Ms. Gayle Miller, the SAB Chair, announced that pursuant to Governor Newsom's Executive Order N-25-20, issued March 12, 2020, this meeting would be conducted by way of teleconference/Zoom meeting. The meeting was physically webcast from Conference Room 6-300 in the Ziggurat Building in West Sacramento for anyone that would have liked to provide public comment in person.

Members of the SAB were present in order to establish a quorum for the meeting as follows:

- Gayle Miller, Chief Deputy Director, Policy, Department of Finance, designated representative for Keely Bosler, Director, Department of Finance
- Daniel Kim, Director, Department of General Services (DGS)
- Juan Mireles, Director, School Facilities and Transportation Services Division, California Department of Education, designated representative for Tony Thurmond, Superintendent of Public Instruction
- Senator Connie Leyva
- Assembly Member Patrick O'Donnell
- Assembly Member Autumn Burke

Members of the SAB absent were as follows:

- Senator Scott Wilk
- Senator Richard Roth
- Assembly Member Jordan Cunningham
- Vacant, Governor's appointee

Representative of the SAB was as follows:

- Lisa Silverman, Executive Officer

Representatives of the Department of General Services, Office of Public School Construction, were as follows:

- Lisa Silverman, Executive Officer
- Barbara Kampmeiner, Deputy Executive Officer

Representative of the Department of General Services, Office of Legal Services, was as follows:

- Tom Patton, Assistant Chief Counsel

With a quorum present, Ms. Miller, Chair, called the meeting to order at 4:02 p.m.

EXECUTIVE OFFICER'S STATEMENT

The Executive Officer informed the SAB of the following:

Office of Public School Construction (OPSC) "OPSC Online" Application System Now Covers all School Facility Program (SFP) Programs

It was announced that the OPSC Online Application System was released in early July 2020 and the new capabilities include submitting applications for New Construction, Modernization, Facility Hardship, Seismic Mitigation, and the Charter School Facilities Programs. There are new functionalities that allow for side-by-side comparisons for different versions of submitted applications, a Grants Calculator to view potential project funding based on scenarios, and other modifications to name a few. School districts are encouraged to submit their applications electronically through OPSC Online. The result is a completely paperless process!

Director Kim praised OPSC staff for getting the online system up and running so school districts and stakeholders could start utilizing it. He also commended the DGS Enterprise Technology Solutions (ETS) team for working with OPSC in making this huge accomplishment a reality.

May 2020 Priority Funding Apportionments

The General Obligation Bond Sale that took place in March and April 2020 provided cash proceeds for the SAB to approve priority funding apportionments at its May 27, 2020 meeting in the amount of \$811.7 million for 266 projects representing 127 school districts that participated in the 18th priority funding filing round. School districts were required to submit a *Fund Release Authorization* (Form SAB 50-05) by the close of business on Tuesday, August 25, 2020 to OPSC in order to request the release of those funds.

As of August 7, 2020, OPSC received 207 of the required 252 Form SAB 50-05's for a total of \$664.2 million. School districts and charter schools are reminded that the requirements for participation in the priority funding process remain in effect.

EXECUTIVE OFFICER’S STATEMENT (cont.)

Time Extension Requests are Being Accepted

An online extension request form for school districts that are unable to meet OPSC’s response deadlines has been made available at <https://tinyurl.com/ufrq6wm>. OPSC reviews the request and if approved sends the approval to the District Representative. As of August 7, 2020, 258 requests were received and of those requests 249 have been approved, five were denied and four are pending further review. Additionally, 53 of the 249 requests have been closed as staff has received the documentation for which the extensions were requested.

Current Priority Funding Filing Round Will be Closing Soon

The 19th Priority Funding filing period closed on August 28, 2020. Priority funding requests were accepted with electronic signatures via email. These requests are valid from July 1, 2020 through December 31, 2020. All projects that received an Unfunded Approval through the August 26, 2020 SAB meeting were eligible to submit a request. Projects on the OPSC Workload List cannot make this request and, if submitted, will be returned to the district.

The Executive Officer announced that the State Treasurer’s Office was committed to a Fall bond sale.

Next SAB Meeting

The SAB and stakeholders were reminded that the next SAB meeting scheduled would be Wednesday, September 23 or 30, 2020 via Zoom Meeting, with the time to be determined.

CONSENT ITEMS

A motion was made, and seconded, to approve the Consent calendar as presented, and to include the approval of the Appeal item for the Los Molinos Unified School District. The Chair called for a roll-call vote and the motion carried per the following votes:

EXECUTIVE OFFICER STATEMENT
State Allocation Board Meeting, September 30, 2020

EXTENDING EMERGENCY POWERS OF THE EXECUTIVE OFFICER DURING STATES OF EMERGENCY

As part of the Action item section at today's meeting, we are requesting the State Allocation Board (Board) to extend the Executive Officer Emergency Powers to cover all States of Emergency declared by the Governor and remove the sunset date for the existing Emergency Powers regulation. The current regulations were approved at the March 25, 2020 Emergency Meeting and gave the Executive Officer Emergency Powers to temporarily extend any deadline set by the Board and/or the Office of Public School Construction (OPSC) to school districts.

AMENDED FACILITY HARDSHIP PROGRAM (FHP) REGULATIONS AND SEISMIC MITIGATION PROGRAM (SMP) ARE NOW IN EFFECT

At the May 27, 2020 meeting, the Board approved proposed regulatory amendments that revised the regulations for the FHP and SMP to provide new program changes, improve clarity, increase consistency, and improve user readability of the School Facility Program (SFP) regulations governing the programs. These regulatory amendments are now in effect as of August 31, 2020.

TIME EXTENSION REQUESTS ARE BEING ACCEPTED

OPSC continues to provide extensions for school districts that are unable to meet OPSC's response deadlines. As of September 10, 2020, we have received 305 requests. Of those requests, 291 have been approved, 10 were denied and 4 are pending further review. In addition, 57 of the 291 have been closed as staff has received the documents for which the extensions were requested.

The Online Extension Request Form Link can be found at:
<https://tinyurl.com/ufrq6wm>

19th PRIORITY FUNDING FILING ROUND APPORTIONMENTS

The Priority Funding Filing Round closed on August 28, 2020. Valid requests made during this window are eligible for apportionments from July 1, 2020 through December 31, 2020. OPSC received requests in the amount of \$964.1 million for all 285 unique projects and 12 out of 21 eligible Charter School Facilities Program projects.

Staff will be receiving proceeds from the Fall General Obligation Bond sale and will prepare Priority Funding Apportionments for presentation to the Board at the October 28, 2020 meeting.

CAREER TECHNICAL EDUCATION FACILITY PROGRAM (CTEFP) SIXTH FILING ROUND

The Action Item section of this agenda includes unfunded approvals for the sixth funding cycle of the CTEFP. \$287.8 million is available in this last round of CTEFP funding from Propositions 1D and 51. This item requests the Board to approve projects using these funds for placement on the Unfunded List (Lack of AB 55 Loans).

Applicants with CTEFP projects that received an unfunded approval at this meeting will be able to participate in the next Priority Funding Filing Round which will open on November 11, 2020 and will close on December 10, 2020.

NEXT STATE ALLOCATION BOARD MEETING

The next meeting is scheduled for Wednesday, October 28, 2020 at 4:00 p.m. via Zoom.

State of California
State Allocation Board
School Facility Program

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on September 30, 2020.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3rd Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.
5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on September 30, 2020 at Sacramento, California.

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To adjust the baseline eligibility for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998.

DESCRIPTION

The districts listed on Attachment A have received eligibility approval for new construction. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.51.

The districts listed on Attachment B have received eligibility approval for modernization. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.61.

RECOMMENDATIONS

1. Approve an adjustment to the new construction eligibility baseline determination as shown on Attachment A.
2. Approve an adjustment to the modernization eligibility baseline determination as shown on Attachment B.
3. Provide that this approval of adjusted eligibility determination does not constitute a commitment for future funding by the State Allocation Board.

KEY TO ADJUSTMENTS

NEW CONSTRUCTION ONLY

- (a) Reduced by the number of pupils provided grants in a new construction School Facility Program (SFP) project and by the number of pupils that received a Preliminary Apportionment pursuant to Section 1859.140 or a Preliminary Charter School Apportionment pursuant to Regulation Section 1859.162.2.
- (b) Reduced by the number of pupils housed, based on the loading standards pursuant to Ed. Code Section 17071.25(a)(2)(A), in a new construction LPP project funded under the provisions of the LPP pursuant to Regulation Section 1859.12 or 1859.13.
- (c) Reduced by the number of pupils housed in additional classrooms constructed or purchased based on the loading standards, pursuant to Ed. Code Section 17071.25(a)(2)(A), in a modernization SFP project.
- (d) Adjusted as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.
- (e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years, except as provided in (j) below.
- (f) Adjusted as a result of errors or omissions by the district or by the Office of Public School Construction (OPSC).
- (g) Adjusted as result of amendments to the SFP Regulations that affect the eligibility.
- (h) Increased by the number of pupils eligible for grants pursuant to Regulation Section 1859.82(a).
- (i) Reduced by the number of pupils housed in classrooms provided after the baseline eligibility was determined by the State Allocation Board, with 12 exceptions at Regulation Section 1859.51(i).
- (j) For Small School Districts, following a **3-year period after the district's eligibility was approved by the Board**, decreased by any reduction in projected enrollment, and by any increase in pupils in the latest CDE operational grant report per Ed. Code Sec. 42268.
- (k) Adjusted for any changes in classroom inventory as a result of a reorganization election.
- (l) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.
- (m) As directed by the SAB due to finding a Material Inaccuracy pursuant to Section 1859.104.1.
- (n) Increased by the number of pupils that received a Preliminary Apportionment that was rescinded pursuant to Section 1859.148 or a Preliminary Charter School Apportionment that was rescinded pursuant to Section 1859.166.
- (o) Adjusted for operational grant changes as determined/provided by the California Department of Education.
- (p) For High School Attendance Area (HSAA) districts with Preliminary Apportionments within the 2002 or 2004 Critically Overcrowded School Facilities Account, adjusted in accordance with Regulation Section 1859.51(p)(1), (2), or (3).
- (q) Adjusted by the difference between the Alternative Enrollment Projection for the current enrollment reporting year and the projected enrollment determined pursuant to Section 1859.42 for the current enrollment reporting year, or by the eligibility remaining from this calculation that can no longer be utilized if the funds made available pursuant to EC Section 17071.75(a)(1)(A) have been exhausted.
- (r) Adjusted per Ed. Code Sec. 17071.75(b)(2) by the number of pupils housed, based on the loading standards per Ed. Code Sec. 17071.25(a)(2)(A), in any classroom(s) where title was relinquished to the School District receiving the transferred classrooms.

KEY TO ADJUSTMENTS

MODERNIZATION ONLY

- (a) Reduced by the number of pupils provided grants in a modernization SFP project or CSFP Rehabilitation project at the specific site.
- (b) Reduced by the number of pupils housed, based on the loading standard pursuant to EC Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Regulation Section 1859.14 and 1859.15.
- (c) Increased by changes in projected enrollment in subsequent enrollment reporting years.
- (d) (1) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or, (2) as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.
- (e) Adjusted as a result of errors or omissions by the district or by the OPSC.
- (f) Adjusted as result of amendments to the Subgroup 5.5 Regulations that affect the eligibility.
- (g) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.
- (h) As directed by the SAB due to finding a Material Inaccuracy pursuant to Regulation Section 1859.104.1.
- (i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Regulation Section 1859.78.8.
- (j) Adjusted as a result of the Reconfiguration of an existing high school under the Small High School Program.
- (k) Decreased for facilities that were deemed eligible for modernization pursuant to Regulation Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.
- (l) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, per Ed. Code Section 17079 et seq.
- (m) Adjusted as a result of classrooms demolished and replaced pursuant to Regulation Section 1859.82.

