EXECUTIVE OFFICER'S STATEMENT

The Executive Officer informed the SAB of the following:

Staff Return to Office and New Office Location

OPSC temporarily suspended in-person services as a result of the COVID-19 pandemic. However, on May 31, 2022, OPSC staff returned to the office and have also moved to the fourth floor (prior location was the sixth floor) at 707 3rd Street, West Sacramento, CA. Most of OPSC staff will continue to telework on a hybrid schedule where a complement of teams will be rotating in the office once a week. School districts requesting an in-person meeting should schedule an appointment in advance with staff to ensure they are available to accommodate the in-person meeting. OPSC staff will maintain social distancing when participating in in-person meetings. We continue to encourage school districts to utilize the measures that save on travel costs by establishing virtual meetings via Zoom or Microsoft Teams. OPSC is committed to meeting the needs of our schools and stakeholders by keeping our office open, limiting contact through social distancing whenever possible, and making the accommodations needed to keep work flowing.

23rd Priority Funding Round Closed

The most recent priority funding filing round began May 11, 2022 and closed June 9, 2022. OPSC received valid requests for 127 unique projects totaling \$481.5 million in State funding. These requests are valid from July 1, 2022 through December 31, 2022.

Recent Charter School Facilities Program Filing Round Closed

Executive Officer Statement

EXECUTIVE OFFICER STATEMENT
State Allocation Board Meeting, August 15, 2022

COVID-19 EXTENSION REQUESTS

Executive Order N-25-20, issued on March 4, 2020, proclaimed a State of Emergency exists in California as a result of the threat of COVID-19. As a result, the Executive Officer has authority during a proclaimed emergency by the Governor of the State of California to grant program extensions and the Executive Officer must inform the State Allocation Board (SAB) of any action taking.

Following Executive Officer N-11-22, the majority of the provisions in Executive Orders following N-25-20 expired on or before June 30, 2022. Therefore, the Office of Public School Construction (OPSC) will no longer accept COVID-19 extension requests effective August 25, 2022.

OPSC will continue to accept and review extension requests for any other ongoing states of emergency, such as wildfires, for school districts directly impacted. School districts that are requesting an extension request as a result of a state of emergency shall continue to submit the [School District Extension Request Form](#).

PIGGYBACK CONTRACTS FOR MODULAR FACILITIES ARE INELIGIBLE FOR STATE FUNDING FROM STATE ALLOCATION BOARD ADMINISTERED PROGRAMS

At the June 22, 2022, SAB meeting, staff presented an item regarding piggyback contracts and Public Contract Code (PCC) compliance relative to modular school facilities. After staff's presentation, discussion from the SAB members, and public comment, the SAB took the following action:

Provide a grace period for SAB-administered programs for projects with construction contracts signed on or within sixty calendar days (through August 21, 2022) of this SAB action. Create a new process to begin after this grace period where Staff evaluates the contracts during the time of application processing and prior to fund release to ensure no piggyback contracts have been used for modular facilities.

Since this action,

- Staff will continue to process and present applications that signed piggyback contracts on or prior to August 21, 2022.
- OPSC has notified all District Superintendents and District Representatives on file with OPSC, as well as all stakeholders on OPSC's master email subscription list, that consistent with the PCC and the AG Opinion, modular school facilities must be competitively bid.
- OPSC has created a [webpage](#) to advise school districts of the Public Contract Code requirements and its applicability to state funding.

- OPSC has established a specific process during application processing and/or in advance of fund release for thoroughly reviewing contracts to ensure that funds are not released for projects that use piggyback contracts for modular school facilities. This process is outlined on the new webpage.
- For any contracts entered into after fund release (after OPSC's review), staff will work with the State Controller's Office to amend the K-12 Audit Guide for Appendices B and C, to ensure that as part of the project audit, and the K-12 local auditor would review the contracts for compliance.

2022/2023 STATE BUDGET UPDATES

California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program

Assembly Bill (AB) 181 was signed by the Governor on June 30, 2022. This bill provided additional General Fund apportionments to the Program: \$100 million for the 2022/2023 fiscal year and an additional \$550 million for the 2023/2024 fiscal year. Additionally, this bill states that community college districts that operate a preschool program on behalf of, or in lieu of, a school district or county office of education may now also participate in the program by applying for preschool facilities grants.

