EXECUTIVE OFFICER STATEMENT

State Allocation Board Meeting, October 28, 2020

19th PRIORITY FUNDING APPORTIONMENTS

The Action Items portion of this agenda includes \$976.8 million in priority funding apportionments for 302 projects, representing 131 school districts and qualifying applicants. Of these projects, applicants that are required to submit a *Fund Release Authorization* (Form SAB 50-05) from an Authorized District Representative must do so by the end of the day on January 26, 2021 to the Office of Public School Construction (OPSC).

FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM (FDKFGP) STAKEHOLDER MEETING

OPSC held a FDKFGP Stakeholder meeting earlier this month to discuss proposed amendments needed to the existing program as a result of Senate Bill (SB) 98 which rescinded the \$300 million previously appropriated by SB 75 for the 2019-2020 fiscal year and clarified that funding and future rounds will be contingent upon appropriation of funding by the Legislature. Amendments also included minor wording changes for clarity and consistency with statute. Staff presented the proposed amendments and solicited feedback at the stakeholder meetings. The proposed amendments are included in today's agenda for the State Allocation Board's (Board) approval.

TIME EXTENSION REQUESTS ARE BEING ACCEPTED

OPSC continues to provide extensions for school districts that are unable to meet OPSC's response deadlines as a result of the COVID-19 Pandemic. As of October 9, 2020, we have received 323 requests. Since our report at last month's Board meeting, we have received an additional 25 requests. Of these 25, 23 of them were approved, one did not need an extension, and one is currently pending. Most of the requests were seeking additional time to submit expenditure reports and respond to internal correspondence. An informational report detailing approved time extensions is currently being developed and will be part of the December Board agenda.

State of California
State Allocation Board
School Facility Program

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on October 28, 2020.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3rd Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.
5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on October 28, 2020 at Sacramento, California.

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the January 2020 Board meeting, the Board elected to provide an increase adjustment of 2.08 percent to SFP projects for calendar year 2020. The projects listed on the Attachment reflect the Board's action of the adoption of the 2.08 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

SCHOOL FACILITY PROGRAM
SUBSTANTIAL PROGRESS REDUCTION TO COSTS INCURRED

PURPOSE OF REPORT

To present School Facility Program (SFP) project apportionment to be reduced to eligible costs incurred.

DESCRIPTION

The SFP project listed on the Attachment is a school District that received a separate site fund release. The school District has either requested to have their project reduced to costs incurred or has not met the substantial progress requirement or has indicated that they will be unable to move forward with the SFP project listed on the Attachment. The school District has requested that their apportionment be reduced to costs incurred to recognize eligible costs for the separate site phase.

AUTHORITY

Pursuant to Education Code Section 17076.10(b), sufficient evidence of substantial progress for the design, site and adjusted grant apportionments shall be due 18 months from the date any funds were released to the district. The SFP Regulation Section 1859.105 requires that when an apportionment is reduced to project costs incurred or rescinded, all State funds not used to finance eligible expenditures are to be returned to the State Allocation Board (SAB). The SFP Regulations also stipulate that interest earned on State funds, which is not used to finance eligible expenditures, is due to the SAB.

RECOMMENDATIONS

1. Find that the school District is unable to meet the substantial progress requirements or indicated that they will be unable to move forward with the project listed on the Attachment.
2. Reduce the funded apportionment to costs incurred for the project listed on the Attachment.
3. Direct Staff to adjust the District baseline eligibility, according to the increases (identified in the "Pupils Returned to the District's Baseline" column) on the Attachment, once all funds due to the State have been received.
4. Approve an unfunded approval in the amount of \$168,074.87.

A report by Ori2 Engineering, Inc., dated May 16, 2019, identifies several structural deficiencies in Building #4 located at the Calexico High School site. The report references material insufficiencies with the wall anchorage and concrete moment frame designs of the building's structure that render the facility at high risk of collapse in the event of seismic activity. The building qualifies for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The project consists of structural retrofitting of a classroom building (Building #4) at Calexico High School.

STATUS OF SCHOOL SITE

The District completed the project on June 25, 2020 and the building is open for occupancy.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

Building #4 was classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation), Phase Three (Evaluation and Design Criteria) Phase Four concurrence to minimum scope, and final plan approval. These approvals enable the District to apply for funding from the Board.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from industry specialists and DSA approval in lieu of a site visit.

