehabilitation projects are funded based on "F2 level of difficulty"	Added provisions that rehabilitation projects will be funded at the higher "F3 level of difficulty"
Replacement projects funded on square footage ineligible for Small Size Project supplemental grant	Added supplemental grant for small size projects to all replacement projects
Rehabilitation projects are ineligible for supplemental grant for Excessive Cost Hardship due to Geographic location	Added supplemental grant for Excessive Cost Hardship due to Geographic Location for rehabilitation projects
Portable buildings are ineligible for funding	Added provisions allowing portable buildings to be eligible for funding

Program Funding (clarification & changes)

Existing Regulations	Proposed Regulations
Regulations were silent on the ability to use rehabilitation funding for replacement projects	Added language clarifying that rehabilitation grants can be used for replacement projects
Design funding criteria and grant calculation are not outlined in the Facility Hardship regulations	Design application requirements and grant calculation is clearly outlined in the proposed regulations
Seismic mitigation projects design grants are based on the bond source (new construction allocation) regardless of application type	Seismic rehabilitation application design grants will be calculated based on the application type (replacement or rehabilitation)
Districts must appeal to the Board for use of replacement funding to rehabilitate non-historic facilities	Districts are allowed to use replacement funding to rehabilitate non-historic buildings without an appeal
For classrooms demolished or replaced, the current regulations provide for an adjustment to the district's Modernization Eligibility	Maintains Eligibility adjustments for classrooms demolished or replaced and adds the ability to adjust New Construction and Modernization Eligibility for eligible school buildings that did not receive funding provided they are removed from K-12 classroom use

Program Criteria

Existing Regulations	Proposed Regulations
Districts can seek reimbursement on projects back to August 1998 (beginning of the SFP)	Districts must submit applications within 12 months of Division of the State Architect (DSA) approval or 6 months of project completion for projects that receive an exemption from DSA plan review
Aging facilities or obsolete component systems may be eligible for Facility Hardship funding if they pose a health and safety threat	Only projects that are caused by unusual circumstances beyond control of the district are eligible
Format of cost estimate is chosen by district	Cost estimate must be submitted in the standardized template approved by the SAB
Regulations are unclear on what constitutes a complete application submittal, which leads to delays in processing and/or return of an application after partial review.	Application acceptance criteria is specified in proposed regulations. Applications that do not meet the clarified criteria outlined in the proposed regulations will be determined incomplete and returned to the district unprocessed

Organization

Existing Regulations	Proposed Regulations
Combined section for Facility Hardship Replacement and the Seismic Mitigation Program	Separate subsections for the Facility Hardship Program and Seismic Mitigation Program
Facility Hardship Rehabilitation grants are in a separate section of the regulations	Facility Hardship Rehabilitation is included within the Facility Hardship Program regulations
Program regulations are largely organized in paragraph form	Increased section enumeration to clearly delineate each program's specific criteria (see Attachment B)

Organizational Changes

The overarching organization and structure of the Facility Hardship Program and Seismic Mitigation Program regulation text has been revised to improve clarity of program purpose and implementation. Staff has provided a high-level outline of the proposed organizational structure in Attachment B. The Facility Hardship Program has been separated from the Seismic Mitigation Program into two new subsections. This delineation between the related programs allows for a focused expression of the requirements unique to each program.

Within both subsections, there is increased enumeration to assist with navigating the various aspects of program eligibility, application requirements, and funding calculations.

Additionally, the Facility Hardship Program regulations discussing applications for rehabilitation are now included in the Facility Hardship Program subsection 1859.82.1(c) as opposed to inclusion as an Excessive Cost Hardship Grant in Section 1859.83.

Applications for the Reimbursement of Completed Facility Hardship Projects

In the proposed regulations, districts must submit eligible facility hardship applications for projects to OPSC within one year of receiving DSA approval of their plans. For projects that do not require DSA approval, districts must submit applications for completed eligible projects within 6 months of project completion as demonstrated by occupancy of the affected building or use of the affected system.

The proposed regulations provide the opportunity for reimbursement for projects not meeting the above criteria for 90 days following the effective date of the regulations. The application must meet all other criteria and requirements of the revised regulations.

The proposed facility hardship regulations are designed to more closely align the regulations with Education Code Section 17075.10 which outlines that funding be provided either in cases where there is extreme financial, disaster-related, or other hardship that is causing an unmet need for pupil housing or cases of “extraordinary circumstances” where “excessive costs need to be incurred in the construction of school facilities….” The purpose of this Section is to provide assistance to school districts who are otherwise unable to address a health and safety issue and also meet the housing needs of the district. Health and safety issues addressed several years prior to application submittal do not appear to meet the intent of the statute.

Applications for the Mitigation of Mold

For projects where the main health and safety threat is due to mold, OPSC will require a site visit prior to the completion of any mitigation work. This will allow OPSC to review the conditions at the site and assist in determining funding eligibility.

With an increase in applications requesting funding for the mitigation of mold, OPSC has encountered situations in which the mold has been mitigated or the affected building materials had been removed prior to obtaining the documentation required to submit an eligible application. This can ultimately render the project ineligible for

program funding as the required documentation may be difficult to obtain after remediation has taken place. The intent of requiring a site visit for projects seeking state funding for the mitigation of mold is to establish early communication between the district and OPSC to ensure that the necessary documentation is obtained prior to remediation. OPSC Staff will not enter areas that have been closed due to the presence of a health and safety threat. This early outreach also allows the district and OPSC to discuss state funding calculations for the application.

Return of Incomplete Applications

Applications that do not contain all required components of a complete application as outlined in the proposed regulations will be determine incomplete and returned to the district without processing. This is consistent with current procedure and has been added to the proposed regulations for clarification. This increases the focus on processing complete facility hardship and seismic mitigation applications. OPSC will continue to work with and assist districts that are in the early stages of a project and have questions in advance of submitting an application.

Facility Hardship Cost Estimate Form (Form SAB 58-01)

The existing regulations require that districts submit a cost estimate. The proposed regulations require the cost estimate to be submitted in a specified format. The intent of this revision is to streamline the application process for districts and provide a consistent framework for an equitable review process and a consistent funding determination. To facilitate this, Staff has created the proposed *Facility Hardship Cost Estimate* (Form SAB 58-01); a copy of this form is provided as Attachment A2.

Districts must reference the most current published edition of the Current Construction Costs Remodeling Repair publication by Sierra West Publishing for the reference data required to complete Form SAB 58-01. Total unit costs must be entered at the increased F3 degree of difficulty.

OPSC intends to publish the Form SAB 58-01 annually in a template format with updated allowances in conformance with the Sierra West Current Construction Costs Remodeling Repair publication.

Replacement Grants for Portable School Buildings

The existing regulations for the Facility Hardship Program provide for funding for replacement area using a price per square footage calculation based on an amount that is provided in the SFP Regulations. These amounts are intended for the replacement of permanent type construction and do not reflect an accurate amount for the purposes of calculating replacement costs for portable buildings. This calculation results in a funding amount that does not seem appropriate for portable type construction.

In the regulatory amendments, a new option for districts to replace or rehabilitate their portable facilities has been added. This is to allow districts more flexibility in the design of their mitigation plans as they work to resolve the existing health and safety threat. Due to statutory eligibility criteria regarding the type of construction required for the

Seismic Mitigation Program, portable buildings remain ineligible to receive Seismic mitigation funding.

OPSC contacted multiple portable manufacturers for supporting information regarding portable costs and received from stakeholders several generalized estimates for the purchase, delivery, and installation of classroom portables. Based on a submitted and publicly available piggyback contract provided to OPSC, OPSC calculated the cost to purchase, deliver and install a portable to illustrate what replacement grant could be. The portable replacement grants to do not contain allowances for design, planning, or utilities. The utility costs will be allowed through site development grants, and the soft costs are provided as a percentage to the allowable site development grants. The grant values derived from this contract were consistent with the general range of costs received from the other information provided by stakeholder. The bid document used for the determination of these grants can be found on Attachment C.

The Replacement Grant for Portables would follow the calculation procedure for Replacement Square Footage as outlined in the proposed regulations. Based on the data currently available to OPSC, the proposed Portable Replacement Grant would provide a matching share amount of $46.56 per square foot for replacement portables classified as “other” space and $118.62 per square foot portable square footage classified as “toilet” space.

These amounts include costs for delivery and installation of the portable and will be adjusted annually as part of Annual Adjustment to School Facility Program Grants. For comparison, the grant for permanent replacement space is $204 for “other” and $366 foot “toilet” square footage. Using these per square foot costs for 2020, a 960 square foot replacement classroom portable would generate a Replacement Grant amount of $44,697.60. For a 480 square foot restroom portable, the Replacement Grant amount would be $56,937.60.

Supplemental Grant for Small Size Projects

The current supplemental grant for Small Size Projects is calculated based on the number of pupil grants requested for New Construction projects. The Facility Hardship and Seismic Mitigation Programs can fund replacement areas using the Square Footage Grant which does not directly equate to pupil grants.

Staff proposes an update to the Small Size Project Grant regulations to provide a calculation for eligible Facility Hardship replacement projects to receive this grant. This proposed calculation uses the Square Footage Grant to estimate the equivalent number of pupil grants for the purposes of determining the project’s eligibility for the supplemental Small Size Project Grant. The proposed calculation is provided in the text of Attachment A1 under Section 1859.83(b).

Supplemental Grant for Excessive Costs due to Geographic Location

Staff has proposed an expansion of the Excessive Cost Hardship Grant due to Geographic Location to provide this supplemental grant to rehabilitation applications. Projects for replacement schools and replacement facilities are currently eligible for the grant, which is applied as a percentage increase to calculated grant amounts.

Under existing regulations, applications for Facility Hardship or seismic rehabilitation are ineligible to receive this grant, which is intended to compensate for the increased construction costs districts may realize due to considerations associated with remote locations. Previously districts would provide a written narrative requesting the consideration of costs at the increased F3 degree of difficulty to address this discrepancy.

With the proposed regulations allowing districts to use F3 costs as a standard in the new Facility Hardship Cost Estimate (Form SAB 58-01), Staff recommends addressing the increased costs due to geographic location through the established criteria already in SFP regulations of a standard percentage increase currently used for replacement applications. This removes ambiguity associated with determining geographic considerations through the line items of the required cost estimate and allows for a more equitable distribution of funding.

Advanced Site and Design Funding

Application submittal requirements and grant calculations were not previously outlined in the Facility Hardship and Seismic Mitigation Program regulations. Staff has provided clarifying language to outline the requirements for submittal and how advanced design and site funding is calculated for these programs. Additionally, seismic rehabilitation design and site grants will be provided in alignment with how modernization projects are funded for design (25% of the state share), rather than how new construction projects are funded (40% of the state share). This more appropriately reflects the project scope of these types of applications.

Incorporated Stakeholder Feedback

OPSC held three public stakeholder meetings on January 10, January 31, and February 7, 2020 at the California State Capitol building. The meetings were also aired as a live webcast including transcription to provide access to stakeholders who were unable to attend in person.

Staff would like to thank stakeholders that were able to view, attend or participate in these meetings and also thank those who provided valuable feedback either at the meeting or through written correspondence to OPSC. The table on the following page summarizes the topics raised by stakeholders and incorporated into these proposed regulations:

Stakeholder Feedback	OPSC Response
Timing of application submission for the reimbursement of completed work is too short	Addition of grace period - In cases where districts demonstrate unusual circumstances prevented timely application submission, OPSC may grant up to a 6-month extension to the submission deadline.
Funding for previously existing areas beyond the specified categories as described in the Replacement Square Footage Chart is ambiguous	Clarification of proposed regulation text - Areas not described in the Square footage chart will be provided for based on the existing square footage replaced, however funding will be limited to the maximum recommended in Title 5.
Language prohibiting the submission of appeal requests for incomplete application documents is too restrictive	Revision to proposed regulations - The appeal language was removed to prevent confusion. Incomplete applications will be returned to the district without review. Appeal requests may still be submitted for concerns unrelated to documentation requirements for a complete application.
Funding for projects should be provided for code compliance	Clarification of proposed regulations - The programs will fund costs to bring facilities into code compliance if they are triggered by the health and safety mitigation or required by California Department of Education or DSA to approve plans for an eligible health and safety or seismic project.
Severe and non-severe classroom replacement should not be limited by square footage	Revision to proposed regulations – The severe and non-severe grade categories have been removed from the square footage chart to simplify the grant calculations. Square footage for these areas will continue to be provided for based on the existing and resulting square footage replaced.
Stakeholders expressed concerns with discontinuing the “conceptual approval” process.	Although staff has concerns with providing “conceptual approvals”, staff has incorporated “conceptual approval” into the proposed regulations.
Stakeholders requested more clarity on the types of projects that would receive an eligibility adjustment for buildings that did not qualify for replacement due to enrollment.	Revision to proposed regulations - Classrooms that qualify for the Facility Hardship Program but are not replaced due to lack of enrollment will be removed from the district’s classroom inventory. If the classroom is taken out of K-12 use but not removed from the site, the building(s) will be published on OPSC’s website. The purpose of publishing the buildings list is to ensure that the buildings cannot inadvertently be used for K-12 purposes in the future.

Unincorporated Stakeholder Feedback

Staff would like to thank stakeholders for the following feedback that OPSC considered but did not incorporate in the proposed regulatory changes:

- The usage of actual costs in lieu of estimated cost values where available in the required cost estimate.
    - The SFP is a formula-driven grant program that was not intended to fund the exact cost of construction, as costs fluctuate depending on a variety of factors and geographic locations. The use of a formula-driven calculation ensures consistency in the calculation of grant funding for all school districts.

      As part of OPSC's review of a project, the SFP does provide increases to SFP grants, including Facility Hardship and SMP grants, for local bidding and construction climates in California through supplemental grants such as the Excessive Cost Hardship Grant due to Geographic Location which provides a percent increase to overall grants based on the school district's location. There are also increases for various soft costs in cost estimates such as overhead and profit, architect fees, testing and inspection, etc. SFP Regulations do not require any reductions to grants based on favorable bidding climates.

- Consideration of F4 level of difficulty costing for projects with certain types of work.
    - OPSC has previously confirmed with Sierra West that the F4 level of difficulty should only be applied to particular line items. The proposed regulations provide increased funding at the F3 level of difficulty across the board, provide additional supplemental grants, and attempt to streamline the application process. The broad applicability of the proposed regulations does not provide an exception for F4 level of difficulty funding.

- Providing funding for Industrial and Technology/ Education Laboratory in the same square footage amount as allowed by the Career Technical Education Facilities Program (CTEFP).
    - The CTEFP does not provide funds on a square footage basis. The CTEFP provides a cap of $3 million for projects that include the construction of new facilities. Districts have flexibility in project design and use of funds.
    - OPSC has confirmed with CDE that the minimum recommended size for Industrial and Technology/ Education Laboratory classrooms is 960 square feet.

