State Allocation Board

August 25, 2021

Upon notice duly given, the meeting of the State Allocation Board (SAB) was held at the Department of General Services, Ziggurat Building, located at 707 3rd Street, 6th Floor, Room 6-300, in West Sacramento, California on August 25, 2021 at 4:00 p.m.

Ms. Gayle Miller, the SAB Chair, announced that pursuant to Governor Newsom's Executive Order N-25-20, issued March 12, 2020, this meeting would be conducted by way of teleconference/Zoom meeting. The meeting was physically webcast from Room 6-300 in the Ziggurat Building in West Sacramento for anyone that would have liked to provide public comment in person.

Members of the SAB were present in order to establish a quorum for the meeting as follows:

- Gayle Miller, Chief Deputy Director, Policy, Department of Finance, designated representative for Keely Bosler, Director, Department of Finance
- Ana Lasso, Director, Department of General Services
- Juan Mireles, Director, School Facilities and Transportation Services Division, California Department of Education, designated representative for Tony Thurmond, Superintendent of Public Instruction
- Jeremy Smith, Governor's appointee
- Senator Scott Wilk
- Senator Connie Leyva
- Assembly Member Patrick O'Donnell
- Assembly Member Jordan Cunningham
- Assembly Member Autumn Burke

Member of the SAB absent was as follows:

- Senator Richard Roth

Representative of the SAB was as follows:

- Lisa Silverman, Executive Officer

Representatives of the Department of General Services, Office of Public School Construction (OPSC), were as follows:

- Lisa Silverman, Executive Officer
- Barbara Kampmeier, Deputy Executive Officer

Representative of the Department of General Services, Office of Legal Services, was as follows:

- Tom Patton, SAB/OPSC Counsel

With a quorum present, Ms. Miller, Chair, called the meeting to order at 4:01 p.m.

PRIOR MINUTES

A motion was made, and seconded, to approve the June 23, 2021 meeting Minutes. The Chair called for a roll-call vote and the motion carried per the following votes:

Failed

EXECUTIVE OFFICER'S STATEMENT

The Executive Officer informed the SAB of the following:

2021/2022 State Budget Updates

California Preschool, Transitional Kindergarten, Full-Day Kindergarten Facilities Grant Program

The Governor signed Assembly Bill (AB) 130 on July 9, 2021. This bill, among other changes, expanded the Full-day Kindergarten Facilities Grant Program to the California Preschool, Transitional Kindergarten, and Full-day Kindergarten Facilities Grant Program. In addition, the bill provided \$490 million for school districts to construct new school facilities or retrofit existing school facilities for the purposes of providing preschool classrooms for California state preschool programs, transitional kindergarten classrooms, and full-day kindergarten classrooms.

It is OPSC's intent to hold several public meetings and invite stakeholder participation in the development of updated regulations for the expanded program. The first stakeholder meeting has been scheduled for Wednesday, September 8, 2021 from 10:00 a.m. to 12:00 p.m.

Additional Funding for the School Facility Program

In addition to the above, AB 130 appropriated an additional \$250 million from the General Fund to the SAB for funding SFP new construction and modernization projects. Staff is preparing guidelines for the allocation of these General Fund dollars and anticipates presenting the proposed guidelines to the SAB at its September meeting.

Facility Inspection Tool

The Governor signed Senate Bill (SB) 129 on July 12, 2021. This bill, among other changes, provided \$250,000 for OPSC to update the Facility Inspection Tool (FIT) for use beginning July 1, 2022. The FIT is used to determine if a school facility is in "good repair" as defined in statute. OPSC intends to hold several stakeholder meetings to receive feedback and consultation on the development of the updated Tool. The first stakeholder meeting is tentatively scheduled for Thursday, September 30, 2021 from 10:00 a.m. to 12:00 p.m.

EXECUTIVE OFFICER'S STATEMENT (cont.)

April 2021 Priority Funding Apportionments

The SAB approved funding apportionments at its April 28, 2021 meeting in the amount of \$519.4 million for 229 projects from 114 school districts. This was a result of the cash proceeds from the General Obligation Bond sale that took place in March 2021. As of July 30, 2021, OPSC received 111 Forms SAB 50-05 representing a total of \$347.6 million. School districts are reminded that the non-participation regulations remain in effect.

21st Priority Funding Filing Round Apportionments

The 21st Priority Funding filing period closed at the end of day on June 10, 2021. Valid requests are eligible to receive apportionments from July 1, 2021 through December 31, 2021. OPSC received requests in the amount of \$766.1 million for 246 of the total 260 unique and eligible projects.

September 2021 General Obligation Bond Sale

There is a General Obligation Bond sale scheduled for the week of September 12th and will close the week of September 20th. OPSC anticipates moving the proceeds forward and will prepare apportionments for the SAB to take action at its October 2021 meeting.

New Virtual Training Announcement

OPSC has held 12 free virtual training workshops since the start of the series in January 2021 with the most recent workshop taking place on August 3, 2021, which covered the Financial Hardship Program. These virtual training workshops provide background and training on applying to the different programs offered by OPSC as well as navigating the new online system, OPSC Online, and various processes related to SFP funding. To date, 825 external participants have attended these workshops and the feedback received has been overwhelmingly positive.

In continuing this effort, OPSC has scheduled one more new virtual training workshop and it is as follows:

- The Site Development Worksheet and the new *Facility Hardship Cost Estimate* (Form SAB 58-01). This workshop is scheduled for Thursday, September 9, 2021 from 10:00 a.m. to 11:30 a.m. and will introduce the Plan Verification Team and their role in processing applications, as well as an overview of the review process and funding analysis associated with the worksheet and new cost estimate form.

OPSC sent out an email blast for the September 9, 2021 workshop and posted information to OPSC's Virtual Training Series webpage under Resources at: <https://tinyurl.com/y64lqpk5>. We encourage interested parties to sign up on the email list link available on the webpage in order to receive training information notifications. All online trainings will be archived to OPSC's YouTube channel for future access.

The Executive Officer provided an update that the Deputy Attorney General filed a combined Appellant Reply Brief and a Cross Respondent Brief on the SAB's behalf regarding the CASH lawsuit.

Next SAB Meeting

The SAB and stakeholders were reminded that the next SAB meeting would be Wednesday, September 22, 2021 at 1:00 p.m. via Zoom.

CONSENT ITEMS

A motion was made, and seconded, to approve the Consent calendar as presented. The Chair called for a roll-call vote and the motion carried per the following votes:

EXECUTIVE OFFICER STATEMENT
State Allocation Board Meeting, September 22, 2021

STAKEHOLDER MEETING UPDATES

California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program

Assembly Bill (AB) 130 was signed by the Governor on July 9, 2021. Among other changes, this bill expands the Full-Day Kindergarten Facilities Grant Program to the California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program. This bill provided an additional \$490 million to the Program for school districts to construct new school facilities or retrofit existing school facilities for the purposes of providing preschool classrooms for California state preschool programs, transitional kindergarten classrooms, and full-day kindergarten classrooms.

On September 8, 2021, Office of Public School Construction (OPSC) Staff held the first stakeholder meeting virtually via Zoom inviting members of the public to participate in the development of updated regulations for this program expansion. Eighty participants attended this meeting and provided invaluable feedback that will be taken into consideration in drafting updated regulations for the program.

Facility Inspection Tool

Senate Bill 129 was signed by the Governor on July 12, 2021. Among other changes, this bill provides \$250,000 for OPSC to update the Facility Inspection Tool for use beginning July 1, 2022. The Facility Inspection Tool is used to determine the condition of a school facility. Staff had tentatively scheduled the first stakeholder meeting for September 30, 2021; this will be postponed until a later date.

SCHOOL FACILITY PROGRAM REGULATORY AMENDMENTS – REPAYMENT OF STATE FUNDS

AB 130 amended Education Code Section 17076.10(c) to provide school districts the ability to repay state funds over a period of up to 20 years under the School Facility Program (SFP) when the State Allocation Board (SAB) determines that repayment of the full liability within 60 days would constitute a severe financial hardship. Previously, statute limited the repayment period to five years.

Staff will bring proposed regulatory amendments to the October 27, 2021 meeting to implement the new maximum repayment period.

21st PRIORITY FUNDING FILING ROUND APPORTIONMENTS

The 21st Priority Funding Filing Round closed at the end of the day on June 10, 2021. Valid requests made during this window are eligible for apportionments from July 1, 2021 through December 31, 2021. OPSC received requests in the amount of \$766.1 million for 246 of the total 260 unique and eligible projects, which includes requests for 241 out of 244 eligible SFP projects and 5 out of 16 eligible Charter School Facilities Program projects.

Staff received proceeds from the Fall General Obligation Bond sale and is preparing Priority Funding Apportionments for presentation to the SAB at the October 27, 2021 meeting.

VIRTUAL TRAINING SERIES

Since the August 25, 2021 Board meeting, OPSC has held one more free virtual training workshop. This workshop was developed as a result of popular request from District stakeholders and took place on September 9, 2021. The workshop covered the SFP Site Development Worksheet, the new *Facility Hardship Cost Estimate* (Form SAB 58-01), and introduced attendees to the Plan Verification Team and their role in processing applications. Staff discussed the purpose and use cases for both forms, provided an overview of the review process and funding analysis associated with each form, and offered tips for successfully completing each of the forms to get the best results when submitting these documents.

OPSC has held 13 free virtual training workshops since the start of the series in January 2021. These virtual workshops provide background and training on applying to the different programs offered by OPSC as well as navigating our new online application, OPSC Online, and various processes related to SFP funding. Thus far, 917 external participants have attended these workshops and the feedback from Districts and stakeholders has been overwhelmingly positive.

All online trainings are archived to [OPSC's YouTube channel](#) for future access.

NEXT MEETING

The next meeting is scheduled for Wednesday, October 27, 2021 at 1:00 p.m. via Zoom.

State of California
State Allocation Board

SCHOOL FACILITY PROGRAM

This Resolution of the State Allocation Board (hereafter referred to as the “Board”) is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on September 22, 2021.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board’s criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds.

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2 and this Resolution does not bind the Board to make any additional apportionment or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of “Projects” referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project’s cost prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State’s budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State’s official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable, laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 Third Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.
5. Any eligibility determination does not constitute a commitment of future funding by the Board.

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To present the Districts' requests for School Facility Program (SFP) eligibility approval.

DESCRIPTION

The school districts shown in the following sections have complied with State Allocation Board (Board) regulations regarding new construction or modernization eligibility determinations for the projects listed.

RECOMMENDATIONS

1. Approve the eligibility determinations for the districts/projects shown on the Attachment.
2. Provide that this approval of eligibility determination for the districts/projects listed does not constitute a commitment for future funding by the Board.
3. For purposes of any application for funding, provide that the district must comply with all requirements of law and regulations pertaining to the SFP.

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To adjust the baseline eligibility for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998.

DESCRIPTION

The districts listed on Attachment A have received eligibility approval for new construction. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.51.

The districts listed on Attachment B have received eligibility approval for modernization. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.61.

RECOMMENDATIONS

1. Approve an adjustment to the new construction eligibility baseline determination as shown on Attachment A.
2. Approve an adjustment to the modernization eligibility baseline determination as shown on Attachment B.
3. Provide that this approval of adjusted eligibility determination does not constitute a commitment for future funding by the State Allocation Board.

KEY TO ADJUSTMENTS

NEW CONSTRUCTION ONLY

- (a) Reduced by the number of pupils provided grants in a new construction School Facility Program (SFP) project and by the number of pupils that received a Preliminary Apportionment pursuant to Section 1859.140 or a Preliminary Charter School Apportionment pursuant to Regulation Section 1859.162.2.
- (b) Reduced by the number of pupils housed, based on the loading standards pursuant to Ed. Code Section 17071.25(a)(2)(A), in a new construction LPP project funded under the provisions of the LPP pursuant to Regulation Section 1859.12 or 1859.13.
- (c) Reduced by the number of pupils housed in additional classrooms constructed or purchased based on the loading standards, pursuant to Ed. Code Section 17071.25(a)(2)(A), in a modernization SFP project.
- (d) Adjusted as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.
- (e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years, except as provided in (j) below.
- (f) Adjusted as a result of errors or omissions by the district or by the Office of Public School Construction (OPSC).
- (g) Adjusted as result of amendments to the SFP Regulations that affect the eligibility.
- (h) Increased by the number of pupils eligible for grants pursuant to Regulation Section 1859.82(a).
- (i) Reduced by the number of pupils housed in classrooms provided after the baseline eligibility was determined by the State Allocation Board, with 12 exceptions at Regulation Section 1859.51(i).
- (j) For Small School Districts, following a 3-year period after the district's eligibility was approved by the Board, decreased by any reduction in projected enrollment, and by any increase in pupils in the latest CDE operational grant report per Ed. Code Sec. 42268.
- (k) Adjusted for any changes in classroom inventory as a result of a reorganization election.
- (l) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.
- (m) As directed by the SAB due to finding a Material Inaccuracy pursuant to Section 1859.104.1.
- (n) Increased by the number of pupils that received a Preliminary Apportionment that was rescinded pursuant to Section 1859.148 or a Preliminary Charter School Apportionment that was rescinded pursuant to Section 1859.166.
- (o) Adjusted for operational grant changes as determined/provided by the California Department of Education.
- (p) For High School Attendance Area (HSAA) districts with Preliminary Apportionments within the 2002 or 2004 Critically Overcrowded School Facilities Account, adjusted in accordance with Regulation Section 1859.51(p)(1), (2), or (3).
- (q) Adjusted by the difference between the Alternative Enrollment Projection for the current enrollment reporting year and the projected enrollment determined pursuant to Section 1859.42 for the current enrollment reporting year, or by the eligibility remaining from this calculation that can no longer be utilized if the funds made available pursuant to EC Section 17071.75(a)(1)(A) have been exhausted.
- (r) Adjusted per Ed. Code Sec. 17071.75(b)(2) by the number of pupils housed, based on the loading standards per Ed. Code Sec. 17071.25(a)(2)(A), in any classroom(s) where title was relinquished to the School District receiving the transferred classrooms.

KEY TO ADJUSTMENTS

MODERNIZATION ONLY

- (a) Reduced by the number of pupils provided grants in a modernization SFP project or CSFP Rehabilitation project at the specific site.
- (b) Reduced by the number of pupils housed, based on the loading standard pursuant to EC Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Regulation Section 1859.14 and 1859.15.
- (c) Increased by changes in projected enrollment in subsequent enrollment reporting years.
- (d) (1) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or, (2) as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.
- (e) Adjusted as a result of errors or omissions by the district or by the OPSC.
- (f) Adjusted as result of amendments to the Subgroup 5.5 Regulations that affect the eligibility.
- (g) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.
- (h) As directed by the SAB due to finding a Material Inaccuracy pursuant to Regulation Section 1859.104.1.
- (i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Regulation Section 1859.78.8.
- (j) Adjusted as a result of the Reconfiguration of an existing high school under the Small High School Program.
- (k) Decreased for facilities that were deemed eligible for modernization pursuant to Regulation Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.
- (l) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, per Ed. Code Section 17079 et seq.
- (m) Adjusted as a result of classrooms demolished and replaced pursuant to Regulation Section 1859.82.

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the January 2021 Board meeting, the Board elected to provide an increase adjustment of 1.42 percent to SFP projects for calendar year 2021. The projects listed on the Attachment reflect the Board's action of the adoption of the 1.42 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant qualifies for financial hardship pursuant to School Facility Program Regulation Section 1859.81(c)(4). The Applicant has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The Applicant's total bonding capacity as of July 15, 2021 is \$5 million or less.

On October 24, 2018, the Board approved a design Apportionment for the District for 207 pupil grants at the K-6 grade level, and 62 pupil grants at the 7-8 grade level. With this item, the District is neither increasing nor decreasing its pupil grant request thus resulting in no additional adjustment to the District's Modernization Baseline eligibility.

Valid Division of the State Architect approval must be obtained for the project pursuant to Education Code Section 17070.70(b) prior to receiving an Apportionment. Otherwise, the project will receive an occurrence for non-participation pursuant to School Facility Program Regulation Section 1859.90.3.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant qualifies for financial hardship pursuant to School Facility Program Regulation Section 1859.81(c)(1). The Applicant has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The Applicant's outstanding bonded indebtedness as of February 4, 2021 is at least 60 percent of its total bonding capacity.

Pursuant to SFP Regulation Section 1859.51(s), the District's new construction eligibility shall be increased by 108 pupil grants to remove four (7-8) grade level classrooms in Building C from the District's new construction classroom inventory, and Building C shall be added to a list of facilities published on OPSC's website that may not be used for any future K-12 classroom use.

Pursuant to SFP Regulation Section 1859.61(l), four (7-8) grade level classrooms and a total of 5,208 square feet corresponding to Building C shall be removed from the District's classroom inventory used to establish modernization eligibility at the site.

School Name: Strathmore High
Project Grade Level: 9-12
Financial Hardship: No

PURPOSE OF REPORT

To present the District's request to amend the equipment list of a previously approved Career Technical Education Program (CTEFP) funding application.

DESCRIPTION

At the April 28, 2021, meeting, the State Allocation Board (Board) approved an apportionment for \$3 million this CTEFP project that included \$54,977 in grants for equipment. After that approval, the District submitted a *School District Appeal Request* (Attachment A) to amend the originally approved equipment list associated with the project. Staff has reviewed the District's request and supports the change of equipment items.

AUTHORITY

School Facilities Program Regulation Section 1859.193 states, in part "Equipment purchased under the Career Technical Education Facilities Program must have an average useful life expectancy of at least ten years pursuant to Education Code 17078.72(a)."

BACKGROUND

The CTEFP provides a maximum of \$3 million in grants for new construction projects and \$1.5 million for modernization projects, inclusive of equipment. Statute requires that equipment has an average useful life expectancy of 10 years. To be complete, grant applications must include a detailed cost estimate of construction and site development and an itemized equipment list.

The District submitted a CTEFP Funding Application during Cycle 6 for new CTE facilities in the Agriculture and Natural Resources Industry Sector on July 27, 2020. The project was approved for placement on the Unfunded List (Lack of AB 55 Loans) on September 30, 2020, and then received an Apportionment as a reservation of funds April 28, 2021 (Attachment B). The \$3 million awarded for the project was the maximum grant allowed by statute, which included grants for construction of a new facility, associated site development, and equipment for the program. As a reservation of funds, the District was provided 12 months from the Apportionment date to submit the required California Department of Education and Division of the State Architect plan approvals to the Office of Public School Construction. Following these approvals, the District determined that it needed to amend the originally approved equipment list. Thus, on June 1, 2021, the District submitted the attached *School District Appeal Request* (Form SAB 189), which is included as an Attachment.

