EXECUTIVE OFFICER'S STATEMENT

The Executive Officer informed the SAB of the following:

22nd Priority Funding Round Apportionments

School districts and Charter Schools whose projects received an unfunded approval from July 1, 2021 through December 9, 2021 had the ability to submit a certification for funding from the \$250 million appropriation from the General Fund as well as a Spring 2022 bond sale. As of January 28, 2022, OPSC received valid fund release authorizations for 22 unique projects totaling \$35.0 million in State funding. There are 79 projects that have not yet submitted fund release authorizations and the valid fund release authorizations are due to OPSC by Tuesday, April 26, 2022.

Annual Adjustment to the School Facility Program Grants and Index Adjustment on the Assessment for Development

As part of the Agenda, OPSC presented the annual adjustment to the School Facility Program (SFP) grants based on the statewide cost index for Class B construction. The recommended adjustment was an increase of 15.80 percent. In addition, the index adjustment on the maximum Level 1 assessment for development was present and the recommended adjustment was an increase of 17.45 percent.

State Agency Workshop

OPSC, the CDE and the Division of the State Architect conducted a free workshop via Zoom on February 3, 2022. The workshop provided an overview of each State agency's role in the school construction process and discussed school planning, design, and the availability of state funding with a focus on applying for the expanded California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program to assist Local Education Agencies address their facility needs. There were 573 external participants that attended the workshop and the feedback was

overwhelmingly positive. A recording of the workshop was uploaded to OPSC's YouTube Channel at: <https://www.youtube.com/user/OPSCYou>.

Stakeholder Meeting: Facility Inspection Tool

The Governor signed into law Senate Bill 129 (Chapter 69, Budget Act of 2021 – Skinner) on July 12, 2021. This bill, among other changes, provided \$250,000 for OPSC to update the Facility Inspection Tool (FIT) for use beginning July 1, 2022. The FIT is used to determine the condition of a school facility. OPSC has held two previous stakeholder meetings in December 2021 and January 2022 inviting members of the public to participate in the development of updates to the FIT. OPSC held a third stakeholder meeting on March 3, 2022 and will inform the SAB and stakeholders of next steps concerning the FIT.

Audit Findings for SFP Modernization Program

The California State Auditor has completed an audit of OPSC/SAB's Modernization Program and issued the findings report to the Legislature on January 27, 2022. The report found that when processing modernization applications, OPSC and the SAB complied with key requirements in state law, regulations, and OPSC policies. The report concludes that the State should improve the SFP by increasing funding and making changes to improve equity. In addition, the report recommends the Legislature seek voter approval for at least \$7.4 billion in bond funding for the modernization of school facilities. The report is currently available for public access at the California State Auditor's website at: <https://www.auditor.ca.gov/reports/recent>.

Assembly Member O'Donnell congratulated OPSC and commented that the program works; the audit is a reflection of the fine work by OPSC.

Next SAB Meeting

The SAB and stakeholders were reminded that the next SAB meeting would be Wednesday, March 23, 2022 at 4:00 p.m. via Zoom.

REPORTS, DISCUSSION, AND INFORMATION ITEMS***Piggyback Contracts and the Public Contract Code Compliance Related to School Facilities on Permanent Foundations***

There were public commentators who addressed the SAB regarding this report. The SAB questioned if 1) should modular classrooms be allowed to piggyback as a construction delivery method (this could be addressed through the Legislature)? and 2) is there a difference in whether the [portable] building is considered permanent based on how utilities are installed or due to the type of foundation? Because of these questions and the verbal comments provided by stakeholders, the SAB directed staff to prepare a discussion/action item for a future SAB meeting. The SAB acknowledged the report.

The SAB acknowledged the following reports:

- ***State Allocation Board Three-Month Projected Workload***
- ***State Allocation Board Meeting Dates for the 2022 Calendar Year***
- ***School Facility Program Unfunded List as of January 26, 2022***
- ***School Facility Program Workload List of Applications Received Through January 31, 2022***
- ***Emergency Time Extension Request Log as of February 1, 2022***
- ***School Facility Program Applications Received Beyond Bond Authority List as of January 31, 2022***
- ***Facility Hardship/Rehabilitation Approvals Without Funding as of January 26, 2022***

PUBLIC COMMENT

Mr. Kelly Richers, Superintendent of Wasco Union Elementary School District, addressed the SAB regarding Education Code Section 17071.75. He indicated that the District's enrollment has significantly decreased since its application was submitted and that the District is at a disadvantage by using current enrollment figures when it comes to receiving funding for the District's application.

ADJOURNMENT

There being no further business to come before the SAB, the Chair adjourned the meeting at 4:51 p.m.

A handwritten signature in black ink, appearing to read "Barbara", with a stylized flourish extending from the end.

EXECUTIVE OFFICER STATEMENT
State Allocation Board Meeting, March 23, 2022

22ND PRIORITY FUNDING ROUND APPORTIONMENTS

School districts and charter schools whose projects received an unfunded approval from July 1, 2021 through December 9, 2021 had the ability to submit a certification for funding from the \$250 million appropriation from the General Fund to the State Facility Program (SFP) as well as a Spring 2022 bond sale.