- Providing funding for site development requests for projects using replacement funding to complete rehabilitation work
    - In this context, the site development work is theoretical work outside the building construction costs that would be triggered as a result of the replacement of the building(s). For example, replacement of a school may enable a local government to require the school district to install a sidewalk or a streetlight. A traditional replacement project (where the facility is actually being replaced) may receive site development funds for this type of cost as the work is necessary to complete the project.
    - However, for projects in which the district is asking to use replacement funding to do rehabilitation work, these same costs would not be triggered, as the building is not actually being replaced. It does not seem necessary to provide this additional funding for projects that do not trigger the requirements.
    - OPSC acknowledges that some districts that choose the option to use replacement funds for rehabilitation work do so as a result of financial constraints, and that adding theoretical site development work increases funding levels. However, theoretical site development calculations are nearly impossible to verify or apply equitably because it is based on work that will not be completed. OPSC does not feel that this is an appropriate allocation of bond funds.

- Stakeholders requested that all projects be allowed to submit an application up to six months after project completion.
    - The proposed regulations allow two different timelines for application submission depending on if the project requires DSA approval.
    - While OPSC recognizes that it would be simpler to have a single deadline for the retroactive submission of applications for completed projects, the scope of work for projects that require DSA approval are generally much larger and more complex than the scope of work for projects that are eligible for an exemption from DSA plan approval.
    - Projects requiring DSA approval often require more time to complete an eligible project spanning several years. Tying application submittal to completion in these circumstances would result in the project receiving higher grants than necessary based on costs in place years after the contract has been entered into.
    - The proposed timeline of 12 months after DSA approval with a possible extension of 6 months for extenuating circumstances appears reasonable.

Technical Edits

The following section lists technical edits related to the Facility Hardship Program and the Seismic Mitigation Program that have been updated for enumeration only:

- Section 1859.76 New Construction Additional Grants for Site Development Costs
- Section 1859.77.3 Use of New Construction Grant Funds for Projects Accepted by the DSA after January 22, 2003.
- Article 9. Hardship Assistance Section 1859.80.
- Section 1859.81. Financial Hardship

- Section 1859.90.3. Participation in the Priority Funding Process
- Section 1859.93. Modernization Project Funding Order.

CONCLUSION

Staff is presenting the attached proposed Facility Hardship Program and Seismic Mitigation Program Regulations and Forms for approval on an emergency basis. Approving the Regulations and Forms will enable the Board to administer the program according to the new requirements.

RECOMMENDATIONS

1. Adopt the regulatory amendments as shown in Attachments A1 through A3.
2. Authorize the Executive Officer to file the proposed Regulations with the Office of Administrative Law on an emergency basis and make the regulations permanent.

1859.2 Definitions

"Facility Hardship" means the repair, reconstruction, or replacement of School Buildings, components of School Buildings, or school site conditions authorized by Section 1859.82.1 or 1859.82.2. ~~means new or replacement facilities authorized by Section 1859.82 (a) or (b).~~

"Facility Hardship Square Footage Grant" means the grant per square foot provided for Facility Hardship replacement ~~facilities~~ funding pursuant to Sections ~~1859.82 (a) or (b)~~ 1859.82.1(b)(4)(B) or 1859.82.2(b)(4)(B), excluding additional grants provided under Section ~~1859.82 (a) or (b)~~ 1859.82.1 or 1859.82.2

…

"Form SAB 58-01" means the *Facility Hardship Cost Estimate*, Form SAB 58-01 (New 05/20), which is incorporated by reference.

…

"Most Vulnerable Category 2 Buildings" means the building meets the criteria outlined in Section ~~1859.82(a)(1)(C)~~ 1859.82.2(a) and is one of the following building types: …

…

"Portable Classroom Replacement Grant" – Starting in 2020 is $46.55 per Square Foot and will be adjusted in the manner prescribed in Section 1859.71.

"Portable Toilet Replacement Grant" – Starting in 2020 is $118.62 per Square Foot and will be adjusted in the manner prescribed in Section 1859.71.

…

"Rehabilitation Cost" means the health and safety mitigation grant that is less than 50 percent of the Current Replacement Cost of the School Building.

Rehabilitation Costs provided shall be 60 percent of the eligible costs in Form SAB 58-01 required in Section 1859.82.1(c)(3)(C) that has been reviewed and approved by OPSC and approved by the Board.

"Seismic Rehabilitation Grant" means a grant allowable under Education Code Section 17075.10(a) and (b)(2) and Section ~~1859.82(a)(1)(A)(1)b.,~~ 1859.82.2(c)(4) excluding additional grants.

Section 1859.51. Adjustments to the New Construction Baseline Eligibility.

The baseline eligibility for new construction determined on the Form SAB 50-03 will be adjusted as follows:

…

(h) Increased by the number of pupils eligible for grants pursuant to Section ~~1859.82(a)~~ 1859.82.1(b)(4)(A) or 1859.82.2(b)(4)(A).

…

(s) Increased by the capacity of classrooms that meet all of the following:

(1) The classrooms are included in an Approved Application that have a qualifying health and safety threat pursuant to Section 1859.82.1 or 1859.82.2 that were originally included in the district's baseline eligibility, except the district did not have the current enrollment to support the replacement and funding of those classrooms.

(2) The classrooms are included in an Approved Application pursuant to 1859.82.1 or 1859.82.2 and did not receive funding as part of that project and were demolished or removed from classroom use. Buildings removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.

(3) The Board shall approve the adjustment upon receiving the local school board resolution acknowledging that the buildings have been removed from K-12 classroom use.

…

Section 1859.61. Adjustments to the Modernization Baseline Eligibility…

(l) Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 classroom use, as follows: ~~Adjusted as a result of classrooms demolished and replaced pursuant to Regulation Section 1859.82.~~

(1) School Buildings and/or classrooms that receive replacement funding via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2.

(2) School Buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from classroom use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the district did not have the current enrollment to support the replacement and funding of those School Buildings and/or classrooms. ~~School~~ Buildings and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.

For (l)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (l)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.

…

Section 1859.76. New Construction Additional Grant for Site Development Costs.

In addition to any other funding authorized by these Regulations, the Board shall provide funding equal to 50 percent of the following approved site development and applicable design costs: (a) Service site development cost, within school property lines for:

…

(a)(12) Removal and relocation of portable classrooms on a site eligible for replacement funding pursuant to Section ~~1859.82(a)~~ 1859.82.1 or 1859.82.2 that are available for housing pupils pursuant to Section 1859.35(a).

…

(d)(3) 6 percent of the State and district share for Elementary School Pupils and Middle School Pupils and 3.75 percent of the State and district share for High School Pupils of the funding provided by Sections 1859.71.2, 1859.72, 1859.73, 1859.73.2, ~~1859.82~~, 1859.82.1(b)(3)(A)(1), 1859.82.1(b)(3)(B), 1859.82.1(b)(3)(C), 1859.82.2(b)(4)(A), 1859.82.2(b)(4)(B), 1859.83(a), (b) and (c) and 1859.125(a)(1) through (a)(2).

Section 1859.77.3. Use of New Construction Grant Funds for Projects Accepted by the DSA after January 22, 2003.

...

(a)(6) For purposes of this section to determine if an existing facility is inadequate, the existing square footage is less than 60 percent of the square footage necessary for the current CBEDS for the site plus the Net School Building Capacity of the proposed project as calculated pursuant to Section 1859.82(b) 1859.82.1(b)(4)(B)(2), except for Alternative Education Schools. For Alternative Education Schools, refer to the following:

…

(7)(A)2. For a multipurpose room, gymnasium, and/or library, refer to the chart in Section ~~1859.82(b)~~ 1859.82.1(b)(4)(B)(2).

…

Article 9. Hardship Assistance Section 1859.80.

General.

A district shall qualify for hardship assistance by demonstrating one or more of the following:

…

(b) ~~A facility Hardship Grant as provided in Section 1859.82.~~ Qualification for facility hardship as provided in Section 1859.82.1 or 1859.82.2.

…

Section 1859.81. Financial Hardship.

...

(a)(8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 ~~1859.82~~ for an approvable and funded seismic mitigation project.

…

From the funds deemed available as a matching contribution, the district may also retain $19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2 ~~1859.82~~. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

…

~~Section 1859.82. Facility Hardship.~~

~~A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils. A facility hardship is available for:~~

~~(a) Repair of facilities, new classrooms and/or subsidiary facilities (corridors, toilets, kitchens and other non-classroom space), or replacement facilities if either (1) or (2) are met:~~

~~(1) The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk. Funding for seismic mitigation related and ancillary~~

~~costs for the Most Vulnerable Category 2 Buildings shall only be provided from the SFP New Construction Account.~~

~~(A) The district shall prepare and submit to the OPSC an Application which includes a cost/benefit analysis which will be used to compare the total costs to remain in the classroom or related facility and mitigate the problem to the Current Replacement Cost of the classroom or related facility. The cost/benefit analysis may include applicable site development costs as outlined in Section 1859.76. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility.~~

~~1. If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:~~

~~a. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or~~

~~b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.~~

~~2. If the total cost to remain in the classroom or related facility is greater than 50 percent of the Current Replacement Cost and the Application is for replacement facilities, the district may qualify for a grant for a new or replacement school or replacement facilities as a new construction project.~~

~~3. If the total cost to remain in the classroom or related facility is greater than 50 percent of the Current Replacement Cost and the Application is for the repair, not the replacement, of a Qualified Historical School Building, the district may qualify for funding as a new construction project. The district must demonstrate that the facility meets the definition of a Qualified Historical School Building. Qualified Historical School Building status must be determined by an appropriate local, state, or federal governmental agency or by a person(s) who meets the Professional Qualification Standards set forth by the Secretary of the Interior's Standard and Guidelines for Archeology and Historical Preservation.~~

~~(B) If the request is for facilities that include structural and/or seismic deficiencies, the cost/benefit analysis must also include a report from a licensed design professional identifying the minimum work necessary to obtain DSA approval. The report must contain a detailed cost estimate of the repairs. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. The report and cost estimate shall be subject to review by the OPSC for conformance with the Current Construction Cost Publication by the Sierra West Group and, at the OPSC's discretion, the DSA. For seismic deficiencies of the Most Vulnerable Category 2 Buildings, the report and the cost estimate for the minimum work necessary must be reviewed by the DSA.~~

~~(C) The seismic mitigation projects must meet all of the following requirements:~~

~~1. The construction contract was executed on or after May 20, 2006;~~

~~2. The project funding provided shall be for the minimum work necessary to obtain DSA approval;~~

~~3. The building is designed for occupancy by students and staff; and~~

~~4. The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geologic hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with the concurrence of the California Geological Survey.~~

~~The structural engineer's report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.~~

~~(2) The classroom or related facility was lost or destroyed as a result of a disaster such as fire, flood or earthquake and the district has demonstrated satisfactorily to the Board that the classroom or related facility was uninsurable or the cost for insurance was prohibitive.~~

~~If the district qualifies for a new or replacement school pursuant to either (a)(1)(A)2. or (a)(2) above, the district is eligible for a New Construction Grant as a new construction project for the lesser of the pupils housed in the replaced facility based on loading standards pursuant to Education Code Section 17071.25(a)(2) or the latest CBEDS enrollment at the site.~~

~~If the district qualifies for repair of a Qualified Historical School Building pursuant to (a)(1)(A)3. or replacement facilities on the same site pursuant to either (a)(1)(A)2. or (a)(2) above, the district is eligible for funding as a new construction project. Replacement facilities and square footage amounts used to determine funding for a Qualified Historical School Building shall be allowed in accordance with the square footage amounts provided in the chart in Section (b) below. If the facility eligible for replacement is not shown in the chart in Section (b) below, the replacement facility shall be limited to the square footage replaced. If the Qualified Historical School Building is a facility type not shown in the chart in Section (b) below, the square footage amounts used to determine funding shall be limited to the existing square footage of the Qualified Historical School Building. The grant amount provided shall be $173.30 per square foot for Toilet Facilities and $96.30 per square foot for all other facilities. Additional funding may be provided for applicable site development costs pursuant to Section 1859.76, New Construction Excessive Cost Hardship Grant(s) pursuant to Section 1859.83(a), (b) or (d), therapy room pursuant to Section 1859.72, multilevel construction pursuant to Section 1859.73, project assistance pursuant to Section 1859.73.1, and high performance incentive pursuant to Section 1859.77.4 provided that the high performance points attained are related to the scope of the Facility Hardship project. The amounts shown will be adjusted in the manner prescribed in Section 1859.71. For any project funded in whole or in part from any State bond funds for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.71.4(a). For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the grant may be adjusted in the manner prescribed in Section 1859.71.4(c) and subject to the limitations established in Section 1859.71.4(d).~~

~~Any grants provided pursuant to either (a)(1) or (a)(2) above will be reduced for any space deemed available by the Board in the district, the~~

~~HSAA or Super HSAA that could be used to house some or all of the displaced pupils, fifty percent of any insurance proceeds collectable by the district for the displaced facilities and fifty percent of the net proceeds available from the disposition of any displaced facilities. If the district qualifies for rehabilitation of facilities on the same site pursuant to subsection (a)(1)(A)(1)b., the district is eligible for a Seismic Rehabilitation Grant. The grant provided is pursuant to subsection (a)(1)(A)(1)b. and Education Code Section 17075.10(b)(2). Additional funding may be provided for a high performance incentive grant pursuant to Section 1859.77.4. For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the seismic rehabilitation grant may be adjusted in the manner prescribed in Section 1859.71.4(c) and subject to the limitations established in Section 1859.71.4(d).~~

~~(b) A multi-purpose room, toilet, gymnasium, school administration or library/media center, facility that meets all the following:~~

~~(1) The facility was lost or destroyed as a result of a disaster, including but not limited to fire, flood or earthquake.~~

~~(2) The facility is no longer useable for school purposes as recommended by the California Department of Education and approved by the Board.~~

~~(3) The district has demonstrated satisfactorily to the Board that the facility was uninsurable or the cost of insurance was prohibitive.~~

~~If the district qualifies, the district is eligible for funding as a new construction project. The funding amount provided shall be $96.30 per square foot for library/media center, school administration, gymnasium and multi-purpose facilities, and/or $173.30 per square foot for Toilet Facilities. A New Construction Additional Grant may be provided for applicable site development costs pursuant to Section 1859.76, New Construction Excessive Cost Hardship Grant(s) pursuant to Section 1859.83(a) and (d), therapy room pursuant to Section 1859.72, multilevel construction pursuant to Section 1859.73, project assistance pursuant to Section 1859.73.1, and high performance incentive pursuant to Section 1859.77.4 provided that the high performance points attained are related to the scope of the Facility Hardship project. The amounts shown will be adjusted in the manner prescribed in Section 1859.71. For any project funded in whole or in part from any State bond funds for which the construction contract is awarded~~

~~prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.71.4(a). For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the grant may be adjusted in the manner prescribed in Section 1859.71.4(c) and subject to the limitations established in Section 1859.71.4(d).~~

~~Any grants provided pursuant to (b) above, shall be reduced by fifty percent of any insurance proceeds collectable by the district for the displaced facilities and fifty percent of the net proceeds available from the disposition of any displaced facilities.~~

~~The square footage provided, after accounting for all useable facilities on the site, shall not exceed the following:~~

Facility	*Elementary School Pupils*	*Middle School Pupils*	*High School Pupils*
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.
Gymnasium (includes shower/locker)	N/A	12.9 sq. ft. per pupil minimum 6,828 sq. ft. maximum 16,000 sq. ft.	15.3 sq. ft. per pupil minimum 8,380 sq. ft. maximum 18,000 sq. ft.
School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.
Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft.