Seismic Mitigation Program – Replacement Projects (as of August 31, 2020)

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.2 states that “A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.

Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.”

SFP Regulation Section 1859.82.2(a) states,

- (a) Seismic mitigation projects must meet all of the following requirements:
- (1) The construction contract was executed on or after May 20, 2006;
 - (2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
 - (3) The School Building is designed for occupancy by students and staff; and
 - (4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

Hayfork Elementary in Hayfork, California, was originally constructed in 1961. A report dated December 13, 2019 revealed high levels of mold in Buildings A, B, and C on the site. The industrial hygienist determined that the mold constituted a health and safety issue and required that the affected areas be vacated. Subsequent review and analysis by Hi Desert Construction Services LLC, dated May 5, 2020, determined that the mold growth began due to water intrusion from an inadequately designed roofing system and poor drainage around the structure. The report indicates that the mold subsequently damaged the building HVAC, ceiling, wall, and floor systems of both buildings and the "systems were also completely unsafe... and could present a significant health and safety issue to the students when they return to the buildings unless addressed."

SCOPE OF PROJECT

Mitigation work would consist of mold abatement on all surfaces, including the removal and replacement of ceiling tiles, roof plywood and insulation, drywall, siding and wall plywood under a negative air containment area. In addition, both buildings would need new roofing systems to prevent future water intrusion. Buildings A and B require a new HVAC system to provide adequate ventilation. The mold in Building C would be remediated and the building retained for non-K-12 classroom use.

STATUS OF SCHOOL SITE

Buildings A, B, and C are closed to occupancy. Students are currently being housed in the specialized science classrooms.

QUALIFYING CRITERIA

The Trinity County Environmental Health Division provided written concurrence that supports the industry specialist's findings and recommended work to mitigate the health and safety threat.

RECOMMENDATIONS

1. Approve the District's request for conceptual approval to replace Buildings A and B and permanently remove Building C from K-12 classroom use on the Hayfork Elementary School site, pursuant to SFP Regulation Section 1859.82.3.
2. Upon Board approval of the full funding request, increase the District's new construction eligibility by 108 pupil grants to remove four (7-8) grade level classrooms in Building C from the District's new construction classroom inventory, and add Building C to a list of facilities published on OPSC's website that may not be used for any future K-12 classroom use, pursuant to SFP Regulation Section 1859.51(s).
3. Upon Board approval of the full funding request, remove four (7-8) grade level classrooms and a total of 5,208 square feet corresponding to Building C from the District's classroom inventory used to establish modernization eligibility at the site pursuant to SFP Regulation Section 1859.61(l).
4. Provide that the District must file an Approved Application for funding within 18 months of this approval, pursuant to Regulation Section 1859.82.3.
5. Provide that this conceptual approval does not guarantee a commitment for funding by the Board. Any possible future funding will be subject to all governing laws and regulations, and the availability of funds.

(as of August 31, 2020)

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.1 states that “a district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.”

SFP Regulation Section 1859.82.1(b) states in part, “To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:

- (1) For School Buildings that are lost, destroyed, or unable to be repaired, ...
- (2) For permanent School Buildings where the cost to rehabilitate the School Building(s) exceeds 50 percent of the Current Replacement Cost, or for Portable Classrooms where the cost to rehabilitate exceeds the Portable Classroom Replacement Grant or Portable Toilet Replacement Grant....”

ATTACHMENT A

SFP Regulation Section 1859.82.1(b) further states, “If the district qualifies to replace some but not all School Buildings on the project site, funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below....”

PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

PURPOSE OF REPORT

To provide priority School Facility Program (SFP) funding Apportionments for \$976.8 million for the projects that submitted a valid certification.

DESCRIPTION

At the May 2011 State Allocation Board (Board) meeting, the Board approved proposed regulations establishing two annual filing periods for prioritizing school construction funding as cash proceeds became available to provide Apportionments. The Office of Administrative Law (OAL) then approved the regulations on July 27, 2011. The proposed regulations created two 30-day periods in which school districts could request to receive an Apportionment upon acknowledgement that a *Fund Release Authorization* (Form SAB 50-05) could be submitted within 90 days of receiving an Apportionment.