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the January 2020 Board meeting, the Board elected to provide an increase adjustment of 2.08 percent to SFP projects for calendar year 2020. The projects listed on the Attachment reflect the Board's action of the adoption of the 2.08 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

“When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77.”

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

PURPOSE OF REPORT

To recommend accounting revisions to close out a completed project.

DESCRIPTION

A review of expenditures reported by the District has been made in accordance with School Facility Program (SFP) Regulation Section 1859.106 and the revisions indicated are necessary to close out this completed project.

The District incurred additional eligible expenditures per SFP Regulation Sections 1859.74 and 1859.106 and may receive additional hazardous waste removal funding in the amount of \$59,035.41. The District was also over-funded for Department of Toxic Substances Control (DTSC) costs in the amount of \$12,974.97. The District has concurred with these findings and is eligible for an additional apportionment in the amount of \$23,030.22.

PURPOSE OF REPORT

To recommend accounting revisions to close out a completed project.

DESCRIPTION

A review of expenditures reported by the District has been made in accordance with School Facility Program (SFP) Regulation Section 1859.106 and the revisions indicated are necessary to close out this completed project.

This is a Charter School Facilities Program (CSFP) project and has savings in the amount of \$28,043.81. SFP Regulation Section 1859.169.1 states “Projects funded under the CSFP do not generate savings pursuant to Section 1859.103. In addition, State funds remaining at the completion of the project may not be used to satisfy the local matching share obligation. Remaining funds must be returned to the State.” The Charter School has concurred with the findings and agrees to return the State funds in the amount of \$28,043.81.

4. Require the Charter School to return State funds in the amount of \$28,043.81.

SCHOOL FACILITY PROGRAM

SUBSTANTIAL PROGRESS REDUCTION TO COSTS INCURRED

PURPOSE OF REPORT

To present School Facility Program (SFP) project apportionment to be reduced to eligible costs incurred.

DESCRIPTION

The SFP project listed on the Attachment are financial hardship County Office of Education (COE) that received a separate design and site fund release. The COE has either requested to have their project reduced to costs incurred or have not met the substantial progress requirement or have indicated that they will be unable to move forward with the SFP project listed on the Attachment. The COE has requested that their apportionment be reduced to costs incurred to recognize eligible costs for the separate design and site phase.

AUTHORITY

Pursuant to Education Code Section 17076.10(b), sufficient evidence of substantial progress for the design, site and adjusted grant apportionments shall be due 18 months from the date any funds were released to the district. The SFP Regulation Section 1859.105 requires that when an apportionment is reduced to project costs incurred or rescinded, all State funds not used to finance eligible expenditures are to be returned to the State Allocation Board (SAB). The SFP Regulations also stipulate that interest earned on State funds, which is not used to finance eligible expenditures, is due to the SAB.

RECOMMENDATIONS

1. Find that the COE is unable to meet the substantial progress requirements or indicated that they will be unable to move forward with the project listed on the Attachment.
2. Reduce the funded apportionment to costs incurred for the project listed on the Attachment.
3. Direct Staff to adjust the District baseline eligibility, according to the increases (identified in the "Pupils Returned to the District's Baseline" column) on the Attachment, once all funds due to the State have been received.

Facility Hardship / Rehabilitation Program

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, September 30, 2020

FACILITY HARDSHIP / REHABILITATION PROGRAM

SCHOOL DISTRICT DATA

School District: Trinity Alps Unified
Application Number: 51/76513-00-001
Total District Enrollment: 679
County: Trinity

School Name: Trinity High
Project Grade Level: 9-12
Financial Hardship: Yes

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(5). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District qualifies for financial hardship using “other evidence of reasonable effort as approved by the SAB” on February 26, 2020.

TYPE OF REQUEST

State Allocation Board (Board) approval for an immediate Apportionment for a School Facility Program (SFP) Facility Hardship replacement project.

Total Project Cost: \$7,206,588.00
Total Cost to the State: \$7,162,928.59

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

In June of 2019, Trinity Alps Unified School District became aware of potential mold growth in the gymnasium building at the Trinity High School site. Observations by a licensed industrial hygienist, on September 13, 2019 and September 14, 2019 confirmed the presence of extensive mold growth throughout the gymnasium including the locker rooms and ceiling insulation throughout the building. The building was determined to be unsafe for occupation by students and staff and subsequently closed. A follow up report dated September 19, 2019, by Interstate Restoration LLC. indicates that “multiple areas throughout the school have been identified needing mold abatement before students can be allowed back into the building to resume regular activities.”

SCOPE OF PROJECT

Mitigation work consists of mold abatement on all surfaces, including the removal and replacement of ceiling tiles and drywall, the cleaning of all HVAC systems and components, and performing the necessary repairs to prevent future water intrusion and return the affected facilities to pre-loss condition.

STATUS OF SCHOOL SITE

The gymnasium at the Trinity High School site is closed to occupancy. The first phase of work to mitigate the mold has been completed. The District anticipates completing the second phase of work to restore the gymnasium to pre-loss conditions pending approval of this request.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL OCCURENCE

The Trinity County Environmental Health Division has provided written concurrence that supports the industry specialist's findings and recommended work to mitigate the health and safety threat.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff completed site visits on September 4, 2019 and November 19, 2019.

AUTHORITY

See Attachment A

RECOMMENDATIONS

1. Approve the District's request for an immediate Apportionment for replacement funding for the mitigation of mold and subsequent rehabilitation of the gymnasium building at the Trinity High School site pursuant to the Board's approval on February 26, 2020 and SFP Regulation Section 1859.82(a), as provided on Attachment B.
2. Provide that the State portion of any and all savings which may be realized from the funding of this Facility Hardship project must be returned to the State.
3. Provide that in the event local bond proceeds become available prior to the District's submittal of the final Expenditure Report for the project, the District shall apply any available proceeds to the Financial Hardship grant provided.
4. Provide that the District's Modernization eligibility for the gymnasium building will be reset to the date of Apportionment of replacement funds.

ATTACHMENT A

AUTHORITY

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.81 states:

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

- a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education....
- b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district....
- c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:
 1. The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.
 2. The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).
 3. It is a County Superintendent of Schools.
 4. The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.
 5. Other evidence of reasonable effort as approved by the SAB....

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when: The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at

ATTACHMENT A

risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(2) states in part, “If the total cost to remain in the classroom or related facility is greater than 50 percent of the Current Replacement Cost and the Application is for replacement facilities, the district may qualify for a grant for a new or replacement school or replacement facilities as a new construction project.”

SFP Regulation Section 1859.82 further states, “If the district qualifies for repair of a Qualified Historical School Building pursuant to (a)(1)(A)3. or replacement facilities on the same site pursuant to either (a)(1)(A)2. or (a)(2) above, the district is eligible for funding as a new construction project. Replacement facilities and square footage amounts used to determine funding for a Qualified Historical School Building shall be allowed in accordance with the square footage amounts provided in the chart in Section (b) below...The square footage provided, after accounting for all useable facilities on the site, shall not exceed the following:”

Facility	Elementary School Pupils	Middle School Pupils	High School Pupils
Multi-Purpose (includes food service)	5.3 sq. ft. per pupil minimum 4,000 sq. ft.	5.3 sq. ft. per pupil minimum 5,000 sq. ft.	6.3 sq. ft. per pupil minimum 8,200 sq. ft.

The District is required to submit a valid Fund Release Authorization (Form SAB 50-05) within 18 months of the date of the apportionment; otherwise, the apportionment will be rescinded without further board action.

Provide that the State portion of any and all project savings realized from the funding of this Facility Hardship Program project must be returned to the State.

In the event local bond proceeds become available prior to the District's submittal of the final Expenditure Report for the project, the District shall apply any available proceeds to the Financial Hardship grant provided.

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(5). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District qualifies for financial hardship using "other evidence of reasonable effort as approved by the SAB" on February 26, 2020.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Based on the Board's action on June 5, 2017, this project is subject to the Grant Agreement submittal pursuant to School Facility Program Regulation Section 1859.90.4.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

SCHOOL DISTRICT DATA

School District: Greenfield Union Elementary
Application Number: 58/66035-00-002
Total District Enrollment: 3,550
County: Monterey

School Name: Mary Chapa Academy
Project Grade Level: K-6
Financial Hardship: Yes

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(1). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's outstanding bonded indebtedness (as of April 15, 2020) is at least 60 percent of its total bonding capacity.

TYPE OF REQUEST

State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Facility Hardship replacement project.

Estimated Total Project Cost: \$352,640.00
Estimated Cost to the State: \$291,913.70

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

The fire alarm system at Mary Chapa Academy has failed and is no longer reliable to provide warning in case of a fire. The system has consistently malfunctioned, generating multiple false alarms over the past several years. There are indications of rewiring between panels as a stop-gap measure, however this does not allow the panels to operate as a coordinated system in the event of a fire. The system does not meet current fire codes and the extensive failures throughout multiple components of the system indicate that the system cannot be retrofitted. According to a report by ACIES Engineering, dated January 16, 2019, "Nuisance tripping events have been reported by District staff during rainy periods. This is indicative of the signal line circuit cable not being appropriate for the environment for which it is installed," and "The existing conditions represent an imminent health and life-safety hazard."

SCOPE OF PROJECT

The scope of this project includes the replacement of the fire alarm system in multiple buildings on the site.

STATUS OF SCHOOL SITE

Construction is expected to begin in the Spring of 2021. The project is anticipated to be completed during the Summer of 2021.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The Greenfield City Fire Department has provided written concurrence from their Fire Chief supporting the industry specialist's findings and recommended work to mitigate the health and safety threat.

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from an industry specialist and photographs in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATIONS

1. Approve the District's request for an unfunded approval for the replacement of the fire alarm system at the Mary Chapa Academy site, pursuant to SFP Regulation Section 1859.83(e) as shown on Attachment B.
2. Provide that the State portion of any and all savings which may be realized from the funding of this Facility Hardship project must be returned to the State.

AUTHORITY

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable

Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:

- a. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or
- b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

Regulation Section 1859.83(e) states:

Excessive Cost for rehabilitation of facilities the Board has determined are a health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the cost/benefit analysis to mitigate the problem and remain in the facility is less than 50 percent of the Current Replacement Cost of the facility. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. If the district qualifies, the district is eligible for funding of Rehabilitation Costs as a modernization project. If the Approved Application is received on or before April 29, 2002, the grant amount provided is 80 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the

ATTACHMENT A

OPSC and approved by the Board. If the Approved Application is received after April 29, 2002, the grant amount provided is 60 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. An additional grant may be provided for high performance incentive pursuant to Section 1859.77.4 provided that the high performance points attained are related to the scope of the Facility Hardship project. For any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.78.1(a). For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the grant may be adjusted in the manner prescribed in Section 1859.78.1(b) and subject to the limitations established in Section 1859.78.1(c).

State of California
State Allocation Board
Full-Day Kindergarten Facilities Grant Program

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on September 30, 2020.

WHEREAS, the Board has determined to be approvable a number of projects for new construction or retrofit eligibility of kindergarten facilities for school districts, it is making apportionments and/or adjustments for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Section 17375.

NOW THEREFORE, BE IT RESOLVED:

1. The Board anticipates that the school district(s) will pay certain capital expenditures in connection with some or all of the project(s) cost.
2. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use General Fund proceeds that are available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable laws and regulations.
3. This Resolution shall be continuously available for inspection by the general public during normal business hours at the office of the Board at 707 Third Street, 6th Floor, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on September 30, 2020 at Sacramento, California.

This project is being amended as a result of the removal of the previously authorized additional grant for automatic sprinkler system, which was not included in the approved plans and specifications.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

This project is subject to the Grant Agreement submittal pursuant to Regulation Section 1860.17.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The District qualifies for financial hardship pursuant to Regulation Section 1860.14(a)(3). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's total bonding capacity (as of August 13, 2019) is \$5 million or less.

