State Allocation Board

March 23, 2022

Upon notice duly given, the meeting of the State Allocation Board (SAB) was held at the Department of General Services, Ziggurat Building, located at 707 3rd Street, 6th Floor, Room 6-300, in West Sacramento, California on March 23, 2022 at 4:00 p.m.

Ms. Gayle Miller, the SAB Chair, announced that pursuant to Assembly Bill 361 (Chapter 165, Statutes of 2021) this meeting would be conducted by way of teleconference/Zoom meeting. The meeting was physically webcast from Room 6-300 in the Ziggurat Building in West Sacramento for anyone that would have liked to provide public comment in person.

Members of the SAB were present in order to establish a quorum for the meeting as follows:

- Gayle Miller, Chief Deputy Director, Policy, Department of Finance, designated representative for Keely Bosler, Director, Department of Finance
- Ana Lasso, Director, Department of General Services
- Juan Mireles, Director, School Facilities and Transportation Services Division, California Department of Education (CDE), designated representative for Tony Thurmond, Superintendent of Public Instruction
- Jeremy Smith, Governor's appointee
- Senator Scott Wilk
- Senator John Laird
- Assembly Member Patrick O'Donnell
- Assembly Member Chad Mayes

Members of the SAB absent were as follows:

- Senator Connie Leyva
- Vacant, Assembly Member

Representative of the SAB was as follows:

- Lisa Silverman, Executive Officer

Representatives of the Department of General Services, Office of Public School Construction (OPSC), were as follows:

- Lisa Silverman, Executive Officer
- Barbara Kampmeier, Deputy Executive Officer

Representative of the Department of General Services, Office of Legal Services, was as follows:

- Ephraim Egan, Staff Counsel

With a quorum present, Ms. Miller, Chair, called the meeting to order at 4:05 p.m.

EXECUTIVE OFFICER'S STATEMENT

The Executive Officer informed the SAB of the following:

22nd Priority Funding Round Apportionments

School districts and Charter Schools whose projects received an unfunded approval from July 1, 2021 through December 9, 2021 had the ability to submit a certification for funding from the \$250 million appropriation from the General Fund as well as a Spring 2022 bond sale. As of March 18, 2022, OPSC received valid fund release authorizations totaling \$172 million in State funding. There are 31 projects that have not yet submitted fund release authorizations and the valid fund release authorizations are due to OPSC by Tuesday, April 26, 2022.

Upcoming Priority Funding Round

The State Treasurer's Office held a bond sale on March 9, 2022. It is anticipated that OPSC will receive proceeds from the sale at which point OPSC intends to present Priority Funding Apportionments to the SAB at its April 2022 meeting. Once the State Treasurer's Office has provided confirmation to OPSC of the amounts to be received, projects on the Unfunded List (Lack of AB 55 Loans) as well as the unfunded approvals in the March 2022 consent agenda will be prepared for Priority Funding Apportionments.

Stakeholder Meeting: Facility Inspection Tool

The Governor signed into law Senate Bill 129 (Chapter 69, Budget Act of 2021 – Skinner) on July 12, 2021. This bill, among other changes, provided \$250,000 for OPSC to update the Facility Inspection Tool (FIT) for use beginning July 1, 2022. The FIT is used to determine the condition of a school facility. OPSC has held three previous stakeholder meetings in December 2021, January and March 2022, inviting members of the public to participate in the development of updates to the FIT. OPSC plans to present to the SAB proposed revisions to the FIT at its April 27, 2022 meeting.

EXECUTIVE OFFICER'S STATEMENT (cont.)**Joint State Agency Workshop**

OPSC, the CDE and the Division of the State Architect have scheduled a free workshop on Thursday, May 5, 2022, from 10:00 a.m. to 12:00 p.m. via Zoom. The workshop will focus on how to prepare for emergencies that could impact school facilities and how the state agencies can assist school districts that have facilities impacted by an emergency.

Upcoming Filing Round for the California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program

The first filing round for the expanded California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program opens April 1, 2022 and will close April 30, 2022. OPSC Online will be operational for all applicants to complete the *Application for Funding* (Form SAB 70-01) for submittal of the entire application package electronically. The Office of Administrative Law approved the regulations, associated forms and grant agreement templates on an emergency basis, effective March 21, 2022.

Next SAB Meeting

The SAB and stakeholders were reminded that the next SAB meeting would be Wednesday, April 27, 2022 at 4:00 p.m. The Executive Officer announced that this meeting would be a hybrid meeting (meaning an in-person and Zoom meeting) located at the State Treasurer's Office, 915 Capitol Mall, Room 587, in Sacramento.

Executive Officer Statement

EXECUTIVE OFFICER STATEMENT
State Allocation Board Meeting, April 27, 2022

22ND PRIORITY FUNDING ROUND APPORTIONMENTS

School districts and charter schools whose projects received an unfunded approval from July 1, 2021 through December 9, 2021 had the ability to submit a certification for funding from the \$250 million appropriation from the General Fund to the State Facility Program (SFP) as well as proceeds from the Spring 2022 bond sale that occurred on March 9th.

General Fund Proceeds

Fund Release Authorization (Form SAB 50-05) for Districts that received Priority Funding Apportionments at the January 2022 SAB meeting from the General Fund proceeds were due by Tuesday, April 26, 2022.

As of April 8, 2022, the Office of Public School Construction (OPSC) received valid fund release authorizations for 75 unique projects totaling to \$186.2 million in State funding.

Spring Bond Sale Proceeds

This month's agenda includes Apportionments from the spring bond sale proceeds. In addition to the \$652.6 in unfunded approvals through December 2021 that requested spring priority funding Apportionments, Apportionments were also offered to \$250 million in projects that were processed to the March and April 2022 SAB meetings using the recently approved regulations allowing the Board to waive the certification timelines when additional cash proceeds are available. Requests were received for all cash proceeds available.

JOINT STATE AGENCY WORKSHOP

OPSC, California Office of Emergency Services (CalOES), the California Department of Education (CDE), and the Division of the State Architect (DSA) are conducting a free workshop via Zoom that is scheduled for **Thursday, May 5, 2022, from 9:30 a.m. to 12:00 p.m.** This workshop will provide information on how to prepare school facilities for natural disasters and emergencies and how these state agencies can assist school districts that have facilities impacted by an emergency. Please note that we have revised the time start time to 9:30 a.m.

UPCOMING CHARTER FACILITIES PROGRAM FILING ROUND AND VIRTUAL WORKSHOP

A filing round to submit Applications for Charter School Facilities Program (CSFP) preliminary apportionments will open on May 2, 2022 and will end on June 3, 2022. To assist applicants in successfully preparing their submissions, OPSC and the California School Finance Authority (CSFA) are pleased to announce an upcoming, free interactive workshop on **Thursday, April 28, 2022, from 10:00 a.m. to 12:30 p.m.** This virtual training workshop will provide step-by-step instructions to charter schools, school districts, and other interested stakeholders on how to complete and submit all required forms and supporting documents online. The virtual training webinar will have presentations from OPSC and CSFA and a question-and-answer session. Interested parties are welcome to sign up to attend through our [EventBrite Registration](#) site.

FILING ROUND FOR THE CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN AND FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM

The first filing round for the expanded California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program opened on April 1, 2022 and will be closing on April 30, 2022. As of April 18, OPSC has received 8 applications from 8 school districts requesting an estimated \$12.6 million.

OPSC Online remains available for all applicants to complete the *Application for Funding* (Form SAB 70-01) and to submit the entire application package electronically.

CONTRACTOR AND GRANTEE COMPLIANCE WITH ECONOMIC SANCTIONS IMPOSED IN RESPONSE TO RUSSIA'S ACTIONS IN UKRAINE

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding sanctions in response to Russian aggression in Ukraine. The EO is located at <https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf>.

The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying all contractors and grantees of their obligations to comply with existing economic sanctions imposed by the United States government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law.

In accordance with the EO, OPSC sent a notification on April 7, 2022 to all District Superintendents, County Superintendents, and Authorized Representative that have participated in the School Facility Program and other State Allocation Board administered programs that, as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (<https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions>).

Failure to comply may result in the termination of contracts or grants, as applicable.

For any agreements or grants valued at \$5 million or more, a separate notification will be sent outlining additional requirements specified under the EO.

State of California
State Allocation Board

SCHOOL FACILITY PROGRAM

This Resolution of the State Allocation Board (hereafter referred to as the “Board”) is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on April 27, 2022.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board’s criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds.

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2 and this Resolution does not bind the Board to make any additional apportionment or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of “Projects” referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project’s cost prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State’s budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State’s official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable, laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 Third Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.
5. Any eligibility determination does not constitute a commitment of future funding by the Board.

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To present the Districts' requests for School Facility Program (SFP) eligibility approval.

DESCRIPTION

The school districts shown in the following sections have complied with State Allocation Board (Board) regulations regarding new construction or modernization eligibility determinations for the projects listed.

RECOMMENDATIONS

1. Approve the eligibility determinations for the districts/projects shown on the Attachment.
2. Provide that this approval of eligibility determination for the districts/projects listed does not constitute a commitment for future funding by the Board.
3. For purposes of any application for funding, provide that the district must comply with all requirements of law and regulations pertaining to the SFP.

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To adjust the baseline eligibility for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998.

DESCRIPTION

The districts listed on Attachment A have received eligibility approval for new construction. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.51.

The districts listed on Attachment B have received eligibility approval for modernization. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.61.

RECOMMENDATIONS

1. Approve an adjustment to the new construction eligibility baseline determination as shown on Attachment A.
2. Approve an adjustment to the modernization eligibility baseline determination as shown on Attachment B.
3. Provide that this approval of adjusted eligibility determination does not constitute a commitment for future funding by the State Allocation Board.

KEY TO ADJUSTMENTS

NEW CONSTRUCTION ONLY

- (a) Reduced by the number of pupils provided grants in a new construction School Facility Program (SFP) project and by the number of pupils that received a Preliminary Apportionment pursuant to Section 1859.140 or a Preliminary Charter School Apportionment pursuant to Regulation Section 1859.162.2.
- (b) Reduced by the number of pupils housed, based on the loading standards pursuant to Ed. Code Section 17071.25(a)(2)(A), in a new construction LPP project funded under the provisions of the LPP pursuant to Regulation Section 1859.12 or 1859.13.
- (c) Reduced by the number of pupils housed in additional classrooms constructed or purchased based on the loading standards, pursuant to Ed. Code Section 17071.25(a)(2)(A), in a modernization SFP project.
- (d) Adjusted as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.
- (e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years, except as provided in (j) below.
- (f) Adjusted as a result of errors or omissions by the district or by the Office of Public School Construction (OPSC).
- (g) Adjusted as result of amendments to the SFP Regulations that affect the eligibility.
- (h) Increased by the number of pupils eligible for grants pursuant to Regulation Section 1859.82(a).
- (i) Reduced by the number of pupils housed in classrooms provided after the baseline eligibility was determined by the State Allocation Board, with 12 exceptions at Regulation Section 1859.51(i).
- (j) For Small School Districts, following a 3-year period after the district's eligibility was approved by the Board, decreased by any reduction in projected enrollment, and by any increase in pupils in the latest CDE operational grant report per Ed. Code Sec. 42268.
- (k) Adjusted for any changes in classroom inventory as a result of a reorganization election.
- (l) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.
- (m) As directed by the SAB due to finding a Material Inaccuracy pursuant to Section 1859.104.1.
- (n) Increased by the number of pupils that received a Preliminary Apportionment that was rescinded pursuant to Section 1859.148 or a Preliminary Charter School Apportionment that was rescinded pursuant to Section 1859.166.
- (o) Adjusted for operational grant changes as determined/provided by the California Department of Education.
- (p) For High School Attendance Area (HSAA) districts with Preliminary Apportionments within the 2002 or 2004 Critically Overcrowded School Facilities Account, adjusted in accordance with Regulation Section 1859.51(p)(1), (2), or (3).
- (q) Adjusted by the difference between the Alternative Enrollment Projection for the current enrollment reporting year and the projected enrollment determined pursuant to Section 1859.42 for the current enrollment reporting year, or by the eligibility remaining from this calculation that can no longer be utilized if the funds made available pursuant to EC Section 17071.75(a)(1)(A) have been exhausted.
- (r) Adjusted per Ed. Code Sec. 17071.75(b)(2) by the number of pupils housed, based on the loading standards per Ed. Code Sec. 17071.25(a)(2)(A), in any classroom(s) where title was relinquished to the School District receiving the transferred classrooms.

KEY TO ADJUSTMENTS

MODERNIZATION ONLY

- (a) Reduced by the number of pupils provided grants in a modernization SFP project or CSFP Rehabilitation project at the specific site.
- (b) Reduced by the number of pupils housed, based on the loading standard pursuant to EC Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Regulation Section 1859.14 and 1859.15.
- (c) Increased by changes in projected enrollment in subsequent enrollment reporting years.
- (d) (1) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or, (2) as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.
- (e) Adjusted as a result of errors or omissions by the district or by the OPSC.
- (f) Adjusted as result of amendments to the Subgroup 5.5 Regulations that affect the eligibility.
- (g) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.
- (h) As directed by the SAB due to finding a Material Inaccuracy pursuant to Regulation Section 1859.104.1.
- (i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Regulation Section 1859.78.8.
- (j) Adjusted as a result of the Reconfiguration of an existing high school under the Small High School Program.
- (k) Decreased for facilities that were deemed eligible for modernization pursuant to Regulation Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.
- (l) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, per Ed. Code Section 17079 et seq.
- (m) Adjusted as a result of classrooms demolished and replaced pursuant to Regulation Section 1859.82.

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the February 2022 Board meeting, the Board elected to provide an increase adjustment of 15.80 percent to SFP projects for calendar year 2022. The projects listed on the Attachment reflect the Board's action of the adoption of the 15.80 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

STIPULATED TERMS & NEXT STEPS

The District is required to submit a valid Fund Release authorization (Form SAB 50-05) within 18 months of the date of the apportionment; otherwise, the apportionment will be rescinded without further board action.

The Form SAB 50-05 may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 6th Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant qualifies for financial hardship pursuant to School Facility Program Regulation Section 1859.81(c)(1). The Applicant has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The Applicant's outstanding bonded indebtedness as of February 4, 2021 is at least 60 percent of its total bonding capacity.

Pursuant to SFP Regulation Section 1859.51(s), the District's new construction eligibility shall be increased by 108 pupil grants to remove four (7-8) grade level classrooms in Building C from the District's new construction classroom inventory, and Building C shall be added to a list of facilities published on OPSC's website that may not be used for any future K-12 classroom use.

