EXECUTIVE OFFICER'S STATEMENT

The Executive Officer informed the SAB of the following:

23RD Priority Funding Round Apportionments

The 23rd Priority Funding Filing Round closed at the end of day on June 9, 2022. Valid requests submitted are eligible for apportionments from July 1, 2022 through December 31, 2022. As of September 2, 2022, OPSC received valid fund release authorizations for 193 unique and eligible projects totaling \$620.9 million in State funding.

Fall Bond Sale Proceeds

On September 8, 2022, the Fall General Obligation Bond sale occurred and OPSC is preparing Priority Funding Apportionments for presentation to the SAB at its October 26, 2022 meeting.

California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program Projects

The first filing round for the expanded California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program began April 1, 2022 and ended April 30, 2022. At the end of day April 30, 2022, OPSC received a total of 417 applications requesting an estimated \$1.5 billion. The first funding requests from this round are presented in the Agenda as an Action Item for the SAB's consideration. OPSC intends to present additional funding requests from this filing round at the October 2022 SAB meeting.

EXECUTIVE OFFICER’S STATEMENT (cont.)

Stakeholder Feedback and Regulatory Amendments for Direct Apportionments

OPSC held a stakeholder meeting on August 2, 2022 to discuss and receive input regarding direct apportionments for new construction and modernization projects under the School Facility Program (SFP). OPSC was in agreement with the stakeholder feedback received and incorporated the feedback into the proposed regulatory amendments Action Item in this Agenda.

Joint State Agency Workshop

OPSC, CDE, the Division of the State Architect, and the California Department of Forestry and Fire Protection (CAL FIRE) conducted a free webinar via Zoom on Friday, September 9, 2022, from 10:00 a.m. to 12:00 p.m. The workshop provided information to Local Education Agencies on how to build sustainable facilities and outdoor spaces and representatives from each agency were available to answer questions from attendees. There were 340 people who attended the virtual workshop. A recording of the workshop has been archived on OPSC’s website for any who wish to view it: <https://youtu.be/b67He0gF0AY>.

Next SAB Meeting

The SAB and stakeholders were reminded that the next SAB meeting would be Wednesday, October 26, 2022 at 4:00 p.m. The meeting will be conducted by way of Zoom meeting and teleconference. Senate Bill 189 (Chapter 48, Statutes of 2022) permits the SAB to resume meetings remotely through June 30, 2023.

CLOSED SESSION

At 4:50 p.m. and in accordance with Government Code Section 11126(e)(1), the Board convened into closed session for the purpose of conferring with and receiving advice from counsel regarding pending/active litigation. Upon conclusion of the closed session, the Board reconvened into open session at 5:10 p.m. and the Chair reported out the following:

In compliance with the court's order in the San Bernardino City Unified School District case, the SAB sets aside its decision from the June 26, 2019 meeting denying the District's appeal to retain excess hardship funding for the Middle College project. The SAB now grants the appeal and the District will be entitled to retain the savings of hardship funding for that project. This action relates only to financial hardship savings and the SAB is acknowledging that there is a disagreement on the amount of site relocation funds. Savings do not include site relocation costs. OPSC will move forward with completing the audit and accounting for that project, which will include the District's retention of the hardship savings.

Staff will be directed to come back to the October SAB meeting to address implications for districts that have paid hardship savings. In addition, staff will also be directed to address the hardship savings regulations.

ADJOURNMENT

There being no further business to come before the SAB, the Chair adjourned the meeting at 5:12 p.m.

Executive Officer Statement

EXECUTIVE OFFICER STATEMENT
State Allocation Board Meeting, October 26, 2022

23RD PRIORITY FUNDING ROUND APPORTIONMENTS

The 23rd Priority Funding Filing Round closed at the end of the day on June 9, 2022. Valid requests made during this window are eligible for apportionments from July 1, 2022 through December 31, 2022.

Fall Bond Sale Proceeds

This month's agenda includes Apportionments from the Fall General Obligation Bond Sale proceeds. Staff is presenting Priority Funding Apportionment requests for 125 projects, representing 77 school districts and qualifying applicants, based on the order of the Unfunded List (Lack of AB 55 Loans).

Districts that receive a Priority Funding Apportionment are required to submit a valid *Fund Release Authorization* (Form SAB 50-05) by the end of **Tuesday, January 24, 2023** to OPSC.

EXPEDITED PRIORITY FUNDING APPORTIONMENT PROCESS

School districts who had projects that did not request to participate in Priority Funding during May/June 2022 or projects that received or are receiving Unfunded Approvals from June 22, 2022 through October 26, 2022 had the ability to submit a Priority Funding apportionment request outside of the regularly-scheduled filing period to receive an expedited Priority Funding apportionment at the October 26, 2022 Board meeting.

As part of today's agenda, Staff is presenting expedited Priority Funding Apportionment requests for 139 projects, representing 53 school districts and qualifying applicants, based on the order of the Unfunded List (Lack of AB 55 Loans).

NEXT MEETING

As a result of Senate Bill 189 (Chapter 48, Statutes of 2022), the Board is permitted to resume meetings remotely via Zoom and teleconference through June 30, 2023.

The next meeting is scheduled for Monday, November 28, 2022 at 4:00 p.m. by way of Zoom meeting and teleconference.

State of California
State Allocation Board**SCHOOL FACILITY PROGRAM**

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on October 26, 2022.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds.

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2 and this Resolution does not bind the Board to make any additional apportionment or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project's cost prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable, laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 Third Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.
5. Any eligibility determination does not constitute a commitment of future funding by the Board.

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To present the Districts' requests for School Facility Program (SFP) eligibility approval.

DESCRIPTION

The school districts shown in the following sections have complied with State Allocation Board (Board) regulations regarding new construction or modernization eligibility determinations for the projects listed.

RECOMMENDATIONS

1. Approve the eligibility determinations for the districts/projects shown on the Attachment.
2. Provide that this approval of eligibility determination for the districts/projects listed does not constitute a commitment for future funding by the Board.
3. For purposes of any application for funding, provide that the district must comply with all requirements of law and regulations pertaining to the SFP.

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To adjust the baseline eligibility for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998.

DESCRIPTION

The districts listed on Attachment A have received eligibility approval for new construction. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.51.

The districts listed on Attachment B have received eligibility approval for modernization. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.61.

RECOMMENDATIONS

1. Approve an adjustment to the new construction eligibility baseline determination as shown on Attachment A.
2. Approve an adjustment to the modernization eligibility baseline determination as shown on Attachment B.
3. Provide that this approval of adjusted eligibility determination does not constitute a commitment for future funding by the State Allocation Board.

KEY TO ADJUSTMENTS

NEW CONSTRUCTION ONLY

- (a) Reduced by the number of pupils provided grants in a new construction School Facility Program (SFP) project and by the number of pupils that received a Preliminary Apportionment pursuant to Section 1859.140 or a Preliminary Charter School Apportionment pursuant to Regulation Section 1859.162.2.
- (b) Reduced by the number of pupils housed, based on the loading standards pursuant to Ed. Code Section 17071.25(a)(2)(A), in a new construction LPP project funded under the provisions of the LPP pursuant to Regulation Section 1859.12 or 1859.13.
- (c) Reduced by the number of pupils housed in additional classrooms constructed or purchased based on the loading standards, pursuant to Ed. Code Section 17071.25(a)(2)(A), in a modernization SFP project.
- (d) Adjusted as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.
- (e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years, except as provided in (j) below.
- (f) Adjusted as a result of errors or omissions by the district or by the Office of Public School Construction (OPSC).
- (g) Adjusted as result of amendments to the SFP Regulations that affect the eligibility.
- (h) Increased by the number of pupils eligible for grants pursuant to Regulation Section 1859.82(a).
- (i) Reduced by the number of pupils housed in classrooms provided after the baseline eligibility was determined by the State Allocation Board, with 12 exceptions at Regulation Section 1859.51(i).
- (j) For Small School Districts, following a 3-year period after the district's eligibility was approved by the Board, decreased by any reduction in projected enrollment, and by any increase in pupils in the latest CDE operational grant report per Ed. Code Sec. 42268.
- (k) Adjusted for any changes in classroom inventory as a result of a reorganization election.
- (l) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.
- (m) As directed by the SAB due to finding a Material Inaccuracy pursuant to Section 1859.104.1.
- (n) Increased by the number of pupils that received a Preliminary Apportionment that was rescinded pursuant to Section 1859.148 or a Preliminary Charter School Apportionment that was rescinded pursuant to Section 1859.166.
- (o) Adjusted for operational grant changes as determined/provided by the California Department of Education.
- (p) For High School Attendance Area (HSAA) districts with Preliminary Apportionments within the 2002 or 2004 Critically Overcrowded School Facilities Account, adjusted in accordance with Regulation Section 1859.51(p)(1), (2), or (3).
- (q) Adjusted by the difference between the Alternative Enrollment Projection for the current enrollment reporting year and the projected enrollment determined pursuant to Section 1859.42 for the current enrollment reporting year, or by the eligibility remaining from this calculation that can no longer be utilized if the funds made available pursuant to EC Section 17071.75(a)(1)(A) have been exhausted.
- (r) Adjusted per Ed. Code Sec. 17071.75(b)(2) by the number of pupils housed, based on the loading standards per Ed. Code Sec. 17071.25(a)(2)(A), in any classroom(s) where title was relinquished to the School District receiving the transferred classrooms.

KEY TO ADJUSTMENTS

MODERNIZATION ONLY

- (a) Reduced by the number of pupils provided grants in a modernization SFP project or CSFP Rehabilitation project at the specific site.
- (b) Reduced by the number of pupils housed, based on the loading standard pursuant to EC Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Regulation Section 1859.14 and 1859.15.
- (c) Increased by changes in projected enrollment in subsequent enrollment reporting years.
- (d) (1) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or, (2) as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.
- (e) Adjusted as a result of errors or omissions by the district or by the OPSC.
- (f) Adjusted as result of amendments to the Subgroup 5.5 Regulations that affect the eligibility.
- (g) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.
- (h) As directed by the SAB due to finding a Material Inaccuracy pursuant to Regulation Section 1859.104.1.
- (i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Regulation Section 1859.78.8.
- (j) Adjusted as a result of the Reconfiguration of an existing high school under the Small High School Program.
- (k) Decreased for facilities that were deemed eligible for modernization pursuant to Regulation Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.
- (l) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, per Ed. Code Section 17079 et seq.
- (m) Adjusted as a result of classrooms demolished and replaced pursuant to Regulation Section 1859.82.

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the February 2022 Board meeting, the Board elected to provide an increase adjustment of 15.80 percent to SFP projects for calendar year 2022. The projects listed on the Attachment reflect the Board's action of the adoption of the 15.80 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

SCHOOL FACILITY PROGRAM
SUBSTANTIAL PROGRESS TIME EXTENSION

PURPOSE OF REPORT

To present the District's request for a time extension to show substantial progress for the School Facility Program (SFP) project attached.

DESCRIPTION

The SFP regulations require that Districts which receive a design grant approval must demonstrate substantial progress has been made on the project within 18 months of receiving the fund release. Evidence of substantial progress can be demonstrated by showing any of the following:

1. Submittal of an approved New Construction or Modernization Adjusted Grant funding application.
2. Submittal of a district certification that the final building plans for the project have been submitted to and accepted by the Division of the State Architect (DSA) for review and approval
3. Submittal of an approved separate site funding application pursuant to Section 1859.81.1(a) or an approved environmental hardship funding application pursuant to Section 1859.75.1.
4. Submittal to the Office of Public School Construction of evidence satisfactory to the State Allocation Board (SAB) detailing the reason(s) that plans have not been completed and accepted by the DSA.

AUTHORITY

Pursuant to Regulation Section 1859.105 (c)(4), sufficient evidence of substantial progress shall include other evidence satisfactory to the SAB detailing the reason(s) that plans have not been completed and accepted by the DSA. If the SAB determines that substantial progress has been made, the SAB shall condition its finding of substantial progress upon the District's commitment to complete and submit an Approved Adjusted Grant application within 18 months from the date of the SAB's determination of substantial progress.

STAFF COMMENTS

The Attachment represents a project application in which the District had received an advance Design Grant apportionment and a subsequent fund release. The District has submitted an acceptable explanation of why a substantial progress extension is required. Staff recommends approval of the request for additional time to submit evidence that Substantial Progress has been met on the Design Grant.

RECOMMENDATIONS

1. Approve the District's request for a determination of substantial progress with regard to the SFP application, as indicated on the Attachment.
2. Failure to comply with either requirement as indicated on the Attachment will result in the project apportionment being reduced to costs incurred or rescinded.

	Project Number(s)	School District / County / School Name(s)	Summary of School District Narrative	Staff Recommendation(s)
Design Grant	51/73379-00-001	Pioneer Union Elementary School District Butte Berry Creek Elementary	<p>The District has been diligently working towards the completion of plans for submittal to the Division of the State Architect and is requesting an extension on the Design Approval of the Berry Creek Elementary School Facility Hardship project 51/73379-00-001 for 4 months. The District believes the necessary approvals will be in place within that time, allowing the District to submit its full funding request by December 1, 2022.</p> <p>Due to the extenuating circumstances surrounding the total loss of the school and community at the hands of the North Complex West Zone Fire, the District has not been able to move as quickly as another District might be able to in a more normal situation. In addition to the Covid-19 pandemic causing staffing shortages and operational delays, the District has been completely displaced and has had to operate from a different location all together.</p> <p>Despite the above challenges, the District has continued to move forward as quickly as possible and is preparing plans with the goal of submitting Phase 1 to the DSA in September and Phase 2 in October. DSA has already promised the District an expedited plan review, which should allow them to submit the project to OPSC for review within the requested 4 months.</p>	<ol style="list-style-type: none"> 1. Require the District to submit acceptable plans to the DSA by October 26, 2023. 2. Require the District to submit a complete and approvable Adjusted Grant funding application to the OPSC by April 26, 2024. <p>If both conditions are not met by April 26, 2024, OPSC will proceed to rescind or reduce this project to costs incurred.</p>

School Name: San Pedro Senior High
Project Grade Level: 9-12
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Seismic Mitigation Program (SMP) Replacement Project.

Total Project Cost: \$13,136,668.00
Cost to the State: \$6,568,334.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by LPA, Inc., dated December 12, 2017, identifies several structural deficiencies in the Industrial Arts Building located at the San Pedro Senior High School site. The reports reference material insufficiencies such as with the lack of ties between foundation elements and inadequate anchorage of the steel moment frame columns. All the material insufficiencies identified in the report renders the Industrial Arts Building at high risk of collapse in the event of seismic activity. The building qualifies for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of this project includes the demolition and replacement of the Industrial Arts Building at the San Pedro Senior High School site. This scope is a part of a larger modernization project at the site.

STATUS OF SCHOOL SITE

The District is currently in construction for the new building and the site wide comprehensive modernization project at the school has an anticipated completion date of first quarter 2027.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The Industrial Arts Building was classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation) and Phase Two (Replacement Option Analysis) and final plan approval. These approvals enable the District to apply for funding from the Board.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from industry specialists and DSA approval in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATION(S)

1. Approve the District's request for an unfunded approval for replacement of the Industrial Arts Building at the San Pedro Senior High School Site, pursuant to SFP Regulation Section 1859.82.2(b) as shown on Attachment B.
2. Provide that the District's Modernization eligibility will be reset for the Industrial Arts Building to the date of apportionment for this project.

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.2 states that “A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.

Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.”

SFP Regulation Section 1859.82.2(a) states,

- (a) Seismic mitigation projects must meet all of the following requirements:
- (1) The construction contract was executed on or after May 20, 2006;
 - (2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
 - (3) The School Building is designed for occupancy by students and staff; and
 - (4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey

Section 1859.61. Adjustments to the Modernization Baseline Eligibility.

(l) Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 classroom use, as follows:

(1) School Buildings and/or classrooms that receive replacement funding via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2.

(2) School Buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from classroom use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the district did not have the current enrollment to support the replacement and funding of those School Buildings and/or classrooms. ~~School Buildings~~ and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.

For (l)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (l)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.

Cost to the State: \$59,777.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by Intercounty Mechanical & Electrical, Inc. identified significant errors in the design of the four heater units in the Gymnasium Building located at the Anderson Valley Junior-Senior High School site. The report notes that a faulty design of the flue pipes allowed water intrusion into the vent and heat exchanger, which the industry specialist argues resulted in severe rusting of the heat exchangers and/or burners. Additionally, the report states that "rolling flames" were observed. The industry specialist then says that the combination of the damaged heat exchangers and the open flames "allow for gas combustion not being properly confined to the appropriate area of the furnace," which necessitates immediate action as this could damage multiple components of the heater and potentially start a fire outside of the heat chamber. The report also notes that these conditions could cause carbon monoxide to leak from the heater units, presenting "a silent and odorless risk of deadly consequences."

Given the significant threat posed to the health and safety of the students and staff, the heater units have not been in use, leaving the building without heat. The lack of heat and the location of the school has resulted in students and staff being "subjected to interior room temperatures in the range of 30 to 50 degrees." This report detailed the minimum work necessary to mitigate the health and safety threat of these structural deficiencies, which is the removal and replacement of the existing heater units.

SCOPE OF PROJECT

The scope of the project includes the removal and replacement of four heater units within the Gymnasium Building.

STATUS OF SCHOOL SITE

The first phase of the project is scheduled to be completed by October 2022. The second and final phase of the project is estimated to be completed in Summer of 2023.

Facility Hardship Program – Rehabilitation Projects (as of August 31, 2020)

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.1 states that “a district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.”