STAFF ANALYSIS/STATEMENTS

DISTRICT POSITION

As noted in its Form SAB 189, the District respectfully requests “to change out two items from the original grant and replace [them] with the current provided equipment list.”

District staff and other stakeholders concluded that “the required infrastructure and maintenance [of these two items] was determined to be unsustainable in the long run... and that the amount of use that these items would be utilized by the students does not justify including these two items in the facilities grant.” Therefore, the District states that its solution is to replace these two items “with other equipment that would be appropriate for our students and have much more of an impact on the learning goals of our Pathway and School.”

In support of its request, the District submitted the following documentation of the following:

1. Approval from the local CTE Program Advisory Committee for the equipment change.
2. Substantiation from the vendor that the proposed new equipment items meet the statutorily required 10-year average life expectancy.
3. Substantiation for the costs of the proposed substitute equipment items.

The full text of the District’s appeal request is included as Attachment A.

STAFF POSITION

The District requests to amend the originally approved equipment item list of its CTEFP funding application (55/75523-00-007). Staff reviewed the District’s request and determined that some, but not all the District’s proposed items could be approved. Some items were identified as consumables that would not meet the statutory average 10-year life expectancy requirement. The District accepts staff’s recommendation to include only the equipment Staff determined to be program eligible. Staff recommends accepting the amended list.

The proposed amended list represents a potential cost savings for the project totaling \$31,270.65. Because the project was awarded the maximum amount allowed by statute of \$3 million, the change in equipment requested would not have altered the Apportionment if it had been done prior to approval. The original Apportionment is included as Attachment B for reference. Due to the lesser cost of the proposed equipment items, residual funds may remain at the conclusion of the project. Any savings reported through the audit process must be returned to OPSC pursuant to School Facility Program Regulation Section 1859.199.

Conclusion

Staff supports the District’s request to substitute the proposed equipment items from the originally approved list.

RECOMMENDATION

Approve the District's amended request as follows:

Added Equipment	Removed Equipment
Environmental Science LabQuest 3 Pack	Atomic Absorption Spectrophotometer
2 L Sampling Chamber	Nitrogen Analyzer
Go Direct Temp Teacher Pack	
Spectrum Tube Single w/ Holder	
Go Direct Optical DO Sensor	
Soil Moisture Sensor	
Go Direct Platinum – Cell Conductivity	
LabQuest 3 Lanyard	
Go Direct Spectrovis Plus	
Vernier Drop Counter	
O2 Gas Sensor	
Go Direct Flat PH Sensor	
LabQuest Charge Station	
LabQuest Stand

SAB 189 (REV 10/09)

Page 2 of 2

SCHOOL DISTRICT Porterville Unified School District	APPLICATION NUMBER 55/75523-00-007
SCHOOL NAME Strathmore High School	COUNTY Tulare
DISTRICT REPRESENTATIVE Dr. Brad Rohrbach	E-MAIL ADDRESS brorhbach@portervilleschools.org

Purpose of Request:

The purpose of this request to change out two items listed from the original grant and replace with the current provided equipment list.

Basis of Request:

- ☐ Law (Statute) _____
- ☐ Regulation _____
- ☐ Other (specify) _____

Description:

As the project moved forward, our team continued to have discussions with teachers and staff, business partners and stakeholders at Strathmore High School about the equipment, how they would be used by staff and students as well as additional issues, including maintenance and long term costs. Two of the originally listed items, the Atomic Absorption Spectrometer (AAS) and the Nitrogen Analyzer (NA) and the required infrastructure and maintenance was determined to be unsustainable in the long run. These two highly sensitive machines are designed to run daily 100's of samples in a modern specialized laboratory. The amount of use that these items would be utilized by the students does not justify including these items in the facilities grant. In addition, the AAS and NA require maintenance from specialized technicians that can deplete budgets that are already over-extended with needs and demands for other services.

Once these issues were addressed, a solution was created, in that we could replace the AAS and NA with other equipment that would be appropriate for our students and have much more of an impact on the learning goals of our Pathway and School.

Here is the list of the items that we would like to substitute:
 18-Environmental Science LabQuest 3 Package (LQ3-EV-ODX)
 10-BioChamber 2000 (BC-2000)
 2-Go Direct Temperature Probe - Teacher Pack (GDXTMP-TP)
 40-Go Direct® Sensor Clamp (GDXTCLAMP)
 1-Spectrum Tube Single Power Supply (ST-SPS)
 1-Spectrum Tubes - Air (ST-AIR)
 1-Spectrum Tubes - Carbon Dioxide (ST-CO2)
 1-Spectrum Tubes - Helium (ST-HE)
 1-Spectrum Tubes - Hydrogen (ST-H)
 1-Spectrum Tubes - Nitrogen (ST-N)
 1-Spectrum Tubes - Argon (ST-AR)
 1-Spectrum Tubes Neon (ST-NE)
 15-Go Direct Optical Dissolved Oxygen Probe (GDXTDO)
 10-Soil Moisture Sensor (SMS-BTA)
 5-Go Direct Platinum-Cell Conductivity Probe (GDXTCONPT)
 20- LabQuest 3 Lanyard (LQ3-LAN)
 5-Go Direct SpectroVis Plus Spectrophotometer (GDXTSVISPL)
 2-Plastic Cuvettes (UVVIS) (CUV-UV)
 10-Drop Counter (VDC-BTD)
 10-O Gas Sensor (O2-BTA)
 15-Go Direct Tris-Compatible Flat pH (GDXTFPH)
 5-LabQuest Charge Station (LQ3-CRG)
 20-LabQuest 3 Stand (LQ3-STN)

It is our belief that the SAB should grant this request to change equipment provided in the grant based on the information cited above. The AAS and NA can easily be replaced by Vernier equipment that will allow more students on our campus to participate and practice relevant skills that will prepare them for college and 21st century careers.

STIPULATED TERMS & NEXT STEPS

Pursuant to School Facility Program (SFP) Regulation Section 1859.197, the Applicant is required to submit the required California Department of Education (CDE) and Division of the State Architect (DSA) plan approval letter(s) to the Office of Public School Construction within 12 months of receiving an Apportionment.

If the required documents are not received prior to 11:59 p.m. on April 28, 2022, the Apportionment shall be rescinded without further Board action.

The Applicant must submit a valid, complete Fund Release Authorization (Form SAB 50-05) within 90 days of OPSC's receipt of the CDE and DSA plan approval letters. The Form SAB 50-05 must be signed by the designated District Representative and must be received by the OPSC prior to 11:59 p.m. on the 90th day.

The above documents may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to OPSC at 707 Third Street, 6th Floor, West Sacramento, CA 95605.

The Applicant is required to submit a signed Grant Agreement pursuant to SFP Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The state's portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the state pursuant to SFP Regulation Section 1859.199.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, September 22, 2021

SCHOOL DISTRICT DATA

School District: Oakland Unified County: Alameda
Charter School: Lighthouse Community Charter School Name: Lighthouse Community Charter
Application Number(s): 54/61259-09-010 and 011

PURPOSE OF REPORT

To present a Charter School Facilities Program (CSFP) Preliminary Charter School Apportionment for rescission.

DESCRIPTION

The CSFP permits a charter school or school district filing on behalf of a charter to apply for a Preliminary Charter School Apportionment for new construction projects and rehabilitation of district owned existing facilities that are at least 15 years old. The Preliminary Charter School Apportionment for a CSFP project must be converted within a four-year period to an adjusted grant apportionment meeting all School Facility Program (SFP) criteria, unless a single one-year extension is granted. This item rescinds a CSFP Preliminary Charter School Apportionment.

AUTHORITY

See Attachment A.

BACKGROUND

The Lighthouse Community Charter (Charter School) received an unfunded approval for a Preliminary Charter School Apportionment for rehabilitation and new construction on a site owned by the Oakland Unified School District at the January 24, 2018 State Allocation Board meeting. The Charter School's deadline to convert to an adjusted grant apportionment is January 24, 2022, which does not include the eligible one-time, one-year extension. On July 21, 2021, OPSC received notification from the Charter School (Attachment B) that it had found an alternate facility and would not be moving forward with the project.

STAFF ANALYSIS/STATEMENTS

No funds were released to the Charter School. The entire amount of the Preliminary Charter School Apportionment will be unencumbered in the Charter School Facilities Account and may be used for charter school purposes.

Application No.	State Share Unfunded Amount	CSFP Lease Unfunded Amount	Total	Bond Fund
54/61259-09-010	\$2,002,061.00	\$2,002,061.00	\$4,004,122.00	51
54/61259-09-011	\$21,502,848.00	\$21,502,848.00	\$43,005,696.00	51

RECOMMENDATION

Rescind the SFP unfunded State Share total amount of \$23,504,909.00 [Proposition 51 Bonds/2016-Nov.; 951-540] and the SFP unfunded CSFP Lease total amount of \$23,504,909.00 [Proposition 51 Bonds/2016-Nov.; 951-544].

ATTACHMENT A
AUTHORITY

School Facility Program Regulation Section 1859.107. Amending and Withdrawal of Applications.

A funding application that received an apportionment under Chapter 12 or Chapter 12.5 may not be rescinded and re-approved under the provisions of any amended law or administrative regulation unless specifically authorized by other applicable law.

A funding application, with the exception of funding applications identified in Subsection (a) below, that has received an approval pursuant to Section 1859.95, but has not received an apportionment, may receive an adjustment as allowed under Sections 1859.71, 1859.71.2(c), 1859.78.4(b) or 1859.78 at the time the apportionment is made. If the adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date. No other adjustments may be made, including those resulting from changes to the regulations prior to final funding by the SAB. As an alternative, the application may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation that becomes effective prior to the apportionment for the project. The district must first request from the OPSC that the application be withdrawn and removed from the Unfunded List. The district may then resubmit the application to the OPSC under the provisions of the amended or new regulation once it is effective. The resubmitted application will receive a new processing date by the OPSC. School districts that have already received a site apportionment under Section 1859.81.1(a) may withdraw the application and file as an environmental hardship pursuant to Section 1859.75.1 without forfeiting their original site apportionment, provided that the new application does not exceed the amount already apportioned.

A funding application, with the exception of funding applications identified in Subsection (a) below, submitted to the OPSC that has not received an approval will receive funding under the provisions of the regulations that were in effect when the application was submitted to the OPSC and any funding adjustment authorized by Sections 1859.71.2(c) or 1859.78.4(b). If the funding adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date. At the option of the district, a funding application submitted to the OPSC that has not received an approval may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation once it is effective. The district must request that the application be withdrawn and removed from the OPSC workload list. The resubmitted application will receive a new processing date by the OPSC.

At the option of the district, an Approved Application for Career Technical Education Facilities Project Funding submitted to OPSC prior to January 1, 2012 may be resubmitted for the purpose of requesting the funding as prescribed in Section 1859.71.6 or Section 1859.77.4, as applicable. To request that funding, the district must submit an amended Form SAB 50-10 at least 90 days prior to requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2 or receiving an Apportionment pursuant to Section 1859.195. The amended application shall retain its original OPSC processing date.

ATTACHMENT A

(a) A district that submitted an Approved Application request for either a Modernization Adjusted Grant or a Separate Design Apportionment for a modernization project pursuant to Section 1859.81.1 that meets the criteria in (1) and (2) below must submit a new Form SAB 50-04 that meets the criteria in Subsections (b) or (c) no later than 60 calendar days after the effective date (September 16, 2002) of this Subsection:

(1) The Approved Application was received by the OPSC after April 29, 2002 but no later than the date this Subsection becomes effective (September 16, 2002).

(2) The Approved Application has not received an approval or has received an approval pursuant to Section 1859.95, but has not received an apportionment.

(b) The new Form SAB 50-04 identifies the same number of pupils assigned to the original project or a lesser amount that is not less than 37.5 percent of the pupils originally assigned to the project (round up). In this case, the district will be required to contribute additional funds to the project to meet the 40 percent district contribution required pursuant to Section 1859.79(b). If the project was approved as a financial hardship project under the provisions of Section 1859.81, the project shall maintain its financial hardship status, however, the district will be subject to a financial review pursuant to Section 1859.81(a) to determine if there are additional district funds available for the project.

(c) The new Form SAB 50-04 identifies a lesser number of pupils assigned to the project that does not exceed an amount determined by multiplying the pupils assigned to the original project by 37.5 percent (round down). In this case, the district will not be required to contribute additional funds to the project to meet the 40 percent district contribution required pursuant to Section 1859.79(b).

(d) If a new Form SAB 50-04 is submitted under the provisions of subsection (b), the Architect of Record or Design Professional certification made on the original Form SAB 50-04 will be accepted as satisfying the requirements of the new Form SAB 50-04.

(e) Any Approved Application request that meets the requirements of Subsection (a) will be withdrawn 60 calendar days after the date Subsection (a) becomes effective (September 16, 2002) if the district does not submit a new Form SAB 50-04 conforming to either Subsections (b) or (c).

Any application for eligibility determination that has received an approval may be amended to comply with provisions of an amended or new regulation once it is effective. The amended application will receive a new processing date by the OPSC.

Any application for eligibility determination that has not received an approval may be amended at any time to conform to an amended or new regulation. The application shall retain its OPSC processing date.

Any application for new construction eligibility determination that has received an approval must be amended to conform to Regulation Section 1859.51(l) prior to submittal of Form SAB 50-04.

Any application for new construction eligibility determination that has not received an approval must be amended to conform to Form SAB 50-02 and Form SAB 50-03 prior to submittal of Form SAB 50-04.

Any application for modernization eligibility determination that has received an approval must be amended to conform to Regulation Section 1859.61(g) prior to submittal of Form SAB 50-04.

ATTACHMENT A

Any application for modernization eligibility determination that has not received an approval must be amended to conform to Form SAB 50-03 prior to submittal of Form SAB 50-04.

Districts that have received an approval of eligibility on a HSAA or Super HSAA are not required to re-establish eligibility under the provisions of Section 1859.41(a).

Districts that have requested eligibility determination on a HSAA or Super HSAA that have not received an approval must comply with the provisions of Section 1859.41(a) prior to submittal of Form SAB 50-04. The amended eligibility application shall retain its original OPSC processing date.

A district that has received an approval of its eligibility determination on a district-wide, HSAA or Super HSAA basis, but received no New Construction Grant(s), may re-file on another eligibility determination basis provided it withdraws all previously submitted Form SAB 50-04 requests for New Construction Grant(s), including those on the Unfunded List.

Note: Authority cited: Sections 17070.35 and 17078.72(l), Education Code.

Reference: Sections 17070.35, 17070.63, 17074.15, 17074.16 and 17074.56, Education Code.

Section 1859.167.2. Preliminary Apportionment Rescissions.

(a) For projects apportioned on or before February 23, 2005 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the following will occur upon rescission:

(1) the SFP New Construction Eligibility will be increased for the pupils assigned to the Preliminary Charter School Application for the school district that physically contains the Charter School within its geographical boundaries.

(2) Those projects that have received an advanced release of funds as provided in Section 1859.164.2(a), shall be reduced to costs incurred and closed-out pursuant to Section 1859.106 with a corresponding SFP new construction baseline eligibility adjustment for the pupils assigned to the Preliminary Charter School Application.

(b) For projects apportioned on July 2, 2003 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the funds shall be returned to the program as follows:

(1) A fund shall be established within the 2002 Charter School Facilities Account to be known as the Conversion Increase Fund. An amount equal to \$16,634,364 from Preliminary Charter School Apportionments rescinded on or before April 25, 2007 shall be transferred, on a one time basis, from the Unrestricted Charter School Fund to the Conversion Increase Fund established within that same account. The Conversion Increase Fund shall be used for the purposes outlined in Section 1859.167(b)(4).

(2) Funds available due to projects that rescind after April 25, 2007 shall be transferred to the Unrestricted Charter School Fund within the 2002 Charter School Facilities Account.

(c) For projects apportioned on February 23, 2005 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the funds shall be returned to the program as follows:

(1) A fund shall be established within the 2004 Charter School Facilities Account to be known as the Conversion Increase Fund. This fund shall be used for the purposes outlined in Section 1859.167(b)(4). This fund shall include all amounts from Preliminary Charter School Apportionments rescinded from the 2004 Charter School Facilities Account on or before April 25,

ATTACHMENT A

2007, plus the amounts initially reserved for the DTSC/Relocation Fund and the Hazardous Material/Waste Removal Fund established in Section 1859.163.3.

(2) Funds available due to project rescissions after April 25, 2007 including both the Preliminary Apportionment reservation and any amount available pursuant to subsection (c)(1) above that is not needed for a Final Charter School Apportionment, shall first be used to replenish the DTSC/Relocation Fund and the Hazardous Material/Waste Removal Fund until the cumulative deposits made back into the funds total the amount of funds initially reserved. Once these funds have been replenished, future rescinded amounts shall be returned to the Unrestricted Charter School Fund.

(d) The maximum amount available for each individual Final Charter School Apportionment from the 2002 and/or 2004 Conversion Increase Fund shall be equal to the ratio of the project's Preliminary Charter School Apportionment to the total value of preliminary charter school apportionments awarded on February 23, 2005, for those recipients eligible for these Conversion Increase Fund funds, multiplied by the sum of the amount of funds available for the Conversion Increase Fund in both the 2002 and 2004 Charter School Facilities Accounts.

(e) For projects apportioned after February 23, 2005 any rescinded amounts shall be transferred into the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account. Projects shall be rescinded pursuant to the process described in subsection (a) above with the exception that any adjustments to the baseline eligibility shall be based on the ratio of the number of unhoused pupils pursuant to Section 1859.162.2 and the project capacity which generated the project funding to the eligible expenditures.

Any funds released are subject to the fifty percent local matching share requirement as required by Education Code
Section 17078.54(d).

Note: Authority cited: Sections 17070.35 and 17078.64, Education Code.

Reference: Section 17078.54, Education Code.

Erin Cunneen
Associate Governmental Program Analyst
Office of Public School Construction

July 20, 2021

Dear Ms. Cunneen:

I am writing to notify your office that we are choosing to rescind our award. This was for for rehabilitation funding with the Office of Public School Construction (OPSC) under the Charter School Facilities Program (CSFP) as provided under Article 12, Chapter 12.5, Part 10, Division 1, Title 2, commencing with Section 17078.50, et seq., of the Education Code (EC).

The award was granted to Lodestar: A Lighthouse Community Charter Public School. It was for rehabilitation and new construction and the application numbers are as follows:

- 54/61259-09-010
- 54/61259-09-011

We applied for this award with an intent of support from our district. In the time since, it did not prove to be a viable location and we have since found an alternative facility.

Sincerely,
Brandon Paige
Director of Finance
Lighthouse Community Public Schools

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, September 22, 2021

SCHOOL DISTRICT DATA

School District: Twin Rivers Unified
County: Sacramento

Application Number: 57/76505-00-045
School Name: Foothill High

PURPOSE OF REPORT

To present a School Facility Program (SFP) project for rescission.