Advance funds in the amount of \$243,940.00 were previously released to the District. The remaining funds in the amount of \$1,419,076.00 (\$1,663,016.00 less advance funds released and available district contribution) will be released by OPSC upon the receipt of a valid, signed Grant Agreement as specified in Regulation Section 1860.17 and a complete Fund Release Request (Form SAB 70-02).

SCHOOL DISTRICT DATA

School District: Greenfield Union Elementary
Application Number: 71/66035-00-001
Total District Enrollment: 3,550

County: Monterey
School Name: Mary Chapa Academy
Project Grade Level: K-8
Financial Hardship: Yes

The District qualifies for financial hardship pursuant to Regulation Section 1860.14(b)(1). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees of equal alternative revenue source justified by law. The District's outstanding bonded indebtedness at the date of request (April 4, 2019) is at least 60 percent of the bonding capacity.

PURPOSE OF REPORT

To present the District's request for the following:

- Allow a change in scope for a Full-Day Kindergarten Facilities Grant Program (FDKFGP) project.
- Approve a time extension to submit the fund release request.

DESCRIPTION

On May 22, 2019, the District received an Apportionment in the amount of \$2,078,434 for a FDKFGP project. The project as originally approved consisted of retrofitting nine existing classrooms adjacent to the Kindergarten playground to be Title 5 compliant Kindergarten classrooms. The site currently has two Title 5 compliant Kindergarten classrooms to house the District's existing full day kindergarten program.

Program regulations require the District to obtain plan approval from the Division of the State Architect (DSA) and the California Department of Education (CDE), and submit a *Fund Release Request* (Form SAB 70-02) to the Office of Public School Construction (OPSC) within 12 months of the Apportionment date.

The District was required to submit CDE and DSA approvals by May 23, 2020. The District has not yet submitted plans to DSA for review as design is not yet completed. The District and its architect have selected a different design from the original design concept that would be more 'in alignment with the District's long-term Facilities Master Plan". The District submitted an appeal request on May 22, 2020 asking to modify the scope and be granted a time extension to submit the *Fund Release Request* (Form SAB 70-02) by June 30, 2022.

AUTHORITY

See Attachment A.

BACKGROUND

Assembly Bill 1808, the Education Finance: Education Omnibus Trailer Bill, was signed by the Governor on June 27, 2018 and established the FDKFGP, commencing with Education Code Section 17375. The FDKFGP allows school districts that lack the facilities to provide full-day kindergarten to apply for one-time grants to construct new school facilities or retrofit existing facilities for the purpose of providing full-day kindergarten classrooms. Applications may be approved in advance of the District obtaining DSA and CDE approvals.

The Greenfield Union Elementary School District is a K-8 school district located in Greenfield, in Monterey County. The District has five existing school sites. Mary Chapa Academy with a student population of 879, is the District's largest campus.

The District was apportioned for an advance request for FDKFGP funding in May 2019. Around the time this project was approved, the District discovered electrical and fire alarm issues throughout the campus and at two other campuses that posed health and safety risks for students and staff. The District submitted requests in February 2020 and April 2020 for Facility Hardship funding to mitigate these issues. These facility hardship projects, a new construction project, and the FDKFGP project will all be part of the District's long-term Facilities Master Plan. The SAB approved Design funding for the facility hardship projects at the August 26, 2020 meeting.

The District determined that the original location of the retrofit for the nine classrooms as part of the FDKFGP project (rear of the campus), is not practical and would like to move forward with retrofitting nine existing classrooms located at the front of the campus as it is closer to the drop-off/pick-up zone located on El Camino Real. With the changes to the planned design, the District did not meet the deadlines to obtain CDE and DSA approvals.

As a result, the FDKFGP project at Mary Chapa Academy did not meet the required due date to submit CDE and DSA approvals and would have been rescinded on May 22, 2020. However, the status of the project will be determined by the outcome of this appeal request.

Status of the Project

The District is waiting to receive State Allocation Board approvals for this appeal before it will complete the design for the newly proposed combined projects. Once the design is complete, the District will then submit the plans to DSA and CDE for approval.

STAFF ANALYSIS/STATEMENTS

District Position

The District requests approval of a change in scope for the following considerations:

- “The architect, in conjunction with District staff, found that the TK/K programs would be better served at the front of the campus.”
- “The current nine classrooms are located at the rear of the campus, far away from the student drop-off/pick-up zone and adjacent to busy on- and off-ramps for CA Hwy 101.”

The full text of the District’s request is included as Attachment B.

Staff Position

Scope Change

The District is requesting to modify the scope of work by designating different classrooms for the retrofit work. Staff has analyzed and determine that the outcome of the change request still meets the FDKFGP criteria to qualify for funding and the preference points would still be the same irrespective of which particular nine non-Title 5 compliant Kindergarten classrooms are to be retrofitted on the campus. Some of the re-designated classrooms will be undergoing facility hardship remediation but the work will be separate from the FDKFGP retrofit work. In addition, the proposed design appears best address the safety of the students.

Time Extension

The District was required to submit the State agency approvals, Form SAB 70-02 by May 22, 2020, based on the prior scope of work. If the scope change is approved, the District is requesting an extension be granted to submit the Form SAB 70-02 by June 30, 2022. The District is basing their timeframe since they have not submitted plans to DSA and will need adequate time to obtain all the State agency approvals and enter into the construction contract before requesting a release of funds.

FDKFGP Regulation Section 1860.4 states that “funds available for the Program from the 2018-2019 Budget Act must be encumbered by the Board by June 30, 2021.” Funds that have been rescinded can be used to provide additional apportionment or be returned to the General Funds. Once encumbered, by Board, the funds must be released by June 30, 2023.

STAFF ANALYSIS/STATEMENTS (cont.)

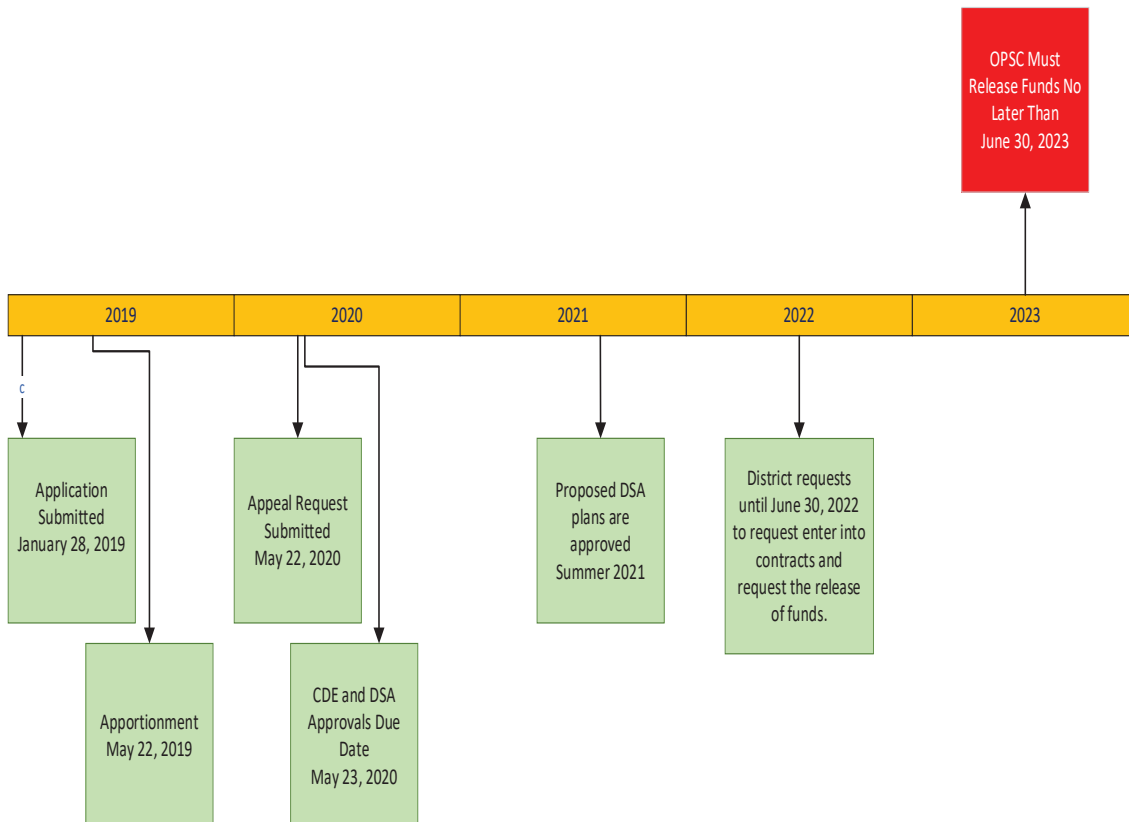

The District has proposed the following timelines to meet the extension due date:

- Late 2020 - Complete the design of the project.
- Early 2021 - Submit plans to DSA.
- Summer 2021 - DSA plans are approved.
- Fall 2021 - Construction will commence and allow the District to submit the Form SAB 70-02

Staff has determined if the District has signed contracts by June 30, 2021, there is flexibility to release the funds no later than June 30, 2023 and the fund release deadline by the State Controller’s Office will still be met.

Staff does not see an issue with the proposed timeline but emphasizes that the goals of receiving State agency approvals and signing of the construction contract will need to be met. Otherwise, \$2,078,433 will revert to the state’s General Fund, as there will not be enough time to fund any other districts if the District is unable to submit a Form SAB 70-02 by the June 30, 2022.

The following timeline outlines proposed and critical due dates for the project:

Conclusion

Staff supports the District's requests for a scope change and the extension request. Targeting different classrooms on the site does not impact the intent of the original approved project. As the deadline for approvals has already passed, Staff believe a two-year extension is adequate and does not jeopardize the program's funding requirements.

BOARD OPTION

Pursuant to the Rules and Procedures of the State Allocation Board, "Staff is providing the following option for the Board's consideration. A positive vote by six members is required for the Board to take action that is an alternative to Staff's administrative action. Absent a positive vote by six members of the Board, Staff's administrative action will stand, and the school district's appeal will be considered closed."

BOARD ACTION

In considering this Item, the Board approved the District's appeal request. The approval consisted of 1) a change of scope which would target different classrooms on the site and not impact the intent of the originally approved project; and 2) a two-year time extension to submit the fund release request (until June 30, 2022).

Full-Day Kindergarten Facilities Grant Program (FDKFGP) Regulation Section 1860.4. Funding Guidelines

(a) For the funding provided pursuant to Section 1860.3(a), funds available for the Program from the 2018-2019 Budget Act must be encumbered by the Board by June 30, 2021. Funds that are not completely encumbered or that return to the Program through project rescissions may be applied as follows:

(1) Any funds that return on or before June 30, 2021, shall be returned to the Full-Day Kindergarten Facilities Grant Program Account and may be used to provide additional Apportionments.

(2) Any funds that return, or remain unencumbered by the Board, on or after June 30, 2021, shall be returned to the General Fund.

(b) For the funding provided pursuant to Section 1860.3(b), funds available for the Program from the 2019-2020 Budget Act must be encumbered by the Board by June 30, 2022. Funds that are not completely encumbered or that return to the Program through project rescissions may be applied as follows:

(1) Any funds that return on or before June 30, 2022, shall be returned to the Full-Day Kindergarten Facilities Grant Program Account and may be used to provide additional Apportionments.

(2) Any funds that return or remain unencumbered by the Board, on or after June 30, 2022, shall be returned to the General Fund.

(c) New school facilities built in accordance with the Program shall not be included in the eligibility determination used for the purposes of the School Facilities Program pursuant to EC Section 17071.25.

FDKFGP Regulation Section 1860.16. Fund Release Process.