Districts that receive a Priority Funding Apportionment are required to submit a valid *Fund Release Authorization* (Form SAB 50-05) by the end of **Tuesday, April 26, 2022** to the Office of Public School Construction (OPSC).

As of March 4, 2022, OPSC has received valid fund release authorizations for 48 unique projects totaling to \$128.3 million in State funding.

51 projects have not yet submitted fund release authorizations.

UPCOMING PRIORITY FUNDING ROUND

The State Treasurer's Office held a bond sale on March 9th. OPSC anticipates receiving proceeds of the bond sale. As such, OPSC anticipates presenting projects on the Unfunded List (Lack of AB 55 Loans), including projects that receive unfunded approvals at this Board meeting, to the April Board meeting for Priority Funding apportionments. OPSC will notice the apportionments prior to the April meeting after the State Treasurer's Office has provided confirmation to OPSC of the amounts to be received.

STAKEHOLDER MEETING: FACILITY INSPECTION TOOL

Senate Bill 129 (Chapter 69, Budget Act of 2021 – Skinner) was signed by the Governor on July 12, 2021. Among other changes, this bill requires OPSC to update the Facility Inspection Tool for use beginning July 1, 2022. The Facility Inspection Tool is used to determine the condition of a school facility. Staff has held three stakeholder meetings in December, January, and March inviting members of the public to participate in the development of updates to the tool, with the most recent stakeholder meeting occurred on March 3, 2022.

Staff plans to present proposed revisions to the Board at the April 27, 2022 meeting.

JOINT STATE AGENCY WORKSHOP

OPSC, the California Department of Education (CDE), and the Division of the State Architect (DSA) are conducting a free workshop via Zoom that is scheduled for **Thursday, May 5, 2022 from 10:00 a.m. to 12:00 p.m.** This workshop will provide information on how to prepare for emergencies that could impact school facilities and how the state agencies can assist school districts that have facilities impacted by an emergency.

**UPCOMING FILING ROUND FOR THE CALIFORNIA PRESCHOOL, TRANSITIONAL
KINDERGARTEN AND FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM**

The first filing round for the expanded California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program will open April 1, 2022 and close April 30, 2022. OPSC Online will be available for all applicants to complete the *Application for Funding* (Form SAB 70-01) and to submit the entire application package electronically.

NEXT MEETING

The next meeting is scheduled for Wednesday, April 27, 2022 at 4:00 p.m..

State of California
State Allocation Board

SCHOOL FACILITY PROGRAM

This Resolution of the State Allocation Board (hereafter referred to as the “Board”) is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on March 23, 2022.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board’s criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds.

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2 and this Resolution does not bind the Board to make any additional apportionment or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of “Projects” referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project’s cost prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State’s budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State’s official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable, laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 Third Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.
5. Any eligibility determination does not constitute a commitment of future funding by the Board.

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the February 2022 Board meeting, the Board elected to provide an increase adjustment of 15.80 percent to SFP projects for calendar year 2022. The projects listed on the Attachment reflect the Board's action of the adoption of the 15.80 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

The above Charter School Grant is a maximum reservation of funding for each of the construction and site acquisition amounts (50 percent State share amount) and is not intended to reflect the actual project costs at the time the project is converted to a Final Charter School Apportionment (FCSA). The FCSA shall be based on SAB regulation allowances established at the time the project is converted and shall not exceed the maximum amounts in each category.

The Applicant did not meet its January 24, 2022 deadline to convert the project to a FCSA. The applicant did not request the one-time, one-year deadline extension.

This item returns \$4,339,074.60 in unreleased authority reserved for this project to the Charter School Facilities Program.

The remaining \$482,119.40, reflected above as the Remaining Preliminary Apportionment This Action, was previously released to the Applicant for advance design costs. This remaining amount is subject to a close out review and will be rescinded or reduced to costs incurred at a future State Allocation Board meeting.

CHARTER SCHOOL FACILITIES PROGRAM EXTENSION TO CONVERSION DEADLINE

PURPOSE OF REPORT

To present Aspire Public School's (Applicant) request for a one-year extension to the conversion deadline for its Aspire Berkley Maynard Charter School Facilities Program (CSFP) rehabilitation project.

DESCRIPTION

Applicants participating in the CSFP must convert a Preliminary Charter School Apportionment (PSCA) to an adjusted grant apportionment within a four-year period pursuant to School Facility Program (SFP) Regulation Section 1859.166. This item requests a one-year extension to the conversion deadline for the Applicant's rehabilitation project, application number 54/61259-00-011, pursuant to SFP Regulation Section 1859.166.1.

AUTHORITY

See Attachment A.

BACKGROUND

The CSFP provides PCSAs (reservations of bond authority) for new construction and rehabilitation projects. The PCSA for a CSFP project must be converted within a four-year period to an adjusted grant apportionment meeting all the SFP Regulation requirements, unless a single one-year extension is granted by the State Allocation Board (Board).

Applicants may request the Board to approve a single one-year extension. The request will be approved when the Applicant meets the criteria in (a) or (b):

- a) The charter school has provided evidence of both of the following:
 - The California Department of Education (CDE) has made a contingent or final approval of the proposed site; and,
 - The Division of the State Architect (DSA) has confirmed that the final plans for the project have been submitted to the DSA for review and approval.
- b) Other evidence satisfactory to the Board justifying the extension.