Funding Provided to Lynwood Unified School District for Lynwood High School Project

AB 181 appropriated \$250 million to Lynwood Unified School District (District) from the General Fund for the 2022/2023 fiscal year to support the reconstruction and rehabilitation of Lynwood High School. This bill specifically states that the District shall submit a detailed construction cost estimate to OPSC for review and approval as well as execute a grant agreement with OPSC. In general, the bill instructs OPSC to provide technical assistance to the District, as needed.

Additional Funding for School Facility Program (SFP)

AB 181 approved a total of \$4.2 billion from the General Fund to the State Allocation Board to provide funding for SFP new construction and modernization projects. More specifically, this bill provided \$1,300,000,000 for the 2022/2023 fiscal year, and declared intent to provide an additional \$2,060,500,000 for the 2023/2024 fiscal year, and an additional \$875,000,000 for the 2024/2025 fiscal year. The bill also stated that it is the intent of the Legislature that OPSC processes grant applications from apportionment by the SAB at its current processing capabilities.

Staff held a stakeholder meeting on August 2, 2022 inviting members of the public to participate in the development of regulations for the efficient allocation of these General Fund moneys. 38 participants attended this meeting and provided invaluable feedback that was taken into consideration in drafting the proposed regulations in this Agenda.

CAREER TECHNICAL EDUCATION FACILITIES PROGRAM (CTEFP) – CLOSE OF FUNDING CYCLE 6

In September 2020, the Board approved 178 of 249 funding applications submitted for the CTEFP Cycle 6 for \$287.8 million. While the program was oversubscribed, Staff anticipated that additional funds would likely return to the program through loan repayments and rescissions. Therefore, the Board directed Staff to hold the unprocessed applications until June 30, 2022 and process them following the funding matrix should funds become available. As funds returned, 10 additional applications were approved for placement on the Unfunded List (Lack of AB55 loans) between October 2020 and June 30, 2022.

Now that the funding cycle is officially closed, all applications that were not funded by June 30, 2022 are being returned to the applicants.

22ND PRIORITY FUNDING ROUND CLOSED

At the April meeting, the Board approved \$652.6 million in Apportionments through the Priority Funding Process. As of July 29, 2022, OPSC received valid fund release authorizations for 193 unique projects totaling to \$620.9 million in State funding.

School districts that received a Priority Funding Apportionment were required to submit a valid *Fund Release Authorization* (Form SAB 50-05) by the end of Wednesday, July 27, 2022 to OPSC.

NEXT MEETING

As a result of Senate Bill 189 (Chapter 48, Statutes of 2022), the Board is permitted to resume meetings remotely via Zoom and teleconference through June 30, 2023.

The next meeting is scheduled for Wednesday, September 28, 2022 at 2:00 p.m. by way of Zoom meeting and teleconference.

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on August 15, 2022.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3rd Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.
5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on August 15, 2022 at West Sacramento, California.

DESCRIPTION

At the February 2022 Board meeting, the Board elected to provide an increase adjustment of 15.80 percent to SFP projects for calendar year 2022. The projects listed on the Attachment reflect the Board's action of the adoption of the 15.80 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

State Allocation Board Meeting, August 15, 2022

SCHOOL DISTRICT DATA

School District: San Jacinto Unified
Application Number: 50/67249-00-017
Total District Enrollment: 11,676

County: Riverside
School Name: New Middle
Project Grade Level: 6-8
Financial Hardship: No

PURPOSE OF REPORT

To present the District's request approval for a change of scope for a portion of a School Facility Program (SFP) application seeking New Construction funding at the New Middle School.

DESCRIPTION

On December 7, 2021, the District received an Unfunded Approval in the amount of \$21,164,643.77 for an SFP New Construction project for the construction of the New Middle School on a new site. The project as originally approved consisted of the new school campus with eight permanent buildings.