SFP Regulation Section 1859.82.1(c) states,

Districts may qualify for funding to rehabilitate their School Buildings, components of School Buildings, or school site conditions. Factors to be considered by the Board may include (1) or (2) below:

- (1) School Buildings where the minimum cost to mitigate the health and safety threat and remain in the School Building is 50 percent or less of the Current Replacement Cost.
- (2) Components of the School Buildings or school sites conditions are causing a health and safety threat to students and/or staff.

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by KPW Structural Engineers, Inc. dated November 18, 2020, identifies several structural deficiencies in the portion of Building A that was constructed in 1952 located at the Ellis Elementary School site. The report references material insufficiencies with the wall anchorage and wall support designs of the structure of this portion of Building A that renders this facility at high risk of collapse in the event of seismic activity. The portion of Building A that was constructed in 1952 qualifies for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of this project includes the replacement of the portion of Building A that qualifies for the SMP at the Ellis Elementary School site. While the District is choosing to replace the portion of the building with the seismic issues, OPSC has determined that the District's application qualifies for funding as an SMP rehabilitation project because the verified rehabilitation costs are less than 50 percent of the Current Replacement Costs of the facility.

STATUS OF SCHOOL SITE

The District completed construction of the eligible portion of Building A in July 2022.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The portion of Building A constructed in 1952 at Ellis Elementary School was classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation) and Phase Two (Replacement Option Analysis) and final plan approval. These approvals enable the District to apply for funding from the Board.

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

The results from multiple water samples taken in June and July 2020 at the Grant Union High School site showed an amount of lead that “exceeded the Lead Action limit.” As a result, the Sacramento County Environmental Management Department (EMD) issued a compliance order on August 5, 2020 that stated that the water system at the school site was out of compliance with various sections of Chapter 17, Title 22 of the California Code of Regulations (CCR) and the California Health and Safety Code, “Safe Drinking Water Act.” This order required that the District create a Corrective Action Plan that would bring the water system back into compliance with these laws.

A report by Warren Consulting Engineers, Inc., dated April 21, 2021, states that the significant lead levels shown in the water samples is a hazard to “public health and safety.” The report goes on to explain in detail the minimum work necessary to mitigate the health and safety threat and to conform to EMD requirements, which is “the construction of a new parallel water system and the abandonment of the existing water system.” The minimum work to mitigate the threat also involves disconnecting the system from a water well and connecting it to an already constructed domestic service to the City of Sacramento’s water system.

SCOPE OF PROJECT

The scope of the project includes the construction of a new parallel water system and abandonment of the existing systems at the Grant Union High School site.

STATUS OF SCHOOL SITE

The construction of a new water system was completed in August 2021. The District states that additional testing was conducted, with final test results from March 2022 confirming that “lead and copper levels were below action levels/not detected.”

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.1 states that “a district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.”

SFP Regulation Section 1859.82.1(c) states,

Districts may qualify for funding to rehabilitate their School Buildings, components of School Buildings, or school site conditions. Factors to be considered by the Board may include (1) or (2) below:

- (1) School Buildings where the minimum cost to mitigate the health and safety threat and remain in the School Building is 50 percent or less of the Current Replacement Cost.
- (2) Components of the School Buildings or school sites conditions are causing a health and safety threat to students and/or staff.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, October 26, 2022

SCHOOL DISTRICT DATA

School District: Round Valley Unified
Application Number: 50/65607-00-001
Total District Enrollment: 481
County: Mendocino

School Name: Round Valley High
Project Grade Level: 9-12
Financial Hardship: No

PURPOSE OF REPORT

To present the District's request to reinstate a School Facility Program (SFP) application and allow New Construction funding for a gymnasium at Round Valley High School.

DESCRIPTION

The District has a project at Round Valley High School, application number 50/65607-00-001, that was received by the Office of Public School Construction (OPSC) on September 24, 2018. This application requested funding for a project involving only the construction of a new gymnasium building.

In reviewing the submitted application and all supporting documentation, staff determined that the project's scope of work does not meet program requirements because the school site was determined to already contain an adequate gymnasium based on the site's enrollment.

Staff returned the application and its supporting documentation to the District on March 29, 2022. The District submitted a *School District Appeal Request* (Form SAB 189) on March 28, 2022 for State Allocation Board (Board) approval of the reinstatement and funding of the application.

If the Board approves the District's request, staff would present the District's application for approval at a future meeting. The District's request is approximately \$5.6 million, which includes the District's request for Financial Hardship funding.

AUTHORITY

See Attachment A.

BACKGROUND

Use of Grants

Under SFP Regulation Section 1859.77.3, a district meeting specific requirements and conditions can request a Use of Grants (UOG). Essentially, a district can request to use new construction pupil grants, which are typically provided for the purpose of constructing new classrooms for unhoused pupils, for another purpose. a

If specific requirements are met, this regulation section allows a district to request a UOG to use pupil grants from one grade category to construct facilities for another grade category. For example, if a school district does not have enough 7-8 pupil grants to build a 7-8 grade level classroom, they can use pupil grants from the K-6 or 9-12 grade categories instead.

BACKGROUND (cont.)

Additionally, a district may also request a UOG to use new construction pupil grants to construct a Minimum Essential Facility (MEF) such as a multipurpose room, gymnasium, and/or library. For example, a district could choose to request 25 K-6 pupil grants to construct a library at a site that lacks one, instead of constructing an additional K-6 classroom.

A school district is only eligible to request a UOG to use pupil grants for the construction of a specific type of MEF if the project site lacks the specific MEF space or the existing MEF is inadequate to support the site's enrollment, and if the school site was not constructed under the SFP, and/or if other requirements are met. The definition of inadequate for the purposes of SFP funding is outlined in SFP Regulations. In brief, to be classified as inadequate, the existing square footage of the MEF must be less than 60 percent of the square footage necessary to support the current enrollment of the site plus the capacity of the proposed project is adding to the site. The calculation method used to make this determination is demonstrated in detail later in the item.

Funding Application History

The District is a K-12 school district located in the town of Covelo, in Mendocino County. The Round Valley High School site served a student population of 121 during the 2021/2022 enrollment year.

The application that is the subject of this appeal is a SFP new construction project at the Round Valley High School (application number 50/65607-00-001) that was received by OPSC on September 24, 2018 and consisted of the construction of a new gymnasium building. Because the project involved the construction of a MEF only, the District requested a UOG to use new construction pupil grants to build the new gymnasium facility, per SFP Regulation Section 1859.77.3.

On March 29, 2022 Staff sent a letter indicating that Staff would be unable to process the project as submitted. Staff determined that the project's scope of work does not meet program requirements because the school site was determined to already contain an adequate gymnasium facility based on the site's enrollment, pursuant to SFP Regulation Section 1859.77.3(a)

In response to Staff's determination that the application did not meet SFP requirements, the District submitted an appeal requesting reinstatement and funding of the application.

STAFF ANALYSIS/STATEMENTS

District's Position

The District requests the reinstatement of application number 50/65607-00-001 due to the following considerations:

STAFF ANALYSIS/STATEMENTS (cont.)

- The District states that the original gymnasium building “was intended to serve the high school as a multi-purpose facility for athletics, physical education, performances, community events and food service”.
- The District states that the new gymnasium “was built solely to serve competitive athletics” because the original gymnasium does not contain sufficient square footage to fit a league competitive-sized basketball court and cross courts.

The full text of the District’s appeal request is included as Attachment B.

Staff’s Position

After carefully considering the District’s appeal request, Staff maintains its determination that this project does not qualify for a Use of Grants for the following reasons.

- Staff considers the original gymnasium facility in question to be a gymnasium facility in nature, despite the District’s choice to use it previously and currently as a multi-purpose facility and to not use the new gymnasium for food service.
- Compared side-by-side (below), the existing and new building’s space usages are nearly identical.
- The site’s pre-existing gymnasium is adequate as defined in SFP Regulation Section 1859.77.3.

Staff’s Consideration of the Original Building as a Gymnasium, Not a Multi-Purpose Building

The District believes the existing building should be classified as a multi-purpose facility as it was intended to serve the high school for athletics, physical education, performance, community events, and food service. However, in reviewing the facility spaces of the existing building, they appear to be nearly identical to the new building. Staff believes that, for the purposes of determining this building’s eligibility for UOG, both buildings should be considered as a gymnasium under SFP Regulations.

The building has been identified by the District as a gymnasium throughout its existence. In various plan sets approved by the Division of the State Architect (DSA) from the 1980s to the plan set used in this project, the original building was identified by the architects hired by the District as a gymnasium. Additionally, the District has identified this facility as a gymnasium in the site maps submitted to OPSC by the District for the purpose of establishing new construction and modernization eligibility for the district and site, respectively.

The building appears to have been built with the intention of using it both as a gymnasium and multi-purpose space. The District has understandably pointed out to Staff the fact that the current size of the open gymnasium space does not meet court size recommendations to host competitive basketball events.

STAFF ANALYSIS/STATEMENTS (cont.)

However, SFP Regulations, Education Code, and Title 5 of the California Code of Regulations do not require facilities to meet specific square footage or court size requirements to be considered a gymnasium facility. Below is an excerpt from Title 5 discussing requirements for the design of a gymnasium facility:

j. Gymnasium, Shower/Locker shall be designed to accommodate multiple use activities in accordance with the planned enrollment:

1. The gymnasium is secured from other parts of the campus for evening and weekend events or for public use purposes.
2. The shower/locker area is of sufficient size to allow students enrolled in the physical education program to shower and dress each period.
3. Toilets are available for the public in facilities intended for shared community use other than in shower/locker areas.
4. Office space is provided for physical education teachers.
5. Space is available for specialized age-appropriate physical education activities such as weight lifting, exercise equipment usage, aerobics.

Further, Staff reviewed with the National Federation of State High School Association’s (NFSH) Basketball Rules Book and noted that the NFSH only specifies “Ideal Measurement” for courts used in competitive events but does not mandate sizes.

Staff maintains that the original gymnasium is very similarly constructed like the new gymnasium. Prior to the project, the District had a 9,330 square foot gymnasium facility, which included 170 square feet of food service space wherein food was warmed up and then served to students. The original facility had an open gymnasium space that measured 80 feet by 60 feet. As part of the project that is the subject of this appeal, the District constructed a new gymnasium building that is 11,896 square feet that includes 396 square feet of food service space and a gymnasium space large enough to hold both a league competitive 84 feet by 50 feet basketball court and cross courts.

	Old Gymnasium Building (Attachment B1)	New Gymnasium Building (Attachment B2)
Gymnasium Square Footage (including court and bleachers)	4,827 square feet	9,028 square feet
Court Size	80 feet by 60 feet	84 feet by 50 feet
Food Service Square Footage	170 square feet	396 square feet
Total Building Square Footage	9,330 square feet	11,869 square feet

STAFF ANALYSIS/STATEMENTS (cont.)

The most notable difference between the old gymnasium building and the new gymnasium building is that the new building meets current competitive athletic recommendations for court sizes to hold competitive events. However, because the facilities are so similar in usage, Staff maintains that the original facility does not inherently have any features that would render it either less of a gymnasium and more of a multi-purpose space under SFP Regulations, or vice-versa.

Further, the District has since clarified their statement that the new gymnasium does not permit food service use. Both facilities can be used for food service; however, the District has chosen not to permit student to use the new gym to eat in the new building in order to protect the new wood floors from damage.

Locker/Shower Rooms	Yes	Yes

Determination of Ineligibility for UOG Under Program Regulations

If there is an existing MEF building, the existing square footage of this MEF building must be determined to be inadequate in order to qualify for funding. Per SFP Regulations, to be classified as inadequate, the existing square footage of the MEF must be less than 60 percent of the square footage necessary for the current enrollment as reported in the California Basic Educational Data System (CBEDS) of the site, plus the capacity of the proposed project, as calculated pursuant to Section 1859.82.1(b)(4)(B)(2). The general calculation is as follows:

- a. Current CBEDS Enrollment + Project Capacity = Total Eligible Pupils
- b. Multiply the total eligible pupils by the appropriate square footage amount listed in regulation.
- c. Use the greater of the total determined in b) or the minimum square footage for the type of facility and grade level outlined in regulation.
- d. Divide the existing square footage by the greater of b) or the minimum square footage for the grade level.
- e. If d) is less than 60 percent, the project qualifies to request a UOG.

The calculation for the District's application is as follows:

STAFF ANALYSIS/STATEMENTS (cont.)

MEF Data

Square Footage of Existing Gymnasium	9,330 square feet
Site's Current Enrollment (2021/2022)	121
Project Capacity	0
Minimum Square Footage per SFP Regulations	8,380 square feet for a project with high school pupils

UOG Calculation

Step	Calculation
a.	121 (current enrollment) + 0 (project capacity) = 121 pupils
b.	121 pupils x 15.3 square feet per pupil = 1,851.3 square feet
c.	8,380 square feet [minimum square feet per Regulation] is greater than 1,851.3 square feet.
d.	9,330 square feet (existing square footage) / 8,380 square feet (minimum allowable square footage) = 111%
e.	111% > 60%; therefore, project is ineligible for UOG

The above calculation demonstrates that 9,330 square footage of the original gymnasium building is greater than 60 percent of the square footage necessary to support the site's enrollment. Therefore, under the parameters set forth in the Program Regulations, the original gymnasium building is considered adequate for a high school pursuant to SFP Regulation Section 1859.77.3, rendering the project ineligible for UOG funding.

Status of Project

The District started construction in July 2019 and completed the project in July 2020. The District occupied the facility in September 2020.

Conclusion

Staff is seeking Board direction. In conversations with staff, the District has explained that they viewed the construction of a new gymnasium as the best choice available, stating that a rehabilitation of the original gymnasium facility to add additional square footage would be difficult to obtain plan approval for, and to design in general, due to the location of the original gymnasium which is surrounded on all four sides.

However, the scope of work to construct a new gymnasium facility does not meet the requirements for UOG because the original facility meets SFP programmatic requirements to be considered a gymnasium. Additionally, by program criteria for qualifying for funding, the old gymnasium is considered adequate to support the site's current enrollment, as detailed in Section 1859.77.3. There are no current methods provided in SFP Regulations that would enable such a project to qualify for a UOG and, thus, SFP New Construction funding.

BOARD OPTIONS

Under the Rules and Procedures of the State Allocation Board, “Staff is providing the following option for the Board’s consideration. A positive vote by six members is required for the Board to take action that is an alternative to Staff’s administrative action. Absent a positive vote by six members of the Board, Staff’s administrative action will stand, and the school district’s appeal will be considered closed.”

Board Option: Grant the District’s appeal.

BOARD ACTION

In considering this Item, the Board approved the District’s request which reinstates a School Facility Program application for New Construction funding at Round Valley High School. This action does not set a precedent.

ATTACHMENT A

AUTHORITY

Education Code Section 17072.35.

A grant for new construction may be used for any and all costs necessary to adequately house new pupils in any approved project, and those costs may only include the cost of design, engineering, testing, inspection, plan checking, construction management, site acquisition and development, evaluation and response action costs relating to hazardous substances at a new or existing schoolsite, demolition, construction, acquisition and installation of portable classrooms, landscaping, necessary utility costs, utility connections and other fees, equipment including telecommunication equipment to increase school security, furnishings, and the upgrading of electrical systems or the wiring or cabling of classrooms in order to accommodate educational technology. A grant for new construction may also be used to acquire an existing government or privately owned building, or a privately financed school building, and for the necessary costs of converting the government or privately owned building for public school use. A grant for new construction may also be used for the costs of designs and materials that promote the efficient use of energy and water, the maximum use of natural lighting and indoor air quality, the use of recycled materials and materials that emit a minimum of toxic substances, the use of acoustics conducive to teaching and learning, and other characteristics of high performance schools.

California Code of Regulations, Title 5 – Division 1, Chapter 13, Subchapter 1, Article 4 § 14030. Standards for Development of Plans for the Design and Construction of School Facilities.

The following standards for new schools are for the use of all school districts for the purposes of educational appropriateness and promotion of school safety: [...]

- j. **Gymnasium, Shower/Locker shall be designed to accommodate multiple use activities in accordance with the planned enrollment:**
 - 1. The gymnasium is secured from other parts of the campus for evening and weekend events or for public use purposes.
 - 2. The shower/locker area is of sufficient size to allow students enrolled in the physical education program to shower and dress each period.
 - 3. Toilets are available for the public in facilities intended for shared community use other than in shower/locker areas.
 - 4. Office space is provided for physical education teachers.
 - 5. Space is available for specialized age-appropriate physical education activities such as weight lifting, exercise equipment usage, aerobics.

SFP Regulation Section 1859.2. Definitions

For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:

....

“Approved Application(s)” means a district has submitted the application and all documents to the Office of Public School Construction that are required to be submitted with the application as identified in the General Information Section of Forms SAB 50-01; SAB 50-02; SAB 50-03; and SAB 50-04, as specified in Section 1859.2.

...

“New Construction Grant” means the funding provided pursuant to Education Code Section 17072.10(a) and Sections 1859.71 and 1859.71.1.

SFP Regulation Section 1859.77.3. Use of New Construction Grant Funds for Projects Accepted by the DSA after January 22, 2003.

New Construction Grant funds and any other funds provided by these Regulations shall be expended as set forth in Education Code Section 17072.35; and may also be utilized for the cost incurred by the district for the development and implementation of remedial action plan approved by the DTSC pursuant to Education Code Section 17213.