Pursuant to SFP Regulation Section 1859.61(l), four (7-8) grade level classrooms and a total of 5,208 square feet corresponding to Building C shall be removed from the District's classroom inventory used to establish modernization eligibility at the site.

Errors and Omissions: Staff is recommending an increase for site development that was previously omitted from the plan review, but is required to obtain Division of the State Architect certification that the minimum work to mitigate the health and safety threat on the site is addressed.

To recommend accounting revisions to close out a completed project.

DESCRIPTION

A review of expenditures reported by the District has been made in accordance with School Facility Program (SFP) Regulation Section 1859.106 and the revisions indicated are necessary to close out this completed project.

The District incurred additional eligible expenditures per SFP Regulation Sections 1859.74 and 1859.106 and may receive additional Department of Toxic Substances Control (DTSC) funding in the amount of \$153,274.60. The District was also over-funded for relocation assistance and hazardous waste costs in the amount of \$146,274.22.

Additionally, the District received funds beyond the approved project grants in the amount of \$17,832.19 which is to be returned to the State. The District has concurred with the findings and agrees to return the State funds in the net amount of \$14,332.00.

3. Approve a decrease of \$3,500.19 in the District Contribution from \$86,506,806.00 to \$86,503,305.81.
4. Require the District to return State funds in the amount of \$14,332.00.

CHARTER SCHOOL FACILITIES PROGRAM EXTENSION TO CONVERSION DEADLINE

PURPOSE OF REPORT

To present Natomas Unified School District's (Applicant) request for a one-year extension to the conversion deadline for its Natomas Pacific Pathways Preparatory Elementary Charter School Facilities Program (CSFP) rehabilitation project.

DESCRIPTION

Applicants participating in the CSFP must convert a Preliminary Charter School Apportionment (PSCA) to an adjusted grant apportionment within a four-year period pursuant to School Facility Program (SFP) Regulation Section 1859.166. This item requests a one-year extension to the conversion deadline for the Applicant's rehabilitation project, application number 54/75283-00-008, pursuant to SFP Regulation Section 1859.166.1.

AUTHORITY

See Attachment A.

BACKGROUND

The CSFP provides PCSAs (reservations of bond authority) for new construction and rehabilitation projects. The PCSA for a CSFP project must be converted within a four-year period to an adjusted grant apportionment meeting all the SFP Regulation requirements, unless a single one-year extension is granted by the State Allocation Board (Board).

Applicants may request the Board to approve a single one-year extension. The request will be approved when the Applicant meets the criteria in (a) or (b):

- a) The charter school has provided evidence of both of the following:
 - The California Department of Education (CDE) has made a contingent or final approval of the proposed site; and,
 - The Division of the State Architect (DSA) has confirmed that the final plans for the project have been submitted to the DSA for review and approval.
- b) Other evidence satisfactory to the Board justifying the extension.

STAFF ANALYSIS/COMMENTS

The project received final plan approval from the Division of the State Architect in December 2020 and preliminary plan approval from the California Department

Education (CDE) in December 2021. The applicant anticipates receiving final CDE plan approval in March 2022, which will allow them to submit a conversion application to OPSC prior to the new deadline. The project is located on a site owned by the Natomas Unified School District and does not require CDE site approval. The current conversion deadline for the project is February 28, 2022. If approved the new deadline will be February 28, 2023.

Staff has reviewed the Applicant's request (Attachment B) and determined that it provides satisfactory evidence to justify the extension. Staff supports the Applicant's request for a one-year extension to the conversion deadline.

RECOMMENDATION

Approve the Applicant's request for a one-year extension to the conversion deadline. Require that the PCSA for application number 54/75283-00-008 be converted to a final apportionment by February 28, 2023, or the PCSA will be rescinded, and the bond authority returned to the CSFP.

ATTACHMENT A

AUTHORITY

School Facility Program (SFP) Section 1859.166. Time Limit on Preliminary Charter School Apportionment.

- (a) A complete request to convert a Preliminary Charter School Apportionment to a Final Charter School Apportionment pursuant to Section 1859.165 shall be made within four years of the date of the Preliminary Charter School Apportionment unless the Charter School received approval of an extension pursuant to Section 1859.166.1.
- (b) If (a) is not met, and the Charter School has not received an advance release of funds as provided in Section 1859.164.2, the following will occur:
 - (1) the Preliminary Charter School Apportionment shall be rescinded and any remaining Preliminary Charter School Apportionment, not released to the Charter School, shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
 - (2) the SFP New Construction Eligibility will be increased by the number of unhoused pupils pursuant to Section 1859.162.2 for the school district that physically contains the Charter School within its geographical boundaries.
- (c) If (a) is not met, and the Charter School has received an advance release of funds as provided in Section 1859.164.2, the following will occur:
 - (1) The Preliminary Charter School Apportionment shall be rescinded and any remaining Preliminary Charter School Apportionment, not released to the Charter School, shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
 - (2) Funds released pursuant to Section 1859.164.2(a) shall be reduced to cost incurred and closed-out pursuant to Section 1859.106 with a corresponding SFP new construction baseline eligibility adjustment for the pupils assigned to the Preliminary Charter School Application. The adjustment to the baseline eligibility shall be based on the ratio of the number of unhoused pupils pursuant to Section 1859.162.2 and the project capacity which generated the project funding to the eligible expenditures. Any funds released are subject to the fifty percent local matching share requirement as required by EC 17078.54(d). Funds returned pursuant to Section 1859.106 shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
 - (3) Funds released pursuant to Section 1859.164.2(b) shall be subject to the provisions of Section 1859.171.

SFP Section 1859.166.1. Preliminary Charter School Apportionment Time Limit Extension.

A Charter School that has received a Preliminary Charter School Apportionment may request a single one-year extension of the time limit prescribed in Section 1859.166(a). The Board shall approve the request provided the criteria in (a) or (b) are met:

- (a) The Charter School has provided evidence of both of the following:
 - (1) The CDE has made a contingent or final approval of the proposed site; and,
 - (2) The DSA has confirmed that the final plans for the project have been submitted to the DSA for review and approval.
- (b) Other evidence satisfactory to the Board justifying the extension.

**RE: Charter School Facilities Program Rehabilitation Project
 OPSC Application Number 54/75283-00-008
 Request for One-Year Extension**

Dear Ms. Cunneen:

Pursuant to School Facility Program (SFP) Regulation Section 1859.166.1, please accept Natomas Unified School District's request for a single one-year extension of the time limit prescribed in 1859.166(a) for the Charter School Facilities Program Rehabilitation project at the Natomas Pacific Pathways Preparatory (NP3) Elementary School (Application Number 54/75283-00-008). The regulations provide for approval of the extension if certain criteria are met, including California Department of Education (CDE) final or contingent site approval, plus submittal of final plans to Division of the State Architect (DSA), or other satisfactory evidence.

Since the preliminary apportionments were awarded on February 28, 2018, the District has been diligently planning, and has received nearly all of the required State agency approvals. The project received DSA approval in December of 2020. The project received *Preliminary* CDE plan approval in December 2021 and was subsequently submitted to CDE for review and *final* plan approval earlier this year. [The NP3 Elementary School is a dependent charter school, located on an existing Natomas USD school site, and therefore the project is not required to obtain CDE *Site* Approval.]

The four year deadline to convert to a Final Apportionment for this project is February 28, 2022. As NP3 Elementary has received DSA approval and expects to receive final CDE approval in the next few weeks, we respectfully request the one-year extension.

Should you have any questions or concerns, please do not hesitate to contact our school facility consultant, Jessica Love of Hancock Park & DeLong, at 480.559.3287 or at jessica@HPDschoools.com.

Sincerely,

Jennifer Mellor

SCHOOL DISTRICT DATA

School District: San Bernardino City Unified
Charter School: SOAR Charter Academy
Application Number(s): 54/67876-00-004

County: San Bernardino
School Name: SOAR Charter Academy

PURPOSE OF REPORT

To present a Charter School Facilities Program (CSFP) Preliminary Charter School Apportionment for rescission.

DESCRIPTION

The CSFP permits a charter school or school district filing on behalf of a charter to apply for a Preliminary Charter School Apportionment for new construction projects and rehabilitation of district owned existing facilities that are at least 15 years old. The Preliminary Charter School Apportionment for a CSFP project must be converted within a four-year period to an adjusted grant apportionment meeting all School Facility Program (SFP) criteria, unless a single one-year extension is granted. This item rescinds a CSFP Preliminary Charter School Apportionment.

AUTHORITY

See Attachment A.

BACKGROUND

The District received an unfunded approval for a Preliminary Charter School Apportionment for a rehabilitation project at the SOAR Charter Academy at the February 28, 2018 State Allocation Board meeting. The project was located on a site owned by the District. The District's deadline to convert to an adjusted grant apportionment was February 28, 2022, which did not include the eligible one-time, one-year extension. On February 2, 2022, OPSC received an email notification that the District wanted to withdraw their application. The District submitted a formal notification (Attachment B) on March 3, 2022, stating the District did not plan to move forward with the project due to changing needs of the school.

STAFF ANALYSIS/STATEMENTS

No funds were released to the District. The entire amount of the Preliminary Charter School Apportionment will be unencumbered in the Charter School Facilities Account and may be used for charter school purposes.

AUTHORITY

School Facility Program Regulation Section 1859.107. Amending and Withdrawal of Applications.

A funding application that received an apportionment under Chapter 12 or Chapter 12.5 may not be rescinded and re-approved under the provisions of any amended law or administrative regulation unless specifically authorized by other applicable law.

A funding application, with the exception of funding applications identified in Subsection (a) below, that has received an approval pursuant to Section 1859.95, but has not received an apportionment, may receive an adjustment as allowed under Sections 1859.71, 1859.71.2(c), 1859.78.4(b) or 1859.78 at the time the apportionment is made. If the adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date. No other adjustments may be made, including those resulting from changes to the regulations prior to final funding by the SAB. As an alternative, the application may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation that becomes effective prior to the apportionment for the project. The district must first request from the OPSC that the application be withdrawn and removed from the Unfunded List. The district may then resubmit the application to the OPSC under the provisions of the amended or new regulation once it is effective. The resubmitted application will receive a new processing date by the OPSC. School districts that have already received a site apportionment under Section 1859.81.1(a) may withdraw the application and file as an environmental hardship pursuant to Section 1859.75.1 without forfeiting their original site apportionment, provided that the new application does not exceed the amount already apportioned.

A funding application, with the exception of funding applications identified in Subsection (a) below, submitted to the OPSC that has not received an approval will receive funding under the provisions of the regulations that were in effect when the application was submitted to the OPSC and any funding adjustment authorized by Sections 1859.71.2(c) or 1859.78.4(b). If the funding adjustment is a result of Sections 1859.71.2(c) or 1859.78.4(b), the district must submit an amended Form SAB 50-04. The amended application shall retain its OPSC processing date. At the option of the district, a funding application submitted to the OPSC that has not received an approval may be withdrawn and resubmitted for SAB approval under the provisions of any amended or new regulation once it is effective. The district must request that the application be withdrawn and removed from the OPSC workload list.

The resubmitted application will receive a new processing date by the OPSC.

At the option of the district, an Approved Application for Career Technical Education Facilities Project Funding submitted to OPSC prior to January 1, 2012 may be resubmitted for the purpose of requesting the funding as prescribed in Section 1859.71.6 or Section 1859.77.4, as applicable. To request that funding, the district must submit an amended Form SAB 50-10 at least 90 days prior to requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2 or receiving an Apportionment pursuant to Section 1859.195. The amended application shall retain its original OPSC processing date.

(a) A district that submitted an Approved Application request for either a Modernization Adjusted Grant or a Separate Design Apportionment for a modernization project pursuant to Section 1859.81.1 that meets the criteria in (1) and (2) below must submit a new Form SAB 50-04 that meets the criteria in Subsections (b) or (c) no later than 60 calendar days after the effective date (September 16, 2002) of this Subsection:

(1) The Approved Application was received by the OPSC after April 29, 2002 but no later than the date this Subsection becomes effective (September 16, 2002).

(2) The Approved Application has not received an approval or has received an approval pursuant to Section 1859.95, but has not received an apportionment.

(b) The new Form SAB 50-04 identifies the same number of pupils assigned to the original project or a lesser amount that is not less than 37.5 percent of the pupils originally assigned to the project (round up). In this case, the district will be required to contribute additional funds to the project to meet the 40 percent district contribution required pursuant to Section 1859.79(b). If the project was approved as a financial hardship project under the provisions of Section 1859.81, the project shall maintain its financial hardship status, however, the district will be subject to a financial review pursuant to Section 1859.81(a) to determine if there are additional district funds available for the project.

(c) The new Form SAB 50-04 identifies a lesser number of pupils assigned to the project that does not exceed an amount determined by multiplying the pupils assigned to the original project by 37.5 percent (round down). In this case, the district will not be required to contribute additional funds to the project to meet the 40 percent district contribution required pursuant to Section 1859.79(b).

(d) If a new Form SAB 50-04 is submitted under the provisions of subsection (b), the Architect of Record or Design Professional certification made on the original Form SAB 50-04 will be accepted as satisfying the requirements of the new Form SAB 50-04.

(e) Any Approved Application request that meets the requirements of Subsection (a) will be withdrawn 60 calendar days after the date Subsection (a) becomes effective (September 16, 2002) if the district does not submit a new Form SAB 50-04 conforming to either Subsections (b) or (c).

Any application for eligibility determination that has received an approval may be amended to comply with provisions of an amended or new regulation once it is effective. The amended application will receive a new processing date by the OPSC.

Any application for eligibility determination that has not received an approval may be amended at any time to conform to an amended or new regulation. The application shall retain its OPSC processing date.

Any application for new construction eligibility determination that has received an approval must be amended to conform to Regulation Section 1859.51(l) prior to submittal of Form SAB 50-04.

Any application for new construction eligibility determination that has not received an approval must be amended to conform to Form SAB 50-02 and Form SAB 50-03 prior to submittal of Form SAB 50-04.

Any application for modernization eligibility determination that has received an approval must be amended to conform to Regulation Section 1859.61(g) prior to submittal of Form SAB 50-04.

Any application for modernization eligibility determination that has not received an approval must be amended to conform to Form SAB 50-03 prior to submittal of Form SAB 50-04.

Districts that have received an approval of eligibility on a HSAA or Super HSAA are not required to re-establish eligibility under the provisions of Section 1859.41(a).

Districts that have requested eligibility determination on a HSAA or Super HSAA that have not received an approval must comply with the provisions of Section 1859.41(a) prior to submittal of Form SAB 50-04. The amended eligibility application shall retain its original OPSC processing date.