Based on SFP regulations, the recent filing period began on May 13, 2020 and was scheduled to end on June 12, 2020. As a result of the COVID-19 pandemic, the Executive Officer of the Office of Public School Construction (OPSC) extended the deadline to August 28, 2020, as authorized the Board's March 2020 action. Requests must have been received by OPSC on or before August 28, 2020 and are valid from July 1, 2020 through December 31, 2020.

By approving this item, the Board will provide approximately \$976.8 million in Apportionments for 302 projects that represents 131 school districts and qualifying applicants.

AUTHORITY

See Attachment A.

BACKGROUND

Requests/Acknowledgements

Pursuant to SFP Regulations, applicants choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an Apportionment. As part of the request, applicants are required to make the following acknowledgements:

- The applicant understands that the time limit on fund release shall be no more than 90 days from the date of Apportionment.
- The applicant acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded

application will revert to an Unfunded Approval at the bottom of the Unfunded List (Lack of AB 55 Loans) and cannot be guaranteed bond authority. The application will receive a new Unfunded Approval date of January 26, 2021.

- In the case that multiple rescissions are made by the SAB, each separate application will be placed at the bottom of the Unfunded List (Lack of AB 55 Loans) in the order of the original unfunded approval date. The district will not be required to resubmit the application and no further application review will be required.
- The applicant acknowledges that by participating in the priority funding process, the applicant is waiving its right to the 18-month timeline for fund release submittal.
- The applicant acknowledges that a Grant Agreement must be submitted pursuant to SFP Regulation 1859.90.4 and received by OPSC prior to or concurrently with the Form SAB 50-05.

By approving this item, the Board will provide approximately \$976.8 million in Apportionments for 302 projects on the Unfunded List (Lack of AB 55 Loans) that are eligible for an Apportionment. Any requests by applicants to participate in the priority funding process that are not converted to Apportionments shall retain their date order position on the Unfunded List (Lack of AB 55 Loans) unless the applicant receives a second non-participation occurrence. Any project receiving a second non-participation occurrence will be rescinded without further Board action.

This priority funding round generated \$965.5 million in Apportionment requests from 131 applicants for 297 out of 306 unique projects, which represents 97.06 percent of the projects on the Unfunded List (Lack of AB 55 Loans) that could have submitted requests. The Board is also providing five additional Apportionments due to closeout review adjustments. In total, the Board can provide \$976.8 million in Apportionments. The attachments provide detailed lists of the Apportionment requests received during this filing period that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an Apportionment are highlighted in Attachments B, C, D, E, F, G and H.

STAFF ANALYSIS/STATEMENTS

Current/Future Request Periods

Requests submitted during the period that ended on August 28, 2020 will expire on December 31, 2020. A new 30-day priority funding request filing period will begin on November 11, 2020 and will end on December 10, 2020. Requests submitted during that period will be valid from January 1, 2021 through June 30, 2021.

Fund Release Requirements

Applicants receiving Apportionments are required to submit a valid Form SAB 50-05 containing an original or electronic signature for each approved application.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 26, 2021. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 6th Floor, West Sacramento, CA 95605. If a district fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new unfunded approval date of January 26, 2021 on the Unfunded List (Lack of AB 55 Loans).

Grant Agreement

Pursuant to action taken by the Board at the June 5, 2017 meeting a Grant Agreement for the project with an original or electronic signature by an authorized District Representative must be submitted prior to, or concurrently with, the Form SAB 50-05 in order for the Form SAB 50-05 to be considered valid for all projects that are approved for placement on the Unfunded List (Lack of AB 55 Loans) on or after June 5, 2017. Projects on the Unfunded List as of June 5, 2017 are exempt from this requirement.

Non-Participation in Priority Funding Process

On March 25, 2013, regulation amendments regarding non-participation in the priority funding process became effective. The regulation changes limit the number of times a district can choose not to participate in the priority funding process for a project on the Unfunded List (Lack of AB 55 Loans). Projects receiving an Apportionment in this item but do not submit a valid Form SAB 50-05 prior to 11:59 p.m. on January 26, 2021 will receive one non-participation occurrence. If this is the project's second non-participation occurrence, the project will be fully rescinded without further Board action and will not return to the Unfunded List (Lack of AB 55 Loans). The bond authority associated with rescinded projects will return to the SFP.