~~Any facilities eligible for facility hardship not shown in the above chart or for Alternative Education facilities not shown in the table in Section 1859.77.3(a)(5) shall be eligible for replacement square footage equal to the facilities replaced. For an Alternative Education school eligible for a facility hardship, utilize the square footage provided in Section 1859.77.3(a)(5), with the exception of toilet and administration where the chart above shall be utilized.~~

~~The modernization baseline eligibility provided n Section 1859.60 will be adjusted as a result of funding provided as a new construction project pursuant to (a) or (b) above.~~

~~A district may request a determination of eligibility for facility hardship funding in advance of project funding.~~

~~(c) A district seeking replaced facilities as a result of either (a) or (b) above must submit Form SAB 50-04 for the replaced facilities:~~

~~(1) Within 18 months if the replacement facilities will be located on the same site.~~

~~(2) Within 24 months if the replacement facilities will be located on a replacement site.~~

~~If an Approved Application for the replaced facility is not accepted within the time periods identified in (c)(1) or (c)(2) above, the Board shall re-review the criteria submitted by the district for replacement of the facility prior to apportionment of the replaced facility.~~

1859.82 Facility Hardship Program and Seismic Mitigation Program

A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.

1859.82.1 Facility Hardship Program

“School Building” for the purposes of this Section shall have the same definition as Education Code Section 17283, and shall also exclude any districtwide administrative facilities.

A district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this

work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.

Beginning 90 days after the effective date of these regulations, Approved Applications requesting Facility Hardship Program funding shall be submitted to OPSC within 12 months of DSA approval for the scope of work mitigating the identified health and safety threat. If the project does not require DSA approval, then the Approved Application for funding must be received within the 6 months following project completion, as demonstrated by the earliest of the following: the date that the notice of completion of the project has been filed; occupancy of any portion of the project Facility; or when the School Buildings or components of the School Buildings in the project are currently in use by the district. If a district demonstrates that extreme or unusual circumstances prevented the submission of an eligible application within the applicable timeline outlined above, OPSC may allow up to an additional 6 months for submittal.

(a) Districts may qualify for funding to replace or construct new School Buildings. Factors to be considered by the Board to determine eligibility for Facility Hardship program replacement funding may include, but are not limited to:
(1) Damage or loss as a result of a natural disaster such as a fire, flood, or earthquake.
(2) Proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, or industrial facility.
(3) Adverse air quality.
(4) Structural deficiency to the School Building, and
(5) Site conditions such as faulting, toxic soil, or liquefaction.
(6) Or other factors approved by the Board.

(b) To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:
(1) For School Buildings that are lost, destroyed, or unable to be repaired, the district must submit:
(A) A report from an industry specialist that states that the only way to mitigate the health and safety threat is to replace the School Building(s).
(B) Documentation which demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the district.
(2) For permanent School Buildings where the cost to rehabilitate the School Building(s) exceeds 50 percent of the Current Replacement

Cost, or for Portable Classrooms where the cost to rehabilitate exceeds the Portable Classroom Replacement Grant or Portable Toilet Replacement Grant, the district must submit:

(A) A report by an industry specialist that outlines the minimum work to mitigate the health and safety threat and remain in the existing School Building. If the threat is due to the presence of mold, OPSC must conduct a site visit to discuss the scope of the project prior to remediation. If the remediation is done prior to a site visit, the application will be ineligible for funding. Requests for asbestos mitigation must include lab test results indicating the asbestos is currently friable, and provides the location, material, and testing methods used.

(B) A letter of concurrence from a governmental agency that has jurisdiction or expertise over the field in which the health and safety threat originates. The letter must concur with the industry specialist report on both 1. and 2. below:

1. An imminent health and safety threat to student and/or staff exists.
2. The mitigation measures outlined in the industry specialist's report are the minimum measures required to mitigate the threat and allow the continued use of the School Building(s).

(C) Applications must include a detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the district must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, F3 total unit cost amount, and quantity. Any line items that include amounts in lump-sum formats will not be reviewed or approved.
3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the licensed design professional for the minimum work required to mitigate the health and safety threat.
4. The estimate submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.

5. The Form SAB 58-01 may also include any work required by DSA to obtain plan approval.

(D) A cost/benefit analysis that demonstrates the minimum work required to mitigate the health and safety threat and remain in the School Building exceeds 50 percent of the Current Replacement Cost of the existing Square Footage of the School Building. The minimum work required may include work required by DSA to gain approval for the mitigation project.

(E) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application for Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the district's Career and Technical Education Advisory Committee (CTEAC) certifying that the district is in compliance with all career technical facility needs and assessments as outlined in Education Code, Section 17070.955.

(3) Applications for Facility Hardship replacement funding that do not submit all documents required as part of (1) or (2) above shall be returned without review.

(4) If the district qualifies for funding to replace its School Buildings, the district is eligible to receive funding for the project as follows:

(A) If the district is required to replace all School Buildings on site, the district is eligible to receive funding as follows:

1. A New Construction Grant will be provided for the lesser of 2. or 3. below.
2. The classroom capacity determined by multiplying the number of classrooms on the project site being replaced by:

a. 25 pupils for each K-6 classroom.
b. 27 pupils for each 7-12 classroom.
c. 13 pupils for each Non-Severely Disabled Individuals with Exceptional Needs classroom.
d. 9 pupils for each Severely Disabled Individuals with Exceptional Needs classroom.

3. The higher of a., b., or c. below:

a. The CBEDS Report of the current enrollment reporting year at the existing project site.

b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.
4. Additional funding may be provided, as applicable, for:
a. Fire Code Requirements pursuant to 1859.71.2,
b. therapy room pursuant to Section 1859.72,
c. multilevel construction pursuant to Section 1859.73,
d. project assistance pursuant to Section 1859.73.1.
e. replacement with multistory construction pursuant to Section 1859.73.2,
f. site acquisition pursuant to 1859.74, 1859.74.5, and 1859.75,
g. Hazardous waste removal pursuant to 1859.74.2, 1859.74.3, and 1859.74.4,
h. Applicable site development costs pursuant to 1859.76, and
i. New Construction Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),
j. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b)
k. New Construction Excessive Cost Hardship Grant(s) for new school projects pursuant to Section 1859.83(c), and
l. New Construction Excessive Cost Hardship Grant(s) urban location, security requirements and impacted site pursuant to Section 1859.83(d)

(B) If the district qualifies to replace some but not all School Buildings on the project site, funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category as justified by enrollment at the project site as follows:
1. The enrollment at the project site, is determined by the higher of a. or b. below, or c.:
a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.
2. Using the enrollment determined in 1. any permanent replacement Square Footage provided will be calculated in accordance to a., b., c., below and the chart below.

a. If the actual square footage being constructed in the replacement project is less than the amount allowable in the chart for each facility type, the replacement Square Footage shall be limited to the actual square footage constructed.

b. Non-specialized classroom space provided is limited by the enrollment determined in 1. rounded up to the nearest whole classroom based on 1859.82.1(b)(4)(A)2., and then reduced for any classroom space available at the site to house the pupils at the site.

c. Classrooms with specialized design such as auto shop, metal shop, music rooms, consumer home economic laboratories, industrial technology laboratories, or science laboratories will qualify for funding if used for its specialized purpose in the current enrollment reporting year or immediately preceding enrollment reporting year. Additionally, these spaces will not count as available capacity for purposes of providing funding in this section when calculating space available to house displaced pupils.

d. Any space not in the chart below will be provided based on the Square Footage replaced. This may include, but is not limited to, janitor's closets, hallways, and vestibules.

School Administration	3 sq. ft. per pupil minimum 600 sq. ft.	3 sq. ft. per pupil minimum 600 sq. ft.	4 sq. ft. per pupil minimum 800 sq. ft.
Library/Media Center	2.3 sq. ft. per pupil plus 600 sq. ft., minimum 960 sq. ft.	3.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.	4.3 sq. ft. per pupil plus 600 sq. ft. minimum 960 sq. ft.
Kindergarten Classrooms (including Transitional Kindergarten)	1,350 sq. ft. for each replacement classroom.	NA	NA
Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area, Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics. (Does not include Industrial and Technology/Education Laboratory)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

e. Beginning in 2020 the resulting Square Footage amount(s) shall be multiplied by $204 per square foot for all non-Toilet Facilities and by $366 per square foot for Toilet Facilities (includes shower/locker area and physical therapy area for Individuals with Exceptional Needs). The

amounts shown will be adjusted in the manner prescribed in Section 1859.71.

3. Additional funding may be provided, as applicable, for:

a. therapy room pursuant to Section 1859.72,

b. multilevel construction pursuant to Section 1859.73,

c. project assistance pursuant to Section 1859.73.1.

d. replacement with multistory construction pursuant to Section 1859.73.2,

e. site acquisition pursuant to 1859.74,

f. Hazardous waste removal pursuant to 1859.74.2,

g. Applicable site development costs pursuant to 1859.76, and

h. New Construction Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),

i. New Construction Excessive Cost Hardship Grant(s) for small size Projects pursuant to Section 1859.83(b), and

j. New Construction Excessive Cost Hardship Grant(s) urban location, security requirements and impacted site pursuant to Section 1859.83(d)

(C) Using the enrollment determined in (b)(4)(B)1., any Portable Classroom replacement funding provided will be calculated using the Portable Replacement Grant. Any portable toilet facilities provided will be calculated using the Portable Toilet Replacement Grant.

1. Additional funding may be provided, as applicable, for:

a. Fire Code Requirements pursuant to 1859.71.2,

b. therapy room pursuant to Section 1859.72,

c. project assistance pursuant to Section 1859.73.1.

d. site acquisition pursuant to 1859.74,

e. Hazardous waste removal pursuant to 1859.74.2,

f. Applicable site development costs pursuant to 1859.76, and

g. Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),

h. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b), and

i. Excessive Cost Hardship Grant(s) urban location, security requirements and impacted site pursuant to Section 1859.83(d)

(D) If the district qualifies for replacement funding, the funding may be used to rehabilitate the facility as long as the qualifying health and safety threat is fully mitigated. If replacement funding is used for rehabilitation work, the district may request the following supplemental grants, as applicable, for:

1. Fire code requirements pursuant to 1859.71.2 if the funding is based on a per-pupil basis pursuant to 1859.82.1(b)(4)(A),

2. Therapy room pursuant to Section 1859.72,

3. Project assistance pursuant to Section 1859.73.1.
4. Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),
5. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b), and
6. Excessive Cost Hardship Grant for urban location, security requirements and impacted site pursuant to Section 1859.83(d)

(c) Districts may qualify for funding to rehabilitate their School Buildings, components of School Buildings, or school site conditions. Factors to be considered by the Board may include (1) or (2) below:

(1) School Buildings where the minimum cost to mitigate the health and safety threat and remain in the School Building is 50 percent or less of the Current Replacement Cost.

(2) Components of the School Buildings or school sites conditions are causing a health and safety threat to students and/or staff. Health and safety threats that may qualify include, but are not limited to:

(A) School Building structural deficiency.
(B) Hazardous conditions such as methane, lead, or asbestos mitigation.
(C) Unsafe water supply.
(D) Site conditions such as faulting, toxic soil, landslide risk, or liquefaction.

(3) To qualify for Facility Hardship rehabilitation funding for School Buildings or components of School Buildings, the district must submit an Approved Application for funding and all documents outlined below. Applications that do not meet the requirements below shall be returned without review.

(A) A report by an industry specialist that outlines the minimum work to mitigate the health and safety threat and remain in the existing School Building. If the threat is due to the presence of mold, OPSC must conduct a site visit to view the damage prior to remediation. If the remediation is done prior to a site visit, the application will be ineligible for funding. Requests for asbestos mitigation must include lab test results indicating the asbestos is currently friable, and provides the location, material, and testing methods used.

(B) A letter of concurrence from a governmental agency that has jurisdiction or expertise over the field in which the health and safety threat originates. The letter must concur with the industry specialist's report on both 1. and 2. below:

1. An imminent health and safety threat to student and/or staff exists.

2. The mitigation measures outlined in the industry specialist's report are the minimum measures required to mitigate the threat and allow the continued use of the School Building(s) or component.

(C) Applications must include a detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the district must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, F3 total unit cost amount, and quantity. Any line items that include amounts in lump-sum formats will not be reviewed and will be disallowed.
3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the licensed design professional for the minimum work required to mitigate the health and safety threat.
4. If the project requires DSA plan approval, the Form SAB 58-01 submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.
5. The Form SAB 58-01 may also include any associated work required by DSA as a result of the mitigation of the health and safety threat.

(D) Facility Hardship applications for School Buildings must also include a cost/benefit analysis. The cost/benefit analysis shall be completed based on the type of the project as outlined below:

1. For permanent buildings, the district must demonstrate the minimum work required to mitigate the health and safety threat and remain in the School Building is less than 50 percent of the Current Replacement Cost of the School Building. The minimum work required may include work required by Division of the State Architect to gain approval for the mitigation project.
2. For Portable School Buildings, the district must demonstrate the minimum work required to mitigate the health and safety threat and remain in the portable building is less than the Portable Classroom Replacement Grant. The minimum work required may also include any associated

work required by DSA as a result of the mitigation of the health and safety threat.

3. Applications that are for necessary components of a site or School Building, such as hazardous water supply, methane mitigation, faulting, liquefaction, landslide potential, friable asbestos, do not require a Cost Benefit Analysis to be submitted.