Encountering increasing construction costs that exceeded the project's "fixed budget", the District worked with their architect to revise a portion of the project as a cost savings measure. The revisions change the construction type for two buildings from two permanent buildings (Buildings E and F) to one two-story modular building (now called Building E). The Division of the State Architect (DSA) reviewed and issued a new approval for the newly proposed modular building on April 10, 2020. Students occupied the buildings on August 4, 2021.

The District submitted an appeal request on March 31, 2021 for State Allocation Board (Board) approval of a scope change for a portion of the project that differs from what was originally submitted by the District, with the change being one building going from permanent construction to modular construction.

AUTHORITY

See Attachment A.

BACKGROUND

The San Jacinto Unified School District is a K-12 school district located in the City of San Jacinto, in Riverside County. The District serves a student population of 11,676 pupils.

The District began planning and designing the New Middle School site that is the subject of this appeal in 2014. After obtaining the necessary plan approvals from DSA and the California Department of Education (CDE), the District submitted a SFP New Construction application to OPSC on March 21, 2018 for the construction of the New Middle School on a new site with no existing facilities. The original plan set (DSA Application Number 04-113762) included construction of eight permanent buildings as well as related site development work to prepare the new site.

BACKGROUND (cont.)

As the planning process progressed, the District determined that the original plans for the new school project did not align with the District's fixed budget. The District then worked with their architect to redesign a portion of the project scope to utilize modular construction for part of the project "as a cost savings measure". In their own words, the modular construction approach allowed the District "to build the full campus now."

This redesign involved changing the permanent design of two single-story permanent buildings (Buildings E and F) to a modular design of one two-story building (Building E). However, the redesign did not change the total classrooms constructed in the project as a whole. The revised design of this Building E received separate DSA approval (DSA Application Number 04-118959) on April 10, 2020.

The District submitted the appeal request for approval of this change of scope on March 31, 2021 during staff's processing of the original funding application. The Board approved the original funding application at the December 7, 2021 Board meeting and the District participated in the Priority Funding Process.

Status of the Project

The District has DSA approval for the updated plan set and has completed the construction work from both the original project plans and this separate plan set. The New Middle School site opened and was occupied for the 2021/2022 school year beginning August 4, 2021. Should the Board approve the District's appeal request, the District will have 90 days from the date of the Board's action to submit a valid *Fund Release Authorization* (Form SAB 50-05) and a signed Grant Agreement.

STAFF ANALYSIS/STATEMENTS

District's Position

The District requests approval of a change in scope for the following considerations:

- The District is changing a portion of the new school project "due to cost escalation and budget" concerns.
- With this change of scope, "the classroom count remains the same" and there will only be "a slight variance in area with the new modular building being slightly larger than the original design."

The full text of the District's appeal request is included as Attachment B.

Staff's Position

The District is requesting to modify a portion of the scope of work by using modular construction to build one two-story building rather than the original plan of the approved New Construction project to construct two permanent single-story buildings.

STAFF ANALYSIS/STATEMENTS (cont.)

Staff has analyzed the revised plans and determined that the change request will require a slight reduction in site development costs but will not impact the pupil grant funding for this project as the redesign did not change the total number of classrooms built in the project.

The District submitted the appeal request midstream in the processing the original funding request. Because the District's appeal request involved a change in scope that would result in a limited impacted to the project's funding, staff agreed to continue processing the original funding request under consideration of the original plan set. The District concurred to staff's review of the original funding request which received an Unfunded Approval at the December 7, 2021 Board meeting.

During the processing of the appeal request for the reduced scope, the District provided updated site development documentation that reflected site development costs associated with the scope change to redesign two permanent buildings to one modular two-story building. Staff reviewed this updated documentation and determined that the change in scope results in a net decrease of \$123,303.00 to the Service Site Development grant.

In the course of this review, Staff identified additional adjustments (Automatic Sprinkler System and General Site) from the December approval that need corrections. After accounting for all adjustments, the overall result is a grant reduction of \$108,420.00 to the State Share and \$216,840.00 to the Total Project Cost. A funding item corresponding to the grant reduction is included as Attachment C.