STAFF ANALYSIS/COMMENTS

The project is located on a site owned by the Oakland Unified School District. The Applicant is requesting an extension due to delays caused by Covid-19. The Applicant

has begun working with the California Department Education (CDE) and anticipates submitting plans to the Division of the State Architect (DSA) in February 2022. The Applicant anticipates receiving final plan approval from DSA and CDE and submitting a complete conversion application to the Office of Public School Construction in Fall 2022. The current conversion deadline for the project is February 28, 2022. If approved the new deadline will be February 28, 2023.

Staff has reviewed the Applicant's request (Attachment B) and determined that it provides satisfactory evidence to justify the extension. Staff supports the Applicant's request for a one-year extension to the conversion deadline.

RECOMMENDATION

Approve the Applicant's request for a one-year extension to the conversion deadline. Require that the PCSA for application number 54/61259-00-011 be converted to a final apportionment by February 28, 2023, or the PCSA will be rescinded, and the bond authority returned to the CSFP.

ATTACHMENT A

AUTHORITY

School Facility Program (SFP) Section 1859.166. Time Limit on Preliminary Charter School Apportionment.

- (a) A complete request to convert a Preliminary Charter School Apportionment to a Final Charter School Apportionment pursuant to Section 1859.165 shall be made within four years of the date of the Preliminary Charter School Apportionment unless the Charter School received approval of an extension pursuant to Section 1859.166.1.
- (b) If (a) is not met, and the Charter School has not received an advance release of funds as provided in Section 1859.164.2, the following will occur:
 - (1) the Preliminary Charter School Apportionment shall be rescinded and any remaining Preliminary Charter School Apportionment, not released to the Charter School, shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
 - (2) the SFP New Construction Eligibility will be increased by the number of unhoused pupils pursuant to Section 1859.162.2 for the school district that physically contains the Charter School within its geographical boundaries.
- (c) If (a) is not met, and the Charter School has received an advance release of funds as provided in Section 1859.164.2, the following will occur:
 - (1) The Preliminary Charter School Apportionment shall be rescinded and any remaining Preliminary Charter School Apportionment, not released to the Charter School, shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
 - (2) Funds released pursuant to Section 1859.164.2(a) shall be reduced to cost incurred and closed-out pursuant to Section 1859.106 with a corresponding SFP new construction baseline eligibility adjustment for the pupils assigned to the Preliminary Charter School Application. The adjustment to the baseline eligibility shall be based on the ratio of the number of unhoused pupils pursuant to Section 1859.162.2 and the project capacity which generated the project funding to the eligible expenditures. Any funds released are subject to the fifty percent local matching share requirement as required by EC 17078.54(d). Funds returned pursuant to Section 1859.106 shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
 - (3) Funds released pursuant to Section 1859.164.2(b) shall be subject to the provisions of Section 1859.171.

SFP Section 1859.166.1. Preliminary Charter School Apportionment Time Limit Extension.

A Charter School that has received a Preliminary Charter School Apportionment may request a single one-year extension of the time limit prescribed in Section 1859.166(a). The Board shall approve the request provided the criteria in (a) or (b) are met:

- (a) The Charter School has provided evidence of both of the following:
 - (1) The CDE has made a contingent or final approval of the proposed site; and,

Subject: **Aspire Public Schools Berkley Maynard Academy
Charter School Facilities Program Rehabilitation Project
Application Numbers 54/61259-00-011
Request for One Year Extension**

Dear Ms. Cunneen,

Pursuant to School Facility Program (SFP) Regulation Section 1859.166.1, please accept Aspire Public Schools' (Aspire) request for a single one-year extension of the time limit prescribed in 1859.166(a) for the Charter School Facilities Program Rehabilitation Project (Project) at its Berkley Maynard Academy Campus (54/61259-00-011).

The regulations provide for approval of the extension if certain criteria are met, including California Department of Education (CDE) final or contingent site approval, submittal of final plans to Division of the State Architect (DSA), or other satisfactory evidence.

Since the preliminary apportionments were awarded on February 28, 2018, Aspire has put a team in place and has been working on project planning. The COVID-19 pandemic has resulted in some slowdowns, but design and planning have continued steadily, and significant coordination with the school district has been required. The project is on track to submit to the Division of the State Architect (DSA) in February 2022, with approval anticipated in Summer 2022. California Department of Education (CDE) coordination is currently underway, and final plan review will occur concurrently with the DSA submittal. The four year deadline to convert to a Final Apportionment for this project is February 28, 2022. As Aspire is diligently in pursuit of all required agency approvals, we respectfully request the one-year extension, with conversion required by February 28, 2023.

Aspire Public Schools Berkley Maynard Academy is located on an existing Oakland Unified School District school site, and therefore the project will not be required to obtain California Department of Education (CDE) Site Approval.

Aspire plans to convert the Project to a Final Charter School Apportionment as soon as possible after the plans are reviewed and approved by DSA and CDE.

Please feel free to contact me should you have any further questions. Thank you very much.