A district that has received an approval of its eligibility determination on a district-wide, HSAA or Super HSAA basis, but received no New Construction Grant(s), may re-file on another eligibility determination basis provided it withdraws all previously submitted Form SAB 50-04 requests for New Construction Grant(s), including those on the Unfunded List.

Section 1859.167.2. Preliminary Apportionment Rescissions.

(a) For projects apportioned on or before February 23, 2005 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the following will occur upon rescission:

(1) the SFP New Construction Eligibility will be increased for the pupils assigned to the Preliminary Charter School Application for the school district that physically contains the Charter School within its geographical boundaries.

(2) Those projects that have received an advanced release of funds as provided in Section 1859.164.2(a), shall be reduced to costs incurred and closed-out pursuant to Section 1859.106 with a corresponding SFP new construction baseline eligibility adjustment for the pupils assigned to the Preliminary Charter School Application.

(b) For projects apportioned on July 2, 2003 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the funds shall be returned to the program as follows:

(1) A fund shall be established within the 2002 Charter School Facilities Account to be known as the Conversion Increase Fund. An amount equal to \$16,634,364 from Preliminary Charter School Apportionments rescinded on or before April 25, 2007 shall be transferred, on a one time basis, from the Unrestricted Charter School Fund to the Conversion Increase Fund established within that same account. The Conversion Increase Fund shall be used for the purposes outlined in Section 1859.167(b)(4).

(2) Funds available due to projects that rescind after April 25, 2007 shall be transferred to the Unrestricted Charter School Fund within the 2002 Charter School Facilities Account.

(c) For projects apportioned on February 23, 2005 that are rescinded by the Board for purposes other than those outlined in Section 1859.166, the funds shall be returned to the program as follows:

(1) A fund shall be established within the 2004 Charter School Facilities Account to be known as the Conversion Increase Fund. This fund shall be used for the purposes outlined in Section 1859.167(b)(4). This fund shall include all amounts from Preliminary Charter School Apportionments rescinded from the 2004 Charter School Facilities Account on or before April 25,

2007, plus the amounts initially reserved for the DTSC/Relocation Fund and the Hazardous Material/Waste Removal Fund established in Section 1859.163.3.

(2) Funds available due to project rescissions after April 25, 2007 including both the Preliminary Apportionment reservation and any amount available pursuant to subsection (c)(1) above that is not needed for a Final Charter School Apportionment, shall first be used to replenish the DTSC/Relocation Fund and the Hazardous Material/Waste Removal Fund until the cumulative deposits made back into the funds total the amount of funds initially reserved. Once these funds have been replenished, future rescinded amounts shall be returned to the Unrestricted Charter School Fund.

(d) The maximum amount available for each individual Final Charter School Apportionment from the 2002 and/or 2004 Conversion Increase Fund shall be equal to the ratio of the project's Preliminary Charter School Apportionment to the total value of preliminary charter school apportionments awarded on February 23, 2005, for those recipients eligible for these Conversion Increase Fund funds, multiplied by the sum of the amount of funds available for the Conversion Increase Fund in both the 2002 and 2004 Charter School Facilities Accounts.

(e) For projects apportioned after February 23, 2005 any rescinded amounts shall be transferred into the Unrestricted Charter School Fund in the appropriate Charter School Facilities Account. Projects shall be rescinded pursuant to the process described in subsection (a) above with the exception that any adjustments to the baseline eligibility shall be based on the ratio of the number of unhoused pupils pursuant to Section 1859.162.2 and the project capacity which generated the project funding to the eligible expenditures.

Any funds released are subject to the fifty percent local matching share requirement as required by Education Code
Section 17078.54(d).

**SUBJECT: San Bernardino City Unified School District
Request to Withdraw SOAR Academy Funding Application
Charter School Facility Program
Application Number 54/67876-00-004**

Dear Ms. Cunneen:

The San Bernardino City Unified School District ("District") respectfully requests to withdraw the SOAR Academy Charter School Facility Program project, application 54/67876-00-004, which received its Preliminary Apportionment on February 28, 2018. No advance funding has been received for the project.

The District has decided not to move forward with the project due to the changing needs of the school.

Please feel free to contact me should you have any questions or require additional information.

Sincerely,

County: Placer
School Name: Whitney High

PURPOSE OF REPORT

To present a School Facility Program (SFP) Career Technical Education Facilities Program (CTEFP) project Apportionment for rescission.

DESCRIPTION

On October 27, 2021, the State Allocation Board approved a Priority Funding Apportionment for the District's CTEFP project at Whitney High. On March 7, 2022, the District submitted a request to the Office of Public School Construction to rescind the Apportionment. The District stated that it will not be pursuing the project.

Therefore, Staff is presenting the project listed above for rescission.

AUTHORITY

SFP Regulation Section 1859.198 states, in part, "Any Career Technical Education Facilities project funds returned due to projects being rescinded or reduced to cost incurred shall be made available for Apportionment in subsequent funding cycles."

RECOMMENDATIONS

1. Rescind the Apportionment for the District's application listed above.
2. Approve a decrease of \$1,500,000.00 in the State Apportionment [Bonds/2016-Nov.; 051-600] from \$1,500,000.00 to \$0.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, April 27, 2022

SCHOOL DISTRICT DATA

School District: Washington Unified
Application Number: 59/76778-00-002

County: Fresno
School Name: Washington High

PURPOSE OF REPORT

To present a School Facility Program Career Technical Education Facilities Program (CTEFP) project for rescission of the loan portion of its prior Apportionment.

DESCRIPTION

In April 2021, the State Allocation Board approved a Priority Funding Apportionment for the District's CTEFP project at Washington High, which included a loan for a portion of the District's required match. On March 8, 2022 the District submitted a request to the Office of Public School Construction to rescind the loan portion of the Apportionment. The District stated in its letter that it "now has available funding for the district's match portion of the project costs and is no longer in need of the loan." Therefore, Staff is presenting the attachment to reduce the project Apportionment for the amount of the original loan.

This application was originally approved as a reservation of funds, which allows the District 12 months from the April 28, 2021 Apportionment date to submit the required California Department of Education and Division of the State Architect plan approvals to the Office of Public School Construction (OPSC). As the District has already submitted these documents to OPSC, this project has met this requirement.

AUTHORITY

SFP Regulation Section 1859.198 states, in part, "Any Career Technical Education Facilities project funds returned due to projects being rescinded or reduced to cost incurred shall be made available for Apportionment in subsequent funding cycles."

RECOMMENDATIONS

1. Rescind the loan portion of the District's application listed above.
2. Approve a decrease of \$322,734.00 in the State Apportionment [Bonds/2016-Nov.; 051-605] from \$828,668.00 to \$505,934.00, as shown on the Attachment.

STIPULATED TERMS & NEXT STEPS

Pursuant to School Facility Program (SFP) Regulation Section 1859.197, the Applicant is required to submit the required California Department of Education (CDE) and Division of the State Architect (DSA) plan approval letter(s) to the Office of Public School Construction within 12 months of receiving an Apportionment. If the required documents are not received prior to 11:59 p.m. on April 28, 2022, the Apportionment shall be rescinded without further Board action.

The Applicant must submit a valid, complete Fund Release Authorization (Form SAB 50-05) within 90 days of OPSC's receipt of the CDE and DSA plan approval letters. The Form SAB 50-05 must be signed by the designated District Representative and must be received by the OPSC prior to 11:59 p.m. on the 90th day.

The above documents may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to OPSC at 707 Third Street, 6th Floor, West Sacramento, CA 95605.

The Applicant is required to submit a signed Grant Agreement pursuant to SFP Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The state's portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the state pursuant to SFP Regulation Section 1859.199.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant was previously approved for a state loan in the amount of \$322,734. The Applicant is requesting to rescind the loan portion of the project. The loan funds will be returned to the Program in accordance with SFP Regulation Section 1859.198.

Action Items

PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

PURPOSE OF REPORT

To provide priority School Facility Program (SFP) funding Apportionments for \$652.6 million for the projects that submitted a valid certification.

DESCRIPTION

The Apportionments are a result of the Board's action in May 2011. At that time, the Board approved regulations establishing two annual filing periods for prioritizing school construction funding as cash proceeds became available to provide Apportionments. The Office of Administrative Law (OAL) then approved the regulations on July 27, 2011. The regulations created two 30-day periods in which school districts could request to receive an Apportionment upon acknowledgement that a *Fund Release Authorization* (Form SAB 50-05) could be submitted within 90 days of receiving an Apportionment.

Based on the above regulations, the recent filing period began on November 10, 2021 and closed on December 9, 2021. Requests must have been received by OPSC on or before December 9, 2021 and are valid from January 1, 2022 through June 30, 2022.

Pursuant to SFP Regulation Section 1859.90.2(e), this item includes State Allocation Board (Board) approval to allocate to new projects the \$250 million in Proposition 51 bond sale proceeds that were previously anticipated to be used for the projects that received Apportionments in January 2022 from General Funds provided by the Budget Act for 2021/2022.

By approving this item, the Board will provide approximately \$652.6 million in Apportionments for 216 projects that represents 115 school districts.

AUTHORITY

See Attachment A.

BACKGROUND

Requests/Acknowledgements

Pursuant to SFP Regulations, applicants choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an Apportionment. As part of the request, applicants are required to make the following acknowledgements:

BACKGROUND (cont.)

- The applicant understands that the time limit on fund release shall be no more than 90 days from the date of Apportionment.
- The applicant acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded application will revert to an Unfunded Approval at the bottom of the Unfunded List (Lack of AB 55 Loans) and cannot be guaranteed bond authority. The application will receive a new Unfunded Approval date of July 26, 2022.
- In the case that multiple rescissions are made by the SAB, each separate application will be placed at the bottom of the Unfunded List (Lack of AB 55 Loans) in the order of the original unfunded approval date. The district will not be required to resubmit the application and no further application review will be required.
- The applicant acknowledges that by participating in the priority funding process, the applicant is waiving its right to the 18-month timeline for fund release submittal.
- The applicant acknowledges that a Grant Agreement must be submitted pursuant to SFP Regulation 1859.90.4 and received by OPSC prior to or concurrently with the Form SAB 50-05.

By approving this item, the Board will provide approximately \$652.6 million in Apportionments for 216 projects on the Unfunded List (Lack of AB 55 Loans) that are eligible for an Apportionment. This includes approximately 70 projects that were approved for placement on the Unfunded List (Lack of AB 55 Loans) on March 23, 2022 that requested an Apportionment pursuant to SFP Regulation Section 1859.90.2(e). Any requests by applicants to participate in the priority funding process that are not converted to Apportionments shall retain their date order position on the Unfunded List (Lack of AB 55 Loans) unless the applicant receives a second non-participation occurrence. These projects will be eligible for future apportionments if bond sale proceeds become available. Any project receiving a second non-participation occurrence will be rescinded without further Board action.

The priority funding round generated \$633.7 million in Apportionment requests from 118 applicants for 243 out of 250 unique projects, which represents 97.2 percent of the projects on the Unfunded List (Lack of AB 55 Loans) that could have submitted requests. In January 2022, 99 of these 243 projects were apportioned. The remaining projects are presented for approval with this item, for a total of \$390.9 million in Apportionment requests.

BACKGROUND (cont.)

OPSC offered apportionments to 107 projects from 67 applicants using the flexibility provided in SFP Regulation Section 1859.90.2(e). This primarily included projects that received an Unfunded Approval at the March 23, 2022 Board meeting. Applicants were required to submit a signed Response Form to indicate their interest in receiving an expedited apportionment. This outreach generated \$321.8 million in Apportionment requests from 60 applicants for 96 out of 107 unique projects, which represents 89.7 percent of the projects that could have submitted requests. Sufficient funding is available to apportion 70 of the 96 eligible projects, for a total of \$254.2 million in Apportionment requests.

The Board is also providing two additional Apportionments due to closeout review adjustments. In total, the Board can provide \$652.6 million in Apportionments. The attachments provide detailed lists of the Apportionment requests received during this filing period that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an Apportionment are highlighted in Attachments B, C, D, E, F, G, and H.

STAFF ANALYSIS/STATEMENTS

Current/Future Request Periods

Requests submitted during the period that ended on December 9, 2021 will expire on June 30, 2022. A new 30-day priority funding request filing period will begin on May 11, 2022 and will end on June 9, 2022. Requests submitted during that period will be valid from July 1, 2022 through December 31, 2022.

STAFF ANALYSIS/STATEMENTS (cont.)

Fund Release Requirements

Applicants receiving Apportionments are required to submit a valid Form SAB 50-05 containing an original or electronic signature for each approved application. The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on July 26, 2022. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 6th Floor, West Sacramento, CA 95605. If a district fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new unfunded approval date of July 26, 2022 on the Unfunded List (Lack of AB 55 Loans).

Grant Agreement

Pursuant to action taken by the Board at the June 5, 2017 meeting a Grant Agreement for the project with an original or electronic signature by an authorized District Representative must be submitted prior to, or concurrently with, the Form SAB 50-05 in order for the Form SAB 50-05 to be considered valid for all projects that are approved for placement on the Unfunded List (Lack of AB 55 Loans) on or after June 5, 2017.

Non-Participation in Priority Funding Process

On March 25, 2013, regulation amendments regarding non-participation in the priority funding process became effective. The regulation changes limit the number of times a district can choose not to participate in the priority funding process for a project on the Unfunded List (Lack of AB 55 Loans). Projects receiving an Apportionment in this item but do not submit a valid Form SAB 50-05 prior to 11:59 p.m. on July 26, 2022 will receive one non-participation occurrence. If this is the project's second non-participation occurrence, the project will be fully rescinded without further Board action and will not return to the Unfunded List (Lack of AB 55 Loans). The bond authority associated with rescinded projects will return to the SFP.

RECOMMENDATIONS

1. Approve Apportionments for the projects as shown on Attachment B in the amount of \$652.6 million.
2. Declare that all applications receiving Apportionments are subject to the new construction grant adjustment pursuant to EC Section 17072.11(b) and are not considered full and final until the Board has made the adjustment.

AUTHORITY

Education Code Section 17070.35(a) states, “In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

- (1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter...
- (2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary....”

Government Code Section 15503 states:

Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.

Budget Letter 10-09 requires that if there are insufficient bond proceeds, departments and agencies are responsible for prioritizing the projects that will be funded consistent with the prioritization criteria outlined (including job creation). It also indicates that if bond proceeds are not managed efficiently, additional bonds may not be sold for the program.

School Facility Program (SFP) Regulation Section 1859.2 states:

‘For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:

...

“Unfunded List” means an information list of unfunded projects, with the exception of the unfunded list defined below as “Unfunded List (Lack of AB 55 Loans)”.

“Unfunded List (Lack of AB 55 Loans)” means an information list of unfunded projects that was created due to the State’s inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.”