(E) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application for Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the district's Career and Technical Education Advisory Committee (CTEAC) certifying that the district is in compliance with all career technical facility needs and assessments as outlined in Education Code, Section 17070.955

(4) If the district qualifies for funding to rehabilitate or repair its School Buildings, the district is eligible to receive funding for the project as follows:

(A) Rehabilitation Costs provided shall be 60 percent of the eligible costs in the Form SAB 58-01 required in Section 1859.82.1(c)(3)(C) that has been reviewed and approved by the OPSC and approved by the Board.

(B) If the district qualifies for rehabilitation funding, the funding may be used towards the replacement of the facility as long as the qualifying health and safety threat is fully mitigated.

(C) Applicable supplemental grants may be provided for the following:

1. project assistance pursuant to Section 1859.73.1.
2. geographic percentage factor pursuant to 1859.83(a)

(d) Any grants provided in accordance to (b) or (c) above shall be adjusted as follows:

(1) For projects funded in accordance to (b) above:

(A) Reduced for any space deemed available by the Board in the district, HSAA, or Super HSAA that could be used to house some or all of the displaced pupils in the project,

(B) Reduced by 50 percent of any insurance proceeds collectable by the district for the project. Any insurance proceeds collected after Apportionment shall be reported to OPSC and the Apportionment will be amended accordingly.

(C) Reduced by 50 percent of the net proceeds available from the disposition of the property and/or facilities in the project.

(2) For projects funded in accordance to (c) above:

(A) 60 percent of any insurance proceeds collectable by the district for the project.

(B) 60 percent of the net proceeds available from the disposition of any displaced facilities in the project.

(e) Adjustments to School Facility Program per-pupil grants.

(1) The district's New Construction Eligibility will be adjusted for any net increase in classroom capacity in the project pursuant to Section 1859.51(i).

(2) The baseline eligibility for modernization as provided in Section 1859.60 will be adjusted for any funding received in accordance to (b) above. The age of the classroom and square footage in the project shall be reset to the date of the Apportionment for the project.

(f) Districts that qualify for Financial Hardship assistance may file an application for design funding, site funding, and determination of program eligibility in advance of construction funding.

(1) To request advanced funding for design for eligible projects, the district must submit an *Application for Funding* (Form SAB 50-04) indicating the request for design funding and all documents listed in Section 1859.82.1(c)(3)(A) through Section 1859.82.1(c)(3)(D)3.

(2) Advanced funding for design shall be provided based on the eligible project type as follows:

(A) For projects receiving funding for advanced design for the replacement of all School Buildings on the project site pursuant to Section 1859.82.1(b)(4)(A), the Board will apportion an amount not to exceed 40 percent of the New Construction Grant less any district funds available for the project pursuant to Section 1859.81(a).

(B) For projects receiving funding for advanced design for at least one but not all School Buildings on the project site pursuant to Section 1859.82.1(b)(4)(B), the Board will apportion an amount not to exceed 40 percent of the Facility Hardship Square Footage Grant less any district funds available for the project pursuant to Section 1859.81(a).

(C) For projects receiving funding for advanced design for Rehabilitation Costs pursuant to Section 1859.82.1(c)(4)(A), the Board will apportion an amount not to exceed 25 percent of the Rehabilitation Costs determined pursuant to Section 1859.82.1(c)(4)(A) less any district funds available for the project pursuant to Section 1859.81(a).

(3) Advanced funding for site shall be provided pursuant to 1859.82.1(b)(4)(A)4. The district is eligible for advanced funding for site acquisition as calculated pursuant to 1859.81.1.
(4) The amount apportioned for advanced design is an estimate of the funds needed for design, engineering, and other pre-construction project costs. Qualifying districts may request a separate Apportionment for the design and for site acquisition for the same facility hardship project.
(5) The district is required to submit an Approved Application for funding and an updated Form SAB 58-01 for projects funded in accordance to 1859.82.1(c) or site development worksheet for projects funded in accordance to 1859.82.1(b), that reflects the final approved drawings for the project within:
(A) 18 months from the date of Apportionment if the project scope will be for repair or replacement on the same site.
(B) 24 months from the date of Apportionment if the project scope is for the replacement of School Building(s) which will be located on a replacement site.
(6) If the district does not submit the Approved Application for funding within the timelines required by Section (2) above, the application will be reduced to eligible costs incurred.
(7) Upon receipt of the Approved Application, the application will be reviewed for conformance with all program laws and regulations.
(8) Any funding provided in Section 1859.82.1 shall be offset by any funding previously provided for the project.

1859.82.2 Seismic Mitigation Program

"School Building" for the purposes of this Section shall have the same definition as Education Code Section 17283, and shall also exclude any districtwide administrative facilities.

A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.

Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any

grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.

(a) Seismic mitigation projects must meet all of the following requirements:
(1) The construction contract was executed on or after May 20, 2006;
(2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
(3) The School Building is designed for occupancy by students and staff; and
(4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey.

(b) To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding based on their specific circumstances in accordance to either (1) or (2) below:
(1) For School Buildings that are lost, destroyed, or unable to be repaired the district must submit:
(A) A report from a licensed design professional identifying the School Buildings that are the Most Vulnerable Category 2 building(s) and;
(B) DSA letter(s) of concurrence to the findings in the report required in (b)(1)(A);
(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval, the district must submit 1. and 2. Below:
1. A geological hazards report prepared by an engineering geologist indicating the potential for building displacement and recommended site improvements to mitigate the hazard
2. Concurrence to the report from the California Geological Survey.
(D) Documentation which demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the District.

(2) For School Buildings with interior square footage to be mitigated, the district must submit:

(A) A report from a licensed design professional identifying the structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event and the minimum mitigation work necessary to obtain DSA approval.

(B) DSA letter(s) of concurrence to the report

(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval the district must submit 1. and 2. below:

1. A geological hazards report prepared by an engineering geologist indicating the potential for building displacement and recommended site improvements to mitigate the hazard

2. Concurrence to the report from the California Geological Survey.

(D) Documentation that demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the district.

(E) A detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the district must provide supporting documentation for OPSC to review the requested unit cost.

2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, quantity, unit, cost per unit, and District's request. Any line items that include amounts in lump-sum formats will not be reviewed or approved.

3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the licensed design professional for the minimum work that would be required to mitigate the seismic threat if the School Building were to be rehabilitated instead of replaced.

4. The Form SAB 58-01 may also include any ancillary work required by DSA to obtain plan approval for the minimum work required to mitigate the seismic threat.

(F) A cost/benefit analysis that demonstrates that the minimum work to mitigate the seismic threat and remain in the School Building(s) exceeds 50 percent of the Current Replacement Cost.

(G) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application for Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the district's Career and Technical Education Advisory Committee (CTEAC) certifying that the district is in compliance with all career technical facility needs and assessments as outlined in Education Code, Section 17070.955.

(3) Applications for seismic mitigation replacement funding that do not meet the requirements of (1) or (2) above shall be returned without review.

(4) If the district qualifies for Replacement funding in accordance to (a)(1) or (a)(2) above, the district is eligible to receive funding for the project as follows:

(A) If the district is required to replace the entire site and relocate to a new site, the district is eligible to receive funding as follows:

1. A New Construction Grant will be provided for the lesser of 2. or 3. below.
2. The classroom capacity determined by multiplying the number of classrooms on the project site being replaced by:

a. 25 pupils for each K-6 classroom.
b. 27 pupils for each 7-12 classroom.
c. 13 pupils for each Non-Severely Disabled Individuals with Exceptional Needs classroom.
d. 9 pupils for each Severely Disabled Individuals with Exceptional Needs classroom.

3. The higher of a., b., or c. below:

a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.

4. Additional funding may be provided, as applicable, for:

a. Fire code requirements pursuant to 1859.71.2,
b. therapy room pursuant to Section 1859.72,

c. multilevel construction pursuant to Section 1859.73,
d. project assistance pursuant to Section 1859.73.1.
e. replacement with multistory construction pursuant to Section 1859.73.2,
f. site acquisition pursuant to 1859.74,
g. Hazardous waste removal pursuant to 1859.74.2,
h. Applicable site development costs pursuant to 1859.76, and
i. New construction Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a),
j. New construction Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b)
k. New construction Excessive Cost Hardship Grant for new school projects pursuant to Section 1859.83(c)
l. New construction Excessive Cost Hardship Grant urban location, security requirements and impacted site pursuant to Section 1859.83(d)

(B) If the district qualifies to replace some but not all School Buildings on the project site, funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category as justified by enrollment at the project site as follows:

1. The enrollment at the project site, is determined by the higher of a. or b. below, or c.:
a. The CBEDS Report of the current enrollment reporting year at the existing project site.
b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.
2. Using the enrollment determined in 1. any permanent replacement Square Footage provided in accordance to a. and b. below will be calculated in accordance to the chart below.
a. Non-specialized classroom space provided is limited by the enrollment determined in 1859.82.2(b)(4)(B)1. rounded up to the nearest whole classroom based on 1859.82.2(b)(4)(A)2., and reduced for any space available to house the displaced pupils.
b. Classrooms with specialized design such as auto shop, metal shop, music rooms, consumer home economic laboratories, industrial technology laboratories, or science laboratories will qualify for funding if used for its specialized purpose in the current enrollment reporting

year or immediately preceding enrollment reporting year. Additionally, these spaces will not count as available capacity for purposes of providing funding in this section when calculating space available to house displaced pupils.

c. Any space not in the chart below will be provided based on the Square Footage replaced. This may include but is not limited to janitor's closets, hallways, workrooms, and vestibules.

Facility	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.
Toilet	3 sq. ft. per pupil minimum 300 sq. ft.	4 sq. ft. per pupil minimum 300 sq. ft.	5 sq. ft. per pupil minimum 300 sq. ft.

Classrooms (1st-12th grade)	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom	960 sq. ft. for each replacement classroom
Computer instructional support area and Industrial and Technology/Education Laboratory	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.	960 sq. ft. for each replacement classroom.
Laboratory Classrooms (including science and consumer home economics)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

d. Beginning in 2020 the resulting Square Footage amount(s) shall be multiplied by $204 per square foot for all non-Toilet Facilities and by $366 per square foot for Toilet Facilities (includes shower/locker area and physical therapy area for Individuals with Exceptional Needs).

3. Additional funding may be provided, as applicable, for:

a. therapy room pursuant to Section 1859.72,

b. multilevel construction pursuant to Section 1859.73,

c. project assistance pursuant to Section 1859.73.1.
d. replacement with multistory construction pursuant to Section 1859.73.2,
e. site acquisition pursuant to 1859.74,
f. Hazardous waste removal pursuant to 1859.74.2,
g. Applicable site development costs pursuant to 1859.76, and
h. Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a), and
i. Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b)

(C) If the district qualifies for replacement funding, the funding may be used to rehabilitate the facility as long as the seismic hazard is fully mitigated. If replacement funding is used for rehabilitation work, the district may request the following supplemental grants, as applicable, for:

1. Fire code requirements pursuant to 1859.71.2 if the funding is based on a per-pupil basis pursuant to 1859.82.2(b)(4)(A),
2. Therapy room pursuant to Section 1859.72,
3. Project assistance pursuant to Section 1859.73.1.
4. Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a),
5. Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b), and
6. Excessive Cost Hardship Grant for urban location, security requirements and impacted site pursuant to Section 1859.83(d)

(c) Districts may qualify for seismic mitigation funding to rehabilitate their School Buildings including lunch shelters and covered walkways, exterior square footage of School Buildings, or site conditions. Factors to be considered by the Board may include (1) or (2) below:

(1) School Buildings where the minimum cost to rehabilitate and remain in the School Building is 50 percent or less of the Current Replacement Cost.

(2) Square footage of the Most Vulnerable Category 2 School Buildings, covered walkways, and lunch shelters that need repair or replacement to mitigate a collapse potential in the event of seismic activity as confirmed by the DSA.

(3) To qualify for seismic mitigation rehabilitation funding, the district must submit an Approved Application for funding as well as all documents outlined below. Applications that do not meet these requirements will be returned without review.

(A) A report from a licensed design professional identifying the structural deficiencies that pose an unacceptable risk of injury to its occupants in

a seismic event and the minimum mitigation work necessary to obtain DSA approval.

(B) DSA letter(s) that concur to the findings and minimum mitigation work outlined in the report required by (b)(1)(A).

(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval, the district must submit 1. and 2. below:

1. A geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with the concurrence of the California Geological Survey.
2. Concurrence to the report in 1. from the California Geological Survey.

(D) A detailed Form SAB 58-01 that meets the following requirements:

1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the district must provide supporting documentation for OPSC to review the requested unit cost.
2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, quantity, unit, cost per unit, and District's request. Any line items that include amounts in lump-sum formats will not be reviewed or approved.
3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the licensed design professional for the minimum work required to mitigate the seismic threat. The Form SAB 58-01 submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.
4. The Form SAB 58-01 may also include any ancillary work required by DSA to obtain plan approval for the minimum work required to mitigate the seismic threat.

(E) A cost/benefit analysis that demonstrates that the minimum work to mitigate the seismic threat and remain in the School Building(s) is less than 50 percent of the Current Replacement Cost.

(F) All other documents required to complete an Approved Application for funding. This includes:

1. A completed *Application for Funding* (Form SAB 50-04).
2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.
3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.
4. If the project is for a high school site, a letter or meeting minutes from the district's Career and Technical Education Advisory Committee (CTEAC) certifying that the district is in compliance with all career technical facility needs and assessments as outlined in Education Code, Section 17070.955.

(4) If the district qualifies for seismic mitigation funding to repair their permanent School Buildings, the district is eligible to receive funding for the project as follows:

(A) The Seismic Rehabilitation Grant based on 50 percent of the eligible costs in the Form SAB 58-01 required in Section 1859.82.2(c)(3)(D) that have been reviewed by OPSC and approved by the Board.

(B) If the district qualifies for rehabilitation funding, the funding may be used towards the replacement of the facility as long as the qualifying seismic threat is fully mitigated.

(C) Applicable supplemental grants may be provided for the following:

1. project assistance pursuant to Section 1859.73.1.,
2. Excessive Cost Hardship Grant for geographic location pursuant to 1859.83(a), and
3. Excessive Cost Hardship Grant for accessibility and fire code requirements in accordance to 1859.83(e)(3).

(d) Any grants provided in accordance to (b) or (c) above shall be adjusted as follows:

(1) For projects funded in accordance to (b) above:

(A) Reduced for any space deemed available by the Board in the district, HSAA, or Super HSAA that could be used to house some or all of the displaced pupils in the project,

(B) Reduced by 50 percent of any insurance proceeds collected by the district for the project. Any insurance proceeds collected after Apportionment shall be reported to OPSC and the Apportionment will be amended accordingly.

(C) Reduced by 50 percent of the net proceeds available from the disposition of the property and/or facilities in the project.