OPSC will release State funds that have been Apportioned by the Board pursuant to Sections 1860.9, 1860.10, 1860.10.2, 1860.10.3 and 1860.12 when the following requirements have been satisfied:

(a) For an advance fund release for design costs, 40 percent of the grant determined in 1860.9(a) or 25 percent of the grant determined in 1860.12(a) will be released once an executed design, or design and site, Grant Agreement, as required by Section 1860.17, has been received by OPSC.

(b) For an advance fund release for two percent site other costs, funds will be released once an executed site, or design and site, Grant Agreement, as required by Section 1860.17, has been received by OPSC.

(c) For an advance fund release for site acquisition costs, other than two percent site other, funds will be released once an executed site, or design and site, Grant Agreement, as required by Section 1860.17, has been received by OPSC and the following requirements have been met:

(1) The School District has entered escrow for the site.

(2) There has been a final appraisal of the site.

(3) The School District received either contingent or final site approval from the California Department of Education.

(4) A complete Form SAB 70-02 has been received by OPSC.

ATTACHMENT A

(d) For New Construction Grant or Retrofit Grant funding, all unreleased funds will be released once an executed full grant agreement, as required by Section 1860.17, has been received by OPSC and the following requirements have been met:

(1) The School District's applicable matching share has already been deposited or expended by the School District for the project, unless the School District meets the requirements for Financial Hardship pursuant to Section 1860.14.

(2) The School District has entered into a binding contract(s) for the completion of the project.

(3) The plans and specifications applicable to the state funded project have been approved by DSA.

(4) If the project includes site acquisition, there has been a final appraisal of the site, the site received written final approval by CDE and the School District has entered escrow for the site.

(5) A complete Form SAB 70-02 has been received by OPSC.

...

(f) For an Apportionment received pursuant to Section 1860.7(b) and 1860.7(d), where submittal of the necessary CDE plan approval and/or DSA-approved plans and specifications were not required at the time the Board granted an Apportionment, the School District has up to 12 months to submit the required approvals from the date of Apportionment. If the required submittals are not received within 12 months, the Apportionment shall be rescinded and the Full-Day Kindergarten Facilities Grant will return to the Program for reallocation.

SCHOOL DISTRICT Greenfield Union School District	APPLICATION NUMBER 71/66035-00-001
SCHOOL NAME Mary Chapa Academy	COUNTY Monterey
DISTRICT REPRESENTATIVE Mr. Fernando Nieto	E-MAIL ADDRESS fnieto@greenfield.K12.ca.us

Purpose of Request:

GUESD is requesting a change in scope and a time extension to the currently-approved Full Day Kindergarten Grant Program funding for the Mary Chapa Academy campus. The District is requesting that the June 30, 2022 date be used to submit the Form SAB 70-02 for the current Application Number 71/66035-00-001.

GUESD currently provides a full-day kindergarten schedule and the facilities are still needed at Mary Chapa Academy. The facilities need to be retrofitted to convert existing classrooms into Title 5 compliant Kindergarten classrooms.

Basis of Request:

- Law (Statute) _____
- Regulation Title 2, Article 1 FDKFGP
- Other (specify) _____

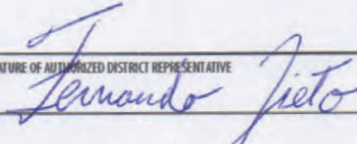

Description:

The District has been approved to receive funding from the FDKFGP to retrofit nine classrooms. However, during the first year of the project, the architect, in conjunction with District staff, found that the TK/K programs would be better served at the front of the campus. The current nine classrooms are located at the rear of the campus, far away from the student drop-off/pick-up zone and adjacent to busy on- and off-ramps for CA Hwy 101.

Therefore, in alignment with the District's long-term Facilities Master Plan, the goal is to relocate all TK-K programs to the front of the campus. Unfortunately, critical structural and electrical problems have been discovered in the new location. Applications for facilities hardship have been submitted to the OPSC to address the health and safety issues in the new location.

Pending approval by the SAB of the facility hardship projects and the FDK appeal, the District would finish the design work by the end of 2020, submit to the DSA by early 2021, with plan approval around Summer of 2021. Construction would commence in the Fall of 2021.

The attached maps present A) the current layout, B) the proposed relocation for the nine Kindergarten classrooms, and C) the long-term plan for the campus reconfiguration.

SCHOOL DISTRICT DATA

School District: Pioneer Union Elementary
Application Number: 50/63990-00-003
Total District Enrollment: 1,605

County: Kings
School Name: Pioneer Elementary
Project Grade Level: K-5
Financial Hardship: NO

PURPOSE OF REPORT

To present the District's request to approve a new construction application for funding based on an enrollment period that differs from the enrollment period in which the application was processed.

DESCRIPTION

The District is requesting the Board's approval of a new construction project that consists of removing 12 excluded portables and building back 12 permanent classrooms. The project was completed in September 2019. The District had available K-6 pupil grants in its new construction eligibility at the time the funding application was submitted on October 26, 2016 but did not have the sufficient eligibility required to qualify for all School Facility Program (SFP) funding requested at the time the full funding application was processed in August 2019.

The District requested 200 K-6, 49 7-8, and 11 Special Day Class (SDC) Non-Severe pupils grant totaling to \$3,323,691 but only received 13 SDC Non-Severe pupil grants totaling to \$297,986, as 13 was the maximum number of pupil grants available from the new construction eligibility at the time application was processed using the 2018/2019 enrollment year projection.

The District is requesting to use its new construction eligibility based on the 2013/2014 enrollment year projection. If the Board approves the District's Appeal Request, the District will receive approximately \$3,064,067 more than the funding already provided based on the 2018/2019 enrollment year projection.

The new construction eligibility update based on 2018/2019 enrollment resulted in the following available eligibility amounts:

BACKGROUND

The Pioneer Union Elementary School District is a small school district located in Kings County and has a 2019/2020 student enrollment of 1,605. Pioneer Elementary School is one of the District’s three school sites which are all located in city of Hanford. The school serves grades K-5 students.

The District established district-wide SFP New Construction eligibility in May 1999. Prior to the submittal of this new construction funding application, the last update to the New Construction eligibility was for the 2007/2008 enrollment year resulting in the following eligibility:

**Pioneer Union Elementary School District
New Construction Eligibility
(Based on 2007/2008 enrollment update)**

K-6	7-8	9-12	Non-Severe	Severe
190	87	0	11	0

*During the appeal review, staff determined that a correction is needed. The new construction eligibility reflects the adjustments that will take place at a future State Allocation Board meeting.

In October 2014 the District submitted a district-wide SFP New Construction eligibility update using the 2013/2014 enrollment year. At this time bond authority in the SFP was exhausted and per Board direction, staff was not processing eligibility updates. Had the update been processed it would have resulted in the following eligibility:

**Pioneer Union Elementary School District
New Construction Eligibility
(Based on 2013/2014 enrollment update)**

K-6	7-8	9-12	Non-Severe	Severe
202	50	0	10	0

In October 2016, the District submitted a new construction funding application for Pioneer Elementary School, Application Number 50/63990-00-003, for the construction of 11 (K-5) grade level and 1 SDC Non-Severe grade classrooms with an initial request of 200 (K-6), 49 (7-8), and 11 SDC Non-Severe pupil grants.

BACKGROUND (cont.)

At that time, new construction bond authority was exhausted, and the application was not processed and was placed on the Applications Received Beyond Bond Authority (ARBBA) List. In accordance with SFP Regulations, the District submitted the required board resolution acknowledging the following along with its application for funding:

- That the remaining SFP bond authority is currently exhausted for the funds being requested on these applications.
- That the State of California is not expected nor obligated to provide funding for the projects and the acceptance of the applications does not provide a guarantee of future State funding.
- That any future State bond measures for the SFP may not provide funds for the applications being submitted.
- That criteria under a future State school facilities program may be substantially different than the current SFP. The District's Approved Application(s) may be returned.
- That they are electing to commence any pre-construction or construction activities at the District's discretion and that the State is not responsible for any pre-construction or construction activities.

In November 2016 voters approved the Kindergarten Through Community College Public Education Facilities Bond Act of 2016 (Proposition 51) which provided \$3 billion for new construction.

Demonstration of Current Need for New Construction Projects

Upon passage of Proposition 51, the Board endeavored to ensure that new bond funds were provided only for new construction projects with current unhoused pupil needs at the time the applications were processed. At the June 5, 2017 meeting, the Board took action to move all projects from the ARBBA list to OPSC's active workload list while also requiring districts to update new construction eligibility for the enrollment year in which the application is processed by OPSC in order to demonstrate a current need for additional classrooms. At the same meeting, the Board stated that it would consider appeals relating to eligibility on a case-by-case basis.

In accordance with the Board's action, districts are required to submit an *Enrollment Certification/Projection* (Form SAB 50-01) to update their eligibility within 90 days of receiving notification from OPSC that an application will be processed.

During the beginning of the OPSC review period for this application in June 2019, the District submitted the Form SAB 50-01 for the 2018/2019 enrollment period.

BACKGROUND (cont.)

Upon reviewing, OPSC determined that the updated new construction eligibility did not support the pupil grants requested, as it resulted in the following projection:

**Pioneer Union Elementary School District
New Construction Eligibility**
(Based on 2018/2019 enrollment update)

K-6	7-8	9-12	Non-Severe	Severe
-25	-7	0	13	0

The District revised the pupil grants request to exhaust the available 13 SDC Non-Severe pupil grants and the project was approved by the Board at the October 23, 2019 meeting for placement on the Unfunded List (Lack of AB 55 Loans). On March 2, 2020, the District submitted a *School District Appeal Request* (Form SAB 189) to request to use the eligibility that may have been available at the time of application submittal in October 2016 to support its request for new construction funding.

Status of the Project

The new construction project is combined with a modernization project that together results in a total of 24 classrooms being replaced by 24 new classrooms along with alterations to existing facilities. The combined projects were completed in October 2019 using the District’s local funds in combination with developer fees and a Certification of Participation used as interim financing.

The District received a Priority Funding Apportionment at the May 2020 Board meeting for the eligible grants based on the 2018/2019 enrollment year. The project was not considered full and final pending the outcome of the District’s appeal.

STAFF ANALYSIS/STATEMENTS

District Position

In its appeal request, the District states the following:

This school was the District’s original school and it housed most of the students (70%) in aging portable classrooms. The project was necessary in order to replace older portable classrooms built in 1991 that are now 28 years old, as well as, coordinate the new construction work with the modernization project. The modernization project was designed to upgrade the office, library and replace 12 of the portable with permanent classrooms. The new construction project replaces another 12 portables with new permanent classrooms...

STAFF ANALYSIS/STATEMENTS (cont.)

The end result of these two projects was to remove the old portables that were at the end of their life cycle and bring equity in facilities to the school which has the District's greatest percentage of unduplicated students.

The District also states the following:

Approval of this appeal is being requested as the modernization and new construction project was built in anticipation of receiving State funding when the next state bond passed (which occurred with Prop 51 in November 2016). This project was a major priority for the district, as it was needed in order to provide a permanent and safer environment for our students attending the Pioneer Elementary School.

The full text of the District's request is included as Attachment B.

Staff Position

Application Timing and 2018/2019 Enrollment Projections

On November 1, 2012, the Board's regulations to create the ARRBA List were approved by the Office of Administrative Law. The ARRBA List was created by the Board to allow school districts to continue to submit applications when bond authority has been exhausted. The District adopted a resolution in August 2016 acknowledging the lack of bond authority in anticipation of submitting an application to OPSC. The District submitted an *Application for Funding* on October 26, 2016.

OPSC began processing the District's application in August 2019. The enrollment update submitted to OPSC during processing for 2018/2019 did not generate sufficient new construction eligibility to support all of the pupil grants requested for this project. Therefore, the District reduced the funding requested from 200 (K-6), 49 (7-8), and 11 SDC Non-Severe pupils down to the 13 SDC Non-Severe pupil grants that were available at the time of processing.