SFP Regulation Section 1859.90.2, “Priority Funding Process” states:

The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue

with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following: (1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and

(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and

(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and

(4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and

(5) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the 18 month timeline for fund release submittal described in Section 1859.90.

(6) For a Career Technical Education Facilities Project that was granted an unfunded approval without the required CDE plan approval and/or required DSA-approved plans and specifications, the applicant's request must include: (A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197(c)(1); and

(B) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically

received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and (C) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(6)(B).

(b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following: (1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,

(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and

(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and

(4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.

(c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2), as applicable, and a Grant Agreement, pursuant to (a)(3), (a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period: (1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and

(2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.

(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.

(e) In the event that unexpected cash proceeds from sources other than bond funds become available for use for priority funding Apportionments, at a public meeting the Board may waive the 30-calendar day filing provision specified in this section for impacted school districts to provide funds more rapidly.

(1) OPSC shall identify and invite impacted school districts to submit a priority funding request that meets all other criteria in (a) above.

(2) Requests submitted under this provision shall be valid from the date the priority funding request is submitted until the end of the regularly scheduled filing round specified above.

(3) Requests submitted under this provision must comply with all other requirements of the priority funding process in this Section and Section 1859.90.3.

(4) District's may decline to submit a request outside the normal 30-day filing period without consequence. If the option to submit a request is declined, the requirements to participate in the standard 30-day filing periods specified in (a) above remain in effect.

(5) Unexpected proceeds from sources other than bond funds include, but are not limited to, the \$250 million in General Fund monies provided to the 2016 School Facilities Account as a result of the 2021-2022 Budget Act.

(f) For purposes of this section "rescinded" or "rescission" shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

SFP Regulation Section 1859.90.3, "Participation in the Priority Funding Process" states:

This section applies to Applications for funding for new construction, modernization, Overcrowding Relief Grant, Career Technical Education Facilities Program, Facility Hardship pursuant to Section 1859.82 and rehabilitation pursuant to Section 1859.83(e), and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment.

(a) For each Application on the Unfunded List (Lack of AB 55 Loans) for new construction, modernization, Facility Hardship pursuant to Section 1859.82 or rehabilitation pursuant to Section 1859.83(e), the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [March 25, 2013]. For each Application on the Unfunded List (Lack of AB 55 Loans) for Overcrowding Relief Grant, Career Technical Education Facilities Program, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [October 1, 2014]:

(1) The district abstains from participating in a priority funding 30-calendar day filing period described in Section 1859.90.2 for the Application on the Unfunded List (Lack of AB 55 Loans).

(2) The Application receives a priority funding Apportionment pursuant to Section 1859.90.2(a), and the district fails to meet the fund release requirements pursuant to Section 1859.90.2(c).

(b) The first occurrence of (a)(1) or (a)(2) shall result in the following, as applicable:

(1) If (a)(1) occurs, the Application shall retain its place on the Unfunded List (Lack of AB 55 Loans).

(2) If (a)(2) occurs, the priority funding Apportionment shall be rescinded and the Application shall be returned to the Unfunded List (Lack of AB 55 Loans) pursuant to Section 1859.90.2(c)(2).

(c) If subsection (b) has occurred, a subsequent occurrence of either (a)(1) or (a)(2) shall result in the rescission of the Application's Apportionment and/or unfunded

approval, as applicable, and the removal of the Application from the Unfunded List (Lack of AB 55 Loans) without further Board action. The Application shall be returned to the applicant.

(d) For purposes of subsection (c), “rescinded” or “rescission” of an unfunded approval shall mean that the bond authority associated with the Apportionment or unfunded approval, as applicable, returns to the appropriate School Facility Program bond authority source for reallocation. If applicable, the pupils housed in the project will be added back to the district’s baseline eligibility pursuant to Sections 1859.51(d) for new construction or 1859.61(d) for modernization.

SFP Regulation Section 1859.129(b)(2) states:

Has 18 months from the date the DSA and CDE approved plans were submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment will be rescinded without further Board action. If the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the apportionment.

SFP Regulation Section 1859.197 (b)(2) states:

Has 18 months from the date the CDE plan approval and DSA-approved plans and specifications, as needed, are submitted to the OPSC to submit a completed Form SAB 50-05 or the Apportionment shall be rescinded without further Board action. If the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the Apportionment.

STIPULATED TERMS & NEXT STEPS

As a result of the Board's action on August 25, 2021, the District requested an adjustment to the New Construction Grant previously approved on September 22, 2021. The District was approved for 67 pupil grants at the 7-8 grade level(s). With this item, the District is increasing its request to 67 pupil grants at the K-6 grade level and 7 pupil grants at the Non-Severe grade level. The District's New Construction baseline eligibility will be adjusted by a decrease of 67 pupil grants at the K-6 grade level and 7 pupil grants at the Non-Severe grade level. 67 pupil grants at the 7-8 grade level will be returned to the District's baseline upon approval by the Board.

Pursuant to the Board's action on April 27, 2022, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before July 26, 2022; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of July 26, 2022.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on July 26, 2022. REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, April 27, 2022

Proposed Revisions to the Facility Inspection Tool

PURPOSE OF REPORT

To request the State Allocation Board (Board) approve proposed revisions to the Facility Inspection Tool (FIT) as a result of Senate Bill 129.

DESCRIPTION

Senate Bill (SB) 129 (Chapter 69, Budget Act of 2021 – Skinner) requires the Office of Public School Construction (OPSC) to update the FIT. In updating the FIT, SB 129 requires OPSC to consult with stakeholders and consider current standards for school facilities, including, but not limited to, the Association of Physical Plant Administrator’s (APPA) Operational Guidelines for Educational Facilities, and both local and state public health guidance and standards. The Board is required to adopt an updated Facility Inspection Tool prior to June 30, 2022, for use beginning July 1, 2022.

OPSC held three stakeholder meetings on November 30, 2021, January 20, 2022, and February 3, 2022. A copy of OPSC’s agenda items for the meetings can be found here: <https://www.dgs.ca.gov/OPSC/Resources/Page-Content/Office-of-Public-School-Construction-Resources-List-Folder/State-Allocation-Board-Agendas>

During the stakeholder meetings, OPSC staff and stakeholders discussed OPSC’s initial and revised proposals, and the concepts presented in this item. The meetings were recorded and can be viewed here:

- November 30, 2021 – <https://youtu.be/YBP912RtgWM>
- January 20, 2022 – <https://youtu.be/0MNShRGG9Ko>
- February 3, 2022 – <https://youtu.be/SLwclfpmhvs>

As a result of the stakeholder meetings, staff is recommending the Board approved the updated FIT as shown on Attachment C.

AUTHORITY

See Attachment A.

BACKGROUND

SB 550 (Chapter 900, Statutes of 2004 - Vasconcellos) established the good repair standard in response to the settlement agreement in the case of *Williams vs. California*, which enshrined the right to “clean, safe and functional” school facilities for California students. A school facility in “good repair” was defined as “maintained in a manner that assures that it is clean, safe, and functional as determined pursuant to an interim evaluation instrument developed by the Office of Public School Construction....”

BACKGROUND (cont.)

Subsequent legislation, Assembly Bill (AB) 607 (Chapter 704, Statutes of 2006 – Goldberg) provided the statutory definition of good repair and required OPSC to develop a permanent evaluation instrument for school facilities to incorporate a component ranking and facility scoring. A school facility in “good repair” is defined by Education Code section 17002(d)(1) as a facility that is “maintained in a manner that assures that it is clean, safe, and functional as determined pursuant to a school facility inspection and evaluation instrument developed by the Office of Public School Construction and approved by the Board or a local evaluation instrument that meets the same criteria.”

As part of the school accountability report card, school districts and county offices of education are required to make specified assessments of school conditions including the safety, cleanliness, and adequacy of school facilities and needed maintenance to ensure good repair. In addition, beginning with the 2005/2006 fiscal year, school districts and county offices of education must certify that a facility inspection system has been established to ensure that each of its facilities is maintained in good repair to participate in the School Facility Program and the Deferred Maintenance Program.

This tool is intended to assist school districts and county offices of education in that determination.

The permanent evaluation instrument, the FIT, was approved by the Board in June 2007. The FIT is intended to be used for a visual inspection of core facility areas in potential need of repair. Furthermore, under AB 607, “the school facility inspection and evaluation instrument and local evaluation instruments that meet the minimum criteria of this subdivision shall not require capital enhancements beyond the standards to which the facility was designed and constructed.”

In May 2009, the Board approved revisions to the FIT which created better calculations to measure a school’s state of repair and provide a more accurate representation of the condition of a school site in its yearly School Accountability Report Card (SARC). Additionally, to promote the regular maintenance of core components deficiencies in school facilities that occur more regularly are now weighed more heavily, thus having a greater impact on a schools overall FIT score.

SB 129 (Chapter 69, Budget Act of 2021 – Skinner) requires OPSC to consult with stakeholders and consider current standards for school facilities, including, but not limited to, the Association of Physical Plant Administrator’s Operational Guidelines for Educational Facilities, and both local and state public health guidance and standards. The Board is required to adopt an updated Facility Inspection Tool prior to June 30, 2022, for use beginning July 1, 2022.

STAFF ANALYSIS/STATEMENTS

The FIT is a visual inspection tool to be used by school officials, county offices of education (COE), students, teachers, and parents to aid in ensuring that all California school children have access to clean, safe, and functional school facilities. The current FIT includes eight sections with 15 categories and a rating system to evaluate each facilities component, and a mechanism to determine the overall condition of the school.

The existing structure of the FIT includes 15 categories which align with the components required to be evaluated in statute. To improve the scoring system, the revised FIT was approved in May 2009 to create groupings of the 15 categories into eight sections. A workgroup of experts developed a list of the characteristics necessary for a user-friendly and functional evaluation tool. Among these desired characteristics are the following: a tool that is easily understood and easy to use at on-site inspections; a rating system that is simple to calculate and easy to understand and interpret, and a format that allows for maximum flexibility, comments, and feedback. The revised FIT changed the weighting that the various categories of facility components have on the overall score. Categories with deficiencies that tend to occur more often are weighted more heavily, thus having greater influence on the overall rating.

Since 2009, the FIT structure uses percentage scales to determine category rankings and overall scoring but includes methodology to eliminate situations in which schools with notable deficiencies can receive a “good” or “exemplary” rating.

Current Version of the Facility Inspection Tool

The current FIT includes eight scored sections made up of 15 categories, a rating system to evaluate each facilities component, and a mechanism to determine the overall scope and condition of the school. The current version of the FIT is on Attachment B.

As shown below, the eight main sections are; Systems, Interior, Cleanliness, Electrical, Restrooms/Fountains, Safety, Structural, and External.

STAFF ANALYSIS/STATEMENTS (cont.)

The 15 categories, within the sections, are scored based in part on the following and outlined in detail in Part I of the Facility Inspection Tool Worksheet.

FIT - Part I – Good Repair Standard:*Systems*

Gas Leaks – Gas systems and pipes appear safe, functional, and free of leaks. No gas odor is detected.

Mechanic – Heating, ventilation, and air conditioning (HVAC) systems are functional and unobstructed.

Sewer – Sewer line stoppage is not evident, and no major leaks or odors are present.

Interior

Interior Surfaces – Walls, ceilings and flooring appear to be clean, safe, functional and without hazard.

Cleanliness

Overall Cleanliness – School grounds, buildings, common areas, restrooms, and individual rooms appear to have been cleaned regularly.

Pest/Vermin Infestation – No evidence of pest or vermin infestation is evident.

Electrical

Electrical – No portions of the school has a power failure. Electrical systems, components and equipment appear to be working properly and are in in safe condition to use.

Restrooms/Fountains

Restrooms – Restrooms appear to be accessible, clean, functional and in compliance with SB 892.

Sinks/Fountains – Sinks and fountains appear to be accessible, functional, and safe to use. No moss, mold, algae, or excessive leaks appear to be evident.

Safety

Fire Safety – Emergency equipment and systems appear to be functioning properly and fire equipment is clearly visible in required areas.

Hazardous Materials – There does not appear to be evidence of exposed hazardous material that could pose a health risk to pupils or staff. Hazardous materials appear to be properly stored or contained.

STAFF ANALYSIS/STATEMENTS (cont.)*Structural*

Structural Damage – Structural damage that has or could create hazardous or uninhabitable conditions is not evident.

Roofs – Roofs, gutters, roof drains and down spouts appear to be functioning properly and appear to be free of damage.

External

Playground/School Grounds – Playground equipment and school grounds should appear to be clean, safe, and functional.

Windows/Doors/Gates/Fences (Interior and Exterior) – Conditions that pose a safety and or security risk are not evident.

In evaluating each area or space, the user should review each of the 15 categories identified in the Good Repair Standard and make a determination of whether a particular area is in good repair. Once the determination is made, it should be recorded on the Evaluation Detail, as follows:

OK	No Deficiency - Good Repair: Mark "OK" if all statements in the Good Repair Standard are true, and there is no indication of a deficiency in the specific category.
D	Deficiency: Mark "D" if one or more statement(s) in the Good Repair Standard for the specific category is not true, or if there is other clear evidence of the need for repair.
X	Extreme Deficiency: Indicate "X" if the area has a deficiency that is considered an "Extreme Deficiency" in the Good Repair Standard or there is a condition that qualifies as an extreme deficiency but is not noted in the Good Repair Standard.
NA	Not Applicable: If the Good Repair Standard category (building system or component) does not exist in the area evaluated, mark "NA".

STAFF ANALYSIS/STATEMENTS (cont.)**FIT - Part II – Maintenance Detail:**

As a school facility inspection is conducted, these determinations should be made and marked on the Evaluation Detail page.

Once the inspector completes the site inspection and fills out the Evaluation Details page, they will then complete the Totals and Ranking page of the FIT based on the data recorded in Part II.

FIT - Part III – Totals and Ranking:

Next the inspector will total the number of areas evaluated at the site and count all of the spaces deemed in good repair, deficient, extremely deficient, or not applicable under each of the 15 categories. The inspector will then continue through the worksheet calculations to determine the final average percentage of the sites eight sections and the overall school rating based on their inspection. Note that an extreme deficiency in any area automatically results in a “poor” ranking for that category and a zero for the “Total Percent per Category”. If using the Excel version of the FIT provided by the OPSC, these totals will calculate automatically.

The completed FIT can then be used to evaluate and report the condition of a school site in Part III.

Proposed Changes to the Facility Inspection Tool

The following is a summary of the main concepts presented and discussed during the stakeholder meetings, OPSC's recommendations.