DESCRIPTION

Modernization funding application number 57/76505-00-045 received an unfunded approval at the September 30, 2020 State Allocation Board meeting. The District requested the rescission of application number 57/76505-00-045 in a letter dated July 30, 2021 because they are no longer pursuing the scope of work associated with the DSA approved plans for this project. For this reason, the 57/76505-00-045 application is being rescinded.

Application No.	State Unfunded Approval Date	Pupil Grants
57/76505-00-045	09/30/2020	68 (9-12)

AUTHORITY

SFP Regulation Section 1859.107 states "...the application may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation that becomes effective prior to the apportionment for the project. The district must first request from the OPSC that the application be withdrawn and removed from the Unfunded List..."

RECOMMENDATIONS

1. Rescind the District's application listed above.
2. Approve a return of **68** 9-12 pupil grants to the District's baseline attributed to the 57/76505-00-045 application.
3. Approve a decrease of \$566,251.00 in the State Apportionment [Bonds/2016-Nov.; 951-570] from \$566,251.00 to \$0.

CHARTER SCHOOL FACILITIES PROGRAM EXTENSION TO CONVERSION DEADLINE

PURPOSE OF REPORT

To present San Diego Unified School District's (Applicant) request for a one-year extension to the conversion deadline for its Charter School Facilities Program (CSFP) rehabilitation project.

DESCRIPTION

Applicants participating in the CSFP must convert a Preliminary Charter School Apportionment (PSCA) to an adjusted grant apportionment within a four-year period pursuant to School Facility Program (SFP) Regulation Section 1859.166. This item requests a one-year extension to the conversion deadline for the rehabilitation project at Albert Einstein Charter Elementary, application number 54/68338-00-007, pursuant to SFP Regulation Section 1859.166.1.

AUTHORITY

See Attachment A.

BACKGROUND

The CSFP provides PCSAs (reservations of bond authority) for new construction and rehabilitation projects. The PCSA for a CSFP project must be converted within a four-year period to an adjusted grant apportionment meeting all the SFP Regulation requirements, unless a single one-year extension is granted by the State Allocation Board (Board).

Applicants may request the Board to approve a single one-year extension. The request will be approved when the Applicant meets the criteria in (a) or (b):

- a) The charter school has provided evidence of both of the following:
 - The California Department of Education (CDE) has made a contingent or final approval of the proposed site; and,
 - The Division of the State Architect (DSA) has confirmed that the final plans for the project have been submitted to the DSA for review and approval.
- b) Other evidence satisfactory to the Board justifying the extension.

STAFF ANALYSIS/COMMENTS

The Applicant's project is located on a district-owned site. Restrictions due to Covid-19 delayed the start of the project's design process. The Applicant intends to construct the project in two phases. The first phase is estimated to have final plan approval from the California Department of Education and Division of the State Architect by October 2021. The second phase is estimated to be submitted for final plan approval in Summer 2022. The Applicant anticipates receiving all required approvals and submitting a conversion application for both phases in December 2022. The current conversion deadline for the project is January 24, 2022. If approved the new deadline will be January 24, 2023.

Staff has reviewed the Applicant's request (Attachment B) and determined that it provides satisfactory evidence to justify the extension. Staff supports the Applicant's request for a one-year extension to the conversion deadline.

RECOMMENDATION

Approve the Applicant's request for a one-year extension to the conversion deadline. Require that the PCSA for application number 54/68338-00-007 be converted to a final apportionment by January 24, 2023, or the PCSA will be rescinded and the bond authority returned to the CSFP.

ATTACHMENT A

AUTHORITY

School Facility Program (SFP) Section 1859.166. Time Limit on Preliminary Charter School Apportionment.

- (a) A complete request to convert a Preliminary Charter School Apportionment to a Final Charter School Apportionment pursuant to Section 1859.165 shall be made within four years of the date of the Preliminary Charter School Apportionment unless the Charter School received approval of an extension pursuant to Section 1859.166.1.
- (b) If (a) is not met, and the Charter School has not received an advance release of funds as provided in Section 1859.164.2, the following will occur:
 - (1) the Preliminary Charter School Apportionment shall be rescinded and any remaining Preliminary Charter School Apportionment, not released to the Charter School, shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
 - (2) the SFP New Construction Eligibility will be increased by the number of unhoused pupils pursuant to Section 1859.162.2 for the school district that physically contains the Charter School within its geographical boundaries.
- (c) If (a) is not met, and the Charter School has received an advance release of funds as provided in Section 1859.164.2, the following will occur:
 - (1) The Preliminary Charter School Apportionment shall be rescinded and any remaining Preliminary Charter School Apportionment, not released to the Charter School, shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
 - (2) Funds released pursuant to Section 1859.164.2(a) shall be reduced to cost incurred and closed-out pursuant to Section 1859.106 with a corresponding SFP new construction baseline eligibility adjustment for the pupils assigned to the Preliminary Charter School Application. The adjustment to the baseline eligibility shall be based on the ratio of the number of unhoused pupils pursuant to Section 1859.162.2 and the project capacity which generated the project funding to the eligible expenditures. Any funds released are subject to the fifty percent local matching share requirement as required by EC 17078.54(d). Funds returned pursuant to Section 1859.106 shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
 - (3) Funds released pursuant to Section 1859.164.2(b) shall be subject to the provisions of Section 1859.171.

SFP Section 1859.166.1. Preliminary Charter School Apportionment Time Limit Extension.

A Charter School that has received a Preliminary Charter School Apportionment may request a single one-year extension of the time limit prescribed in Section 1859.166(a). The Board shall approve the request provided the criteria in (a) or (b) are met:

- (a) The Charter School has provided evidence of both of the following:
 - (1) The CDE has made a contingent or final approval of the proposed site; and,
 - (2) The DSA has confirmed that the final plans for the project have been submitted to the DSA for review and approval.
- (b) Other evidence satisfactory to the Board justifying the extension.

July 14, 2021

Office of Public School Construction
707 Third Street, Sixth Floor
West Sacramento, CA 95605

To Whom It May Concern:

San Diego Unified School District (SDUSD) is requesting a one year extension to the deadline for submitting the funding application for Albert Einstein Charter School CSFP project (54/68338-00-007). Due to the Governor's stay-at-home order, new processes needed to be developed to continue production while working from home. Working remotely created a loss of efficiency, affecting all areas of construction management as resources became limited or unavailable. Many staff were pulled from their construction-related assignments to address distance learning.

Specific to the Einstein project, SDUSD will execute this project in two phases. The first phase involves approximately 8,000 square feet of demolition, 5,000 square feet of rehabilitation of existing space, and almost 40,000 square feet of construction. Another 37,000 square feet will be rehabilitated in phase 2 with approximately 13,000 square feet of demolition of existing classrooms in phase 2. The new classrooms built in phase 1 effectively replace the 13,000 square feet of classrooms to be demolished in phase 2. SDUSD intended to demolish the existing space in phase 1 but decided that maintaining these classrooms through phase 2 would greatly benefit the planned rehabilitation by serving as classrooms for the students displaced during the phase 2 rehabilitation.

Phase 1 of this project is currently with DSA and approval is anticipated by October 2021. Phase 2 of this project is driving the need for an extension and we respectfully request a deadline extension from January 24, 2022 to January 24, 2023. SDUSD anticipates submitting phase 2 to DSA in November 2022 after CDE plan approval, estimated for July 2022. SDUSD's planned conversion date of the preliminary apportionment is December 2022 at which point both phases of the project will be submitted in one funding application to OPSC. All construction work for both phases is anticipated to be complete by December 2025.

SCHOOL FACILITY PROGRAM SUBSTANTIAL PROGRESS TIME EXTENSIONS

PURPOSE OF REPORT

To present the County Office of Education (County)'s request for time extensions to show substantial progress for the School Facility Program (SFP) projects attached.

DESCRIPTION

The SFP regulations requires that a County which receives a design grant approval must demonstrate substantial progress has been made on the project within 18 months of receiving the fund release. Evidence of substantial progress can be demonstrated by showing any of the following:

1. Submittal of an approved New Construction or Modernization Adjusted Grant funding application.
2. Submittal of a County certification that the final building plans for the project have been submitted to and accepted by the Division of the State Architect (DSA) for review and approval
3. Submittal of an approved separate site funding application pursuant to Section 1859.81.1(a) or an approved environmental hardship funding application pursuant to Section 1859.75.1.
4. Submittal to the Office of Public School Construction (OPSC) of evidence satisfactory to the State Allocation Board (SAB) detailing the reason(s) that plans have not been completed and accepted by the DSA.

AUTHORITY

Pursuant to Regulation Section 1859.105 (c)(4), sufficient evidence of substantial progress shall include other evidence satisfactory to the SAB detailing the reason(s) that plans have not been completed and accepted by the DSA. If the SAB determines that substantial progress has been made, the SAB shall condition its finding of substantial progress upon the County commitment to complete and submit an Approved Adjusted Grant application within 18 months from the date of the SAB's determination of substantial progress.

STAFF COMMENTS

The Attachment represents the project applications in which the County has received a design grant apportionment and a subsequent fund release. The County has submitted acceptable explanations of why a substantial progress extension is required. Staff recommends approval of the request for additional time to submit evidence that Substantial Progress has been met on the design grants.

RECOMMENDATIONS

1. Approve the County's request for a determination of substantial progress with regard to the SFP applications, as indicated on the Attachment.
2. Failure to comply with either requirement as indicated on the Attachment will result in the project apportionments being reduced to costs incurred or rescinded.

Non-Conforming Buildings (Continued Use)

EXEMPTION FOR INDEPENDENT STUDY FACILITIES

PURPOSE OF REPORT

To present the Chico Unified School District's (District) request, as shown on the Attachment, for an exemption from the definition of "school buildings" for certain facilities used for independent study.

DESCRIPTION

The District operates an independent study program at facilities that are not located at a regular school site and is requesting an exemption from the definition of "school building," as described in Education Code (EC) Section 17283, for the facility.

EC Section 17289 authorizes any school district or county office of education to request an exemption from the State Allocation Board (Board) for a building or structure or portion of a building or structure used for independent study from the definition of "school buildings." These buildings do not have to meet the Field Act requirements but must comply with local health and safety standards.

The District has certified that it has satisfied the legal requirements under EC Section 17289 for the exemption.

AUTHORITY

EC Section 17283 states: " "School building" as used in this article means and includes any building used, or designed to be used, for elementary or secondary school purposes and constructed, reconstructed, altered, or added to, by the state or any city or city and county, or by any political subdivision or by any school district of any kind within the state, or by any regional occupational center or program created by or authorized to act by an agreement under joint exercise of power, or by the United States government, or any agency thereof."

EC Section 17289 states "In order to provide alternative, community-based educational opportunities through independent study, any school district or county office of education may request an exemption from the State Allocation Board for a building or structure, or portion of a building or structure, from the definition of "school buildings" within the meaning of Section 17283. The exemptions may be granted for no longer than two years and exemptions are renewable. An exemption may only be granted if the school district or county office of education demonstrates to the satisfaction of the State Allocation Board all of the following:

- a) The building or structure, or portion of building or structure, satisfies all of the following:
 - i) It is not located on a regular school site.
 - ii) It complies with all applicable local building standards and all relevant local health and safety standards in the community in which it is located.
 - iii) It is used for independent study.

- iv) It serves fewer than 25 pupils enrolled in kindergarten or any of the grades 1 to 12, inclusive, at any one time in the building or structure, or in a portion of a building or structure where the remainder of the building or structure is not used for instructional purposes.
- b) The use of the building or structure is critical to providing an effective alternative, community-based program.
- c) The use of other buildings or structures that would meet seismic safety standards for school facilities are not practical.”

STAFF ANALYSIS/STATEMENTS

The District has provided certification that it has met the criteria as stated in EC Section 17289. An exemption has been requested for one year.

RECOMMENDATION

Approve the District's request for an exemption from the definition of "school buildings" for the site listed on the Attachment from August 25, 2021 to August 24, 2022.

EXEMPTION FOR INDEPENDENT STUDY FACILITIES

PURPOSE OF REPORT

To present the Oxnard Union High School District's (District) request, as shown on the Attachment, for an exemption from the definition of "school buildings" for certain facilities used for independent study.

DESCRIPTION

The District operates an independent study program at facilities that are not located at a regular school site and is requesting an exemption from the definition of "school building," as described in Education Code (EC) Section 17283, for the facility.

EC Section 17289 authorizes any school district or county office of education to request an exemption from the State Allocation Board (Board) for a building or structure or portion of a building or structure used for independent study from the definition of "school buildings." These buildings do not have to meet the Field Act requirements but must comply with local health and safety standards.

The District has certified that it has satisfied the legal requirements under EC Section 17289 for the exemption.

AUTHORITY

EC Section 17283 states: " "School building" as used in this article means and includes any building used, or designed to be used, for elementary or secondary school purposes and constructed, reconstructed, altered, or added to, by the state or any city or city and county, or by any political subdivision or by any school district of any kind within the state, or by any regional occupational center or program created by or authorized to act by an agreement under joint exercise of power, or by the United States government, or any agency thereof."

EC Section 17289 states "In order to provide alternative, community-based educational opportunities through independent study, any school district or county office of education may request an exemption from the State Allocation Board for a building or structure, or portion of a building or structure, from the definition of "school buildings" within the meaning of Section 17283. The exemptions may be granted for no longer than two years and exemptions are renewable. An exemption may only be granted if the school district or county office of education demonstrates to the satisfaction of the State Allocation Board all of the following:

- a) The building or structure, or portion of building or structure, satisfies all of the following:
 - i) It is not located on a regular school site.
 - ii) It complies with all applicable local building standards and all relevant local health and safety standards in the community in which it is located.
 - iii) It is used for independent study.

- iv) It serves fewer than 25 pupils enrolled in kindergarten or any of the grades 1 to 12, inclusive, at any one time in the building or structure, or in a portion of a building or structure where the remainder of the building or structure is not used for instructional purposes.
- b) The use of the building or structure is critical to providing an effective alternative, community-based program.
- c) The use of other buildings or structures that would meet seismic safety standards for school facilities are not practical.”

STAFF ANALYSIS/STATEMENTS

The District has provided certification that it has met the criteria as stated in EC Section 17289. An exemption has been requested for two years.

RECOMMENDATION

Approve the District's request for an exemption from the definition of "school buildings" for the site listed on the Attachment from July 1, 2021 to June 30, 2023.

A. Balance of bonding authority excludes unfunded approvals.

B. The original bond allocation of \$29 million augmented by \$21 million from Prior Bond Funds to Joint Use at the 06/27/07 SAB meeting and \$7.5 million at the 7/23/08 SAB meeting pursuant to Assembly Bill 127, Chapter 35, Statutes of 2006 (Perata/Nunez).

C. The original bond allocation of \$4,960,000,000 augmented by \$5,831,911 from Prior Bonds at the 10/6/2010 SAB meeting.

D. It includes the transfer of Critically Overcrowded School Facilities Program Funds to New Construction (transfers in Prop. 55 includes: \$268.8 million approved at the 1/25/2006 SAB meeting, \$318.3 million approved at the 9/23/2009 SAB meeting, \$225 million approved at the 8/4/2010 SAB meeting, \$211.7 million approved at the 12/15/2010 SAB meeting, \$145 million at the 4/25/2012 SAB meeting, \$30.4 million after the 3/20/2013 SAB meeting, and \$32,297 after the 3/26/2014 SAB meeting per SFP Regulation Sections 1859.154 (c)).

E. Original bond allocation of \$50,000,000 augmented by \$15,547,233 from the State School Building Aid Fund at the 2/28/2007 SAB meeting and by \$1,232,224 from Prior Bonds at the 10/6/2010 SAB meeting.

F. Total authority is not available at this time due to outstanding accounts receivable. For Proposition 1D, \$219,905.76 for New Construction and \$43,958.99 for Overcrowding Relief.

For Proposition 55, \$874,774.62 for New Construction and \$691,182.23 for Charter.

SCHOOL DISTRICT DATA

School District: PARADISE UNIFIED
Application Numbers: VARIOUS
Total District Enrollment: 2,102

County: BUTTE
School Name: VARIOUS
Project Grade Levels: VARIOUS
Financial Hardship: NO

PURPOSE OF REPORT

To present the Paradise Unified School District's request for the following:

1. Process expedited apportionments for funding applications that have been placed on the Applications Received Beyond Bond Authority (ARBBA) List in the total amount of \$20,467,005 million in state grant funding, and
2. Permit the District to use modernization eligibility available at school sites other than those generating the eligibility.

DESCRIPTION

The District is requesting the State Allocation Board's (Board) approval to process the District's applications before applications submitted by other school districts, provide immediate apportionments outside the Priority Funding process, and use eligibility at different sites than the site that generated eligibility. The District has indicated these funds are necessary as part of the District's plans to rebuild schools across the community due to the Camp Fire.

On September 4, 2020, the District requested that staff process the District's Modernization eligibility updates and establishments at various sites and update New Construction eligibility to determine pupil grant availability for future projects. Staff considered the District's requests and was able to expeditiously process the Modernization eligibility updates that are allowed within Education Code and School Facility Program (SFP) regulations.

On January 26, 2021, the District submitted a *School District Appeal Request* (Form SAB 189). The District submitted an updated request on April 27 and August 24, 2021 requesting the following:

1. Immediate Processing and Apportionments for recently submitted projects, and
2. Use of Modernization eligibility at alternate school sites.

On November 8, 2018, the Camp Fire partially damaged or completely destroyed all the District's school sites (except for one site that was not impacted).

DESCRIPTION (cont.)

To date, the District has been authorized to receive \$61 million in insurance proceeds and \$18,653,514 from the Federal Emergency Management Agency (FEMA) to address the estimated reconstruction costs. Both insurance and FEMA are designed to cover costs to rebuild based on the facilities that were existing at the time of the loss. FEMA accepts requests to amend funding if costs increase. Typically, if a District encounters loss or damage from a fire, the Facility Hardship Program established in the SFP addresses these type of facility needs. The District has opted not to apply for that funding as they believe the required offset for 50 percent of insurance proceeds received will reduce all state funding, which in essence occurs because there is no longer a need as defined by program regulations.

On March 3, 2021, staff sought clarification from the District on the need for the appeal given that bond authority for both the New Construction and Modernization programs have been long over-subscribed and the District had no funding applications on either Office of Public School Construction's (OPSC) workload list or the ARBBA List.

On April 27, 2021, the District submit a revised the Form SAB 189 that added requests for expedited processing, immediate apportionments for current ARBBA List funding applications and future applications, and the use of Modernization eligibility at alternate school sites.

On August 24, 2021, the District submitted a revised Form SAB 189 to only request expedited processing, immediate apportionments for current ARBBA List funding applications, and the use of Modernization eligibility at alternate school sites.