The District has also stated that it would still not have sufficient eligibility if the current enrollment year, 2019/2020, was used.

Enrollment Projections & Cohort Method

To determine new construction eligibility, a district must demonstrate that existing seating capacity within the district is insufficient to house the anticipated future enrollment generated by the enrollment projection on the Form SAB 50-01 using the Cohort Survival Enrollment Projection (Cohort) method. Through this requirement, districts are afforded an opportunity to demonstrate continued district-wide unhoused pupil need for additional classroom capacity, and the requirement also ensures continued district compliance with the intent and spirit of the statute and supporting regulations.

STAFF ANALYSIS/STATEMENTS (cont.)

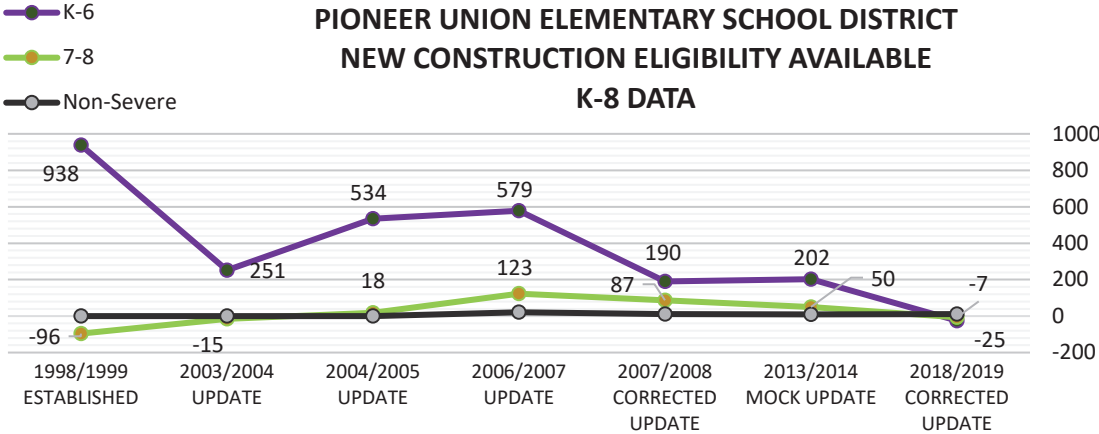

The Cohort is the mathematical means used to determine a district’s enrollment projection. It estimates what a district’s enrollment will be in five or 10 years by observing the trend of enrollment (increasing or decreasing) between grade levels, projecting that the same trend will continue for five or 10 years and allows districts to plan future construction activities accordingly. If a district is experiencing a declining enrollment trend, any enrollment projections submitted during the period of decline would likely result in a downward projection of the district’s future eligibility. Conversely, if district-wide enrollment is trending upwards, it is likely that a district’s eligibility would also increase to account for the projected number of additional pupils.

New Construction Eligibility is determined by calculating the average rate of change for each grade level, based on weighting mechanisms. In the standard calculation, the most recent year is weighted the heaviest. Therefore, the prior year’s kindergarten enrollment has the largest impact on the enrollment projection and depending how much it has increased or decreased from the prior year could determine if the if the district’s enrollment projection results in a positive or negative outcome.

Analysis of the District’s New Construction Eligibility

From 2006/2007 to 2018/2019, the District’s K-6 grade level projected enrollment was on an overall decline which resulted in a decrease in projected need from 579 to -25 K-6 pupils.

The following graph below demonstrates the District’s resulting new construction eligibility from data available:

STAFF ANALYSIS/STATEMENTS (cont.)

Use of 2013/2014 Enrollment

If the eligibility application submitted for the 2013/2014 enrollment year had been processed at the time it was received in October 2014, the District's would have had sufficient eligibility to support the pupil grants requested on the full funding application due to the "three-year lock" afforded Small School Districts. The net projected unhoused pupil need 10 years later was 202 K-6 and 10 SDC Non-Severe pupils.

However, since 2013/2014, the District's K-6 and SDC Non-Severe grade level enrollment has actually decreased. As a result, the overall district-wide pupil enrollment trend coupled with the District's existing school facilities capacity (district-wide) has resulted in less District's New Construction eligibility.

Staff does not support permitting the District to use the potential new construction eligibility it may have had in 2013/2014 to fund the project at Pioneer Elementary School as it does not comply with Board's action taken on June 5, 2017 requiring districts to demonstrate a current capacity need. Moreover, Board approval for this project would represent an unfair funding advantage to the District not extended to other districts experiencing similar current eligibility circumstances.

The projection submitted uses the tenth-year weighting method. The typical five-year projection method uses a weighted mechanism of 1-2-3, where the greatest weight is given to the most current change in enrollment. For the 10-year option, the concept is applied the same way but requires eight years of data and uses a weighted mechanism of 1-2-3-4-5-6-7. For an enrollment update using the 2013/2014 enrollment year, the emphasis of change would be between 2011/2012 and 2012/2013. Using this method, the District's enrollment projection anticipates a K-6 enrollment need of 1,392 K-6 in 2019/2020.

Because the emphasis is between 2006/2007 and 2012/2013 where there was an enrollment increase (whereas the years between 2013/2014 through 2017/2018 reveal a consistent decline in enrollment), the current projection results in a marked increase in enrollment in 2024/2025.

The tenth-year option to update new construction eligibility provides an option for Districts to use longer periods of time to forecast the future enrollment trends. However, given that we are several years past the 2013/2014 enrollment reporting year, additional data points are available to determine if the tenth-year option used by the District accurately projected future growth. Using the data submitted for the 2018/2019 enrollment year, OPSC verified that the 2013/2014 projection was not accurate.

STAFF ANALYSIS/STATEMENTS (cont.)

A comparison between the projected enrollment using 2013/2014 enrollment data with the alternate weighting mechanism proposed by the District and actual enrollment is shown below. Actual enrollment has not materialized as the 2013/2014 enrollment projection would have predicted.

1,202	1,189	1,239	1,209	1,216	TBD	TBD	TBD	TBD	TBD

The District's 2018/2019 enrollment adjustment, approved by the Board on October 23, 2019, confirms that the District no longer has sufficient eligibility to support its original funding application today.

Use of 2020/2021 Enrollment and Increased Pupils Due to Housing Permits

The District has stated in its appeal, that "there are tentative tract maps showing 693 new housing units planned in this community that will soon result in increased enrollment...Students generated from these homes are expected to enroll in the 2020/2021 school year. Therefore, the District is expecting an increase in enrollment from these existing developments beginning in the fall of 2020 through the fall of 2021". However, the amending the enrollment update for 2018/2019 with the 693 dwelling units and does not provide sufficient pupil grants to support the project and staff is unable to verify an increase in enrollment for the 2020/2021 school year.

STAFF ANALYSIS/STATEMENTS (cont.)*Funding Amount Difference Using the 2013/2014 Enrollment Year versus the 2018/2019 Enrollment Year*

If the Board approves the District's Appeal Request, the District will receive approximately \$3,064,067 more in funding based on the 2013/2014 enrollment year eligibility.

Pioneer Union Elementary Project Funding Comparison

Enrollment Year	K-6 Pupil Grants	7-8 Pupil Grants	SDC Non-Severe	SFP Grant Index	Total Estimated State Share
2018/2019	0	0	11	2019	\$1,056,836
2013/2014	202	48	10	2019	\$4,122,903

Other Considerations

The District submitted the application in October 2016 prior to the approval of Proposition 51 in November 2016. Over the next several months, the Board had numerous discussions on how to process projects on the Applications Received Beyond Bond Authority List. With the submittal of the District's application, the District included the school board's August 24, 2016 resolution acknowledging, among other items, they were submitting an application at a time when bond authority was not available.

Despite the acknowledgement and the Board's ongoing discussions, the District issued approximately \$7 million in general obligation bonds in early 2016 and \$9.1 million in Certificates of Participation to start the projects. Construction commenced in 2017 and completed the project in September 2019. The District has indicated that the funding was obtained with the expectation that they would be reimbursed under Proposition 51 and that if the bond measure failed they would have scaled back the project scope. However, even with the Board's decision to verify eligibility at the time of processing in June 2017, the District continued with the project as originally designed.

The District has indicated that denial of the appeal would not likely result in a "qualified" or "negative" budget certification; however, it would jeopardize the district's ability to fund its portion of future modernization projects, other capital outlay projects, and negatively impacts program for students as debt service payments will require expenditures from their general fund.

Prior New Construction Eligibility Appeals

The Board has heard six prior requests to fund applications based on eligibility generated from a different year than which an application was being processed. Of these requests, five of them were approved using the following enrollment year that became available during the processing of the appeal and/or demonstrating the most current eligibility available. One of the appeals was not approved because the District

STAFF ANALYSIS/STATEMENTS (cont.)

was unable to demonstrate a current need and was requesting eligibility based on a prior year, similar to the request in this appeal. See Attachment C.

Conclusion

Staff does not support the District's request as funding would not be based on the current enrollment projection. Staff believes that this option does not conform with the Board's intention of funding projects based on current facility needs at the time of application processing. Further, the District has already indicated the 2019/2020 enrollment projections would not generate eligibility for the project.

BOARD OPTION

Pursuant to the Rules and Procedures of the State Allocation Board, "Staff is providing the following option for the Board's consideration. A positive vote by six members is required for the Board to take action that is an alternative to Staff's administrative action. Absent a positive vote by six members of the Board, Staff's administrative action will stand, and the school district's appeal will be considered closed."

Grant the District's appeal.

BOARD ACTION

In considering this Item, the Board did not make a motion to approve the District's appeal request. Therefore, pursuant to the Rules and Procedures of the State Allocation Board, ". . . Absent a positive vote by six members of the Board, Staff's administrative action will stand, and the school district's appeal will be considered closed."

AUTHORITY

Education Code (EC) Section 17071.75 states in part:

After a one-time initial report of existing school building capacity has been completed, the ongoing eligibility of a school district for new construction funding shall be determined by making all of the following calculations:

(a) A school district that applies to receive funding for new construction shall use the following methods to determine projected enrollment:

...

(g) For a school district with an enrollment of 2,500 or less, an adjustment in enrollment projections shall not result in a loss of ongoing eligibility to that school district for a period of three years from the date of the approval of eligibility by the board.

SFP Regulation Section 1859.2 Definitions states in part:

...

“Small School District” means a school district with current districtwide enrollment reported in Part A, the continuation high pupils reported in Part C, and the Special Day Class pupils reported in Part D on the latest Form SAB 50-01, used to determine or adjust the district’s baseline eligibility pursuant to Sections 1859.50 and 1859.51 or submitted separately to the OPSC, that is 2,500 or less.

SFP Regulation Section 1859.51(j) Adjustments to the New Construction Baseline Eligibility states:

...

(j) For Small School Districts:

(1) Decreased by any reduction in projected enrollment that follows a three-year period after the district’s eligibility was approved by the Board, and either (A) or (B), as applicable:

(A) Increased/decreased by changes in projected enrollment in the 2016/2017 enrollment year using a fifth-year projection or a tenth-year projection if the Form SAB 50-01 was received at OPSC by October 31, 2017.

(B) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years following 2016/2017 using a fifth-year projection or a tenth-year projection.

(2) If the Small School District does not submit an adjustment under (A) or (B) prior to OPSC notification of its schedule to begin processing the School District’s request for new construction funding that was received by OPSC on or after November 1, 2012, then the requirements of (e) shall apply.

School Facility Program Regulation Section 1859.51. Adjustments to the New Construction Baseline Eligibility.

The baseline eligibility for new construction determined on the Form SAB 50-03 will be adjusted as follows:

...

AUTHORITY

(i) Reduced by the number of pupils housed, based on loading standards pursuant to Education Code Section 17071.25(a)(2)(A), in any Classroom Provided after the baseline eligibility was determined by the Board with the exception of those pupils housed or to be housed in a classroom:

(1) That is a trailer and transportable/towed on its own wheels and axles.