Topic	Background	Outcome
Overall Cleanliness	SB 129 (Chapter 69, Budget Act of 2021 – Skinner) requires the OPSC to consult with stakeholders and consider current standards for school facilities, including, but not limited to, the Association of Physical Plant Administrator's (APPA) Operational Guidelines for Educational Facilities, and both local and state public health guidance and standards. The APPA publications focus on Custodial and Maintenance operations.	As the APPA guidelines note, "clean" is highly subjective and can be difficult to define. However, a basic premise of the guidelines is that the frequency of tasks correlates to a resulting level of clean. Based on those standards and considerations, OPSC has proposed a more prescriptive approach to rating the Overall Cleanliness category.

STAFF ANALYSIS/STATEMENTS (cont.)

Topic	Background	Outcome
Overall Cleanliness	<p>Stakeholders suggested an additional worksheet to provide a higher level detail for evaluation of the Overall Cleanliness.</p> <p>Stakeholder feedback was mixed on adding additional review categories the FIT. Support centered around the additional detail being valuable information in identifying areas of improvement. Objections centered around the additional amount of time to complete the worksheet for each facility on a site.</p>	<p>As the FIT is an optional form to use, OPSC has chosen to include the additional worksheet to allow the opportunity for school districts to capture additional facility details; however, in recognition of the time needed to complete the FIT on a school site and school districts with many sites, OPSC recommends the additional worksheet be “optional” for all users while still maintaining the original functionality of the FIT.</p>
Instructions and Areas of Inspection	<p>Stakeholders proposed several additions to the instructions such as including:</p> <ul style="list-style-type: none"> • Surfaces, high touch areas, exterior grounds, and workspaces • Verification bathrooms have been disinfected and/or sanitized • Verification that electrical outlets work • Verification that bathrooms are maintained and cleaned daily • Include verification of presence of menstrual products in bathrooms pursuant to AB 367 	<p>OPSC has reviewed the proposals, discussed at stakeholder meetings, and has included some of the proposed additions.</p> <p>OPSC has included “surfaces” in of Overall Cleanliness. High touch areas and workspaces have not been added as surfaces is inclusive of those areas.</p> <p>“Exterior Grounds” has not been added. The FIT is a visual, point-in-time inspection. For example, it would be challenging to rate exterior grounds in one visit on a day with inclement weather.</p> <p>“Disinfected/Sanitized” have not been included in the review of bathrooms as this cannot be determined visually.</p> <p>The verification of bathrooms stocked with menstrual products was included on the revised version to comply with law.</p>

STAFF ANALYSIS/STATEMENTS (cont.)

Topic	Background	Outcome
School Site Information	<p>Stakeholders suggested additional detail that describes the characteristics of the evaluated areas to provide additional context to a school site's facility usage.</p> <p>Information such as grades served, space usage, high/low traffic volume, etc. were suggested. Additionally, early stakeholder feedback proposed square footage, site enrollment, and custodian/maintenance staff assigned to the site.</p> <p>Stakeholder feedback was mixed on some categories that were more difficult to define or calculate. For example, maintenance staff appear to work at the school district level and not at the school site level.</p>	<p>In order to provide perspective to readers of the FIT, OPSC has chosen a balance of required and optional fields on the FIT.</p> <p>Number of custodian & maintenance staff – <u>Optional</u> May be reported as actual, full-time equivalent or other unit of measurement.</p> <p>Total estimated building volume, estimated site square footage, estimated building square footage, site enrollment and restroom count – <u>Required</u> These only need to be calculated once and updated when new facilities are added. The estimated areas give the reader perspective on the area being reviewed.</p>
Overall Grade	<p>Stakeholders suggested using traditional school letter grades that are familiar instead of "Exemplary, Good, Fair, and Poor".</p> <p>Stakeholder feedback was mixed. Objections centered around the general phasing out of letter grades in school districts. There was also concern about the optics of receiving a D or F grade, which outweighed the positives of scoring an A+ grade.</p> <p>After much debate, a poll found stakeholders preferred percentages over letter grades.</p>	<p>The use of "Exemplary, Good, Fair, and Poor" is required by statute; however, OPSC recognizes some value in the easy to understand application to school facilities. It was noted that issues that automatically push the site into a poor rating, such as a gas leak, are fixed quickly and therefore a "Poor" and/or "F" score is not truly indicative of the facility's condition.</p> <p>OPSC proposes a compromise that adds more emphasis on the percentage by increasing its visibility on the form via a larger font size.</p>

STAFF ANALYSIS/STATEMENTS (cont.)

Topic	Background	Outcome
Comments	<p>Stakeholders suggested the ability for the inspector to note if an issue has appeared in prior year FIT inspections.</p> <p>Additionally, it was suggested to provide school districts the ability to add more comments to address findings on the FIT and outlined anticipation mitigation timelines.</p>	<p>OPSC agrees and has added the ability for school district to comment in multiple locations throughout the FIT. School districts can also provide details on when they plan to address issues identified in the FIT.</p>

Conclusion

During the stakeholder meetings, OPSC staff and stakeholders discussed OPSC's initial and revised proposals, and the concepts presented in this item. Generally speaking, stakeholders found the tool useful and were not interested in extensive changes to the FIT and its intended use. Staff is recommending the Board approved the update FIT as shown on Attachment C*.

*Note: Double-underline is used for additions and strikethrough text for removals.

RECOMMENDATION

Approve Staff's recommended amendments to the Facility Inspection Tool as shown on Attachment C for immediate use.

ATTACHMENT A

AUTHORITY

Education Code (EC) Section 1240

The county superintendent of schools shall do all of the following:

- (a) Superintend the schools of that county.
- (b) Maintain responsibility for the fiscal oversight of each school district in that county pursuant to the authority granted by this code.
- (c) (1) Visit and examine each school in the county at reasonable intervals to observe its operation and to learn of its problems. The county superintendent of schools annually may present a report of the state of the schools in the county, and of the county office of education, including, but not limited to, observations from visiting the schools, to the board of education and the board of supervisors of the county.
- (2) (A) For fiscal years 2004–05 to 2006–07, inclusive, to the extent that funds are appropriated for purposes of this paragraph, the county superintendent, or their designee, annually shall submit a report, at a regularly scheduled November board meeting, to the governing board of each school district under their jurisdiction, the county board of education of the county, and the board of supervisors of the county describing the state of the schools in the county or of the county office of education that are ranked in deciles 1 to 3, inclusive, of the 2003 base Academic Performance Index (API), as described in subdivision (b) of Section 17592.70, and shall include, among other things, observations from visiting the schools and determinations for each school regarding the status of all of the circumstances listed in subparagraph (I) and teacher misassignments and teacher vacancies. As a condition for receipt of funds, the county superintendent, or their designee, shall use a standardized template to report the circumstances listed in subparagraph (I) and teacher misassignments and teacher vacancies, unless the current annual report being used by the county superintendent, or their designee, already includes those details for each school.
- (B) Commencing with the 2007–08 fiscal year, the county superintendent, or their designee, annually shall submit a report, at a regularly scheduled November board meeting, to the governing board of each school district under their jurisdiction, the county board of education of the county, and the board of supervisors of the county describing the state of the schools in the county or of the county office of education that are ranked in deciles 1 to 3, inclusive, of the 2006 base API, pursuant to former Section 52056, as that section read on June 30, 2013. The annual report shall include the determinations for each school made by the county superintendent, or their designee, regarding the status of all of the circumstances listed in subparagraph (I) and teacher misassignments and teacher vacancies, and the county superintendent, or their designee, shall use a standardized template to report the circumstances listed in subparagraph (I) and teacher misassignments and teacher vacancies, unless the current annual report being used by the county superintendent, or their designee, already includes those details with the same level of specificity that is otherwise required by this subdivision. For purposes of this section, schools ranked in deciles 1 to 3, inclusive, on the 2006 base API shall include schools determined by the department to meet either of the following:
 - (i) The school meets all of the following criteria:
 - (I) Does not have a valid base API score for 2006.
 - (II) Is operating in fiscal year 2007–08 and was operating in fiscal year 2006–07 during the Standardized Testing and Reporting (STAR) Program testing period.

(III) Has a valid base API score for 2005 that was ranked in deciles 1 to 3, inclusive, in that year.

(ii) The school has an estimated base API score for 2006 that would be in deciles 1 to 3, inclusive.

(C) The department shall estimate an API score for any school meeting the criteria of subclauses (I) and (II) of clause (i) of subparagraph (B) and not meeting the criteria of subclause (III) of clause (i) of subparagraph (B), using available test scores and weighting or corrective factors it deems appropriate. The department shall post the API scores on its internet website on or before May 1.

(D) For purposes of this section, references to schools ranked in deciles 1 to 3, inclusive, on the 2006 base API shall exclude schools operated by county offices of education pursuant to Section 56140, as determined by the department.

(E) (i) Commencing with the 2010–11 fiscal year and every third year thereafter, the Superintendent shall identify a list of schools ranked in deciles 1 to 3, inclusive, of the API for which the county superintendent, or their designee, annually shall submit a report, at a regularly scheduled November board meeting, to the governing board of each school district under their jurisdiction, the county board of education of the county, and the board of supervisors of the county that describes the state of the schools in the county or of the county office of education that are ranked in deciles 1 to 3, inclusive, of the base API, as defined in clause (ii).

(ii) For the 2010–11 fiscal year, the list of schools ranked in deciles 1 to 3, inclusive, of the base API shall be updated using the criteria set forth in clauses (i) and (ii) of subparagraph (B), subparagraph (C), and subparagraph (D), as applied to the 2009 base API and thereafter shall be updated every third year using the criteria set forth in clauses (i) and (ii) of subparagraph (B), subparagraph (C), and subparagraph (D), as applied to the base API of the year preceding the third year consistent with clause (i).

(iii) The annual report shall include the determinations for each school made by the county superintendent, or their designee, regarding the status of all of the circumstances listed in subparagraph (I) and teacher misassignments and teacher vacancies, and the county superintendent, or their designee, shall use a standardized template to report the circumstances listed in subparagraph (I) and teacher misassignments and teacher vacancies, unless the current annual report being used by the county superintendent, or their designee, already includes those details with the same level of specificity that is otherwise required by this subdivision.

(F) The county superintendent of the Counties of Alpine, Amador, Del Norte, Mariposa, Plumas, and Sierra, and the City and County of San Francisco shall contract with another county office of education or an independent auditor to conduct the required visits and make all reports required by this paragraph.

(G) On a quarterly basis, the county superintendent, or their designee, shall report the results of the visits and reviews conducted that quarter to the governing board of the school district at a regularly scheduled meeting held in accordance with public notification requirements. The results of the visits and reviews shall include the determinations of the county superintendent, or their designee, for each school regarding the status of all of the circumstances listed in subparagraph (I) and teacher misassignments and teacher vacancies. If the county superintendent, or their designee, conducts no visits or reviews in a quarter, the quarterly report shall report that fact.

(H) The visits made pursuant to this paragraph shall be conducted at least annually and shall meet the following criteria:

- (i) Minimize disruption to the operation of the school.
- (ii) Be performed by individuals who meet the requirements of Section 45125.1.
- (iii) Consist of not less than 25 percent unannounced visits in each county. During unannounced visits in each county, the county superintendent shall not demand access to documents or specific school personnel. Unannounced visits shall only be used to observe the condition of school repair and maintenance, and the sufficiency of instructional materials, as defined by Section 60119.
- (l) The priority objective of the visits made pursuant to this paragraph shall be to determine the status of all of the following circumstances:
 - (i) Sufficient textbooks, as defined in Section 60119 and as specified in subdivision (i).
 - (ii) The condition of a facility that poses an emergency or urgent threat to the health or safety of pupils or staff, as described in school district policy or paragraph (1) of subdivision (c) of Section 17592.72.
 - (iii) The accuracy of data reported on the school accountability report card with respect to the availability of sufficient textbooks and instructional materials, as defined by Section 60119, and the safety, cleanliness, and adequacy of school facilities, including good repair, as required by Sections 17014, 17032.5, 17070.75, and 17089.
- (J) The county superintendent may make the status determinations described in subparagraph (l) during a single visit or multiple visits. In determining whether to make a single visit or multiple visits for this purpose, the county superintendent shall take into consideration factors such as cost-effectiveness, disruption to the schoolsite, deadlines, and the availability of qualified reviewers.
- (K) If the county superintendent determines that the condition of a facility poses an emergency or urgent threat to the health or safety of pupils or staff as described in school district policy or paragraph (1) of subdivision (c) of Section 17592.72, or is not in good repair, as specified in subdivision (d) of Section 17002 and required by Sections 17014, 17032.5, 17070.75, and 17089, the county superintendent, among other things, may do any of the following:
 - (i) Return to the school to verify repairs.
 - (ii) Prepare a report that specifically identifies and documents the areas or instances of noncompliance if the school district has not provided evidence of successful repairs within 30 days of the visit of the county superintendent or, for major projects, has not provided evidence that the repairs will be conducted in a timely manner. The report may be provided to the governing board of the school district. If the report is provided to the school district, it shall be presented at a regularly scheduled meeting held in accordance with public notification requirements. The county superintendent shall post the report on the internet website of the county superintendent. The report shall be removed from the internet website when the county superintendent verifies the repairs have been completed.

EC Section 17002

The following terms wherever used or referred to in this chapter, shall have the following meanings, respectively, unless a different meaning appears from the context:

- (a) "Apportionment" means a reservation of funds necessary to finance the cost of any project approved by the board for lease to an applicant school district.
- (b) "Board" means the State Allocation Board.
- (c) "Cost of project" includes, but is not limited to, the cost of all real estate property rights, and easements acquired, and the cost of developing the site and streets and utilities immediately adjacent thereto, the cost of construction, reconstruction, or modernization of buildings and the furnishing and equipping, including the purchase of educational technology hardware, of those buildings, the supporting wiring and cabling, and the technological modernization of existing buildings to support that hardware, the cost of plans, specifications, surveys, and estimates of costs, and other expenses that are necessary or incidental to the financing of the project. For purposes of this section, "educational technology hardware" includes, but is not limited to, computers, telephones, televisions, and video recording equipment.
- (d) (1) "Good repair" means the facility is maintained in a manner that assures that it is clean, safe, and functional as determined pursuant to a school facility inspection and evaluation instrument developed by the Office of Public School Construction and approved by the board or a local evaluation instrument that meets the same criteria. Until the school facility inspection and evaluation instrument is approved by the board, "good repair" means the facility is maintained in a manner that assures that it is clean, safe, and functional as determined by the interim evaluation instrument developed by the Office of Public School Construction or a local evaluation instrument that meets the same criteria as the interim evaluation instrument. The school facility inspection and evaluation instrument and local evaluation instruments that meet the minimum criteria of this subdivision shall not require capital enhancements beyond the standards to which the facility was designed and constructed. In order to provide that school facilities are reviewed to be clean, safe, and functional, the school facility inspection and evaluation instrument and local evaluation instruments shall include at least the following criteria:
 - (A) Gas systems and pipes appear and smell safe, functional, and free of leaks.
 - (B) Mechanical systems, including heating, ventilation, and air-conditioning systems, satisfy the following:
 - (i) Are functional and unobstructed.
 - (ii) Appear to supply adequate amount of air to all classrooms, work spaces, and facilities.
 - (iii) Maintain interior temperatures within normally acceptable ranges.
 - (C) Doors and windows are intact, functional, and open, close, and lock as designed, unless there is a valid reason they should not function as designed.
 - (D) Fences and gates are intact, functional, and free of holes and other conditions that could present a safety hazard to pupils, staff, or others. Locks and other security hardware function as designed.
 - (E) Interior surfaces, including walls, floors, and ceilings, are free of safety hazards from tears, holes, missing floor and ceiling tiles, torn carpet, water damage, or other cause. Ceiling tiles are intact. Surfaces display no evidence of mold or mildew.
 - (F) Hazardous and flammable materials are stored properly. No evidence of peeling, chipping, or cracking paint is apparent. No indicators of mold, mildew, or asbestos exposure are evident. There is no apparent evidence of hazardous materials that may pose a threat to the health and safety of pupils or staff.