Authorization for use of New Construction Grants for which the final plans and specifications for the project were accepted by the DSA after January 22, 2003 may be requested as follows:

(a) A district may request new construction grants that exceed the capacity of the project based on loading standards pursuant to Education Code Section 17071.25(a)(2) and any loading standards adopted by the SAB by these regulations if the project is to construct a multipurpose, gymnasium, Multipurpose/Gymnasium Hybrid, and/or library, or for an Alternative Education school to construct a multipurpose/gymnasium, library, counseling offices, and/or conference rooms, at an existing site that does not have an existing or adequate facility of the type being requested when all of the following is met:

(1) The district must adopt a school board resolution that has been discussed at a public hearing at a regularly scheduled meeting of the district’s governing board on a date preceding the application filing that includes the following:

(A) An acknowledgement that funds for the purposes of housing the excess pupils are being diverted to another project.

(B) An acknowledgement that the State has satisfied its obligation, pursuant to Section 1859.50, to house the pupils receiving grants in the project.

(C) A plan outlined in the resolution that identifies how the district has housed or will house the pupils receiving grants in the project in school buildings as defined in Education Code Section 17368. The plan must certify one of the following methods:

1. The district will construct or acquire facilities for housing the pupils with funding not otherwise available to the SFP as a district match within five years of project approval by the SAB, and the district must identify the source of the funds; or

2. The district will utilize higher district loading standards providing the loading standards are within the approved district’s teacher contract and do not exceed 33:1 per classroom.

(2) The existing school site was not constructed under the SFP.

(3) The proposed project includes no more than eight classrooms.

(4) Grants requests, above 100 percent of the number of pupils to be housed, based on Special Day Class pupil eligibility are only permitted under this subsection (a) when building a Special Day Class facility.

(5) For purposes of this Section, a Multipurpose/Gymnasium Hybrid is considered to be both a multipurpose and a gymnasium. A school site with a middle school and/or high school pupils is eligible for one multipurpose and one gymnasium; therefore, if a school site has an adequate multipurpose and an adequate gymnasium, it is not eligible for a Multipurpose/Gymnasium Hybrid under this Section.

(6) For purposes of this section to determine if an existing facility is inadequate, the existing square footage is less than 60 percent of the square footage necessary for the current CBEDS for the site plus the Net School Building Capacity of the proposed project as calculated pursuant to Section 1859.82.1(b)(4)(B)2., except for Alternative Education Schools.

[...]

(7) The maximum excess pupil amount being requested for this type of use of grants request, is calculated by the following:

(A) Multiply the current CBEDS for the site plus the Net School Building Capacity for the proposed project by the square footage for the type of facility being requested, as follows:

1. For Alternative Education Schools, refer to the chart above.

2. For a multipurpose room, gymnasium, and/or library, refer to the chart in Section 1859.82.1(b)(4)(B)2.

3. For a Multipurpose/Gym Hybrid:

a. For school sites with middle school pupils, use 15.2 square feet per pupil, with a minimum of 8,056 square feet and a maximum of 18,848 square feet.

b. For school sites with high school pupils, use 18.6 square feet per pupil, with a minimum of 10,193 square feet and a maximum of 21,874 square feet.

(B) Multiply the product in (a)(7)(A) above by the per square foot grant amount of \$154. This per square foot grant amount will be adjusted in the manner prescribed in Section 1859.71.

(C) Divide the product in (a)(7)(B) above by the New Construction Grant amount for the project grade level, rounded up to the nearest whole number.

(b) A district may request new construction grant eligibility determined at a different grade level than the proposed project that does not exceed the capacity of the project, unless the project includes a request as indicated in Section 1859.77.3(a), based on loading standards pursuant to Education Code Section 17071.25(a)(2) and any loading standards adopted by the SAB by these regulations when all of the following is met:

(1) The district must adopt a school board resolution that has been discussed at a public hearing at a regularly scheduled meeting of the district's governing board on a date preceding the application filing that include the following:

(A) An acknowledgement that funds for the purposes of housing the excess pupils are being diverted to another project.

(B) An acknowledgement that the State has satisfied its obligation, pursuant to Section 1859.50, to house the pupils receiving grants in the project.

(C) A plan outlined in the resolution that identifies how the district has housed or will house the pupils receiving grants in the project in school buildings as defined in Education Code Section 17368. The plan must certify one of the following methods:

1. The district will construct or acquire facilities for housing the pupils with funding not otherwise available to the SFP as a district match within five years of project approval by the SAB, and the district must identify the source of the funds; or

2. The district will utilize higher district loading standards providing the loading standards are within the approved district's teacher contract and do not exceed 33:1 per classroom; or

3. The pupils requested from a different grade level will be housed in classrooms at an existing school in the district which will have its grade level changed, to the grade level requested, at the completion of the proposed SFP project.

(2) Only New Construction Grant eligibility for grades Kindergarten through 12 can be requested pursuant to this subsection (b), and the district must use its New Construction Grant eligibility, pursuant to subsection (b), in the following order:

(A) At the grade level of the proposed project, if available.

(B) At the lowest grade level other than the proposed project, if available.

(C) At the next highest grade level other than the proposed project.

(c) A district may request new construction eligibility based on the SFP Regulation Section 1859.77.2 or 1859.77.3, as appropriate, in place as of the date of a local bond election provided that clear language was included in the local bond that specifically identified the proposed project, and provided that the project meets all laws and regulations of the SFP.

If a district wishes to amend its Approved Application to include or increase its use of grants request after the submittal to the OPSC, the district must request in writing that the Approved Application be withdrawn and removed from the OPSC workload list. The resubmitted application will receive a new processing date by the OPSC.

The New Construction Grant amount provided shall be determined based on the grant amount provided in Education Code Section 17072.10 for the grade level that generated the eligibility and any New Construction Additional Grant or New Construction Excessive Cost Hardship Grant the district qualifies for as provided by these regulations.

<small>SCHOOL DISTRICT</small> Round Valley Unified School District	<small>APPLICATION NUMBER</small> 50/65607-00-001
<small>SCHOOL NAME</small> Round Valley High School	<small>COUNTY</small> Mendocino
<small>DISTRICT REPRESENTATIVE</small> Mike Gorman - Superintendent	<small>E-MAIL ADDRESS</small> mgorman@rvusd.us

Purpose of Request:

Round Valley Unified School District is requesting appeal to the decision to deny the District new construction state funding for the construction of a new gymnasium on the high school campus. OPSC identifies the "previous facility as a gymnasium and not a multi-purpose building" and the "site already contained an adequate gymnasium based on the enrollment and respective facility needs" as the basis for denial in an email on 3/23/22.

Basis of Request:

- Law (Statute) _____
- Regulation _____
- Other (specify) Misinterpretation of Plans

Description:

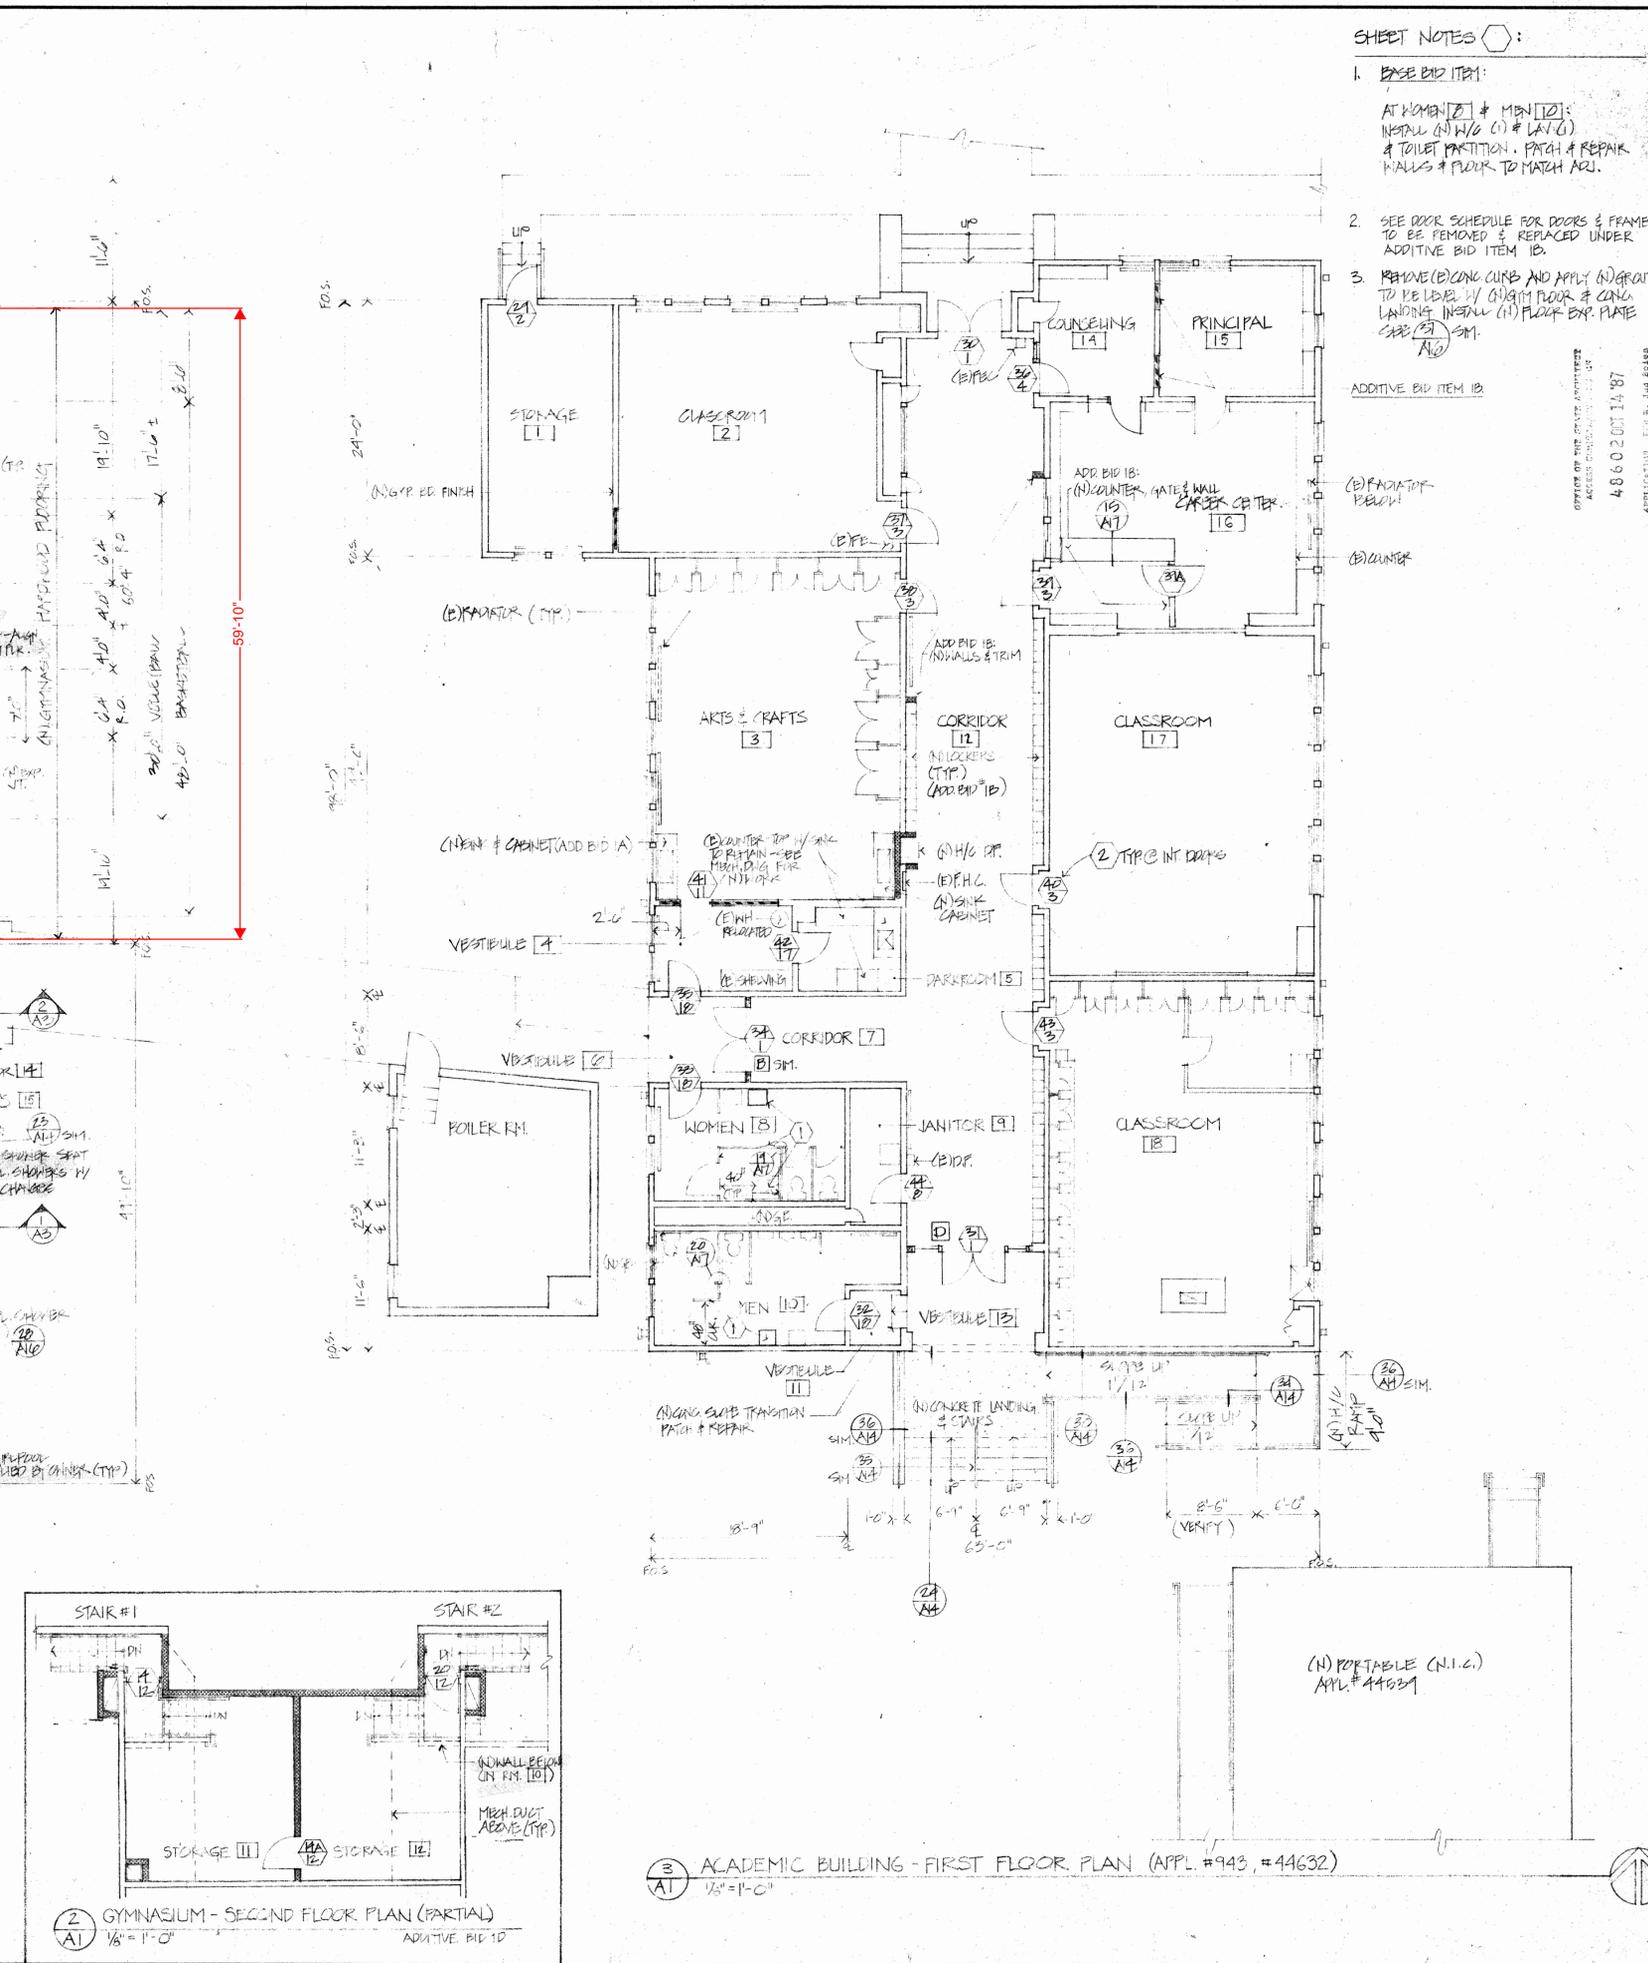

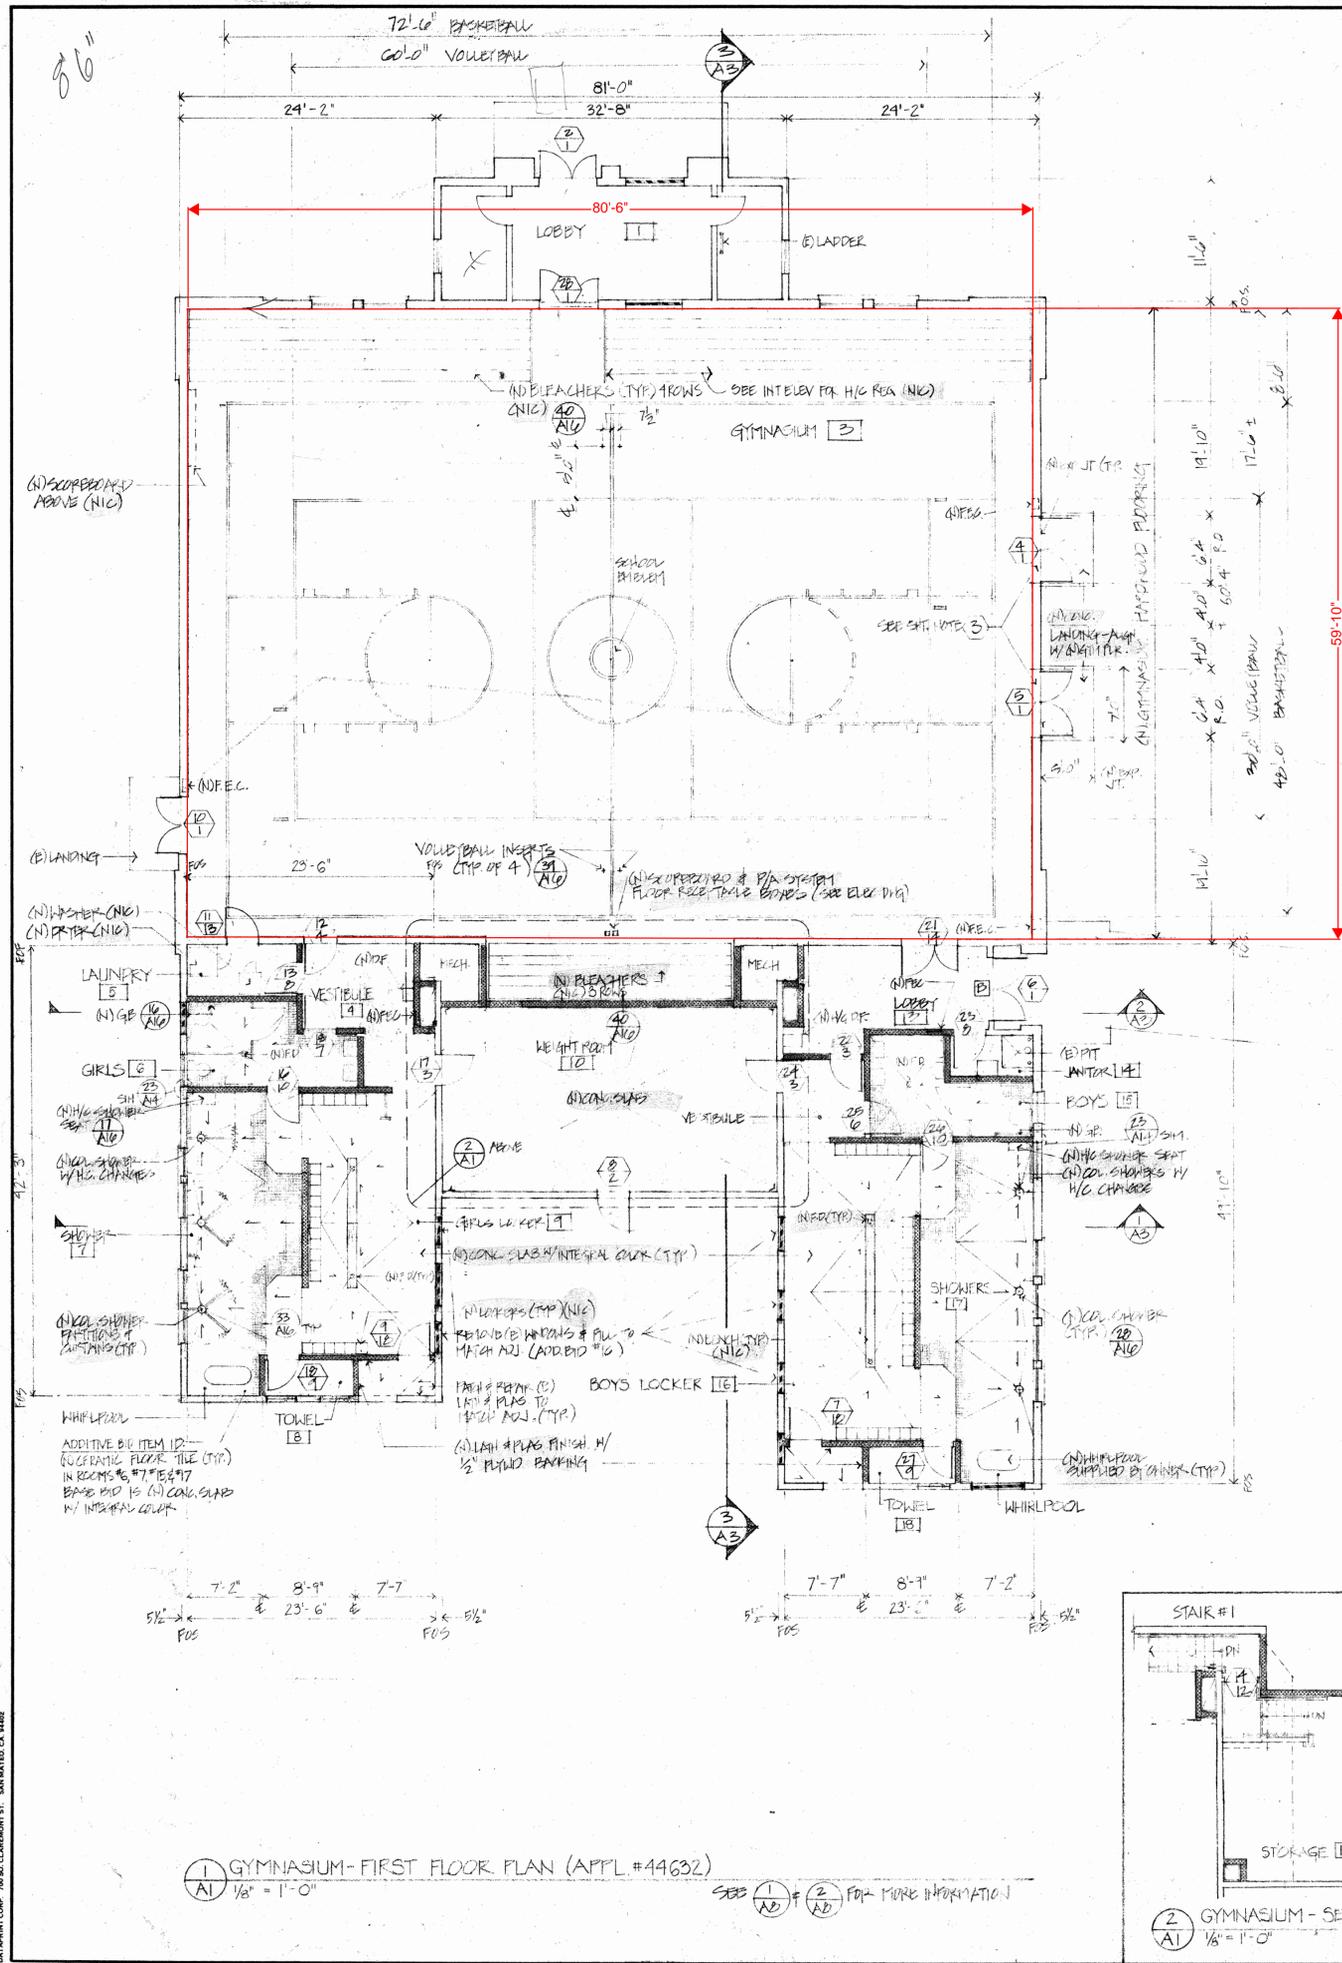

The original gymnasium that was constructed in the 1930's was intended to serve the high school as a multi-purpose facility for athletics, physical education, performances, community events and food service. The high school has no other cafeteria space or kitchen, and so meals are cooked at the neighboring elementary school and brought to the high school where they are distributed from the snack bar area of the gym (added in 1989). Students eat inside the gymnasium facility when weather prevents them from eating outside. This multi-purpose use has continued under the construction of the new gymnasium and is further enhanced by its completion.

The new gymnasium was built solely to serve competitive athletics including basketball, volleyball and wrestling, and serves in this capacity for both the High School and the neighboring Elementary School which has no gym. The original gymnasium's main space measures 80' x 60' and so neither a league competitive 84' x 50' basketball court, nor cross courts were able to fit in the original gymnasium. The new gymnasium does not permit food service use.

The District worked tirelessly to pass two general obligation bonds and had to construct the new gymnasium using materials easily brought in along the single mountain road to the tribal community located in Covelo, CA. The District also had to finance a portion of it's construction and is looking to future state funds to pay off that debt. This project was considered a project that "could not be done" by the community and is seen as perhaps the greatest investment in facilities since the construction of the original school site in the 1930's. It instills a sense of pride for the community and a project that is deserving of precious state funds.

Attached are modernization plans from 1987 and 1989 showing the dimensions of the gym's main floor and the food service area added.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, October 26, 2022

CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN AND FULL-DAY
KINDERGARTEN FACILITIES GRANT PROGRAM
APPORTIONMENTS

PURPOSE OF REPORT

To present California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program (Program) Apportionments for the third funding cycle.

DESCRIPTION

The applications that are included on Attachment B underwent a thorough review process by the Office of Public School Construction (OPSC) and have been determined to meet all Program requirements.

This item requests the State Allocation Board (Board) to approve 18 projects totaling \$59,443,393.29 for Apportionment for the Program grants as shown on Attachment B.

AUTHORITY

See Attachment A.

BACKGROUND

Assembly Bill (AB) 1808, added Article 1 (commencing with Education Code Section 17375) to Chapter 3 of Part 10.5 of Division 1 of Title 1 of the Education Code (EC) to create the Full-Day Kindergarten Facilities Grant Program (FDKFGP). AB 1808 provided \$100 million for FDKFGP from the General Fund. FDKFGP allows school districts that lack the facilities to provide full-day kindergarten to apply for one-time grants to construct new school facilities or retrofit existing school facilities for the purpose of providing full-day kindergarten classrooms.

AB 130, Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on July 9, 2021. This bill appropriated an additional \$490,000,000 from the General Fund for the 2021-2022 fiscal year to the Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing California preschool, transitional kindergarten and full-day kindergarten programs.

AB 181, Education Finance: Education Omnibus Trailer Bill, was approved by the Governor and Chaptered on June 30, 2022. For the 2022-23 fiscal year, this bill appropriated an additional \$100,000,000 from the General Fund of the 2021-22 fiscal year to the Board to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing California preschool, transitional kindergarten and full-day kindergarten programs. The bill also states the intent to appropriate an additional \$550,000,000 from the General Fund to the Program in the 2023-24 fiscal year.

The Program opened the third funding round on April 1, 2022 and closed the round on April 30, 2022. OPSC received 418 applications, requesting \$1,525,130,797 in funding.

STAFF ANALYSIS/STATEMENTS

The round allocated \$225 million of Program funding and at the September 21, 2022, Board meeting 11 projects were approved for \$ 33,651,0443.89 in Apportionments. In this item, Staff is presenting 18 projects for funding approval for \$59,443,393.29 in Apportionments.

Funding allocated at September 2022 Board Meeting	\$33,651,043.89
Funding allocated at October 2022 Board Meeting	\$59,443,393.29
Remaining Balance from Round 3*	\$131,905,562.82

*33 school districts requesting \$201,137,231.00 in state funding requested to receive preference points for financial hardship because they believed they were unable to meet their matching share requirement. During the processing of applications that occurred from May through October 2022, these school districts and projects were determined to not meet the eligibility criteria for financial hardship funding and, subsequently, the related preference points. Staff processed additional projects based on projected preference point order.

Funding Order

In accordance with Program Regulation Section 1860.15, the applications were ranked by preference points. Approved Applications receive preference points based on the total of (a) and (b) up to a maximum of 80 points, as follows:

- (a) 40 points if a school district demonstrates it meets the requirements for financial hardship.
- (b) Up to 40 points based on the percentage of pupils in the school district who are eligible for Free and Reduced-Price School Meals, as identified in the most recent data on file at the California Department of Education (CDE).

Once the preference points were determined, all approved applications were prioritized based on the following order per Program regulations:

1. School districts will have their first priority projects funded in order based on total preference points until all school districts have had their first priority project funded.
2. School districts with the same total preference points will be funded in order of the higher Low Income percentage reported to one decimal place. The school district with the higher Low Income percentage will be funded first, as identified in the most recent Free and Reduced Price School Meals data on file at the CDE. If school districts have the same total preference points, and the same Low Income percentage reported to one decimal place, projects will then be placed into a lottery system to determine the school district funding order.
3. The school district with the highest total preference points shall have their remaining projects funded in priority order until all of the school district's projects are funded, or until all funds are exhausted for that funding round, whichever comes first. Funding shall then be provided to the school district with the next highest total preference points.

4. A tie breaker will be used for school districts with the same total preference points by using the exact Low Income percentage to one decimal place. The school district with the higher Low Income percentage will be funded first.
5. If school districts with the same total preference points are still tied after the review of the Low Income percentages, projects will be placed into a lottery system to determine school district funding order. The highest remaining priority project for each school district participating in the lottery will be funded until all projects from each school district participating in the same lottery round have been funded, or until all funds are exhausted for that funding round, whichever comes first.

Due to the number of applications and respective grant amounts, funding order was based on total preference points for each school district and their first priority project.

Receiving an Apportionment

School districts who receive Program Apportionment without an advance release of funds must submit a valid *Fund Release Authorization* (Form SAB 70-02) within 180 days of Apportionment. School districts who receive a Program Apportionment with an advance release of funds must submit a valid Form SAB 70-02 with all required approvals within 12 months of Apportionment. Failure to submit the Form SAB 70-02 and required approvals within the prescribed period will result in the rescission of the project without further Board action.

A school district that has received funds in accordance with the program must submit a valid *Expenditure Report* (Form SAB 70-03) at the completion of the project. A final savings report stating any use of savings shall be due 12 months after the first expenditure report. Any savings remaining at the end of the 12 months must be returned to the State.

All school districts that receive a Board approval for an Apportionment must execute and submit a Grant Agreement prior to any release of funds. Cash proceeds are immediately available upon project Apportionment.

Summary

Staff recommends approval of the remaining 18 Program projects on Attachment B for Apportionment. In accordance with Program Regulations, applications not funded will be retained until December 31, 2022.

Pursuant to the Board's action at the September meeting, the next filing round will open February 1, 2023 and close on March 2, 2023.

RECOMMENDATIONS

1. Approve the Program projects in the amount of \$59,443,393.29 as shown on Attachment B for Apportionment.
2. For an Apportionment with request for an advance fund release for design, pursuant to Regulation Section 1860.16(f), the school district must submit a valid *Fund Release Authorization* (Form SAB 70-02) within 12 months of the Apportionment.

This Item was approved by the State Allocation Board on October 26, 2022.

ATTACHMENT A

17375.

(a) (1) The California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program is hereby established, under the administration of the State Allocation Board pursuant to the requirements of this section, to provide one-time grants to school districts to construct new school facilities or retrofit existing school facilities for the purpose of providing transitional kindergarten classrooms and full-day kindergarten classrooms pursuant to Section 8973, and for the construction of new preschool classrooms, the modernization of existing preschool classrooms, or the modernization of existing kindergarten and grade 1 to 12, inclusive, classrooms that would be converted to provide California state preschool programs operated by school districts on a public schoolsite, pursuant to this section.

(2) Moneys appropriated pursuant to this section shall be deposited in the California Preschool, Transitional Kindergarten, and Full-Day Kindergarten Facilities Account, hereby created in the State Treasury, administered by the State Allocation Board.

(3) For the 2018–19 fiscal year, the sum of one hundred million dollars (\$100,000,000) is hereby appropriated from the General Fund to the State Allocation Board to provide one-time grants as specified in this section, as it read on December 31, 2020.

(4) (A) For the 2021–22 fiscal year, the sum of four hundred ninety million dollars (\$490,000,000) is hereby appropriated from the General Fund to the State Allocation Board to provide one-time grants as specified in this section.

(B) For the 2022–23 fiscal year, the sum of one hundred million dollars (\$100,000,000) is hereby appropriated from the General Fund in the 2021–22 fiscal year to the State Allocation Board to provide one-time grants as specified in this section.

(C) It is the intent of the Legislature to appropriate an additional five hundred fifty million dollars (\$550,000,000) in the 2023–24 fiscal year from the General Fund to the State Allocation Board to provide one-time grants as specified in this section.

(D) (i) Of the moneys allocated to a school district from the appropriation made pursuant to this paragraph, savings and interest achieved upon full completion of an approved project, and as a result of a school district's efficient and prudent expenditure of the moneys allocated, may be used for professional development or instructional materials to build capacity for the implementation of a California state preschool program, a transitional kindergarten program, a full-day kindergarten program, or high priority capital outlay purposes identified by the school district and in accordance with subdivision (f), associated regulations, and any accompanying grant agreement.

(ii) Notwithstanding any other law, for purposes of the funds appropriated in support of this paragraph only, a school district may retain and use savings and interest pursuant to clause (i) even if it receives financial hardship assistance pursuant to Section 17075.10.

ATTACHMENT A

(iii) Savings and interest retained by a school district shall be expended within one year of project completion or returned to the state as required by associated regulations and any accompanying grant agreement.

(5) New school facilities built pursuant to this section shall not be included in the eligibility determination used for purposes of the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10).