Sincerely,
DocuSigned by:

Request for One Year Extension

Dear Ms. Cunneen,

Pursuant to School Facility Program (SFP) Regulation Section 1859.166.1, please accept the Foundation for Hispanic Education's (Foundation) request for a single one-year extension of the time limit prescribed in 1859.166(a) for the Charter School Facilities Program Rehabilitation and New Construction Projects (Projects) at its Luis Valdez Leadership Academy Campus (54/69427-00-005 and 006).

The regulations provide for approval of the extension if certain criteria are met, including California Department of Education (CDE) final or contingent site approval, submittal of final plans to Division of the State Architect (DSA), or other satisfactory evidence. The Luis Valdez Leadership Academy is located on an existing East Side Union High School District (ESUHSD) school site, and therefore the project will not be required to obtain CDE Site Approval. Final plans have not yet been submitted to DSA.

Since the preliminary apportionments were awarded on February 28, 2018, the Foundation put a team in place and began working on project planning, including the feasibility of an alternative site and the execution of all required agreements. The COVID-19 pandemic then put all project planning on hold while efforts were focused on distance learning and support of its students. The four-year deadline to convert to a Final Apportionment for this project is February 28, 2022. The project is now back under development, and the Foundation is working toward a final design concept, and agency approvals are targeted to be in place prior to the end of the extension period. As the Foundation is now in pursuit of all required agency approvals, we respectfully request the one-year extension to February 28, 2023.

The Foundation plans to convert the Project to a Final Charter School Apportionment as soon as possible after the plans are developed, reviewed, and approved by DSA and CDE.

Please feel free to contact me should you have any further questions. Thank you very much.

Sincerely,

Dr. Sherry Segura

SCHOOL DISTRICT DATA

School District: Oakland Unified
Charter School: KIPP Bay Area Schools

County: Alameda
School Name: KIPP Bridge Academy

PURPOSE OF REPORT

To present a Charter School Facilities Program (CSFP) Preliminary Charter School Apportionment for rescission.

DESCRIPTION

The CSFP permits a charter school or school district filing on behalf of a charter to apply for a Preliminary Charter School Apportionment for new construction projects and rehabilitation of district owned existing facilities that are at least 15 years old. The Preliminary Charter School Apportionment for a CSFP project must be converted within a four-year period to an adjusted grant apportionment meeting all School Facility Program (SFP) criteria, unless a single one-year extension is granted. This item rescinds a CSFP Preliminary Charter School Apportionment.

AUTHORITY

See Attachment A.

BACKGROUND

KIPP Bay Area Schools (Charter School) received an unfunded approval for a Preliminary Charter School Apportionment for its rehabilitation project at the February 28, 2018, State Allocation Board meeting. The Charter School's deadline to convert to an adjusted grant apportionment was February 28, 2022, which did not include the eligible one-time, one-year extension. On January 29, 2022, OPSC received notification from the Charter School (Attachment B) that it would not be submitting a request for a one-year extension due to private lender requirements that would not allow the Charter School to satisfy CSFP program requirements.

STAFF ANALYSIS/STATEMENTS

No funds were released to the Charter School. The entire amount of the Preliminary Charter School Apportionment will be unencumbered in the Charter School Facilities Account and may be used for charter school purposes.

Application No.	State Share Unfunded Amount	CSFP Lease Unfunded Amount	Total	Bond Fund

RECOMMENDATION

Rescind the SFP unfunded State Share and CSFP Lease amounts for a total of \$22,728,850.00 [Proposition 51 Bonds/2016-Nov.].

AUTHORITY

School Facility Program Regulation Section 1859.107. Amending and Withdrawal of Applications.

A funding application that received an apportionment under Chapter 12 or Chapter 12.5 may not be rescinded and re-approved under the provisions of any amended law or administrative regulation unless specifically authorized by other applicable law.

A funding application, with the exception of funding applications identified in Subsection (a) below, that has received an approval pursuant to Section 1859.95, but has not received an apportionment, may receive an adjustment as allowed under Sections 1859.71, 1859.71.2(c), 1859.78.4(b) or 1859.78 at the time the apportionment is made. If the adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date. No other adjustments may be made, including those resulting from changes to the regulations prior to final funding by the SAB. As an alternative, the application may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation that becomes effective prior to the apportionment for the project. The district must first request from the OPSC that the application be withdrawn and removed from the Unfunded List. The district may then resubmit the application to the OPSC under the provisions of the amended or new regulation once it is effective. The resubmitted application will receive a new processing date by the OPSC. School districts that have already received a site apportionment under Section 1859.81.1(a) may withdraw the application and file as an environmental hardship pursuant to Section 1859.75.1 without forfeiting their original site apportionment, provided that the new application does not exceed the amount already apportioned.

A funding application, with the exception of funding applications identified in Subsection (a) below, submitted to the OPSC that has not received an approval will receive funding under the provisions of the regulations that were in effect when the application was submitted to the OPSC and any funding adjustment authorized by Sections 1859.71.2(c) or 1859.78.4(b). If the funding adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date. At the option of the district, a funding application submitted to the OPSC that has not received an approval may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation once it is effective. The district must request that the application be withdrawn and removed from the OPSC workload list.

The resubmitted application will receive a new processing date by the OPSC.