Due to the unique circumstances brought about by the Camp Fire, and similar to the past action for the District in January 2019 for Application Number 57/61531-00-003, Staff recommends approval of the District's requests to do the following:

1. Expedited processing outside of the Priority Funding Process and in advance of current projects on the workload list and ARBBA list for the following four applications:

57/61531-00-004 for Ponderosa Elementary

57/61531-00-005 for Ridgeview High

57/61531-00-006 for Ponderosa Elementary

57/61531-00-007 for Paradise High

2. Use of established Modernization eligibility at the following sites at alternate school sites, for replacement of classrooms or square footage only:

- Use Paradise Elementary School's Modernization eligibility (existing prior to the fire) towards a project at Ponderosa Elementary.
- Use Ridgeview Continuation High School's Modernization eligibility (existing prior to the fire) towards a project at a new Ridgeview site.

AUTHORITY

See Attachment A.

BACKGROUND

Paradise Unified School District serves K-12 students in Butte County. The District's school sites include Paradise Elementary, Paradise Ridge Elementary, Paradise High, Ponderosa Elementary, Ridgeview High, Cedarwood Elementary, Honey Run Academy, Paradise Intermediate, and Pine Ridge Elementary.

In November 2018, most of the District's school sites, which housed 4,154 enrolled students, were affected by the Camp Fire which began in the rural community of Concow and spread throughout the foothill town of Paradise in Butte County. The towns of Paradise, Magalia and Butte Creek Canyon were largely destroyed. Due to the unique circumstances the District was experiencing, the Board assisted the District in quickly accessing SFP funds and eliminating other program barriers by taking the following actions:

- Approving reimbursement and an expedited Apportionment for a separate health and safety project at the December 11, 2018 meeting which provided \$157,484 in state funding to the District.
- Approving an appeal request for the expedited processing of the Modernization project at Paradise High and an Apportionment outside the priority funding process, with an increased pupil grant request, at the January 23, 2019 meeting. The project, at the time of the appeal, was on OPSC's Workload List for the Modernization program. The total state funding amount for this project was \$5.3 million.
- Exercising its statutory discretion at the January 23, 2019 meeting to reduce the unused site assessment fees from \$14,934 to \$0 for the two years for the Brakebill (Horace) Elementary and Rosewood School sites.

On September 4, 2020, the District requested that staff process the District's Modernization eligibility updates and establishments at various sites and update the District's New Construction eligibility to determine pupil grant availability for future projects. Staff considered the District's requests and was able to expeditiously process the Modernization eligibility updates that are allowed within Education Code and SFP regulations.

For some of the sites, the District asked to update or establish eligibility using prior year enrollment data. For those requests, staff performed an informal review and informed the District that any scenarios using past enrollment would need an appeal approved by the Board, as using past year's enrollment data is not allowable under SFP regulations. OPSC and the District also discussed the potential for Facility Hardship applications to address the lost buildings at seven school sites, however the District indicated that the required offset of insurance proceeds they received to address the damaged facilities sustained by the Camp Fire would not enable them to

BACKGROUND (cont.)

qualify for Facility Hardship funds as the offset would exceed whatever funding could be provided through that program.

Since that time, the District has amended its request to include only expedited processing, immediate apportionments for current ARBBA List funding applications, and to allow the use of Modernization eligibility used at alternate school sites than the site that originally generated the eligibility.

Status of the Projects

There are currently four funding applications that have been submitted and placed on the ARBBA List. They are listed below:

SCHOOL SITE	RECEIVED DATE	STATE GRANT
Ponderosa Elementary	3/30/2021	\$5,173,818
Ridgeview High	5/19/2021	\$1,539,818
Ponderosa Elementary	6/16/2021	\$5,245,327
Paradise High	08/20/2021	\$8,508,042
TOTAL STATE GRANT		\$20,467,005

STAFF ANALYSIS/STATEMENTS**District Position**

In its appeal request, the District states the following:

This urgent appeal is vital to the community of Paradise. The number of capital facilities lost in the fire are stunning. Only one district facility escaped fire damage. Maximizing funding through the School Facility Program (SFP) is a fundamental building block in Paradise's recovery. The District has maximized all available funding sources thus far, but the recovery cannot proceed as the maximum funding available to the District now is inadequate.

The full text of the District's request is included as Attachment C.

Staff Position

Staff supports the District's request.

Facility Hardship Program, Insurance Proceeds, and FEMA Funds

Typically, the SFP contemplates that facility loss or damage from fires is funded through the Facility Hardship Program. However, that program does not appear to be an option for the District due to insurance proceeds received, leading the District to seek other alternatives within the SFP.

STAFF ANALYSIS/STATEMENTS (cont.)*Expedited Processing*

Per SFP Regulation Section 1859.93(a) and 1859.93.1(a), Facility Hardship applications have first access to available bond authority, ahead of those on the workload list and the Applications Received Beyond Bond Authority List.

Immediate Apportionments

Through the Appeals process, Staff has supported requests from several districts in seeking an Apportionment outside the Priority Funding process. In all cases (with the exception of the prior Appeal for Paradise USD), the projects that received immediate apportionments were for districts without sufficient facilities to house their students due to a health and safety issue, and without cash available to move the projects forward.

Insurance and FEMA Proceeds

SFP Regulations require that the amount of funds provided for a Facility Hardship project be offset by 50 percent of any insurance proceeds received. The District has indicated that if a Facility Hardship project were submitted, the amount of insurance proceeds that would be offset would mean that there would be no state funding. If this is accurate, then it would appear that insurance proceeds have potentially addressed what the program would recognize as needed funds to rebuild the eligible scope. FEMA funds have been approved for many of the District's sites in addition to the insurance proceeds. FEMA funds are not offset from any eligible Facility Hardship funds available. Similar to the SFP and insurance, FEMA funds also have restrictions and are aimed at returning sites and buildings to what existed prior to the disaster.

STAFF ANALYSIS/STATEMENTS (cont.)

The charts below highlight the Insurance proceeds expected (as reported by the District), and FEMA funds approved.

Site	Insurance Proceeds
District Maintenance/Transportation	\$4,371,346
Pearson Center	\$2,551,238
Paradise Elementary	\$31,226,986
Ponderosa Elementary	\$5,595,685
Ridgeview High	\$9,631,987
Paradise High	\$1,650,839
Honey Run Academy	\$2,090,870
Paradise Intermediate	\$3,432,175
Pine Ridge Elementary	\$451,649
Cedarwood Elementary	\$0
Total	\$61,002,775

FEMA FUNDING

Paradise Elementary - Buildings 100% destroyed	\$	19,207,288.00
Ridgeview High - Damaged or destroyed buildings	\$	3,673,152.00
Ponderosa Elementary - Buildings burned	\$	3,537,748.00
Pearson Center - Damaged or destroyed buildings	\$	3,106,702.00
Paradise Intermediate - Damaged or destroyed buildings	\$	2,719,166.00
Honey Run Academy - Damaged or destroyed buildings	\$	1,389,385.00
Equipment Maintenance Transportation Facility - Damaged or destroyed buildings	\$	1,338,506.00
Paradise High - Damaged or destroyed buildings	\$	627,921.00
Pine Ridge Elementary - Damaged or destroyed buildings	\$	93,985.00
Estimated Reconstruction Cost:	\$	35,693,853.00
Anticipated Insurance:	\$	17,040,339.00
Approved FEMA Funding:	\$	18,653,514.00

STAFF ANALYSIS/STATEMENTS (cont.)

The District's appeal request is to use Modernization eligibility and funding in a manner similar to the Facility Hardship program as they do not qualify for assistance using the standard criteria for health and safety projects.

District's Request #1 – Process ARBBA List projects and provide accelerated funding

- **SFP Regulations only allow for the prioritization of Facility Hardship applications.**
- **Accelerated Apportionments outside the Priority Funding process have typically only been approved by the Board for health and safety projects (with the exception of the action taken in 2019 to provide immediate cash for Paradise USD).**
- **Staff is unable to determine if expediting future applications is necessary to house the current students and recommends only accelerating the four projects that have currently been submitted. This will provide some relief to the District and maintain more consistency with typical SFP processing requirements.**
- **Given the unique circumstances, Staff recommends providing accelerated apportionments outside of the Priority Funding Process and in advance of the current projects on the workload list for the following four applications:**
 - 57/61531-00-004 for Ponderosa Elementary
 - 57/61531-00-005 for Ridgeview High
 - 57/61531-00-006 for Ponderosa Elementary
 - 57/61531-00-007 for Paradise High

The District is requesting that the four District funding applications currently on the ARBBA List (two applications for Ponderosa Elementary, one for Ridgeview High, and one for Paradise High) are processed ahead of projects on OPSC's workload list, and that they bypass the PF process.

Approving this request would mean funding projects ahead of other projects already submitted. This means some projects would no longer be funded. As of August 31, 2021, the ARBBA List currently has the following requests:

	# of Applications	State Share	Financial Hardship Share	Total Request
New Construction	269	\$ 1,316,695,229.00	\$ 84,797,540.00	\$ 1,401,492,769.00
Modernization	611	\$ 1,495,752,174.00	\$ 72,985,240.00	\$ 1,568,737,414.00
	880	\$ 2,812,447,403.00	\$ 157,782,780.00	\$ 2,970,230,183.00

STAFF ANALYSIS/STATEMENTS (cont.)

SFP Regulations provides the ability for only health and safety projects to be funded ahead of other projects. While the District's projects qualify based on the type of loss to receive facility hardship funding through SFP, the insurance proceeds received by the District will offset any state funding that would have been otherwise available. The insurance proceeds are being used by the District in the initial phase of rebuilding the schools.

Staff is unable to determine whether the District is experiencing a cash shortage for these projects or if the projects are necessary to immediately house the existing student population. The District's Master Plan presented in April 2020 (Attachment B) includes approximately \$70 million in expenditures using bond proceeds and developer fees. The California Office of Emergency Services has confirmed that the District has been approved for \$18.7 million in funding from FEMA (Attachment D) on top of \$61 million in insurance proceeds.

Staff is also unable to validate the projected costs (\$117 million) and the reported total funding shortfall (\$30.9 million) (Attachment C – SAB 189 Attachment, Page 6) with the scope necessary to rebuild the District's classrooms and minimal essential facilities. It is not clear if the project costs include other new work for facilities that did not previously exist in the District or that would be funded through the program. Staff can support approval of the four applications received to date but does not support a blanket approval to accelerate all applications submitted in the future.

However, Staff acknowledges the devastation experienced by the town of Paradise and agrees that school facilities are a cornerstone of communities. For this reason, staff supports the request to accelerate processing for the four applications already submitted to the ARBBA List that have existing program eligibility.

District's Request #2 – Use Modernization eligibility at an alternative site than where eligibility was generated.

- Based on past Board action in April 2015 for Twin Rivers USD, Staff could support the request to use Modernization eligibility generated from Ridgeview Continuation High School and Paradise Elementary at a new site because Modernization eligibility had been previously established.

The District is requesting to use available pupil grants generated through Modernization eligibility from certain school sites to fund projects at other school sites. The following outlines the school sites that have eligibility and their requested use towards the designated school sites:

- Use Paradise Elementary School's Modernization eligibility (existing prior to the fire) towards a project at Ponderosa Elementary.
- Use Ridgeview Continuation High School's Modernization eligibility (existing prior to the fire) towards a project at a new Ridgeview site.

STAFF ANALYSIS/STATEMENTS (cont.)

SFP Regulations generally do not provide the ability to transfer eligibility at one site towards another. Modernization eligibility is site specific and is intended to enhance or extend the useful life of existing facilities. However, in a prior appeal in 2015 for a Facility Hardship project, a District was allowed to take similar action and use modernization eligibility previously established at a site that was being abandoned and use it to improve the buildings at a different site. Given that modernization eligibility was already established for Paradise Elementary and Ridgeview Continuation High School, and due to the unique circumstance that the buildings were destroyed by the fire, staff supports the District's request to use the eligibility at an alternate site but suggests this be limited to replacement classrooms or square footage to avoid providing double modernization funding for existing buildings at Ponderosa Elementary.

Considerations

Staff notes that Modernization eligibility is typically not used at sites that did not generate the eligibility, however, like-for-like replacement is allowed on the same site. In these circumstances approving a like-for-like replacement on an alternative site seems reasonable. Further, the Modernization eligibility is treated as a snapshot in time of the facilities that existed when it was established. Facility Hardship would normally address this type of replacement, but since the District is not pursuing that option this may be a reasonable solution.

However, staff also notes that it appears that insurance proceeds and FEMA funds have already addressed the costs of the buildings damaged and lost.

Paradise Elementary was completely destroyed and the District anticipates \$31.2 million in insurance proceeds. The insurance proceeds could be used for construction and modernization at Ponderosa Elementary School which is already housing all pupils from both Paradise Elementary and Ponderosa Elementary. It is the District's intent to continue housing all of their elementary students at Ponderosa Elementary thereby potentially never re-opening the Paradise Elementary School Site.

Ridgeview Continuation High School was completely destroyed, and the District anticipates \$10.9 million in insurance proceeds. The insurance proceeds could be used for the planned construction of five classrooms at the new location across from Paradise High School.

Conclusion

Staff acknowledges the devastation experienced by the town of Paradise and the District. Staff agrees that school facilities are a cornerstone of communities and understands the District's goal of constructing and modernizing their facilities to provide 21st century learning environments to anchor the community's future and attract residents back to Paradise.

STAFF ANALYSIS/STATEMENTS (cont.)

The Facility Hardship Program, insurance proceeds, and FEMA funds are typically the appropriate programs to provide funding to rebuild school facilities impacted by natural disasters.

Statutory language included in Proposition 13 (which did not pass in March 2020) would have provided more flexibility to the Board to address facilities issues due to natural disasters. However, as the SFP currently stands and given the unique circumstances facing the District, expediting processing and allowing the reasonable use of modernization eligibility at alternate sites when facilities have been destroyed both seem to be options that are within the program parameters with specific Board approval.

BOARD OPTION

Pursuant to the Rules and Procedures of the State Allocation Board, “Staff is providing the following option for the Board’s consideration. A positive vote by six members is required for the Board to take action that is an alternative to Staff’s administrative action. Absent a positive vote by six members of the Board, Staff’s administrative action will stand, and the school district’s appeal will be considered closed.”

Option: Approve the District’s appeal which includes the following requests:

Expedited Apportionments outside of the Priority Funding Process and in advance of the current projects on the workload list and ARBBA list for the following four applications, as shown on Attachment E:

- 57/61531-00-004 for Ponderosa Elementary
- 57/61531-00-005 for Ridgeview High
- 57/61531-00-006 for Ponderosa Elementary
- 57/61531-00-007 for Paradise High

Use of established Modernization eligibility at the following sites at alternate school sites, for replacement of classrooms or square footage only:

- Use Paradise Elementary School’s Modernization eligibility (existing prior to the fire) towards Ponderosa Elementary (57/61531-00-006).
- Use Ridgeview Continuation High School’s Modernization eligibility (existing prior to the fire) towards a project at a new Ridgeview site. (57/61531-00-005).

AUTHORITY

Education Code (EC) Section 17071.75 states in part:

After a one-time initial report of existing school building capacity has been completed, the ongoing eligibility of a school district for new construction funding shall be determined by making all of the following calculations:

- (a) A school district that applies to receive funding for new construction shall use the following methods to determine projected enrollment:

...

- (g) For a school district with an enrollment of 2,500 or less, an adjustment in enrollment projections shall not result in a loss of ongoing eligibility to that school district for a period of three years from the date of the approval of eligibility by the board.

EC Section 17072.35

A grant for new construction may be used for any and all costs necessary to adequately house new pupils in any approved project, and those costs may only include the cost of design, engineering, testing, inspection, plan checking, construction management, site acquisition and development, evaluation and response action costs relating to hazardous substances at a new or existing schoolsite, demolition, construction, acquisition and installation of portable classrooms, landscaping, necessary utility costs, utility connections and other fees, equipment including telecommunication equipment to increase school security, furnishings, and the upgrading of electrical systems or the wiring or cabling of classrooms in order to accommodate educational technology. A grant for new construction may also be used to acquire an existing government or privately owned building, or a privately financed school building, and for the necessary costs of converting the government or privately owned building for public school use. A grant for new construction may also be used for the costs of designs and materials that promote the efficient use of energy and water, the maximum use of natural lighting and indoor air quality, the use of recycled materials and materials that emit a minimum of toxic substances, the use of acoustics conducive to teaching and learning, and other characteristics of high performance schools.

SFP Regulation Section 1859.20 SFP Application for Determination of Eligibility

A School District seeking a determination of eligibility for a SFP project shall complete and file the following documents with the OPSC:

- (a) For new construction, either districtwide, HSAA, or Super HSAA, or for modernization projects, the Form SAB 50-03.
- (b) For new construction projects, either districtwide, HSAA or Super HSAA, the Form SAB 50-01.
- (c) For new construction projects, the Form SAB 50-02.

SFP Regulation Section 1859.40. Enrollment Projections Used to Determine a District's Eligibility for New Construction Grants

The district shall provide an enrollment Certification and report enrollment data, on the Form SAB 50-01. The information provided on this Form shall serve as the basis for determining a district's eligibility for New Construction funding. The enrollment projections generated by

ATTACHMENT A

AUTHORITY

completing the Form SAB 50-01 shall be known as Cohort Projections for purposes of this section...

SFP Regulation Section 1859.51. Adjustments to the New Construction Baseline Eligibility.

The baseline eligibility for new construction determined on the Form SAB 50-03 will be adjusted as follows:

...

(i) Reduced by the number of pupils housed, based on loading standards pursuant to Education Code Section 17071.25(a)(2)(A), in any Classroom Provided after the baseline eligibility was determined by the Board with the exception of those pupils housed or to be housed in a classroom:

(1) That is a trailer and transportable/towed on its own wheels and axles.

(2) Of less than 700 interior square feet.

(3) That is a portable classroom, leased pursuant to Chapter 14 (commencing with Section 17085) of the Education Code.

(4) That is a portable classroom leased for a period of less than five years, whether in a single lease or cumulative total of several leases.

(5) That is a portable classroom that needs to be leased beyond five years to provide interim housing in a modernization or new construction project provided the cumulative lease term does not exceed a specified time period as determined by the SAB not to exceed three years on each qualifying project. For this purpose, a project means all work contained in a single set of construction plans.

(6) Where the contract for the lease, lease-purchase, purchase, or construction of the classroom was made prior to January 1, 2000.

(7) That is included in a SFP project where the district has funded a portion of the project beyond its required district contribution and the pupil capacity of the classroom does not exceed 150 percent of the number of pupils receiving a new construction grant (rounded up) for the SFP project.