- (G) Structures, including posts, beams, supports for portable classrooms and ramps, and other structural building members appear intact, secure, and functional as designed. Ceilings and floors are not sloping or sagging beyond their intended design. There is no visible evidence of severe cracks, dry rot, mold, or damage that undermines structural components.
- (H) Fire sprinklers, fire extinguishers, emergency alarm systems, and all emergency equipment and systems appear to be functioning properly. Fire alarm pull stations are clearly visible. Fire extinguishers are current and placed in all required areas, including every classroom and assembly area. Emergency exits are clearly marked and unobstructed.
- (I) Electrical systems, components, and equipment, including switches, junction boxes, panels, wiring, outlets, and light fixtures, are securely enclosed, properly covered and guarded from pupil access, and appear to be working properly.
- (J) Lighting appears to be adequate and working properly. Lights do not flicker, dim, or malfunction, and there is no unusual hum or noise from light fixtures. Exterior lights onsite appear to be working properly.
- (K) No visible or odorous indicators of pest or vermin infestation are evident.
- (L) Interior and exterior drinking fountains are functional, accessible, and free of leaks. Drinking fountain water pressure is adequate. Fountain water is clear and without unusual taste or odor, and moss, mold, or excessive staining is not evident.
- (M) Restrooms and restroom fixtures satisfy the following:
- (i) Are functional.
 - (ii) Appear to be maintained and stocked with supplies regularly.
 - (iii) Appear to be accessible to pupils during the schoolday.
 - (iv) Appear to be in compliance with Section 35292.5.
- (N) The sanitary sewer system controls odor as designed, displays no signs of stoppage, backup, or flooding, in the facilities or on school grounds, and appears to be functioning properly.
- (O) Roofs, gutters, roof drains, and downspouts appear to be functioning properly and are free of visible damage and evidence of disrepair when observed from the ground inside and outside the building.
- (P) The school grounds do not exhibit signs of drainage problems, such as visible evidence of flooded areas, eroded soil, water damage to asphalt playgrounds or parking areas, or clogged storm drain inlets.
- (Q) Playground equipment and exterior fixtures, seating, tables, and equipment are functional and free of significant cracks, trip hazards, holes, deterioration that affects functionality or safety, and other health and safety hazards.
- (R) School grounds, fields, walkways, and parking lot surfaces are free of significant cracks, trip hazards, holes, deterioration that affects functionality or safety, and other health and safety hazards.
- (S) Overall cleanliness of the school grounds, buildings, common areas, and individual rooms demonstrates that all areas appear to have been cleaned regularly and are free of accumulated refuse and unabated graffiti. Restrooms, drinking fountains, and food preparation or serving areas appear to have been cleaned each day that the school is in session.
- (2) (A) On or before January 1, 2007, the Office of Public School Construction shall develop the school facility inspection and evaluation instrument and instructions for users. The school facility inspection and evaluation instrument and local evaluation instruments that meet the minimum criteria of this subdivision shall include a system that will evaluate each facility, based on the criteria listed in paragraph (1), on a scale of "good," "fair," or "poor," as developed by the Office of Public School Construction, and provide an overall summary of the conditions at each school on a scale of "exemplary," "good," "fair," or "poor."

(B) On or before July 1, 2007, the Office of Public School Construction, in consultation with county offices of education, shall define objective criteria for determining the overall summary of the conditions of schools.

(C) For purposes of this paragraph, “users” means local educational agencies that participate in either of the programs established pursuant to this chapter, Chapter 12.5 (commencing with Section 17070.10), or Section 17582.

(e) “Lease” includes a lease with an option to purchase.

(f) “Project” means the facility being constructed or acquired by the state for rental to the applicant school district and may include the reconstruction or modernization of existing buildings, construction of new buildings, the grading and development of sites, acquisition of sites therefor and any easements or rights-of-way pertinent thereto or necessary for its full use including the development of streets and utilities.

(g) “Property” includes all property, real, personal or mixed, tangible or intangible, or any interest therein necessary or desirable for carrying out the purposes of this chapter.

(Amended by Stats. 2009, Ch. 88, Sec. 20. (AB 176) Effective January 1, 2010.)

Senate Bill (SB) 129 (Chapter 69, Budget Act of 2021 – Skinner)

(a) The Office of Public School Construction shall consult with stakeholders such as local educational agency facilities staff, classified employees providing custodial services, certificated employees, local and state public health officials, and other experts in clean, safe, and functional school facilities. The Office of Public School Construction shall consider current standards for school facilities, including, but not limited to, the Association of Physical Plant Administrator’s Operational Guidelines for Educational Facilities and both local and state public health guidance and standards.

(c) The State Allocation Board shall adopt an updated Facility Inspection Tool prior to June 30, 2022, for use beginning July 1, 2022.

GENERAL INFORMATION

The Facility Inspection Tool (FIT) has been developed by the Office of Public School Construction to determine if a school facility is in “good repair” as defined by Education Code (EC) Section 17002(d)(1) and to rate the facility pursuant to EC Section 17002(d)(2). The tool is designed to identify areas of a school site that are in need of repair based upon a visual inspection of the site. In addition, the EC specifies the tool should not be used to require capital enhancements beyond the standards to which the facility was designed and constructed.

Good repair is defined to mean that the facility is maintained in a manner that ensures that it is clean, safe, and functional. As part of the school accountability report card, school districts and county offices of education are required to make specified assessments of school conditions including the safety, cleanliness, and adequacy of school facilities and needed maintenance to ensure good repair. In addition, beginning with the 2005/2006 fiscal year, school districts and county offices of education must certify that a facility inspection system has been established to ensure that each of its facilities is maintained in good repair in order to participate in the School Facility Program and the Deferred Maintenance Program. This tool is intended to assist school districts and county offices of education in that determination.

County superintendents are required to annually visit the schools in the county of his or her office as determined by EC Section 1240. Further, EC Section 1240(c)(2)(l), states the priority objective of the visits made shall be to determine the status of the condition of a facility that poses an emergency or urgent threat to the health or safety of pupils or staff as defined in district policy, or as defined by EC Section 17592.72(c) and the accuracy of data reported on the school accountability report card with the respect to the safety, cleanliness, and adequacy of school facilities, including good repair as required by EC Sections 17014, 17032.5, 17070.75, and 17089. This tool is also intended to assist county offices of education in performing these functions.

The EC also allows individual entities to adopt a local evaluation instrument to be used in lieu of the FIT provided the local instrument meets the criteria specified in EC Section 17002(d) and as implemented in the FIT. Any evaluation instrument adopted by the local educational agency for purpose of determining whether a school facility is maintained in good repair may include any number of additional items but must minimally include the criteria and rating scheme contained in the FIT.

USER INSTRUCTIONS

The FIT is comprised of three parts as follows:

Part I, Good Repair Standard outlines the school facility systems and components, as specified in EC Section 17002(d)(1), that should be considered in the inspection of a school facility to ensure it is maintained in a manner that assures it is clean, safe and functional. Each of the 15 sections in the Good Repair Standard provides a description of a minimum standard of good repair for various school facility categories. Each section also provides examples of clean, safe and functional conditions. The list of examples is not exhaustive. If an evaluator notes a condition that is not mentioned in the examples but constitutes a deficiency, the evaluator can note such deficiency in the applicable category as “other.”

Some of the conditions cited in the Good Repair Standard represent items that are critical to the health and safety of pupils and staff. Any deficiencies in these items require immediate attention and, if left unmitigated, could cause severe and immediate injury, illness or death of the occupants. They constitute extreme deficiencies and indicate that the particular building system evaluated failed to meet the standard of good repair at that school site. These critical conditions are identified with underlined text followed by an (X) on the Good Repair Standard. If the underlined statement is not true, then there is an extreme deficiency (to be marked as an “X” on the Evaluation Detail) resulting in a “poor” rating for the applicable category. It is important to note that the list of extreme deficiencies noted in the Good Repair Standard is not exhaustive. Any other deficiency not included in the criteria but meeting the definition above can be noted by the evaluator and generate a poor rating.

Part II, Evaluation Detail is a site inspection template to be used to evaluate the areas of a school on a category by category basis. The design of the inspection template allows for the determination of the scope of conditions across campus. In evaluating each area or space, the user should review each of the 15 categories identified in the Good Repair Standard and make a determination of whether a particular area is in good repair. Once the determination is made, it should be recorded on the Evaluation Detail, as follows:

OK	No Deficiency - Good Repair: Mark “OK” if all statements in the Good Repair Standard are true, and there is no indication of a deficiency in the specific category.
D	Deficiency: Mark “D” if one or more statement(s) in the Good Repair Standard for the specific category is not true, or if there is other clear evidence of the need for repair.
X	Extreme Deficiency: Indicate “X” if the area has a deficiency that is considered an “Extreme Deficiency” in the Good Repair Standard or there is a condition that qualifies as an extreme deficiency but is not noted in the Good Repair Standard.
NA	Not Applicable: If the Good Repair Standard category (building system or component) does not exist in the area evaluated, mark “NA”.

Below are suggested methods for evaluating various systems and areas:

- **Gas and Sewer** are major building systems that may span the entire school campus but may not be evident as applicable building systems in each classroom or common areas. However, because a deficiency in either of these systems could become evident and present a health and safety threat anywhere on campus, the user should not mark "NA" and should instead include an evaluation of these systems in each building space.
- **Roofs** can be easily evaluated for stand alone areas, such as portable classrooms. For permanent buildings containing several areas to be evaluated, roofs should be considered as parts of individual areas in order to accurately account for a scope of any roofing deficiency. For example, a 10 classroom building contains damaged gutters on one side of the building, spanning across five classrooms. Therefore, an evaluator should mark five classrooms as deficient in the roof category and the other five classrooms as in good repair, assuming there are no other visible deficiencies related to roofing.
- **Overall Cleanliness** is intended to be used to evaluate the cleanliness of each space. For example, a user should note a deficiency due to dirty surfaces in Overall Cleanliness, rather than **Interior Surfaces**. At the same time, the user should note such deficiency only in Overall Cleanliness in order to avoid accounting for such deficiency twice, i.e. in two sections.
- The tool is designed to evaluate stand-alone restrooms as separate areas. However, restrooms contained within other spaces, such as a kindergarten classroom or a library, can be evaluated as part of that area under Restrooms. If the area evaluated does not contain a restroom, Restrooms should be marked "NA."
- **Drinking fountains** can exist within individual classrooms or areas, right outside of classrooms or restrooms or other areas, or as stand alone fixtures on playgrounds and sports fields. If a drinking fountain or a set of fountains is located inside a building or immediately outside the area being evaluated, it should be included in the evaluation of that area under Drinking Fountains. If a fountain is located on the school grounds, it should be evaluated as part of that outside space. If there is no drinking fountain in the area evaluated, Drinking Fountains should be marked "NA."
- **Playgrounds/School Grounds**, should be evaluated as separate areas by dividing a campus into sections with defined borders. In this case, several sections of the good repair criteria would not apply to the evaluation, as they do not exist outside of physical building areas, such as **Structural Damage** and **Fire Safety**, for example.

Part III includes the **Category Totals and Ranking**, the **Overall Rating**, and a section for **Comments and Rating Explanation**.

Once the inspector completes the site inspection, he or she must total the number of areas evaluated. The inspector must also count all of the spaces deemed in good repair, deficient, extremely deficient, or not applicable under each of the 15 sections. Next, the evaluator must determine the condition of each section by taking the ratio of the number of areas deemed in good repair to the number of areas being evaluated (after subtracting non-applicable spaces from the total number of areas evaluated). If any of the 15 sections received a rating of extreme deficiency, the ratio (i.e., the percentage of good repair) for that section and the category the section is in should default to zero. The total percent per category (A through H) is determined by the total of all percentages of systems in good repair divided by the number of sections in that category. For example, to determine the total percent for the Structural category, add the percentages for the Structural Damage and Roof sections and divide the result by two.

Next, the overall school site score is determined by computing the average percentage rating of the eight categories (i.e., the total of all percentages divided by eight). Finally, the rater should determine the overall School Rating by applying the Percentage Range in the table provided in Part III to the average percentage calculated and taking into consideration the Rating Description provided in the same table.

*Although the FIT is designed to evaluate each school site within a reasonable range of facility conditions, it is possible that an evaluator may identify critical facility conditions that result in an Overall School Rating that does not reflect the urgency and severity of those deficiencies and/or does not match the rating's Description in Part III. In such instances, the evaluator may reduce the resulting school score by one or more grade categories and describe the reasons for the reduction in the space provided for Comments and Rating Explanation.

When completing Part III of the FIT, the instructor should note the date and time of the inspection as well as weather conditions and any other pertinent inspection information in the specific areas provided and utilize the Comments and Rating Explanation Section if needed.

PART I: GOOD REPAIR STANDARD

(X): If underlined statement is not true, then this is an extreme deficiency (marked as an "X") on the Evaluation Detail resulting in a "poor" rating for the applicable category.