At the option of the district, an Approved Application for Career Technical Education Facilities Project Funding submitted to OPSC prior to January 1, 2012 may be resubmitted for the purpose of requesting the funding as prescribed in Section 1859.71.6 or Section 1859.77.4, as applicable. To request that funding, the district must submit an amended Form SAB 50-10 at least 90 days prior to requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2 or receiving an Apportionment pursuant to Section 1859.195. The amended application shall retain its original OPSC processing date.

In this case, the district will be required to contribute additional funds to the project to meet the 40 percent district contribution required pursuant to Section 1859.79(b). If the project was approved as a financial hardship project under the provisions of Section 1859.81, the project shall maintain its financial hardship status, however, the district will be subject to a financial review pursuant to Section 1859.81(a) to determine if there are additional district funds available for the project.

(c) The new Form SAB 50-04 identifies a lesser number of pupils assigned to the project that does not exceed an amount determined by multiplying the pupils assigned to the original project by 37.5 percent (round down). In this case, the district will not be required to contribute additional funds to the project to meet the 40 percent district contribution required pursuant to Section 1859.79(b).

(d) If a new Form SAB 50-04 is submitted under the provisions of subsection (b), the Architect of Record or Design Professional certification made on the original Form SAB 50-04 will be accepted as satisfying the requirements of the new Form SAB 50-04.

Any application for eligibility determination that has received an approval may be amended to comply with provisions of an amended or new regulation once it is effective. The amended application will receive a new processing date by the OPSC.

Any application for eligibility determination that has not received an approval may be amended at any time to conform to an amended or new regulation. The application shall retain its OPSC processing date.

Any application for modernization eligibility determination that has received an approval must be amended to conform to Regulation Section 1859.61(g) prior to submittal of Form SAB 50-04.

ATTACHMENT A

Any application for modernization eligibility determination that has not received an approval must be amended to conform to Form SAB 50-03 prior to submittal of Form SAB 50-04.

Districts that have received an approval of eligibility on a HSAA or Super HSAA are not required to re-establish eligibility under the provisions of Section 1859.41(a).

Districts that have requested eligibility determination on a HSAA or Super HSAA that have not received an approval must comply with the provisions of Section 1859.41(a) prior to submittal of Form SAB 50-04. The amended eligibility application shall retain its original OPSC processing date.

A district that has received an approval of its eligibility determination on a district-wide, HSAA or Super HSAA basis, but received no New Construction Grant(s), may re-file on another eligibility determination basis provided it withdraws all previously submitted Form SAB 50-04 requests for New Construction Grant(s), including those on the Unfunded List.

Section 1859.167.2. Preliminary Apportionment Rescissions.

(a) For projects apportioned on or before February 23, 2005 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the following will occur upon rescission:

(1) the SFP New Construction Eligibility will be increased for the pupils assigned to the Preliminary Charter School Application for the school district that physically contains the Charter School within its geographical boundaries.

(2) Those projects that have received an advanced release of funds as provided in Section 1859.164.2(a), shall be reduced to costs incurred and closed-out pursuant to Section 1859.106 with a corresponding SFP new construction baseline eligibility adjustment for the pupils assigned to the Preliminary Charter School Application.

(b) For projects apportioned on July 2, 2003 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the funds shall be returned to the program as follows:

(1) A fund shall be established within the 2002 Charter School Facilities Account to be known as the Conversion Increase Fund. An amount equal to \$16,634,364 from Preliminary Charter School Apportionments rescinded on or before April 25, 2007 shall be transferred, on a one time basis, from the Unrestricted Charter School Fund to the Conversion Increase Fund established within that same account. The Conversion Increase Fund shall be used for the purposes outlined in Section 1859.167(b)(4).

(2) Funds available due to projects that rescind after April 25, 2007 shall be transferred to the Unrestricted Charter School Fund within the 2002 Charter School Facilities Account.

(c) For projects apportioned on February 23, 2005 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the funds shall be returned to the program as follows:

(1) A fund shall be established within the 2004 Charter School Facilities Account to be known as the Conversion Increase Fund. This fund shall include all amounts from Preliminary Charter School Apportionments rescinded from the 2004 Charter School Facilities Account on or before April 25,

2007, plus the amounts initially reserved for the DTSC/Relocation Fund and the Hazardous Material/Waste Removal Fund established in Section 1859.163.3.

(2) Funds available due to project rescissions after April 25, 2007 including both the Preliminary Apportionment reservation and any amount available pursuant to subsection (c)(1) above that is not needed for a Final Charter School Apportionment, shall first be used to replenish the DTSC/Relocation Fund and the Hazardous Material/Waste Removal Fund until the cumulative deposits made back into the funds total the amount of funds initially reserved. Once these funds have been replenished, future rescinded amounts shall be returned to the Unrestricted Charter School Fund.

(d) The maximum amount available for each individual Final Charter School Apportionment from the 2002 and/or 2004 Conversion Increase Fund shall be equal to the ratio of the project's Preliminary Charter School Apportionment to the total value of preliminary charter school apportionments awarded on February 23, 2005, for those recipients eligible for these Conversion Increase Fund funds, multiplied by the sum of the amount of funds available for the Conversion Increase Fund in both the 2002 and 2004 Charter School Facilities Accounts.