SFP Regulation Section 1859.51. Adjustments to the New Construction Baseline Eligibility.

The baseline eligibility for new construction determined on the Form SAB 50-03 will be adjusted as follows:

...

(i) Reduced by the number of pupils housed, based on loading standards pursuant to Education Code Section 17071.25(a)(2)(A), in any Classroom Provided after the baseline eligibility was determined by the Board with the exception of those pupils housed or to be housed in a classroom:

(1) That is a trailer and transportable/towed on its own wheels and axles.

(2) Of less than 700 interior square feet.

(3) That is a portable classroom, leased pursuant to Chapter 14 (commencing with Section 17085) of the Education Code.

(4) That is a portable classroom leased for a period of less than five years, whether in a single lease or cumulative total of several leases.

(5) That is a portable classroom that needs to be leased beyond five years to provide interim housing in a modernization or new construction project provided the cumulative lease term does

ATTACHMENT A

AUTHORITY

not exceed a specified time period as determined by the SAB not to exceed three years on each qualifying project. For this purpose, a project means all work contained in a single set of construction plans.

(6) Where the contract for the lease, lease-purchase, purchase, or construction of the classroom was made prior to January 1, 2000.

(7) That is included in a SFP project where the district has funded a portion of the project beyond its required district contribution and the pupil capacity of the classroom does not exceed 150 percent of the number of pupils receiving a new construction grant (rounded up) for the SFP project.

SFP Regulation Section 1859.60. Calculation to Determine Modernization Baseline Eligibility.

The district shall calculate its modernization eligibility for each school site with the completion of the Form SAB 50-03. The eligibility determination may be made by either identifying all classrooms on the site pursuant to (a) or by the identification of all square footage on the site pursuant to (b), as follows:

(a) Identify all classrooms at the school site that would have been included in the Gross Classroom Inventory pursuant to Section 1859.31 that are:

- (1) Permanent and at least 25 years old.
- (2) Portable and at least 20 years old.
- (3) The remaining classrooms not reported in (1) or (2) above.

(b) Identify all square footage at the school site that is:

- (1) Permanent area and at least 25 years old.
- (2) Portable classroom area and at least 20 years old.
- (3) The remaining square footage on the site not reported in (1) or (2) above.

The age of the classroom or square footage shall begin 12 months after the plans for the building were approved by the DSA; or in the case of permanent or portable classrooms that were previously modernized with State funds or rehabilitated under the Charter School Facilities Program, the 25/20 year period shall begin on the date of its previous apportionment. For purposes of identifying square footage at a school site, include the total enclosed exterior square footage of the school buildings. For multilevel buildings, include the square footage at each level.

SFP Regulation Section 1859.70. General

- (a) A district seeking New Construction or Modernization funding shall complete and file Form SAB 50-04, concurrently or after completing the applicable requirements in Sections 1859.20 and 1859.40. The Board shall only provide New Construction funding if the Approved Application was received by the OPSC prior to the date of Occupancy for any classrooms included in the construction contract. After the date of Occupancy of any classroom in the construction contract, a School District will be ineligible to seek New Construction funding and the classrooms will be reduced from the baseline eligibility pursuant to Section 1859.51(i) if not previously reduced...

Section 1859.82. Facility Hardship Program and Seismic Mitigation Program.

A school district may apply for Facility Hardship, including Seismic Mitigation Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.

ATTACHMENT A

AUTHORITY

SFP Regulation Section 1859.82.1. Facility Hardship Program.

“School Building” for the purposes of this Section shall have the same definition as Education Code Section 17283 and shall also exclude any districtwide administrative facilities.

A district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.

Beginning 90 days after the effective date of this Section [November 29, 2020], Approved Applications requesting Facility Hardship Program funding shall be submitted to OPSC within 12 months of DSA approval for the scope of work mitigating the identified health and safety threat. If the project does not require DSA approval, then the Approved Application for funding must be received within the 6 months following project completion, as demonstrated by the earliest of the following: the date that the notice of completion of the project has been filed; occupancy of any portion of the project Facility; or when the School Buildings or components of the School Buildings in the project are currently in use by the district. If a district demonstrates that extreme or unusual circumstances prevented the submission of an eligible application within the applicable timeline outlined above, OPSC may allow up to an additional 6 months for submittal.

(a) Districts may qualify for funding to replace or construct new School Buildings. Factors to be considered by the Board to determine eligibility for Facility Hardship program replacement funding may include, but are not limited to:

(1) Damage or loss as a result of a natural disaster such as a fire, flood, or earthquake.
(2) Proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, or industrial facility.

(3) Adverse air quality.

(4) Structural deficiency to the School Building, and

(5) Site conditions such as faulting, toxic soil, or liquefaction.

(b) To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:

(1) For School Buildings that are lost, destroyed, or unable to be repaired, the district must submit: (A) A report from an industry specialist that states that the only way to mitigate the health and safety threat is to replace the School Building(s).

(B) Documentation which demonstrates that the facilities in the project must be reconstructed in order to house the current enrollment of the district.

(2) For permanent School Buildings where the cost to rehabilitate the School Building(s) exceeds 50 percent of the Current Replacement Cost, or for Portable Classrooms where the cost to rehabilitate exceeds the Portable Classroom Replacement Grant or Portable Toilet Replacement Grant, the district must submit: (A) A report by an industry specialist that outlines the minimum work to mitigate the health and safety threat and remain in the existing School Building. If the threat is due to the presence of mold, OPSC must conduct a site visit to discuss the scope of the project prior to remediation. If the remediation is done prior to a site visit, the application will be ineligible for funding. Requests for asbestos mitigation must include lab test results indicating the asbestos is currently friable, and provides the location, material, and testing methods used.

ATTACHMENT A

AUTHORITY

(B) A letter of concurrence from a governmental agency that has jurisdiction or expertise over the field in which the health and safety threat originates. The letter must concur with the industry specialist report on both 1. and 2. below: 1. An imminent health and safety threat to student and/or staff exists.

2. The mitigation measures outlined in the industry specialist's report are the minimum measures required to mitigate the threat and allow the continued use of the School Building(s).

(C) Applications must include a detailed Form SAB 58-01 that meets the following requirements: 1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the

Current Construction Remodeling and Repair publication, the district must provide supporting documentation for OPSC to review the requested unit cost.

2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, F3 total unit cost amount, and quantity. Any line items that include amounts in lump-sum formats will not be reviewed or approved.

3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the licensed design professional for the minimum work required to mitigate the health and safety threat.

4. The estimate submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.

5. The Form SAB 58-01 may also include any work required by DSA to obtain plan approval.

(D) A cost/benefit analysis that demonstrates the minimum work required to mitigate the health and safety threat and remain in the School Building exceeds 50 percent of the Current Replacement Cost of the existing Square Footage of the School Building. The minimum work required may include work required by DSA to gain approval for the mitigation project.

(E) All other documents required to complete an Approved Application for funding. This includes: 1. A completed *Application for Funding* (Form SAB 50-04).

2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.

3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.

4. If the project is for a high school site, a letter or meeting minutes from the district's Career and Technical Education Advisory Committee (CTEAC) certifying that the district is in compliance with all career technical facility needs and assessments as outlined in Education Code, Section 17070.955.

(3) Applications for Facility Hardship replacement funding that do not submit all documents required as part of (1) or (2) above shall be returned without review.

(4) If the district qualifies for funding to replace its School Buildings, the district is eligible to receive funding for the project as follows: (A) If the district is required to replace all School Buildings on site, the district is eligible to receive funding as follows: 1. A New Construction Grant will be provided for the lesser of 2. or 3. below.

ATTACHMENT A

AUTHORITY

2. The classroom capacity determined by multiplying the number of classrooms on the project site being replaced by:
 - a. 25 pupils for each K-6 classroom.
 - b. 27 pupils for each 7-12 classroom.
 - c. 13 pupils for each Non-Severely Disabled Individuals with Exceptional Needs classroom.
 - d. 9 pupils for each Severely Disabled Individuals with Exceptional Needs classroom.
 3. The higher of a., b., or c. below:
 - a. The CBEDS Report of the current enrollment reporting year at the existing project site.
 - b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
 - c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.
 4. Additional funding may be provided, as applicable, for:
 - a. Fire Code Requirements pursuant to Section 1859.71.2,
 - b. therapy room pursuant to Section 1859.72,
 - c. multilevel construction pursuant to Section 1859.73,
 - d. project assistance pursuant to Section 1859.73.1.
 - e. replacement with multistory construction pursuant to Section 1859.73.2,
 - f. site acquisition pursuant to Sections 1859.74, 1859.74.5, and 1859.75,
 - g. Hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3, and 1859.74.4,
 - h. Applicable site development costs pursuant to Section 1859.76, and
 - i. New Construction Excessive Cost Hardship Grant(s) for geographic location pursuant to Section 1859.83(a),
 - j. New Construction Excessive Cost Hardship Grant(s) for small size projects pursuant to Section 1859.83(b),
 - k. New Construction Excessive Cost Hardship Grant(s) for new school projects pursuant to Section 1859.83(c), and
 - l. New Construction Excessive Cost Hardship Grant(s) for urban location, security requirements and impacted site pursuant to Section 1859.83(d).
- (B) If the district qualifies to replace some but not all School Buildings on the project site, funding will be based on the Square Footage of the School Buildings replaced and is capped by the lesser of the amount provided in accordance to the chart below and the Square Footage constructed for each category as justified by enrollment at the project site as follows:
1. The enrollment at the project site, is determined by the higher of a. or b. below, or c.:
 - a. The CBEDS Report of the current enrollment reporting year at the existing project site.
 - b. The average CBEDS Report of the current enrollment reporting year and two immediately preceding enrollment reporting years at the existing project site.
 - c. If the site is closed, use the CBEDS Report of the last enrollment reporting year in which the site was open.
 2. Using the enrollment determined in 1. any permanent replacement Square Footage provided will be calculated in accordance to a., b., c., below and the chart below.
 - a. If the actual square footage being constructed in the replacement project is less than the amount allowable in the chart for each facility type, the replacement Square Footage shall be limited to the actual square footage constructed.
 - a. Non-specialized classroom space provided is limited by the enrollment determined in 1. rounded up to the nearest whole classroom based on 1859.82.1(b)(4)(A)2., and then reduced for any classroom space available at the site to house the pupils at the site.
 - b. Classrooms with specialized design such as auto shop, metal shop, music rooms, consumer home economic laboratories, industrial technology laboratories, or science

ATTACHMENT A

AUTHORITY

laboratories will qualify for funding if used for its specialized purpose in the current enrollment reporting year or immediately preceding enrollment reporting year. Additionally, these spaces will not count as available capacity for purposes of providing funding in this section when calculating space available to house displaced pupils.

c. Any space not in the chart below will be provided based on the Square Footage replaced. This may include, but is not limited to, janitor's closets, hallways, and vestibules.

- f. Hazardous waste removal pursuant to Section 1859.74.2,
- g. Applicable site development costs pursuant to Section 1859.76, and
- h. Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a), and

- i. Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b).
(C) If the district qualifies for replacement funding, the funding may be used to rehabilitate the facility as long as the seismic hazard is fully mitigated. If replacement funding is used for rehabilitation work, the district may request the following supplemental grants, as applicable, for:
 - 1. Fire code requirements pursuant to Section 1859.71.2 if the funding is based on a per-pupil basis pursuant to Section 1859.82.2(b)(4)(A),
 - 2. Therapy room pursuant to Section 1859.72,
 - 3. Project assistance pursuant to Section 1859.73.1,
 - 4. Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a),
 - 5. Excessive Cost Hardship Grant for small size projects pursuant to Section 1859.83(b), and
 - 6. Excessive Cost Hardship Grant for urban location, security requirements and impacted site pursuant to Section 1859.83(d).

(c) Districts may qualify for seismic mitigation funding to rehabilitate their School Buildings including lunch shelters and covered walkways, exterior square footage of School Buildings, or site conditions. Factors to be considered by the Board may include (1) or (2) below:

(1) School Buildings where the minimum cost to rehabilitate and remain in the School Building is 50 percent or less of the Current Replacement Cost.

(2) Square footage of the Most Vulnerable Category 2 School Buildings, covered walkways, and lunch shelters that need repair or replacement to mitigate a collapse potential in the event of seismic activity as confirmed by the DSA.

(3) To qualify for seismic mitigation rehabilitation funding, the district must submit an Approved Application for funding as well as all documents outlined below. Applications that do not meet these requirements will be returned without review. (A) A report from a licensed design professional identifying the structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event and the minimum mitigation work necessary to obtain DSA approval.

(B) DSA letter(s) that concur to the findings and minimum mitigation work outlined in the report required by (b)(1)(A).

(C) If the collapse potential is due to faulting, liquefaction, or landslide, or if it is otherwise required by DSA for project approval, the district must submit 1. and 2. below: 1. A geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, Section 1803A and with the concurrence of the California Geological Survey.

2. Concurrence to the report in 1. from the California Geological Survey.

(D) A detailed Form SAB 58-01 that meets the following requirements: 1. The Form SAB 58-01 must use the most current edition of the Current Construction Remodeling and Repair Cost publication by Sierra West Publishing. For all materials or items listed in the most current edition of the Current Construction Remodeling and Repair Cost publication, amounts entered on the Form SAB 58-01 must use the provided unit costs. For individual materials or items that are not contained in the most current edition of the Current Construction Remodeling and Repair publication, the district must provide supporting documentation for OPSC to review the requested unit cost.

2. All requested line items shall include Construction Specifications Institute reference number (CSI #), description, quantity, unit, cost per unit, and District's request. Any line items that include amounts in lump-sum formats will not be reviewed or approved.

ATTACHMENT A

AUTHORITY

3. The work in the Form SAB 58-01 shall match the work outlined in the report provided by the licensed design professional for the minimum work required to mitigate the seismic threat. The Form SAB 58-01 submitted to OPSC shall be for the same scope of work reviewed and concurred to by DSA, and that is referenced in the governmental concurrence letter for the project.

4. The Form SAB 58-01 may also include any ancillary work required by DSA to obtain plan approval for the minimum work required to mitigate the seismic threat.

(E) A cost/benefit analysis that demonstrates that the minimum work to mitigate the seismic threat and remain in the School Building(s) is less than 50 percent of the Current Replacement Cost.

(F) All other documents required to complete an Approved Application for funding. This includes: 1. A completed *Application For Funding* (Form SAB 50-04).

2. The DSA Plan Approval letter for the project or documentation from DSA verifying that the project is exempt from their approval process.

3. CDE Plan Approval letter for the project or documentation from CDE verifying that the project is exempt from their approval process.

4. If the project is for a high school site, a letter or meeting minutes from the district's Career and Technical Education Advisory Committee (CTEAC) certifying that the district is in compliance with all career technical facility needs and assessments as outlined in Education Code Section 17070.955.

(4) If the district qualifies for seismic mitigation funding to repair their permanent School Buildings, the district is eligible to receive funding for the project as follows: (A) The Seismic Rehabilitation Grant based on 50 percent of the eligible costs in the Form SAB 58-01 required in Section 1859.82.2(c)(3)(D) that have been reviewed by OPSC and approved by the Board.

(B) If the district qualifies for rehabilitation funding, the funding may be used towards the replacement of the facility as long as the qualifying seismic threat is fully mitigated.

(C) Applicable supplemental grants may be provided for the following: 1. project assistance pursuant to Section 1859.73.1.,

2. Excessive Cost Hardship Grant for geographic location pursuant to Section 1859.83(a), and

3. Excessive Cost Hardship Grant for accessibility and fire code requirements in accordance with Section 1859.83(e)(3).

(d) Any grants provided in accordance to (b) or (c) above shall be adjusted as follows: (1) For projects funded in accordance to (b) above: (A) Reduced for any space deemed available by the Board in the district, HSAA, or Super HSAA that could be used to house some or all of the displaced pupils in the project,

(B) Reduced by 50 percent of any insurance proceeds collected by the district for the project. Any insurance proceeds collected after Apportionment shall be reported to OPSC and the Apportionment will be amended accordingly.

(C) Reduced by 50 percent of the net proceeds available from the disposition of the property and/or facilities in the project.

(2) For projects funded in accordance to (c) above: (A) 50 percent of any insurance proceeds collectable by the district for the project.

(B) 50 percent of the net proceeds available from the disposition of any displaced facilities in the project.

(e) Adjustments to School Facility Program per-pupil grants. (1) The district's New Construction Eligibility will be adjusted for any net increase in classroom capacity in the project pursuant to Section 1859.51(i).

(2) The baseline eligibility for modernization as provided in Section 1859.60 will be adjusted for any funding received in accordance to (b) above. The age of the classroom and Square Footage in the project shall be reset to the date of the Apportionment for the project.

ATTACHMENT A

AUTHORITY

- (f) Districts that qualify for Financial Hardship assistance may file an application for design funding, site funding, and determination of program eligibility in advance of construction funding.
- (1) To request advanced funding for design for eligible projects, the district must submit an *Application for Funding* (Form SAB 50-04) indicating the request for design funding and all documents listed in Section 1859.82.2(c)(3)(A) through Section 1859.82.2(c)(3)(E).
- (2) Advanced funding for design shall be provided based on the eligible project type as follows:
- (A) For projects receiving funding for advanced design for the replacement of all School Buildings on the project site, pursuant to Section 1859.82.2(b)(4)(A), the Board will apportion an amount not to exceed 40 percent of the New Construction Grant less any district funds available for the project pursuant to Section 1859.81(a).
- (B) For projects receiving funding for advanced design for at least one but not all School Buildings on the project site pursuant to Section 1859.82.2(b)(4)(B), the Board will apportion an amount not to exceed 40 percent of the Facility Hardship Square Footage Grant less any district funds available for the project pursuant to Section 1859.81(a).
- (C) For projects receiving funding for advanced design for a Seismic Rehabilitation Grant pursuant to Section 1859.82.2(c), the Board will apportion an amount not to exceed 25 percent of the costs determined pursuant to Section 1859.82.2(c)(4)(A) less any district funds available for the project pursuant to Section 1859.81(a).
- (3) Advanced funding for site shall be provided pursuant to Section 1859.82.2(b)(4)(A)4. The district is eligible for advanced funding for site acquisition as calculated pursuant to Section 1859.81.1.
- (4) The amount apportioned for advanced design is an estimate of the funds needed for design, engineering, and other pre-construction project costs. Qualifying districts may request a separate Apportionment for the design and for site acquisition for the same seismic mitigation project.
- (5) The district is required to submit an Approved Application for funding and an updated Form SAB 58-01 for projects funded in accordance with Section 1859.82.2(c) or site development worksheet for projects funded in accordance with Section 1859.82.2(b), that reflects the final approved drawings for the project within: (A) 18 months from the date of Apportionment if the project scope will be for repair or replacement on the same site.
- (B) 24 months from the date of Apportionment if the project scope is for the replacement of School Building(s) which will be located on a replacement site.
- (6) If the district does not submit the Approved Application for funding within the timelines required by Section (2) above, the application will be reduced to eligible costs incurred.
- (7) Upon receipt of the Approved Application, the application will be reviewed for conformance with all program laws and regulations.
- (8) Any funding provided in Section 1859.82.2 shall be offset by any advanced design funding previously provided for the project pursuant to Section 1859.82.2(f)(2).