(b) (1) The State Allocation Board shall award grants to school districts that lack the facilities to provide transitional kindergarten or full-day kindergarten as required for eligibility pursuant to Sections 17071.25 and 17072.10, that lack facilities that satisfy the design requirements required for new kindergarten classrooms as specified in paragraph (2) of subdivision (h) of Section 14030 of Title 5 of the California Code of Regulations, or that lack the facility capacity to increase California state preschool program services.

(2) Priority for grants shall be given to school districts that meet either of the following criteria:

(A) The school district is financially unable to contribute a portion of, or all of, the local matching share required pursuant to paragraph (3) for a project, and meets the requirements for financial hardship pursuant to Sections 17075.10 and 17075.15. For purposes of this section, paragraph (5) of subdivision (d) of Section 17075.15 shall not apply.

(B) (i) For school districts seeking a transitional kindergarten or full-day kindergarten facilities grant, the school district is located in an underserved community with a high population of pupils who are eligible for free or reduced-price meals pursuant to subdivision (a) of Section 42238.01.

(ii) For school districts seeking a preschool facilities grant, the school district is located in an underserved area, as defined in Section 8205, that is prioritized to receive funds for the California state preschool program according to the prioritization process described in Section 8210.

(3) Except for school districts that meet the requirements for financial hardship pursuant to Section 17075.10 and as specified in paragraph (4), a school district that applies for a grant pursuant to this section for new construction shall provide 50 percent of the cost of the project, and a school district that applies for a grant pursuant to this section for a retrofit project shall provide 40 percent of the cost of the project.

(4) Except for school districts that meet the requirements for financial hardship pursuant to Section 17075.10, a school district shall provide 25 percent of the cost of the project, whether the project is for new construction or retrofit, if the school district does either of the following:

ATTACHMENT A

(A) Converts a part-day kindergarten program to a full-day kindergarten program. A school district that was awarded a grant from funds appropriated pursuant to paragraph (3) of subdivision (a) and met the requirements of this paragraph shall have its grant amount adjusted from funds appropriated pursuant to paragraph (4) of subdivision (a) to reflect the requirements of this paragraph.

(B) Commencing with the 2021–22 fiscal year, offers, or expands enrollment in, a California state preschool program or transitional kindergarten program.

(5) (A) A school district seeking a transitional kindergarten or full-day kindergarten facilities grant from moneys in the California Preschool, Transitional Kindergarten, and Full-Day Kindergarten Facilities Account shall provide the Office of Public School Construction with schoolsite enrollment data for the year in which its application is processed and the three immediately preceding years. The Office of Public School Construction shall use this data to verify the schoolsite's overall need for funding pursuant to this section based on the schoolsite's enrollment patterns. As part of this verification, the Office of Public School Construction, in consultation with the State Department of Education, shall determine if the schoolsite's need for funding shall be limited to retrofit projects.

(B) For a school district seeking a new construction grant for preschool classrooms from moneys in the California Preschool, Transitional Kindergarten, and Full-Day Kindergarten Facilities Account, the school district shall demonstrate that its existing classrooms, including outdoor play areas and equipment, are insufficient to meet the needs of providing preschool, and that the school district's projected enrollment in the preschool program exceeds the current preschool program classroom capacity at the applicable schoolsite. A school district shall use both of the following to demonstrate enrollment for purposes of determining eligibility:

(i) The most recent childcare needs assessment conducted by its regional local planning council for preschool age children.

(ii) A current or future contract with the State Department of Education to operate a preschool program.

(6) A school district, county office of education, or community college district seeking a preschool facilities grant shall hold title to the real property where the facilities will be located.

(c) The State Allocation Board shall disburse grant funds to school districts with approved applications for new construction or retrofit projects, to the extent funds are available for the state's applicable matching share, if the school district has provided its applicable local matching share, unless the school district meets the requirements for financial hardship pursuant to Section 17075.10, and upon certification by the school district that the school district has entered into a binding contract for completion of the approved project.

ATTACHMENT A

(d) The State Allocation Board shall allocate funds to school districts using the same maximum grant eligibility amounts that are used for purposes of the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10), as set forth in Sections 17072.10 and 17072.11 for new construction, and as set forth in Section 17074.10 for retrofit projects.

(e) As a condition of receiving grant funds pursuant to this section, and before the release of those funds, the school district shall do all of the following:

(1) Execute and submit a grant agreement consistent with the applicable sections of the grant agreement specified in Section 1859.90.4 of Title 2 of the California Code of Regulations.

(2) For a school district applying for grant funds for a transitional kindergarten facilities project, pass a resolution at a public meeting of the governing board of the school district stating the school district's intent to offer, or expand enrollment in, a transitional kindergarten program.

(3) For a school district applying for grant funds for a California state preschool program facilities project, pass a resolution at a public meeting of the governing board of the school district stating the school district's intent to expand enrollment in a preschool program and apply for expanded program service funding, and certify that the school district has or will apply for a contract to operate a preschool program before occupying the to-be-constructed or retrofitted facility.

(f) (1) A school district may use grant funds awarded for new construction on costs necessary to adequately house preschool, transitional kindergarten, and kindergarten pupils in an approved project, which shall include only the following:

(A) The costs of design, engineering, testing, inspections, plan checking, construction management, site acquisition and development, evaluation and response action costs relating to hazardous substances at a new or existing schoolsite, demolition, construction, landscaping, necessary utility costs, utility connections and other related fees, equipment including telecommunication equipment to increase school security, furnishings, the upgrading of electrical systems, and the wiring or cabling of classrooms in order to accommodate educational technology.

(B) The costs of acquiring an existing government-owned or privately owned building, or a privately financed school building, and the necessary costs of converting the government-owned or privately owned building for public school use.

(2) (A) A school district may use grant funds awarded for a retrofit project to retrofit an existing school facility to adequately house preschool, transitional kindergarten, and kindergarten pupils, which shall only include the costs of design, engineering, testing, inspection, plan checking, construction management, demolition, construction, necessary utility costs, utility connection and other related fees, the purchase and installation of air-conditioning equipment and insulation materials and related costs,

ATTACHMENT A

furniture and equipment, including telecommunication equipment to increase school security, fire safety improvements, playground safety improvements, the identification, assessment, or abatement of hazardous asbestos, seismic safety improvements, the upgrading of electrical systems, and the wiring or cabling of classrooms in order to accommodate educational technology.

(B) Grant funds awarded for a retrofit project shall not be used for costs associated with acquisition and development of real property or for routine maintenance and repair.

(3) A school district shall not use funds to purchase or install portable classrooms. For purposes of this article, "portable classroom" means a classroom building of one or more stories that is designed and constructed to be relocatable and transportable over public streets, and for a single-story portable classroom, is designed and constructed for relocation without the separation of the roof or floor from the building and when measured at the most exterior walls, has a floor area that does not exceed 2,000 square feet.

(g) For a modernization grant pursuant to this article to retrofit an existing preschool classroom, including outdoor play areas and installed equipment, the applicable classroom shall comply with all of the following:

(1) The Field Act, as set forth in Article 3 (commencing with Section 17280) and Article 6 (commencing with Section 17365).

(2) The California Building Standards Code, as set forth in Title 24 of the California Code of Regulations.

(3) The regulations for early learning and care programs as set forth in Chapter 19 (commencing with Section 18000) of Division 1 of Title 5 of, and Chapter 1 (commencing with Section 101151) of Division 12 of Title 22 of, the California Code of Regulations, as applicable.

(4) Written approval from the State Department of Education that the building plans comply with the standards set forth in Subchapter 1 (commencing with Section 14001) of Chapter 13 of Division 1 of Title 5 of the California Code of Regulations.

(h) The State Allocation Board may adopt regulations to implement this section. Any regulations adopted pursuant to this section may be adopted as emergency regulations in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Title 2 of the Government Code). The adoption of these regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(i) Notwithstanding any other law, a school district shall be subject, with regard to this section, to an audit conducted pursuant to Section 41024.

(j) The Office of Public School Construction shall report to the Director of Finance, and shall post on its internet website, information regarding the use of grant funds that have

ATTACHMENT A

been made available to school districts during each fiscal year grant funds are disbursed pursuant to this section. A final report shall also be issued after projects have been audited pursuant to Section 41024 and any savings have been spent or returned to the state.

(k) The Department of General Services may charge its administrative costs against the California Preschool, Transitional Kindergarten, and Full-Day Kindergarten Facilities Account, which shall be subject to the approval of the Department of Finance and which shall not exceed 2.5 percent of the account.

(l) Funds made available to school districts pursuant to this article shall supplement, not supplant, existing funds available for school facilities construction.

(m) For purposes of this section, the following definitions apply:

(1) "Kindergarten" includes transitional kindergarten, as defined in Section 48000.

(2) "Preschool classroom" means a preschool classroom used or proposed to be used for instructional purposes in a California state preschool program.

(3) "Preschool program" means a full-day California state preschool program pursuant to Article 2 (commencing with Section 8207) of Chapter 2 of Part 6.

(4) "Schoolsite" or "site" means the project site for which the school district is applying for grants under this article.

(5) "School district" means as follows:

(A) For transitional kindergarten and full-day kindergarten facilities grants, "school district" means a school district.

(B) For preschool facilities grants, "school district" means a school district, county office of education, or a community college district that operates a preschool program on behalf of, or in lieu of, a school district or county office of education.

(Amended by Stats. 2022, Ch. 52, Sec. 12. (AB 181) Effective June 30, 2022.)

EC Section 8973.

Notwithstanding any other provision of law, the kindergarten schoolday in an early primary program conducted pursuant to Section 8972 may exceed four hours, exclusive of recesses, provided that both of the following conditions are met:

(a) The governing board of a school district declares that the extended-day kindergarten program does not exceed the length of the primary schoolday.

ATTACHMENT A

(b) The extended-day kindergarten program takes into account ample opportunity for both active and quiet activities within an integrated, experiential, and developmentally appropriate educational program.

EC Section 8974.

School districts with early primary programs shall provide educational continuity from preschool through kindergarten and grades 1 to 3, inclusive, by accomplishing the following:

(a) Establish connections with public preschool programs, including state preschool, state child development, and federal Head Start programs, to establish a more effective transition of children from preschool to kindergarten.

(b) Promote connections among early primary programs that provide before- and after-school services.

(c) Promote joint activities for teachers and administrators of public preschool programs, including state preschool, state child development, and federal Head Start, and kindergarten and grades 1 to 3, inclusive, in areas such as program planning and staff development training related to developmentally appropriate curriculum and assessment practices for young children.

EC Section 8207.

(a) The Superintendent shall administer all California state preschool programs. Those programs shall include, but not be limited to, part-day and full-day age and developmentally appropriate programs, offered through childcare centers and family childcare home education networks, that are designed to facilitate the transition to kindergarten for three- and four-year-old children in educational development, health services, social services, nutritional services, parent education and parent participation, evaluation, and staff development. Preschool programs for which federal reimbursement is not available shall be funded as prescribed by the Legislature in the Budget Act, and unless otherwise specified by the Legislature, shall not use federal funds made available through Title XX of the federal Social Security Act (42 U.S.C. Sec. 1397).

(b) A part-day California state preschool program shall operate for a minimum of (1) three hours per day, excluding time for home-to-school transportation, and (2) a minimum of 175 days per year, unless the contract specifies a lower number of days of operation.

(c) A full-day California state preschool program shall operate for a minimum of 246 days per year, unless the contract specifies a lower number of days of operation.

(d) Any agency described in subdivision (a) of Section 8205 as an “applicant or contracting agency” is eligible to contract to operate a California state preschool program.

ATTACHMENT A

(e) Public funds shall not be paid directly or indirectly to an agency that does not pay at least the minimum wage to each of its employees.

(f) Federal Head Start funds used to provide services to families receiving California state preschool services shall be deemed nonrestricted funds.

(g) School districts and charter schools that administer a California state preschool program may place four-year-old children in a transitional kindergarten program classroom in accordance with subdivisions (h) to (j), inclusive, of Section 48000.

(h) California state preschool programs shall include all of the following:

(1) Age- and developmentally appropriate activities for children.

(2) Supervision.

(3) Parenting education and parent engagement.

(4) Social services that include, but are not limited to, identification of child and family needs and referral to appropriate agencies.

(5) Health services.

(6) Nutrition.

(7) Training and career ladder opportunities, documentation of which shall be provided to the department.

(i) The Superintendent shall adopt rules and regulations related to the administration of this chapter, including rules and regulations related to eligibility, enrollment, and priority of services. Regulations shall also include the recommendations of the State Department of Health Care Services relative to health care screening and the provision of health care services. The Superintendent shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of children who are ill or have exceptional needs.

EC Section 1596.7925.

(a) On or before July 1, 2019, the State Department of Education shall adopt new health and safety regulations under Title 5 of the California Code of Regulations that apply to California state preschool programs that meet the conditions specified in subdivision (o) of Section 1596.792. The regulations shall require those programs to have all of the following:

(1) Outdoor shade that is safe and in good repair.

(2) Drinking water that is accessible and readily available throughout the day.

(3) Safe and sanitary restroom facilities with one toilet and handwashing fixture for every 15 children.

(4) Restroom facilities that are only available for preschoolers and kindergartners.

(5) Visual supervision of children at all times.

ATTACHMENT A

(6) Indoor and outdoor space that is properly contained or fenced and provides sufficient space for the number of children using the space at any given time. Playground equipment must be safe, in good repair, and age appropriate.

(b) The State Department of Education may adopt emergency regulations pursuant to Section 11346.1 of the Government Code to satisfy the requirements of this section. The adoption of emergency regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, safety, or general welfare.

(c) A violation of regulations adopted pursuant to subdivision (a) or (b) shall not be subject to Section 1596.890.

5 CCR § 18140

§ 18140. General Provisions.

(a) The regulations in article 4 apply only to Local Educational Agencies (LEAs) operating part-day or full-day California State Preschool Programs (CSPPs) that choose to be exempt from title 22 of California Code of Regulations (22 CCR) pursuant to Health and Safety Code section 1596.792(o).

(b) LEAs operating part-day or full-day CSPP classrooms may choose for any or all classrooms to be exempt from 22 CCR licensing requirements as long as they continue to meet all legal and contractual requirements of the CSPP, which includes adequate standards of Program Quality, pursuant to subchapter 12 of chapter 19, of this division, as well as meet the following conditions:

(1) The LEA has a contract to perform CSPP services and performs those services directly, and not through a subcontractor;

(2) The LEA is performing such services in a school building, as defined by Education Code section 17283, and the school building in which the services are performed has been determined to be compliant with the provisions of the Field Act, pursuant to title 1, division 1, part 10.5, chapter 3, articles 3 and 6 of the Education Code, according to the Division of the State Architect;

(3) The school building in which services are performed is maintained in good repair as defined by Education Code section 17002 and is subject to a yearly facility inspection pursuant to Education Code section 1240 and the information is included on the LEA's School Accountability Report Card.

(4) The LEA facility meets the requirements for kindergarten classrooms in accordance with chapter 13 (commencing with section 14000) of division 1 of title 5 of the California Code of Regulations (5 CCR).

(c) Any LEA operating a CSPP classroom pursuant to this article may only serve four-year-old children as defined in Education Code section 8208 in the exempted

ATTACHMENT A

classrooms. CSPP classrooms with any child younger than four years of age shall meet 22 CCR licensing requirements.

(d) The California Department of Education (CDE) shall make a determination whether an LEA meets the requirements of this article at the time of initial funding and thereafter yearly as part of the continued funding process. At any time, the CDE may make a finding that an LEA does not meet the requirements for license exemption and shall notify the LEA of such finding. The LEA may appeal this finding pursuant to 5 CCR section 18308.

(e) The CDE shall immediately notify the California Department of Social Services, Community Care Licensing Division, regarding any change in the licensing status of an LEA and/or if a determination is made that an LEA does not meet the requirements of Health and Safety Code section 1596.792(o) and this article and should be subject to licensing.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

This project is subject to the Grant Agreement submittal pursuant to Regulation Section 1860.17.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The District qualifies for financial hardship pursuant to Regulation Section 1860.14(a)(3). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's total bonding capacity as of March 9, 2022 is \$5 million or less.

The District has requested an advance release of funds for Design. Pursuant to Regulation Section 1860.10(a) \$146,230.00, equal to 40 percent of the grant determined by Regulation Section 1860.9(a), will be released by OPSC upon the receipt of a valid, signed Grant Agreement as specified in Regulation Section 1860.17.

Pursuant to Regulation Section 1860.19(b)(4), any savings, including interest, unexpended or unencumbered after one year from the completion of the project, as specified in Section 1860.18, must be returned to the State.

The District has requested an advance release of funds for *Design*. Pursuant to Regulation Section 1860.10(a) \$584,920.00, equal to 40 percent of the grant determined by Regulation Section 1860.9(a), will be released by OPSC upon the receipt of a valid, signed Grant Agreement as specified in Regulation Section 1860.17.

With the exception of School Districts receiving Financial Hardship funding, a portion of the School District's required matching share will be equal to a 25 percent District share and a 50 percent District share for New Construction OR a 25 percent District share and a 40 percent District share for Retrofit, pursuant to Regulation Sections 1860.11 and 1860.13.

Pursuant to Regulation Section 1860.19(b)(4), any savings, including interest, unexpended or unencumbered after one year from the completion of the project, as specified in Section 1860.18, must be returned to the State.

Charter School Facilities Program Preliminary Charter School Apportionments

PURPOSE OF REPORT

To provide 13 Preliminary Charter School Apportionments for the Charter School Facilities Program (CSFP) in the amount of \$142.8 million.