Additional Considerations

- Time Between *School District Appeal Request* Submittal and Staff Presentation of Appeal to the Board – The District submitted the appeal request on March 31, 2021, which was in the earlier on in the standard processing timeline of the original funding request. At the time of the appeal request submittal, there were several issues identified with the funding application, unrelated to this appeal request, which took time to resolve and delayed when the project could obtain an Unfunded Approval and when staff could present the appeal to the Board.
 - The District requested to postpone finalization of the processing for both the application and the related appeal request in order to see the outcome of the Board's decision regarding the SFP regulatory requirement to update the District's new construction eligibility to the time of processing of the 2020/2021 enrollment year in light of potential impacts of COVID-19 on enrollment. As a result of the Board's decision on August 25, 2021, the District chose the option to have its funding application funded based on the eligibility resulting from the 2019/2020 enrollment update.

STAFF ANALYSIS/STATEMENTS (cont.)

- In meetings with the District as part of the appeal review process, it became known in September 2021 that the District acquired the two-story modular building that is the subject of this appeal through a piggyback contract. OPSC believed that the costs associated with this modular building would not be eligible to receive SFP funding based on the Attorney General's opinion that modular buildings may not be acquired through piggyback contracts. As such, the processing of this appeal was suspended until the Board could review the matter.

At the June 22, 2022 meeting, the Board approved the option that would allow Staff to continue processing and presenting applications that signed piggyback contracts for modular facilities on or prior to 60 calendar days of the Board action. Because the District signed the piggyback contract for the two-story modular building in May 2020, the District's application may still be presented to the Board for funding approval.

Conclusion

Staff supports the District's request for a scope change changing the design of a portion of the project from two permanent single-story buildings to one modular two-story building for New Construction project 50/67249-00-017. The total number of classrooms in the project remain the same. Therefore, the scope change does not result in any change to the pupil grant funding amount of the previously approved Unfunded Approval. The scope change does result in a net decrease of \$123,303.00 to the Service Site Development grant. A funding item corresponding to the grant reduction as shown on Attachment C.

If the Board approves the District's request and the amended funding item, the District would have 90 days from the date of the Board's action to submit a valid *Fund Release Authorization* (Form SAB 50-05) and signed Grant Agreement.

RECOMMENDATION

Approve the District's appeal for OPSC Application Number 50/67249-00-017, resulting in a reduction in the Total Project Cost in the amount of \$216,840.00 as shown on Attachment C.

SCHOOL DISTRICT San Jacinto Unified School District	APPLICATION NUMBER 50/67249-00-TBD
SCHOOL NAME New Middle School	COUNTY Riverside
DISTRICT REPRESENTATIVE Seth Heeren	E-MAIL ADDRESS sheeren@sanjacinto.k12.ca.us

Purpose of Request:

San Jacinto USD (SJUSD) would like to request a change of scope for a portion of the new middle school project due to cost escalation and budget. The change is from permanent construction to a two-story modular building. The classroom count remains the same and there is a slight variance in area with the new modular building being slightly larger than the original design.

Basis of Request:

- Law (Statute) _____
- Regulation _____
- Other (specify) _____

Description:

SJUSD began planning and design for the New Middle School in 2014. SJUSD passed Measure Y in November 2016 ballot with 72.92% approval. The district finished up the design and approvals needed for the new middle school and submitted for funding in 2018.

From the time the design started to when construction was able to start the cost of construction and the project increased significantly. The district had a fixed budget for this project that they needed to stay within in order to fulfill the promises made to the community. The district was faced with the decision to build only part of the campus or to modify the design and utilize modular buildings for a portion of the campus as a cost savings measure. The modular building approach would allow the district to build the full campus now (with the exception of 5 classrooms planned for the future expansion). The district elected to modify two classroom buildings (Buildings E & F) from permanent construction to modular construction. Building E had 12 teaching stations and was 13,659 square feet. Building F had 11 standard teaching stations and a Severe SDC classroom with accompanying support spaces and was 13,659 square feet. The new modular building has 12 teaching stations on the first floor including a Severe SDC classroom (16,220 square feet) and 12 teaching stations and a teachers lounge on the second floor (16,048 square feet). The additional area is due to the building having its own restrooms on both the first and second floor, covered walkways and stairwell.