SCHOOL DISTRICT APPEAL REQUEST

SCHOOL DISTRICT Paradise Unified School District	APPLICATION NUMBER
SCHOOL NAME N/A	COUNTY Butte
DISTRICT REPRESENTATIVE David McCready, Asst. Supt. Business Services	E-MAIL ADDRESS dmccready@pusdk12.org

Purpose of Request:

1. District requests the State process expedited apportionments for modernization funding applications that have been placed on the Applications Received Beyond Bond Authority List outlined herein, and
2. District requests the State permit the District to use modernization eligibility available at Paradise Elementary and Ridgeview Continuation High at school sites other than those generating the eligibility.

Basis of Request:

- ☐ Law (Statute) _____
- ☐ Regulation _____
- ☒ Other (specify) Natural Disaster

Description:

See attached narrative.

SIGNATURE OF AUTHORIZED DISTRICT REPRESENTATIVE

DATE

8.24.21

Paradise Unified School District Attachment to Appeal Request FORM SAB 189

PURPOSE OF REQUEST

On November 8, 2018, the most destructive wildfire (“Camp Fire”) in California history swept through the town of Paradise in Butte County. The sheer magnitude of the death and destruction caused by the fire is nearly impossible to fathom. Eighty-six Californians were killed and more than 18,000 structures were lost. In just a few moments, the town of Paradise was essentially destroyed, including four entire school sites and portions of four other school sites administered by the Paradise Unified School District (PUSD, “the District”). As far as the trauma inflicted on the school children of Paradise, there is no modern precedent to draw parallels.

This urgent appeal is vital to the community of Paradise. The number of capital facilities lost in the fire are stunning. Only one district facility escaped fire damage. Maximizing funding through the School Facility Program (SFP) is a fundamental building block in Paradise’s recovery. The District has maximized all available funding sources thus far, but the recovery cannot proceed as the maximum funding available to the District now is inadequate.

For the reasons described herein, the Paradise Unified School District is appealing to the State Allocation Board (SAB) for capital funding assistance. The District respectfully requests the SAB:

1. Process expedited apportionments for modernization funding applications that have been placed on the Applications Received Beyond Bond Authority (ARBBA) List outlined herein, and
2. Permit the District to use modernization eligibility available at Paradise Elementary and Ridgeview Continuation High at school sites other than those generating the eligibility.

BACKGROUND

In November 2018, PUSD had just finalized a Facility Master Plan. On November 6th, 2018, the District successfully passed a local bond measure to modernize schools for the first time since they were originally constructed in the 1960's, 1980's and 1990's, and to construct new facilities in order to provide 21st century learning environments. Just two days after the successful local bond election, the Camp Fire left unprecedented devastation in its wake, with Cal Fire reporting a total of 18,661 structures, including nearly 14,000 residences being destroyed. Unlike in other communities with home losses numbering in the thousands, the Paradise Unified School District sustained the total loss of four school sites, including its largest elementary school. Only one of the District's school sites escaped the fire without the total loss of at least one classroom.

This is a crucial time for the entire community which continues to be served by the Paradise Unified School District 33 months post-Camp Fire devastation, yet in inadequate facilities. The ability of PUSD to provide first rate schools among the most important factors for families determining whether to rebuild their homes in the community or to relocate. The public schools in the Paradise and Magalia communities served by the District have provided a sense of community throughout a difficult nearly three years since the fire. If the community is to fully recover, the schools will need to lead the way.

The students who remain enrolled with PUSD need and deserve fully modernized school facilities after spending the last three years passing by the total devastation of their community on their way to school each day. The commitment of the school community in Paradise is evident by more than half of the students remaining enrolled after 98% of the structures in their community were lost.

Schools are a cornerstone of any community. Watching the Paradise High School Bobcats play football on Friday nights was a community-wide event. In fact, in 2018 after a successful season, the town was gearing up for another playoff run for the Bobcats which was set to begin on November 9th. The Bobcats playoff run ended before it began when 37 of the 40 varsity football players lost their homes the day before that playoff game was scheduled.

Schools in Paradise have played an outsized role in the community for generations. Prior to the fire, and after Feather River Hospital, the Paradise Unified School District was the second largest employer in the community and since the fire they are the largest employer in the community. Jobs were lost and the local economy was severely impacted because schools were lost and damaged. Property taxes were and are still lost that had supported the District's educational programs.

With the proliferation of wildfires and other disasters across the state, the ability of schools to provide a sense of community while houses were rebuilt was a common key to recovery. In Santa Rosa, the 2017 Tubbs Fire burned more than 5,000 homes and killed 24 people. Despite the horrific damage, all but six of Sonoma County's 183 schools escaped serious damage. Public schools reopened after three weeks. Sonoma proved that schools are often the glue that holds a community together as teachers and students launched an online fundraising campaign immediately after the fire that provided millions of dollars in relief to the victims. In Paradise, the fact that nearly all the schools were destroyed and the vast majority of residents were displaced meant that there was no focal point from which to rally the community. Neighbors were unable to help their neighbors as nearly every resident had to flee for their lives.

The experience of the students has been extraordinarily difficult. Following the fire, other school districts in the vicinity generously offered to absorb the displaced students. However, the overwhelming sentiment was that the students wanted to be with their friends and teachers in their community. This initiated a search for locations to set up as temporary schools. In the months after the fire, PUSD worked with adjacent communities to house students in the following locations:

- A Chico resident provided his privately owned building at the Chico airport to house students from Paradise High School
- Oroville Unified School District combined two schools and allowed students from Paradise Elementary School to move in. Additional portables were added to increase space
- A church in Oroville temporarily housed some students from Pine Ridge Elementary.
- Durham Unified School District reorganized a wing to free up six classrooms. Additional portables were also brought in and this became the home of Ponderosa Elementary School
- The Boys and Girls Club in Chico allowed students from Ridgeview High School to use their facilities during the school day
- Ace Hardware allowed students from Paradise Intermediate School to use a vacant hardware building in Chico

- PUSD staff was able to negotiate a deal with a local investor to rent a building the Facebook was no longer using
- Honey Run Academy relocated to a mall in Chico

PUSD worked tirelessly to ensure that students had a place where students could be together and learn. Had the District not worked so diligently, the town may never have come back. The education of the children who were impacted by the fire served as a rallying cry to rebuild the community.

FIRE RECOVERY FUNDING OPPORTUNITIES

PUSD urgently needs all possible State School Facility Program eligibility and funding. The District has worked hard every day since the fire occurred to plan how it can best rebuild and anchor the community's future. With a recovery plan now in place, the timing for State assistance is immediate.

Paradise will never regain all that was lost in the fire. The true cost of replacing everything is much greater than the funding the District can expect to receive from all available sources, which is why maximizing its SFP eligibility is crucial to coming as close as possible to bridging the gap. The total cost to replace all the District's destroyed assets would be \$117,338,793. This cost reflects the current conditions for performing work in Paradise, with high costs of materials and a shortage of labor. However, escalation in future years is likely to lead to still higher costs if the District must wait longer to pursue its projects.

While the District is not currently planning to rebuild all that was lost in the fire, it is imperative the State understand the losses the District suffered as compared to the lack

of funding to rebuild. The table below summarizes the District's capital facility losses due to the 2018 Camp Fire, and provides the cost to replace said losses in today's dollars. The District will receive \$66,002,775 from insurance proceeds. Unfortunately, \$5,000,000 of that will immediately be repaid to FEMA for the site cleanup work already completed with the help of that agency on the condition of future payment from the insurance proceeds. As demonstrated, there is a significant shortfall of \$56,336,018.

Additionally, the inadequate amount of insurance funding is still high enough to exclude PUSD from obtaining any relief through the SFP Facility Hardship program. The

State School Facility Program Modernization funding would help to mitigate the shortfall by providing \$23,274,776, but would not solve the lack of funding at the local level.

Were the District to completely rebuild everything lost in the fire, there would be a shortfall of \$33,061,242. Understandably, there is a reluctance to ask local taxpayers to contribute even more after losing so much. Even if local residents wanted to support a bond measure to fund schools, the ability of the community to do so has been diminished by a smaller population coupled with lower assessed valuation.

Table 1. Summary of Total Losses, Fire Recovery Funding Opportunities, and Shortfall

FUNDING APPLICATIONS

PUSD is being fiscally prudent and conservative in their rebuilding efforts. Understanding they lost over 50% of their enrollment, they are not rebuilding with the intent of adding capacity to accommodate future students, but to accommodate current students with plans for future expansion in the event enrollments begin to increase as the community rebuilds. Prior to the fire, the District's facilities had never been modernized, were undersized, and aging. Following the fire, the District revised their plan to:

1. Reconstruct ancillary facilities that were lost at Ponderosa Elementary and modernize the existing undersized and aging classrooms at Ponderosa elementary to serve as the primary elementary school in the Town of Paradise;
2. To rebuild Ridgeview continuation high school that was lost in the Camp Fire at a new, more central location on a District-owned site, adjacent to PHS.
3. To rebuild six classrooms that were lost at PHS and Honey Run Academy in a new Administration/ Classroom building at PHS.

The District has prepared and submitted funding applications at these three sites. The table below summarizes the applications, and more detail on the scope and the need for an appeal is provided for each one in the narratives presented afterward.

PUSD is appealing to the SAB to allow all of the funding applications in Table 2 to immediately be placed on the workload list, moved to the front of the line, and processed for immediate apportionment. In addition, the District would request the SAB allow them to bypass the Priority in Funding process and be funded at the next possible opportunity, owing to the unique circumstances its students have endured and the critical importance of these projects to the welfare of the school district and by extension its entire community. The longer it takes to fund these projects, the harder it is to keep families in the community, and the more expensive it will be to rebuild. Urgency is required to provide the greatest impact on students at the lowest cost.

Site	Funding Type	Description
Ponderosa Elementary	Modernization	Replacement/Modernization of Admin/Multi-Use building and eight classrooms (destroyed) to house students from Paradise Elementary (destroyed) and Ponderosa Elementary.
Ridgeview High	Modernization	Replacement of Ridgeview High (destroyed) with a smaller school at a new, more central location.
Paradise High	Modernization	Replacement of six classrooms destroyed in the fire.

Table 2. Summary of Funding Applications

Paradise Elementary (left), Ponderosa Elementary (right)

PONDEROSA ELEMENTARY SCHOOL

APPEAL REQUEST: The District respectfully requests combining and using the eligibility generated by Paradise Elementary and Ponderosa Elementary to construct and reconstruct Ponderosa Elementary to house all centrally located K-5th grade students in the Town of Paradise and surrounding area at one site to most efficiently utilize precious resources and to mitigate the shortfall of \$19,796,198. The District also respectfully requests an expedited apportionment for the funding application that has been placed on the ARBBA for \$10,110,870 to supplement the project cost.

SCOPE DETAILS: Reconstruction of Administration/ Multi-Use Building that was completely destroyed in the Camp Fire and Modernization of All Existing Classrooms to Accommodate 8 Classrooms destroyed in the fire and

provide 21st century learning environments for students.

TIMELINE: Construction Summer 2021

Ponderosa Elementary, constructed in 1964, is centrally located in the town of Paradise. The site has never been modernized. The school lost their main administration/ multi-use building and eight portable classrooms in the fire. Currently, the school houses all elementary students from the completely destroyed Paradise Elementary school and partially destroyed Ponderosa Elementary school. It is the District's intent to reconstruct Ponderosa Elementary (to be renamed Paradise Ridge Elementary School) to house all elementary students in this most centrally located area of the District.

Table 3. Ponderosa Elementary Summary of Total Losses, Funding Opportunities, and Shortfall

Ridgeview High School

RIDGEVIEW CONTINUATION HIGH SCHOOL

APPEAL REQUEST: The District respectfully requests using the eligibility generated at the destroyed Ridgeview campus at the new school site. The District also respectfully requests an expedited apportionment for the funding application that has been placed on the ARBBA for \$1,318,898 to supplement the project cost.

SCOPE DETAILS: Reconstruction of the District's only Continuation High School building back smaller (from 9 classrooms to 5) to ensure the most efficient use of resources.

TIMELINE: Construction Summer 2021

Ridgeview High School, constructed in 1938 and 1946, was completely destroyed by the fire. The District is reconstructing the school in a more central location, across the street from Paradise High school. The previous school included nine small classrooms, while the new campus includes five classrooms and cooperative learning areas, along with the necessary ancillary facilities.

Table 4. Ridgeview Continuation High School Summary of Total Losses, Funding Opportunities, and Shortfall

PARADISE HIGH SCHOOL

APPEAL REQUEST: The District respectfully requests using the Modernization eligibility generated at Paradise High School to mitigate the shortfall of \$12,450,078. The District also respectfully requests an expedited apportionment for the funding application that has been placed on the ARBBA for \$8,142,710 to supplement the project cost.

SCOPE DETAILS: The District is constructing a new Administration/Classroom building to accommodate six classrooms completely destroyed in the fire and provide 21st century learning environments for students.

TIMELINE: Construction Summer 2021

Paradise High School was originally constructed in 1953 and has never been modernized. Paradise High School was originally constructed in 1953 and has never been modernized. Paradise High School lost three classrooms in the Camp Fire. Honey Run Academy was completely destroyed by the Camp Fire.

Paradise High School

Table 5. Paradise High School Summary of Total Losses, Funding Opportunities, and Shortfall

DISTRICT POSITION

The District's projects for which it is applying for funding are essential and need to be funded outside of the usual SFP process.

As demonstrated, the inadequate insurance proceeds exclude PUSD from obtaining any relief through the SFP Facility Hardship program. The SFP New Construction program is designed to recognize demand as large scale housing developments cause or increase the need for schools, but it fails to account for post-disaster scenarios such as that of PUSD. While SFP Modernization funding will help to mitigate the shortfall needed, this program does not solve the lack of funding at the local level needed to rebuild a small portion of what was lost and modernize existing, outdated facilities for the students and families that remain committed to PUSD.

For the reasons described herein, the Paradise Unified School District is appealing to the State Allocation Board (SAB) for capital funding assistance. The District respectfully requests the SAB:

1. Process expedited apportionments for modernization funding applications that have been placed on the Applications Received Beyond Bond Authority List outlined herein, and
2. Permit the District to use modernization eligibility available at Paradise Elementary and Ridgeview Continuation High at school sites other than those generating the eligibility.

*Honey Run Academy*

CONCLUSION

PUSD has put together a plan that makes stewardship of taxpayer dollars the foundation of the recovery plan. Every opportunity for consolidation and efficiency that will benefit the children of the community has been taken advantage of. For instance, the reduction in classrooms at Ridgeview Continuation School from nine classrooms to five allows the District to serve the greatest number of students in the most economical way. Consolidating Ponderosa and Paradise Elementary Schools into one central location allows the elementary school children of Paradise access to a modern facility that will help them navigate the 21st century. While it is painful to reduce the number of elementary schools in Paradise, it allows for the greatest benefit at the least cost.

The ability of the District to provide adequate classroom space and student support facilities for serving students currently enrolled is a major challenge in the post-fire circumstances of the District. It operates now in diminished capacity while striving to rebuild its schools. The timing of these appeals could not be more critical. The longer it takes to fund reconstruction, the higher the cost will be and the less robust the facilities will be for the students.

The success of PUSD's recovery plan hinges on the ability to access their State Modernization funding immediately, as outlined herein. The hardship suffered by Paradise

is more akin to a war or terrorist attack. The people of Paradise want to come home and rebuild their community. When Paradise High School reopened in 2019, the enrollment was nearly 600, showing just how committed these families are to their community. But adequate school facilities are necessary for these families to stay, and for families to move back into the area.

The trauma of the fire followed by the uncertainty and discomfort of attending school in locations such as an airport or shuttered hardware store has left an indelible mark on the community. Students who remain in Paradise are forced to drive by the burned out shell of their community daily. The scars on the community are palpable as incinerated stores, schools and houses are daily, visible reminders of the fire. The healing process will take decades for those who suffered through the fire, but funding the recovery will bring much needed certainty and allow current and former residents of Paradise to feel comfortable enough to maintain their roots in the community. This appeal is about more than school construction and modernization in one town. It is about beginning a healing process for a community whose suffering has been through almost too much to comprehend. An affirmative decision by the SAB on whether to immediately fund the projects outlined herein will be decisive in determining Paradise's future.

ATTACHMENT D

Federal Emergency Management Agency (FEMA) Funding

The following summary has been provided by the California Office of Emergency Services' (Cal OES) Recovery Infrastructure Branch*.

Purpose

As the grantee for Federal Emergency Management Agency (FEMA) funding, Cal OES assists Paradise Unified School District in obtaining FEMA funding. Generally speaking, FEMA funding:

- Provides reimbursement to the District to rebuild to pre-existing conditions at the same location.
- Allows for relocation of a building within a school site or a school district, but capped at the cost of replacing the building in place, additional costs would be considered an improvement.
- Covers the costs associated by mandated code compliance such as those under the oversight of the Division of the State Architect.
- Provides reimbursement, after insurance proceeds are accounted for, and after the District provides invoices for work in the scope of the approved project.
- Provides funding to cover insurance deductibles.
- Has milestones for the District to ensure projects are moving forward but milestones are flexible enough to account for unanticipated delays.
- Funding Authorized to Date is not capped and increased funding for additional expenditures within the scope of the project is possible until the work is completed.

Paradise Unified School District's Authorized FEMA Funding

The District has been authorized by FEMA for projects valued at \$18.7 million as follows:

Paradise Elementary - Buildings 100% destroyed	\$	19,207,288.00
Ridgeview High - Damaged or destroyed buildings	\$	3,673,152.00
Ponderosa Elementary - Buildings burned	\$	3,537,748.00
Pearson Center - Damaged or destroyed buildings	\$	3,106,702.00
Paradise Intermediate - Damaged or destroyed buildings	\$	2,719,166.00
Honey Run Academy - Damaged or destroyed buildings	\$	1,389,385.00
Equipment Maintenance Transportation Facility - Damaged or destroyed buildings	\$	1,338,506.00
Paradise High - Damaged or destroyed buildings	\$	627,921.00
Pine Ridge Elementary - Damaged or destroyed buildings	\$	93,985.00
Estimated Reconstruction Cost:	\$	35,693,853.00
Anticipated Insurance:	\$	17,040,339.00
Approved FEMA Funding:	\$	18,653,514.00

ATTACHMENT D

*The California Governor's Office of Emergency Services (Cal OES) responds to and aids in the recovery from emergencies within the State of California under the authorities of the California Emergency Services Act (ESA), the California Disaster Assistance Act (CDAA), the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), and other legislation.