2. Declare that all applications receiving Apportionments are subject to the new construction grant adjustment pursuant to EC Section 17072.11(b) and are not considered full and final until the Board has made the adjustment.

This Item was approved by the State Allocation Board on October 28, 2020.

The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.

Budget Letter 10-09 requires that if there are insufficient bond proceeds, departments and agencies are responsible for prioritizing the projects that will be funded consistent with the prioritization criteria outlined (including job creation). It also indicates that if bond proceeds are not managed efficiently, additional bonds may not be sold for the program.

School Facility Program (SFP) Regulation Section 1859.2 states:

‘For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:

...

“Unfunded List” means an information list of unfunded projects, with the exception of the unfunded list defined below as “Unfunded List (Lack of AB 55 Loans)”.

“Unfunded List (Lack of AB 55 Loans)” means an information list of unfunded projects that was created due to the State’s inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.”

SFP Regulation Section 1859.90.2, “Priority Funding Process” states:

The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue

with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following:

(1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and

(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and

(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and

(4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and

(5) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the 18 month timeline for fund release submittal described in Section 1859.90.

(6) For a Career Technical Education Facilities Project that was granted an unfunded approval without the required CDE plan approval and/or required DSA-approved plans and specifications, the applicant's request must include:

(A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197(c)(1); and

(B) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and

(C) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(6)(B).

(b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following:

- (1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,
- (2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and
- (3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and
- (4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.

(c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2), as applicable, and a Grant Agreement, pursuant to (a)(3), (a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period:

- (1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and
- (2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.

(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.

(e) For purposes of this section “rescinded” or “rescission” shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

SFP Regulation Section 1859.90.3, “Participation in the Priority Funding Process” states:

This section applies to Applications for funding for new construction, modernization, Overcrowding Relief Grant, Career Technical Education Facilities Program, Facility Hardship pursuant to Section 1859.82 and rehabilitation pursuant to Section 1859.83(e), and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment.

(a) For each Application on the Unfunded List (Lack of AB 55 Loans) for new construction, modernization, Facility Hardship pursuant to Section 1859.82 or rehabilitation pursuant to Section 1859.83(e), the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [March 25, 2013]. For each Application on the Unfunded List (Lack of AB 55 Loans) for Overcrowding Relief Grant, Career Technical Education Facilities Program, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [October 1, 2014]:

(1) The district abstains from participating in a priority funding 30-calendar day filing period described in Section 1859.90.2 for the Application on the Unfunded List (Lack of AB 55 Loans).

(2) The Application receives a priority funding Apportionment pursuant to Section 1859.90.2(a), and the district fails to meet the fund release requirements pursuant to Section 1859.90.2(c).

(b) The first occurrence of (a)(1) or (a)(2) shall result in the following, as applicable:

(1) If (a)(1) occurs, the Application shall retain its place on the Unfunded List (Lack of AB 55 Loans).

(2) If (a)(2) occurs, the priority funding Apportionment shall be rescinded and the Application shall be returned to the Unfunded List (Lack of AB 55 Loans) pursuant to Section 1859.90.2(c)(2).

(c) If subsection (b) has occurred, a subsequent occurrence of either (a)(1) or (a)(2) shall result in the rescission of the Application's Apportionment and/or unfunded approval, as applicable, and the removal of the Application from the Unfunded List (Lack of AB 55 Loans) without further Board action. The Application shall be returned to the applicant.

(d) For purposes of subsection (c), "rescinded" or "rescission" of an unfunded approval shall mean that the bond authority associated with the Apportionment or unfunded approval, as applicable, returns to the appropriate School Facility Program bond authority source for reallocation. If applicable, the pupils housed in the project will be added back to the district's baseline eligibility pursuant to Sections 1859.51(d) for new construction or 1859.61(d) for modernization.

SFP Regulation Section 1859.129(b)(2) states:

Has 18 months from the date the DSA and CDE approved plans were submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment will be rescinded without further Board action. If the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the apportionment.

SFP Regulation Section 1859.197 (b)(2) states:

Has 18 months from the date the CDE plan approval and DSA-approved plans and specifications, as needed, are submitted to the OPSC to submit a completed Form SAB 50-05 or the Apportionment shall be rescinded without further Board action. If

the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the Apportionment.