(2) For projects funded in accordance to (c) above:

(A) 50 percent of any insurance proceeds collectable by the district for the project.

(B) 50 percent of the net proceeds available from the disposition of any displaced facilities in the project.

(e) Adjustments to School Facility Program per-pupil grants.

(1) The district's New Construction Eligibility will be adjusted for any net increase in classroom capacity in the project pursuant to Section 1859.51(i).

(2) The baseline eligibility for modernization as provided in Section 1859.60 will be adjusted for any funding received in accordance to (b) above. The age of the classroom and Square Footage in the project shall be reset to the date of the Apportionment for the project.

(f) Districts that qualify for Financial Hardship assistance may file an application for design funding, site funding, and determination of program eligibility in advance of construction funding.

(1) To request advanced funding for design for eligible projects, the district must submit an *Application for Funding* (Form SAB 50-04) indicating the request for design funding and all documents listed in Section 1859.82.2(c)(3)(A) through Section 1859.82.2(c)(3)(E).

(2) Advanced funding for design shall be provided based on the eligible project type as follows:

(A) For projects receiving funding for advanced design for the replacement of all School Buildings on the project site, pursuant to Section 1859.82.2(b)(4)(A), the Board will apportion an amount not to exceed 40 percent of the New Construction Grant less any district funds available for the project pursuant to Section 1859.81(a).

(B) For projects receiving funding for advanced design for at least one but not all School Buildings on the project site pursuant to Section 1859.82.2(b)(4)(B), the Board will apportion an amount not to exceed 40 percent of the Facility Hardship Square Footage Grant less any district funds available for the project pursuant to Section 1859.81(a).

(C) For projects receiving funding for advanced design for a Seismic Rehabilitation Grant pursuant to Section 1859.82.2(c), the Board will apportion an amount not to exceed 25 percent of the costs determined pursuant to Section 1859.82.2(c)(4)(A) less any district funds available for the project pursuant to Section 1859.81(a).

(3) Advanced funding for site shall be provided pursuant to 1859.82.2(b)(4)(A)4. The district is eligible for advanced funding for site acquisition as calculated pursuant to 1859.81.1.

(4) The amount apportioned for advanced design is an estimate of the funds needed for design, engineering, and other pre-construction project costs. Qualifying districts may request a separate Apportionment for the design and for site acquisition for the same seismic mitigation project.
(5) The district is required to submit an Approved Application for funding and an updated Form SAB 58-01 for projects funded in accordance to 1859.82.2(c) or site development worksheet for projects funded in accordance to 1859.82.2(b), that reflects the final approved drawings for the project within:
(A) 18 months from the date of Apportionment if the project scope will be for repair or replacement on the same site.
(B) 24 months from the date of Apportionment if the project scope is for the replacement of School Building(s) which will be located on a replacement site.
(6) If the district does not submit the Approved Application for funding within the timelines required by Section (2) above, the application will be reduced to eligible costs incurred.
(7) Upon receipt of the Approved Application, the application will be reviewed for conformance with all program laws and regulations.
(8) Any funding provided in Section 1859.82.2 shall be offset by any advanced design funding previously provided for the project pursuant to Section 1859.82.2(f)(2)

1859.82.3 Facility Hardship Program and Seismic Mitigation Program Conceptual Approvals

A district may request approval from the Board to determine eligibility for facility hardship or seismic mitigation programs in advance of project funding. Board approval does not constitute a reservation of bond authority. Board approval only confirms the district meets the criteria in Section 1859.82.

(a) To request conceptual approval for facility hardship projects, the district must submit an *Application for Funding* (Form SAB 50-04) indicating the request for conceptual approval and all documents listed below:
(1) For replacement projects, all of the documents listed in Section 1859.82.1(b)(2)(A) through Section 1859.82.1(b)(2)(D).
(2) For rehabilitation projects, all of the documents listed in Section 1859.82.1(c)(3)(A) through Section 1859.82.1(c)(3)(D)3.

(b) To request conceptual approval for seismic mitigation projects, the district must submit an *Application for Funding* (Form SAB 50-04) indicating the request for conceptual approval and all documents listed below:
(1) For replacement projects, all of the documents listed in Section 1859.82.2(b)(2)(A) through Section 1859.82.2(b)(2)(F).
(2) For rehabilitation projects, all of the documents listed in Section 1859.82.2(c)(3)(A) through Section 1859.82.2(c)(3)(E).

Section 1859.83. Excessive Cost Hardship Grant.

…

(a) Excessive Cost due to Geographic Location.
A district with a project that is located in a geographic area designated in the Geographic Percentage Chart below is eligible for the sum of the Excessive Cost Hardship Grant(s) determined by multiplying the indicated percentage factor shown in the Geographic Percentage Chart below by each of the following amounts:
(1) The New Construction Grant and the Modernization Grant.
(2) The funding provided by Sections 1859.71.2, 1859.71.3, 1859.72, 1859.73, 1859.73.2, 1859.76(d)(1) and (2), 1859.78.4, 1859.78.5, 1859.82.1, 1859.82.2,~~1859.82(a) and (b)~~, 1859.83(b), (c), (d) and (e) ~~(f)~~ and 1859.125(a)(1) through (a)(2).
…

(b) Excessive Cost for Projects that House No More than 200 Pupils (Small Size Projects).

(1) Excluding Joint-Use Projects and grant requests pursuant to Section 1859.79.3(a)(1) or (a)(2), if the project will house ~~less~~ fewer than 101 pupils, the district is eligible for an Excessive Cost Hardship Grant equal to 12 percent of the funding provided by the New Construction Grant or 12 percent of the funding provided by the Modernization Grant.

(2) Excluding Joint-Use Projects and grant requests pursuant to Section 1859.79.3(a)(1) or (a)(2), if the project will house ~~between~~ greater than 100 ~~101~~ and fewer than 201 ~~200~~ pupils, the district is eligible for an Excessive Cost Hardship Grant equal to four percent of the funding provided by the New Construction Grant or four percent of the funding provided by the Modernization Grant.

(3) A Type I Joint-Use Project and a Type II, part of a qualifying SFP Modernization project, Joint-Use Project is eligible for an Excessive Cost Hardship Grant equal to:

(A) 12 percent of the funding provided by Section 1859.125(a)(1) through (a)(2), if the qualifying SFP New Construction or Modernization project pursuant to Section 1859.123 or 1859.123.1 will house ~~less~~fewer than 101 pupils.

(B) Four percent of the funding provided by Section 1859.125(a)(1) through (a)(2), if the qualifying SFP New Construction or Modernization project pursuant to Section 1859.123 or 1859.123.1 will house ~~between~~ greater than 100 ~~101~~ and fewer than 201 ~~200~~ pupils.

(4) A Type II Joint-Use Project, not part of a qualifying SFP Modernization project, is eligible for an Excessive Cost Hardship Grant equal to eight percent of the funding provided by Section 1859.125(a)(1) through (a)(2).

(5) A grant request pursuant to Section 1859.79.3(a)(1) or (a)(2) and ~~less~~ fewer than 101 pupils is eligible for an Excessive Cost Hardship Grant equal to four percent of the funding provided by the Modernization Grant.

(6) A Facility Hardship project that is eligible to receive funding pursuant to 1859.82.1(b)(4)(B), 1859.82.1(b)(4)(C), or 1859.82.2(b)(4)(B), may request an Excessive Cost Hardship Grant for small size project if the following qualifications are met:

(A) For the purposes of determining qualification for (6)(B) or (6)(C) below:

(1) Calculate the Facility Hardship Square Footage Grant pursuant to section 1859.82.1(b)(4)(B). If the Facility Hardship project is for the replacement of portable space, calculate the sum of the Portable Replacement Grant and Portable Toilet Replacement Grant pursuant to section 1859.82.1(b)(4)(C).

(2) Divide the amount determined in (6)(A)(1) by the New Construction Grant at the time the project is approved by the Board, for the highest grade level served at the site.

(3) Round the quotient to the nearest whole number.

(B) The District is eligible for an Excessive Cost Hardship Grant equivalent to 12 percent of the funding provided by the Facility Hardship Square

Footage Grant if the calculated result of Section (6)(A) above is fewer than 101.

(C) The District is eligible for an Excessive Cost Hardship Grant equivalent to four percent of the funding provided by the Facility Hardship Square Footage Grant if the calculated result of Section (6)(A) above is greater than 100 and fewer than 201.

…

1859.83(c) Excessive Cost to Construct a New School Project

…

(2) Excessive Cost Hardship Grants for Alternative Education schools for which the plans and specifications for the project were accepted by the DSA on or after March 24, 2004, or for any Alternative Education schools for which the plans and specifications for the project were accepted by the DSA prior to March 24, 2004 and in lieu of choosing funding under Section ~~1859.82(c)(1)~~1859.83(c)(1), may request funding as follows:

…

~~1859.83(e) Excessive Cost for rehabilitation of facilities the Board has determined are a health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the cost/benefit analysis to mitigate the problem and remain in the facility is less than 50 percent of the Current Replacement Cost of the facility. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. If the district qualifies, the district is eligible for funding of Rehabilitation Costs as a modernization project. If the Approved Application is received on or before April 29, 2002, the grant amount provided is 80 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. If the Approved Application is received after April 29, 2002, the grant amount provided is 60 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. An additional grant may be provided for high performance incentive pursuant to Section 1859.77.4 provided that the high performance points attained are related to the scope of the Facility Hardship project. For any project funded in whole or in part from~~

~~Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.78.1(a). For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the grant may be adjusted in the manner prescribed in Section 1859.78.1(b) and subject to the limitations established in Section 1859.78.1(c).~~

~~(f)~~ (e) Excessive cost due to accessibility and fire code requirements:
…

Section 1859.90.3. Participation in the Priority Funding Process.

This section applies to Applications for funding for new construction, modernization, Overcrowding Relief Grant, Career Technical Education Facilities Program, Facility Hardship pursuant to Section 1859.82.1 and 1859.82.2, ~~Facility Hardship pursuant to Section 1859.82 and rehabilitation pursuant to Section 1859.83(e),~~ and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment.
(a) For each Application on the Unfunded List (Lack of AB 55 Loans) for new construction, modernization, Facility Hardship pursuant to Section 1859.82.1 or 1859.82.2,~~1859.82. or rehabilitation pursuant to Section 1859.83(e),~~ the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [March 25, 2013]. For each Application on the Unfunded List (Lack of AB 55 Loans) for Overcrowding Relief Grant, Career Technical Education Facilities Program, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [October 1, 2014]

…

Section 1859.93. Modernization Project Funding Order.

Applications shall be funded as follows:
(a)First, to applications for Facility Hardship rehabilitation projects ~~Rehabilitation~~ pursuant to Sections 1859.82.1(c) and 1859.82.2(c) ~~1859.83(e)~~ in order of receipt of an Approved Application for funding; then,

(b)If there are no applications pursuant to subsection (a), to applications for modernization funds in order of receipt of an Approved Application for funding.

…

Section 1859.106. Program Accountability Expenditure Audit.

…

An adjustment in the SFP grant will be made for the following:

…

~~(b) For 50 percent of any insurance proceeds collectable by the district for displaced facilities and 50 percent of the net proceeds available from the disposition of displaced facilities pursuant to Section.82(a) or (b)~~
(b) For any insurance proceeds collectable by the district for displaced facilities and net proceeds available from the disposition of displaced facilities pursuant to Section 1859.82.1(d) and 1859.82.2(d).
(c) For any project that received funding pursuant to 1859.71.4(c) or 1859.78.1(b), 50 percent of one-fourth of one percent of the difference between the original Total Projected Bond Apportionment and the newly calculated amount.
(d) Any adjustments made pursuant to this Section will be made only if sufficient bond authority is available for the adjustment. If an Unfunded List has been created by the Board, then any adjustments made pursuant to this Section will be placed on the Unfunded List.

INSTRUCTIONS

This form is to be used for the purposes of generating and submitting the cost estimate required for eligible Facility Hardship or Seismic Mitigation projects pursuant to SFP Regulation Section 1859.82.1(b)(2)(C), 1859.82.1(c)(3)(C), and 1859.82.2(c)(3)(D).

Refer to the most current published edition of the Current Construction Remodeling Costs publication by Sierra West Publishing for data needed to complete this form. Throughout these instructions, all references to “Sierra West” indicate this publication.

All lines in Part I must be broken out to individual items or materials. Do not enter line item requests in a lump sum format. Line item requests in lump sum format may not be eligible for funding.

PART I

For each line item request, complete the following:

1. **CSI # -** Enter the Construction Specifications Institute number (CSI #) corresponding to the item or material included in the project as it appears in Sierra West.
2. **Description -** Enter the description corresponding to the item or material as it appears in Sierra West.
3. **Quantity -** Enter the numeric quantity of the item or material used as indicated in the project plans approved by the Division of the State Architect (DSA). For projects that do not require DSA plan approval, enter the quantity as indicated in the supporting documentation submitted with the application.
4. **Unit -** Enter the unit of measure for the specified material or item as it appears in Sierra West.
5. **Cost/Unit -** Enter the total unit cost, or cost per unit, as it is listed in the F3 column in Sierra West. Do not add installation cost as this has been included in the total unit cost amount.
6. **District’s Request -** Enter the product of the Quantity and Cost/Unit column.
7. **Comments -** The district may optionally indicate any relevant plan page numbers or reference information to assist the plan reviewer in the comments column

PART II

For the purposes of Part II of this form, refer to the table below to determine the applicable construction classification to use when referencing the most current published edition of the Current Construction Remodeling Costs publication by Sierra West Publishing.