Within Cal OES, the Recovery Section is responsible for managing disaster recovery and providing assistance to local governments, special districts, certain nonprofit organizations, individuals, businesses and agricultural communities impacted by disasters. The Recovery Section ensures state and federal support are provided in an efficient and timely manner throughout the recovery process. The Recovery Section acts as the grantee for federally funded disaster assistance programs, as grantor for the state CDAA program, and coordinates recovery assistance for individuals, businesses, and the agricultural community. The Recovery Section provides technical support to reduce the costs and streamline the process of future recovery efforts. Additionally, the Recovery Section ensures proposed recovery projects are reviewed for environmental concerns and historical preservation activities are considered.

In support of these responsibilities, the Recovery Section performs extensive liaison activities with local, state and federal agencies, legislators, various volunteer and nonprofit organizations, as well as the general public. The Recovery Section emphasizes recovery preparedness through the coordination of recovery planning efforts, the development of recovery training programs, and the involvement in emergency management exercises and drills.

SCHOOL DISTRICT DATA

School District: Plumas Unified
Application Number: 58/66969-00-003
Total District Enrollment: 2,035
County: Plumas

School Name: Quincy Elementary
Project Grade Level: K-6
Financial Hardship: No

PURPOSE OF REPORT

To present the District's Facility Hardship rehabilitation funding application for a health and safety project for expedited Apportionment outside of the priority funding process.

DESCRIPTION

This item requests the State Allocation Board (Board) to approve one Facility Hardship project totaling \$2,125,659.00 in State funds for immediate Apportionment, as shown on Attachment A.

AUTHORITY

SFP Regulation Section 1859.90. states in part:

With the exception of an apportionment made pursuant to Sections 1859.81.1(e) or 1859.81.2, or of an Inactive Apportionment subject to Section 1859.96, the OPSC will release State funds that the Board has apportioned to the district after submittal, by the district, of the Form SAB 50-05 and a Grant Agreement, pursuant to Section 1859.90.4, subject to the availability of financing provided by the Pooled Money Investment Board for bond-funded projects. With the exception of an apportionment made for a Type II Joint-Use Project, not part of a qualifying SFP Modernization project, pursuant to Article 12 of these Regulations, a district must submit the Form SAB 50-05 and Grant Agreement, within 18 months of the Apportionment of the SFP grant for the project or the entire New Construction Adjusted Grant, Modernization Adjusted Grant or Type I or II, part of a qualifying SFP Modernization project, Joint-Use Project apportionment shall be rescinded without further Board action, and the pupils housed in the project, if applicable, will be added back to the district's baseline eligibility.

STAFF ANALYSIS/STATEMENTS

Staff is recommending that the District receive an immediate Apportionment for the attached Quincy Elementary School project, application number 58/66969-00-003, due to the Dixie Fire that started in Butte County beginning on July 14, 2021. The Dixie Fire has been one of the most severe wildfires in California history and has affected portions of Butte, Tehama, Plumas, Shasta, and Lassen counties.

This project received an unfunded approval at the March 24, 2021, Board meeting and was placed on the Unfunded List (Lack of AB 55 Loans). On May 21, 2021, the District submitted the required written statement to participate in the priority funding process to request the conversion of the unfunded approval to an Apportionment. The District has completed the project and state funds represents a reimbursement.

STAFF ANALYSIS/STATEMENTS (cont.)

An Apportionment outside of the priority funding process will result in the District having immediate access to cash upon submittal of a *Fund Release Authorization* (Form SAB 50-05) and Grant Agreement for work that was already completed. This will allow the District the option to access cash immediately or wait up to 18 months to submit a fund release. If the District were to participate in the normal Priority Funding process, the earliest it would be able to receive cash would be at the October 27, 2021, Board meeting. The District has already returned the Grant Agreement and has indicated it would immediately submit a Form SAB 50-05.

Staff recommends that the Board provide an immediate Apportionment for the project due to the extraordinary circumstances surrounding the District due to the Dixie Fire in Butte, Tehama, Plumas, Shasta, and Lassen counties.

RECOMMENDATION

Approve an Apportionment for OPSC application number 58/66969-00-003 in the amount of \$2,125,659 as shown on Attachment A.

Funding Source(s): Proposition 51 Bonds/2016-Nov.

Pursuant to the Board's action on September 22, 2021, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before March 22, 2023; otherwise, the apportionment will be rescinded without further Board action.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on March 22, 2023. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 6th Floor, West Sacramento, CA 95605.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting
September 22, 2021

EMERGENCY REGULATIONS TO ALLOCATE MONIES APPROPRIATED FROM
GENERAL FUND

PURPOSE

To present the State Allocation Board (Board) with a recommendation, along with associated regulatory amendments, to quickly allocate the \$250 million appropriation from the General Fund for new construction and modernization projects that became available due to the passage of Assembly Bill 130, Chapter 44, Statutes of 2021.

DESCRIPTION

As part of the Budget Act for the 2021/2022 fiscal year, \$250 million in one-time General Funds were provided to the Board to be deposited into the 2016 State School Facilities Fund for allocation to eligible new construction and modernization projects. The funds are available for use until June 30, 2022.

This item seeks Board approval to allocate the \$250 million in General Fund dollars, in date order received, to the first projects on the Unfunded List (Lack of AB 55 Loans) with a request for a priority funding Apportionment that is valid from January 1, 2022 through June 30, 2022. In addition, this item seeks approval for regulatory amendments that allow the Board to waive the priority funding request deadlines for projects that are impacted by proceeds from sources other than bond funds that become available unexpectedly. Projects for which the priority funding request deadline is waived are still subject to other provisions of the priority funding process, including 90-day apportionments and occurrences of non-participation.

AUTHORITY

The 2021/2022 Budget Act states the following:

For the 2021–22 fiscal year, the sum of two hundred fifty million dollars (\$250,000,000) is hereby appropriated from the General Fund to the State Allocation Board for deposit into the 2016 State School Facilities Fund, established pursuant to Section 17070.41 of the Education Code, for projects pursuant to Sections 17071.75 and 17073.10 of the Education Code. These funds shall be allocated to eligible projects, by the State Allocation Board, until June 30, 2022.

See Attachment A for additional authority.

STAFF ANALYSIS/STATEMENTS

The School Facility Program (SFP) has historically used voter-authorized General Obligation Bonds as the only source of funding for new construction and modernization projects under the SFP. The current process in making allocations of bond funds for school districts has two main steps.

STAFF ANALYSIS/STATEMENTS (cont.)

First, funding applications receive an unfunded approval by the Board, and the projects are placed on the Unfunded List (Lack of AB 55 Loans). Next, school districts participate in the priority funding process in order to become eligible to receive an Apportionment. Once proceeds become available, typically through a General Obligation Bond sale, those specific projects are taken to the Board and receive apportionments subject to the priority funding regulation requirements.

Priority Funding Process

The priority funding process was created to allow projects that receive unfunded approval and are placed on the Unfunded List (Lack of AB 55 Loans) to receive an apportionment with accelerated timelines. The cash that is used to make apportionments usually comes from the sale of General Obligation Bonds, which is typically done by the state each year in the fall and in the spring. The priority funding process helps to ensure that available cash for construction projects can be used quickly by recipients. The priority funding process has been very effective in achieving this goal.

SFP Regulation Section 1859.90.2 requires applicants to submit a written statement requesting that the unfunded approval be converted to an apportionment. These statements are referred to as priority funding requests and can be submitted during two 30-day time periods each year. Requests are valid for six months either from July 1 through December 31 or January 1 through June 30.

As bond sales take place and/or cash becomes available, applicants that have submitted a request for the appropriate six-month period will be eligible for priority funding apportionments. When the applicant receives a priority funding apportionment, the applicant must submit a *Fund Release Authorization* (Form SAB 50-05) within 90 days.

SFP regulations currently include requirements for applicants with projects on the Unfunded List (Lack of AB 55 Loans) to participate in the priority funding process or risk having their project(s) rescinded. The purpose is to avoid having limited bond authority reserved for projects that are not moving forward and reduces the risk of tying up cash for projects that are not ready to proceed.

There are two ways for a school district to choose not to participate in the process as follows:

1. Not submitting a valid certification request in the 30-day filing period.
2. Submitting a valid request but failing to submit a valid *Fund Release Authorization* (Form SAB 50-05) to request the release of funds within 90 days after the Board approves an Apportionment.

STAFF ANALYSIS/STATEMENTS (cont.)

Either one of these will be considered an “occurrence” for non-participation, as specified in SFP Regulation Section 1859.90.3. Any project that incurs two occurrences for nonparticipation will be removed from the Unfunded List (Lack of AB 55 Loans), or the priority funding Apportionment will be rescinded without further Board action.

Priority Funding and the \$250 Million General Fund Allocation

The \$250 million in General Fund proceeds has been deposited into the State School Facilities Fund and statute specifies that it is for new construction and modernization projects. However, no additional statutory language discusses how the funds shall be allocated, other than an allocation deadline of June 30, 2022.

Staff has reviewed options for allocating the funds and recommends the following:

Allocate the \$250 million in General Fund dollars, in date order received, to the first projects on the Unfunded List (Lack of AB 55 Loans) with a request for a Priority Funding Apportionment that is valid from January 1, 2022, through June 30, 2022.

By allocating projects in this manner, the \$250 million General Fund allocation will be used quickly, and well in advance of the statutory deadline. The Board would be able to make these apportionments at its January 2022 meeting.

Fall 2021 Bond Sale

Staff notes that other projects currently on the list of Unfunded Approvals (Lack of AB 55 Loans) have requests valid from July 1, 2021, through December 31, 2021, which technically could also receive the General Fund proceeds. However, the bond sale occurring in September 2021 is providing the cash for those applications which will be brought to the Board for apportionment at the October 2021 meeting. There is no harm to the projects that will receive cash from the proceeds of the bond sale as they will not be delayed. No changes are recommended for this group of projects.

Projects with Priority Funding Requests Valid from January 1, 2022, through June 30, 2022

Projects that are approved by the Board for placement on the Unfunded Approval (Lack of AB 55 Loans) list between June 2021 and December 2021 would typically be eligible for cash from a spring 2022 bond sale, provided school districts submit a request for a priority funding apportionment during the 30-day filing period in November/December 2021. A subset of projects in this group are projects that staff is recommending receive the General Fund proceeds. By applying the \$250 million to the first projects in this group, the normal priority funding process and regulatory requirements remain in place.

STAFF ANALYSIS/STATEMENTS (cont.)

Further, it is an equitable approach because projects receive cash in the same order that would be used for bond sale proceeds. Apportionments can be made at the January 2022 Board meeting as the priority funding request is valid beginning January 1st. The normal timelines of potentially receiving cash following a spring 2022 bond sale would be maintained for projects in the remainder of this group in excess of the \$250 million that do not receive General Fund proceeds.

Remainder of Spring 2022 Bond Sale Proceeds (Emergency Regulations Needed)

As a result of the \$250 million General Fund allocation, there is an opportunity to provide cash more quickly than expected to the first \$250 million in projects placed on the Unfunded List (Lack of AB 55 Loans) between January 2022 and May 2022. Typically, these projects would receive unfunded approvals and school districts would then submit their request for a priority funding Apportionment in May/June 2022 from potential proceeds derived through a Fall 2022 bond sale. However, because \$250 million in earlier projects will not need the Spring 2022 bond sale proceeds, if the Board waives the required request deadlines for priority funding apportionments by adopting the regulatory amendments shown on Attachment B the first \$250 million in requests can be apportioned much earlier than Fall 2022. This will also ensure that the \$1.5 billion authorized by the 2021/2022 Budget Act for bond sales for the SFP will also be expended.

If the Board approves this approach, once the regulations are effective Staff will notify school districts (with impacted projects) and ask if they would like to submit their request for a priority funding apportionment, and these projects would be eligible for any available cash between the time the request is submitted and ending on December 31, 2022. School districts would be notified in order of placement on the Unfunded List (Lack of AB 55 Loans).

The proposed regulatory amendments are narrowly written to allow the option to bypass the standard request timelines only in the event cash becomes available unexpectedly from sources other than bond funds. This approach is intended to strike a balance between quickly allocating cash on hand and preserving the existing priority funding process.

STAFF ANALYSIS/STATEMENTS (cont.)

The following table demonstrates the proposed use of funds:

Group Name	Group Description	Funding Source(s)	Estimated Apportionment Date(s)	Typical or Expedited Apportionment Timeline?
Group A	Projects on Unfunded List with priority funding requests valid July through December 2021	Fall 2021 Bond Proceeds	October 2021	Typical
Group B	Projects on Unfunded List with priority funding requests valid January through June 2022	\$250 million in General Fund Proceeds	January 2022	Expedited
Group C	Projects on Unfunded List with priority funding requests valid January through June 2022	After General Fund Proceeds are exhausted, Spring 2022 Bond Sale Proceeds	April 2022	Typical
Group D	Projects on Unfunded List with priority funding requests valid from time of submittal through December 2022	Remaining \$250 million in Spring 2022 Bond Sale Proceeds	April 2022	Expedited
Group E	Projects on Unfunded List with priority funding requests valid July through December 2022	Fall 2022 Bond Sale Proceeds	October 2022	Typical

Does the \$250 million in General Funds Replace Cash From Bond Sales or Does it Provide an Opportunity for Projects Outside of Bond Authority?

The \$250 million General Fund allocation is in addition to the bond sale proceeds backed by the voter approved bond authority. This allocation will allow staff to continue to process more applications at the end of the workload list or on the Applications Received Beyond Bond Authority (ARBBA) list that were not expected to be processed due to a lack of bond authority.

STAFF ANALYSIS/STATEMENTS (cont.)

Other Methods of Allocation Considered

Staff considered applying the additional \$250 million to projects at the end of the workload list and/or beginning of the ARBBA list. However, given that the funds are available and must be used by June 2022 this would have resulted in a line jumping issue where school districts waiting for less time would be funded before school districts who had submitted applications earlier. This would be inequitable.

Staff also considered proposing that the Board split the funding evenly between new construction and modernization projects. However, there was no statutory language that indicated that this is allowed or desired.

As no other direction was included in statute, the Staff recommendation relies on the existing structure of the SFP which prioritizes facility hardship projects first, and then uses date order received. The outcome of how much will go to each program will be dependent on the priority funding Apportionment requests received in December 2021.

CONCLUSION

Staff believes that the most prudent and equitable way to allocate the \$250 million in General Fund proceeds is to provide it to the first projects eligible for a priority funding apportionment beginning in January 2022. This gets the funding out to school districts quickly while still maintaining the integrity of the priority funding process. Staff also believes it is necessary to adopt emergency regulations to amend the requirements for priority funding request timelines in limited circumstances to allow the Board to make use of all possible proceeds available to the SFP. The priority funding process was meant to expedite cash to projects that are ready to make use of the funds, not to be a barrier.

RECOMMENDATIONS

1. Direct Staff to prepare a Board item to make Apportionments at the January 2022 SAB meeting, using the additional \$250 million allocated from General Fund in date order received, to the first projects on the Unfunded List (Lack of AB 55 Loans) with a request for a priority funding Apportionment that is valid from January 1, 2022, through June 30, 2022.
2. Adopt the proposed Regulatory Amendments as shown on Attachment B.
3. Authorize the Executive Officer to file the proposed Regulatory Amendments with the Office of Administrative Law on an emergency basis and make the Regulation permanent.

ATTACHMENT A

AUTHORITY

Education Code (EC) Section 17070.35 states in part:

(a) In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter...

EC Section 17070.41 states:

(a) A fund is hereby established in the State Treasury, to be known as the 2016 State School Facilities Fund. All money in the fund, including any money deposited in that fund from any source whatsoever, and notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated without regard to fiscal years for expenditure pursuant to this chapter.

(b) The board may apportion funds to school districts for the purposes of this chapter, as it read on January 1, 2015, from funds transferred to the 2016 State School Facilities Fund from any source.

(c) The board may make apportionments in amounts not exceeding those funds on deposit in the 2016 State School Facilities Fund, and any amount of bonds authorized by the committee, but not yet sold by the Treasurer.

(d) The board may make disbursements pursuant to any apportionment made from any funds in the 2016 State School Facilities Fund, irrespective of whether there exists at the time of the disbursement an amount in the 2016 State School Facilities Fund sufficient to permit payment in full of all apportionments previously made. However, no disbursement shall be made from any funds required by law to be transferred to the General Fund.

EC Section 17071.75 states:

After a one-time initial report of existing school building capacity has been completed, the ongoing eligibility of a school district for new construction funding shall be determined by making all of the following calculations:

(a) A school district that applies to receive funding for new construction shall use the following methods to determine projected enrollment:

(1) A school district that has two or more schoolsites each with a pupil population density that is greater than 115 pupils per acre in kindergarten and grades 1 to 6, inclusive, or a schoolsite pupil population density that is greater than 90 pupils per acre in grades 7 to 12, inclusive, as determined by the Superintendent using enrollment data from the California Basic Educational Data System for the 2004–05 school year, may submit an application for funding for projects that will relieve overcrowded conditions. That school district may also submit an alternative enrollment projection for the fifth year beyond the fiscal year in which the application is made using a methodology other than the cohort survival enrollment projection method as defined by the board pursuant to paragraph (2), to be reviewed by the Demographic Research Unit of the Department of Finance, in consultation with the department and the Office of Public School Construction. If the Office of Public School Construction and the Demographic Research Unit of the Department of Finance jointly determine that the alternative enrollment projection provides a reasonable estimate of expected enrollment demand, a

ATTACHMENT A

AUTHORITY

recommendation shall be forwarded to the board to approve or disapprove the application, in accordance with all of the following:

(A) Total funding for new construction projects using this method shall be limited to five hundred million dollars (\$500,000,000), from the Kindergarten-University Public Education Facilities Bond Act of 2004.

(B) The eligibility amount for proposed projects that relieve overcrowding is the difference between the alternative enrollment projection method for the year the application is submitted and the cohort survival enrollment projection method, as defined by paragraph (2), for the same year, adjusted by the existing pupil capacity in excess of the projected enrollment according to the cohort survival enrollment projection method.

(C) The Office of Public School Construction shall determine whether each proposed project will relieve overcrowding, including, but not limited to, the elimination of the use of Concept 6 calendars, four track year-round calendars, or busing in excess of 40 minutes, and recommend approval to the board. The number of unhoused pupil grants requested in the application for funding from the eligibility determined pursuant to this paragraph shall be limited to the number of seats necessary to relieve overcrowding, including, but not limited to, the elimination of the use of Concept 6 calendars, four track year-round calendars, or busing in excess of 40 minutes, less the number of unhoused pupil grants attributed to that school as a source school in an approved application pursuant to Section 17078.24.