SCHOOL FACILITY PROGRAM SUBSTANTIAL PROGRESS TIME EXTENSIONS

PURPOSE OF REPORT

To present the district's request for time extension to show substantial progress for the School Facility Program (SFP) project attached.

DESCRIPTION

The SFP regulations requires that a County which receives a design grant approval must demonstrate substantial progress has been made on the project within 18 months of receiving the fund release. Evidence of substantial progress can be demonstrated by showing any of the following:

1. Submittal of an approved New Construction or Modernization Adjusted Grant funding application.
2. Submittal of a County certification that the final building plans for the project have been submitted to and accepted by the Division of the State Architect (DSA) for review and approval
3. Submittal of an approved separate site funding application pursuant to Section 1859.81.1(a) or an approved environmental hardship funding application pursuant to Section 1859.75.1.
4. Submittal to the Office of Public School Construction (OPSC) of evidence satisfactory to the State Allocation Board (SAB) detailing the reason(s) that plans have not been completed and accepted by the DSA.

AUTHORITY

Pursuant to Regulation Section 1859.105 (c)(4), sufficient evidence of substantial progress shall include other evidence satisfactory to the SAB detailing the reason(s) that plans have not been completed and accepted by the DSA. If the SAB determines that substantial progress has been made, the SAB shall condition its finding of substantial progress upon the County commitment to complete and submit an Approved Adjusted Grant application within 18 months from the date of the SAB's determination of substantial progress.

STAFF COMMENTS

The Attachment represents the project application in which the district had received a design grant apportionment and a subsequent fund release. The district has submitted acceptable explanations of why a substantial progress extension is required. Staff recommends approval of the request for additional time to submit evidence that Substantial Progress has been met on the design grant.

RECOMMENDATIONS

1. Approve the district's request for a determination of substantial progress with regards to the SFP application, as indicated on the Attachment.
2. Failure to comply with either requirement as indicated on the Attachment will result in the project apportionment being reduced to costs incurred or rescinded.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, August 15, 2022

SURPLUS SITE SALE PROCEEDS

PURPOSE OF REPORT

To present the Conejo Valley Unified School District's (District) request to deposit proceeds from the sale of surplus real property located at 2498 Conejo Center Drive in Thousand Oaks, California, which was purchased with local funds, into the District's General Fund.

DESCRIPTION

The District is requesting State Allocation Board approval for the transfer of surplus real property sale proceeds into its General Fund for one-time expenditures as identified on Attachment A. The District requests this approval under the authority of Education Code (EC) Section 17462.

AUTHORITY

See Attachment B.

BACKGROUND

Existing law authorizes school district governing boards to sell, or lease for a term not exceeding 99 years, any real property belonging to the school district. Additionally, existing law specifies the conduct of these sales and leases, and the purposes for which funds derived from these transactions may be used.

Education Code (EC) Section 17462 authorizes school districts to deposit the proceeds from the sale or lease of surplus real property, together with any personal property located on the property, into the general fund of the school district and to use the proceeds for any one-time general fund purpose. These sales are governed by the Board's regulations. EC Section 17462 is more restrictive than the temporary authority provided by EC Section 17463.7, and it prohibits school districts that request to use the proceeds from the sale of property from participating in any School Facility Program (SFP) programs.

Under EC Section 17462, school districts are prohibited from participating in the SFP for five years and are unable to apply for facility hardship and financial hardship funding. A school district must certify the following:

- that it has no major deferred maintenance requirements;
- that the sale does not violate local bond restrictions; and
- that it has no anticipated needs for additional sites or construction for ten (10) years following the date of the sale, which was June 15, 2021.

STAFF ANALYSIS/STATEMENTS

The District has submitted all required documents to support its request. Additionally, with the approval of this request, the District is prohibited from participating in the SFP for the next five years; from the date of this approval, August 15, 2022, through August 15, 2027.

RECOMMENDATIONS

1. Approve the request to transfer surplus real property to the District's General Fund as identified on Attachment A.
2. Accept the District's governing board certifications as outlined in the narrative.