OPSC Project Type	Sierra West Construction Classification
Facility Hardship rehabilitation for Fire and/or Water Damage	"Repair of Fire Damage"
Facility Hardship rehabilitation of historical structures	"Unique Structures"
All other Facility Hardship rehabilitation projects	"Alterations and Additions"
Seismic Mitigation rehabilitation	"Alterations and Additions"

8. **General Conditions-** Using the OPSC Allowance Subtotal from Part I and the applicable OPSC project type, enter the percentage as indicated in the General Conditions table in Sierra West (CSI# 01.100 000).
9. **General Requirements-** Using the OPSC Allowance Subtotal from Part I and the applicable OPSC project type, enter the percentage as indicated in the General Requirements table in Sierra West (CSI# 01.2000 000).
10. **Bonds-** Using the OPSC Allowance Subtotal from Part I, enter the applicable percentage as indicated in the "Bonds" section in Sierra West (CSI# 01.2000 000).
11. **Overhead & Profit-** Using the OPSC Allowance Subtotal from Part I, enter the applicable percentage as indicated in the "Institutional Structure" column in Sierra West (CSI# 01.2000 000).
12. **DSA Inspection Fee-** For projects that require DSA plan approval, enter 1%. For projects that do not require DSA plan approval, enter 0%.
13. **Escalation-** If the project has not been completed at the time of approval from the State Allocation Board, use the OPSC allowance total from Part I to enter the applicable percentage as indicated in "Escalation" section of Sierra West (CSI# 01.3000 000). If the project will be completed by the time the construction phase is approved by the State Allocation Board, enter 0%.
14. **Industry Specialist's Report Costs-** For rehabilitation projects enter the greater of $10,000 or 1% of the OPSC Allowance Subtotal. For replacement projects, enter 0%.
15. **Construction Testing Allowance-** For rehabilitation projects that require specialized testing and inspection of materials during construction, enter 1%. The District must submit written verification of the specialized testing required for the scope of work. For all other projects, enter 0%.
16. **Design Cost Allowance-** Based on the Construction Subtotal, use the Design Cost Allowance chart on at the bottom of the form to calculate the applicable Design Cost Allowance and enter the resulting amount here.
17. **CDE Plan Fee-** Enter the California Department of Education (CDE) plan review fee as published on CDE's website: https://www.cde.ca.gov/ls/fa/sf/forms.asp
18. **DSA Plan Fee-** Use the Construction Subtotal in Part II to calculate this amount using the calculator found on DSA's website: https://www.apps2.dgs.ca.gov/dsa/tracker/FeeCalculator.aspx . Enter the resulting fee in this section.

APPLICATION FOR FUNDING
SCHOOL FACILITY PROGRAM
SAB 50-04 (REV ~~01/18~~05/20)

STATE ALLOCATION BOARD
OFFICE OF PUBLIC SCHOOL CONSTRUCTION

GENERAL INFORMATION

If this application is submitted when there is Insufficient Bond Authority, as defined in Regulation Section 1859.2, the School District must adopt and submit a school board resolution, pursuant to Regulation Section 1859.95.1. For information regarding remaining bond authority, contact the Office of Public School Construction (OPSC) prior to submittal of this application.

If not previously submitted, a district may file an application for modernization funding by use of this form concurrently with a determination of or an adjustment to the district's modernization eligibility. The district must submit a determination of or an adjustment to the district's new construction baseline eligibility upon request, as described in Regulation Sections 1859.51 or 1859.70, as applicable. The Board will only provide new construction funding if this form is submitted prior to the date of occupancy of any classrooms included in the construction contract. If the district has a pending reorganization election that will result in the loss of eligibility for the proposed project, the district must submit an adjustment to the district's new construction baseline eligibility as required in Section 1859.51 upon request. This may be accomplished by completion and submittal of Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 for the current enrollment year. Failure to submit the requested Forms may result in OPSC returning the funding application to the district unprocessed.

For purposes of Education Code Section 17073.25, the California Department of Education (CDE) is permitted to file modernization applications on behalf of the California Schools for the Deaf and Blind.

Requests for funding may be made as follows:

1. A separate apportionment for site acquisition for a new construction project for environmental hardship pursuant to Section 1859.75.1. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
   - Contingent site approval letter from the CDE.
   - Preliminary appraisal of property.
   - Approval letter from the Department of Toxic Substances Control.

2. A separate apportionment for site acquisition and/or design costs for a new construction project pursuant to Section 1859.81.1. This apportionment is available only to districts that meet the financial hardship criteria in Section 1859.81. Districts may apply for a separate apportionment for the design and for site acquisition on the same project. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
   - Contingent site approval letter from the CDE (site apportionment only).
   - Preliminary appraisal of property (site apportionment only).

3. A separate apportionment for district-owned site acquisition cost pursuant to Section 1859.81.2. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
   - Site approval letter from the CDE.
   - Appraisal of district-owned site.
   - Cost benefit analysis as prescribed in Section 1859.74.6 or a copy of the Board finding that the non-school function on the district-owned site must be relocated.

4. A separate apportionment for design cost for a modernization project pursuant to Section 1859.81.1. This apportionment is available only to districts that meet the financial hardship criteria in Section 1859.81. For purposes of this apportionment, the Form SAB 50-03 must accompany this form (if not previously submitted).

5. A New Construction Adjusted Grant pursuant to Section 1859.70 or 1859.180. If the funding request includes site acquisition, the proposed site must either be owned by the district, in escrow, or the district has filed condemnation proceedings and received an order of possession of the site. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03.
   - Site/plan approval letter from the CDE.
   - Appraisal of property if requesting site acquisition funds.
   - Plans and specifications (P&S) for the project that were approved by the DSA. Submittal of plans may be on CD-ROM or "Zip Drive" readable in AutoCAD 14. The specifications may be provided on a diskette that is IBM compatible.
   - Cost estimate of proposed site development, if requesting site development funding.
   - If this request is pursuant to Section 1859.77.2 and the district's housing plan is other than those listed in the certification section of this form, a copy of the school board resolution and the approved housing plan.
   - If the site apportionment is requested pursuant to Regulation Section 1859.74.5, a cost benefit analysis as prescribed in Regulation Section 1859.74.6 or a copy of the Board finding that the non-school function on the district-owned site must be relocated.
   - If this request is fully or partially based on eligibility derived from an Alternative Enrollment Projection, a justification of how the project relieves overcrowding, including but not limited to, the elimination of the use of Concept 6 calendars, four track year-round calendars, or bussing in excess of 40 minutes.
   - Written confirmation from the district's career technical advisory committee indicating that the need for vocational and career technical facilities is being adequately met within the district consistent with Education Code Sections 51224, 51225.3(b), 51228(b), and 52336.1.

6. For purposes of the Overcrowding Relief Grant (ORG), districts must submit the Overcrowding Relief Grant District-Wide Eligibility Determination (Form SAB 50-11) prior to the submittal of this funding application. In addition, districts must have had the CDE deem the site eligible for the ORG (pursuant to Section 1859.181) prior to the submittal of this application. For purposes of this apportionment, the following documents must be submitted with this form as well as the documents listed in section 5 above:

   - Overcrowding Relief Grant Eligibility Determination Form approved by the CDE.
   - Copies of the supporting documentation provided to the CDE when determining the density of the site, including the site diagram.

   The district is not required to submit its current CBEDS enrollment data.

7. Modernization Adjusted Grant pursuant to Section 1859.70. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - Form SAB 50-03 (if not previously submitted).
   - P&S for the project that were approved by the DSA.
   - If the request includes funding for accessibility and fire code requirement pursuant to Section 1859.83(f), the DSA approved list of the minimum accessibility work required and a detailed cost estimate for the work in the plans.

- DSA approval letter for elevator to meet handicapped compliance, if funding is requested.
- Cost estimate of the proposed site development necessary for the Reconfiguration of an existing high school.
- Plan approval letter from the CDE.
- Districtwide enrollment data on Form SAB 50-01 when requesting project assistance (if not previously submitted).
- If the request includes funding for 50 year old permanent buildings pursuant to Section 1859.78.6, a site diagram identifying all buildings to be modernized in the project. The diagram must specify those buildings that are at least 50 years old.
- Written confirmation from the district's career technical advisory committee indicating that the need for vocational and career technical facilities is being adequately met within the district consistent with Education Code Sections 51224, 51225.3(b), 51228(b), and 52336.1.

8. Final Charter School Apportionment for Charter School Facilities Rehabilitation pursuant to Section 1859.167.1. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

   - P&S for the project that were approved by DSA.
   - If the request includes funding for accessibility and fire code requirement pursuant to Section 1859.167.3(d), the DSA approved list of the minimum accessibility work required and a detailed cost estimate for the work in the plans.
   - DSA approval letter for elevator to meet handicapped compliance, if funding is requested.
   - High performance incentive (HPI) scorecard from DSA.
   - Plan approval letter from the CDE.
   - Construction cost estimate signed by the architect of record or design professional.
   - Determination of financial soundness from the California School Finance Authority (CSFA).
   - Written confirmation from the applicant's career technical advisory committee indicating that the need for vocational and career technical facilities is being adequately met within the district consistent with Education Code Sections 51224, 51225.3(b), 51228(b), and 52336.1.

9. If the application includes a request for Financial Hardship, the district must comply with the requirements of Section 1859.81.

   - If the application is submitted when there is Insufficient Bond Authority, as defined in Section 1859.2, the district must adopt a school board resolution pursuant to Section 1859.95.1(b).

If the district is requesting New Construction funding after the initial baseline eligibility was approved by the Board and the district's current CBEDS enrollment reporting year is later than the enrollment reporting year used to determine the district's baseline eligibility or adjusted eligibility, the district must complete a new Form SAB 50-01 based on the current year CBEDS enrollment data, and submit it to the OPSC with this form. In addition, if the district's request is fully or partially based on eligibility derived from an Alternative Enrollment Projection, the district must update the Alternative Enrollment Projection to correspond with the CBEDS enrollment data for the current year. A small district with 2,500 or less enrollment as defined in Section 1859.2 will not have its eligibility reduced for a period of three years from the date the district's baseline eligibility was approved by the Board as a result of reduction in projected enrollment.

For a list of the documents that must be submitted in order for the OPSC to deem a funding request for new construction or modernization complete and ready for OPSC processing, consult the SFP handbook and other information located on the OPSC Web site at www.dgs.ca.gov/opsc.

For purposes of completing this form for a Final Charter School Apportionment, a charter school shall be treated as a school district.

SPECIFIC INSTRUCTIONS

The district must assign a Project Tracking Number (PTN) to this project. The same PTN is used by the OPSC, the DSA and the CDE for all project applications submitted to those agencies to track a particular project through the entire state application review process. If the district has already assigned a PTN to this project by prior submittal of the P&S to either the DSA or the CDE for approval, use that PTN for this application submittal. If no PTN has been previously assigned for this project, a PTN may be obtained from the OPSC Web site at www.dgs.ca.gov/opsc "PT Number Generator."

1. Type of Application

Check the appropriate box that indicates the type of School Facility Program (SFP) grant the district is requesting for purposes of new construction, modernization, a separate design and/or site apportionment, site apportionment as an environmental hardship or New Construction (Final Apportionment). If the application is for the modernization of school facilities and includes facilities that are eligible for an additional apportionment pursuant to Section 1859.78.8, include a site diagram with this application that specifies the age of each facility eligible for modernization. The diagram should also indicate the date of its original DSA plan approval and the date the facility received its prior modernization apportionment. If known include the project modernization number on the diagram. If the application is for modernization of a California School for the Deaf or Blind, the CDE shall check the box identified as Modernization of California Schools for the Deaf/Blind. If the request is for a separate design apportionment, the CDE shall check the appropriate box. If the eligibility for this project was established as a result of ~~the need for new or replacement facilities~~a health and safety threat pursuant to Section ~~1859.82 (a) and (b)~~1859.82.1, or a seismic replacement or seismic rehabilitation for the Most Vulnerable Category 2 Buildings~~, or rehabilitation pursuant to Section 1859.83 (e),~~ pursuant to Section 1859.82.2, and/or the request is for a conceptual approval for a Facility Hardship application pursuant to Section 1859.82.3(a) or a Seismic Mitigation Program application pursuant to Section 1859.82.3(b), check the appropriate box(es).

If this request is for an addition to an existing site and advance funding for the evaluation and RA costs, check the appropriate box and refer to Section 1859.74.4.

If this request is for an Overcrowding Relief Grant, check the New Construction (Overcrowding Relief Grant) box.

If this request is to convert a Preliminary Apportionment or a Preliminary Charter School Apportionment to a Final Apportionment, check the New Construction Final Apportionment, New Construction Final Charter School Apportionment or the Rehabilitation Final Charter School Apportionment box, as appropriate.

If the district is requesting a separate site and/or design apportionment, complete boxes 2a, 3, 4, the site acquisition data in box 5 (d and e), and boxes 13, 14, 15, 16, and 24 only.

2. Type of Project

a. Select the type of project that best represents this application request and enter the total number of pupils assigned to the project for each grade group. Include pupils to be housed in a new or replacement school authorized by Section 1859.82 (a). The amount entered cannot exceed the district's baseline eligibility determined on Form SAB 50-03 and will be the basis for the amount of the new construction or modernization grants provided for the project.

If this request is for a Final Apportionment, the pupils assigned to the project must be at least 75 percent, but not more than 100 percent, of the pupils that received the Preliminary Apportionment. Refer to Section 1859.147.

For ORG projects, the amount entered cannot exceed the Overcrowding Relief Pupil Eligibility (pursuant to Section 1859.182 and 1859.183) as reflected in the total number of eligible pupils determined by the Form SAB 50-11 or the CDE Overcrowding Relief Grant Eligibility Determination form.

For Charter School Facilities Program Rehabilitation, leave the number of pupils blank.

b. Check the box if the project is eligible for funding for 50 year or older permanent buildings and report, at the option of the district:

- The total number of eligible classrooms or the total eligible square footage building area at the site. Refer to Section 1859.78.6(b)(1)(A) or (b)(2)(A).
- The total number of permanent classrooms or the total permanent square footage building area that is at least 50 years old and not been previously modernized with state funds. Refer to Section 1859.78.6(b)(1)(B) or (b)(2)(B).
- Enter the greater percentage as calculated under Regulation Section 1859.78.6(b)(1)(C) or Regulation Section 1859.78.6(b)(2)(C).
- If this project includes eligible 50 year or older pupil grants, enter the appropriate number assigned to the project for each grade group. The number of pupils entered cannot exceed the cumulative number of 50 year or older permanent buildings pupil grants requested for all modernization funding applications for the site as determined by using the percentage factor above.

c. If this request includes pupil grants generated by an Alternative Enrollment Projection Method, enter the number of pupils by grade level.

d. Indicate if this request is for funding of a 6–8 school and/or an Alternative Education School.

e. Check the applicable box if the district is requesting additional pupil grants assigned to the project that exceed the capacity of the project or if the pupils assigned represent eligibility determined at another grade level and check the appropriate box to indicate under which regulation the district is applying. The pupil capacity of the project may be determined by multiplying the classrooms reported in box 3 by 25 for K–6; 27 for 7–8, 9–12 grades; 13 for non-severe and 9 for severe.

~~f. If the request is for replacement facilities pursuant to Section 1859.82 (a) or (b) on the same site, check the facility hardship box.~~

~~g~~f. Enter the square footage of the non-toilet area and toilet area contained in the Charter School Facilities Program Rehabilitation project.

~~h~~g. Indicate the site scenario that best represents the project request.

~~i~~h. For ORG projects, the district must provide the following information in the space provided:

- Name of the eligible school site(s) where portables will be replaced in this project
- Number of portables being replaced at each school site
- Number of site specific eligible pupils being requested for this project for each school site. The total number of site specific eligible pupils assigned to this project must equal the total number of pupils in Section 2a.