DESCRIPTION

The CSFP provides qualified applicants with a preliminary apportionment for the construction of new charter school facilities or the rehabilitation of existing district-owned facilities that are at least 15 years old for charter school use. The applications that are included on Attachment B underwent a thorough review process by both the California School Finance Authority (CSFA) and the Office of Public School Construction (OPSC). The applicants have been determined to be financially sound and all program requirements have been met. This item seeks approval from the State Allocation Board (Board) of the Preliminary Charter School Apportionments shown on Attachment B.

AUTHORITY

See Attachment A

BACKGROUND

In 2002, Assembly Bill 14 created the CSFP. With the passage of the Kindergarten-University Public Education Facilities Bond Acts of 2002 (Proposition 47), 2004 (Proposition 55) and 2006 (Proposition 1D), and the Kindergarten Through Community College Public Education Facilities Bond Act of 2016 (Proposition 51), \$1.4 billion has been made available for charter school facilities through the CSFP. The CSFP allows charter schools that provide site-based instruction to access State facility funding directly or through the school district where the project will be physically located and that serves the same grade level that will be housed by the charter project. To qualify for funding, a financial soundness determination must be granted by CSFA.

A Preliminary Charter School Apportionment is a reservation of CSFP bond authority for the project. Successful applicants must obtain the necessary plan and site approvals and convert from a preliminary to a Final Charter School Apportionment meeting all the School Facility Program (SFP) criteria within a four-year period, unless a one-time one-year extension is granted. Any Preliminary Charter School Apportionments not converted within the specified time will be rescinded and the authority reserved for the project will be returned to the CSFP.

All applicants that have a Preliminary Charter School Apportionment may request an advance fund release for design costs. Applicants that reserved costs for site acquisition as part of their preliminary apportionment may also request an advance fund release to purchase a site. The amounts for site acquisition and design are calculated pursuant to SFP Regulations, Section 1859.164.2, and are placed on the Unfunded List (Lack of AB 55 Funding) as of the date the preliminary apportionment is awarded. Applicants must participate in the Priority Funding process to request these funds, as outlined in SFP Regulations, Section 1859.90.2.

Applicants may apply for a Charter School Preliminary Apportionment during specified filing rounds. At its January 2022 meeting, the Board approved a new CSFP filing round, which occurred from May 2, 2022, through June 3, 2022. At this meeting, the Board approved the use of all available bond authority from Propositions 47, 55, 1D and 51 not needed for existing CSFP preliminary apportionment conversions for awarding new Preliminary Charter School Apportionments. The Board also declared that the applications that did not receive a Preliminary Charter School Apportionment would remain valid for 12 months after the date the initial preliminary apportionments were awarded. This would enable the Board to continue awarding additional preliminary apportionments during the 12-month period, provided additional bond authority returned to the program from prior bond sources.

Because the estimated total preliminary apportionments of all financially sound applicants exceed the funds available, the Board will provide Preliminary Charter School Apportionments based on both preference points and funding categories using the following criteria per statute and SFP Regulation Section 1859.164, to ensure that a variety of project types are funded.

Preference points for applicants are calculated based on the following criteria:

- Percentage of overcrowding for the school district where the project will be located and the project's effort to relieve overcrowding;
- Percentage of low-income pupils in the school district where the project will be located, any public school within the Charter School General Location, or the existing charter school;
- Whether or not the entity operating the charter school is a non-profit entity, and
- Whether or not the charter school is rehabilitating existing district-owned facilities.

BACKGROUND (cont.)

Once the preference points have been established, a Preliminary Charter School Apportionment will be awarded to the application with the highest number of points in each of the following categories pursuant to SFP Regulation Section 1859.164:

- (a) Geographical Region One, Two, Three, or Four
- (b) Urban, Rural or Suburban areas
- (c) Large, Medium, or Small Charter Schools
- (d) K-6, 7-8, or 9-12 grade levels.

STAFF ANALYSIS/STATEMENTS

OPSC received 39 applications by the final filing deadline. After a preliminary review, six applications were either deemed ineligible for funding due to not meeting program requirements or withdrawn at the request of the applicant, leaving 33 applications eligible for consideration. The estimated total value of the 33 eligible applications received is approximately \$450.0 million.

As of the August 2022 SAB meeting, \$160.8 million in CSFP bond authority is available for new Charter School Preliminary Apportionments. On Attachment B of this item, the first 13 applications eligible for funding with the available bond authority are presented for Board approval. The applications have been fully processed and determined to be financially sound by CSFA. They are shown in rank order as required by SFP Regulation Section 1859.164 and are recommended for a Preliminary Charter School Apportionment. The remaining applications are listed in alphabetical order on Attachment C. This list will remain valid for 12 months from the date of this meeting to allow the Board to continue awarding preliminary apportionments if additional bond authority returns to the program from prior bond sources.

As additional CSFP bond authority becomes available from prior bond sources, OPSC will continue to fully process additional applications to future Board meetings to award additional Preliminary Charter School Apportionments.

RECOMMENDATIONS

1. Approve Preliminary Charter School Apportionments for the projects shown on Attachment B in the amount of \$142.8 million. Applicants receiving a Preliminary Charter School Apportionment must convert the project to a Final Charter School Apportionment within four years from the date of this approval pursuant to SFP Regulation Section 1859.166.
2. Place the separate advance fund release amounts for design and site, as applicable, for each Preliminary Charter School Apportionment on the Unfunded List (Lack of AB 55 Loans).

This Item was approved by the State Allocation Board on October 26, 2022.

ATTACHMENT A
AUTHORITY

Education Code (EC) Section 17078.52(a) There is hereby established the Charter Schools Facilities Program to provide funding to qualifying entities for the purpose of establishing school facilities for charter school pupils.

EC Section 17078.52(c)(3) "Preliminary apportionment" means an apportionment made for eligible applicants under this article in advance of full compliance with all of the application requirements otherwise required for an apportionment pursuant to this chapter. The process for making preliminary apportionments under this article shall be substantially identical to the process established for critically overcrowded schools pursuant to Section 17078.22 to 17078.30, inclusive.

School Facility Program (SFP) Regulation Section 1859.2 "Final Charter School Apportionment" shall mean a Preliminary Charter School Apportionment that has been converted to a Final Charter School Apportionment in accordance with 1859.165.

SFP Regulation Section 1859.2 "Preliminary Charter School Apportionment" means an apportionment made pursuant to Education Code Section 17078.52(c)(3).

SFP Regulation Section 1859.161. Preliminary Charter School Application Submittals. An applicant seeking a Preliminary Charter School Apportionment shall complete and submit a Form SAB 50-09 during a period of 120 calendar days beginning 180 calendar days after an election authorizing additional funding.

The Board may establish additional application filing periods as needed.

SFP Regulation Section 1859.164. Application Funding Criteria. If the estimated total apportionments of all Financially Sound Preliminary Charter School Applications received in either filing period specified in Section 1859.161 exceed the funds available, the applications shall be identified in each of the following four categories:

- (a) Geographical Region One, Two, Three, or Four.
- (b) Urban, Rural, or Suburban areas.
- (c) Large, Medium, or Small Charter Schools.
- (d) K-6, 7-8, or 9-12 grade levels.

The Board shall first apportion one project of each possible type, a maximum of four in category (a) and a maximum of three in categories (b) through (d), starting with (a) and continuing through (d). If more than one application is received of the same type within a category, the Board will apportion based on which project has the highest preference points, calculated in Section 1859.164.1. If a project has the highest preference points but was previously apportioned, the project with the next highest preference points will be apportioned. The same process will continue for the remaining categories until the Board has apportioned a project within each type in categories (a) through (d), or until no funding

remains. If after funding one project in each category (a) through (d), funding remains available, the process shall be repeated until no funding remains.

SFP Regulation Section 1859.164.1. Calculation of Preference Points.

Preference points will be calculated for all Preliminary Charter School Applications. An application shall receive preference points based on the total of (a), (b), (c) and (d), up to a maximum of 160 points, as follows:

- (a) Low Income: Up to 40 points based on the percentage of pupils at either the Charter School or school district where the Charter School is or will be located, or any public school within the Charter School General Location meeting the definition of Low-income. The applicant may report the highest percentage of the three. Use the following sliding scale to determine the number of preference points:

Percentage Receiving Free/Reduced Lunch	Preference Points Assigned
5-15%	4
16-30%	8
31-39%	12
40-47%	16
48-55%	20
56-64%	24
65-73%	28
74-82%	32
83-92%	36
93%	36.5
94%	37
95%	37.5
96%	38
97%	38.5
98%	39
99%	39.5
100%	40

- (b) Overcrowded School District: Up to 40 points if the school district where the Charter School is physically located is determined to be overcrowded by dividing the remaining New Construction Eligibility (prior to the reduction from this application) by the district's current enrollment and multiplying the product by 100. The following sliding scale determines the maximum number of preference points available for the degree of overcrowding:

Percentage Overcrowded	Preference Points Assigned
2-9%	4
10-13%	8
14-16%	12
17-19%	16
20-22%	20
23-25%	24
26-33%	28
34-41%	32
42-49%	36
50% and above	40

The method of allocating preference points to applicants will utilize the percentage overcrowded chart for a maximum point distribution. Next, each application will be assigned an “effort” percentage which further allocates points within each overcrowding point category. The percentage generated by the number of unhoused pupils that the project will house, divided by the project capacity will represent the effort made to relieve overcrowding in the district. The “effort” percentage will be assigned the following point distribution:

% Effort to Relieve Overcrowding	Ratio of Overcrowded Points Awarded
40% or more	100% of the points for the overcrowded category
30-39%	90% of the points for the overcrowded category
20-29%	80% of the points for the overcrowded category
10-19%	70% of the points for the overcrowded category
1-9%	60% of the points for the overcrowded category
0	No points for the overcrowded category

The total points assigned for overcrowding will be calculated by applying the appropriate “effort” percentage and its corresponding ratio of points to the percentage overcrowded category for the district in which the project will be physically located.

- (c) Non-Profit Entity: If the entity operating the Charter School meets the definition of a Non-Profit Entity, the project will receive 40 preference points.
- (d) Existing Facilities: If the project proposes to rehabilitate existing facilities, the project will receive 40 preference points.

SFP Regulation Section 1859.164.2. Preliminary Charter School Apportionment Fund Release.

An applicant receiving a Preliminary Charter School Apportionment from the Board after July 2, 2003 may request an advance release of funds for either of the following:

- (a) A separate advance release of funds for design equal to 20 percent of the amount determined in Section 1859.163.1(a)(1) through (8) and Section 1859.163.1(c)(1) and (2) or Section 1859.163.5(a)(1) through (6) and Section 1859.163.5(b)(1) and (2).
- (b) A separate advance release of funds for site acquisition once the requirements in Section 1859.81.1(a)(2) and (3) are met for an amount not to exceed the Preliminary Charter School Apportionment for site acquisition. The Board shall release to the applicant an amount up to the Preliminary Charter School Apportionment determined in Section 1859.163.1(b).

Qualified applicants may request a separate advance release of funds for the design and for the site acquisition for the same project. An applicant seeking an advance release of funds pursuant to (a) and/or (b) must have been deemed and maintained financial soundness status from the Authority. Subject to the availability of financing provided by the Pooled Money Investment Board for bond-funded projects, the OPSC will release State funds included in a Preliminary Charter School Apportionment pursuant to (a) or (b) to the applicant after submittal of the Form SAB 50-05. The OPSC shall not release funds in excess of the Preliminary Charter School Apportionment. State funds released from a Preliminary Charter School Apportionment pursuant to this Section shall be subject to the provisions in Section 1859.166. Once the Preliminary Charter School Apportionment is converted to a Final Charter School Apportionment pursuant to Section 1859.167, the applicant may request a release of the remaining funds as prescribed in Section 1859.90 or 1859.90.2. Prior to the release of any funds, the Charter School Agreements must be executed.

SFP Regulation Section 1859.165. Conversion of Preliminary Charter School Apportionment.

When a Preliminary Charter School Apportionment is converted to a Final Charter School Apportionment, all the following criteria must be met:

- (a) The Final Charter School Apportionment request must meet all criteria on the Form SAB 50-04.
- (b) An applicant seeking to convert a Preliminary Charter School Apportionment to a Final Charter School Apportionment shall complete and file Form SAB 50-04. The number of pupils being requested cannot exceed the amount the applicant originally requested and received at the Preliminary Charter School Apportionment.

If the applicant is unable to meet the criteria in this Section, the Preliminary Charter School Apportionment shall be rescinded pursuant to the provisions of Section 1859.166.

SFP Regulation Section 1859.166. Time Limit on Preliminary Charter School Apportionment.

- (a) A complete request to convert a Preliminary Charter School Apportionment to a Final Charter School Apportionment pursuant to Section 1859.165 shall be made within four years of the date of the Preliminary Charter School Apportionment unless the applicant received approval of an extension pursuant to Section 1859.166.1.
- (b) If (a) is not met, and the applicant has not received an advance release of funds as provided in Section 1859.164.2, the following will occur:

- (1) the Preliminary Charter School Apportionment shall be rescinded and any remaining Preliminary Charter School Apportionment, not released to the applicant, shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
- (2) the SFP New Construction Eligibility will be increased by the number of unhoused pupils pursuant to Section 1859.162.2 for the school district that physically contains the Charter School within its geographical boundaries.
- (c) If (a) is not met, and the applicant has received an advance release of funds as provided in Section 1859.164.2, the following will occur:
 - (1) The Preliminary Charter School Apportionment shall be rescinded and any remaining Preliminary Charter School Apportionment, not released to the applicant, shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
 - (2) Funds released pursuant to Section 1859.164.2(a) shall be reduced to cost incurred and closed-out pursuant to Section 1859.106 with a corresponding SFP new construction baseline eligibility adjustment for the pupils assigned to the Preliminary Charter School Application. The adjustment to the baseline eligibility shall be based on the ratio of the number of unhoused pupils pursuant to Section 1859.162.2 and the project capacity which generated the project funding to the eligible expenditures. Any funds released are subject to the fifty percent local matching share requirement as required by EC 17078.54(d). Funds returned pursuant to Section 1859.106 shall be transferred to the Unrestricted Charter School Fund within the appropriate Charter School Facility Account, and;
 - (3) Funds released pursuant to Section 1859.164.2(b) shall be subject to the provisions of Section 1859.171.

SFP Regulation Section 1859.166.1. Preliminary Charter School Apportionment Time Limit Extension.

An applicant that has received a Preliminary Charter School Apportionment may request a single one-year extension of the time limit prescribed in Section 1859.166(a). The Board shall approve the request provided the criteria in (a) or (b) are met:

- (a) The applicant has provided evidence of both of the following:
 - (1) The CDE has made a contingent or final approval of the proposed site; and,
 - (2) The DSA has confirmed that the final plans for the project have been submitted to the DSA for review and approval.
- (b) Other evidence satisfactory to the Board justifying the extension.

PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

PURPOSE OF REPORT

To provide priority School Facility Program (SFP) funding Apportionments for \$802,588,413.90 for the projects that submitted a valid certification.

DESCRIPTION

The Apportionments are a result of the Board's action in May 2011. At that time, the Board approved regulations establishing two annual filing periods for prioritizing school construction funding as cash proceeds became available to provide Apportionments. The Office of Administrative Law (OAL) then approved the regulations on July 27, 2011. The regulations created two 30-day periods in which school districts could request to receive an Apportionment upon acknowledgement that a *Fund Release Authorization* (Form SAB 50-05) could be submitted within 90 days of receiving an Apportionment.

Based on the above regulations, the recent filing period began on May 11, 2022 and closed on June 9, 2022. Requests must have been received by OPSC on or before June 9, 2022, and are valid from July 1, 2022 through December 31, 2022.

In addition, this item seeks Board approval to allocate a portion of the \$1.3 billion in one-time General Funds provided by the Budget Act for 2022/2023 to new construction and modernization projects that were approved for placement on the Unfunded List (Lack of AB 55 Loans) on June 22, 2022, August 15, 2022, and September 21, 2022, pursuant to the Board's action on September 21, 2022 and SFP Regulation Section 1859.90.2(e). Finally, the applicants on the Unfunded List (Lack of AB 55 Loans) who did not submit a request for apportionment during the Priority Funding filing period that was open from May 11 to June 9, 2022 were also given the opportunity to request an apportionment.

By approving this item, the Board will provide approximately \$802.6 million in Apportionments for 265 projects that represents 111 school districts.

AUTHORITY

See Attachment A.

BACKGROUND

Requests/Acknowledgements

Pursuant to SFP Regulations, applicants choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an Apportionment. As part of the request, applicants are required to make the following acknowledgements:

BACKGROUND (cont.)

- The applicant understands that the time limit on fund release shall be no more than 90 days from the date of Apportionment.
- The applicant acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded application will revert to an Unfunded Approval at the bottom of the Unfunded List (Lack of AB 55 Loans) and cannot be guaranteed bond authority. The application will receive a new Unfunded Approval date of January 24, 2023.
- In the case that multiple rescissions are made by the SAB, each separate application will be placed at the bottom of the Unfunded List (Lack of AB 55 Loans) in the order of the original unfunded approval date. The district will not be required to resubmit the application and no further application review will be required.
- The applicant acknowledges that by participating in the priority funding process, the applicant is waiving its right to the 18-month timeline for fund release submittal.
- The applicant acknowledges that a Grant Agreement must be submitted pursuant to SFP Regulation 1859.90.4 and received by OPSC prior to or concurrently with the Form SAB 50-05.