AUTHORITY

California Education Code Section 17462

(as of January 1, 2022)

(a) The funds derived from the sale of surplus property shall be used for capital outlay or for costs of maintenance of school district property that the governing board of the school district determines will not recur within a five-year period. Proceeds from a lease of school district property with an option to purchase may be deposited into a restricted fund for the routine repair of district facilities, as defined by the State Allocation Board, for up to a five-year period. In addition, the proceeds from the sale or lease with option to purchase may be deposited in the general fund of the district if the school district governing board and the State Allocation Board have determined that the district has no anticipated need for additional sites or building construction for the ten-year period following the sale or lease with option to purchase, and the district has no major deferred maintenance requirements. Proceeds from the sale or lease with option to purchase of school district property shall be used for one-time expenditures, and may not be used for ongoing expenditures including, but not limited to, salaries and other general operating expenses.

(b) The proceeds may also be deposited into a special reserve fund for capital outlay, for costs of maintenance of school district property that the governing board determines will not recur within a five-year period, or for the future maintenance and renovation of schoolsites if the district governing board and the State Allocation Board have determined that the district has no anticipated need for schoolsites or building construction or major deferred maintenance projects for a ten-year period following the sale or lease with option to purchase. Proceeds deposited in the special reserve fund shall not be available for general operating expenses as provided in Section 42842.

(c) The State Allocation Board, in consultation with the department, shall adopt regulations that govern the use of proceeds pursuant to this section for one-time expenditures and define ongoing expenditures for purposes of subdivision (a).

(d) Notwithstanding a determination by the State Allocation Board pursuant to subdivision (a) that a school district has no anticipated need for additional sites or building construction for the ten-year period following the sale or lease with option to purchase of surplus school property, the district may apply for new construction or modernization funding pursuant to this chapter if both of the following conditions are satisfied:

(1) Five years have elapsed since the date upon which the sale or lease with option to purchase was executed.

(2) The State Allocation Board determines that the district has demonstrated enrollment growth or a need for additional sites or building construction that the district could not have easily anticipated at the time the board made its original determination that the district had no anticipated need for the ten-year period following the sale or lease with option to purchase.

(Amended by Stats. 2006, Ch. 810, Sec. 1. Effective January 1, 2007.)

UNUSED SITES

EXHIBIT/APPL. NO. 92/68411-00-000

Sweetwater Union High – San Diego County

PURPOSE OF REPORT

To correct a previously approved State Allocation Board (Board) item presented at the June 6, 2022 meeting.

DESCRIPTION

The District was assessed an unused site fee of \$44,651 for the 2020/21 Fiscal Year at the December 7, 2021 Board meeting, and were scheduled to be deducted from the District's State School Fund Apportionment during the months of February through May 2022. The District recently submitted documentation indicating that this district is using the sites for community purposes. Therefore, the District is eligible for a refund for the unused site assessment fee withheld for the 2020/21 Fiscal Year.

<u>Site</u>	<u>Year</u>	<u>Annual Payment</u>	<u>Recommendation</u>
Windmill Farms	2020/21	\$44,651	Refund

This item is correcting a previously approved item presented at the June 6, 2022 Board Meeting. The unused site fee under the Description was incorrectly reported.

AUTHORITY

Pursuant to Education Code (EC) Section 17223(a), "Whenever a school district has either begun to use an unused site or has sold that site within two years of the date the Controller, pursuant to Section 17222, has deducted a certified nonuse payment from the district's State School Fund apportionment, the State Allocation Board shall certify that fact to the Controller. The Controller shall then cease to withhold any additional payments and shall return to the district from the State School Site Utilization Fund the payments, without interest, which had been withheld for the particular site during the prior fiscal year"

BACKGROUND

As required by law, all school districts are required to report any unused school sites to the Board annually. The school districts self-certify requests for waivers and reduction of fees based on certain criteria outlined in EC Section 17219. EC Section 17223(a) allows for districts to receive a refund for sites that a district has begun to use or has sold during the previous fiscal year.

STAFF ANALYSIS/STATEMENTS

The District has provided documentation to support its request.