3. Number of Classrooms

Enter the:

- Number of classrooms as shown on the plans and specifications (P&S). If there was demolition at the site, report the net increase in the number of classrooms showing in the P&S.
- Master plan site size, as recommended by the California Department of Education.
- Recommended site size, as determined by the California Department of Education.
- Existing Useable Acres already owned at that location (if any).
- Proposed Useable Acres that was/will be purchased as part of the application (if any).

4. Financial Hardship Request

Check the appropriate box(es) if the district is requesting financial hardship assistance because it is unable to meet its matching share requirement.

- If the application includes a request for Financial Hardship, the district must comply with the requirements of Section 1859.81.
- If there is Insufficient Bond Authority for the type of application, check the second box and attach a school board resolution pursuant to Section 1859.95.1(b).

5. New Construction Additional Grant Request

Check the appropriate box(es) if the district requests an augmentation to the new construction grant for "additional" grants for the items listed ~~or for replacement facilities pursuant to Section 1859.82(a) and (b)~~. Refer to Sections 1859.72 through 1859.76 ~~and 1859.82(a) and (b)~~ for eligibility criteria. Enter the:

a. Therapy area in square feet as provided in Section 1859.72.

b. Multilevel classrooms in the P&S pursuant to Section 1859.73.

c. Check the box if the district is requesting project assistance pursuant to Section 1859.73.1. If the district has not submitted a request for new construction baseline eligibility on a district-wide basis, it must submit a current Form SAB 50-01 based on district-wide enrollment data with this form.

d. If the project the district is requesting SFP funding for does not require an RA, refer to Section 1859.74. If a RA is required on a site that is not leased or an addition to an existing site, refer to Section 1859.74.2. If RAs are required on a leased site or an addition to an existing site, refer to Sections 1859.74.3 or 1859.74.4, respectively. The limitation of 50 percent may be exceeded when unforeseen circumstances exist, the CDE determines that the site is the best available site, and substantiation that the costs are the minimum required to complete the evaluation and RA.

1) Enter 50 percent of the actual cost.
2) Enter 50 percent of the appraised value of the site. If the request is made pursuant to Regulation Section 1859.74.5, enter 50 percent of the appraised value.
3) Enter 50 percent of the allowable relocation cost.
4) Enter two percent of the lesser of the actual cost or appraised value of the site (minimum $25,000).
5) Enter 50 percent of the Department of Toxic Substances Control (DTSC) fee for review and approval of the phase one environmental site assessment and preliminary endangerment assessment reports. Refer to Sections 1859.74, 1859.74.1, 1859.74.5, 1859.75, 1859.75.1 and 1859.81.1.

A project that received site acquisition funds under the Lease-Purchase Program (LPP) as a priority two project is not eligible for site acquisition funds under the SFP. A district-owned site acquired with LPP, SFP or Proposition 1A funds is not eligible for funding under Regulation Section 1859.74.5.

e. Enter 50 percent of the amount allowable for hazardous materials/waste removal and/or remediation for the site acquired pursuant to Sections 1859.74.2, 1859.74.3, 1859.74.4, 1859.75.1 or 1859.81.1. If an RA is required, check the box.

f. Enter 50 percent of eligible service-site development, off-site development including pedestrian safety paths and utilities costs allowed pursuant to Section 1859.76. Attach cost estimates of the proposed site development work which shall be supported and justified in the P&S. All cost estimates shall reflect 100 percent of the proposed work.

Check the box if the district is requesting an Additional Grant for General Site Development pursuant to Section 1859.76

~~g. If the district is requesting replacement facilities on the same site, (including seismic replacement), enter the square footage requested as provided in Section 1859.82(a) or (b).~~

~~h. If the request for seismic rehabilitation does not exceed 50 percent of the current replacement cost of the classroom or related facility, report 50 percent of the health/safety seismic mitigation cost and the ancillary costs as authorized by Section 1859.82(a).~~

~~i. Enter the square feet of eligible replacement area as provided by Section 1859.73.2.~~

jg. If the district is requesting an Additional Grant for Energy Efficiency pursuant to Section 1859.71.3, enter the percentage of energy efficiency that exceeds Title 24 requirements as prescribed in Section 1859.71.3(a)(3).

kh. Check the box(es) if the district requests and the project qualifies for additional funding for fire code requirements authorized in Section 1859.71.2.

li. If the district is requesting an Additional Grant for High Performance Incentive pursuant to Section 1859.70.4, enter the number of high performance points as prescribed in Section 1859.71.6 or 1859.77.4, as appropriate, subject to Education Code Section 17070.965.

6. Modernization Additional Grant Request

a. Check the box if the district is requesting project assistance allowance pursuant to Section 1859.78.2. If the district has not submitted a request for new construction baseline eligibility on a district-wide basis, it must submit a current Form SAB 50-01 based on district-wide enrollment data with this form.

b. If the district is requesting an Additional Grant for Energy Efficiency pursuant to Section 1859.78.5, enter the percentage of energy efficiency that exceeds Title 24 requirements as prescribed in Section 1859.78.5(a)(3).

c. Check the box if the district requests an additional grant for site development utility cost necessary for the modernization of 50 years or older permanent building(s). Enter 60 percent of the eligible costs allowable pursuant to Section 1859.78.7(a).

d. Check the box(es) if the district requests and the project qualifies for additional funding for fire code requirements authorized in Section 1859.78.4.

e. If the district is requesting an Additional Grant for High Performance Incentive pursuant to Section 1859.70.4, enter the number of high performance points as prescribed in Section 1859.77.4, subject to Education Code Section 17070.965.

7. Excessive Cost Hardship Request

Check the appropriate box to request an augmentation to the New Construction or Modernization Grants for an excessive cost hardship for the items listed. Refer to Section 1859.83 for eligibility criteria. Requests for excessive cost grants for accessibility requirements are allowed only if required by the Division of the State Architect (DSA). At the district's option, the district may request three percent of the modernization base grant or enter ~~60 percent of~~ the amount calculated pursuant to Regulation Section 1859.83(f). Attach a copy of the DSA approved list that shows the minimum work necessary for accessibility requirements.

If the request is for the excessive cost grant for a new Alternative Education school pursuant to Section 1859.83(c)(2) and the district wishes to request less than the maximum allowance, please submit a letter along with application indicating the desired amount.

~~If the request is for rehabilitation mitigation, report 80 percent or 60 percent (as appropriate) of health/safety rehabilitation mitigation cost for a modernization project as authorized by Section 1859.83(e).~~

8. Charter School Facilities Program Rehabilitation – Additional Grant and Excessive Cost Hardship Request

Additional Grant Request

a. If the applicant is requesting an Additional Grant for High Performance Incentive pursuant to Section 1859.77.4, enter the number of high performance points as prescribed in Section 1859.77.4.

Excessive Cost Hardship Request

Check the appropriate box to request an augmentation to the Charter School Facilities Program Rehabilitation grants for an excessive cost hardship for the items listed. Refer to Section 1859.167.4 for eligibility criteria.

b. Check the box if the applicant requests and qualifies for an Excessive Cost Hardship Grant due to Geographic Location pursuant to Section 1859.167.3(a).

c. Check the box if the applicant requests and qualifies for an Excessive Cost Hardship Grant for a small size project pursuant to Section 1859.167.3(b).

d. Check the box if the applicant requests and qualifies for an Excessive Cost Hardship Grant due to Urban Location, Security Requirements, and Impacted Site pursuant to Section 1859.167.3(c).

e. Check the box if the applicant requests and qualifies for an Excessive Cost Hardship Grant due to accessibility and fire code requirements pursuant to Section 1859.167.3(d). Requests for excessive cost grants for accessibility requirements are allowed only if required by the Division of the State Architect (DSA). At the applicant's option, the applicant may request three percent of the Charter School Facilities Program Rehabilitation Grant or enter 50 percent of the amount calculated pursuant to Regulation Section 1859.167.3(d)(2). Attach a copy of the DSA approved list that shows the minimum work necessary for accessibility requirements.

9. Project Priority Funding Order

Enter the priority order of this project in relation to other new construction applications submitted by the district on the same date. If applications are not received on the same date, the OPSC will assign a higher district priority to the application received first. Check the box(es) if the project meets the criteria outlined in Section 1859.92(c)(3),(4) and (6), as appropriate. This information is needed for purposes of priority points.

10. Prior Approval Under the LPP

If the project the district is requesting SFP grants for received a Phase P, S, or C approval under the LPP, report the application number of that project, regardless if the project actually received funding or was included on an "unfunded" list. Failure to report this information may delay the processing of the application by the OPSC.

11. Prior Apportionment Under the SFP

If the project received a separate apportionment under the SFP for either site and/or design, or site environmental hardship, enter the application number of the project. Failure to report this information may delay the processing of the application by the OPSC.

12. Preliminary Apportionment to a Final Apportionment

If this request is to convert a Preliminary Apportionment to a Final Apportionment, enter the application number of the Preliminary Apportionment. Failure to report this information may delay the processing of the application by the OPSC.

13. Alternative Developer Fee

The district must report certain alternative fees collected pursuant to Government Code Section 65995.7, as of the date of application submittal to the OPSC. Refer to Section 1859.77 for details. Districts are advised that the OPSC may perform an audit of the developer fees collected prior to application approval by the Board.

14. Adjustment to New Construction Baseline Eligibility

Pursuant to Section 1859.51 certain adjustments to the district's new construction baseline eligibility must be made each time a district submits Form SAB 50-04, to the OPSC for SFP new construction or modernization grants. These adjustments are made by the OPSC based on information reported by the district on this form.

a. Report all classroom(s) provided after the district submitted its request for determination of its new construction baseline eligibility for the grades shown, or indicate N/A if there are none. Refer to Section 1859.51(i).

   In the additional classroom column, indicate the number of additional net classrooms provided if not previously reported.

   In the replacement classroom column, indicate the number of classrooms that were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75 but replaced in a locally funded project.

   Enter the date the initial construction contract was signed for additional or replacement classrooms.

15. Pending Reorganization Election

Complete only for new construction projects. Indicate if there is a pending reorganization election that will result in a loss of eligibility for this project. If the answer is "yes", the district must complete Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03, to adjust the district's new construction baseline eligibility as a result of the reorganization and submit them with this form.

16. Joint-Use Facility/Leased Property

Check the box if:

a. The facilities to be constructed/modernized as part of this project will be for joint use by other governmental agencies.
b. The new construction or modernization grants will be used for facilities located or to be located on leased property.

17. Project Progress Dates

a. Enter the date(s) the construction contract(s) was awarded for this project(s). If a construction contract has not been executed, enter N/A. (If the space provided is not sufficient for all applicable contract dates, please list all dates on a separate attachment to this form.)
b. Enter the issue date(s) for the Notice to Proceed for the construction phase of the project, or enter N/A if a Notice to Proceed has not been issued.
c. If a construction contract was awarded prior to January 1, 2012, check the appropriate box to indicate whether or not the district has initiated and enforced a Labor Compliance Program (LCP) approved by the Department of Industrial Relations (DIR) pursuant to Labor Code Section 1771.7 for this project.

18. Prevailing Wage Monitoring and Enforcement Costs

If the construction contract(s) for this project was awarded on January 1, 2012 through June 19, 2014, check the appropriate box to indicate which of the following methods was or is being used to meet the requirement for prevailing wage monitoring and enforcement pursuant to Labor Code Section 1771.3 in effect on January 1, 2012 through June 19, 2014:

- DIR Public Works administration and enforcement
- A DIR-approved internal LCP
- A collective bargaining agreement that meets the criteria set forth in Labor Code Section 1771.3(b)(3) in effect on January 1, 2012 through June 19, 2014.

19. Construction Delivery Method

Check the box that best represents the construction delivery method that the district has or will use for this project, if known.

20. Career Technical Education Funds Request

Indicate if Career Technical Education (CTE) funds will be requested for classroom(s) included in the plans and specifications for this project pursuant to Section 1859.193. If "Yes", enter the number of CTE classroom(s) shown on the P&S.

21. Overcrowding Relief Grant Narrative

The district must either provide an explanation in the space provided or attach a letter signed by the district representative detailing how this project will relieve overcrowding.

22. Architect of Record or Licensed Architect Certification

The architect of record or the licensed architect must complete this section.

23. Architect of Record or Design Professional Certification

The architect of record or the appropriate design professional must complete this section.

24. Certification

The district representative must complete this section. For additional information regarding district certifications, refer to the SFP handbook located on the OPSC web site at www.dgs.ca.gov/opsc.

23. Architect of Record or Design Professional Certification

I certify as the architect of record for the project or the appropriate design professional, that:

- If the request is for a New Construction Grant, not including the ORG, I have developed a cost estimate of the proposed project which indicates that the estimated construction cost of the work in the P&S including deferred items (if any) relating to the proposed project, is at least 60 percent of the total grant amount provided by the State and the district's matching share, less site acquisition costs and the High Performance Base Incentive Grant. This cost estimate does not include site acquisition, planning, tests, inspection, or furniture and equipment and is available at the district for review by the OPSC.
- If the request is for a Modernization or Charter School Facilities Program Rehabilitation Grant, I have developed a cost estimate of the proposed project which indicates that the estimated construction cost of the work in the P&S, including deferred items and interim housing (if any) relating to the proposed project, is at least 60 percent of the total grant amount provided by the State and the district's matching share , less the High Performance Base Incentive Grant. This cost estimate does not include planning, tests, inspection or furniture and equipment and is available at the district for review by the OPSC.