(2) Of less than 700 interior square feet.

(3) That is a portable classroom, leased pursuant to Chapter 14 (commencing with Section 17085) of the Education Code.

(4) That is a portable classroom leased for a period of less than five years, whether in a single lease or cumulative total of several leases.

(5) That is a portable classroom that needs to be leased beyond five years to provide interim housing in a modernization or new construction project provided the cumulative lease term does not exceed a specified time period as determined by the SAB not to exceed three years on each qualifying project. For this purpose, a project means all work contained in a single set of construction plans.

(6) Where the contract for the lease, lease-purchase, purchase, or construction of the classroom was made prior to January 1, 2000.

(7) That is included in a SFP project where the district has funded a portion of the project beyond its required district contribution and the pupil capacity of the classroom does not exceed 150 percent of the number of pupils receiving a new construction grant (rounded up) for the SFP project.

**Pioneer Union Elementary, Kings County
Appeal Request for Pioneer Elementary Project 50/63990-00-003**

Pioneer Union Elementary is a small K-8 school district with three schools on the north side of Hanford in Kings County. It serves as a bedroom community for Hanford, Lemoore, Visalia and Tulare and even provides housing for some of the members of the Lemoore Naval Air Station. The district serves a diverse student population in which 43% are eligible for free/reduced meals, English learners, or homeless/foster.

The Pioneer Elementary School project is rather unique in that it is a combination of a new construction project and a modernization project. This school was the District's original school and it housed most of the students (70%) in aging portable classrooms. The project was necessary in order to replace older portable classrooms built in 1991 that are now 28 years old, as well as, coordinate the new construction work with the modernization project. The modernization project was designed to upgrade the office, library and replace 12 of the portables with permanent classrooms. The new construction project replaces another 12 portables with new permanent classrooms. This project was able to use new construction funds to replace the aging portables since several portables were not included in the baseline capacity due to the significant number of portables in the district at the time the baseline was established. The end result of these two projects was to remove the old portables that were at the end of their life cycle and bring equity in facilities to the school which has the District's greatest percentage of unduplicated students.

Now the District is able to house its students in permanent facilities and also have equity with the other two school sites within the district which were built in 2000 and 2008 as well as with the other schools in Hanford and the region in general.

This project has been completed using the District's local bond funds in combination with capital facilities funds and a Certificate of Participation (COP). The COP was used as interim financing until the SAB is able to provide funding for the project. The Governing Board authorized the COP for interim financing rather than delay the project for several reasons:

1. Reduce the negative impact that rising construction costs would have on the scope of the project.
2. Preserve the purchasing power of the pupil grants.
3. Avoid a delay in construction phases which would have mandated resubmittal of the project plans to DSA and, ultimately, increase the cost of the project.

The district submitted its new construction funding application for 12 classrooms on October 26, 2016. At that time, the enrollment projection used was based on the 2013/14 school year data which was allowed since we are a small school district. The projection generated an eligibility of 260 student grants which equaled \$4,337,647 for the State's portion of this project. Due to errors in submission, the district re-submitted its 50-01 form based on the 2013-14 school year. The corrected eligibility resulted in 256 student grants and the State's portion of funding equaled \$3,263,474.

The current rules (that were adopted after this project was submitted) now require an application to be based on eligibility at the time it is processed by OPSC. A SAB 50-01 was submitted using the 2018/19 enrollment. Based on the 2018-19 enrollment, the current eligibility for this project is now only 13 grants resulting in a reduction of state funding of \$2,158,708. A 66% reduction in state funding based on the district's 2013-14 eligibility.

The district is collecting level II developer fees. Even with the increase of level I fees and the level II developer fees the district is authorized to collect, all future developer fees generated from these housing units will be needed to make the COP debt service payments which was intended to be interim financing.

A review of the 2019 enrollment numbers does not show an increase in the eligibility; however, there are tentative tract maps showing 693 new housing units planned in this community that will soon result in increased enrollment. Based on the November 19, 2019 School Facilities Needs Analysis (SNA), these housing units are projected to generate 307 students. Based on discussions with the developers, Lennar, Woodside and San Joaquin Valley Homes, there is a two year build out for these developments with construction of a home taking four to six months once a permit is issued. In the time period of November, 2019 - January, 2020, there were 91 housing permits issued within these developments. Students generated from these homes are expected to enroll in the 2020-21 school year. Therefore, the district is expecting an increase in enrollment from these existing developments beginning in the fall of 2020 through the fall of 2021.

Approval of this appeal is being requested as the modernization and new construction project was built in anticipation of receiving of State funding when the next state bond passed (which occurred with Prop 51 in November 2016). This project was a major priority for the district, as it was needed in order to provide a permanent and safer environment for our students attending the Pioneer Elementary School.

Although enrollment has not materialized as was projected in the original application, significant new housing developments will produce an influx of students in the district in the very near future as demonstrated above. Therefore, the district is requesting funding equal to that of the amended 2013-14 application or, as an alternative, allowing the district to establish its eligibility based on the 2020-21 CBEDS considering the significant housing development that is occurring within the District boundaries.

The funding being requested will allow for the District to pay down the interim financing costs (the COP) that were incurred in order to complete this project in a timeline that was needed to mitigate increasing construction costs, avoid the costs of construction plan resubmittal to DSA, avoid costs

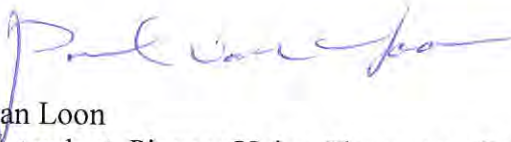

associated with changes in construction code/building regulations and to complete the project in advance of the new housing developments that are planned.

Consequences and negative impacts of reduced state funding:

- Reduced funding will result in depleting the district's debt service fund and developer fee fund and thereby jeopardize the district's next facility projects. All future developer fees collected will be used to pay down the District's COP. Additionally, the debt service payments will require substantial contributions from the district's general funds.
- Pioneer Middle School is eligible for modernization in 2026. Without the anticipated State bond funding based on the 2013-14 projections, it will not be possible for the district to generate a local match for this project as funds will be directed to the debt payment.
- Frontier Elementary School is eligible for modernization in 2032. The COP debt will not be paid off until 2043. With all future developer fees diverted to debt payment, this modernization project is also jeopardized as the district will not be able to provide matching funds.
- Increased debt that is the result of reduced State funding will divert fiscal resources intended for programs and services to students to be allocated to debt service payments. Thereby, negatively impacting the educational opportunities for our students.

Considering the articulated facts and impacts, the district respectfully requests an increase in funding from the 13 grants currently being approved for the project, to a total of 256 grants as originally requested or, as an alternative, allow the district to establish its eligibility based on the 2020-21 CBEDS considering the significant new housing development within the district boundaries.

Sincerely,

Paul van Loon
Superintendent, Pioneer Union Elementary School District

PIONEER UNION ELEMENTARY SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2018

On May 3, 2016, the District deposited \$278,637 of cash reserves held with a fiscal agent/trustee in the Debt Service Fund into an escrow account and issued refunding certificates of participation in the amount of \$2,595,000 to refund \$2,640,000 of the outstanding 2006 certificates of participation with an interest rate of 2.00% and pay the related costs of issuing the new refunding certificates. The net proceeds were deposited into an irrevocable trust to provide future debt service on the refunded portion of the 2006 certificates of participation. As a result, that portion of the 2006 certificates of participation is considered defeased and the District has removed the liability from its accounts. The District's portion of future payments are as follows:

Year Ending June 30,	Principal	Interest	Total
2019	\$ 185,000	\$ 45,681	\$ 230,681
2020	185,000	41,981	226,981

Totals	<u>\$ 2,255,000</u>	<u>\$ 276,427</u>	<u>\$ 2,531,427</u>

On May 16, 2018 the District issued certificates of participation of \$9,170,000 (2018 Capital Improvement Projects) with interest rates ranging from 2.00% to 3.75%. The District issued the certificates of participation to finance the acquisition and improvement of real property to be used as educational facilities by the District and pay costs of delivery of the certificates. The District's portion of future payments are as follows:

Year Ending June 30,	Principal	Interest	Total
2019	\$ -	\$ 275,443	\$ 275,443
2020	-	287,419	287,419

Totals	<u>\$ 9,170,000</u>	<u>\$ 4,750,285</u>	<u>\$ 13,920,285</u>

During the year, the District made payments on the certificates of participation of \$229,331 including interest of \$49,331, which is reported as Debt Service in these statements.

J. Commitments Under Noncapitalized Leases

Commitments under operating (noncapitalized) lease agreements for equipment provide for minimum future rental payments as of June 30, 2018, as follows:

Year Ended June 30	Lease Payments
2019	\$ 25,055

SCHOOL FACILITY PROGRAM
CAREER TECHNICAL EDUCATION FACILITIES
PROGRAM UNFUNDED APPROVALS

PURPOSE OF REPORT

To present unfunded approvals for the sixth funding cycle of the School Facility Program (SFP) Career Technical Education Facilities Program (CTEFP).

DESCRIPTION

In June 2019, the State Allocation Board (Board) approved \$250 million, plus any remaining available funds, for the sixth funding cycle of CTEFP as a result of the passage of the Kindergarten through Community College Public Education Facilities Bond Act of 2016 (Proposition 51). Proposition 51 provided CTEFP \$500 million in bond authority. In addition, some funds from the Kindergarten-University Public Education Facilities Bond Act of 2006 (Proposition 1D) are also available. After combining these funds, this item requests the Board to approve 178 projects totaling \$287.0 million for placement on the Unfunded List (Lack of AB 55 Loans) for CTEFP grants as shown on Attachment A1.

Second, Staff is recommending that applications not funded due to insufficient funds be retained until June 30, 2022.

AUTHORITY

See Attachment B.

BACKGROUND

Under CTEFP, a local educational agency (LEA) operating a comprehensive high school may construct new or modernize existing facilities for career technical education programs. A Joint Powers Authority (JPA) operating career technical education programs as of May 20, 2006 may modernize existing facilities. The LEA is not required to demonstrate that it has unhouse pupils or that buildings are older than 25 years to be eligible for the program. The maximum grant for a new construction project is \$3 million. The maximum grant for a modernization project is \$1.5 million.

All projects are funded on a 50/50 state and local share basis. A financial contribution toward the cost of the CTEFP project must be equal to the

BACKGROUND (cont.)

State's grant. The local contribution toward the project cannot be waived. However, the applicant may request a loan for all or part of the local contribution if funds are not immediately available, as Financial Hardship assistance is not an option under CTEFP statute.

In August 2017, the Board approved an option to allocate \$250 million to the sixth, and final, funding cycle of CTEFP. Applications were submitted as follows:

- Grant Applications were due to the California Department of Education (CDE) by October 19, 2019.
- *Applications for Career Technical Education Facility Funding* (Form SAB 50-10) were originally due to the Office of Public School Construction (OPSC) by close of business April 6, 2020. However, due to the COVID-19 global pandemic this due date was extended to June 30, 2020.

Successful applicants, who achieved a minimum career technical education plan score of 105 on the Grant Application submitted to CDE, were eligible to submit a Form SAB 50-10 to OPSC. The score is based on relevant career technical education curriculum and facility needs to increase student achievement as required by statute and determined by CDE.

STAFF ANALYSIS/STATEMENTS

OPSC received 249 applications requesting approximately \$427.3 million for the sixth CTEFP funding cycle by June 30, 2020. In accordance with SFP Regulations, the applications are ranked by highest career technical education plan score and locale (as determined by the National Center for Education Statistics). The highest scoring application in each of the three designated locales, urban, suburban and rural, is presented for funding and then the pattern repeats until all applications or funding is exhausted, whichever comes first. Using this prescribed funding order, Staff is presenting 178 CTEFP projects for placement on the Unfunded List (Lack of AB 55 Loans) as shown in Attachment A1. The applications are within the available \$287,763,128 allotted to this funding cycle.