PROPOSED AMENDMENTS TO THE FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM

PURPOSE

To present proposed amendments to program regulations and Grant Agreement for the Full-Day Kindergarten Facilities Grant Program (FDKFGP) as a result of Senate Bill 98, Chapter 24, Statutes of 2020.

DESCRIPTION

Senate Bill (SB) 98, amended Article 7 (commencing with Education Code (EC) Section 17375) Chapter 3 of Part 10.5 of Division 1 of Title 1 of the EC to clarify that future funding rounds and future availability of funding for the Full-Day Kindergarten Facilities Grant Program (FDKFGP) will be contingent upon appropriation of funding by the Legislature. This begins with the 2019-20 fiscal year. The FDKFGP allows school districts that lack the facilities to provide full-day kindergarten instruction to apply for one-time grants to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms and programs. The State Allocation Board (Board) must amend the Program Regulations and Grant Agreement in order to administer the grant program according to new statutory requirements.

This item seeks Board approval for the following amended documents:

- Proposed program regulations (included as Attachment B); and
- Proposed Grant Agreement template (included as Attachment C).

AUTHORITY

See Attachment A.

BACKGROUND

SB 98, Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on June 29, 2020. This bill rescinded the \$300 million in additional program funding previously appropriated by SB 75, for the 2019-20 fiscal year, to the Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classroom programs. The amended statute retains the previous changes to the program that changed the local matching share for districts that are converting from a part-day program to a full-day program and allows districts to retain savings.

STAFF ANALYSIS/STATEMENTS

Staff has made conforming changes to existing regulations in accordance with the new legislation to remove references to funding previously apportioned from the 2019-20 budget, which would have provided \$300,000,000 in additional funding for FDKFGP. Additionally, all references to previously established funding rounds that would have allocated the \$300,000,000 have been removed.

STAFF ANALYSIS/STATEMENTS (cont.)

Additionally, several minor changes are recommended to the program regulations and Grant Agreement template in order to reflect all amendments enacted by SB 98. Proposed regulation amendments are made to the following:

1. Definition of “New Construction” and “Retrofit” to match the requirements in statute.
2. Free and Reduced-Price Meal Program statutory reference has been specified.
3. Clarification on the timeline for the fund release and the deadline to submit required fund release documents beginning at the time of the first Apportionment.

Additionally, the Grant Agreement template was amended to correct regulatory references and to clarify the deadline for a District to submit an *Expenditure Report (Form SAB 70-03)* within one year from full fund release.

On October 7, 2020, Staff held a public meeting to obtain stakeholder input regarding program changes to FDKFGP. Staff discussed the statutory changes to funding availability. Additionally, Staff presented the proposed amendments to program regulations and the Grant Agreement template needed to implement the statutory changes to FDKFGP. No additional input, information, or concerns have been provided by stakeholders from the meeting or otherwise regarding the program changes.

CONCLUSION

Staff is presenting the attached proposed amendments to FDKFGP regulations and Grant Agreement template for approval on an emergency basis. Approving the regulations and Grant Agreement will enable the Board to administer the program according to new statutory requirements.

RECOMMENDATIONS

1. Adopt the proposed amendments to program regulations and Grant Agreement template as shown in Attachments B and C.
2. Authorize the Executive Officer to file the proposed regulations and Grant Agreement template with the Office of Administrative Law on an emergency basis and make the regulations permanent.

BOARD ACTION

In considering this Item, the Board approved staff’s recommendations as shown above. In addition to this approval, the Board further approved a wording change on the Grant Agreement template (page 499) by keeping the word “may” on the template and disregarding the highlighted word “shall.”

ATTACHMENT A

Education Code (EC) Section 17375.

(a) (1) The Full-Day Kindergarten Facilities Grant Program is hereby established, under the administration of the State Allocation Board pursuant to the requirements of this section, to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms pursuant to Section 8973.

(2) Moneys appropriated pursuant to this section shall be deposited in the Full-Day Kindergarten Facilities Account, hereby created in the State Treasury, administered by the State Allocation Board.

(3) For the 2018–19 fiscal year, the sum of one hundred million dollars (\$100,000,000) is hereby appropriated from the General Fund to the State Allocation Board to provide one-time grants as specified in this section.