By approving this item, the Board will provide approximately \$802.6 million in Apportionments for 265 projects on the Unfunded List (Lack of AB 55 Loans) that are eligible for an Apportionment. This includes approximately 139 projects that were approved for placement on the Unfunded List (Lack of AB 55 Loans) on June 22, 2022, August 15, 2022, and September 21, 2022, that requested an Apportionment pursuant to SFP Regulation Section 1859.90.2(e). The applicants on the Unfunded List (Lack of AB 55 Loans) who did not submit a request for apportionment during the Priority Funding filing period that was open from May 11 to June 9, 2022 were also given the opportunity to request an apportionment. Any requests by applicants to participate in the priority funding process that are not converted to Apportionments shall retain their date order position on the Unfunded List (Lack of AB 55 Loans) unless the applicant receives a second non-participation occurrence. These projects will be eligible for future apportionments if bond sale proceeds become available. Any project receiving a second non-participation occurrence will be rescinded without further Board action.

The priority funding round generated \$802.5 million in Apportionment requests from 110 applicants for 264 of 284 unique projects, which represents 93.0 percent of the projects on the Unfunded List (Lack of AB 55 Loans) that could have submitted requests.

OPSC offered apportionments to 153 projects from 64 applicants using the flexibility provided in SFP Regulation Section 1859.90.2(e). This primarily included projects that received an Unfunded Approval at the June 22, 2022,

BACKGROUND (cont.)

August 15, 2022, and September 21, 2022, Board meetings. Applicants were required to submit a signed Response Form to indicate their interest in receiving an expedited apportionment. This outreach generated \$344.6 million in Apportionment requests from 53 applicants for 139 out of 153 unique projects, which represents 90.8 percent of the projects that could have submitted requests. Sufficient funding is available to apportion funding to all applicants who requested Apportionments.

*The 20 remaining projects have elected to take an Apportionment at a future date; i.e. next available Board meeting or participate in a future Priority Funding Filing period.

The Board is also providing one additional Apportionment due to closeout review adjustments. In total, the Board can provide \$802.6 million in Apportionments. The attachments provide detailed lists of the Apportionment requests received during this filing period that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an Apportionment are highlighted in Attachments B and C.

STAFF ANALYSIS/STATEMENTS

Current/Future Request Periods

Requests submitted during the period that ended on June 9, 2022 will expire on December 31, 2022. A new 30-day priority funding request filing period will begin on November 9, 2022 and will end on December 8, 2022. Requests submitted during that period will be valid from January 1, 2023 through June 30, 2023.

Fund Release Requirements

Applicants receiving Apportionments are required to submit a valid Form SAB 50-05 containing an original or electronic signature for each approved application. The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 24, 2023. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the

STAFF ANALYSIS/STATEMENTS (cont.)

Office of Public School Construction at 707 Third Street, 4th Floor, West Sacramento, CA 95605. If a district fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new unfunded approval date of January 24, 2023 on the Unfunded List (Lack of AB 55 Loans).

Grant Agreement

Pursuant to action taken by the Board at the June 5, 2017 meeting a Grant Agreement for the project with an original or electronic signature by an authorized District Representative must be submitted prior to, or concurrently with, the Form SAB 50-05 in order for the Form SAB 50-05 to be considered valid for all projects that are approved for placement on the Unfunded List (Lack of AB 55 Loans) on or after June 5, 2017.

Non-Participation in Priority Funding Process

On March 25, 2013, regulation amendments regarding non-participation in the priority funding process became effective. The regulation changes limit the number of times a district can choose not to participate in the priority funding process for a project on the Unfunded List (Lack of AB 55 Loans). Projects receiving an Apportionment in this item but do not submit a valid Form SAB 50-05 prior to 11:59 p.m. on January 24, 2023 will receive one non-participation occurrence. If this is the project's second non-participation occurrence, the project will be fully rescinded without further Board action and will not return to the Unfunded List (Lack of AB 55 Loans). The bond authority associated with rescinded projects will return to the SFP.

RECOMMENDATIONS

1. Approve Apportionments for the projects as shown on Attachment B in the amount of \$802,588,413.90.
2. Declare that all applications receiving Apportionments are subject to the new construction grant adjustment pursuant to EC Section 17072.11(b) and are not considered full and final until the Board has made the adjustment.

This Item was approved by the State Allocation Board on October 26, 2022.

ATTACHMENT A

AUTHORITY

Section 129 of Assembly Bill 181 states the following:

- (a) For the 2022–23 fiscal year, one billion three hundred million dollars (\$1,300,000,000) is hereby appropriated from the General Fund in the 2021–22 fiscal year to the State Allocation Board for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998, pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1 of the Education Code.
- (b) The funds appropriated in subdivision (a) and the funds intended to be appropriated in subdivision (c) shall be available for encumbrance or expenditure by the State Allocation Board until December 31, 2025.

Education Code Section 17070.35(a) states, “In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

- (1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter...
- (2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary....”

Government Code Section 15503 states:

Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.

Budget Letter 10-09 requires that if there are insufficient bond proceeds, departments and agencies are responsible for prioritizing the projects that will be funded consistent with the prioritization criteria outlined (including job creation). It also indicates that if bond proceeds are not managed efficiently, additional bonds may not be sold for the program.

School Facility Program (SFP) Regulation Section 1859.2 states:

‘For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:

...

“Unfunded List” means an information list of unfunded projects, with the exception of the unfunded list defined below as “Unfunded List (Lack of AB 55 Loans)”.

“Unfunded List (Lack of AB 55 Loans)” means an information list of unfunded projects that was created due to the State’s inability to provide interim financing from

the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.”

SFP Regulation Section 1859.90.2, “Priority Funding Process” states:

The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following: (1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and

(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and

(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and

(4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and

(5) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the 18 month timeline for fund release submittal described in Section 1859.90.

(6) For a Career Technical Education Facilities Project that was granted an unfunded approval without the required CDE plan approval and/or required DSA-approved plans

and specifications, the applicant's request must include: (A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197(c)(1); and

(B) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and (C) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(6)(B).

(b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following: (1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,

(2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and

(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and

(4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.

(c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2), as applicable, and a Grant Agreement, pursuant to (a)(3), (a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period: (1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and

(2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.

(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the

unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.

(e) In the event that unexpected cash proceeds from sources other than bond funds become available for use for priority funding Apportionments, at a public meeting the Board may waive the 30-calendar day filing provision specified in this section for impacted school districts to provide funds more rapidly.

(1) OPSC shall identify and invite impacted school districts to submit a priority funding request that meets all other criteria in (a) above.

(2) Requests submitted under this provision shall be valid from the date the priority funding request is submitted until the end of the regularly scheduled filing round specified above.

(3) Requests submitted under this provision must comply with all other requirements of the priority funding process in this Section and Section 1859.90.3.

(4) District's may decline to submit a request outside the normal 30-day filing period without consequence. If the option to submit a request is declined, the requirements to participate in the standard 30-day filing periods specified in (a) above remain in effect.

(5) Unexpected proceeds from sources other than bond funds include, but are not limited to, the \$250 million in General Fund monies provided to the 2016 School Facilities Account as a result of the 2021-2022 Budget Act.

(f) For purposes of this section "rescinded" or "rescission" shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

SFP Regulation Section 1859.90.3, "Participation in the Priority Funding Process" states:

This section applies to Applications for funding for new construction, modernization, Overcrowding Relief Grant, Career Technical Education Facilities Program, Facility Hardship pursuant to Section 1859.82 and rehabilitation pursuant to Section 1859.83(e), and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment.

(a) For each Application on the Unfunded List (Lack of AB 55 Loans) for new construction, modernization, Facility Hardship pursuant to Section 1859.82 or rehabilitation pursuant to Section 1859.83(e), the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [March 25, 2013]. For each Application on the Unfunded List (Lack of AB 55 Loans) for Overcrowding Relief Grant, Career Technical Education Facilities Program, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [October 1, 2014]:

(1) The district abstains from participating in a priority funding 30-calendar day filing period described in Section 1859.90.2 for the Application on the Unfunded List (Lack of AB 55 Loans).

(2) The Application receives a priority funding Apportionment pursuant to Section 1859.90.2(a), and the district fails to meet the fund release requirements pursuant to Section 1859.90.2(c).

(b) The first occurrence of (a)(1) or (a)(2) shall result in the following, as applicable:

(1) If (a)(1) occurs, the Application shall retain its place on the Unfunded List (Lack of AB 55 Loans).

(2) If (a)(2) occurs, the priority funding Apportionment shall be rescinded and the Application shall be returned to the Unfunded List (Lack of AB 55 Loans) pursuant to Section 1859.90.2(c)(2).

(c) If subsection (b) has occurred, a subsequent occurrence of either (a)(1) or (a)(2) shall result in the rescission of the Application's Apportionment and/or unfunded approval, as applicable, and the removal of the Application from the Unfunded List (Lack of AB 55 Loans) without further Board action. The Application shall be returned to the applicant.

(d) For purposes of subsection (c), "rescinded" or "rescission" of an unfunded approval shall mean that the bond authority associated with the Apportionment or unfunded approval, as applicable, returns to the appropriate School Facility Program bond authority source for reallocation. If applicable, the pupils housed in the project will be added back to the district's baseline eligibility pursuant to Sections 1859.51(d) for new construction or 1859.61(d) for modernization.

SFP Regulation Section 1859.129(b)(2) states:

Has 18 months from the date the DSA and CDE approved plans were submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment will be rescinded without further Board action. If the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the apportionment.

SFP Regulation Section 1859.197 (b)(2) states:

Has 18 months from the date the CDE plan approval and DSA-approved plans and specifications, as needed, are submitted to the OPSC to submit a completed Form SAB 50-05 or the Apportionment shall be rescinded without further Board action. If the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the Apportionment.

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on October 26, 2022, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before January 24, 2023; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of January 24, 2023.

The Form SAB 50-05 must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on January 24, 2023. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 4th Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

Pursuant to SFP Regulation Section 1859.74, the grants for Site Acquisition have been reduced on a prorated basis by the percentage of the excess acreage of the site that exceeds the master plan site acreage approved by the California Department of Education.

The Applicant qualifies for financial hardship pursuant to School Facility Program Regulation Section 1859.81(c)(1). The Applicant has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The Applicant's outstanding bonded indebtedness as of April 13, 2022 is at least 60 percent of its total bonding capacity.

PROPOSED REGULATORY AMENDMENTS TO THE SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To present the State Allocation Board (Board) with proposed amendments to the School Facility Program (SFP) Regulations, an associated form, and the Grant Agreement master templates, as a result of the California Court of Appeals' decision related to the Board's historical practice of collecting financial hardship savings outlined in SFP Regulation Section 1859.103.

DESCRIPTION

This Item is presented to the Board for purposes of communicating to school districts that financial hardship savings from financial hardship projects are no longer required to be repaid to the School Facility Program.

AUTHORITY

In the case of *San Bernardino City Unified School District v. State Allocation Board*, California Court of Appeal, Third Appellate District, case C092003 (from Sacramento Superior Court case 34-2019-80003183), the Court ruled in favor of the San Bernardino City Unified School District thereby invalidating parts of the Board's SFP Regulation Section 1859.103.

STAFF ANALYSIS/STATEMENTS

The Court's decision that invalidates parts of Regulation Section 1859.103 means that staff must repeal the parts of that regulation section along with any reference to the return of financial hardship savings pursuant to that section throughout the SFP Regulations, forms, and Grant Agreement master templates. Staff reviewed these documents and the regulations, an associated form (Form SAB 50-06) and the Grant Agreement master templates that are made part of this Item.

Clarifying Amendments

The proposed regulatory amendments to the Grant Agreement include conforming regulations pursuant to Senate Bill 820 (Chapter 110, Statutes of 2020). The statute changed the collection agency for amounts due to the state for audit findings from the California Department of Education to the Office of Public School Construction.

RECOMMENDATIONS

1. Approve the proposed amendments to SFP Regulation Section 1859.103, along with any related references of this section in the SFP Regulations, an associated form (Form SAB 50-06), and the Grant Agreement master templates, as shown on Attachments A through C.
2. Direct staff to inform school districts that financial hardship savings are no longer required to be repaid to the School Facility Program and must be spent on high priority capital outlay. School districts are required to report the expenditure of project savings annually until all state and required matching funds have been expended.
3. Authorize the Executive Officer to file the proposed regulations, the Form SAB 50-06, and the Grant Agreement master templates with the Office of Administrative Law on a non-emergency basis and make the regulations permanent.

This Item was approved by the State Allocation Board on October 26, 2022.

Section 1859.70.2. Funding of Previously Ineligible Projects.

For any classrooms that were previously ineligible for State funding due to the construction contract being signed more than 180 days prior to the submission of the Approved Application, the district may request funding for the project if all the following conditions are met:

- (a) The Approved Application for funding must be filed with the OPSC no later than 120 days after this proposed regulation is in effect; and,
- (b) The Approved Application meets all requirements of Chapter 12.5, the Leroy F. Greene School Facilities Act of 1998; and,
- (c) The contract for the lease, lease-purchase, purchase or construction has been signed on or after January 1, 2000; and,
- (d) The grants for the projects funded pursuant to this Section shall be limited to actual eligible expenditures and the funding provided will be calculated based on the grant amounts at the time the construction contract was signed. ~~The project will not be eligible to receive project savings as provided for in Section 1859.103;~~ and,
- (e) The district has new construction eligibility for the project. If the capacity of the project is included in the district’s baseline, the district may exclude the capacity from its existing school building capacity for purposes of determining eligibility for this project; and,
- (f) All project approvals required for a new construction funding application were obtained prior to the construction contract date.

If the Approved Application meets all criteria except (f) above, the district may request a case-by-case approval from the Board.

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17071.10, 17071.75, 17072.10 and, 17072.20, Education Code.

. . . .

Section 1859.103. Savings.

A district may expend the savings not needed for a project on other high priority capital facility needs of the district including the relocation of district facilities necessary as a result of Subdivision (b) of Education Code Section 17072.12. ~~The grants for the projects funded pursuant to Section 1859.70.2 or Section 1859.180 shall be limited to~~

~~eligible expenditures, up to the State Apportionment for the project except as specified in Section 1859.184.1(d). Savings may be declared by the district in writing to the OPSC any time after the release of all funds for the project.~~

~~With the exception of savings attributable to a site apportionment made pursuant to Sections 1859.74.5 or 1859.81.2, the State's portion of any savings declared by the district or determined by the OPSC by audit must be used to reduce the SFP financial hardship grant of that project or other financial hardship projects within the district for a period of three years from the date the savings were declared by the district or determined by the OPSC audit. The State's portion of any savings from a new construction project or a Joint-Use Project may be used as a district matching share requirement, only on another new construction project, and the State's share of any savings from a modernization project may be used as a district matching share requirement, only on another modernization project.~~

~~Any interest earned on a financial hardship project not expended on eligible project expenditures will be treated as savings and will be used to reduce the SFP financial hardship grant for that project.~~

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17070.63, 17072.12, 17077.40 and 17079.20, Education Code.

Section 1859.104. Program Reporting Requirements.

A district receiving funds in accordance with the Act shall submit the following:

- (a) An expenditure report from the district on the Form SAB 50-06. The program reporting requirements are as follows:
 - (1) The first expenditure report shall be due one year from the date that any funds were released to the district for the project pursuant to Section 1859.90 or 1859.90.2, or upon completion of the project, whichever occurs first. A project shall be deemed complete when either of the following occur:
 - (A) When the notice of completion for the project has been filed, all outstanding invoices, claims, change orders have been satisfied and the facility is currently in use by the district.
 - (B) Three years from the date of the final fund release for an elementary school project or four years from the date of the final fund release for a middle or high school project.
 - (2) The second and subsequent expenditure reports, if necessary, shall be due annually beginning one year from the first report, or upon completion of the project, whichever occurs first. The final expenditure report must be made no later than three years from the date of the final fund release for an elementary school project or four years from the date of the final fund release for a middle or high school project.
- (b) With the exception of projects that qualify for an apportionment pursuant to Section 1859.75.1, a progress report, in the form of a narrative from the district, shall be due 18 months from the date any funds were released to the district for the project pursuant to Section 1859.90 or 1859.90.2. The progress report shall include information regarding the progress the district has made towards substantial completion of the project. If the notice of completion has been filed within 18 months of the release of funds pursuant to Section 1859.90 or 1859.90.2, or the expenditure reports required in (a)(1) or (2) indicate that substantial progress (as defined in Section 1859.105) on the project has occurred, no progress report is required.
- (c) A progress report, in the form of a narrative from the district, shall be due 12 months from the date the site acquisition funds were apportioned to the district for the project pursuant to Section 1859.75.1. The progress report shall include information regarding the progress the district has made towards acquiring the site as outlined in Section 1859.105.1 and may contain other evidence of reasonable effort to substantiate progress towards acquiring the site for purposes of an extension of the site apportionment as authorized by Education Code Section 17072.13(c)(2).
- (d) If an apportionment was made for a district-owned site pursuant to Section 1859.74.5, a certification that the non-school function currently taking place on the district-owned site has been discontinued or relocated. The certification must be submitted to the OPSC no later than the following dates:
 - (1) If the project is for an elementary school, 66 months from the date of the site apportionment.
 - (2) For all other projects, 78 months from the date of the site apportionment.