After accounting for the 178 applications that can be fully funded within the available \$287,763,128, there is a remaining balance of approximately \$792,328 available for the next project in line. Pursuant to SFP Regulation Section 1859.196, "if a project within any funding cycle cannot be fully apportioned because insufficient funding is available, the applicant may either accept the available funding as the full and final apportionment for the project or refuse funding entirely".

STAFF ANALYSIS/STATEMENTS (cont.)

At the June 26, 2019 meeting, the Board directed Staff to retain unapproved applications until December 31, 2021. However, with the extension of the application filing round due to the COVID-19 Pandemic, Staff recommends extending the date to retain unapproved applications for six additional months to June 30, 2022.

Rather than offering a partial approval to the next unapproved application at this time, and due to the additional time that Staff is proposing the applications exceeding available bond authority to be retained, Staff recommends waiting until sufficient funds are available to fully fund the next project shown on Attachment A2 before presenting it to the Board for approval. Any applications that do not receive an unfunded approval by June 30, 2022 will then be returned.

Tied Scores

In some instances, two or more CTEFP applications have the same career technical education plan score. The criteria outlined in SFP Regulation Sections 1859.196 (d)(3)(A-C) were used to determine the final funding order on Attachment A1. The application with the highest points in all weighted areas identified in Education Code Section 17078.72(j) is the first criterion. That number appears next to the plan score. If the weighted scores are also equal, the second criterion applied looks at whether the applicant will receive funding within the same funding cycle for another project or has received funding in the immediate prior funding cycle. If the applicant has already or will receive funding for another project, Yes appears in the designated column. If not, No is entered.

Receiving an Apportionment

All applicants must participate in the priority funding process to receive an Apportionment and are subject to the requirements for participation in priority funding. Some projects on Attachment A1 are requesting an unfunded approval with a “reservation of funds.” This means that the applicant has not yet obtained the required Division of the State Architect plan approval and/or a CDE Plan approval for the project. In these instances, the applicants will have 12 months from the date of Apportionment to submit the required approval(s) pursuant to SFP Regulation Section 1859.193(d). Failure to submit the required approvals within the 12-month period will result in the rescission of the project without further Board action.

STAFF ANALYSIS/STATEMENTS (cont.)

Summary

Staff recommends approval of the CTEFP projects on Attachment A1 for placement on the Unfunded List (Lack of AB 55 Loans). The total funding requested is \$286,970,800, which exhausts the majority of the funded available CTEFP funding as approved by the Board for this cycle.

As this is the final CTEFP funding cycle, OPSC is also proposing to retain the remaining, unprocessed applications until June 30, 2022, rather than the previously approved date of December 31, 2021 due to the COVID-19 Pandemic. Retaining the applications for this time will allow Staff to continue bringing eligible applications forward to the Board for approval when additional funds become available.

RECOMMENDATIONS

1. Approve the CTEFP projects in the amount of \$286,970,800 as shown on Attachment A1 for placement on the Unfunded List (Lack of AB 55 Loans).
2. Declare that the applications remaining in the sixth funding cycle, as shown on Attachment A2 be retained through June 30, 2022 to enable the Board to continue awarding unfunded CTEFP projects, provided additional bond authority is available. Any applications that do not receive an unfunded CTEFP approval by June 30, 2022 will be returned without further Board action.

The State Allocation Board approved this Item on September 30, 2020.

AUTHORITY REFERENCE

EC Section 101122(a)(4) states: "The amount of five hundred million dollars (\$500,000,000) for facilities for career technical education programs pursuant to Article 13 (commencing with Section 17078.70) of Chapter 12.5 of Part 10 of Division 1 of Title 1."

SFP Regulation Section 1859.193(d) states in part:

If an applicant meets the eligibility criteria in Section 1859.192, but does not have the necessary approvals from the [Division of the State Architect] and/or the [California Department of Education] CDE at the time of Apportionment, the Board may apportion funds for the Career Technical Education Facilities Project and reserve them for a period of up to 12 months. The grant amount to be reserved for the project will be the maximum funding as determined above in (a), (b), or (c).

SFP Regulation Section 1859.196(d) states in part:

(d) For the third and any subsequent cycles, the Board shall apportion funds regardless of Service Region.

(1) Funds shall be apportioned to the highest ranked project in each locale. In order to continue this funding process, one project from each locale must be apportioned. If there are no applications in a given locale(s), projects will be apportioned in the remaining locale(s).

(2) The process will continue until the applications or funds are exhausted, whichever comes first.

(3) In the event two or more applications have the same career technical education plan score, the Board shall approve the applications in the following order:

(A) The application with the highest total score in all weighted areas of the career technical education plan score identified in Education Code Section 17078.72(j).

(B) The applicant without a Career Technical Education Facilities Project in the immediate prior funding cycle or without an Approved Application for Career Technical Education Facilities Project Funding that will receive funding in the current cycle.

(C) After the above criteria have been applied, a lottery system may be used to determine the final funding order.

(e) If an Approved Application for Career Technical Education Facilities Project Funding within any funding cycle cannot be fully apportioned because insufficient funding is available, the applicant may either accept the available funding as the full and final apportionment for the project or refuse funding entirely. If funding is refused, the Board shall consider funding the next project eligible for an apportionment pursuant to this Section.

(f) For any Approved Application for Career Technical Education Facilities Project Funding not apportioned pursuant to this Section, the application shall be returned to the applicant. An Approved Application for Career Technical Education Facilities Project

ATTACHMENT B

Funding returned to the applicant may be resubmitted during a subsequent application acceptance period identified in Section 1859.191, provided the application meets the eligibility criteria in Section 1859.192.

Funding Source(s): Proposition 51 Bonds/2016-Nov.

Pursuant to the Board's action on March 11, 2009, this application is presented for unfunded approval and placement on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

Pursuant to School Facility Program Regulation Section 1859.90.4, the applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a request for the release of funds.

Pursuant to School Facility Program Regulation Section 1859.199, the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant has requested a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction within 12 months of receiving an Apportionment. If this requirement is not met, the Apportionment will be rescinded without further Board action.

EMERGENCY POWERS OF THE EXECUTIVE OFFICER DURING STATES OF EMERGENCY

PURPOSE

To present the State Allocation Board (Board) with recommendations to extend and approve an amendment to previously approved emergency regulations to allow the Executive Officer of the State Allocation Board and the Office of Public School Construction (OPSC), with notification to the Board and only during the time period of the emergency proclaimed by the Governor of the State of California, to temporarily extend any deadline set forth in regulations adopted by the Board or in other rules and procedures set by the Board and/or OPSC for all programs administered by the Board.

DESCRIPTION

Executive Order N-25-20, issued on March 4, 2020, proclaimed a State of Emergency exists in California as a result of the threat of COVID-19 that added challenges for school districts that desire to submit program funding applications and meet funding requirements associated with approaching deadlines for school construction projects funded by the Board.

At the Board's March 25, 2020 Emergency Meeting, the Board adopted emergency regulations that allowed the Executive Officer Emergency Powers to temporarily extend any deadline set by the Board and/or OPSC to School Districts.

When the Executive Officer acted to do so, the Board and stakeholders were provided with notification. The regulation is only valid during the time frame of the emergency declared by the Governor on March 4, 2020 and was scheduled to be repealed after 180 days, unless subsequently acted upon by the Board.

This item seeks Board approval to broaden the Executive Officer Emergency Powers to all declared States of Emergency and removes the sunset date for the regulations.

AUTHORITY

See Attachment A.

STAFF ANALYSIS/STATEMENTS

Since the enactment of the Emergency Powers Regulations, staff have extended key filing deadlines and granted a number of extensions due to the state of emergency from the threat of COVID-19 and the continued impacts to school districts throughout the state.

STAFF ANALYSIS/STATEMENTS (cont.)

To date, Staff has taken the following actions:

- The deadline for Career Technical Education Facilities Program application submittals that was scheduled for April 6, 2020 was extended to June 30, 2020.
- The deadline to submit Priority Funding Participation Requests was extended from June 11, 2020 to August 28, 2020.
- Additionally, as of September 20, 2020, Staff has received 305 extension requests from school districts. The following is a summary of the of the requests received and their current status.
 - 150 large school districts
 - 87 medium school districts
 - 65 small school districts
- Request Status
 - Approved – 291
 - Pending – 10
 - Denied – 4

Now, the recent wildfires have demonstrated an additional and ongoing need for the Emergency Powers of the Executive Officer to be expanded beyond the COVID-19 pandemic. Staff is presenting the attached regulatory amendments to provide the Executive Officer the same emergency powers granted for COVID-19 for any State of Emergency declared by the Governor.

As the needs are identified, the Executive Officer will exercise the powers granted pursuant to the Regulation. The Executive Officer shall inform the Board and members of the public of actions taken. Information regarding any such changes will also be posted on the relevant section of OPSC's website.

CONCLUSION

Staff is presenting a Regulation to allow the Executive Officer of the Board and OPSC to provide relief to school districts by temporarily extending deadlines to certain program requirements and regulations. Adoption of the Regulation will allow the Board and OPSC to relieve some of the strain school districts are encountering as a result of COVID-19 or any other State of Emergency, and will prevent any unintended consequences of school construction funding being at risk solely as a result of school districts needing to focus their efforts in other emergency areas that may need to take priority at this time.

RECOMMENDATIONS

1. Adopt the proposed Regulation as shown on Attachment B.
2. Authorize the Executive Officer to file the proposed Regulation with the Office of Administrative Law on an emergency basis and make the Regulation permanent.

The State Allocation Board approved this Item on September 30, 2020.

ATTACHMENT A

AUTHORITY

Education Code (EC) Section 17070.35 states in part:

(a) In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter....

EC Section 17375(g) states that “The State Allocation Board may adopt regulations to implement this section. Any regulations adopted pursuant to this section may be adopted as emergency regulations in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Title 2 of the Government Code). The adoption of these regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.”

Government Code Section 15503 states that, “Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate.

Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.”

ATTACHMENT B

Article 2, Section 1580, of Subgroup 2, of Group 1, of Subchapter 4, of Chapter 3, of Division 2, of Title 2 of the California Code of Regulations is added to read:

§ 1580. Executive Officer's Emergency Powers.

The Executive Officer of the State Allocation Board and the Office of Public School Construction is directed to take all appropriate actions to provide relief to school districts and maintain equitable participation in the programs administered by the Board during the periods of emergency proclaimed by the Governor of the State of California ~~on March 4, 2020~~. Such actions may include the extension, for an appropriate period of time to be determined by the Executive Officer, of any deadline set forth in regulations adopted by the Board or in other rules and procedures set by the Board and/or the Office of Public School Construction. Upon exercising the powers granted pursuant to this section, the Executive Officer shall inform the Board and members of the action taken. In no case shall a deadline extension alter approved project funding amounts or shall the Executive Officer of the State Allocation Board and the Office of Public School Construction use the authority granted by this section solely to alter prospective grant amounts.

~~This regulation is repealed effective 180 days from its adoption, subject to subsequent action by the Board.~~

REPORT TO THE EXECUTIVE OFFICER
State Allocation Board Meeting, September 30, 2020

USE OF SURPLUS SCHOOL PROPERTY PROCEEDS

PURPOSE OF REPORT

To present to the State Allocation Board proposed regulations implementing Education Code Section 17463.7 provisions into the existing Use of Surplus School Property Site Sale Proceeds regulations.

DESCRIPTION

Senate Bill 98 (SB) 98 (Chapter 24, Statutes of 2020: Education Finance: Education Omnibus Budget Trailer Bill) was chaptered on June 29, 2020. As stated in the bill, SB 98 provides schools with the resources and flexibilities necessary to provide quality public education during the COVID-19 pandemic. SB 820 (Chapter 110, Section 8, Statutes of 2020: Education Finance: Education Omnibus Budget Trailer Bill) was chaptered on September 18, 2020 and adds clarifying changes and flexibility to the School Facility Program (SFP).