(e) For projects apportioned after February 23, 2005 any rescinded amounts shall be transferred into the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account. Projects shall be rescinded pursuant to the process described in subsection (a) above with the exception that any adjustments to the baseline eligibility shall be based on the ratio of the number of unhoused pupils pursuant to Section 1859.162.2 and the project capacity which generated the project funding to the eligible expenditures.

Any funds released are subject to the fifty percent local matching share requirement as required by Education Code

Hi Erin,

I'm reaching out to share that KIPP will not be accessing the KIPP Bridge Prop 51 grant, see attached for the unsigned grant letter.

We are appreciative to have received the grant, and have done significant research to understand if we can access the funds. We've learned the Prop 51 grant would require that the state hold a security interest in the property that would not be compatible with our existing loan on the property, under which we have granted a senior leasehold interest to our lender.

Please let me know if you have any other questions, and thanks again.

Best,

Cory

Dear Ms. Cunneen,

On behalf of East Bay Innovation Academy (EBIA), I respectfully notify you, the Charter School Finance Authority, and the State Allocation Board that EBIA will not be requesting an extension for the proposition 51 apportionment for projects 54/61259-09-006 and 54/61259-09-007. At this time, EBIA does not foresee resolution needed to come to a long-term lease agreement with Oakland Unified School District.

EBIA remains grateful for the award and hope to apply again in the future.

Sincerely,

PURPOSE OF REPORT

To present a Charter School Facilities Program (CSFP) Preliminary Charter School Apportionment for rescission.

DESCRIPTION

The CSFP permits a charter school or school district filing on behalf of a charter to apply for a Preliminary Charter School Apportionment for new construction projects and rehabilitation of district owned existing facilities that are at least 15 years old. The Preliminary Charter School Apportionment for a CSFP project must be converted within a four-year period to an adjusted grant apportionment meeting all School Facility Program (SFP) criteria, unless a single one-year extension is granted. This item rescinds a CSFP Preliminary Charter School Apportionment.

AUTHORITY

See Attachment A.

BACKGROUND

Yu Ming Charter (Charter School) received unfunded approvals for Preliminary Charter School Apportionments for its combination rehabilitation and new construction project at the February 28, 2018, State Allocation Board meeting. The project was located on a site owned by the Oakland Unified School District (District). The Charter School's deadline to convert to an adjusted grant apportionment was February 28, 2022, which did not include the eligible one-time, one-year extension. On February 10, 2022, the Charter School notified OPSC (Attachment B) that it did anticipate being able to come to a long-term lease agreement with the District and would not be submitting a request for a one-year extension.

STAFF ANALYSIS/STATEMENTS

No funds were released to the Charter School. The entire amount of the Preliminary Charter School Apportionment will be unencumbered in the Charter School Facilities Account and may be used for charter school purposes.

School Facility Program Regulation Section 1859.107. Amending and Withdrawal of Applications.

A funding application that received an apportionment under Chapter 12 or Chapter 12.5 may not be rescinded and re-approved under the provisions of any amended law or administrative regulation unless specifically authorized by other applicable law.

A funding application, with the exception of funding applications identified in Subsection (a) below, that has received an approval pursuant to Section 1859.95, but has not received an apportionment, may receive an adjustment as allowed under Sections 1859.71, 1859.71.2(c), 1859.78.4(b) or 1859.78 at the time the apportionment is made. If the adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date. No other adjustments may be made, including those resulting from changes to the regulations prior to final funding by the SAB. As an alternative, the application may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation that becomes effective prior to the apportionment for the project. The district must first request from the OPSC that the application be withdrawn and removed from the Unfunded List. The district may then resubmit the application to the OPSC under the provisions of the amended or new regulation once it is effective. The resubmitted application will receive a new processing date by the OPSC. School districts that have already received a site apportionment under Section 1859.81.1(a) may withdraw the application and file as an environmental hardship pursuant to Section 1859.75.1 without forfeiting their original site apportionment, provided that the new application does not exceed the amount already apportioned.

A funding application, with the exception of funding applications identified in Subsection (a) below, submitted to the OPSC that has not received an approval will receive funding under the provisions of the regulations that were in effect when the application was submitted to the OPSC and any funding adjustment authorized by Sections 1859.71.2(c) or 1859.78.4(b). If the funding adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date. At the option of the district, a funding application submitted to the OPSC that has not received an approval may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation once it is effective. The district must request that the application be withdrawn and removed from the OPSC workload list.

The resubmitted application will receive a new processing date by the OPSC.

At the option of the district, an Approved Application for Career Technical Education Facilities Project Funding submitted to OPSC prior to January 1, 2012 may be resubmitted for the purpose of requesting the funding as prescribed in Section 1859.71.6 or Section 1859.77.4, as applicable. To request that funding, the district must submit an amended Form SAB 50-10 at least 90 days prior to requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2 or receiving an Apportionment pursuant to Section 1859.195. The amended application shall retain its original OPSC processing date.

(c) The new Form SAB 50-04 identifies a lesser number of pupils assigned to the project that does not exceed an amount determined by multiplying the pupils assigned to the original project by 37.5 percent (round down). In this case, the district will not be required to contribute additional funds to the project to meet the 40 percent district contribution required pursuant to Section 1859.79(b).

(d) If a new Form SAB 50-04 is submitted under the provisions of subsection (b), the Architect of Record or Design Professional certification made on the original Form SAB 50-04 will be accepted as satisfying the requirements of the new Form SAB 50-04.