- (e) If an Apportionment was made under the Overcrowding Relief Grant pursuant to Section 1859.180, the School District must provide a certification that the replaced portables were removed from the eligible site and from service pursuant to Education Code Section 17079.30.
- (f) A School District receiving an Apportionment for high performance incentive grants pursuant to Section 1859.71.6 or 1859.77.4 shall submit a completed Project Information Worksheet to the OPSC for all expenditures related to the additional design and construction costs of the high performance building components. In addition, the School District shall provide information related to resulting energy savings and efficiency, as well as other resulting benefits. The Project Information Worksheet shall be submitted with the Form SAB 50-05 and the District's first and final Forms SAB 50-06 pursuant to (a)(1) and (2) above.
- (g) A School District receiving funds shall submit a summary report of expenditures of state funds and of school district matching funds annually until all state funds and school district matching funds are expended, pursuant to Education Code Section 17076.10(a).

Note: Authority cited: Sections 17070.35, 17072.13 and 17079.30, Education Code.

Section 1859.184.1. Application Process for Districts with Financial Hardship Approval.

An approved application for districts that have received Financial Hardship approval shall be substantially identical to that of non-financial hardship districts, with the exception of those districts proposing projects that require the use of condemnation proceedings to acquire all or a portion of the site on which the project will be located. In this instance, the following conditions shall apply:

- (a) A complete application shall include:
 - (1) Documentation of Financial Hardship approval pursuant to Section 1859.81.
 - (2) All project related approvals and requirements that would otherwise apply to SFP projects with the exception of ownership pursuant to Section 1859.23 for those parcels being acquired through condemnation proceedings. A CDE site approval letter is required for all components of the site, including the area to be acquired through condemnation. The CDE Final Plan Approval letter must include the acreage to be acquired through condemnation. This subsection includes the submittal of DSA approved construction plans and related documents.
 - (3) A copy of the Resolution of Necessity for the initiation of condemnation proceedings.
 - (4) For any additional parcels that are being acquired without condemnation, documentation that demonstrates that the district has opened escrow, has ownership, or holds a lease meeting the requirements of Section 1859.22.
 - (5) An appraisal for the value of all properties being acquired as part of the application.
- (b) Site Acquisition Funding for Financial Hardship Overcrowding Relief Grant applications using condemnation shall be equal to the sum of:
 - (1) The lesser of the actual or appraised value for all parcels acquired through means other than condemnation, pursuant to Section 1859.74.
 - (2) The appraised value of the parcels being acquired through condemnation, multiplied by 1.15.
 - (3) Amounts for hazardous waste removal pursuant to Sections 1859.74.2, 1859.74.3 and/or 1859.74.4.

- (c) The Overcrowding Relief Grant projects meeting the criteria in subsection (a) above shall be able to request an advance fund release for site acquisition when condemnation proceedings are required for the acquisition of the site. The advance fund release shall be equal to the State share plus the Financial Hardship grant of only the amount determined in subsection (b).
- (d) Pursuant to Section 1859.103, Grants for Overcrowding Relief Grant projects shall be limited to eligible expenditures, up to the State Apportionment for the project with the exception of the funds provided in subsection (b) above that are for site acquisition purposes only and cannot be transferred over to eligible construction related costs.

When making an apportionment for an Overcrowding Relief Grant project meeting the criteria in this section, the Board shall make a Final Apportionment for the total project cost. However, the fund release for the non-site acquisition project costs will not be accepted or processed until the district is able to produce the court order for prejudgment possession verifying the initial amount to be paid through condemnation proceedings. The project timelines for the project as a whole, as specified in law and outlined in Section 1859.90 or 1859.90.2, as applicable, remain in effect. The advance fund release for site acquisition can be requested at any time after the Final Apportionment is granted by the Board. The advance fund release for site acquisition is not subject to the requirements of Section 1859.81.1.

Note: Authority cited: Section 17070.35, Education Code.

Reference: Section 17079.20, Education Code.

....

Section 1859.199. Program Accountability.

A project shall be deemed complete when either of the following occurs, whichever occurs first:

- (a) The final notice of completion is filed for the project; or,
- (b) Four years have elapsed from the final fund release for the project.

Projects will be subject to a Program Accountability Expenditure Audit pursuant to Section 1859.106. Any repayments due back to the state as a result of these audits will be subject to the repayment provisions identified in Section 1859.106.1.

~~An applicant district may not retain savings realized by a Career Technical Education Facilities Project.~~

C. Project Execution

1. The Board hereby awards to the Grantee a sum of money (Grants) \$_____ in consideration of and on condition that the sum be expended in carrying out the purposes as set forth in the description of the Project in this Agreement and its attachments and under the Terms and Conditions set forth in this Agreement. Grants may also be expended for the purposes of a future high priority Capital Outlay project as the result of Savings, or for the purposes of reimbursement, pursuant to SFP Regulation Section 1859.90.4.

(Authority: New Construction: Education Code Sections 17072.20 and 17070.63; New Construction and Modernization: SFP Regulations Article 8 commencing with Section 1859.70; Charter School Facilities Program: Article 14 commencing with Section 1859.160; Career Technical Education Facilities Program: Article 16 commencing with Section 1859.190)

2. Prior to the release of any funding for the Project, Office of Public School Construction staff has completed the following steps to finalize the Project funding amount outlined in this Agreement, as necessary:

- i. The Funding Application was accepted on _____ (date) and deemed to meet the definition of an Approved Application. The Grantee was provided written notification of any deficiencies and given 24 hours to remedy the identified deficiency(s) in order to retain the date upon which it was received.
- ii. Upon confirmation of an Approved Application, Office of Public School Construction staff reviewed the Funding Application for compliance with School Facility Program Regulations and verified eligibility for all available program grants. The Grantee was provided written notification of all deficiencies and/or changes necessary and given 15 calendar days to respond and remedy the identified deficiencies and/or changes necessary.
- iii. Upon review of the submitted corrections, Office of Public School Construction staff provided the Grantee written notification of any final deficiencies and required a response within four business days.
- iv. Upon receipt of the final amendments to the Funding Application, the Office of Public School Construction staff and the Grantee agreed that the Project was ready for presentation to the Board for placement on the Unfunded List (Lack of AB 55 Loans).

(Authority: SFP Regulation Sections 1859.2, 1859.70, 1859.93, 1859.93.1; and Office of Public School Construction process)

3. Grantee certifies that the Project complies with all laws and regulations applicable to the Project.

(Authority: Form SAB 50-04 certifications)

4. Grantee certifies that the Project complies with all labor and public contract laws, as applicable, including, but not limited to:

Office of Public School Construction Application Number: _____

- i. Public Contract Code Section 20111.6, as added by Chapter 808, Statutes of 2012 (Assembly Bill 1565), which became effective on September 30, 2012. Beginning January 1, 2014 through December 31, 2018, new contracting requirements are effective for school districts with an average daily attendance of 2,500 or more for construction projects with estimated expenditures of at least \$1,000,000 that will be funded through the SFP or any future state school bonds. These new Public Contract Code requirements require a standardized prequalification questionnaire and financial statement to be verified under oath from all bidders.
- ii. Labor Code Section 1773.3, as amended by Senate Bill 854, Chapter 28, Statutes of 2014, which requires school districts that have School Facility Program projects with an initial public works contract awarded on or after January 1, 2012, to notify the Department of Industrial Relations (DIR). The DIR must provide prevailing wage monitoring services for all such projects, except in the cases of: (1) the district operates a DIR-approved internal wage monitoring program; or (2) the district has entered into a collective bargaining agreement that includes the requirements specified in Labor Code section 1771.4(b)(2).
- iii. Chapter 378, Statutes of 2011 (Assembly Bill 436), which required the Department of Industrial Relations to monitor and enforce prevailing wage requirements for every State bond funded project, including School Facility Program projects, pursuant to Labor Code Section 1771.7 for projects in which the initial public works construction contract was awarded before January 1, 2012. The Project must have also been apportioned from either Proposition 47 or 55 and the construction phase of the Project commenced on or after April 1, 2003.
- iv. Chapter 868 Statutes of 2002 (Assembly Bill 1506), which made projects funded from either Proposition 47 (2002) or Proposition 55 (2004) with a notice to proceed date on or after April 1, 2003 subject to Labor Compliance Program requirements as outlined in Labor Code Section 1771.5.

Office of Public School Construction Application Number: _____

v. The Grantee shall provide its Savings expenditure reports, and any and all audit reports, to the Office of Public School Construction, pursuant to Education Code Section 17076.10.

vi. The Grantee shall also provide site access to the local auditor to determine if the project work is in accordance with eligible uses of Savings.

(Authority: Education Code Section 17076.10)

6. Site Adjustments

Should the audit report determine that the amount of Grants received for site acquisition requires adjustment, then, upon receipt of the audit, the Office of Public School Construction will present the Project to the State Allocation Board for an adjustment to the Apportionment, in accordance with Education Code Section 41024 (c)(2).

~~7. Charter School Facilities Program and Career Technical Education Facilities Program Unspent Grants, plus Interest~~

~~Should the audit report determine that the Grantee completed either the Charter Schools Facilities Program Project or the Career Technical Education Facilities Program Project without using all the Grants provided for eligible expenditures, the Office of Public School Construction will present the Project to the State Allocation Board for an adjustment to the Apportionment, in accordance with Education Code Section 41024 (c)(2).~~

~~8. Financial Hardship~~

~~Should the audit report determine that there are unspent Financial Hardship Grants, then the Grantee agrees to either (1) repay the unspent Financial Hardship Grants pursuant to Education Code Section 41024(c)(2) or (2) use the unspent Financial Hardship Grants on a future project(s), provided the Grantee qualifies for Financial Hardship Grants when it applies for funding for the future project(s).~~

~~i. Upon receipt of the audit report, the Office of Public School Construction will notify the Grantee to determine whether the Grantee will repay the unspent Financial Hardship Grants immediately or use them for a future project(s). The Grantee will have 30 days to respond to the request.~~

~~ii. If the Grantee intends to use unspent Financial Hardship Grants on a future project(s), it must do so within three years of the audit report's determination that not all Financial Hardship Grants were expended for this Project or from the date that Savings was declared by the Grantee, whichever comes first. Failure to use unspent Financial Hardship Grants on a future project(s) within that time will result in the Grantee repaying the unspent amount plus interest.~~

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting; October 26, 2022

OPTIONS FOR THE RETURN OF FINANCIAL HARDSHIP SAVINGS

PURPOSE OF REPORT

To provide the State Allocation Board (Board) with information on past Financial Hardship project savings that were remitted to the School Facilities Fund (Fund) and that should be returned back to specific school districts in light the decision in *San Bernardino City Unified School District v. State Allocation Board* (California Court of Appeal, Third District Case C092003; 79 Cal.App.5th 12 (May 24, 2022) (*San Bernardino City Unified*)).

DESCRIPTION

At its June 2022 meeting, the Board was made aware of the ruling in *San Bernardino City Unified*. Specifically, the Court of Appeal held that Education Code section 17070.63, subdivision (c) allows all districts, including those that obtained hardship funding assistance, to retain: “Any [project] savings achieved by the district’s efficient and prudent expenditure of these funds . . .”. The Court further ruled that, to the extent that California Code of Regulations section 1859.103 conflicts with Education Code section 17070.63(c) by requiring that hardship districts return unused hardship monies to the Fund, the regulation is invalid and unenforceable.

Given the Court of Appeal’s ruling, it is necessary to identify those other school districts that have previously returned hardship savings and that have a timely legal claim for recovery of such returned savings.

DISCUSSION

Two steps are involved in determining whether a claim for recovery of returned hardship funds should be deemed timely. First, the statute of limitations period applicable to such a claim must be identified. Second, the time such a cause of action accrued must also be identified.

Two statutes of limitations periods are potentially applicable. One is the three-year statute of limitations set out in Code of Civil Procedure section 338, subdivision (a), which is applicable to “[a]n action upon a liability created by statute, other than a penalty or forfeiture.” A second potentially applicable statute is the four-year “catch-all” statute of limitations set out in Code of Civil Procedure section 343, which provides that: “[a]n action for relief not hereinbefore provided for must be commenced within four years after the cause of action shall have accrued.” Given that there is uncertainty whether the three-year limitations period provided for in section 338(a) properly applies, it is recommended that the four-year “catch-all” limitations period be applied as it is more favorable to districts that returned unused hardship funds.

The second step requires that a determination be made as to when a cause of action for recovery of returned hardship savings monies accrued. Again, two possibilities exist. The earliest accrual date would be the date the Office of Public School Construction (OPSC) completed its review of a project’s finances and informed a school district of the obligation to return unused hardship funds. A later potential accrual date would be the date unused hardship funds were actually returned by a school district to the Fund. The latter of these two potential accrual dates is more favorable to school districts and OPSC therefore recommends that the date unused hardship funds were returned to the Fund be deemed the date a cause of action accrued.

DISCUSSION (cont.)

Finally, it is noted that OPSC discontinued recovery of hardship savings and informed school districts during the pendency of *San Bernardino City Unified* that no action on hardship savings would be taken until that case was decided on appeal. OPSC therefore recommends that the Board look back four years from that date of that final decision in order to identify those school districts that should be reimbursed. Accordingly, OPSC recommends that hardship project savings that were remitted to the Fund during the time period of May 24, 2018, to May 24, 2022, be returned to those school districts that remitted such savings.

Based on the foregoing, attached is a spreadsheet showing those school districts that returned project savings to the Fund between May 24, 2018, and May 24, 2022. The total amount of such savings remitted to the Fund and that OPSC recommends be returned to the respective districts is \$29,376,842.79.

OPTIONS FOR THE BOARD

Staff requests that the Board decide whether to apply a three-year versus a four-year statute of limitations period, commencing at the time a school district returned unused hardship savings to the Fund, to claims for recovery of such monies, and that the Board authorize OPSC to return such monies to the remitting districts in light of the decision rendered in *San Bernardino City Unified*.

Option 1: Four-Year Statute of Limitations Applies

In this scenario, school districts that returned project savings to the Fund between May 24, 2018, and May 24, 2022, would have those funds returned. A total of \$29,376,842.79 would be paid back to school districts for 55 projects. This is not inclusive of interest due, which will be calculated based on the Pooled Money Investment Account yield rate and returned to school districts as well.

Option 2: Three-Year Statute of Limitations Applies

In this scenario, school districts that returned project savings to the Fund between May 24, 2019, and May 24, 2022, would have those funds returned. A total of \$17,616,139.33 would be paid back to school districts for 31 projects. This is not inclusive of interest due, which will be calculated based on the Pooled Money Investment Account yield rate and returned to school districts as well.

RECOMMENDATION

It is recommended that the Board authorize repayment of \$29,376,842.79 (this does not include interest) as noted in **Option 1**, as this is more favorable to potential claimant school districts.

The State Allocation Board approved Option 1 as shown under the "Options for the Board" heading and the recommendation noted above.

STATE ALLOCATION BOARD MEETING DATES

The remaining State Allocation Board (SAB) meeting dates for the 2022 calendar year are as follows:

Board Date	Type of Meeting
November 28, 2022	Monthly (Consent/Appeals/Action)

*The projected dates and time will be determined upon the discussion with the Vice-Chair and Chair based on workload.

The SAB meets at 4:00 p.m. when the State Legislature is in session and at 2:00 p.m. when the State Legislature is out on recess. A key Bagley-Keene amendment was enacted last week with the budget trailer bill, restoring the meeting process that was permitted under the Governor's COVID-19 executive order regarding public meetings. Section 20, SB 189, effective June 30, 2022, added Government Code Section 11133, which permits state boards and commissions to again hold meetings with all members participating via teleconference until July 1, 2023.

Due to scheduling changes within the Legislature, some of the SAB meetings may be canceled or changed with short notice.

INFORMATION ITEM

SCHOOL FACILITY PROGRAM NEW CONSTRUCTION AND MODERNIZATION UNFUNDED LIST (as of September 21, 2022)

The New Construction and Modernization projects on this list have received an “unfunded” approval by the State Allocation Board (SAB). Note that an “unfunded” approval does not guarantee a future apportionment by the SAB.

Published monthly in the SAB Agenda.

This list includes future workload that is identified as:

- Pending reflects workload that has been processed by OPSC but awaiting further information/documentation from the district.
- Reviewing reflects currently being processed by OPSC.

SCHOOL DISTRICT EXTENSION REQUESTS

(As of October 1, 2022)

COVID-19 EXTENSION REQUESTS

Executive Order N-25-20, issued on March 4, 2020, proclaimed a State of Emergency exists in California as a result of the threat of COVID-19. As a result, the Executive Officer has authority during a proclaimed emergency by the Governor of the State of California to grant program extensions and the Executive Officer must inform the State Allocation Board (SAB) of any action taking.

Following Executive Order N-11-22, the majority of the provisions in Executive Orders following N-25-20 expired on or before June 30, 2022. Therefore, the Office of Public School Construction (OPSC) no longer accepts COVID-19 extension requests effective August 25, 2022.

A total of 673 Covid 19 Extension requests were received and processed by OPSC. Of these, 670 have been resolved and are closed. OPSC continues to work with Districts on three applications with previously approved extension requests.

Total Number of Requests: 673

OPSC will continue to accept and review extension requests for any other ongoing state of emergency, such as wildfires, for school districts directly impacted. School districts that are requesting an extension as a result of a state of emergency shall continue to submit the School District Extension Request Form.

To date, OPSC has received two additional extension requests, not listed on the Attachment, that were due to impacts from fires in San Lorenzo Unified School District. Those requests were submitted, approved, and are now closed.

Prospectively, OPSC will provide a final update on the three pending active extension requests, all of which have extension deadlines on or before November 15, 2022. At such time all requests are resolved, Staff will provide a final report.

**These projects have received conceptual approval from the State Allocation Board. Districts are no longer subject to a timeline to submit a funding request corresponding to these projects, however conceptual approval does not reserve Bond Authority.

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