Existing law authorizes school district governing boards to sell, or lease for a term not exceeding 99 years, any real property belonging to the school district. Additionally, existing law specifies the conduct of these sales and leases, and the purposes for which funds derived from these transactions may be used.

SB 98, as amended by SB 820, adds Education Code (EC) Section 17463.7, until July 1, 2024, to expand the purposes for which funds from those transactions may be used by authorizing a school district to deposit the proceeds from the sale or lease of surplus real property, together with any personal property located on the property, purchased with nonstate funds, into the general fund of the school district and to use the proceeds for any one-time general fund purpose, as provided.

EC Section 17463.7 requires a school district to submit a certification to the State Allocation Board (Board) before it exercises the authority granted in the section; therefore, this item requests the Board's approval of regulatory amendments to administer this EC section.

AUTHORITY

See Attachment A.

BACKGROUND

EC Section 17462 authorizes school districts to deposit the proceeds from the sale or lease of surplus real property, together with any personal property located on the property, into the general fund of the school district and to use the proceeds for any one-time general fund purpose, as provided. These sales are governed by the Board's regulations on Attachment B.

EC Section 17463.7 previously existed in statutes from July 28, 2009 until January 1, 2016 when it was repealed. The statute authorized the use of surplus real estate sale proceeds for one-time general fund purposes as long as the costs were not related to a school district's ongoing operations. The school district was required to present a plan to its local governing board regarding the one-time expenditures and explain why these expenditures would not result in ongoing fiscal obligations for the school district. A summary of the former and current statutes follows.

Former Statute

Under the prior EC Section 17463.7, school districts were ineligible for hardship funding under the State School Deferred Maintenance Program for a period of five years after the proceeds were deposited into the general fund. In addition, a school district's School Facility Program (SFP) facility and financial hardship assistance was reduced by an amount equal to that of a school district's one-time expenditure(s). A school district was required to certify the following:

- *that it has no major deferred maintenance needs;*
- *that the site sale does not violate local bond restrictions; and*
- *that the real property is not suitable to meet projected school construction needs for the next ten years.*

Additionally, the statute required the Office of Public School Construction (OPSC) to submit an interim and a final report to the Board and the budget, education policy, and fiscal committees of the Legislature that identified the school districts exercised the authority granted by the section, the amount of proceeds involved, and the purposes for which those proceeds were used. OPSC published the reports in January 2011 and November 2014.

Current Statute

The current EC Section 17463.7 authorizes a school district to deposit the proceeds from the sale or lease of surplus real property, together with any personal property located on the property, purchased with nonstate funds, into the general fund of the school district and to use the proceeds for any one-time general fund purpose.

BACKGROUND (cont.)

In addition, a school district’s SFP financial hardship funding assistance will be reduced by an amount equal to that of a school district’s one-time expenditure(s). A school district is required to certify the following:

- *that the site sale does not violate local bond restrictions; and*
- *that the real property is not suitable to meet projected school construction needs for the next ten years.*

The current statute also requires the OPSC to submit an interim and a final report to the Board and the budget, education policy, and fiscal committees of the Legislature that identifies the school districts that have exercised the authority granted by this section, the amount of proceeds involved, and the purposes for which those proceeds were used. These are due June 1, 2022 and January 1, 2026, respectively.

In addition to the newly enacted EC Section 17463.7, existing EC Section 17462 also provides districts with options for the use of proceeds from the sale or lease of surplus sites. Below is a side-by-side comparison of the major differences between the two existing statutes governing the use of surplus site sale proceeds deposited into a school district’s General Fund.

STAFF ANALYSIS/STATEMENTS

Program Participation

In order to make use of the provisions in EC 17463.7 a district must take certain actions. Staff has updated OPSC's website with the following procedures to administer the program:

Prior to transferring site sale proceeds into their general fund account, school districts must submit the following documents to the Board for their request to be processed:

1. A letter to the Executive Officer of the State Allocation Board and the OPSC requesting authorization, pursuant to EC Section 17463.7, from the Board to transfer site sale proceeds into the school district's general fund account for a one-time general fund purpose.
2. A school board resolution stating the following:
 - The school district has presented a plan to the local school board at a public meeting detailing the source and intended use of the surplus property proceeds and describing why the expenditure will not result in ongoing fiscal obligations for the district.
 - The school district certifies to the Board that:
 - The sale of the property does not violate the provisions of any local bond act.
 - The real property is not suitable to meet projected school construction needs for the next ten years.
 - The property sold was purchased with nonstate funds.
 - The proceeds of the sale will be used for a one-time general fund purpose.
 - The school district acknowledges that the Board will reduce any state financial hardship funding received by the district equal to the amount of the sale of surplus real property used for a one-time expenditure.
3. A copy of the original site purchase agreement that delineates the original purchase price, the number of acres on the site, and the sources of funds used to purchase the site.
4. Documentation of the number of acres being sold from the site.

The school district's request must be presented to the State Allocation Board for approval prior to the funds being transferred by the school district. EC Section 17463.7(g) provides that the proceeds from the sale or lease of surplus property that were initiated before June 30, 2024 may also be deposited in accordance with the statute.

STAFF ANALYSIS/STATEMENTS (cont.)

Regulatory Changes

The statutory requirements for the process outlined above are reasonably clear and thus do not require many regulation changes to implement. However, Staff recommends the proposed regulatory amendments on Attachment B to enable the Board to administer the new program according to the requirement in statute that the use of the funds must be for one-time purposes. The following are key definitions already in regulation to administer EC Section 17462:

“One-time Expenditures” means costs paid by the general funds of a school district that are nonrecurring in nature and do not commit the school district to incur costs in the future and are exclusive of Ongoing Expenditures.

“Ongoing Expenditures” means costs paid by the general or special funds of a school district in support of employee salaries, benefits and other costs that are associated with ongoing and sustained operations and services except, if approved by the State Allocation Board, a single and one-time payment toward reducing a district’s existing unfunded liability for postemployment benefits other than pensions will be considered a one-time expenditure and not an ongoing expenditure if the following conditions are also met: (1) the unfunded liability was incurred prior to January 1, 2007, (2) the unfunded liability has been determined using actuarial measurement methods as defined in Governmental Accounting Standards Board Statement 45, and (3) the payment is consistent with any plan made by the district according to Assembly Bill 1802, Chapter 79, Section 43(a)(6)(A), Statutes of 2006 (Committee on Budget), as amended by Senate Bill 1131, Chapter 371, Statutes of 2006 (Committee on Budget and Fiscal Review), or a similar plan adopted by the district’s governing board.”

The regulatory amendments would apply these definitions for districts that opt to exercise the flexibility provided by EC Section 17463.7 as well.

Conclusion

Staff is presenting the proposed regulatory amendments on Attachment B for approval. Approving the proposed regulations will enable the Board to administer the program according to the requirements.

RECOMMENDATIONS

1. Adopt the regulatory amendments as shown on Attachments B.
2. Authorize the Executive Officer to file the proposed regulations with the Office of Administrative Law on an emergency basis and make the regulations permanent.

The State Allocation Board approved this Item on September 30, 2020.

ATTACHMENT A

Education Code Section 17463.7
(as of September 18, 2020)

(a) Notwithstanding any other law, a school district may deposit the proceeds from the sale or lease of surplus real property, together with any personal property located on the property, purchased with nonstate funds, into the general fund of the school district and may use the proceeds for any one-time general fund purpose. If the purchase of the property was made using the proceeds of a local general obligation bond or revenue derived from developer fees, the amount of the proceeds of the transaction that may be deposited into the general fund of the school district may not exceed the percentage computed by the difference between the purchase price of the property and the proceeds from the transaction, divided by the amount of the proceeds of the transaction. For purposes of this section, proceeds of the transaction means either of the following, as appropriate:

(1) The amount realized from the sale of property after reasonable expenses related to the sale.

(2) For a transaction that does not result in a lump-sum payment of the proceeds of the transaction, the proceeds of the transaction shall be calculated as the net present value of the future cashflow generated by the transaction.

(b) The State Allocation Board shall reduce an apportionment of hardship assistance awarded to the particular school district pursuant to Article 8 (commencing with Section 17075.10), except an apportionment of hardship assistance awarded pursuant to paragraph (2) of subdivision (b) of Section 17075.10, by an amount equal to the amount of the sale of surplus real property used for a one-time expenditure of the school district pursuant to this section.

(c) Before a school district exercises the authority granted pursuant to this section, the governing board of the school district shall first submit to the State Allocation Board documents certifying both of the following:

(1) The sale of real property pursuant to this section does not violate the provisions of a local bond act.

(2) The real property is not suitable to meet projected school construction needs for the next 10 years.

(d) Before the school district exercises the authority granted pursuant to this section, the governing board of the school district shall adopt a plan at a public meeting for expending one-time resources pursuant to this section. The plan shall identify the source and the intended use of the surplus property proceeds and describe the reasons why the expenditure will not result in ongoing fiscal obligations for the school district.

(e) (1) Except for the sale or lease of surplus real property that has previously operated, or was constructed to be operated, as an early childhood education facility or a school for elementary and secondary instruction, the governing board of a school district shall not be required to appoint a district advisory committee pursuant to Article 1.5 (commencing with Section 17387).

(2) It is the intent of the Legislature to allow a school district to meet the requirements to offer surplus properties set forth in the Education and Government Codes by making an offer simultaneously to all applicable entities.

(f) The Office of Public School Construction shall submit an interim and a final report to the State Allocation Board and the budget, education policy, and fiscal committees of the Legislature that identifies the school districts that have exercised the authority granted by this section, the

ATTACHMENT A

amount of proceeds involved, and the purposes for which those proceeds were used. The interim report shall be submitted by June 1, 2022, and the final report shall be submitted by January 1, 2026.

(g) For any transaction for the sale or lease of surplus property a school district initiates pursuant to this section before June 30, 2024, the proceeds from the sale or lease transaction that are received after June 30, 2024, shall be considered proceeds that can be deposited in accordance with this section.

(h) Subdivisions (a) to (e), inclusive, shall become inoperative on July 1, 2024, subdivision (f) shall become inoperative on January 15, 2026, and this section as of January 1, 2027, is repealed.

(Added by Stats. 2020, Ch. 24, Sec. 14. (SB 98) Effective June 29, 2020. Amended by Stats. 2020, Ch. 110, Sec. 8 (SB 820) Effective September 18, 2020. Repealed as of January 1, 2027, by its own provisions.)

ATTACHMENT B

Section 1701. 10-Year Time Period

For the purpose of the provisions of Education Code Section 17462.3(a)(3) and (b):

- (a) Moneys shall be considered received on the date the Board approved an Apportionment.
- (b) The real property is considered sold on the date of the title transfer.
- (c) Sale of real property shall include real property transferred through condemnation proceedings.
- (d) Sale of a Portable Facility that does not include the land to which it is affixed is not subject to Education Code Section 17462.3.

Note: Authority cited: Section 17462.3, Education Code.

Reference: Section 17462.3, Education Code.

Section 1702. Reporting Requirements and Return of Funds

- (a) Any school district, county office of education, or Charter School that sells real property and is subject to the provisions of Education Code Section 17462.3(a) is required to submit a completed Form SAB 308 to the OPSC within 90 calendar days of the sale of the real property, as outlined in Section 1701(b).
- (b) When calculating the portion of the real property sold pursuant to EC Section 17463.2(c), the gross acreage/square footage of the school site as well as square footage of building area shall be considered for the purpose of determining the proportionate percentage of funding to be returned.
- (c) When the Board makes a finding that the school district, county office of education, or Charter School, is subject to the provisions of Education Code Section 17462.3, the school district, county office of education, or Charter School must return the moneys to the Board within 90 calendar days of the Board's finding.

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