Gas Leaks

Gas systems and pipes appear safe, functional, and free of leaks. Examples include but are not limited to the following:

- a. There is no odor that would indicate a gas leak. (X)
- b. Gas pipes are not broken and appear to be in good working order. (X)
- c. Other

Mechanical Systems

Heating, ventilation, and air conditioning systems (HVAC) as applicable are functional and unobstructed. Examples include but are not limited to the following:

- a. The HVAC system is operable. (X)
- b. The facilities are ventilated (via mechanical or natural ventilation).
- c. The ventilation units are unobstructed and vents and grills are without evidence of excessive dirt or dust.
- d. There appears to be an adequate air supply to all classrooms, work spaces, and facilities (i.e. no strong odor is present, air is not stuffy)
- e. Interior temperatures appear to be maintained within normally accepted ranges.
- f. The ventilation units are not generating any excessive noise or vibrations.
- g. Other

Sewer

Sewer line stoppage is not evident. Examples include but are not limited to the following:

- a. There are no obvious signs of flooding caused by sewer line back-up in the facilities or on the school grounds. (X)
- b. The sanitary system controls odors as designed.
- c. Other

Interior Surfaces (Floors, Ceilings, Walls, and Window Casings)

Interior surfaces appear to be clean, safe, and functional. Examples include but are not limited to the following:

- a. Walls are free of hazards from tears and holes.
- b. Flooring is free of hazards from torn carpeting, missing floor tiles, holes.
- c. Ceiling is free of hazards from missing ceiling tiles and holes.
- d. There is no evidence of water damage (e.g. no condensation, dampness, staining, warping, peeling, mineral deposits, etc.)
- e. Other

Overall Cleanliness

School grounds, buildings, common areas, and individual rooms appear to have been cleaned regularly. Examples include but are not limited to the following:

- a. Area(s) evaluated is free of accumulated refuse, dirt, and grime.
- b. Area(s) evaluated is free of unabated graffiti.
- c. Restrooms, drinking fountains, and food preparation or serving areas appear to have been cleaned each day that school is in session.
- d. Other

Pest/Vermin Infestation

Pest or vermin infestation are not evident. Examples include but are not limited to the following:

- a. There is no evidence of a major pest or vermin infestation. (X)
- b. There are no holes in the walls, floors, or ceilings.
- c. Rodent droppings or insect skins are not evident.
- d. Odor caused by a pest or vermin infestation is not evident.
- e. There are no live rodents observed.
- f. Other

Electrical (Interior and Exterior)

1. There is no evidence that any portion of the school has a power failure. (X)

2. *Electrical systems, components, and equipment appear to be working properly. Examples include but are not limited to the following:*

- a. There are no exposed electrical wires. Electrical equipment is properly covered and secured from pupil access. (X)
- b. Outlets, access panels, switch plates, junction boxes and fixtures are properly covered and secured from pupil access.
- c. Other

3. *Lighting appears to be adequate and working properly, including exterior lights. Examples include but are not limited to the following:*

- a. Lighting appears to be adequate.
- b. Lighting is not flickering.
- c. There is no unusual hum or noise from the light fixtures.
- d. Other

Restrooms

Restrooms in the vicinity of the area being evaluated appear to be accessible during school hours, clean, functional and in compliance with SB 892 (EC Section 35292.5). The following are examples of compliance with SB 892:

- a. Restrooms are maintained and cleaned regularly.
- b. Restrooms are fully operational.
- c. Restrooms are stocked with toilet paper, soap, and paper towels.
- d. Restrooms are open during school hours.
- e. Other

Sinks/Fountains (Inside and Outside)

Drinking fountains appear to be accessible and functioning as intended. Examples include but are not limited to the following:

- a. Drinking fountains are accessible.
- b. Water pressure is adequate.
- c. A leak is not evident.
- d. There is no moss, mold, or excessive staining on the fixtures.
- e. The water is clear and without unusual taste or odor.
- f. Other

Fire Safety

The fire equipment and emergency systems appear to be functioning properly. Examples include but are not limited to the following:

- a. The fire sprinklers appear to be in working order (e.g., there are no missing or damaged sprinkler heads). (X)
- b. Emergency alarms appear to be functional. (X)
- c. Emergency exit signs function as designed, exits are unobstructed. (X)
- d. Fire extinguishers are current and placed in all required areas.
- e. Fire alarms pull stations are clearly visible.
- f. Other

Hazardous Materials (Interior and Exterior)

There does not appear to be evidence of hazardous materials that may pose a threat to pupils or staff. Examples include but are not limited to the following:

- a. Hazardous chemicals, chemical waste, and flammable materials are stored properly (e.g. locked and labeled properly). (X)
- b. Paint is not peeling, chipping, or cracking.
- c. There does not appear to be damaged tiles or other circumstances that may indicate asbestos exposure.
- d. Surfaces (including floors, ceilings, walls, window casings, HVAC grills) appear to be free of mildew, mold odor and visible mold.
- e. Other

Structural Damage

There does not appear to be structural damage that has created or could create hazardous or uninhabitable conditions. Examples include but are not limited to the following:

- a. Severe cracks are not evident. (X)
- b. Ceilings & floors are not sloping or sagging beyond their intended design. (X)
- c. Posts, beams, supports for portable classrooms, ramps, and other structural building members appear to be intact, secure and functional as designed. (X)
- d. There is no visible evidence of severe cracks, dry rot, mold, or damage that undermines the structural components. (X)
- e. Other

Roofs (observed from the ground, inside/outside the building)

Roof systems appear to be functioning properly. Examples include but are not limited to the following:

- a. Roofs, gutters, roof drains, and down spouts are free of visible damage.
- b. Roofs, gutters, roof drains, and down spouts are intact.
- c. Other

Playground/School Grounds

The playground equipment and school grounds in the vicinity of the area being evaluated appear to be clean, safe, and functional. Examples include but are not limited to the following:

- a. Significant cracks, trip hazards, holes and deterioration are not found.
- b. Open "S" hooks, protruding bolt ends, and sharp points/edges are not found in the playground equipment.
- c. Seating, tables, and equipment are functional and free of significant cracks.
- d. There are no signs of drainage problems, such as flooded areas, eroded soil, water damage to asphalt, or clogged storm drain inlets.
- e. Other

Windows/Doors/Gates/Fences (Interior and exterior)

Conditions that pose a safety and/or security risk are not evident. Examples include but are not limited to the following:

- a. There is no exposed broken glass accessible to pupils and staff. (X)
- b. Exterior doors and gates are functioning and do not pose a security risk. (X)
- c. Windows are intact and free of cracks.
- d. Windows are functional and open, close, and lock as designed, unless there is a valid reason they should not function as designed.
- e. Doors are intact.
- f. Doors are functional and open, close, and lock as designed, unless there is a valid reason they should not function as designed.
- g. Gates and fences appear to be functional.
- h. Gates and fences are intact and free of holes and other conditions that could present a safety hazard to pupils, staff, or others.
- i. Other

COMMENTS AND RATING EXPLANATION:

GENERAL INFORMATION

The Facility Inspection Tool (FIT) has been developed by the Office of Public School Construction to determine if a school facility is in “good repair” as defined by Education Code (EC) Section 17002(d)(1) and to rate the facility pursuant to EC Section 17002(d)(2). The tool is designed to identify areas of a school site that are in need of repair based upon a visual inspection of the site. In addition, the EC specifies the tool should not be used to require capital enhancements beyond the standards to which the facility was designed and constructed.

Good repair is defined to mean that the facility is maintained in a manner that ensures that it is clean, safe, and functional. As part of the school accountability report card, school districts and county offices of education are required to make specified assessments of school conditions including the safety, cleanliness, and adequacy of school facilities and needed maintenance to ensure good repair. In addition, beginning with the 2005/2006 fiscal year, school districts and county offices of education must certify that a facility inspection system has been established to ensure that each of its facilities is maintained in good repair in order to participate in the School Facility Program and the Deferred Maintenance Program. This tool is intended to assist school districts and county offices of education in that determination.

County superintendents are required to annually visit the schools in the county of his or her office as determined by EC Section 1240. Further, EC Section 1240(c)(2)(I), states the priority objective of the visits made shall be to determine the status of the condition of a facility that poses an emergency or urgent threat to the health or safety of pupils or staff as defined in district policy, or as defined by EC Section 17592.72(c) and the accuracy of data reported on the school accountability report card with the respect to the safety, cleanliness, and adequacy of school facilities, including good repair as required by EC Sections 17014, 17032.5, 17070.75, and 17089. This tool is also intended to assist county offices of education in performing these functions.

The EC also allows individual entities to adopt a local evaluation instrument to be used in lieu of the FIT provided the local instrument meets the criteria specified in EC Section 17002(d) and as implemented in the FIT. Any evaluation instrument adopted by the local educational agency for purpose of determining whether a school facility is maintained in good repair may include any number of additional items but must minimally include the criteria and rating scheme contained in the FIT.

USER INSTRUCTIONS

The FIT is comprised of three parts as follows:

Part I, Good Repair Standard outlines the school facility systems and components, as specified in EC Section 17002(d)(1), that should be considered in the inspection of a school facility to ensure it is maintained in a manner that assures it is clean, safe and functional. Each of the 15 sections in the Good Repair Standard provides a description of a minimum standard of good repair for various school facility categories. Each section also provides examples of clean, safe and functional conditions. The list of examples is not exhaustive. If an evaluator notes a condition that is not mentioned in the examples but constitutes a deficiency, the evaluator can note such deficiency in the applicable category as “other.”

Some of the conditions cited in the Good Repair Standard represent items that are critical to the health and safety of pupils and staff. Any deficiencies in these items require immediate attention and, if left unmitigated, could cause severe and immediate injury, illness or death of the occupants. They constitute extreme deficiencies and indicate that the particular building system evaluated failed to meet the standard of good repair at that school site. These critical conditions are identified with underlined text followed by an (X) on the Good Repair Standard. If the underlined statement is not true, then there is an extreme deficiency (to be marked as an “X” on the Evaluation Detail) resulting in a “poor” rating for the applicable category. It is important to note that the list of extreme deficiencies noted in the Good Repair Standard is not exhaustive. Any other deficiency not included in the criteria but meeting the definition above can be noted by the evaluator and generate a poor rating.

Part II, Evaluation Detail is a site inspection template to be used to evaluate the areas of a school on a category by category basis. The design of the inspection template allows for the determination of the scope of conditions across campus. In evaluating each area or space, the user should review each of the 15 categories identified in the Good Repair Standard and make a determination of whether a particular area is in good repair. Once the determination is made, it should be recorded on the Evaluation Detail, as follows:

OK	No Deficiency - Good Repair: Mark "OK" if all statements in the Good Repair Standard are true, and there is no indication of a deficiency in the specific category.
D	Deficiency: Mark "D" if one or more statement(s) in the Good Repair Standard for the specific category is not true, or if there is other clear evidence of the need for repair.
X	Extreme Deficiency: Indicate "X" if the area has a deficiency that is considered an “Extreme Deficiency” in the Good Repair Standard or there is a condition that qualifies as an extreme deficiency but is not noted in the Good Repair Standard.
NA	Not Applicable: If the Good Repair Standard category (building system or component) does not exist in the area evaluated, mark “NA”.

Below are suggested methods for evaluating various systems and areas:

- **Gas and Sewer** are major building systems that may span the entire school campus but may not be evident as applicable building systems in each classroom or common areas. However, because a deficiency in either of these systems could become evident and present a health and safety threat anywhere on campus, the user should not mark "NA" and should instead include an evaluation of these systems in each building space.
- **Roofs** can be easily evaluated for stand alone areas, such as portable classrooms. For permanent buildings containing several areas to be evaluated, roofs should be considered as parts of individual areas in order to accurately account for a scope of any roofing deficiency. For example, a 10 classroom building contains damaged gutters on one side of the building, spanning across five classrooms. Therefore, an evaluator should mark five classrooms as deficient in the roof category and the other five classrooms as in good repair, assuming there are no other visible deficiencies related to roofing.
- **Overall Cleanliness** is intended to be used to evaluate the cleanliness of each space. For example, a user should note a deficiency due to dirty surfaces in Overall Cleanliness, rather than **Interior Surfaces**. At the same time, the user should note such deficiency only in Overall Cleanliness in order to avoid accounting for such deficiency twice, i.e. in two sections.
- The tool is designed to evaluate stand-alone restrooms as separate areas. However, restrooms contained within other spaces, such as a kindergarten classroom or a library, can be evaluated as part of that area under Restrooms. If the area evaluated does not contain a restroom, Restrooms should be marked "NA."
- **Drinking fountains** can exist within individual classrooms or areas, right outside of classrooms or restrooms or other areas, or as stand alone fixtures on playgrounds and sports fields. If a drinking fountain or a set of fountains is located inside a building or immediately outside the area being evaluated, it should be included in the evaluation of that area under Drinking Fountains. If a fountain is located on the school grounds, it should be evaluated as part of that outside space. If there is no drinking fountain in the area evaluated, Drinking Fountains should be marked "NA."
- **Playgrounds/School Grounds**, should be evaluated as separate areas by dividing a campus into sections with defined borders. In this case, several sections of the good repair criteria would not apply to the evaluation, as they do not exist outside of physical building areas, such as **Structural Damage** and **Fire Safety**, for example.

Part III includes the **Category Totals and Ranking**, the **Overall Rating**, and a section for **Comments and Rating Explanation**.

Once the inspector completes the site inspection, he or she must total the number of areas evaluated. The inspector must also count all of the spaces deemed in good repair, deficient, extremely deficient, or not applicable under each of the 15 sections. Next, the evaluator must determine the condition of each section by taking the ratio of the number of areas deemed in good repair to the number of areas being evaluated (after subtracting non-applicable spaces from the total number of areas evaluated). If any of the 15 sections received a rating of extreme deficiency, the ratio (i.e., the percentage of good repair) for that section and the category the section is in should default to zero. The total percent per category (A through H) is determined by the total of all percentages of systems in good repair divided by the number of sections in that category. For example, to determine the total percent for the Structural category, add the percentages for the Structural Damage and Roof sections and divide the result by two.

Next, the overall school site score is determined by computing the average percentage rating of the eight categories (i.e., the total of all percentages divided by eight). Finally, the rater should determine the overall School Rating by applying the Percentage Range in the table provided in Part III to the average percentage calculated and taking into consideration the Rating Description provided in the same table.

*Although the FIT is designed to evaluate each school site within a reasonable range of facility conditions, it is possible that an evaluator may identify critical facility conditions that result in an Overall School Rating that does not reflect the urgency and severity of those deficiencies and/or does not match the rating's Description in Part III. In such instances, the evaluator may reduce the resulting school score by one or more grade categories and describe the reasons for the reduction in the space provided for Comments and Rating Explanation.

When completing Part III of the FIT, the ~~instructor~~ inspector should note the date and time of the inspection as well as weather conditions and any other pertinent inspection information in the specific areas provided and utilize the Comments and Rating Explanation Section if needed.