ATTACHMENT A

Districts that have requested eligibility determination on a HSAA or Super HSAA that have not received an approval must comply with the provisions of Section 1859.41(a) prior to submittal of Form SAB 50-04. The amended eligibility application shall retain its original OPSC processing date.

Once these funds have been replenished, future rescinded amounts shall be returned to the Unrestricted Charter School Fund.

(d) The maximum amount available for each individual Final Charter School Apportionment from the 2002 and/or 2004 Conversion Increase Fund shall be equal to the ratio of the project's Preliminary Charter School Apportionment to the total value of preliminary charter school apportionments awarded on February 23, 2005, for those recipients eligible for these Conversion Increase Fund funds, multiplied by the sum of the amount of funds available for the Conversion Increase Fund in both the 2002 and 2004 Charter School Facilities Accounts.

(e) For projects apportioned after February 23, 2005 any rescinded amounts shall be transferred into the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account. Projects shall be rescinded pursuant to the process described in subsection (a) above with the exception that any adjustments to the baseline eligibility shall be based on the ratio of the number of unhoused pupils pursuant to Section 1859.162.2 and the project capacity which generated the project funding to the eligible expenditures.

Total Project Cost: \$8,015,632.00
Cost to the State: \$4,007,816.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by Miyamoto International, Inc., dated December 2, 2020, identifies several structural deficiencies in the gymnasium and locker room building located at the San Pasqual Valley High School site. The report references material insufficiencies with the anchorage and support systems of the building structure that render the facilities at high risk of collapse in the event of seismic activity. Additionally, the distance between the gymnasium and one or more adjacent buildings was found to be insufficient which poses unacceptable risk to additional structures on the site should a seismic event occur. The buildings qualify for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of this project includes the replacement of the gymnasium and locker room building.

STATUS OF SCHOOL SITE

The gym building exterior is constructed and interior rooms are framed. Rough utilities are currently in place and roofing is underway. The District anticipates project completion in August 2022.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The gymnasium building was classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation), Phase Two (Replacement Option Analysis) and final plan approval. These approvals enable the District to apply for funding from the State Allocation Board.

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.2 states that “A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.

Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.”

SFP Regulation Section 1859.82.2(a) states,

(a) Seismic mitigation projects must meet all of the following requirements:

- (1) The construction contract was executed on or after May 20, 2006;

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by KNA Structural Engineers on July 19, 2021 identifies structural deficiencies in the Primary Classroom Wing Building located at the Weed Elementary School site. The report demonstrates that there is an insufficient number of moment frames to resist lateral forces in the building, rendering the capacity of the moment frames inadequate to resist seismic demands. On August 3, 2021, DSA issued a letter stating that it completed its review the July 19, 2021 report and that DSA could confirm that this building meets the eligibility requirements for the SMP.

SCOPE OF PROJECT

Mitigation work would consist of seismic retrofitting of the Primary Classroom Wing Building to properly resist lateral forces in the building so the moment frames adequately resist seismic demands that would result from a seismic event. OPSC has confirmed that the District's eligible rehabilitation costs exceed 50 percent of the Current Replacement Cost and, as such, the project is eligible for replacement funding. The District has shared with Staff that the approved plans are being designed to demolish and replace the affected buildings.

STATUS OF SCHOOL SITE

The District has submitted the documentation needed to apply for DSA approval for Phase Two (Replacement Option Analysis) as well as final plan approval. The District currently anticipates obtaining these approvals by April 2022 and will then begin the construction process for the new building after that.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL OCCURENCE

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

In August of 2020 the District hired an industrial hygienist to investigate the potential presence of toxic mold in the Weed Elementary School site's administration building. The resulting report from Asbestos Science Technologies, Inc., dated October 23, 2020, concluded that there was toxic mold in the building. Subsequent testing and analysis by RegasGroup Environmental Consultants, dated June 17, 2021, confirmed that toxic mold was also present in two multi-classroom buildings (Buildings J and K) and three portable buildings (Portable Buildings 1, 2, and 3). Both reports concluded that the mold constituted a health and safety issue and required that the affected buildings be vacated. The reports determined that the mold growth began due to water intrusion from inadequately designed roofing and venting systems as well as poor drainage around the various buildings. The reports indicated that the mold subsequently contaminated and/or damaged the buildings' HVAC, roof, ceiling, wall, and floor systems of all six buildings and that the District should remove and replace the contaminated systems and materials.

SCOPE OF PROJECT

Mitigation work would consist of mold abatement on all surfaces, including the removal and replacement of all water damaged and mold contaminated building materials in the buildings' floor, ceiling, wall, roof, and venting systems under a negative air containment area. In addition, the buildings require a new HVAC system(s) to provide adequate ventilation as well as the installation of proper drainage around the buildings to prevent water intrusion. OPSC has confirmed that the District's eligible rehabilitation costs exceed 50 percent of the Current Replacement Cost and, as such, the project is eligible for replacement funding. The District has shared with Staff that the approved plans are being designed to demolish and replace the affected buildings.

