CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN AND FULL-DAY  
KINDERGARTEN FACILITIES GRANT PROGRAM  
APPORTIONMENTS

PURPOSE OF REPORT

To present California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program (Program) Apportionments for the third funding cycle.

DESCRIPTION

The applications that are included on Attachment B underwent a thorough review process by the Office of Public School Construction (OPSC) and have been determined to meet all Program requirements.

This item requests the State Allocation Board (Board) to approve 11 projects totaling \$33,651,043.89 for Apportionment for the Program grants as shown on Attachment B.

AUTHORITY

See Attachment A.

BACKGROUND

Assembly Bill (AB) 1808, added Article 1 (commencing with Education Code Section 17375) to Chapter 3 of Part 10.5 of Division 1 of Title 1 of the Education Code (EC) to create the Full-Day Kindergarten Facilities Grant Program (FDKFGP). AB 1808 provided \$100 million for FDKFGP from the General Fund. FDKFGP allows school districts that lack the facilities to provide full-day kindergarten to apply for one-time grants to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms.

AB 130, Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on July 9, 2021. This bill appropriated an additional \$490,000,000 from the General Fund for the 2021-2022 fiscal year to the Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing California preschool, transitional kindergarten and full-day kindergarten programs.

AB 181, Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on June 30, 2022. For the 2022-23 fiscal year, this bill appropriated an additional \$100,000,000 from the General Fund of the 2021-22 fiscal year to the Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing California preschool, transitional kindergarten and full-day kindergarten programs. The bill also states the intent to appropriate an additional \$550,000,000 from the General Fund to the Program in the 2023-24 fiscal year.

The Program opened the third funding round on April 1, 2022 and closed the round on April 30, 2022. OPSC received 418 applications, requesting \$1,525,130,797 in funding.

## STAFF ANALYSIS/STATEMENTS

In this item, Staff is presenting the first 11 projects for funding approval. The remaining applications will be presented at a future Board meeting.

### *Funding Order*

In accordance with Program Regulation Section 1860.15, the applications were ranked by preference points. Approved Applications receive preference points based on the total of (a) and (b) up to a maximum of 80 points, as follows:

- (a) 40 points if a school district demonstrates it meets the requirements for financial hardship.
- (b) Up to 40 points based on the percentage of pupils in the school district who are eligible for Free and Reduced-Price School Meals, as identified in the most recent data on file at the California Department of Education (CDE).

Once the preference points were determined, all approved applications were prioritized based on the following order per Program regulations:

1. School districts will have their first priority projects funded in order based on total preference points until all school districts have had their first priority project funded.
2. School districts with the same total preference points will be funded in order of the higher Low Income percentage reported to one decimal place. The school district with the higher Low Income percentage will be funded first, as identified in the most recent Free and Reduced Price School Meals data on file at the CDE. If school districts have the same total preference points, and the same Low Income percentage reported to one decimal place, projects will then be placed into a lottery system to determine the school district funding order.
3. The school district with the highest total preference points shall have their remaining projects funded in priority order until all of the school district's projects are funded, or until all funds are exhausted for that funding round, whichever comes first. Funding shall then be provided to the school district with the next highest total preference points.
4. A tie breaker will be used for school districts with the same total preference points by using the exact Low Income percentage to one decimal place. The school district with the higher Low Income percentage will be funded first.
5. If school districts with the same total preference points are still tied after the review of the Low Income percentages, projects will be placed into a lottery system to determine school district funding order. The highest remaining priority project for each school district participating in the lottery will be funded until all projects from each school district participating in the same lottery round have been funded, or until all funds are exhausted for that funding round, whichever comes first.

Due to the number of applications and respective grant amounts, funding order was based on total preference points for each school district and their first priority project.

*Receiving an Apportionment*

School districts who receive Program Apportionment without an advance release of funds must submit a valid *Fund Release Authorization* (Form SAB 70-02) within 180 days of Apportionment. School districts who receive a Program Apportionment with an advance release of funds must submit a valid Form SAB 70-02 with all required approvals within 12 months of Apportionment. Failure to submit the Form SAB 70-02 and required approvals within the prescribed period will result in the rescission of the project without further Board action.

A school district that has received funds in accordance with the program must submit a valid *Expenditure Report* (Form SAB 70-03) at the completion of the project. A final savings report stating any use of savings shall be due 12 months after the first expenditure report. Any savings remaining at the end of the 12 months must be returned to the State.

All school districts that receive a Board approval for an Apportionment must execute and submit a Grant Agreement prior to any release of funds. Cash proceeds are immediately available upon project Apportionment.

*Summary*

Staff recommends approval of the 11 Program projects on Attachment B for Apportionment. The remaining applications will be presented at a future Board meeting. In accordance with Program Regulations, applications not funded will be retained until December 31, 2022.

RECOMMENDATIONS

1. Approve the Program projects in the amount of \$33,651,043.89 as shown on Attachment B for Apportionment.
2. For an Apportionment with request for an advance fund release for design, pursuant to Regulation Section 1860.16(f), the school district must submit a valid *Fund Release Authorization* (Form SAB 70-02) within 12 months of the Apportionment.