When completing Part III of the FIT, the school district should be provided the opportunity to provide comments and utilize the Comments and Rating Explanation Section if needed.

PART I: GOOD REPAIR STANDARD

(X): If underlined statement is not true, then this is an extreme deficiency (marked as an "X") on the Evaluation Detail resulting in a "poor" rating for the applicable category.

Gas Leaks

Gas systems and pipes appear safe, functional, and free of leaks.

Examples include but are not limited to the following:

- a. There is no odor that would indicate a gas leak. (X)
- b. Gas pipes are not broken and appear to be in good working order. (X)
- c. Other

Mechanical Systems

Heating, ventilation, and air conditioning systems (HVAC) as applicable are functional and unobstructed. Examples include but are not limited to the following:

- a. The HVAC system is operable. (X)
- b. The facilities are ventilated (via mechanical or natural ventilation).
- c. The ventilation units are unobstructed and vents and grills are without evidence of excessive dirt or dust.
- d. There appears to be an adequate air supply to all classrooms, work spaces, and facilities (i.e. no strong odor is present, air is not stuffy)
- e. Interior temperatures appear to be maintained within normally accepted ranges.
- f. The ventilation units are not generating any excessive noise or vibrations.
- g. Other

Sewer

Sewer line stoppage is not evident. Examples include but are not limited to the following:

- a. There are no obvious signs of flooding caused by sewer line back-up in the facilities or on the school grounds. (X)
- b. The sanitary system controls odors as designed.
- c. Other

Interior Surfaces (Floors, Ceilings, Walls, and Window Casings)

Interior surfaces appear to be clean, safe, and functional. Examples include but are not limited to the following:

- a. Walls are free of hazards from tears and holes.
- b. Flooring is free of hazards from torn carpeting, missing floor tiles, holes.
- c. Ceiling is free of hazards from missing ceiling tiles and holes.
- d. There is no evidence of water damage (e.g. no condensation, dampness, staining, warping, peeling, mineral deposits, etc.)
- e. Other

Overall Cleanliness

School grounds, buildings, common areas, surfaces, and individual rooms appear to have been cleaned regularly. Examples include but are not limited to the following:

- ~~a. Areas(s) evaluated is free of accumulated refuse, dirt, and grime.~~
- ~~b. Area(s) evaluated is free of unabated graffiti.~~
- ~~c. Restrooms, drinking fountains, and food preparation or serving areas appear to have been cleaned each day that school is in session.~~
- ~~d. Other~~

- a. Restrooms, drinking fountains, and food preparation or serving areas appear to have been cleaned each day that school is in session.
- b. An area should appear to be clean with minimal dirt, dust, or buildup. Floors and carpets should appear to have been swept or cleaned within the last week. Light fixtures and all bulbs are working properly. Facilities area adequately stocked and odor free. (OK)
- c. An area marked as "Deficiency" would appear to not have been cleaned in the last two weeks and carpet may look dull, matted, or stained. Corners of the room may have a recognizable amount of dirt or grime buildup. Floors do not appear to have been swept or vacuumed in two weeks. Some light fixtures are dirty and fewer than five percent of the bulbs have burned out. Daily trash has not been taken out. (D)
- d. An area marked as having an "Extreme Deficiency" would appear to be dirty, dingy, or scuffed with an evident buildup of dust, dirt, stains, or trash. Floors have not been swept or vacuumed in over two weeks. Light fixtures are dirty and more than five percent of the bulbs have burned out. There is trash overflow and the area being evaluated has a foul odor. (X)
- e. Area(s) evaluated is free of unabated graffiti.
- f. Other

Part IIb (Optional) - The Cleanliness Detail worksheet may be used to evaluate the Overall Cleanliness of each area. Based on Part IIb, use the following to complete Part IIa: The district may choose how to report maintenance and custodial staff. The district may report staffing at the site or district level. Staffing may be based on assigned staff or represented as Full-Time Equivalent increments.

- a. If 75.0 percent or more of the review is "Yes", the area should be rated clean (OK).
- b. If 50 - 74.9 percent of the review is "Yes", the area should be rated "Deficient (D)".
- c. If 49.9 percent or less of the review is "Yes", the area should be rated Extreme Deficiency (X)

1. Floors swept, vacuumed, and/or mopped. Free of spots stains, and build up.
2. Walls and Doors free of spots and grime.
3. Desk and Counters clean.
4. Furniture dusted and clean.
5. Baseboards and window sills dusted and clean.
6. Light fixtures clean.
7. Sink clean and drains working properly.
8. Trash cans are empty and clean. The ground is free of trash. Floors and furniture are free of gum and/or other food residue.
9. Windows are free from damage, clean, and in working condition.
10. Water fountains, including handles/buttons, are clean and in working condition.
11. Toilets and bathroom sinks are clean and in working condition.
12. Mirrors and Hand Dryers are clean, intact, and in working condition.
13. Bathroom supplies are stocked and in working condition.
14. Area is free of graffiti.
15. Landscaping - Maintained sufficiently to not hinder student and staff.

Pest/Vermin Infestation

Pest or vermin infestation are not evident. Examples include but are not limited to the following:

- a. There is no evidence of a major pest or vermin infestation. (X)
- b. There are no holes in the walls, floors, or ceilings.
- c. Rodent droppings or insect skins are not evident.
- d. Odor caused by a pest or vermin infestation is not evident.
- e. There are no live rodents observed.
- f. Other

Electrical (Interior and Exterior)

1. There is no evidence that any portion of the school has a power failure. (X)
2. *Electrical systems, components, and equipment appear to be working properly.*
 - a. There are no exposed electrical wires. Electrical equipment is properly covered and secured from pupil access. (X)
 - b. Outlets, access panels, switch plates, junction boxes and fixtures are properly covered and secured from pupil access.
 - c. Other
3. *Lighting appears to be adequate and working properly, including exterior lights. Examples include but are not limited to the following:*
 - a. Lighting appears to be adequate.
 - b. Lighting is not flickering.
 - c. There is no unusual hum or noise from the light fixtures.
 - d. Other

Restrooms

Restrooms in the vicinity of the area being evaluated appear to be accessible during school hours, clean, functional and in compliance with SB 892 (EC Section 35292.5) and AB 367 (EC Section 35292.6). The following are examples of compliance with SB 892 and AB 367:

- a. Restrooms are maintained and cleaned regularly.
- b. Restrooms are fully operational.
- c. Restrooms are stocked with toilet paper, menstrual products, soap, and paper towels.
- d. Restrooms are open during school hours.
- e. Other

Sinks/Fountains (Inside and Outside)

Drinking fountains appear to be accessible and functioning as intended.

Examples include but are not limited to the following:

- a. Drinking fountains are accessible.
- b. Water pressure is adequate.
- c. A leak is not evident.
- d. There is no moss, mold, or excessive staining on the fixtures.
- e. The water is clear and without unusual taste or odor.
- f. Other

Fire Safety

The fire equipment and emergency systems appear to be functioning properly.

Examples include but are not limited to the following:

- a. The fire sprinklers appear to be in working order (e.g., there are no missing or damaged sprinkler heads). (X)
- b. Emergency alarms appear to be functional. (X)
- c. Emergency exit signs function as designed, exits are unobstructed. (X)
- d. Fire extinguishers are current and placed in all required areas.
- e. Fire alarms pull stations are clearly visible.
- f. Other

Hazardous Materials (Interior and Exterior)

There does not appear to be evidence of hazardous materials that may pose a threat to pupils or staff. Examples include but are not limited to the following:

- a. Hazardous chemicals, chemical waste, and flammable materials are stored properly (e.g. locked and labeled properly). (X)
- b. Paint is not peeling, chipping, or cracking.

- c. There does not appear to be damaged tiles or other circumstances that may indicate asbestos exposure.
- d. Surfaces (including floors, ceilings, walls, window casings, HVAC grills) appear to be free of mildew, mold odor and visible mold.
- e. Other

Structural Damage

There does not appear to be structural damage that has created or could create hazardous or uninhabitable conditions. Examples include but are not limited to the following:

- a. Severe cracks are not evident. (X)
- b. Ceilings & floors are not sloping or sagging beyond their intended design. (X)
- c. Posts, beams, supports for portable classrooms, ramps, and other structural building members appear to be intact, secure and functional as designed. (X)
- d. There is no visible evidence of severe cracks, dry rot, mold, or damage that undermines the structural components. (X)
- e. Other

Roofs (observed from the ground, inside/outside the building)

Roof systems appear to be functioning properly. Examples include but are not limited to the following:

- a. Roofs, gutters, roof drains, and down spouts are free of visible damage.
- b. Roofs, gutters, roof drains, and down spouts are intact.
- c. Other

Playground/School Grounds

The playground equipment and school grounds in the vicinity of the area being evaluated appear to be clean, safe, and functional. Examples include but are not limited to the following:

- a. Significant cracks, trip hazards, holes and deterioration are not found.
- b. Open "S" hooks, protruding bolt ends, and sharp points/edges are not found in the playground equipment.
- c. Seating, tables, and equipment are functional and free of significant cracks.
- d. There are no signs of drainage problems, such as flooded areas, eroded soil, water damage to asphalt, or clogged storm drain inlets.
- e. Other

Windows/Doors/Gates/Fences (Interior and exterior)

Conditions that pose a safety and/or security risk are not evident. Examples include but are not limited to the following:

- a. There is no exposed broken glass accessible to pupils and staff. (X)
- b. Exterior doors and gates are functioning and do not pose a security risk. (X)
- c. Windows are intact and free of cracks.
- d. Windows are functional and open, close, and lock as designed, unless there is a valid reason they should not function as designed.
- e. Doors are intact.
- f. Doors are functional and open, close, and lock as designed, unless there is a valid reason they should not function as designed.
- g. Gates and fences appear to be functional.
- h. Gates and fences are intact and free of holes and other conditions that could present a safety hazard to pupils, staff, or others.
- i. Other

<u>Appeal Received Date</u>	<u>District/County</u>	<u>Tentative SAB Date*</u>	<u>Description</u>
10/17/2017	San Bernardino City USD/San Bernardino	TBD	District requests OPSC to accept \$870,618 in expenditures for three SFP modernization projects.
11/17/2020	Eastside Union SD/Los Angeles	TBD	District requests to retain savings plus interest from a Financial Hardship new construction project.
12/18/2020	Santa Cruz County Office of Education/Santa Cruz	TBD	County Office of Education disagrees with audit findings that the cost associated with construction insurance is an ineligible expenditure.
8/25/2021	San Jacinto USD/Riverside	TBD	District requests a change in scope approval for a new construction project. The change involves constructing a two-story modular building instead of constructing a permanent building.
03/15/2022	Dinuba USD/Tulare	June 2022	District requests a reduction and scope and the relocation of the project to a different location for a SFP Career Technical Education Facilities Program project.
03/28/2022	Round Valley USD/Mendocino	June 2022	District requests funding for construction of a new gymnasium.

*Please note: Tentative SAB Date is not a guaranteed meeting date and may be subject to change.

STATE ALLOCATION BOARD MEETING DATES

The State Allocation Board (SAB) meeting dates for the 2022 calendar year are as follows:

Board Date	Type of Meeting
May 25, 2022*	Monthly (Consent/Appeals/Action)
June 22, 2022*	Monthly (Consent/Appeals/Action)
July 27, 2022*	Monthly (Consent/Appeals/Action)
August 24, 2022*	Monthly (Consent/Appeals/Action)
September 22, 2022*	Monthly (Consent/Appeals/Action)
October 26, 2022*	Monthly (Consent/Appeals/Action)
December 2022*	Monthly (Consent/Appeals/Action)

*The projected dates and time will be determined upon the discussion with the Vice-Chair and Chair based on workload.

The SAB meets in different rooms within the State Capitol at 4:00 p.m. when the State Legislature is in session and at 2:00 p.m. when the State Legislature is out on recess. Due to scheduling changes within the Legislature, some of the SAB meetings may be canceled or changed with short notice.

DENIED EXTENSION REQUESTS

Denied Extension Requests	
Alpaugh Unified	The District requested a time extension to submit the final Expenditure Report to OPSC. The delay was due to staff turnover and not COVID-19 related; OPSC worked with District through the regular time extension request process.
Anaheim Union High	The District did not hire a cost estimator until after receiving the 15-day letter request from OPSC. A detail cost estimate is part of a complete application acceptance.
Glenn County Office of Education	District applied for funding in the sixth round of CTE funding. The architect's cost estimate included lump sums. The 15-Day letter sent July 3, 2020 requested them to be broken out. The extension request to November 2nd was well after the anticipated September 2020 funding round.
Greenfield Union Elementary	Change of scope requested for a Full-Day Kindergarten project. A two-year extension was requested. Request was denied because it was the subject of an appeal that OPSC could not administratively approve.
Hilmar Unified	The project was delayed due to the District and its advisory committee requesting a change the of scope to the project as a result of additional local funds being available. The project was approved by the State Allocation Board in May 2019, well before the start of the COVID-19 pandemic
Hollister	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.
Island Union Elementary	This project was apportioned in October 2018 for Advanced Design. The District had one year to obtain DSA approval of plans. At the time of the extension request, the District still had three months to obtain DSA approval.
Lagunita Elementary	The project was funded in November 2018 and requested a Substantial Progress extension. The request was denied because the reason for the delay is a local funding/priorities issue. The District can also already request a Substantial Progress deadline extension under "other evidence" if needed.
Moreno Valley Unified	The District requested a time extension to decide how to respond to OPSC's 4-Day Letter for a CTE project. The District needed to determine how to address the need for an increase in the grant request after the application was scored by CDE. OPSC does not allow for cost increases beyond those already reviewed by CDE.
Oakland Unified	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.

Ripon Unified	District staff is currently focused on implementing Covid 19 protocols addressing the full time return of students to all campuses. Time resources of Staff were limited at the time due to the Covid 19 response referenced above. OPSC provided additional time through the normal extension process. District staff will need a few additional days to respond to the 15 day letter.
San Bernardino City Unified	The District was only one year into project construction. The District requested a 5th year to complete project (3 years in advance of deadline). Denied at this time; the request is premature.
Santa Ana Unified	The project was awarded an unfunded approval in May 2019. The District did not participate in the Priority Funding (PF) Process in Fall 2019 and incurred one non-participation occurrence. The District then participated in the PF process in Fall PF 2019 and was apportioned at the May 2020 SAB. Plans should have been well underway for design prior to COVID-19 pandemic. At the time of the request, the District still had 11 months to design and obtain approval from DSA.
Vacaville Unified	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.

**These projects have received conceptual approval from the State Allocation Board. Districts are no longer subject to a timeline to submit a funding request corresponding to these projects, however conceptual approval does not reserve Bond Authority.

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