STATUS OF SCHOOL SITE

The Administration Building, Classroom Buildings J and K, and Portable Buildings #1, 2, and 3 are all closed to occupancy. Students are currently being housed in temporary facilities while the District undergoes the reconstruction project of these buildings.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL OCCURENCE

The Siskiyou County Environmental Health Department provided written concurrence that supports the industry specialists' findings and recommended work to mitigate the health and safety threat.

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.1 states that “a district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.”

SFP Regulation Section 1859.82.1(b) states in part, “To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:

Total Project Cost: \$3,130,012.00
Cost to the State: \$1,565,006.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

Two reports by KNA Structural Engineers, Inc., dated February 3, 2020 and March 20, 2020, identify several structural deficiencies in Classroom Building D and Classroom Building E, respectively, located at the University Park Elementary School site. Both reports reference material insufficiencies with the wall anchorage and wall support designs of the structure of these buildings that renders these facilities at risk of collapse in the event of seismic activity. The buildings qualify for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of this project includes the seismic rehabilitation of Classroom Building D and Classroom Building E at the University Park Elementary School site.

STATUS OF SCHOOL SITE

The construction for the eligible portion of this project (the seismic rehabilitation of Classroom Building D and Classroom Building E) was completed in December 2021.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

Classroom Building D and Classroom Building E at University Park Elementary School were each classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and have met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation), Phase Three (Evaluation and Design Criteria) and provided Phase Four concurrence to minimum scope, and final plan approval. These approvals enable the District to apply for funding from the State Allocation Board.

Seismic Mitigation Program – Rehabilitation Projects
(as of August 31, 2020)

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.2(a) states,

- (a) Seismic mitigation projects must meet all of the following requirements:
- (1) The construction contract was executed on or after May 20, 2006;
 - (2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
 - (3) The School Building is designed for occupancy by students and staff; and
 - (4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey.

SFP Regulation Section 1859.82.2(c) states,

Districts may qualify for seismic mitigation funding to rehabilitate their School Buildings including lunch shelters and covered walkways, exterior square footage of School Buildings, or site conditions. Factors to be considered by the Board may include (1) or (2) below:

- (1) School Buildings where the minimum cost to rehabilitate and remain in the School Building is 50 percent or less of the Current Replacement Cost.
- (2) Square footage of the Most Vulnerable Category 2 School Buildings, covered walkways, and lunch shelters that need repair or replacement to mitigate a collapse potential in the event of seismic activity as confirmed by the DSA.

DENIED EXTENSION REQUESTS

Denied Extension Requests	
Alpaugh Unified	The District requested a time extension to submit the final Expenditure Report to OPSC. The delay was due to staff turnover and not COVID-19 related; OPSC worked with District through the regular time extension request process.
Anaheim Union High	The District did not hire a cost estimator until after receiving the 15-day letter request from OPSC. A detail cost estimate is part of a complete application acceptance.
Glenn County Office of Education	District applied for funding in the sixth round of CTE funding. The architect's cost estimate included lump sums. The 15-Day letter sent July 3, 2020 requested them to be broken out. The extension request to November 2nd was well after the anticipated September 2020 funding round.
Greenfield Union Elementary	Change of scope requested for a Full-Day Kindergarten project. A two-year extension was requested. Request was denied because it was the subject of an appeal that OPSC could not administratively approve.
Hilmar Unified	The project was delayed due to the District and its advisory committee requesting a change the of scope to the project as a result of additional local funds being available. The project was approved by the State Allocation Board in May 2019, well before the start of the COVID-19 pandemic
Hollister	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.
Island Union Elementary	This project was apportioned in October 2018 for Advanced Design. The District had one year to obtain DSA approval of plans. At the time of the extension request, the District still had three months to obtain DSA approval.
Lagunita Elementary	The project was funded in November 2018 and requested a Substantial Progress extension. The request was denied because the reason for the delay is a local funding/priorities issue. The District can also already request a Substantial Progress deadline extension under "other evidence" if needed.
Moreno Valley Unified	The District requested a time extension to decide how to respond to OPSC's 4-Day Letter for a CTE project. The District needed to determine how to address the need for an increase in the grant request after the application was scored by CDE. OPSC does not allow for cost increases beyond those already reviewed by CDE.
Oakland Unified	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.

Ripon Unified	District staff is currently focused on implementing Covid 19 protocols addressing the full time return of students to all campuses. Time resources of Staff were limited at the time due to the Covid 19 response referenced above. OPSC provided additional time through the normal extension process. District staff will need a few additional days to respond to the 15 day letter.
San Bernardino City Unified	The District was only one year into project construction. The District requested a 5th year to complete project (3 years in advance of deadline). Denied at this time; the request is premature.
Santa Ana Unified	The project was awarded an unfunded approval in May 2019. The District did not participate in the Priority Funding (PF) Process in Fall 2019 and incurred one non-participation occurrence. The District then participated in the PF process in Fall PF 2019 and was apportioned at the May 2020 SAB. Plans should have been well underway for design prior to COVID-19 pandemic. At the time of the request, the District still had 11 months to design and obtain approval from DSA.
Vacaville Unified	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.

*These projects have received approvals for design funding which are included in the Estimated State Grant amount.

**These projects have received conceptual approval from the State Allocation Board. Districts are no longer subject to a timeline to submit a funding request corresponding to these projects, however conceptual approval does not reserve Bond Authority.

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