RECOMMENDATIONS

1. Approve the District's request for a refund of the 2020/21 Fiscal Year unused site assessment fee in the amount of \$44,651 and notify the State Controller's Office to refund the Annual Payment.
2. Approval of this item corrects the unused site fee under Description and supersedes the Board approval of June 6, 2022.

STATE ALLOCATION BOARD MEETING DATES

The State Allocation Board (SAB) meeting dates for the 2022 calendar year are as follows:

Board Date	Type of Meeting
September 22, 2022*	Monthly (Consent/Appeals/Action)
October 26, 2022*	Monthly (Consent/Appeals/Action)
December 2022*	Monthly (Consent/Appeals/Action)

*The projected dates and time will be determined upon the discussion with the Vice-Chair and Chair based on workload.

The SAB meets at 4:00 p.m. when the State Legislature is in session and at 2:00 p.m. when the State Legislature is out on recess. A key Bagley-Keene amendment was enacted last week with the budget trailer bill, restoring the meeting process that was permitted under the Governor's COVID-19 executive order regarding public meetings. [Section 20, SB 189](#), effective June 30, 2022, added Government Code Section 11133, which permits state boards and commissions to again hold meetings with all members participating via teleconference until July 1, 2023.

Due to scheduling changes within the Legislature, some of the SAB meetings may be canceled or changed with short notice.

DENIED EXTENSION REQUESTS

Denied Extension Requests	
Alpaugh Unified	The District requested a time extension to submit the final Expenditure Report to OPSC. The delay was due to staff turnover and not COVID-19 related; OPSC worked with District through the regular time extension request process.
Anaheim Union High	The District did not hire a cost estimator until after receiving the 15-day letter request from OPSC. A detail cost estimate is part of a complete application acceptance.
Glenn County Office of Education	District applied for funding in the sixth round of CTE funding. The architect's cost estimate included lump sums. The 15-Day letter sent July 3, 2020 requested them to be broken out. The extension request to November 2nd was well after the anticipated September 2020 funding round.
Greenfield Union Elementary	Change of scope requested for a Full-Day Kindergarten project. A two-year extension was requested. Request was denied because it was the subject of an appeal that OPSC could not administratively approve.
Hilmar Unified	The project was delayed due to the District and its advisory committee requesting a change the of scope to the project as a result of additional local funds being available. The project was approved by the State Allocation Board in May 2019, well before the start of the COVID-19 pandemic
Hollister	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.

Island Union Elementary	This project was apportioned in October 2018 for Advanced Design. The District had one year to obtain DSA approval of plans. At the time of the extension request, the District still had three months to obtain DSA approval.
Lagunita Elementary	The project was funded in November 2018 and requested a Substantial Progress extension. The request was denied because the reason for the delay is a local funding/priorities issue. The District can also already request a Substantial Progress deadline extension under “other evidence” if needed.
Moreno Valley Unified	The District requested a time extension to decide how to respond to OPSC's 4-Day Letter for a CTE project. The District needed to determine how to address the need for an increase in the grant request after the application was scored by CDE. OPSC does not allow for cost increases beyond those already reviewed by CDE.
Oakland Unified	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.
Ripon Unified	District staff is currently focused on implementing Covid 19 protocols addressing the full time return of students to all campuses. Time resources of Staff were limited at the time due to the Covid 19 response referenced above. OPSC provided additional time through the normal extension process. District staff will need a few additional days to respond to the 15 day letter.
San Bernardino City Unified	The District was only one year into project construction. The District requested a 5th year to complete project (3 years in advance of deadline). Denied at this time; the request is premature.
Santa Ana Unified	The project was awarded an unfunded approval in May 2019. The District did not participate in the Priority Funding (PF) Process in Fall 2019 and incurred one non-participation occurrence. The District then participated in the PF process in Fall PF 2019 and was apportioned at the May 2020 SAB. Plans should have been well underway for design prior to COVID-19 pandemic. At the time of the request, the District still had 11 months to design and obtain approval from DSA.
Vacaville Unified	The request was not COVID-19 related. OPSC worked with District through the regular time extension request process.

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