24. Certification

I certify, as the District Representative, that the information reported on this form, with the exception of items 22 and 23, is true and correct and that:

- I am an authorized representative of the district as authorized by the governing board of the district; and,
- A resolution or other appropriate documentation supporting this application under Chapter 12.5, Part 10, Division 1, commencing with Section 17070.10, et. seq., of the Education Code was adopted by the school district's governing board or the designee of the Superintendent of Public Instruction on, _____; and,
- The district has established a "Restricted Maintenance Account" for exclusive purpose of providing ongoing and major maintenance of school buildings and has developed an ongoing and major maintenance plan that complies with and is implemented under the provisions of Education Code Section 17070.75 and 17070.77 (refer to Sections 1859.100 through 1859.102); and,
- The district has considered the feasibility of the joint use of land and facilities with other governmental agencies in order to minimize school facility costs; and,
- If this funding request is for the modernization of portable classrooms eligible for an additional apportionment pursuant to Education Code Section 17073.15, the district certifies that (check the applicable box below):
  - ☐ 1. The state modernization funds will be used to replace the portable classrooms and permanently remove the displaced portables from the classroom use within six months of the filing of the Notice of Completion for the project; or,
  - ☐ 2. It has provided documentation to the Office of Public School Construction which indicates that modernizing the portable classrooms eligible for an additional apportionment is better use of public resources than the replacement of these facilities.
- Facilities to be rehabilitated under the Charter School Facilities Program previously funded with School Facility Program State funds meet the requirements of Section 1859.163.6; and,
- All contracts entered on or after November 4, 1998 for the service of any architect structural engineer or other design professional for any work under the project have been obtained pursuant to a competitive process that is consistent with the requirements of Chapter 10 (commencing with Section 4525) of Division 5, of Title 1, of the Government Code; and,
- If this request is for new construction funding, the district has received approval of the site and the plans from the CDE. Plan approval is not required if request is for separate design apportionment; and,
- If this request is for modernization or Charter School Facilities Program Rehabilitation funding, the district has received approval of the plans for the project from the CDE. Plan approval is not required if request is for separate design apportionment; and,
- The district has or will comply with the Public Contract Code regarding all laws governing the use of force account labor; and,
- This district has or will comply with Education Code Section 17076.11 regarding at least a 3 percent expenditure goal for disabled veteran business enterprises; and,
- The district matching funds required pursuant to Sections 1859.77.1 or 1859.79 has either been expended by the district, deposited in the County School Facility Fund or will be expended by the district prior to the notice of completion for the project; and,
- The district has received the necessary approval of the plans and specifications from the Division of the State Architect unless the request is for a separate site and/or design apportionment; and,
- If the district is requesting site acquisition funds as part of this application, the district has complied with Sections 1859.74 through 1859.75.1 as appropriate; and,
- With the exception of an apportionment made pursuant to Section 1859.75.1, the district understands that the lack of substantial progress toward increasing the pupil capacity or renovation of its facilities within 18 months of receipt of any funding shall be cause for the rescission of the unexpended funds (refer to Section 1859.105); and,
- If the apportionment for this project was made pursuant to Section 1859.75.1, the district understands that the lack of substantial progress toward increasing the pupil capacity or renovation of its facilities within 12 months of receipt of any funding shall be cause for the rescission of the unexpended funds (refer to Section 1859.105.1); and,
- The district understands that funds not released within 18 months of apportionment shall be rescinded and the application shall be denied (refer to Section 1859.90); and,
- The statements set forth in this application and supporting documents are true and correct to the best of my knowledge and belief; and,
- All school facilities purchased or newly constructed under the project for use by pupils who are individuals with exceptional needs, as defined in Education Code Section 56026, shall be designed and located on the school site so as to maximize interaction between those individuals with exceptional needs and other pupils as appropriate to the needs of both; and,
- This form is an exact duplicate (verbatim) of the form provided by the OPSC. In the event a conflict should exist, the language in the OPSC form will prevail; and,
- The district understands that some or all of the State funding for the project must be returned to the State as a result of an audit pursuant to Sections 1859.105, 1859.105.1, 1859.106; and,
- The district has complied with the provisions of Sections 1859.76 and 1859.79.2 and that the portion of the project funded by the State does not contain work specifically prohibited in those Sections; and,

- If the SFP grants will be used for the construction or modernization of school facilities on leased land, the district has entered into a lease agreement for the leased property that meets the requirements of Section 1859.22; and,
- If the application contains a "Use of New Construction Grant" request, the district has adopted a school board resolution and housing plan at a public hearing at a regularly scheduled meeting of the governing board on _____
- as specified in Sections 1859.77.2, or 1859.77.3, as appropriate. The district's approved housing plan is as indicated (check all that apply):
  - ☐ 1. The district will construct or acquire facilities for housing the pupils with funding not otherwise available to the SFP as a district match within five years of project approval by the SAB and the district must identify the source of the funds. [Applicable for Sections 1859.77.2(a) and (b) and 1859.77.3(a) and (b)]
  - ☐ 2. The district will utilize higher district loading standards providing the loading standards are within the approved district's teacher contract and do not exceed 33:1 per classroom. [Applicable for Sections 1859.77.2(a) and (b) and 1859.77.3(a) and (b)]
  - ☐ 3. The pupils requested from a different grade level will be housed in classrooms at an existing school in the district which will have its grade level changed, to the grade level requested, at the completion of the proposed SFP project. [Applicable for Sections 1859.77.2(b) and 1859.77.3(b)]
- If the district requested additional funding for fire code requirements pursuant to Sections 1859.71.2 or 1859.78.4, the district will include the automatic fire detection/alarm system and/or automatic sprinkler system in the project prior to completion of the project; and,
- The district has consulted with the career technical advisory committee established pursuant to Education Code Section 8070 and the need for vocational and career technical facilities is being adequately met in accordance with Education Code Sections 51224, 51225.3(b), and 51228(b), and 52336.1; and,
- If the district is requesting an Additional Grant for Energy Efficiency pursuant to Sections 1859.71.3 or 1859.78.5, the increased costs for the energy efficiency components in the project exceeds the amount of funding otherwise available to the district; and,
- If this application is submitted after January 1, 2004 for modernization funding, the district has considered the potential for the presence of lead-containing materials in the modernization project and will follow all relevant federal, state, and local standards for the management of any identified lead; and,
- The district has initiated and enforced an LCP that has been approved by the DIR, pursuant to Labor Code Section 1771.7, if the project is funded from Propositions 47 or 55 and the Notice to Proceed for the construction phase of the project is issued on or after April 1, 2003 and before January 1, 2012; and,
- The district has contracted with the DIR for prevailing wage monitoring and enforcement pursuant to Labor Code Section 1771.3(a) in effect on January 1, 2012 through June 19, 2014, if the construction contract was awarded on January 1, 2012 through June 19, 2014 and the district has not obtained a waiver for the requirement, pursuant to Labor Code Section 1771.3(b) in effect on January 1, 2012 through June 19, 2014. The district understands that if it fails to meet this requirement, it will be required to repay all state bond funds received including interest; and,
- Beginning with the 2005/2006 fiscal year, the district has complied with Education Code Section 17070.75(e) by establishing a facilities inspection system to ensure that each of its schools is maintained in good repair; and,
- If this application is submitted pursuant to Section 1859.180, the district certifies that within six months of occupancy of the permanent classrooms, it will remove the replaced portables from the eligible school site and K–12 grade classroom use with the exception of schools described in Education Code Section 17079.30(c); and,
- The district has considered the feasibility of using designs and materials for the new construction or modernization project that promote the efficient use of energy and water, maximum use of natural light and indoor air quality, the use of recycled materials and materials that emit a minimum of toxic substances, the use of acoustics conducive to teaching and learning, and the other characteristics of high performance schools; and,
- If the district is requesting an additional grant for high performance incentive funding, the school district governing board must have a resolution on file that demonstrates support for the high performance incentive grant request and the intent to incorporate high performance features in future facilities projects; and,
- If this application is submitted when there is Insufficient Bond Authority, the district has adopted a school board resolution pursuant to Section 1859.95.1; and,
- The district will comply with all laws pertaining to the construction or modernization of its school building.

Education Code Section 17075.10.

(a) A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.
(b) A school district applying for hardship state funding under this article shall comply with either paragraph (1) or (2).
(1) Demonstrate both of the following:
(A) That due to extreme financial, disaster-related, or other hardship the school district has unmet need for pupil housing.
(B) That the school district is not financially capable of providing the matching funds otherwise required for state participation, that the district has made all reasonable efforts to impose all levels of local debt capacity and development fees, and that the school district is, therefore, unable to participate in the program pursuant to this chapter except as set forth in this article.
(2) Demonstrate that due to unusual circumstances that are beyond the control of the district, excessive costs need to be incurred in the construction of school facilities. Funds for the purpose of seismic mitigation work or facility replacement pursuant to this section shall be allocated by the board on a 50-percent state share basis from funds reserved for that purpose in any bond approved by the voters after January 1, 2006. If the board determines that the seismic mitigation work of a school building would require funding that is greater than 50 percent of the funds required to construct a new facility, the school district shall be eligible for funding to construct a new facility under this chapter.
(c) The board shall review the increased costs that may be uniquely associated with urban construction and shall adjust the per-pupil grant for new construction or modernization hardship applications as necessary to accommodate those costs. The board shall adopt regulations setting forth the standards, methodology, and a schedule of allowable adjustments, for the urban adjustment factor established pursuant to this subdivision.
(Amended by Stats. 2008, Ch. 179, Sec. 41. Effective January 1, 2009.)

SFP Regulation Section 1859.82. Facility Hardship.

A district is eligible for facility hardship funding to replace or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils. A facility hardship is available for:
(a) New classrooms and/or subsidiary facilities (corridors, toilets, kitchens and other non-classroom space) or replacement facilities if either (1) or (2) are met:
(1) The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the

close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk. The total available funding for seismic mitigation related and ancillary costs for the Most Vulnerable Category 2 Buildings is $199.5 million.

(A) If the request is for replacement facilities, a cost/benefit analysis must be prepared by the district and submitted to the OPSC that indicates the total costs to remain in the classroom or related facility and mitigate the problem is at least 50 percent of the Current Replacement Cost of the classroom or related facility. The cost/benefit analysis may include applicable site development costs as outlined in Section 1859.76. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. If the cost to remain in the classroom or related facility is less than 50 percent of the Current Replacement Cost, the district may qualify for either grant below, as applicable:

1. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or 2. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the board for seismic rehabilitation.

(B) If the request is for replacement facilities that included structural and/or seismic deficiencies, the cost/benefit analysis must also include a report from a licensed design professional identifying the minimum work necessary to obtain DSA approval. The report must contain a detailed cost estimate of the repairs. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. The report and cost estimate shall be subject to review by the OPSC for conformance with the Saylor Current Construction Cost Publication and, at the OPSC’s discretion, the DSA. For seismic deficiencies of the Most Vulnerable Category 2 Buildings, the report and the cost estimate for the minimum work necessary must be reviewed by the DSA.

(C) The seismic mitigation projects must meet all of the following requirements:

1. The construction contract was executed on or after May 20, 2006;
2. The project funding provided shall be for the minimum work necessary to obtain DSA approval;
3. The building is designed for occupancy by students and staff; and
4. The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geologic hazards report prepared by an engineering geologist in accordance with

California Building Code, Part 2, Chapter 18, section 1803A and with the concurrence of the California Geological Survey.

The structural engineer's report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

(D) Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding.
(E) If an Application for the seismic mitigation of the Most Vulnerable Category 2 Buildings cannot be fully apportioned or approved for placement on the Unfunded List (Lack of AB 55 Loans) because insufficient funding is available, the applicant may accept the remaining funding amount or refuse funding entirely. If partial funding is accepted, the applicant will remain eligible for the additional amount of seismic funds, up to the initial funding request, if funds become available within the Seismic Mitigation Program authority amount of $199.5 million. If funding is refused, the Board shall consider funding the next project eligible for funding pursuant to this Section.

For any Application for the seismic mitigation of the Most Vulnerable Category 2 Buildings not apportioned or approved for placement on the Unfunded List (Lack of AB 55 Loans) pursuant to this Section, the application shall be returned to the applicant.

(2) The classroom or related facility was lost or destroyed as a result of a disaster such as fire, flood or earthquake and the district has demonstrated satisfactorily to the Board that the classroom or related facility was uninsurable or the cost for insurance was prohibitive.
If the district qualifies for a new or replacement school pursuant to either (1) or (2) above, the district is eligible for a New Construction Grant as a new construction project for the lesser of the pupils housed in the replaced facility based on loading standards pursuant to Education Code Section 17071.25(a)(2) or the latest CBEDS enrollment at the site.

If the district qualifies for replacement facilities on the same site pursuant to either (1) or (2) above, the district is eligible for funding as a new construction project. Replacement facilities shall be allowed in accordance with the square footage amounts provided in the chart in Section (b) below. If the facility eligible for replacement is not shown in the chart in Section (b) below, the replacement facility shall be limited to the square footage replaced. The grant amount provided shall be $173.30 per square foot for Toilet Facilities and $96.30 per square foot for all other facilities. Additional funding may be provided for applicable site development costs pursuant to Section 1859.76, New Construction Excessive Cost Hardship Grant(s) pursuant to Section 1859.83(a), (b) or (d), therapy room pursuant to Section 1859.72, multilevel construction pursuant to Section 1859.73, project assistance pursuant to Section 1859.73.1, and high performance incentive pursuant to Section 1859.77.4 provided that the

high performance points attained are related to the scope of the Facility Hardship project. The amounts shown will be adjusted in the manner prescribed in Section 1859.71. For any project funded in whole or in part from any State bond funds for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.71.4(a). For any project for which the construction contract is awarded on or after January 1, 2012, the grant may be adjusted in the manner prescribed in Section 1859.71.4(c) and subject to the limitations established in Section 1859.71.4(d).

Any grants provided pursuant to either (1) or (2) above will be reduced for any space deemed available by the Board in the district, the HSAA or Super HSAA that could be used to house some or all of the displaced pupils, fifty percent of any insurance proceeds collectable by the district for the displaced facilities and fifty percent of the net proceeds available from the disposition of any displaced facilities.

STATE ALLOCATION BOARD MEETING DATES

The State Allocation Board (SAB) meeting dates for the 2020 calendar year are as follows:

Board Date	Type of Meeting
June 24, 2020*	Monthly (Consent/Appeals/Action)
July 22, 2020*	Monthly (Consent/Appeals/Action)
August 26, 2020*	Monthly (Consent/Appeals/Action)
September 23, 2020*	Monthly (Consent/Appeals/Action)
October 28, 2020*	Monthly (Consent/Appeals/Action)
December 2020*	Monthly (Consent/Appeals/Action)

*The projected dates and time will be determined upon the discussion with the Vice-Chair and Chair based on workload.

The SAB meets in different rooms within the State Capitol at 4:00 p.m. when the State Legislature is in session and at 2:00 p.m. when the State Legislature is out on recess. Due to scheduling changes within the Legislature, some of the SAB meetings may be canceled or changed with short notice.

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:
(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:
(1) Approved interim housing expenditures.
(2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
(3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
(4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
(5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
(6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
(7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
(8) Funding to pay for obtaining a structural report pursuant to Section 1859.82 for an approvable and funded seismic mitigation project.
(9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain $19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:
(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.
(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.
(3) Subtract (b)(2) from (b)(1).
(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.
(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.
(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.
(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain $19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain $19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:
(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.
(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).
(3) It is a County Superintendent of Schools.
(4) The district's total bonding capacity at the time of the request for financial hardship status is $5 million or less.
(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of $2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the $2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:
(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.
(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.
(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).
(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).
(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.
(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.
(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.
(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.
(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.
(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.
(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:
a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.
b. OPSC will return the request for funding and related materials to the district.
(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.
(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