(4) (A) Commencing with the 2019–20 fiscal year, this program is contingent upon appropriation by the Legislature.

(B) (i) Of the moneys allocated to a school district from the appropriation made pursuant to this paragraph, savings and interest achieved upon full completion of an approved project, and as a result of a school district's efficient and prudent expenditure of the moneys allocated, may be used for professional development or instructional materials to build capacity for the implementation of a full-day kindergarten program, or high priority capital outlay purposes identified by the school district and in accordance with subdivision (f), associated regulations, and any accompanying grant agreement.

(ii) Notwithstanding any other law, for purposes of the funds appropriated in support of this paragraph only, a school district may retain and use savings and interest pursuant to clause (i) even if it receives financial hardship assistance pursuant to Section 17075.10.

(iii) Savings and interest retained by a school district must be expended within one year of project completion or returned to the state as defined by associated regulations and any accompanying grant agreement.

(C) For the first two years after any funds have been appropriated in support of this paragraph, funds shall be limited to schoolsites that did not offer a full-day kindergarten program as of July 1, 2019, and will use the funding to convert a part-day kindergarten program to a full-day kindergarten program.

(5) New school facilities built pursuant to this section shall not be included in the eligibility determination used for purposes of the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10).

(b) (1) The State Allocation Board shall award grants to school districts that lack the facilities to provide full-day kindergarten as required for eligibility pursuant to Sections

ATTACHMENT A

17071.25 and 17072.10 or that lack facilities that satisfy the design requirements required for new kindergarten classrooms as specified in paragraph (2) of subdivision (h) of Section 14030 of Title 5 of the California Code of Regulations.

(2) Priority for grants shall be given to school districts that meet either of the following criteria:

(A) The school district is financially unable to contribute a portion of, or all of, the local matching share required pursuant to paragraph (3), and meets the requirements for financial hardship pursuant to Section 17075.10.

(B) The school district is located in an underserved community with a high population of pupils who are eligible for free or reduced-price meals pursuant to subdivision (a) of Section 42238.01.

(3) Except for school districts that meet the requirements for financial hardship pursuant to Section 17075.10 and as specified in paragraph (4), a school district that applies for a grant pursuant to this section for new construction shall provide 50 percent of the cost of the project, and a school district that applies for a grant pursuant to this section for a retrofit project shall provide 40 percent of the cost of the project.

(4) Except for school districts that meet the requirements for financial hardship pursuant to Section 17075.10, a school district that will convert a part-day kindergarten program to a full-day kindergarten program shall provide 25 percent of the cost of the project whether the project is for new construction or retrofit. A school district that was awarded a grant from funds appropriated pursuant to paragraph (3) of subdivision (a) and met the requirements of this paragraph shall have its grant amount adjusted.

(5) A school district seeking a grant from moneys in the Full-Day Kindergarten Facilities Account shall provide the Office of Public School Construction with schoolsite enrollment data for the year in which its application is processed and the three immediately preceding years. The Office of Public School Construction shall use this data to verify the schoolsite's overall need for funding pursuant to this section based on the schoolsite's enrollment patterns. As part of this verification, the Office of Public School Construction, in consultation with the State Department of Education, shall determine if the schoolsite's need for funding shall be limited to retrofit projects.

(c) The State Allocation Board shall disburse grant funds to school districts with approved applications for new construction or retrofit projects, to the extent funds are available for the state's applicable matching share, if the school district has provided its applicable local matching share, unless the school district meets the requirements for financial hardship pursuant to Section 17075.10, and upon certification by the school district that the school district has entered into a binding contract for completion of the approved project.

(d) The State Allocation Board shall allocate funds to school districts using the same maximum grant eligibility amounts that are used for purposes of the Leroy F. Greene

ATTACHMENT A

School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10), as set forth in Sections 17072.10 and 17072.11 for new construction, and as set forth in Section 17074.10 for retrofit projects.

(e) As a condition of receiving grant funds pursuant to this section, and before the release of those funds, the school district shall execute and submit a grant agreement consistent with the applicable sections of the grant agreement specified in Section 1859.90.4 of Title 2 of the California Code of Regulations.