(D) A school district shall use the same alternative enrollment projection methodology for all applications submitted pursuant to this paragraph and shall calculate those projections in accordance with the same districtwide or high school attendance area used for the enrollment projection made pursuant to paragraph (2).

(2) A school district shall calculate enrollment projections for the fifth year beyond the fiscal year in which the application is made. Projected enrollment shall be determined by utilizing the cohort survival enrollment projection system, as defined and approved by the board. The board may supplement the cohort survival enrollment projection with any of the following:

(A) The number of unhoused pupils that are anticipated as a result of dwelling units proposed pursuant to approved and valid tentative subdivision maps.

(B) Modified weighting mechanisms, if the board determines that they best represent the enrollment trends of the district. Mechanisms pursuant to this subparagraph shall be developed and applied in consultation with the Demographic Research Unit of the Department of Finance.

(C) An adjustment to reflect the effects on kindergarten and first grade enrollment of changes in birth rates within the school district or high school attendance area boundaries.

(3) (A) A school district may submit an enrollment projection for either a 5th year or a 10th year beyond the fiscal year in which the application is made. A school district that bases its enrollment projection calculation on a high school attendance area may use pupil residence in that attendance area to calculate enrollment. A school district that utilizes pupil residence shall do so for all high school attendance areas within the district. A pupil shall not be included in a high school attendance area enrollment projection based on pupil residence unless that pupil was included in the California

ATTACHMENT A

AUTHORITY

Basic Educational Data System (CBEDS) report of the district for the same enrollment year. The board may require a district to provide a reconciliation of the districtwide CBEDS and residency data. The board also may adopt regulations to specify the format and certification requirements for a school district that submits residency data.

(b) (1) Add the number of pupils that may be adequately housed in the existing school building capacity of the applicant school district as determined pursuant to Article 2 (commencing with Section 17071.10) to the number of pupils for whom facilities were provided from any state or local funding source after the existing school building capacity was determined pursuant to Article 2 (commencing with Section 17071.10). For this purpose, the total number of pupils for whom facilities were provided shall be determined using the pupil loading formula set forth in Section 17071.25.

(2) Subtract from the number of pupils calculated in paragraph (1) the number of pupils that were housed in facilities to which the school district or county office of education relinquished title as the result of a transfer of a special education program between a school district and a county office of education or special education local plan area, if applicable. For this purpose, the total number of pupils that were housed in the facilities to which title was relinquished shall be determined using the pupil loading formula adopted by the board pursuant to subparagraph (B) of paragraph (2) of subdivision (a) of Section 17071.25. For purposes of this paragraph, title also includes any lease interest with a duration of greater than five years.

(c) Subtract the number of pupils pursuant to subdivision (b) from the number of pupils determined pursuant to paragraph (2) of subdivision (a).

(d) The calculations required to establish eligibility under this article shall result in a distinction between the number of existing unhoused pupils and the number of projected unhoused pupils.

(e) Apply the increase or decrease resulting from the difference between the most recent report made pursuant to Section 42268, and the report used in determining the baseline capacity of the school district pursuant to subdivision (a) of Section 17071.25.

(f) For purposes of calculating projected enrollment pursuant to subdivision (a), the board may adopt regulations to ensure that the enrollment calculation of individuals with exceptional needs receiving special education services is adjusted in the enrollment reporting period in which the transfer occurs and three previous school years as a result of a transfer of a special education program between a school district and a county office of education or a special education local plan area. However, the projected enrollment calculation of a county office of education shall only be adjusted if a transfer of title for the special education program facilities has occurred. The regulations, if adopted, shall ensure that if a transfer of title to special education program facilities constructed with state funds occurs within 10 years after initial occupancy of the facility, the receiving school district or school districts shall remit to the state a proportionate share of any financial hardship assistance provided for the project pursuant to Section 17075.10, if applicable.

(g) For a school district with an enrollment of 2,500 or less, an adjustment in enrollment projections shall not result in a loss of ongoing eligibility to that school district for a period of three years from the date of the approval of eligibility by the board.

ATTACHMENT A

AUTHORITY

EC Section 17073.10 states: Each school district that desires to receive an apportionment for modernization under this chapter shall submit an application in a form, and in the number of copies, that the board may require.

Government Code Section 15503 states: “Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.”

School Facility Program (SFP) Regulation Section 1859.2 Definitions states in part:

...
“Applications Received Beyond Bond Authority List” means an informational list of applications submitted to the Office of Public School Construction (OPSC) and presented to the Board. Funding applications placed on this list contain the preliminary grant amounts requested by a district. The OPSC has not determined that the Approved Application(s) are Ready for Apportionment.

...
“Apportionment” shall have the meaning set forth in Education Code Section 17070.15(a).

...
“Unfunded List (Lack of AB 55 Loans)” means an information list of unfunded projects that was created due to the State’s inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.90.2 Priority Funding Process

The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically

ATTACHMENT A

AUTHORITY

received by the OPSC by the 30th calendar day of each filing period to be considered valid.

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following:

(1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and

(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and

(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and

(4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and

(5) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the 18 month timeline for fund release submittal described in Section 1859.90.

(6) For a Career Technical Education Facilities Project that was granted an unfunded approval without the required CDE plan approval and/or required DSA-approved plans and specifications, the applicant's request must include:

(A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197(c)(1); and

(B) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and

(C) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(6)(B).

(b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an

ATTACHMENT A

AUTHORITY

authorized representative within the 30-calendar day filing period, and shall contain all of the following:

- (1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,
 - (2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and
 - (3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and
 - (4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.
- (c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2), as applicable, and a Grant Agreement, pursuant to (a)(3), (a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period:
- (1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and
 - (2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.
- (d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.
- (e) For purposes of this section “rescinded” or “rescission” shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

ATTACHMENT A

AUTHORITY

SFP Regulation Section 1859.90.3 Participation in the Priority Funding Process

This section applies to Applications for funding for new construction, modernization, Overcrowding Relief Grant, Career Technical Education Facilities Program, Facility Hardship pursuant to Sections 1859.82.1 and 1859.82.2, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment.

(a) For each Application on the Unfunded List (Lack of AB 55 Loans) for new construction, modernization, Facility Hardship pursuant to Sections 1859.82.1 or 1859.82.2, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [March 25, 2013]. For each Application on the Unfunded List (Lack of AB 55 Loans) for Overcrowding Relief Grant, Career Technical Education Facilities Program, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [October 1, 2014]:

(1) The district abstains from participating in a priority funding 30-calendar day filing period described in Section 1859.90.2 for the Application on the Unfunded List (Lack of AB 55 Loans).

(2) The Application receives a priority funding Apportionment pursuant to Section 1859.90.2(a), and the district fails to meet the fund release requirements pursuant to Section 1859.90.2(c).

(b) The first occurrence of (a)(1) or (a)(2) shall result in the following, as applicable:

(1) If (a)(1) occurs, the Application shall retain its place on the Unfunded List (Lack of AB 55 Loans).

(2) If (a)(2) occurs, the priority funding Apportionment shall be rescinded and the Application shall be returned to the Unfunded List (Lack of AB 55 Loans) pursuant to Section 1859.90.2(c)(2).

(c) If subsection (b) has occurred, a subsequent occurrence of either (a)(1) or (a)(2) shall result in the rescission of the Application's Apportionment and/or unfunded approval, as applicable, and the removal of the Application from the Unfunded List (Lack of AB 55 Loans) without further Board action. The Application shall be returned to the applicant.

(d) For purposes of subsection (c), "rescinded" or "rescission" of an unfunded approval shall mean that the bond authority associated with the Apportionment or unfunded approval, as applicable, returns to the appropriate School Facility Program bond authority source for reallocation. If applicable, the pupils housed in the project will be added back to the district's baseline eligibility pursuant to Sections 1859.51(d) for new construction or 1859.61(d) for modernization.

ATTACHMENT B

PROPOSED REGULATORY AMENDMENTS

Section 1859.90.2. Priority Funding Process.

The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

- (a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following:
 - (1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and
 - (2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and
 - (3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and
 - (4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and
 - (5) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the 18 month timeline for fund release submittal described in Section 1859.90.
 - (6) For a Career Technical Education Facilities Project that was granted an unfunded approval without the required CDE plan approval and/or required DSA-approved plans and specifications, the applicant's request must include:
 - (A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197(c)(1); and
 - (B) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically

ATTACHMENT B

PROPOSED REGULATORY AMENDMENTS

- received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and
- (C) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(6)(B).
- (b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following:
- (1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,
 - (2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and
 - (3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and
 - (4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.
- (c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2), as applicable, and a Grant Agreement, pursuant to (a)(3), (a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period:
- (1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and
 - (2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.
- (d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.
- (e) In the event that unexpected cash proceeds from sources other than bond funds become available for use for priority funding Apportionments, at a public meeting the Board may waive the 30-calendar day filing provision specified in this section for impacted school districts to provide funds more rapidly.
- (1) OPSC shall identify and invite impacted school districts to submit a priority funding request that meets all other criteria in (a) above.

ATTACHMENT B

PROPOSED REGULATORY AMENDMENTS

- (2) Requests submitted under this provision shall be valid from the date the priority funding request is submitted until the end of the regularly scheduled filing round specified above.
- (3) Requests submitted under this provision must comply with all other requirements of the priority funding process in this Section and Section 1859.90.3.
- (4) District's may decline to submit a request outside the normal 30-day filing period without consequence. If the option to submit a request is declined, the requirements to participate in the standard 30-day filing periods specified in (a) above remain in effect.
- (5) Unexpected proceeds from sources other than bond funds include, but are not limited to, the \$250 million in General Fund monies provided to the 2016 School Facilities Account as a result of the 2021-2022 Budget Act.
- ~~(e)~~(f) For purposes of this section "rescinded" or "rescission" shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

APPEALS

Received as of August 31, 2021

<u>Appeal Received Date</u>	<u>District/County</u>	<u>Tentative SAB Date*</u>	<u>Description</u>
10/17/2017	San Bernardino City USD/San Bernardino	TBD	District requests OPSC to accept \$870,618 in expenditures for three SFP modernization projects.
5/11/2018	Lennox SD/Los Angeles	TBD	District requests that site acquisition funds of \$5,266,001.13 be considered savings as this is an Overcrowded Relief Grant Project.
11/17/2020	Eastside Union SD/Los Angeles	TBD	District requests to retain savings plus interest from a Financial Hardship new construction project.
12/18/2020	Santa Cruz County Office of Education/Santa Cruz	12/2021	County Office of Education disagrees with audit findings that the cost associated with construction insurance is an ineligible expenditure.
5/12/2021	Los Angeles USD/Los Angeles	TBD	District requests equipment substitutions for an SAB-approved Career Technical Education Facilities Program funding application.
6/29/2021	Merced County Office of Education/Merced	TBD	District requests to retain savings plus interest from a Financial Hardship new construction project.
7/22/2021	San Bernardino City USD/San Bernardino	12/2021	District requests to change the scope of work submitted for a Modernization project.
7/27/2021	Sequoia Union High SD/San Mateo	12/2021	District requests to fund a new construction application based on the 2021-2022 enrollment year.
8/25/2021	San Jacinto USD/Riverside	TBD	District requests a change in scope approval for a new construction project. The change involves constructing a two-story modular building instead of constructing a permanent building.
8/26/2021	Long Beach Unified/Los Angeles	12/2021	District requests reinstatement of a Career Technical Education Facilities Program funding application and that the application be provided with an unfunded approval.

*Please note: Tentative SAB Date is not a guaranteed meeting date and may be subject to change.

STATE ALLOCATION BOARD MEETING DATES

The State Allocation Board (SAB) meeting dates for the remainder of the 2021 calendar year are as follows:

Board Date	Type of Meeting
October 27, 2021*	Monthly (Consent/Appeals/Action)
December 2021*	Monthly (Consent/Appeals/Action)

*The projected dates and time will be determined upon the discussion with the Vice-Chair and Chair based on workload.

The SAB meets in different rooms within the State Capitol at 4:00 p.m. when the State Legislature is in session and at 2:00 p.m. when the State Legislature is out on recess. Due to scheduling changes within the Legislature, some of the SAB meetings may be canceled or changed with short notice.

INFORMATION ITEM

SCHOOL FACILITY PROGRAM NEW CONSTRUCTION AND MODERNIZATION UNFUNDED LIST (as of June 23, 2021)

The New Construction and Modernization projects on this list have received an “unfunded” approval by the State Allocation Board (SAB). Note that an “unfunded” approval does not guarantee a future apportionment by the SAB.

Published monthly in the SAB Agenda.

*This Charter Unfunded Preliminary list does not include \$30.7 million for 15 projects for Charter School Facilities Program Preliminary Apportionments for Design and Site Funding.

INFORMATION ITEM

SCHOOL FACILITY PROGRAM OFFICE OF PUBLIC SCHOOL CONSTRUCTION FUNDING WORKLOAD LISTING (Applications Received Through August 31, 2021)

The New Construction and Modernization projects on this list represent completed applications awaiting the Office of Public School Construction (OPSC) processing and scheduling to the State Allocation Board.

This list includes future workload that is identified as:

- Pending reflects workload that has been processed by OPSC but awaiting further information/documentation from the district.
- Reviewing reflects currently being processed by OPSC.

Pursuant to SFP Regulation Section 1859.95.1, this list also includes applications that were received, but not reviewed by OPSC. This list is presented to the State Allocation Board for acknowledgement.

This list is also available on the [OPSC Website](#) and is updated on the first and third Fridays of each month.

TOTAL MODERNIZATION FUNDING		\$1,070,668,018
MODERNIZATION FACILITY HARDSHIP - SEISMIC	\$ 23,619,542	\$ -

(a) Represents estimated 60% state share of project including excessive cost grants. Sesimic Mitigation Program projects represents the estimated 50% state share of project. Amounts shown have not been reviewed by OPSC for compliance with all School Facility Program requirements.

(b) Represents estimated financial hardship. Amounts shown have not been reviewed by OPSC for compliance with all School Facility Program requirements.

*Facility Hardship project requesting Seismic Mitigation Program funding.

**School districts have been notified that the Office of Public School Construction will begin processing the district's application in the near future.

Summary of Requested CTEFP Funding	Total (in Dollars)
Requested State Grant (a)	\$ 113,398,197.00
Requested State Loan (b)	\$ 7,325,568.00
Total of Estimated State Grant and State Loan	\$ 120,723,765.00

(a) Represents the requested state share of the project. Amounts shown have not been reviewed by OPSC for compliance with all Career Technical Education Facilities Program requirements.

(b) Represents the requested loan amount. Amounts shown have not been reviewed by OPSC for compliance with all Career Technical Education Facilities Program requirements.

*These applications exceed the available bond authority as of the date of this report. Placement on this list does not provide a future guarantee of funding.

**Final funding order for tied applications to be determined at a later date should bond authority become available.

School Facility Program Applications within Bond Authority*
- in millions of dollars, as of August 31, 2021 -

*The projects on this report only represents completed applications that are awaiting Office of Public School Construction (OPSC) processing and scheduling to the State Allocation Board. It does not reflect the OPSC's complete workload or guarantee the project is within available bond authority.

** Includes Facility Hardship Non-Seismic applications.

This list includes future workload that is identified as:

- Pending reflects workload that has been processed by OPSC but awaiting further information/documentation from the district.
- Reviewing reflects currently being processed by OPSC.

DENIED EXTENSION REQUESTS

Alpaugh Unified	The District requested a time extension to submit the final Expenditure Report to OPSC. The delay is due to staff turnover and not COVID-19 related; OPSC worked with District through the regular time extension request process.
Anaheim Union High	The District did not hire a cost estimator until after receiving the 15-day letter request from OPSC. A detail cost estimate is part of a complete application acceptance
Glenn County Office of Education	District applied for funding in the 6th round of CTE. The architect's cost estimate included lump sums. The 15-Day letter sent July 3, 2020 requested it to be broken out. The extension request to November 2nd is well after the anticipated September 2020. funding round.
Greenfield Union Elementary	Change of scope requested for a Full-Day Kindergarten project. A 2-year extension was requested. Request was denied because it was the subject of an appeal that OPSC cannot administratively approve.
Hilmar Unified	The project was delayed due to the District and its advisory committee to change the of scope of the project as a result of additional local funds being available. The project was approved by the State Allocation Board in May 2019, well before the start of the COVID-19 pandemic.
Hollister Elementary	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.
Island Union Elementary	This project was apportioned in October 2018 for Advanced Design. District had one year to obtain DSA approval of plans. At the time of the extension request, the District still had three months to obtain DSA approval.
Lagunita Elementary	The project was funded in November 2018 and requested a Substantial Progress extension. The request was denied because the reason for the delay is a local funding/priorities issue. The District can also already request a Substantial Progress deadline extension under "other evidence" if needed.
Moreno Valley Unified	The District requested a time extension to decide how to respond to OPSC's 4-Day Letter for a CTE project. The District needed to determine how to address the need for an increase in the grant request after the application was scored by CDE. OPSC does not allow for cost increases beyond those already reviewed by CDE.
Oakland Unified - Eres Academy	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.

Ripon Unified	District staff is currently focused on implementing Covid 19 protocols addressing the full time return of students to all campuses. Time resources of Staff are limited at this time due to the Covid 19 response referenced above. District staff will need a few additional days to respond to the 15 day letter.
San Bernardino City Unified	The District is only one year into project construction. The District requested a 5th year to complete project (3 years in advance of deadline). Denied at this time; the request is premature.
Santa Ana Unified	Project was approved in May 2019. The District did not participate in the Priority Funding (PF) Process in Fall 2019 and incurred one non-participation occurrence. The District participated in the PF process in Fall PF 2019 and was apportioned at the May 2020 SAB. Plans should have been well underway for design prior to COVID-19 pandemic. At the time of the request, the District still had 11 months to design and obtain approval from DSA.
Vacaville Unified	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.

INFORMATION ITEM

SCHOOL FACILITY PROGRAM APPLICATIONS RECEIVED BEYOND BOND AUTHORITY LIST (as of August 31, 2021)

The applications on this list represent School Facility Program (SFP) New Construction and Modernization projects in date order received that were received on or after September 13, 2018 through August 31, 2021. These applications have been received, but not reviewed, by the Office of Public School Construction (OPSC). This list is presented to the State Allocation Board for acknowledgement, but not approval pursuant to SFP Regulation Section 1859.95.1.

Published monthly in the SAB Agenda.

This report is also on the [OPSC Website](http://www.dgs.ca.gov/opsc) at:
www.dgs.ca.gov/opsc

*These projects have received approvals for design funding which are included in the Estimated State Grant amount.

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