(f) (1) A school district may use grant funds awarded for new construction on costs necessary to adequately house kindergarten pupils in an approved project, which shall include only the following:

(A) The costs of design, engineering, testing, inspections, plan checking, construction management, site acquisition and development, evaluation and response action costs relating to hazardous substances at a new or existing schoolsite, demolition, construction, landscaping, necessary utility costs, utility connections and other related fees, equipment including telecommunication equipment to increase school security, furnishings, the upgrading of electrical systems, and the wiring or cabling of classrooms in order to accommodate educational technology.

(B) The costs of acquiring an existing government-owned or privately owned building, or a privately financed school building, and the necessary costs of converting the government-owned or privately owned building for public school use.

Section 1860.15. Application Funding Criteria.

If the estimated total Apportionments of all Approved Applications received within a funding round specified in Section 1860.6 exceed the funds available in that funding round, OPSC will calculate preference points for all Approved Applications. An Approved Application shall receive preference points based on the total of (a) and (b) up to a maximum of 80 points, as follows:

- (a) Financial Hardship: 40 points if a School District demonstrates it meets the requirements under Section 1860.14.

- (b) Low Income: Up to 40 points based on the percentage of pupils at the School District meeting the definition of Low Income. The following sliding scale shall be used to determine the number of preference points:

Percentage Eligible for Free and Reduced Price School Meals	Preference Points Assigned
60-65%	4
66-70%	8
71-75%	15
76%	16
77%	17
78%	18
79%	19
80%	20
81%	21
82%	22
83%	23
84%	24
85%	25
86%	26
87%	27
88%	28

95%	35
96%	36
97%	37
98%	38
99%	39
100%	40

- (c) The Board shall apportion projects in the following order:
- (1) School Districts will be funded based on the total preference points, determined by the sum of subdivisions (a) and (b) above. If School Districts submit multiple applications in the same funding round, OPSC will use the priority order assigned to each application by the School Districts on the Form SAB 70-01 and then fund Approved Applications in the following order:
 - (A) School Districts shall have their first priority projects funded in order based on total preference points until all School Districts have had their first priority project funded, or until all funds are exhausted for that funding round, whichever comes first.
 - (B) School Districts with the same total preference points funded in order of the higher Low Income percentage reported to one decimal place. The School District with the higher Low Income percentage will be funded first.
 - (C) If School Districts have the same total preference points and the same Low Income percentage reported to one decimal place, projects will then be placed into a lottery system to determine the School District funding order.
 - (2) If sufficient funding remains after funding first priority projects pursuant to 1860.15(c)(1)(A), School Districts with multiple Approved Applications will be funded in the following order:
 - (A) The School District with the highest total preference points shall have their remaining projects funded in priority order until all projects are funded, or until all funds are exhausted for that funding round, whichever comes first. Funding shall then be provided to the School District with the next highest total preference points.

- (B) A tie breaker will be used for School Districts with the same total preference points by using the exact Los Income percentage to one decimal place, as identified in the most recent Free and Reduced Price School Meals data on file at the CDE. The School District with the higher Low Income percentage will be funded first.
- (C) If School Districts with the same total preference points are still tied after the review of the Low Income percentages, projects will be placed into a lottery system to determine School District funding order. The highest remaining priority project for each School District participating in the lottery will be funded until all projects from each School District participating in the same lottery round have been funded, or until all funds are exhausted for that funding round, whichever comes first.
 - (1) If the Board does not have sufficient funding to fully apportion a School District's Approved Application, that School District may elect to either:
 - (A) Accept partial funding for the project. If partial funding is accepted, the Apportionment shall become the full and final apportionment for the project.
 - (B) Decline to accept funding for the project. If partial funding is declined, the Board may offer partial funding to the next Approved Application, based on funding order determined in (c)(1) and (c)(2) above.

If a complete Form SAB 70-02 is not received within 180 days of Apportionment, the Apportionment shall be rescinded.
- (f) For an Apportionment received pursuant to Section 1860.7(b) and 1860.7(d), where submittal of the necessary CDE plan approval and/or DSA-approved plans and specifications were not required at the time the Board granted an Apportionment, the School District has up to 12 months to submit the required approvals from the date of the first Apportionment. If the required submittals are not received within 12 months, the Apportionment shall be rescinded and the Full-Day Kindergarten Facilities Grant will return to the Program for reallocation.
- (g) Subject to available funds, site acquisition grants shall be adjusted based on actual costs prior to the release of funds.

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
